4 of 7 School Board Seats on May Ballot

In less than three months the entire complexion of the Hicksville Board of Education could be changed by the annual election in May with four out of seven seats on the Board to be filled. Two of the four trustees whose terms expire have made it known they will not seek re-election and persons interested in the election of particular candidates are already busy compiling campaign literature and lists of enrolled voters.

Board President Herbert H. Johnsen has made it abundantly clear that he will not seek a fourth three-year term. He will conclude three terms on the Board the end of June.

Board Secretary Irving Lawrence, finishing his first three-year term, in answer to a direct question has told the HERALD he will not seek re-election and admits, as has been rumored, that he and his family will move from the community.

Trustee Cornelius McCormack will be seeking his third three-year term and, if re-elected, would be the veteran member of the Board. Trustee John McMann was appointed to the Board when James Anderson resigned and moved from Hicksville a month after taking office last summer. McMann has stated he will be a candidate for the unexpired two-year term.

The other incumbent trustees are Vice President George A. Jackson on his second three-year term, Trustee Caleb Hornbostel on his first three-year term and Trustee Marvin Goldberg who was elected last May. The position of School Trustee, nominally for three years, is unpaid. When the membership of the Board is determined by the May election, the trustees will among themselves select their own President, Vice President and Secretary at the reorganization meeting right after the first of July.

Board to Get Own Room

The Hicksville Board of Education, for probably the first time in the history of the District, will have a room designed for the purpose of its meetings in the new administration building on Division Ave., second floor. It may be used for the first time for the regular meeting of Friday night, Feb. 18.

The room will also be used by the administration and staff at times other than Board meetings for conferences.

The room has been designed for the comfort of the audience with a special raised spectator section and special electronic equipment arranged to enable the audience to hear everything said at the Board table.

Over the years the Board has met in the office of the superintendent, cafeteria, auditoriums of schools and most recently in the teachers' lounge of the senior high school.

PBC Plans Service Honor Roll

The Hicksville Unit of the Police Boys Club is planning an honor roll at its clubhouse at 85 Bethpage Rd with the names of all former PBC members who are now in the service of the nation. Please send names, addresses, branch of service and date of birth of servicemen, formerly with PBC, to Mrs. E. Martin, Ladies Auxiliary of Hicksville PBC at 85 Bethpage Rd. If a recent snapshot can be spared, that will be appreciated also.

Again Time to Enroll For Kindergarten

Enrollment of Hicksville children who will be five years of age on or before Dec. 1, 1966 is taking place at the School District Administration Annex (formerly the main Administration building) on Jerusalem Ave. between 9 AM and 3 PM, Monday thru Friday, for different schools as follows:

Burns Ave and Dutch Lane, Mar 1 to 4; East St and Fork Lee, Mar 7 to 11; Old Country Rd and Woodland, Mar 14 to 18;

and Lee Ave and Willet Ave. Mar 21 to 25.

Parents are requested to bring a birth or baptismal certificate with them.

Applications are being mailed to all families who "have potential kindergarten child on the census rolls." New families with an eligible child may call the Registrar's office at WE 5-9000, ext 327 and a form will be mailed to them.

Two Local Girls Vie for Crown

Two employees of the water main contractor, Karlson & Reed, are candidates in the current "Miss Long Island Water Conference" Contest. Miss Blanche Barszuskas of Ballard Lane and Miss Lena Friscia of Underhill Ave., both Hicksville, will be vying for the crown.

The 15 candidates for the "Miss Long Island Water Conference" title will make their formal public appearance at the Feb. 26th meeting of the Conference in Melville. Candidates must be employed by one of the public water suppliers on Long

Island or an affiliated member of the Conference. "Miss Long Island Water Conference" will represent the Conference during the current year. In addition to the title, the winner will receive an all expense paid trip to Bermuda to obtain water sample to compare with the Long Island underground water supply.

The next meeting of the Sisterhood of the Hicksville Jewish Center will be held on Feb. 23, at the Center. After a brief business meeting there will be entertainment.

Scouts Arrange Honor Court

Boy Scout troop 293 sponsored by the Hicksville Methodist Church will hold a court of honor at the church on Mar 25.

Operation Bluenose for green-belt members of the troop was held Feb 11, 12 and 13 at McNair's Island, Schuylkill, N.Y. Sixteen rugged Scouts and five equally rugged adults participated.

