## Chauffeur Licenses Expire Nov 30

County Clerk Franklin H. Ornstein has announced that pre-printed renewal applications will be mailed to about 6,000 residents of Nassau County who hold chauffeur licenses expiring on Nov. 30.

All of these license holders whose last names begin with the letters "A" to "F" will be required to take an eye test.

The eye tests will be given free at any of the County Motor Vehicle Offices listed below, or an examination may be secured from his own physician or optometrist, who will complete and give him a Form MV-819. This signed form must then be submitted along with the renewal application.

Correctly completed renewal applications accompanied by a renewal stub from the current license, one "1 1/2 x 1 1/2" photograph and the license fee of \$6 may be mailed to or presented at the Department's main office at 400 County Seat Drive,

Mineola or brought in to one of the other County Motor Vehicle Offices which are located at: 149 West Merrick Road, Freeport; 16 Park Avenue, Manhasset; 23 Jerusalem Avenue, Hicksville, and 14 Fifth Street Valley Stream.

Any licensee who does not receive a renewal application by Dec. 10 should go immediately to the nearest Motor Vehicle Office. They will extend his present license and arrange for an application to be sent to him.

## Back Fehrenbach as Town GOP Leader in Oyster Bay

A growing grass roots movement to put Assemblyman Edwin J. Fehrenbach in the Oyster Bay Town Republican Committee driver's seat succeeding C. Bruce Pearsall at the next Town committee meeting is now under way. The nucleus for the movement are members of Citizens Committees for Fehrenbach and other candidates in the last election, including party committeemen

and members of the Executive Committee.

The sponsoring committee, according to Larry Andrews its temporary spokesman, feels that the insight into town problems gained by Fehrenbach during the campaign would contribute greatly to hasten the rebuilding of the Town Committee. The Committee feels Fehrenbach would be acceptable to all segments of the Town.

## Gridiron Shindig:

# Chargers Host to Mass. Gridders

A contingent of rugged footballers from Dorchester, Mass. arrived in Hicksville last Saturday to participate in a weekend of special events as guests of the local Nassau-Suffolk conference team. Publicity Chairman Milt Pryor sends the following account of the festivities:

by Milt Pryor

Last Saturday our Nassau-Suffolk conference team, The Hicksville Mid Island Plaza Chargers gathered at the Mid Island Plaza to meet guests for the weekend. The football team from Dorchester Massachusetts pulled into the bus terminal of the Mid Island Plaza by chartered Greyhound Bus at 1 P.M. and a real exciting weekend began for the two teams. Each member of the Charger squad had invited a team member of the Dorchester group to spend the weekend at their home as their guest. The Hicksville team's parents really treated the boys fine with wonderful meals and pleasant Nassau County hospitality. Our Hicksville Football Association's Directors, Coaches and staff are very proud of our boys, as they handled themselves admirably, thanks too, to their parents, for going out to help insure Dorchester Queensmen a real fun weekend, and to the Mid Island Plaza for rallying around the League to help make this a great day for everyone. Stackler & Frank, owners of the Plaza are never too busy to help when they're needed. Their right hand man, Jim Cummings was Johnny on the spot to see that the boys were given a gala reception. Mr. Kaplan, General Manager of the Twin Theatres, treated our League to an unexpected surprise by inviting both teams to attend the 6:40 show as his guest. Saturday evening, no less. In fact, the Directors, coaches, and even the water boys were invited as well. Needless to say, a good time was had by all.

### Restaurant Stays Open

The new restaurant ERIKS stayed open especially late and arranged an after movie snack for all the boys. This was indeed a wonderful ending to a great evening. The boys from both teams have asked me to thank each & everyone for helping make this weekend so memorable. Our League Photographer, Frank Mallett, was on hand to photograph the various stages of this exciting weekend. Frank is always ready to help morning, noon, or evening. In fact, not only was he present at the boys arrival, but gave us all lasting memories from his pictures taken at the Twin Theatres, ERIKS, at the kickoff at Canteague park, and at the half time trophy presentation by Councilman Carl Grunewald.

### Invite Rangers Back

Daniel Burke, the Director of the Dorchester contingent has invited our League to come to Dorchester the weekend of November 28, 1965. However, due to the prior scheduling of a League game with Central Islip on that day, we had to decline this wonderful invitation. This game should decide second place in the Nassau Suffolk Conference as both teams have 6 wins and 2 losses with only 2 games left in the season. Valley Stream with

(Continued on Page 8)

### Hicksville H.S. Alumni

### Hicksville H.S. Faculty

The Hicksville High School Alumni will meet members of the Hicksville High School Faculty in a basketball game at the High School gym on Wednesday evening, November 24th. Game time is 7:00 P.M. and admission is \$5.50. Dancing for the students will follow the game until 11:30 P.M.

