Miss Brower, chosen runner-up to Miss Ingrassia from among 200 girls, is a sophomore at Hicksville High and is studying to be a home economics teacher. She is described as a statuesque 5 foot 7 inch green-eyed brunette.

## Summer Beach Home Owners Seek Eviction Delay Until Court Rules

The owners of 27 summer residences at Bayville, five of which are Hicksville families, are confronted with the prospect of eviction and demolition of their structures without compensation. The Town of Oyster Bay which for many years has leased property for the dwellings has since 1964 declined to renew the year to year leases claims the property adjacent to Centre Island Town beach on Long Island Sound is needed for "expansion".

Owners of the dwellings charge that town officials are taking harsh and unnecessary steps, that if the use of Centre Island beach was limited to township residents its use would drop off 75 percent, that a check of license plates last summer disclosed that three-quarters of the parked cars came from New York City, New Jersey and even Connecticut.

The Center Island Beach Taxpayers Association also questions the action of the town officials in granting recently a long-term lease to the Mill River Rod and Gun Club on the harbor, only a matter of feet from the cottages. They also charge that no town funds have been appropriated for the multi-million dollar development of a "Little Jones Beach" at Centre Island, utilizing the 800 or so of beach front in the area of the summer homes.

They also note that the town is permitting the use, without compensation to the town, of a beachhouse on the Harbor side by a college rowing team.

The first summer dwelling was said to have been built on the site 65 years ago. Some of the present owners have been in occupancy for 30 years or more. While the average valuation of the dwellings is said to average \$4,000, some have been appraised for as much as \$20,000.

The owners are being given the alternative of moving their homes or having them demolished by bulldozers, without compensation.

Eugene Hurley, attorney for the Centre Island Beach Taxpayers Association, is seeking to have the town delay destruction of the dwellings until the matter has been submitted for determination by the Appellate Division. In-

Copies of the detailed budget are being mailed to all residents by the Board of Education prior to the public hearing.

An accompanying message from the School Board notes that eight months of effort was devoted to preparing the fiscal document. Warning that the forecast of a precise tax rate is difficult with the state legislature still in session and the question of state aid for the new fiscal year still unresolved, the Board cautiously predicts a rate increase of 24.6 cents per \$100 and that the owner of a residence assessed at \$5000 would therefore pay an additional \$12.30 in school taxes.

The current rate is \$6.353 per \$100. Last year at budget time a rate increase to \$6.54 was tentatively estimated. When the Board met on Aug. 9 to set the tax rate, based on the final assessment as of Aug. 1, the official figure was 17.7 cents lower.

Of the total increase in the proposed budget of \$987,000, there is an increase of \$765,499 in monetary needs for personnel.

Another \$109,000 increase is due to the need for additional money for tuition to the Vocational Education Extension Board, the Cerebral Palsy School and the Abilities School, as well as other special classes. An additional 28 handicapped children's parents have applied for instruction outside of the district.

An item for the purchase of text books for loan to parochial, private and public school students in grades 7 to 12 who are residents of Hicksville appears in the

formed authorities see the possibility that if the lower court decision is reversed and the dwellings have already been knocked down, the owners for the value of their properties.

"We could understand the need for additional beachfront, including the property upon which our dwelling stand, if the present Centre Island beach were utilized fully by people of the Town of Oyster Bay," a spokesman for the residents said this week. "However, such is far from the case, as our surveys have shown. Further, well informed sources reveal that development of the area, as is now being planned, would cost the taxpayers upwards of seven millions of dollars."

## Tax Deadline Mail Pickup

Hicksville Postmaster Ralph Cascardi has announced that on April 15th, which is the deadline for filing New York State and Federal Income Tax Returns, a special collection will be made at 9:30 P.M. Only mail deposited in the boxes located in front of the Hicksville Post Office (both sides of street), in front of the Plainview Branch and Old Bethpage Branch Offices, will be collected.

## Public Hearing Apr 22:

# Bulk of School Budget Increase in Salaries

The Hicksville School District budget for 1966-67 will be the subject of a public hearing at the Senior High School next Friday night, Apr 22, and will be voted upon on Wednesday, May 4, along with the separate Public Library budget. With a total of \$13,449,500 for the gross school budget, the cost of operating the public schools will cost an additional \$987,000 in the coming year.

