He was the only four-time chief in the history of the volunteers and was greeted by his non-in-laws, both ex-chiefs and fire commissioners, Vincent Braun and Charles Saurer.

Ex-Chief Specht was chairman of the committee in charge assisted by Robert Courtieri, J. Bergin, Walter Tolander, Larry Ruttle, Joseph Braun, Theodore Wicks, Doug Jones, Harold Hawthornst, Vincent Braun, Medard Offenloch, Harold Manaskie and Charles Saurer.

TEACH Endorses Pair for Board

The Taxpayers Educational Assoc. for the Children of Hicksville announces that it has endorsed Evelyn Silver and Harry Kershen as its candidates in the forthcoming school board elections.

Mrs. Silver, 13 year Hicksville resident, has two children in the public schools and has served for several years in various capacities in the Fork Lane P.T.A. and as leader of a H.W.'s group. She has been active in school and community affairs and participated in the several school board campaigns. A past member of HOPE (a Hicksville educational organization no longer in existence), Mrs. Silver helped to found T.E.A.C.H. and is presently serving on its executive board as treasurer. Mrs. Silver is employed as a manager of Grover's Service in Hicksville.

Harry Kershen, 15 year Hicksville resident, has three children in the Hicksville public schools. He is employed as an elementary school teacher for homebound and handicapped children in Levittown. Holding both a B.S. and M.A. degree in Education, Kershen is doing further graduate work at Columbia and is the recipient of two National Science Foundation Awards for further study in the teaching of science. He has long been active in Boy Scouts and as a coach in Little League and soccer. He has served on the Advisory Committee to the Levittown School Superintendent and is a member of the T.E.A.C.H. executive board.

Four Vacancies May 4:

Ten Candidates In School Races

When the deadline for filing petitions for vacancies on the Hicksville Board of Education was reached, Wednesday, it was found that eight men and two women will be soliciting public support in their bid for four positions on Wednesday, May 4. They are all being invited to a candidate's forum at the Hicksville Junior High School next Wednesday night.

Apparently three teams of candidates, only one of which is seeking all four seats are entered plus one un-sponsored individual. Joseph Mc Carthy has no opposition in seeking re-election for a five-year term as a trustee of the public library.

First to announce were the candidates of UNITED: John J. Mc Manus Jr. and Cornelius J. McCormack incumbents; Harold Sternberger and Conrad M. Kreyling III.

TEACH announced its endorsement of Evelyn Silver and Harry Kershen.

A new group, GEET (Good Education and Economy Too), came out for Florence Infantino and George Martin, both who have been unsuccessful candidates in the past, and John F. Nelson.

A petition was also received, late Wednesday, for Peter Scintino of 9 Gardner Ave. Up to that moment it had appeared as those McCormack would have been unopposed for his third three-year term on the Board. No information regarding Scintino was received by the HERALD at press time.

The two female candidates will not be running against each other. Mrs. Silver will be contesting with Martin and Kreyling. Mrs. Infantino will be running against Sternberger. Pitted against each other for the seat of Herbert H. Johnson, who is not seeking re-election after nine years on the Board, will be Kershen, Mc Manus and Nelson.

TEACH and UNITED in their statements indicate support of the School District Budget which also goes to vote on May 4th. GEET issued no flat out position.

Candidates' Forum

The Hicksville Council of PTA will sponsor its annual forum to present all candidates for the open positions on the School and Library Boards on Wednesday Evening, April 27, at 8 P.M. in the Auditorium of the Junior High School, Jerusalem Ave. and 4th St.

A question and answer period will follow presentations by each candidate. Brief rebuttals by the candidates will complete the program.

All parents are urged to attend this meeting and to vote in the annual School and Library Board elections on May 4th.

Four United Candidates Include Two Incumbents

A slate of four candidates for the Hicksville Board of Education, including the two incumbents who are seeking election, is being recommended to the voters on May 4 by UNITED. While campaigning as a team of candidates interested in promoting public education in the community in the service of the children, each man insists that he is an individual reserving the right to cast his ballot upon issues as he sees them.

Cornelius J. McCormack of 27 Boxwood Lane is the veteran Board member, seeking his third three-year term. He had previously been a successful candidate aligned with former President Jerry Zettler and current President Herbert H. Johnson who is completing his ninth year on the Board and is not a candidate this year.