## Dedicate Library Wing

The new wing of the Hicksville Public Library was dedicated on Sunday, November 14th before an audience estimated at 300. The 12,500 square ft. extension features a large meeting room for community and library functions; A new seating and stack area for young adults; and space for more than 50,000 additional books and periodicals.

The library, one of the largest in Nassau, has a capacity of about 200,000 volumes. The program was in charge of Elery Bean, President of the Board of Trustees, and featured musical selections from two Hicksville High School groups, the Hicksville Madrigal Singers and the Hicksville Recorder Consort group, as well as short addresses by Mr. Bean and Mr. John Anderson, President of the Hicksville Public Library Association. Refreshments were served by the Hicksville Public Library Association.

## Bank Employees Honored Here

More than one hundred and sixty employees of the Meadow Brook National Bank were honored at the Bank's Ninth Annual Service Award Dinner at the Hempstead Golf Club recently. Guests included 50 employees and officers with the Bank 25 or more years, four with Meadow Brook for 20 years, 14 with Meadow Brook for 15 years, 46 with 10 years of service and 100 with five. Those who had attained five, ten, fifteen, or twenty years with the Bank were awarded a service medalion (a gold charm and link bracelet for the ladies and a gold tie bar for the men) with a diamond varying in size in accordance with the number of years of service.

Those honored at the dinner from the Hicksville-Plainville area were: Mr. J. R. D. Cole, Jr., Vice President of the Hicksville office, recipient of a fifteen-year award; Mrs. Catherine Russ, ten-year award winner; and Mrs. Helene Lane, five-year award winner.

## Marines Launch Drive for Toys

The annual Marine Corps Reserve exercise in the logistics of peace and good will - the Toys for Tots drive - will get under way in the Greater New York area on Wednesday, November 17, and run through December 17, campaign coordinator Lt. Col. David. Kelley, Jr., of Ft. Schuyler announced today.

volunteer businesses collected over 100,000 new or usable toys for Christmas distribution to the needy children in each Marine unit's area, the colonel said. He emphasized the need for new or nearly new playthings as only a limited number of toys can be repaired and distributed in time for Christmas.

The Marines will pick up toys

left at hundreds of Shell service stations displaying "Toys for Tots" signs. They will sort the toys and transfer them to various agencies or directly to orphanages and children's homes, Colonel Kelley said.

The Toys for Tots drive started Los Angeles 18 years ago as a local community effort of Marine reservists, he said. Since then it has spread to more than 200 cities in 46 states. He estimated that more than 50 million toys have been collected and distributed by the drive. Co-sponsored by Shell Oil Company and hundreds of Shell dealers, the program will enter its thirteenth consecutive year here, he said. "If the coming campaign is as successful as those in previous years," Colonel Kelley said, "we expect to make a lot of children happy this Christmas."

## L.I. Studio Theatre Moves to New Home

The Long Island Studio Theatre has announced its move to a permanent "home". In a joint venture with Art Forms Unlimited, it will be located at 111 Levittown Parkway, Hicksville.

The new location provides facilities for extended auditions, workshops, rehearsals and performances and atmosphere essential to theatre-in-the-round productions of this theatre group.

Four plays will be offered for the 1965-66 season: "Slow Dance on the Killing Ground" in December; "Brecht on Brecht" in January; "The Typists and the Tiger" in March; and "The Sign in Sidney Brustein's Window" in May.

Each play will be performed on two, sometimes three consecutive weekends, Friday and Saturday evenings only.

## Hearings Postponed On Charter Revision

The Nassau County Charter Revision Commission announced today that it is suspending public hearings on its recommendations for changes in the present county charter pending completion of a single preliminary report, which will incorporate all of the commission's proposals for formulating a revised charter.

The commission's decision to prepare an all-embracing report rather than to offer its recommendations piecemeal follows the Nov. 2 defeat at the polls of its plan for reapportioning the county board of supervisors. The plan advocated an expanded 15-man board of supervisors and the "one man - one vote" system rather than the present system of "weighted voting."

The commission stated that the defeat of the plan was "the result of factors that were beyond the commission's control." Pointing out that details of the plan were released "only in a preliminary report that was intended to go back to the subcommittee for further study and finalizing following official and public scrutiny," the commission stated that "as such, it should not have been voted for referendum on this year's ballot by the county board of supervisors."