## Board Candidate Forum Apr 27

While no candidates have filed nominating petitions for four vacancies on the Hicksville School Board, the PTA Council has scheduled its traditional Candidate's Forum for Wednesday night, Apr. 27, in the Junior High School auditorium on Jerusalem Ave. William O'Donnell will be moderator. Apr. 20 is the final date for petition filing with the District Clerk.

Under transportation which adds up to more than a half million dollars, another school bus will be needed to carry Hicksville students to the new Holy Trinity High School on Newbridge Rd. which is due to open in September.

The school budget is broken down as follows: Central Administration 2.2 percent of gross; Board of Education 3 percent; Instruction, Regular Day school, 61.5 percent; Instruction, Special schools .7 percent; Transportation 4 percent; Operation and Maintenance of Plant 7.7 percent; Recreation .6 percent; Unallocated Expenditures 13.9 percent; Debt Service 8.9 percent; and Transfers .2 percent.

## Library Budget Ready

The Hicksville Public Library Board of Trustees have completed work on the budget for 1966-67. The budget figure is set at \$283,221.50, \$282.93 more than the defeated budget of May 1965. The budget, if approved, will enable the library to resume a full schedule of opening hours, restore the book budget to a reasonable level and once again offer special programming for adults and children, a spokesman said. In addition the library plans to remain open on four holidays: Lincoln's Birthday, Columbus

## Asst Principal Died on Tuesday

Religious services were held last night (Wed) at Henry J. Stock Funeral Home for Jane K. McGill of Hicksville, assistant principal of East St School, who died on Tuesday. Prior to her position at East St School, Mrs. McGill had been on the staff of other schools in the district.

The Rev Cranston Clayton, pastor of the Hicksville Methodist Church, officiated at the services. Interment will be in Coraopolis Cemetery, Pa.

Mrs McGill is survived by her husband, Thornton; a son, Thornton Jr; a brother, Charles Kilme; sisters, Mildred Baxter of Toronto and Margaret Marrow of Monaca, Pa; and grandchildren Thornton III and Debbie McGill.

Day, Election Day and Veteran's Day.

The estimated library tax rate is 28.2 cents per \$100, of assessed valuation, which represents slightly over \$1.00 a month for most families. Because of last year's budget defeats the library has been functioning with a curtailed schedule, a short staff and the smallest book budget in the last three years.

There will be a public informational meeting on the budget on Wednesday evening, April 20th at 8:30 p.m. at the library. The Library Board will discuss the budget and answer questions concerning the library program for 1966-67.

## Student Cast Ready for Opening

As the opening night of "Finian's Rainbow," Hicksville High School's musical approaches rapidly final touches are being made by the cast and crew.

The leading role of Woody is played by John McClain, a sophomore making his first appearance on the Hicksville High stage. Amy Brill another sophomore made her debut in Variety '65 last October. Amazing the audience by her graceful movements this young dancer promises to enchant her audience once more in the part of Susy in "Finian's Rainbow."

Pete Orton playing the part of Finian is a long time favorite of the school. Being active in all school activities he is Editor in Chief of the Comet, the school

newspaper, chairman of the student council, and captain of the varsity Tennis Team. Pete's last role was the part of King Claudius in Hamlet, the school's Senior Play last February. Beverly Kay, the star of Variety '65 has the leading role of Sharon. Her acclaimed voice promises to be at its best on the evenings of "Finian's Rainbow." Bob Hendrickson, long remembered for his splendid performance of Conrad Birdie in last year's musical "Bye Bye Birdie" has also appeared in many smaller roles on the Hicksville stage. He is presently playing the part of Og.

The leading five aren't the only talented people to be found on the stage on the nights of May 11, 12,

13, and 14. The chorus made up of a group of fine singers is made up of people like Tom Baynes, who will long be remembered and praised for his portrayal of Hamlet in the Senior Play. Another chorus member, Judy Schlegel, a senior has been in nearly every show since her sophomore year. She is most noted for her part as the mother, Mae Peterson in "Bye Bye Birdie".

New members to the cast group include Mark Lenetsky, acting as a geologist and dancing. Mark will be next year's Yearbook Editor.