John J. McManus of 62 Lehigh Lane was appointed to the Board, unanimously, last summer to fill the vacancy when James Anderson resigned a month after taking office. Anderson moved from the community to ask a new business position in the mid-West. He will be a candidate for the Johnson three-year vacancy.

Harold Sternberger of 229 Princess St, long active on school district advisory committees, is a candidate for the three-year Irving Lawrence vacancy. Lawrence is completing his first three-year term on the Board and will not seek re-election because he plans to move from the community.

Conrad M. Kreyling III of 2 Tanager Lane, three years a director of the Fork Lane School PTA, will be a candidate for a two-year term to fill the vacancy

caused by the resignation of Anderson.

Kreyling said this week that he moved to Hicksville five years ago, after a careful study of many Long Island communities, be-

GEET Names 3 Candidates

The name was new but at least two of the candidates of GEET, seeking election to Hicksville School Board, were no strangers to the district voters. Both Florence Infantino of 10 Pine Court and George M. Martin of 42 Hunter Lane has previously under sponsorship of other groups sought election to the school board.

John F. Nelson of 8 Loretta Lane is the third candidate. A resident 15 years, he and his wife, Mary, have six children. Employed as a regional sales manager by Speed Queen Atlantic Co., he attended NYU and majored in business administration. He is a chairman of Boy Scout Troop 91.

Mrs. Infantino is an eleven year resident, a registered nurse, a graduate of Starkloff Memorial Hospital, St. Louis. She attended St. Louis University. She and her husband, Anthony, are the parents of two elementary school children.

Martin has been a Hicksville resident seven years. He and his wife, Arlene, are the parents of four children. He is a sales representative for Guardian Life Insurance Co, has studied at CCNY, Queens College, NYU and Hofstra.

HICKSVILLE TEEN AGE REPUBLICAN CLUB officers were installed Friday night at the Old Country Manor by Oyster Bay Town Republican Leader Michael D'Auria. From the left are Jay Schwartz, Hicksville Republican Leader; D'Auria, President Steve Saretto, Vice President John Coffey, Secretary Sandie Schwartz, Treasurer Gary Hubbs and Council Delegate Doug Spadaro. Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

Last Sunday we had a busy day. We started it off with a drill rehearsal at Cantigue Park at which we finished learning the first maneuver of our new show for this year. After kicking up the dust for two hours, we rushed home to scrub our feet and get ready for our contest. It was hard to believe that the girls in their Easter finery had just been out in shorts and dusty sneakers, when they now assembled as charming hostesses for the competing corps.

From 3 p.m. on, things were hopping! Eager and nervous contestants arrived, some from as far as Little Falls, New Jersey, and others as close as Bethpage, from the Colonials. Soon, they appeared backstage ready to compete. We had a variety of so-

pranos, baritones, french horns, brass quartets, and drums. Two of our girls played between contestants. Nancy Smith, a snare drummer, played "The Three Camps", and Peggy Halcott played her baritone solo, "Stardust" which has won her several medals this year.

Meanwhile, downstairs in the kitchen, the aroma of delicious sauces attracted all the hungry to our meatball heroes. During the intermission little red barretts appeared on stage as our Junior Corps put on a show for the audience, which proved that they are set for this coming parade season. And, as the end of the contest drew near, we got into uniform and prepared to make our debut for the 1966 competition season, with our new and improved music, including "My Little Girl," and a jazzy rendition of "My Baby Just Cares for Me." We were excited as we went on, for in the audience were several people against whom we will be competing this summer. However, as the applause rang out, we knew that we had made a good impression, and we are sure that anyone who comes to our performances this year will be well pleased with the show.

How about coming out next Sunday, April 24, to see us at Cantigue Park. We are having an afternoon rehearsal, so bring the little ones to the park and stop by to see us in the Northeast corner. We'll appreciate your encouragement.

Mothers to Hear Guest Speaker

The St. Ignatius Auxiliary of Christian Mothers will hold its next meeting on Monday, April 25th at 8:15 P.M., in the parochial school auditorium. The guest speaker will be Rev. James McDonald, the Co-ordinator of the Family Life Program in the Brooklyn Diocese. In his talk on the guidance of children, Father will emphasize the importance of correct sex instruction for children and the proper treatment of sex related problems.