Troop 293 will be taking part in Operation Igloo for scouts 14 years of age and older at Camp Oostera in the Catskills, Feb 19 and 20. The troop also expects to go camping at Wauwaxep sometime in March.

Summer camp for the troop will be held about the first two weeks of August at Camp Oostera.

Scout Sunday was a fine success at the Methodist Church on Feb 13 when Scouts and Cub Scouts took active parts in all three services.

Arrangements have been made for the troop to tour the Naval Submarine Base at New London, Conn., on Saturday, Apr 2. The Scouts will leave Hicksville at 7:30 AM via chartered bus and return at 7 PM.

Federal Grant For Education

The U. S. Dept. of Health, Education, and Welfare has just announced a grant of \$400,371 for an 18-month Nassau County Planning Proposal under Title III of the Elementary and Secondary Education Act of 1965.

The exact amount of the grant may be modified slightly during contract negotiations. The funds, to be administered by the Jericho Public Schools in cooperation with six other Nassau County school systems on behalf of the 56 districts of the county including Plainview Schools, will be used to plan and develop a long-range design for providing supplementary educational services for all of the residents of the county.

Dr. Thomas F. Carey, Superintendent of Jericho Schools, which acted as the legal applicant, said that the grant will be instrumental in planning and developing programs which will eliminate waste, reduce duplication, and increase the efficiency, quantity and quality of the educational services to all. He said that the funds will enable districts to form networks of services for all of the school children of the county without diminishing local control.

Chamber Tells Future Plans

The Hicksville Chamber of Commerce, had its regular bi-monthly meeting on Feb 9th, at the Millbridge Inn, over 50 persons present.

Stanley F. Turner, new Executive Director of the Chamber, gave a short talk in which he told of the future plans of the Chamber of Commerce.

He said the Chamber intends to concentrate on a renewal program for downtown Hicksville, and on increasing the popularity of Hicksville for retail sales. The Chamber now has a membership drive on to double its membership.

Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

The pageantry of a Drum Corps Competition blends the military precision of West Point with the musical perfection of a symphony together with the spectacular appeal of a Broadway Musical.

Each corps takes the field for fifteen minutes of music, and marching and maneuvering under the searching eyes and ears of eight judges, who are on the field with the corps. Each member of the corps is under a terrific amount of pressure. Each error-spot, mis-step, off-note that the judges detect costs the corps one tenth of a point. The competition between drum corps is so great that a corps can beat another by a tenth of a point. This tenth is so little, yet it can make the difference between winning or losing a championship. Drum Corps is so competitive that it ranks above the excitement of a football or basketball game. The maximum possible score is 100 points. It is highly improbable that a corps could score 100 points. A really good corps scores in the 80's.

The corps begins its show on the starting line where it is lined up in one straight line. A good corps is always in good order—and this means from head

to toe. On the line, the Inspection Judge marks and measures each detail of personal neatness. The contest starts here. This is where most corps get nervous and thus get rid of their best qualities. This is where it should be done because there is no room for that on the field.

To the casual observer the corps member is only blowing her own horn. Nothing is further from the truth. She spends a lot of time blending every effort for perfection. A varied repertoire with tonal quality and musical accents in a blend of multiple harmony is championship music. The maximum points that the horn line can receive is 25 points.

Rhythm, beat, cadence and tempo are all the responsibility of the drum line. Each of the drummers must keep her rhythm coordinated with her attack and release, and execute her rudiments precisely as she plays. Not result is a good drum line. The maximum score for the drum line is 25 points.

Two left feet have no place on the field. The interval between ranks, the squad, platoon, and corps fronts must be kept in perfect array. West Point may have the reputation for precision but the drum corps members produce it. The maximum number of points

which a corps can achieve in marching and maneuvering is 30.

The impact of the show or drill on the audience and judges is General Effect. The music, the marching, and maneuvering the originality and showmanship, the Drum Major, and the Color Guard all blend to make a great show and a great corps! General Effect is worth 20 points.

Witnessing and M & M contest is witnessing the Best! We are

certainly looking forward to holding our second annual marching and maneuvering contest, "PAGEANTRY IN BRASS" in July. It will be held locally and we want everyone to see this contest. We guarantee you that once you see an M & M contest you will come back for more, so be sure to watch for the announcements about the contest in our column. Believe us -- it's spectacular! We will present a number of corps in the Greater New York Circuit of which the St. Ignatius Girls Cadet Corps is a member. The Greater New York Circuit is composed of corps from the Tri-State area of New York, New Jersey, and Connecticut.