With such a variety in the cast the audience can look forward to an enjoyable and memorable evening. Tickets will go on sale a week before the show at the High School ticket booth. Opening night is May 11.

## Dear Lynda

Dr. RICHARD THURER of Hicksville will take a bride Sunday afternoon in a ceremony in White Plains. JAMES PALM, jail cook, and ANDREW KURRAS, jail baker, both of Hicksville, received certificates for participation in a food handling program of Nassau Health Dept at the county jail. A new vacation club has opened its office at 380 Broadway, Jericho. Members pay a certain amount weekly and can take a 40 to 50 day glamorous holiday abroad. ANDREW LAURINO, director of the Kay Lore School of Beauty Culture in Hicksville, has earned the Boy Scout Silver Beaver Award from Suffolk County Council. CHARLES MASEK and GEORGE LOUCKS have been honored for 23 years perfect attendance at Hicksville Kiwanis Club meetings.

We hear very unofficially, there may be three full sets of four candidates for each of the four vacancies on the Hicksville School Board on May 4th. This could mean a total of 12 or more candidates in the field, probably an all time high. Next Wednesday, Apr. 20, is the deadline for filing candidate petitions, to get a place on the ballot. Starting the same day, you can register almost every business day (except Apr 27) until Apr 29 from 10 AM to 4:30 PM at the new School Administration Building, next to the senior high school. For information call WE 5-9000 ext 431. Those who are apparently registered will get post card notices. Hereafter if you vote within a two-year period (and do not move) you will be permanently registered and NOT have to re-register each year. The Hicksville Board has pushed for this change in state law more than five years and it has finally become official.

We regretted the passing of NICK MAVIS, former owner of the Rainbow Restaurant, on Apr 9 at the age of 74. Nick was a good friend of the HERALD in its early days and made a building he owned available as one of our first offices on Broadway. He was buried Tuesday in Flushing following requiem Mass at St. Ignatius Church. We see a new gas station is slated for Marvin Ave. and South Broadway, replacing an older one.

Sorry to hear that HARVEY SCHLITZER is back in North Country Community Hospital, Glen Cove. Another long-time store on Broadway has closed: Milleville Shoe Store on the east side between Nicholas and Marie.

The John Birch Society will present the film "Communism in Action" at the Hicksville Public Library, 369 Jerusalem Ave., on Wednesday, April 20, at 8:00 P.M.

An evening meeting of the Nassau County Federation of Republican Women will be held Thursday, April 14 at Republican Headquarters, 1051 Franklin Ave., Garden City, at 8 P.M.

## Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

A Drum Corps is only as good as the individual members of which it is composed. And although in marching and maneuvering competition there is stress on working together as a whole unit, each member must strive to perfect his own skills in order to give his or her very best to the entire unit. It is in the Individual-Quartet Contest that the individual member is given a chance to display his talent.

In a contest of this type each contestant selects a number which he feels will best display his ability. The number must be at least one and one half to two and one half minutes long and can be anything from "Bugler's Holiday" to "The Flight of the Bumble Bee".

Judging is based on military bearing, the difficulty of the selected piece and of course how well the piece is played.

This year the St. Ignatius Girls Cadet Corps is sponsoring its third annual Individual-Quartet Contest, SOUNDS OF SPRING. It will be held in the St. Ignatius School Auditorium at 3:00 P.M., Sunday, April 17. Donation is one dollar.

Peggy Halcott, who has competed in many individuals, has a slight cramp in her piano finger from writing invitations to competing Corps. Our advertising whizz, Katie Gomez, has her head swimming with names of Disc Jockies and newspapermen. Katie's an accountant by trade and a bugler at heart, but finds the advertising medium quite challenging. Our Color Guard Captain, Karen Morehouse, seems to be knee deep in meat ball recipes. It will be quite inter-

esting to watch Karen and the Color Guard putting their sabers to use cutting Sapienzas. The ticket committee is ably headed by our cool headed secretary from Claremont, Janet Dummer. All the above committees are carefully supervised (oops - I mean supervised) by our contest Chairlady, Janet Smith.

We are all trying our best to make this one of the most enjoyable contests of the season and are eager to share the fun and excitement, a competition of this kind can bring.

Once again your girls and the members of the Corps competing in their contest need your support.