Recently inducted as a new member of the Hicksville Rotary Club was Joseph DePaola. Freeman Parr officiated.

EDITORIAL OPINION

The School Elections

The Hicksville School District election of four trustees on May 4th is probably one of the most significant in recent years. With four out of seven seats to be filled, the voter can well help determine the future policy of the school board and our educational program for years to come.

Of the candidates known to us, there are four men who merit the support of the community. In this current day when there appears to be such a dearth of capable people willing to undertake the thankless role of trustee, Hicksville is indeed fortunate to have such men as Cornelius McCormack, John McManus, Harold Sternberger and Conrad Kreyling willing and ready to serve.

As for the others who may seek voter consideration on May 4th, they have either failed to alert the community as to their backgrounds and intentions within a reasonable period for evaluation or by demonstration of interest, or have proven themselves unworthy of serious attention by reason of identity with irresponsible (bordering dangerously on dishonest) allegations and insinuations.

The general lackadaisical attitude of many who have the right and privilege to vote and decide, failing to take the most elementary steps to keep themselves factually informed, provide a fertile territory for those who would charm with warped and twisted segments out of context with a view to causing alarm, generating fear, stimulating hasty and misplaced concern.

The very people who piously claim they never involve themselves in smear campaigning, stoop to lies and weave their webs of distortion as they make wild assertion.

McCormack and, for a shorter period, McManus have proven themselves as members of the Board of Education and obviously deserve election if they are willing—and they are. Sternberger is well-known to many of us as a public-spirited citizen who knows the task and is willing to give it his time and energy. Kreyling is not as well-known to us, but his neighborhood activities indicate his willingness to serve and we are impressed with his range of specialized experience, in the business world by which he can contribute to the big business of directing our school system.

We recommend your vote for McManus, McCormack, Sternberger and Kreyling as Hicksville School Trustees on May 4th.

We Were Just Thinking....

DOWNTOWN BROADWAY, Hicksville, is dying... but we can vividly recall those days when the sidewalk between the L.I. Rail Road and Nicholas or Cherry St. were actually crowded with pedestrians, women with baby carriages. Remember when Saturday night was THE shopping night and the stores were open until at least 11 o'clock? The farmers came in with their families. Dad went to the barber shop and swapped stories about prices at The Market and other yarns while the women went to their favorite stores and loaded up.

While traffic by motor vehicles along Broadway continues to get heavier and heavier, the curb space increases and the sidewalks are almost deserted. Scraps of newspapers swirl in the dusty breeze around the doorways of empty stores, windows littered with going out of business signs.

COULD WE HAVE DONE ANYTHING about it? Some tried, at least, to postpone the day. The parking fields came after the shopping centers were built. Dozens of field representatives checked the community, many came to our office, asking questions about population, income, etc. They declined loyally to name their employers but they came from the big retail chains and were interested. They looked at the traffic congestion, ancient buildings and signed leases in Plainview and elsewhere.

Some who were concerned petitioned the town fathers and eventually they got action — when it was too late. Today the parking fields, except those near the rail road depot, are empty.

There were some imaginative proposals and one which we were pleased to give considerable space was the work of a group of advanced students of Cooper Union. They took Hicksville as it existed at the time (about ten years ago) and designed some marvelous structures such as a rail-transportation center (which would replace or supplement Jamaica station), a civic center which would have been ideal for the seat of town government (rather than continued patch work expansion of a towering building in a way off-center back-water north shore hamlet).

We were interested to learn by accident, only recently, that the choice of Hicksville for this elaborate plan was that of Caleb Hornbostel, currently a member of the Hicksville School Board who was an architectural teacher at Cooper Union at the time.

IT IS NOT OUR INTENTION to harken to the good old days just to weep for what has been or never happened. We propose to review phases in the community background, some of which are as recent as five years ago, which have not come to the attention of an astounding large percentage of today's population. It has been said that we can all profit by our mistakes.

Casey to Make Primary Race

William J. Casey of Roslyn Harbor, candidate for the Republican nomination of U.S. Congress in the Third District, today made the following statement: "I am categorically reaffirming my decision to enter the Republican primary for the office of U. S. Representative from the Third Congressional District."

Members of the press have been told and reported that Town leaders have asked County Chairman Speno to ask me to withdraw from the Congressional race.