Although you will probably be hearing more about these men, I would like to mention the names of our instructors. Without the enduring patience and expert teaching of these men, the St. Ignatius Girls would not be the unique Corps that it is. Our instructors are: Mr. Thomas R. Costa, Director; Mr. Hy Dretzner, music arranger and brass instructor; Mr. Carmen Cluna, drill instructor; and Mr. Don Freising, drum instructor.

Congratulations to Peggy Halcott and Janet Smith who again represented St. Ignatius in an individual contest held by the Corvettes in Closter, New Jersey. Both Peggy and Janet took first place medals in the girls' class. Peggy's score was also the highest of all contestants on the baritone bugle.

Good job, girls.

EDITORIAL OPINION

The Sauerkraut State

We did not know it until we got the press release this week stating that Wisconsin and Ohio are trying to unseat New York as the number one sauerkraut state in the Nation.

We do know that at one time Hicksville was the heart of the sauerkraut belt on Long Island. And our fair community, when there was still open ground for planting, ruled for years as the center of pickle production until some bug made that crop unprofitable.

The week of Feb. 3 to 12 was National Sauerkraut and Frankfurter Week. We happen to like franks and sauerkraut but did have a single portion during this solemn national observance because we did not realize what our appetite could do to the state economy.

Now all we need is a "Cut Down the Trees" Week and we'll win with a buzz of the saws.

Winkel of 141 Fourth St., Hicksville, was promoted to his present rank while serving with Marine Attack Squadron 324, a unit of the Second Marine Aircraft Wing at the Marine Corps Air Station in Beaufort, S.C.

Airman Third Class Milton N. Zemarowitz, son of Mr. and Mrs. Jerome Zemarowitz of 59 Garden Blvd., Hicksville, has been graduated at Keesler AFB, Miss., from the training course for U.S. Air Force radar operators.

Finish Contract For Fuel Cores

Sylvania Electric Products Inc. on Cambridge Rd., Hicksville, announced the completion of a second fuel core under a \$1.4 million Atomic Energy Commission contract. The core will be used in the U. S. Air Force PM-3 Reactor at Sundance, Wyoming.

The first core, completed last August, is enroute to McMurdo Sound, Antarctica, where it will power a U. S. Navy reactor.

Marekto Lodge 1025 F and the AM received an official visit of District Deputy Grand Master Louis K. Burston of the second Nassau District on Feb 1.

"Modern Math" will be the topic when Burns Ave PTA of Hicksville meets tonight, Feb 17, at 8:15 PM. A question and answer period will follow.

You Call Yourself A Christian...

Why?
To be in the majority? To impress your co-workers?
To be accepted by your friends?
Be a Christian for more important reasons:
because you believe in Christ...because you know He died for your sins...because you are sure of life after death.
This is a special time when we remember Him.
This is Lent, the preparation for Easter.

Don't just call yourself a Christian—be one!

Operation VFW

William M. Gause Jr.
Post No. 3211
by Eddie Klebing

Last month the Department of Defense refused to allow the burial of a convicted Communist conspirator in Arlington National Cemetery. The man, Robert G. Thompson, while decorated for heroism during World War II was later convicted of conspiring to overthrow the Government of the United States. The Veterans of Foreign Wars in a public statement supported the action of the Department of Defense. National Commander-in-Chief Andy Berg, expressed thanks and admiration to Deputy Secretary of Defense Cyrus R. Vance, who personally handled this matter and to the Department of Justice for upholding that the action was legally correct.

Explaining the VFW position, Commander Berg said, "Robert G. Thompson was convicted of conspiring to overthrow the Government of our Nation. We of the VFW believe, and we believe the overwhelming majority of the American people share our belief, that anyone who turns against his country certainly forfeits the privilege of being buried beside our Nation's heroes. We vigorously reject the contention that because Robert G. Thompson was decorated for heroism in World War II, he had regardless of his subsequent actions, a lifetime entitlement to burial in a national cemetery. Such a decoration cannot be interpreted as a license to try to overthrow our Government. Rather, the decoration carries with it the obligation of being an even more exemplary citizen.