"The report was not," the commission said, "formally presented to the board of supervisors for such action, nor was it intended that it should be so presented in its preliminary stage. It was, nevertheless, sent to referendum over the commission's objections."

Commission members contended that the plan for reapportionment might have had a better chance for voter acceptance had the subcommittee been afforded the opportunity to present it in a final report that could possibly have included some revisions precipitated by the several public hearings held to consider its proposals.

Members of the commission also attributed defeat of the plan partially to the fact that many voters did not want the proposed charter submitted piecemeal, since several of its sections

are interdependent and must be considered as they relate one to another in an overall charter.

At its first meeting since Election Day, held last Monday night, the commission voted to refer the defeated plan back to the subcommittee for further study and possible revision.

Commissioner chairman James N. Gehrig said that when the single preliminary report detailing all of the commission's proposals is completed, and county officials, organizations and the public have had ample time to study it, public hearings on separate sections of the report will be resumed.

"We are hopeful that this report will be ready by early February," Gehrig said. "Upon completion, we will schedule as many public hearings as are necessary to assure all interested parties the opportunity to voice their opinions and suggestions concerning its proposals."

## 'Hansel & Gretel' Coming Dec. 28

Humperdinck's "Hansel & Gretel," the operatic fairy tale that has been enchanting opera lovers and children for 72 years, will have a Christmas season matinee at the Mineola Theatre.

The North Shore Friends of Opera will present the classic in English translation for one performance only on Tuesday, Dec. 28, at 2 p.m. The matinee has been made possible through partial support by the New York State Council on the Arts according to Dr. Frank A. Calderone, owner of the Mineola Theatre and producer in association with Producing Managers Company.

Telephone reservations for the matinee may be made by calling the Mineola Theatre Box Office at Pioneer 1-3353.

# Dear Lynda

You are all cordially invited to attend the annual Christmas Variety Show of the East Street School P-TA, which is scheduled for Dec. 9th at 8:15 p.m. Mrs. June Linn, this active organization's publicity chairman tells us that it will be a gala event, for the theme is "Happiness Everywhere". Grab bag gift is 50¢ and refreshments will be served....

A delightful tale of eleventh century Japan, told in color maturation for children of all ages is scheduled by the Willet Avenue P-TA for Nov. 20th at 8 p.m. Its title is "The Little Warrior". The cost is only 25¢ and starting time is 1 p.m. It will be over by 2:40 p.m....

The Parent-Teachers Association of the Burns Avenue School holds its Open House meeting for grades 4, 5 and 6 to night, Nov. 18th at 8:15 p.m. at the School....

Among the 83 honored students who have attained the highest average in their classes and who will be offered a full-tuition scholarship by Hofstra University are Peter McKeenamin, of 219 Bay Avenue, Hicksville High School and Paul Mitnick of 149 Sutton Drive, Plainview-Old Bethpage High School. Congratulations!....

HERE AND THERE: Anybody shopping for a couple of live box constrictors? You can see them on display at AQUARIUM AND PET CITY, 412 South Oyster Bay Road .... Vinnie Mammio is no longer cooking for the RUDY BOUSE RESTAURANT on Dussey Avenue - the food, however, still has that fine, delicious taste we know so well....

## Schopick-Fellner Nuptials Nov. 21

Mr. and Mrs. Harry Fellner, of 28 Cedar Drive, Plainview, have announced the wedding of their daughter, Elizabeth, to Mr. Jerry S. Schopick, of 1255 North Avenue, New Rochelle.

The wedding will take place on November 21, 2:15 P.M. at Huntington Town House, Rabbi Aaron H. Blumenthal will officiate at the ceremony. Reception will follow at the Huntington Town House.

The bride will wear a white crepe gown with delicate Alencon lace trimming the bell sleeve and bodice, with a detachable train. Flower motif will be a Bible with cascading white roses and orchid center.

Matron of Honor will be Mrs. Seymour P. Blasenbim, sister of the groom; Maid of Honor will be Miss Michele Fellner, sister of the bride; Ring Bearer will be Master Scott Fellner, brother of the bride; Best Man will be Mr. Seymour P. Blasenbim, brother-in-law of the groom. Ushers will be Mr. Bruce Fellner, brother of the bride, Mr. John Dunn, Jr. Frederick W. Kelley, Mr. Bruce Eden, Mr. Daniel Schopick, cousin of the groom, and Mr. Peter Flusser, cousin of the bride.