## Honor Jewish Leader April 24

Rabbi Joseph Grossman, spiritual leader of the Hicksville Jewish Center, will be the guest of honor at an Israel Bond breakfast marking Israel's eighteenth anniversary on Sunday, April 24 at 10 A.M. in the Center, Jerusalem Avenue and Maglie Drive, Hicksville.

Announcement of the breakfast was made by Paul Waxman, Israel Bond chairman of the Hicksville Jewish Center. The event marks the opening of the Center's annual drive to mobilize Israel Bond investment capital to advance the economic development of Israel.

Waxman, in announcing the breakfast in tribute to Rabbi Grossman, said that special significance was attached to Israel's eighteenth anniversary because, in Hebrew, the characters for

"Of all the words in the Hebrew language," Mr. Waxman said, "few have so deep a meaning as does *chai*, a word which means both '18' and 'life.' The sacred books of the Jewish people are full of references to the word *chai* and an ancient symbolism attaches to the word in Jewish folk-

lore and history."

Rabbi Grossman, who lives at 6 Lawrence St. in Hicksville, will be accorded special tribute in recognition of his role as leader, guide, and teacher, and for his active participation in his efforts in behalf of Israel. Prior to assuming the pulpit here, Rabbi Grossman occupied the pulpit of Congregation Beth Israel of Salisbury, Maryland. He also

occupied the pulpit of Congregation Ohel Shalom in Salem, New Jersey.

## EDITORIAL OPINION

### Not Fair To Voters

The state education law prescribes that persons who seek election to the Board of Education must file their nominating petitions not less than 14 days prior to the voting date. This figures out to Apr 20 this year.

There has been a tendency in recent Hicksville School Board elections to wait until the very last day to file petitions. Thus the voters barely have the opportunity to become acquainted with the aspirants and to evaluate them.

In fairness, it must be noted that the incumbents whose terms expire have made known their positions. Two are not seeking re-election and two are. President Herbert H. Johnsen said a year ago, when he was named presiding officer of the Board, that he would not seek a fourth three-year term. On the other hand, John McManus when he was appointed to fill out the balance of the year for a member resigned said he would be an active candidate for a full term.

Two other candidates were disclosed last week, although as of this writing no petitions have been filed. Library Trustee Joseph McCarthy will seek re-election for a five-year term.

There is currently a bill in Albany introduced by Assemblyman Martin Ginsberg of Plainview which would increase the time required for filing and it is to be hoped that it will become law. A Hicksville civic group some years ago, led by Irwin Goldman, was successful in getting the filing period extended from 11 to 14 days.

It is an unfortunate fact of local politics that the earlier a candidate announces, the sooner he is expected to start campaigning. On the other hand, virtually unknown late filers seem to enjoy an advantage at the polling places. Voters seem to reflect: "Well, I know him, so let's try this late arriving unknown. He can't be any worse and may be better". This attitude, of course, is powerful ammunition for those who would eliminate school board trustee elections and make such designations by appointment. And eventually, another sliver of "right of choice" will be abolished by default on the part of the voters.

A filing as late as Apr 20 allows but one edition of the community press to present the candidates and their views. There is no opportunity for rebuttal of last minute charges and allegations, many of which are disproven by detailed study AFTER the voters have made their decision.

In the absence of a longer required filing period, forthright candidates should impose upon themselves a more reasonable date upon which to announce their intentions. -fjn.

### It Depends on the Numbers

Plans to widen Sunrise Highway to 14 lanes cutting thru South Shore communities with an estimated \$62.2 million loss in business and homes caused such a storm of protest that the project has been shelved.

At the same time, a plan to widen Broadway thru the heart of Hicksville to six lanes with an unestimated loss in business and taxable property values which could run into millions has attracted scant attention.

## Long Island Trends

A report of the Nassau and Suffolk Planning Depts notes that while passenger registrations in Nassau were up 14 percent in a five year period and up 33.1 percent in Suffolk, the number of L.I. Rail Road Commuters increased by only 6.7 percent and the volume of revenue bus passengers declined -0.6 percent.

Comparing 1964 and 1965 it is found LIRR commutation passengers declined two percent and Nassau revenue bus passenger figures registered a 4.1 percent.