Continuing the VFW leader said, "Partisanship is not a partisan endeavor. It is a total and life-long requirement of citizenship. Betrayal of that trust should certainly disqualify one for the honored burial reserved for the patriots at Arlington or any other national cemetery. We of the VFW are, therefore, grateful that the resting place of our Nation's heroes will remain hallowed ground."

Next Tuesday is George Washington's Birthday. There is no better way to honor the father of our country than by proudly displaying our Flag on the date of his birth.

In The Wind

By Dan Carroll

Just as the showers of April bring us the flowers of May, the rains of last Sunday emerged into a beautiful Valentine's day...the foretelling of spring. Early in the week this hint of spring could be found everywhere. Store windows were cleaned, and even now and then we could see an overcoat being cautiously removed, and draped across the arm in casual spring-like fashion. But we expected it to get worse before it got better, and this is just what happened. One morning we awoke to find that our hint of spring had vanished...wet snow...slush...rain. But at least we know that spring is near. It is as close as the horizon.

Weather is constantly changing, making it an elusive enjoyment. Therefore we must divert our minds to some of the other pleasures in life. One way would be to join the Dance Conservatory in the Plainview Shopping Center on South Oyster Bay Road. The Director, Gerrie Becker, offers both group and private instruction in ballet, tap, modern dance, ballroom, modern jazz, and guitar. Miss Becker, who has made several motion pictures for Warner Brothers in which she danced and acted, feels that each student is an individual and is thus treated as such in her carefully planned curriculum. Classes are kept small to make this possible.

A few doors away from the Dance Conservatory we see that Cotton Fair is holding a gigantic sale with discounts on almost everything in the store. Jack, the proprietor of the store, said that the sale will continue until the end of this month. Cotton Fair has a very wide selection of ladies wearing apparel as well as the largest selection of women's uniforms in the area. The address is 341 South Oyster Bay Road in Plainview.

Back in Hicksville we find that a new hamburger and donut shop will be opening in a couple of weeks at 418 South Broadway. Here at Harry's Charco Burgers and Donuts we'll be able to see the actual process of making a donut. Watch for the Grand Opening!

At the other end of Broadway, Carpet Design, Ltd. has just opened the most modern carpet showroom on Long Island. All broadloom, carpet, rug and tile installation will be done by their own employees. Richard Callahan, an interior consultant of the new Carpet Design, said that a special shampooing department will be formed in the very near future. Carpet Design, Ltd. is located at 260 North Broadway.

Broadway has seen many changes in the past few years. Clara J. Whitten of Hicksville was among 52 student nurses who received the Vassar Brothers Hospital School of Nursing Cap on Feb 11. She will graduate in Sept 1967. The Hospital is in Poughkeepsie.

and will see many more in the years to come. But in contrast to these new openings there are many merchants who have been serving the people of Hicksville for quite some time. One of these is Lou Seigler, proprietor of Beatty's Commercial Stationers at 68 Broadway. Behind the quiet, peaceful atmosphere of the store has always been the hustle and bustle of a very large commercial department servicing all of Nassau and western Suffolk. This year Beatty's will be celebrating their fortieth anniversary.

Mannino's Take Out Kitchen has also been doing some celebrating. Both this week and next, Vinnie and Al are giving a twenty-five cent discount on every pizza pie as a "got acquainted" offer. Every variety of pizza is found here, from a plain cheese to an

anchovie, mushroom or onion. Besides pizza, Vinnie makes tempting Italian hero sandwiches, as well as the most delicious hot Italian dinners to take out. Mannino's spotless, modern kitchen is located at 155 Levittown Parkway in Hicksville.

It caused a few problems. A typical comment - "although a crane blocked the store for a full day, it moved on quickly minimizing the inconvenience."

Samuel Zera of the Zera Contracting Co. explained to the HERALD that work is almost three weeks ahead of schedule and this is most likely the reason for the favorable reaction from the merchants. And, barring any unforeseeable barriers, Mr. Zera expects to stay ahead of schedule, even though planned lulls are made during holiday seasons for the benefit of all concerned.