The wedding couple will spend one week in Miami, Florida, after which they will take up residence

in Forest Hills, New York. The bride has been employed as a Dental Assistant.

The bridegroom was graduated from the American International College and is currently attending Columbia University, where he is studying for his Master's Degree in Business Administration.

## LI Society Will Honor Top Scholars

A scholar will address scholars at the annual Long Island Phi Beta Kappa Alumni dinner at Hofstra University on Saturday, Nov. 20. Dr. Frank Tannenbaum, newly appointed visiting professor of history at Hofstra, and a leading authority on Latin America, will speak at the dinner, which honors outstanding senior scholars in Nassau and Suffolk high schools.

Each of the 83 honored students has attained the highest average in his class, and each will be offered a full-tuition scholarship by Hofstra.

## County Republican Legislative Team Plans '66 Program

The Nassau County Republican Legislative team, largest GOP county delegation in the state, will meet tonight (Thursday) to begin formulating the legislative program for the 1966 session which begins in January.

According to State Sen. Ed Speno, "the purpose of this early meeting is to plan the strategy necessary to steer important bills through both Houses and to insure that the Democratic members will not have another opportunity to introduce legislation as they did last year which would have opened our municipal parks to non-county residents and foisted another tax upon Nassau residents who work in New York City."

Meetings of the Nassau County Legislative team will be held on a weekly basis once the session gets under way. Those interested in seeing legislation enacted and are uncertain as to who their Albany representatives are may address their request to attend to Legislation 1966, 1051 Franklin Ave., Garden City.

## Local Girl Receives Honors

Miss Mary Helen Armstrong, daughter of Mr. and Mrs. William Armstrong, 12 Story Lane, Hicksville, has been selected for membership in the State University College at Oneonta Chapter of Kappa Delta Pi, national education honor society.

Election to Kappa Delta Pi is based on a combination of high scholastic average, personal qualities, leadership ability and intention to continue in the field of education.

Miss Armstrong, a 1963 graduate of Hicksville High School, is a junior and a secondary mathematics major at the College.

## Serving In Puerto Rico

SAN JUAN, P. R. Coast Guard Lieutenant (junior grade) Richard J. Muller, son of Mr. and Mrs. Frank C. Muller of 48 Winter Lane, Hicksville, N. Y., is serving at the U. S. Coast Guard Air Station in San Juan, Puerto Rico.

The air station's primary mission is aerial search and rescue services throughout the Caribbean Sea.

The air station also provides air support for surface units of the Coast Guard operating in the Caribbean out of San Juan.

# Did LILCO

## learn anything November 9th?

LILCO and its customers have experienced a power failure unparalleled in geographic scope. Any power failure is of serious concern because of our extensive dependence upon electricity to serve our daily needs, and because electricity has become so dependable in the last two decades that serious interruptions have become virtually unique.

As almost everyone has read by now, after the unprecedented power failure occurred the initial step in restoration was to provide the various major generating plants with a supply of electric power. To explain the various ways in which this can be done, the amount of power required and for what purposes is far too involved to describe here. However, in the case of the LILCO system, we utilized auxiliary generating units located in Southold and Southampton, which can be automatically started when power fails. This supply was routed into our Port Jefferson Station to initiate the restoration process, which, considering the magnitude of the problem presented, proceeded extremely well. Service to all customers was restored within 2½ to 8 hours, depending upon location.

We see room for improvement. Steps have been taken which will materially improve our ability to restore power rapidly. We are installing 4 additional auxiliary turbine generators, comparable to the ones at Southold and Southampton, at our major generating plants at Port Jefferson, Island Park, Glenwood Landing and Northport. These units will cost about \$6,000,000, are already in production and will be placed in service as rapidly as possible. Placing these sources of auxiliary start-up power at each station will greatly strengthen and diversify our emergency capabilities. It is believed that under circumstances similar to Tuesday night's power failure, the

time required to restore power to Long Island will be reduced to an absolute minimum.

A word about the power failure itself. LILCO has the ability to generate in its own stations more than enough power for all of its customers. Nevertheless, in order to further protect the supply of power to its customers it participates in an interconnected power pool and gains the privilege of being able to immediately call upon other power suppliers in the northeast for assistance if an unforeseen emergency develops. This arrangement is of incalculable value and has proved its effectiveness for all members of the pool on numerous occasions. In return for this privilege, LILCO is obligated to assist other members of the pool when difficulty develops, as it did Tuesday night November 9th, when all LILCO generating stations were producing power. The failure on our own system occurred because the demands for power made upon us by other systems were unprecedented in quantity and and rapidity.