"First, by law the right to select a nominee for office belongs to all the enrolled Republicans. That's the purpose of voters identifying their party preference at registration. The action of the Convention is purely advisory. No member of the Committee or the party rank and file is in any way bound until the people speak at the primary."

"Second, it comes with particular ill grace from Clinton Martin to ask County Chairman Speno to pressure me to withdraw. He now seeks to deprive the enrolled Republicans of the right to select the nominee, which

opportunity belongs to them by law. Martin practiced bossism before the convention in forcing endorsement at small meetings against the spirit of the secret ballot. Now he's trying to practice bossism with the voters."

"Third, it is manifestly unfair to lay any disruption of Party harmony at my doorstep after Derounian has repeatedly stated his firm intention to go into a primary if the Convention failed to endorse him."

"Finally, Republicans in the District deserve a chance to express themselves on what kind of representation they want in Congress."

"I reiterate my decision to give them that chance. The voice of Republicans will not be stifled. I believe they will repudiate Boss Martin and his man Derounian. The cause of progress will be served; and, with every strength I can give, I will carry that banner of honor forward in the days ahead."

60 Nurses Here For Seminar

The rights and privileges of hospital patients were reviewed recently by 60 nurses from eight Long Island hospitals at a seminar sponsored by Central General Hospital, Plainview, as part of a continuing public service program of the Accredited Private Hospital Association of Nassau-Suffolk, Inc.

The patient should understand the probable consequences of his treatment and generally must give his consent to any operation, the nurses were told by Bernard D. Landau, of Plainview, partner in the law firm of Hayt and Hayt.

Consent by a parent or guardian of patients under 21 is re-

quired, except in an emergency or if the patient is married or living away from home and is self-supporting, in which case he may be considered "emancipated," Landau added.

It was revealed at the seminar that the "Good Samaritan" law, which gives physicians certain legal protection in connection with care given at the scene of an emergency, now applies to nurses.

New Sanitation Law for Town

A citizens committee appointed by the Town Board in 1964 has proposed a comprehensive sanitation ordinance for the Town of Oyster Bay, according to Councilman Edward J. Poulos, Town Board Majority Leader.

The proposed ordinance will be on the calendar for a public hearing at Town Hall, April 26. It will supplement the Waste Disposal Ordinance which was adopted by the Town Board on November 9, 1965.

The study committee, chaired by Councilman A. Carl Grunwald of Hicksville included Irwin Goldmann, President of the Hicksville Chamber of Commerce; Robert Brooks of Hicksville, President of the Mid-Island Civic Assoc. and others.

The existing Waste Disposal Ordinance regulates carters handling offal, garbage, refuse or rubbish of any kind while the proposed new ordinance spells out regulations for residential handling and collections.

Waste materials are defined in detail so that the people may know the uniform rules. Garbage will be collected three days a week on days designated by the Board and hours designated by the Superintendent of Sanitary Services. There will be no limit on the number of containers not exceeding 30 gallons or 75 pounds in residential areas. Business areas will be permitted 10 such containers or bundles with a maximum weight for any one stop set at 200 pounds. There are no limitations applied at schools whether private, public or parochial; firehouses, houses of worship, public libraries, municipal buildings, veterans and fraternal buildings. Public schools will pay a \$5 a ton incineration charge. Rubbish will be collected on one day a week as designated by the Board and during hours designated by the Superintendent of Sanitary Services. Rules as to container weight and numbers and collection limitations are the same as for garbage. Garbage and rubbish must be placed in watertight containers, kept covered and maintained in a sanitary condition by periodic cleaning.

Bulk items of both kinds of waste will be picked up only by

arrangement with the Sanitary Services headquarters which will provide for a special pick-up as soon as practicable. Bundles of rubbish such as lumber and trees, may not exceed four feet in length. The proposed law prohibits placing of either garbage or refuse at the curb before 7:00 P.M. on the evening before collection. Shopping carts on public highways will be picked up, deemed to be junk.

"Flag picking" will not be permitted, which includes individuals collecting metals, newspapers or other special items from waste containers while awaiting collection.

There will no longer be doubt as to when there will be no collections. There will be none on Sundays, Washington's Birthday, Lincoln's Birthday, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving Day, Election Day and Christmas Day.