## Up in Albany

The New York state legislature was in session for 168 days last year (a new record) and saw the introduction of 10,-

916 bills (another record). By mid-March, with the current session underway 70 days well over 10,000 bills had been submitted. Observers said the legislators still had the bulk of their work ahead of them.

Particularly hardpressed at this time are local Boards of Education who are attempting to forecast tax rates on budgets going to public vote the first week in May without a clear-cut view of how far the state will go on financial aid to local districts again this year.

## Down in Washington

Congressman John W. Wylder continued to call for an "end to inflationary spending" reporting "public rumblings of dissatisfaction with war and inflation are being heard in the land. This public protest is evident everywhere". Noting that it is spring and tourist time, Wylder looks forward to greeting residents of his Fourth Congressional District visiting Washington. He would appreciate knowing of plans several weeks in advance so that he can arrange tours and passes.

## Fire Safety

Nassau Fire Marshall Peter E. Lynch called upon fire departments to coordinate their Spring Clean-Up efforts with those of local municipal governments.

On another front Lynch announced the promotion of "Operation Edify" in Nassau (Exit Drill in the Home) which has proven successful in Midwestern states. Youth organizations in the County with 90,000 boys and girls as members will be asked to join the program which will climax on Tuesday, Oct. 11, during Fire Prevention Week.

## Guide to Courts

The Dept. of Public Information and Education of the Supreme Court, Minors, is distributing a booklet "A Guide to Your Courts" which gives a brief description of each of the departments comprising the judicial system in Nassau County including Supreme Court, Surrogate, Family Court, County and District Courts. Related departments outlined include District Attorney, Sheriff, Commissioner of Jurors, Law Library, Probation Dept.

# The School Board Presents The Hicksville School District Budget

## To the People of Hicksville:

Your Board of Education on the following pages presents the results of some eight months of diligent effort -- the budget of the School District for the fiscal year starting on July 1, 1966 and concluding on June 30, 1967. This budget is respectfully submitted for the approval of the qualified voters on May 4th, 1966.

Many portions of the school district budget are mandated by law and cannot be altered. In those areas where the Board of Education has some control and jurisdiction, the trustees have honestly and sincerely attempted to continue a posture of economy while providing our children with a fine education.

The continuing failure of the New York State Legislature to act upon certain measures which will have a determining effect makes it impossible at this date to forecast with certainty the exact tax rate for the coming

year. However, anticipated revenues at this point would indicate a rate which will be 24.6 cents per \$100 of assessment more than the current rate on the basis of the proposed gross budget of \$13,447,500. The owner of a residence assessed at \$5,000 would therefore pay an additional \$12.30 in school taxes as compared with the current year.

You are cordially invited to a public hearing upon the budget schedule for Friday night, April 22, at 8:15 PM in the Senior High School on Division Avenue when we will attempt to answer your questions.

Total Increase \$34,959.00

This increase is due to \$10,213.00 for salary increments and salary scale changes for 34 people. It also includes \$23,600.00 for the establishment of an additional position for Vocational Education. It further includes \$20,000.00 in order to create some of the recommendations of the Flanagan Report. The increase is partially offset by a decrease of \$18,854.00 due to services no longer required and the elimination of a position in the Business Office.

An additional \$109,000 is needed for higher tuition rates and increased requests for services for handicapped children and vocational students. \$40,000 represents the parochial textbook needs as required by New York State Textbook Law.

The remaining amount reflects textbook and supply needs resulting from inventory and for curriculum changes.

## Overview of Hicksville School District Budget

### Personnel

The proposed school budget for 1966-67 reflects a need for additional funds. This amounts to \$987,000 and it probably means to the taxpayer an increase of 24.6¢ per \$100 of assessed valuation.

Although the budget is itemized by function and objects, and although each function is defined and reasons given for increases or decreases, it might be helpful if we cut across these functions for a clearer picture of the need for a higher budget. For example, we see 10 functions itemized. Each function contains personnel with the exception of 800. This personnel, instructional and non-instructional, spread throughout the budget, as required by the New York State coding system, calls for an increase of \$765,499.

A closer examination shows that of the \$765,499 increase, \$183,650 is for normal progression on salary schedules for all types of personnel employed, and that \$394,665 is due to change of salary schedules for teachers, administrators, coaches, custodians, maintenance people, groundsman and clerks. These new scales have been adopted by the Board of Education after long discussions with the various associations in liaison meetings. Whereas the Board of Education has the responsibility to the citizenry of providing the best possible education for the young and old, it also has a responsibility to the instructional and non-instructional personnel of the district that educate and serve your children.