In view of the demonstrated value of interconnections over a long span of years, the nature of the fault which occurred will be studied with great care in order that either a similar occurrence, or similar consequences of such a fault, can be avoided in the future.

LILCO has invested literally hundreds of millions of dollars in providing its customers with the finest, most dependable electric service available anywhere. Reliability of electric service to each of our customers is foremost in all of our planning and is reflected in the design, equipment and operation of our system at all levels.

We thank the people of Long Island for their fine cooperation and patience during the power failure and we are proud of the effective response of our organization to this emergency.

## Area Teachers Attend In Fine Arts Program

Two Hicksville residents participated in the recent Fine Arts program given at the Mineola High School, on Sunday November 21st.

Pat Mannheimer, art teacher at the Dutch Lane Elementary School, acted as the welcoming hostess for Fine Arts teachers from all over Nassau County. Teachers in art, literature, drama, and music participated in the program developed through the office of Byron Belt, Director of the JFK Fine Arts and Cultural Center. The program attracted teachers in the fine arts, on the elementary, junior high and secondary levels.

The purpose of the program was designed to touch off an extensive cultural program which the country is now sponsoring. Through the present steering committee, the L.I. Teachers for the Fine and Performing Arts, plans are being formulated to involve student fine arts programs in the various school districts throughout the county.

Guest speaker for the symposium, featured, Dr. Howard S. Conant, Chairman of the art department at New York University. Conant spoke about the Fine Arts and its relationship to the community.

Teachers were invited to participate in the group discussions, according to curriculum areas in the fine arts. Julian L. Diamond, Art teacher in the North Shore Schools, Glen Head, N.Y., acted as Chairman for art in the fine arts. As program moderator

Diamond (who is Secretary for the L.I. Teachers for the Performing & Fine Arts), headed a panel of art teachers, discussing the proposed county plans for the Cultural Center, and its eventual benefits for students and their projected cultural interests in art.

Both resident teachers, are actively involved in the Long Island Art Teachers Association, as well as the L.I. Teachers for the Performing and Fine Arts. Mannheimer, is currently the Vice President in the L.I. Art Teachers for the Performing and Fine Arts.

## Auto Insurance

NEW YORK - Property damage liability insurance on your auto covers only damage your car does to the property of others. It does not cover damage to your car. says the Insurance Information Institute.

## Complete Plans for Giant Parade at Roosevelt Field Shopping Center on Nov. 26

There'll be marching bands, massed colors, giant balloons, antique cars, clowns, girl scouts on horseback and about 100,000 spectators.

County Executive Eugene Nickerson will be there as Grand Marshal and when it's over there'll be trophies for the best band, best marching unit and the best life and drum corps.

What is this event that promises to be the most colorful spectacles ever seen on Long Island?

It's Roosevelt Field Shopping Center's eighth annual Community Christmas Parade, scheduled for Friday, the day after Thanksgiving, a traditional community event.

Heralded as the largest parade staged on Long Island, this year's event will take more than 90 minutes to pass a single point. Starting at the south end of the shopping center the parade will follow the three-mile inner road circling the center.

A United States Marine Corps Color Guard will signal the start of the parade promptly at 9:30 a.m. Following the Color Guard will be the Mid-Island Girl Scouts Equestrian Drill Team; The Holy Innocents Drum & Bugle Corps of Wantagh; the Marching Show Unit of the H. Frank Carey High School in Franklin Square; Rockettes of Sewanhaka High School, Floral Park; Unifedale's Redcoat Grenadiers File, Drum & Bugle Corps; The Sultans Drum & Bugle Corps of East Northport; The Blue Hornets Junior Drum & Bugle Corps of Lindenhurst; The Rippers Drum & Bugle Corps of Copiague; the Barret Dancers and Pipers Bagpipe Band; St. Clement Pope Drum & Bugle Corps of South Ozone Park (1961, 1964 State Champions); Elmont Memorial High School Marching Band; New Hyde Park Memorial High School Marching Band; the 108th Precinct Youth Council

Drum & Bugle Corps, Flushing; St. Columcilles U.G. Pipe Band of Kearny, N.J.; the Bethpage Colonial Ancient Fife & Drum Corps; three Nassau County 40 and 8 locomotives; the West Hempstead High School Band and many other groups.

Santa Claus will follow the Parade route, as the last unit in the Parade, in his helicopter.