The ordinance specifically requires land owners to keep the land free from ashes, rubbish, garbage, grass cuttings, leaves and other waste materials. Disposing of such material on a vacant lot is prohibited.

Violators are subject to fines not to exceed \$50 or 10 days in jail, or both, for each offense.

In The Wind

By Dan Carroll

Not many people have really enjoyed getting a haircut. Ordinarily it's one of the most boring chores to be performed. You sit there trying to sleep or read while the barber putters around making you think he's really trying harder. Then there's the small talk. "Sure was a beautiful winter we had, wasn't it?" You say 'yes' even though you're in the oil burner or snow shoveling business. And it goes on, and on, and on. . .

The other day it was about two weeks past due for this unpleasant ritual. But this time it wasn't so unpleasant. Instead of going to my regular barber, I walked into the new Barber Bros. Shop at 956 South Broadway located in the recently opened group of stores across from Grumman. All I wanted was a regular haircut, but when I was informed that several alterations were to be made on my head, I realized this was no ordinary barber shop. I let the barber, Tony DeBoni, go ahead with whatever he wanted to do and out came an array of equipment not seen in ordinary hair cutting places. Thirty minutes later a new man walked away from the barber chair having had a very relaxing, enjoyable and different hair-cutting experience.

The final race in the Regional Championship of the Strombecker International Model Car Racing Championships will be held at 7:30 PM, Thursday, April 28th, at Dale's Sportcenter in Roosevelt Field Shopping Center, Garden City. The contestants, 18 years old and younger, all winners of Strombecker Track Championship Races will become eligible to race in the Strombecker International Championship Race scheduled for June 2 in St. Clair Shore, Michigan. Regional winners will be awarded the Strombecker Regional Trophy and the National winner will carry home the Strombecker National Trophy, along with a \$5,000 Pepsi-Cola Scholarship, a Chrysler Barracuda and a free trip to France for himself and one escort.

The Regional Finals at Dale's Sportcenter will see youngsters from Maine, Maryland, Massachusetts, New Jersey, Pennsylvania and all five boroughs of New York City as well as upstate New York competing with their 1/32 scale cars. Elimination heats of 20 laps will be run on the center four or center six lanes at Dale's, with contestants drawing for lane positions. The final race of the event will be a 50-lap event, run on four lanes only, with finalists again drawing for each lane position.

Highlighting this coming Monday's meeting is the nomination and election of officers for the coming year. Looking back on the last few years, our nights of election competed with television's viewing of Hollywood's Academy Awards presentations. However, with that opposition behind us this year we look forward to a larger turnout of members this coming Monday.

Rumors are flying again about GI insurance. This time with another report that an insurance dividend is due on National Life Insurance. The Veterans Administration is being flooded with requests for a 1948 dividend. The VA stated: "A cruel hoax has led thousands of veterans to write to the VA in hope of getting an insurance dividend that was actually paid 16 years ago. The hoaxers are spreading the rumor that the VA asked that veterans write to the agency so that a dividend check might be mailed to them."

Officials of the Veterans Administration pointed out that they have asked for no such queries and that disappointment is facing thousands of veterans whose letters are flooding the office.

The VA reminds veterans that it does not require a down payment on purchases with mortgages it guarantees, but the lender who puts up the money may do so, if he chooses. In areas certified by the VA for direct loans from the agency, no down payment is required. The nearest VA office can provide information on these areas.

Quick action by Congress is expected on a 2.9 percent raise for civil servants which includes members of the armed forces. It is expected of the Senate to enact very soon a bill passed by the House to fly most of the mail to and from U.S. and military post offices overseas. Senders would pay surface-mail rates. The bill would cover letters, tape recordings, certain magazines and newspapers along with small packages. A bill just recently introduced in Congress, if passed, would exempt the totally disabled veteran from paying federal income tax on his first \$5,000 of income received.

Club to Clean Roman Eagle

Members of the Hicksville High School Latin Club will undertake Friday afternoon, April 22, the first annual cleaning of the Roman eagle which was dedicated last year on the Ides of May at the Hicksville railroad station.

The cleaning comes at the end of Latin Week, which commemorates the founding of Rome April 21, 753 B.C. The three-ton granite eagle standing five feet high atop a five-foot concrete base was secured from Pennsylvania Station through the cooperation of the Long Island Rail Road. The account of the dedication was given in local and metropolitan New York newspapers, on radio stations, and in a full-page story in the December issue of the National Education Assoc. "Journal."