Thus, salary increments and scale changes account for \$578,315 of the \$765,499 increase in monetary needs for personnel.

Although Hicksville will reduce its number of elementary classroom teachers by four, it will need additional staff at the secondary level. The budget proposed adds the following instructional staff: art (1), biology (1), foreign language (1), citizenship education (1), guidance counselors (3), vocational counselor (1), nurse (1), administrative assistant (1), remedial reading teachers (5), home teacher (1), driver education teachers (2). In addition, the budget proposes for the non-instructional staff clerks (2), supervisor of operation (1), Machine operator (1). The total increase for all instructional and non-instructional staff amounts to \$187,184. Thus for salary increments, change of scales and additional personnel the total cost is \$765,499.

Related to personnel are fringe benefits and mandated retirement costs, social security, workmen's compensation. This amounts to an increase of \$132,664.

The salary changes brought about by increment are mandatory for the most part by law. The change of scales was sorely needed since the career teachers' cumulative salary earnings for Hicksville rank from 41st to 45th out of 56 districts in Nassau County. The increased instructional staff is needed to meet the educational needs of our children.

### Tuition

The second greatest demand for additional monies is tuition to the Vocational Education Extension Board, the Cerebral Palsy School, and the Abilities School, and other special classes. Next year we expect to send fifty-three more children to V.E.E.B. and other districts for vocational training. Another additional twenty-eight handicapped have applied for instruction outside of our district. The increased tuition costs and the intensified demand for service increase our budget by \$109,000.

### Text Books

The New York State Textbook Law requires that we loan textbooks to parochial, private and public school students in grades 7-12 that are residents of our community. In 1967-68 the state will reimburse the district up to \$10 per child for these purchases. The proposed budget contains a request for \$116,877 for textbooks for grades 7-12. This represents an increase of approximately \$55,000. Of this amount \$40,000 is intended to purchase texts for children attending parochial or private schools. We have approximately 1162 children in grades 7 through 12 attending these schools. The cost is estimated at \$25 per child for grades 7 & 8 and \$45 for a child in 9 through 12.

### Transportation

Transportation costs have risen \$23,606 as a result of increased cost for handicapped children and due to the need of transporting some of our students to the new Holy Trinity High School. An additional bus is needed for this transportation.

The rest of the budget increase is made up of instructional supplies, interscholastic sports, short term borrowing, and curriculum work.

Decreases in building equipment, services, educational equipment, consultant fees, and staff, provide a decrease of over \$150,000, giving us a net increase of \$987,000.

### Austerity

Each year about this time inquiries are received about an austerity budget.

It is asked what happens if a community cannot agree and an austerity budget is forced on a district. In order to help the people understand the questions, it was discussed with the State Education Department. The following items and services would be eliminated: library books, recreation, school lunches, interscholastic sports, elementary textbooks, all capital outlay, all instructional supplies used by children, adult education, summer high school and summer elementary school, and all additional non-instructional personnel. Groundsmen would be cut to a bare minimum which would make it impossible practically for groups to use school grounds. Transportation would be permitted only for elementary children living 2 miles from school and for secondary children living 3 miles from school.

The recent findings of the survey conducted by the American Institutes for Research indicated Hicksville children in standardized tests measured between one and two years ahead of norms. On the Project Talent tests the 9th graders exceeded the national norms by one to two grade levels on all of the tests used. It was also established that our children were doing better than should be expected by comparing them to children with like aptitudes. It was further established that on its socio economic index quality measurement of the New York State Education Department, Hicksville students performed better than the average of other districts in New York State having the same quality of students. In fact, Hicksville outdistanced these similar districts by 1/2 a grade level.

I ask you, the taxpayer, to continue to support your schools and children and give them even greater opportunities. I urge you to vote YES for the proposed 1966-67 budget.

DONALD F. ABT  
Superintendent of Schools.

Cadets are directed by George Lewis.

The Communion Breakfast Chairlady is Dolores Shea and she is being ably assisted by Mary Dorker, Mary Higgins, Bridget Lawrence, Florence McHale, Irene Mahon and Terry Mammix.