This year's Parade will feature 40 giant balloons, some of them 150 ft. in length, and included will be "St. George and the Dragon," "The Train," "Rudolph, the Red-Nosed Reindeer," "The Little Red Hen," "The Cat and the Fiddle" and many other balloon units including "The Story of Peter Pan," "Monsters" and "Twas the Night Before Christmas."

Judges for the event will be Dr. Charles Stonier, director of the Nassau County Planning Commission; Ray Heatherton, Long Island show business personality and William Blumenthal, president of the Roosevelt Field Merchants' Association.

## LEGAL NOTICE

NOTICE IS HEREBY GIVEN that Sales Lists have been made of unpaid School District taxes for the year 1964-1965, State, County, Town and special district taxes for the year 1965, on real property situated in the Towns of Hempstead, North Hempstead and Oyster Bay and the City of Long Beach, N. Y. Sales Lists have also been made of unpaid State and County taxes for the year 1965 on real property situated within the territorial limits of the City of Glen Cove, N. Y. Unless such prepaid taxes, with interest and accrued penalties be paid on or before the twentieth day of December, 1965, the tax lien on the property against which such taxes are levied will be advertised and on the twenty-first day of February,

## MONEY 'ROUND THE WORLD

**ITALY**

From Turin, Milan, Genoa and Venice in the North to Sicily in the South, Italy is a sun-bathed land of art, culture and stunning scenery. It's as beautiful and romantic a country as any American could wish to visit.

The basis of Italian money is the lira. At present the rate of exchange is about 625 lire to the U. S. dollar. The smallest paper money currently in use is the 1,000 lire bill (\$1.60). There are coins for 5, 10, 25, 50, 100 and 500 lire.

The simplest way to overcome currency problems while traveling overseas is to use travelers checks. First National City Bank Travelers Checks can be bought and cashed throughout Italy. And remember that most Italian shops close for siesta from 1 to 4 p.m., reopening until about 8 p.m.

**BANCA**

1966 thereafter, sold.

The Sales Lists will remain open for examination in the County Treasurer's Office, Old Country Road at County Seat Drive, Garden City, Nassau County, N. Y. (P.O. Address, Mineola, N. Y.) until the twentieth day of December, 1965. Any taxpayer interested may send a brief description of his property to the County Treasurer, and a statement of the amount of the unpaid tax, if any, will be forwarded to him.

**RENE A. CARREAU**  
Nassau County Treasurer

**Plainview Cases BOARD OF APPEALS RE-ADVERTISED**

OYSTER BAY, NEW YORK  
NOVEMBER 15, 1965

BY THE ORDER OF THE BOARD OF APPEALS

Town of Oyster Bay  
Raymond H. Schoepflin, Chairman  
Ellsworth Allen, Secretary

Regular meeting of the Board of Appeals, Town of Oyster Bay, will be held in the Town Board Hearing Room, Town Hall, Oyster Bay, on TUESDAY, November 23, 1965 at 8:00 p.m.

CASE #65-568

APPELLANT—Joseph Shapiro, 8 Gordon Avenue, Plainview, c/o Lawrence A. Penny, 11 Halter Lane, Levittown.

SUBJECT—Variance to erect an addition having one less side yard and less aggregate side yards than the Ordinance requires, also the encroachment of cave and gutter.

LOCATION—West side of Gordon Avenue, 290.73 ft. south of Main Parkway, Plainview.

CASE #65-573

APPELLANT—Crumpton Bowen, 38 Wendell Street, Plainview.

SUBJECT—Variance to erect an addition to residence having one less side yard and less rear yard than the Ordinance requires, also the encroachment of cave and gutter.

LOCATION—North side of Wendell Street, 380 ft. east of Universal Blvd. Plainview.

## Petito Back, Has His Say On Budget

OYSTER BAY - Supervisor Michael Petitto, who was away on vacation last week when the Town Board approved its 1966 budget, had his say this week.

Democrat Petitto said the town could have effected "a meaningful tax reduction" if some of his proposals were adopted by the all-Republican board. The new \$10 million budget calls for a 12-cent reduction in the basic tax rate.

Petitto's post-vacation statement follows:

"It has always been my feeling that considerable savings could have been realized in the 1966 budget. It was imprudent of the board majority to summarily dismiss my many suggestions for fiscal reform, especially after the recent election when the budget was removed from the political arena.

"I think we could have given the residents of the town a meaningful tax reduction if some of my proposals, such as creation of a Public Works Department from a merger of the Town Highway and Town Engineering Departments, had been adopted. We need a self-insurance program, reduced spending on outside consulting engineers and much-needed highway reforms.