Yesterday's Headlines

By JOE KOERNER

IS WAGENEN ROLLIN A-LONG? WILL THE COMETS GET A CRACK AT THE COUNTY TITLE? The answer to both questions is yes; due to the recent ruling on the Corriggan Countdown, which ruled him eligible for the 8th semester and ineligible for the 9th. The end result now leaves Hicksville in the thankful position of only having to forfeit 2 games, rather than all the winning games that Corriggan had played in. Which goes to prove that Rule Books should be written by people who are talking to one another at the time and shouldn't be as 4-sided as one of Hoey Long's former offices on gambling in the Parishes of Louisiana.

So rather than was redundant on appeals, re-peals, charges and counter-charges... let's just say that the Comet Basketballers,

coached by Ed Petro and Asst. Bud Bryan, are breathing fire again and acting like the Champs they might eventually turn out to be. And should Nassau County, Section leaders, East Meadow, V.S. Central, Hempstead, Lysbrook, G.N. North, Westbury and Oyster Bay, get snarled up in the Rule Book or get bumped off by Hicksville in the Playoffs... the Comets first County Title could become a reality.

"The first things, first", said a spokesman for the C.R.P. as he joyously watched Hicksville's #1 Skyscraper, 6'7", Guy Van Wagenen pick up his usual scalp of the evening (last Tues. a week) in the Sycamore's Wig-wam. The Comets beat the Braves 58-42, in a game that saw Van Wagenen outscored (15-5) and outscore (27-16) Sycamore's, Cort Nagle,

who only happens to be, last year's All County pick. Fact is, Hicksville outscored Sycamore, the tallest forward well in the league... 6'8" Nagle and 6'6" Jack Ruffy, 36-15. Other scorers in this game were Jim Webb 9, Frank Mulligan & Rollin McClain 4, Mike Masciello and Jim Bergholtz 6, Dwight Blich 2 and Bill Fordyce 1. Both Petro and Bryan credited Webb with covering the backboards like one of Omar's tennisrakers in this important win; the first & most necessary one for Hicksville, after the Corriggan headlines had its crippling effects. Rollin McClain, an upcoming Jr. was credited with a fine defensive effort in filling in for Masciello who was injured in the 2nd quarter. McClain was a standout, riding herd on Sycamore's high scoring Jack Ruffy, who wound up scoreless for the last half of the game. And with Friday following Tues. Hicksville picked up another important win over the MacArthur, Generals, making their actual league record 8-1 minus 2 forfeits, or 6-3 for the record books. Webb and Van Wagenen hit for 14 apiece. Jim Bergholtz 12, McClain 8, Mulligan 7 and next year's headliner, Jeff Doolittle 4. "All's well, that ends well", said the diehards who are now assured of seeing their charges in the Playoffs and also quite possibly a Section 1 Title, in spite of the intangibles, that often send High School Fans to Basketball Rest Homes. Hicksville takes on L.L. Lutheran at Hofstra, this Friday site in a non-league game. After that it's back for more of that cardiac suspense.

COLETTA WITH RED SOX... Chris Coletta, former Hicksville High, 4 letter phenom and one of Cometland's first Bonus Babies, is set for his first crack at baseball's bigtime, this upcoming season. He's scheduled to report to the Sox spring training camp in Fla. on or about the 3rd of March, fresh from a six month stint with Uncle Sam's Rifle Club. Coletta's big league pact calling for an undisclosed sum, puts him in the position of breaking bread with one of baseball's toughest Outfields, and as one of the 40 man squad, scheduled for cuts as the season progresses, he'll be competing for starting berths with the likes of Carl Yastrzemski, Lee Thomas, Jim Gessner, former Met, Joe Christopher and last but not least, the big stick himself, Tony Congiloro, who led the American League in home runs last year. Quite an impressive array of talent but we figure Coletta who finished 1-2-1 in his 3 yr. Minor League batting races (Idaho, Winston Salem and Reading) has a better than average chance of playing marbles with the big boys. Follow this hometown youngster on the sports pages this Spring.

Police Recruit Drive Gets Underway

The Nassau County Police Dept. has launched a recruitment campaign, it was announced today by Police Commissioner Francis B. Loomer. The police recruiting campaign will be conducted in cooperation with the Nassau County Civil Service Commission, which is now accepting applications for the patrolman test schedule for April 23. The final date for filing completed applications for this test is March 15.

"Big Mo", a county police emergency truck will be on the road for the next few weeks to aid the recruitment drive. Manned by police personnel, who will answer questions about police work as a career, the truck will carry applications for interested young men, and will display photo-stories of processing, police applicants, police training, and various police duty assignments.
