Library to Continue On Last Year's Budget

The trustees of the Hicksville Public Library have decided to go ahead in the coming fiscal year with the budget approved by the taxpayers last year. After two defeats of the proposed 1965-66 budget the trustees will exercise a section of the state education law which permits them to carry on with the same amount of money as was appropriated last year.

The library budget was defeated on May 5 at the annual meeting by a narrow five-vote margin. It was defeated again on June 13 by a wider margin although fewer persons cast their ballots.

The budget for the library last year was \$255,426.89. The twice rejected budget was \$289,038.-57.

Under the law, the library may operate in the coming fiscal year within the framework of the amount of money approved by the voters last year.

Beautiful Receptions begin at the Old Country Manor... Relaxing in Pete's air-conditioned Lincoln Tony spoke of his part in the "Oscar" which by the way goes before our eyes on July 12th (only not it's my birthday)—this part believe me should earn Tony Bennett a real Oscar—he is surrounded with the tops in the business including Rita Hayworth, Milton Berle, Eddie Adams—watch for the release of the "Oscar"—we're sure Tony Bennett will be a winner!

LIVING UNDER LAW

KEEPING RECORDS MAY SAVE YOU MONEY

Perhaps you own your home or are buying it on contract. It is likely that some day you may sell that house. Whether you make a profit or a loss on that sale may make a difference in your income tax.

If a gain in capital resulted it probably will add to your income tax. You may make certain capital improvements on it while you live in it, but unless you can show what out-of-pocket expense you incurred while making them, you may not get credit for them in your cost basis with which you prove that you had no capital gain.

Or perhaps you received a summer cottage as a gift from your father. If you ever sell it, you should be able to show not only the cost of any improvements you made on it while you owned it, but also what its cost was to Dad when he acquired it. Do you have

this information safely stowed away in your permanent records?

It may be that you are receiving an annuity purchased from an insurance company. If so, the probability is that the new federal tax law changes the method of reporting the amounts received and in order to determine the correct amount to be reported you must know how much your annuity cost and how much of that cost has been recovered to date.

There are many kinds of transactions you enter into that may some day affect the computation of your personal income tax. The best proof of the cost of anything you've purchased is a receipted bill or canceled check. If one of these pieces of evidence relates to any transactions that may affect your income in later years, it's a good idea to keep it.

Best of all, maintain a record of your income and outgo—it can be simple and brief and it may save you tax dollars. Uncle Sam may ask to see it.

Teen Democrats Hear Petito

Oyster Bay Supervisor Michael N. Petito addressed the June meeting of the Hicksville Regular Teen Democratic Club. The Supervisor spoke of problems facing the town and what his administration was doing to solve these problems.

The Supervisor devoted a major portion of his speech to two areas that have the most outstanding effect on teenagers, transportation and recreation. The Supervisor said that bus transportation in the town would be greatly improved if more people would use the buses. He said that for some reason people are not riding buses when they are available and this makes them unprofitable for bus companies to run buses more often and provide better service.

A.M. and 4:45 P.M., prevailing time at the office of the Town Clerk.

Any person interested in the subject matter of the said hearing will be given an opportunity to be heard with reference thereto at the time and place above designated.

Married

The Midway Jewish Center, Syosset, was the scene of the marriage of Mrs. Horrie Rieger Bomer to Dr. Sidney Engelson.

Mrs. Engelson, a former Hicksville resident, is the daughter of Sadie and the late Charles Rieger of Brooklyn. She was Assistant Professor in the Speech Department of C. W. Post College, Brookville, and was also connected with the League for the Hard of Hearing in New York City.

Mr. Engelson, son of Colin and the late Harry Engelson of Allentown, Pa., is an interior decorator and owner of the Colonial Furniture Manor in Allentown. The couple will honeymoon in Hawaii before establishing residence in Allentown, Pennsylvania.

ALL AROUND TOWN

Miss JoAnne Jacqueline Russo, 45 Brittle Lane, Hicksville, is enrolled in the One-Year Secretarial Course at the Katharine Gibbs School, where she will begin her work July 6. Miss Russo, a graduate of Hicksville Senior High School, also attended Nassau Community College.

Science Medal To School Senior

Elizabeth Halper of Hicksville has been presented with the Waldemar Science Medal for her distinguished experimentation in the life sciences at Hicksville Senior High School graduation ceremonies on June 27th. The award was made by Leon J. Galloway upon the recommendation of a Teacher Committee, which included the department head, Raymond Burckley, and the sponsor teacher, Mrs. Carmine Masi. A graduating senior, Miss Halper's winning experiment was entitled "Increasing the Intelligence of a Mouse."

This is the second year in which the Woodbury cancer research laboratory has issued the medals. The award program is part of Waldemar Medical Research Foundation's continuing effort to encourage young people to seek careers in science. The major activity in this area is Waldemar's nationally adapted summer student and teacher science program. The Waldemar young people's program started 12 years ago with Waldemar founder Dr. Norman Holomus's now famous Sunday Science Branches for selected high school students.

Post No. 3211
by Eddie Klebing

Just recently the Committee on Veterans Affairs called up in the House of Representatives, considered and passed by voice votes the following bills: Educational Assistance: H.R. 205, to increase the educational assistance allowances payable under the war orphans educational assistance program, amended; Vocational Rehabilitation: H.R. 206, to increase rates of subsistence for service connected trainees under vocational rehabilitation, amended; Vocational Training: H.R. 208, regarding training of seriously disabled veterans under the vocational rehabilitation program, amended; Educational Assistance: H.R. 227, to entitle the children of certain veterans who served in the Armed Forces prior to September 16, 1940, to benefit under the war orphans educational assistance program, amended; Educational Repeal: H.R. 235 to amend U.S. Code to repeal the provisions relating to education of Korean conflict veterans, amended; Funeral Flags: H.R. 2656, to prescribe the size of the flag furnished by the Administrator of Veterans Affairs to drape the casket of deceased veterans.

The last bill would prescribe that the size of the flag to drape the casket of deceased veterans be 5 feet in width and 9 1/2 feet in length. In 1963 an administrative decision was made to reduce the size of the flag to

"It takes work to develop science for the improvements we enjoy. Unless a man has to do more than he can do he will not do all that he can do."—Gordon Cooper.

4 1/2 by 7 feet. This decision was approved by the Administrator of General Services under the date of May 27, 1963, and flags of this size are now being used by the Veterans Administration. This Sunday we celebrate independence Day, or as some

refer to it, the Fourth of July. This date marks the 189th anniversary of the signing of the American Declaration of Independence. Best wishes for a happy Fourth and above all, remember to display the Flag of the United States this coming Sunday and Monday.