"I am disappointed that the Town Board ignored these suggestions which would have eased the already heavy tax-burden on our residents. I will continue to do all in my power to curb extravagant spending in town government in the hope that future budgets will give our citizens the maximum in services at the lowest possible cost."

## UNICEF Christmas Cards Aid the World's Children

The annual sale of UNICEF Greeting Cards, note paper and calendars was started this week by the North Shore Chapter, UNICEF, sponsors of the program which benefits needy children and mothers in foreign lands.

Mrs. Lawrence Sault, chairman of the project, said that 19 designs had been donated by noted artists as their contribution to children in need.

"UNICEF expects to sell 40 million cards this year, about half of them in this country," she indicated. "With the proceeds from a single ten card box, 50 children can be protected from tuberculosis, or 40 children can be given a daily glass of milk for a whole week."

Last year, UNICEF realized

net proceeds of \$2,300,000 from the sale of its cards. Mrs. Sault said. This amount was sufficient to provide equipment and drugs for 3,395 maternal and child health centers, the drugs for a one year's home treatment of 1,250,000 TB patients, and a three month's supply of vitamin capsules for four million children.

The 1965 UNICEF cards include designs from England, France, Italy, Denmark, Russia, Israel, Senegal and the U.S.A. They can be seen and ordered by calling Mrs. Sault, PO 7-5657.

UNICEF, the United Nations Children's Fund, assists more than 500 long-range programs for needy children and mothers in more than 100 countries.

## How Immune Are You?

There are some lucky people in this world—they're immune to tooth decay. Yes, while it's extremely rare, it does exist in some mouths. Some races, such as the Eskimos, and persons living in certain areas of India, show a remarkable absence of dental caries (decay). In the U.S., about five per cent of the population is immune.

The presence of carbohydrates in the diet is an essential factor in the development of dental caries in most people. During World War II, when the use of sugar was rationed in Finland, Norway, Sweden, and Denmark, there was a definite decrease in caries.

## Messenger Race At RR on Friday

Harnassdom's sensational Bret Hanover, with 44 victories in 47 starts, heads a crack field of sophomore pacers expected to enter the \$150,000 Messenger Stakes on Friday at Roosevelt Raceway.

The Adios--Brenna Hanover offspring will become the first harness horse to earn over \$300,000 in one season if he wins this one. Bret has earned \$264,100 this year for owner Richard Downing of Shaker Heights, Ohio. Veteran Frank

## Praise County CD Vols' Fast Action In Power Blackout

Nassau County Executive Eugene Nickerson and Gen. Joseph A. Bulger, Nassau County Civil Defense Director, praised the work of 2,500 CD volunteers who went on duty in Nassau during the power blackout which plunged most of the northeast into darkness.

Ervin has driven the big coil in all 23 of his starts this season of which he has won 20.

## GRIDIRON

(Continued from Page 1)

no losses certainly has clinched first place this year.

The Hicksville Trophy game was played at Ciantague Park last Sunday. The game started promptly at 2 P.M. Ciantague Park Director Jim McCabe, and Town Councilman Carl Grunewald were honored guests. Even though the weather was cold and windy, a big crowd was in attendance for the kickoff. The game started badly for the Hicksville group, a bad kick, loose defensive playing and masterful calls by Dorchester's Quarterback Tom Lee kept the Hicksville squad deep in their territory most of the first half of the game. Meanwhile, Dorchester scored twice in the first half. However, they missed the extra points which turned out to be the deciding factor in the game. Just before the half ended, Steve Davis scored a run through the middle and Brian McAulley, Hicksville's star Quarterback scored the extra point. The half ended with Dorchester leading 12 to 7. In the third Quarter Dorchester scored again but failed to get the extra point. Hicksville then got the ball and after three first downs Steve Davis Hicksville's half back went through the middle again for his second touchdown of the day, getting the extra point as well. Score Dorchester 18 Hicksville 14. Hicksville's defensive squad seemed to settle down at this point and played very well by keeping the Dorchester squad down the rest of the game. With every yard, first down or completed pass that the Queensmen received they certainly had to fight for it. This was no easy task as the defensive fearsome foursome Steve Powers, Chris Bistany, Joe Cramer, and Bruce Stevens kept them well back when necessary. Dorchester was on the verge of scoring time and time again, but Hicksville's defense held.