## We can save you enough on an auto loan to buy you gas for a year.

We'll prove it in dollars and cents. On a \$3,500 car loan, First National City can save you \$223 over many other financing plans.

And \$223 will buy you almost 700 gallons of gas, or enough for just about 10,000 miles of driving.

On a \$2,500 loan, of course, we'll save you less. Maybe only \$160. But then, you won't be using as much gas with a smaller car.

How come you save so much with First National City auto loans? The rate. Only \$4.25 a year for each \$100. And we'll stretch out the payments to suit your budget. You can take up to 36 months to pay us back.

What else can we do to make an auto loan easier for you? Well, there's the Finance-in-Advance plan we invented. You can arrange for the loan before you go shopping for the

car. You know exactly how much you have. (It's like having cash in your hand, and cash in the hand is bargaining power when you're car shopping.)

Come in to any First National City branch and tell us how much you need for a new or used car. We can work it out. We make more than twice as many auto loans as any other bank around.

The old player pianos of the 1920-1930 era are coming back in popularity. We've been hearing them advertised on the radio quite frequently and now we found that they are being given away as grand prizes in the USG Ceiling Tile drawing. All you have to do to enter is fill out an entry blank in Newbridge Paragon Lumber on the corner of Old Country Road and Newbridge Road. There are no jingles or statements to write and no purchase is necessary to win. Prizes will be awarded on the basis of a random drawing conducted by June 15. All winners will be notified by mail within one month after the drawing. Included with the player piano are twenty-five piano rolls. And if you don't win the piano you still have a chance to win a banjo, guitar, ukulele or harmonica!

But that isn't all that's happening at Newbridge Paragon Lumber. Many, many items are on sale in their Spring Festival of Values. Now's the time for the handyman to buy his unpainted furniture or the gardener to buy that badly needed rake or shovel. Also paints, plywood, ceiling tiles, panels and much more are on sale. That's at Newbridge Paragon, 197 Old Country Road, Hicksville. They're open every night until 5:30, and until 8:00 on

Thursdays and Fridays.

The commuters who pick up their daily papers at Savon Stationery will be glad to hear that Tony Conger, owner of Savon, has plans to install coffee facilities in the near future. Savon Stationery has been at its present location at 2 North Jerusalem Ave. (right near the railroad station) since February of this year. Previously the store was located in the Sutter Building on Herzog Place for six years until the building was gutted by fire two years ago. Currently, Tony is offering a discount of 20% on many items. Included in the money-saving offers are all drug items, cosmetics, toiletries and toys.

In a change of dividend policy, Central Federal Savings and Loan Association has announced that dividends at the rate of 4 1/2 per cent a year will be paid and compounded quarterly, commencing with the quarter beginning July 1, 1966. The \$89 million association, with offices in Hicksville and Long Beach is currently paying 4 1/2 per cent a year dividends semi-annually. Dividends are earned from day of deposit. Last year, dividends declared by Central Federal amounted to nearly \$3 million. The move to quarterly compounding will provide savers with increased earnings, and, with the

more frequent payment of dividends, a greater convenience in the availability of dividends for withdrawal, according to Theodore Ornstein, president.

## Operation VFW

William M. Gause, Jr.  
Post No. 3211  
by Eddie Klebing

The Veterans Administration reminds veterans with service-connected disabilities that they have less than one month, in fact just about two weeks, to renew their lapsed GI insurance policies.

The law allowing these veterans to reinstate all or part of their GI insurance, which has lapsed or which they failed to purchase during active wartime, expires midnight May 2, 1966. Applications together with the first month's premium must be received by the VA by May 2 or must bear a postmark before midnight May 2 to be acceptable. V.A. insurance director, Herbert F. Moore, told Congress recently the agency expects to reissue no more than 150,000 GI insurance policies by the closing date of the program. He said this was a disappointing total in view of the fact that 3.3 million veterans were qualified to apply.

So, all you qualifying veterans

who want to reinstate your GI insurance, but haven't got to doing so better get hopping --- on the double.

Several weeks ago we reported on a fact sheet, available from the Army Times Service Center, dealing with the benefits of the new GI bill. Since then more than 20,000 requests for information about the new bill flooded the Service Center in what could be the most popular benefit ever enacted for the veteran.