The games final touchdown was scored late in the third period when a pass from Brian McAulley went to mighty Jeff Campbell who scampered over the goal line putting Hicksville ahead for the first time in the game. The defensive teams took over at this point and try as they might both teams lines held until the time ran out. Final score Hicksville 20 Dorchester 18. At this time I would like to credit Brian McAulley, of the Hicksville squad for calling a masterful game.

His calls kept the Dorchester squad off balance most of the second half, and aided Hicksville's drive keeping their momentum to a feverish pitch. The Dorchester's offensive award went to Tom Lee the teams tight quarterback who continually kept Hicksville back on its haunches the first half of the game. The defensive award went to Jim Finn, who really reddogged, rushing and keeping the secondary on it's toes throughout the game. Hicksville's offensive award went to Steve Davis, and the defensive award to Bruce Stevens. As you have gathered by this lengthy description, it was a whale of a game. In passing, one final comment bring on the New York Giants: we can't lose. Next week our Charger squad will journey to Valley Stream to take on the League champs. My prediction is that the Chargers will eek out a close one 13 to 7. Our defensive team now that it has jelled will not be stopped. Brian McAulley Steve Davis, Jeff Campbell and Bob Gagnaire will spur the offense.

Again we wish to thank Daniel Burke, his coaches, advisors, and their great bunch of boys for honoring us with their presence and by making the November 13-14 weekend the most memorable one in our history. The Invitational Trophy is presently in ERIK'S window at the Mid Island Shopping Plaza. After it leaves ERIK'S it will be on display at Gertz at the Plaza. It will then travel from player to player one week at a time and finally reside with the Hicksville Football Association. Each year we will add to our collection and proudly display the trophies throughout the town as visual testimony of our boy's achievements.

Getting down to business, please get your raffle money in. There are still many bills that we must pay. Please help us balance our books this season and thus ready ourselves for next year.

See you at Valley Stream Sunday.

## Clay-Patterson Bout

The only Nassau-Suffolk location for the closed circuit telecast of the Cassius Clay-Floyd Patterson World's Heavyweight Championship bout on Monday, will be at the Island Garden Arena, Hempstead Turnpike at Cherry Valley Avenue, West Hempstead.

## C G Academy Entrance Tests Start Dec. 4

The annual competition for entrance to the U. S. Coast Guard Academy, New London, Conn., will commence with the Saturday, Dec. 4 administration of the College Entrance Examination Board tests. These examinations will be given at more than 3,000 test centers.

Appointments as cadets, United States Coast Guard, are made solely on the basis of competitive examination and prospective adaptability to military life. There are no Congressional appointments or geographical quotas.

An applicant must be a high school senior or a graduate, who has reached his 17th birthday but not his 22nd birthday by July 1, 1966, and must be in excellent physical condition.

Applicants still in high school, must graduate and earn 15 units by June 30, 1966. The units

must include three in English, two in Algebra and one in Plane Geometry.

The primary mission of the 12,000 officers and men of the Coast Guard is the protection of life and property at sea. Upon completion of the four-year Academy education, cadets are commissioned as Ensigns in the Coast Guard, and awarded Bachelor of Science Degrees. Coast Guard officers may receive assignments in search and rescue, law enforcement, aids to navigation, merchant marine safety, ocean weather and international ice patrols and other duties which provide aid and comfort to people of all nations using the air and sea lanes.

Information on the Coast Guard Academy may be obtained from the Director of Admissions, U. S. Coast Guard Academy,

## ATTENDS SYMPOSIUM

Dr. Barry Harwich, of Plainville, participated in an all-day educational symposium on "Pathologically Induced Visual Disabilities" at Constitution Hall in the City Squire Motor Inn recently.

The symposium was one of a series conducted by the Optometric Center of New York, a non-profit teaching clinic and research center chartered by the Board of Regents of the University of the State of New York. The moderator was Dr. Alden N. Hafner, executive director of the Optometric Center.

Mr. and Mrs. Anthony Nigro of 12 Lois Lane, Old Bethpage, are the parents of Robert William born Oct. 17 at Mercy Hospital.

Ida Mae Sutton, one of 4200 Telephone Service Representatives, describes her job.

**"I think 'yes' is the nicest word I can say to a telephone customer."**

"Can you have my phone installed on Wednesday?" Or "Can you arrange to have my daughter's name listed in the telephone book?" Customers ask us lots of questions on all sorts of telephone subjects so we have to be familiar with every facet of the telephone business. Here in the business office we try to see every problem from the customer's point of view. And that's what I like about my job. I like letting my customers know that there are plenty of people here at the phone company who are really concerned about giving good telephone service."

Telephone people—the heart of good telephone service