For those young men in service and the young veterans of our community, or any interested person in fact, we would like to repeat the address where a summary of the benefits under the new GI bill can be had simply by

writing. Include in your request a self-addressed, stamped long envelope and mail it to: Army Times Service Center, 2201 M. Street, N.W., Washington, D.C. 20037.

Recently, there have been several inquiries from widows of World War I veterans asking if they are eligible for benefits from the VA. The widow of a World War I veteran may be entitled to a non-service connected pension if her income from all sources, including Social Security payments is less than \$1,800 a year without dependents or under \$3,000 with dependents. Application for this type pension can be made at the nearest regional VA office.

## Library Corner

Libraries throughout the United States are celebrating National Library Week April 17 to 23. It is a most appropriate time to pause a few minutes to consider what libraries mean to all of us. A library influences our lives from infancy to old age. It can be the center of information; inspiration and a deep source of pleasure for all; or it can be a limp and palid institution exerting little influence in the community and housing a collection of obsolete and inadequate material. At its best it is an efficient, economical operation consisting of books, films, recordings and reference material necessary for all who wish to fulfill the responsibilities of family life, a career, and good citizenship. Libraries are not expensive, but they need a measure of community recognition, appreciation and support to perform their proper function.

The Hicksville Public Library is presenting several special

programs to celebrate National Library Week and to observe another important event, the Library's 40th birthday. On Tuesday, April 19th at 4:15 p.m. there will be a special story hour for children from 6 to 10 years old. That evening (April 19) at 8 p.m. the Library will present a film program for adults and young adults that promises to be most interesting. It will be in four parts. The first is called "Calders Circus". It is in color and records the sculptor, Alexander Calder, putting on a performance for his friends with his own miniature circus consisting of performers and animals fashioned from wire, metal and cork. The second is called "The Fifth Freedom". This film concerns a small library, showing services and behind the scene activities. The curiosity of an impish eight year old girl adds a light touch. Next is a color film called "What is a Painting?" It explains some principles which underlie great

works of art using the work of Braque, Degas, Mondrian, Whistler, Leonardo DaVinci and others. It is written and narrated by John Canaday. The final offering in this program is a film about Robert Frost's poetry. It shows the beautiful Vermont countryside in color as a background to Frost reading his poetry.

On Thursday, April 21st at 4:15 p.m. there will be a program for children of all ages. It is called "A Trip to Disneyland", consisting of colored slides of this famous place.

Sunday, April 24th at 3 p.m. the Hicksville Public Library Assoc. is presenting a show which the whole family will enjoy, it is the Spring Concert of the Hicksville Recreation Madrigal Singers and Recorder Consort under the directing of Mr. Charles Arnold and Mr. Gerald Burakoff respectively. These two musical groups have made an enviable name for themselves in the short time since their inception. They will be remembered with pleasure by those who heard them at the Library's Dedication program last November.

## Spread Spring Clean Up Period

Annually, when Spring arrives, the Town of Oyster Bay alerts its more than 325,755 residents to "Spring Clean Up."

This year the Town has improved its rubbish pickup service so that special collections, area by area, will not be necessary, according to Councilman Edward J. Poulos, Town Board Majority Leader.

James A. Gilderaleve, Director of Sanitary Services, said that the new pickup service will help people in their spring clean-up efforts. Under the recently adopted sanitary ordinance large accumulations of waste material may be collected at any time if the homeowner notifies the sanitary department at WA 1-0893. Townsmen were urged to carry out their usual spring clean-up and notify the collectors whenever ready for the bulk material.

Phillip F. Robinson, Hicksville attorney, was recently elected a director of The Protestant Lawyers Assoc. of Nassau County.

## Cum Laude Graduate

## Spring

Today I couldn't find fault at all, Each grievance seemed so very small, My personal gripes don't mean a thing, Because you see, today is Spring. The sun sends forth its healing glow, Somehow you just have to know, All winters' troubles will disappear, Now that friendly Spring is here. Cookies' smile is all that's charming, The children's noise seems less alarming, Nothing seems to matter when, You know that Spring is here again. The women flaunt a bloom that's new, And even natures looking pretty too. Of course that's easy to explain, It's just because it's Spring again!