Steve Naumowicz is in charge of the project for the Latin Club, which has over 100 members affiliated with the national Junior Classical League. Kathy Bay and Richard Fordyce are consultants. Samuel A. Goldberg is advisor.

From Congress

By Rep. James R. Grover, Jr.

During my more-than-three years as your Congressman, I have turned down a number of government-financed "inspection trips" because I felt that the trips involved less actual work than pleasure. I felt that it was more important for me to be at my desk either in Washington or in Babylon, tending to the needs of my District.

That record is no more. I was asked last week by Rep. Edward A. Garmatz, Chairman of the House Merchant Marine and Fisheries Committee, to accompany him and Rep. Leonor K. Sullivan, Chairman of the Committee's Panama Canal Subcommittee, on a trip to Panama. As you read this newsletter, we will be in the midst of a series of tours, meetings and hearings which are scheduled to conclude by the end of this week.

I was invited because I am ranking Republican on the Panama Canal Subcommittee and have made many recommendations concerning administration policy on this tiny trouble spot.

Our work here concerns two major matters. One is the new treaty being negotiated between the United States and Panama over the present Canal and the other involves continuing studies of a new sea level canal which would allow us to abandon the present crossing, scene of continuing unpleasantness between the two nations. I am particu-

larly interested in the effect which the treaty now being negotiated would have on American employees at the present Canal and in the logistical problems being considered with regard to a new canal.

I expect to be back at my desk on Monday. My wife, Mary, accompanied us on the week-long trip. Her expenses, of course, were paid by me. I expect to have a later report for you on the results of this tour. Panama is a tiny spot on the map but has been troublesome to our nation in recent years in a degree far out of proportion to her actual size.

Attorney to Speak

The regular monthly meeting of the Nassau County Federation of Republican Women will be held Thursday, April 28th at 1 P.M. at Gigi's Italian Restaurant, 680 Old Country Road, Westbury, and will be hosted by the Town of Oyster Bay. Mrs. John Bennett and Mrs. Michael D'Auria, Chairman and Vice Chairman of the Town of Oyster Bay, have announced that Bronson Eden of Locust Valley will speak on the topic "Shall Long Island Be Paved or Saved?" which will be illustrated with colored slides.

Clams Picking Up

Oyster Bay Town Clerk William B. O'Keefe has issued about the same number of shellfish licenses this year as last. As of April 6, his office issued 1161 last year, 1141 this year. There were also 72 sandworm digging licenses issued this year so far. O'Keefe reminded south shore and Centre Island residents that they may apply in person at the Hicksville office for the permits but all mail applications are serviced at his office in Oyster Bay Town Hall, Zip, 11771.

FIELD CONTRACT

With a county engineer's estimate of \$61,129, M K Lacey & Co of Bay Shore was the apparent low bidder at \$44,867.80 recently on regarding, drainage and lighting revisions to softball fields at Canteague County Park in Hicksville. It is planned to relocate some of present outfield poles and install more lights for increased candle power at larger fields.

Spring Clean-Up: Here's How to Make Home Spic and Span

Spring Clean-Up Week is rolling around again, and you can do your share toward making your home and your community a better place to live by following these few simple suggestions, says the American Insurance Association.

- You can start the clean-up job in your own attic. This is frequently a place where old newspapers, furniture, and other discarded combustibles collect. Go through the newspapers and old magazines, and throw out those you no longer want. There will be a new newspaper arriving tomorrow, and new magazines next week or next month.

- Also, look around the attic and see if there is any clothing you will never wear. Throw it out or give it to a charitable organization which, in turn, will pass it on to some needy person or sell the garment for rags. Many charitable organizations make a good income through selling old newspapers and rags, and you can help the charity by turning these old combustibles into useful dollars.

- Check the attic light. If it is not working right, have it repaired by a qualified electrician.

- Now, check fire hazards that may exist in the bedroom closets. If there are old blankets or worn out sheets and other items you may never use again, throw these out, too, or give them to a charitable organization. And, incidentally, never step into unlighted closets with lighted candles or matches. Always use a flashlight. In fact, it is a good plan to keep a flashlight on the shelf in closets that are frequently used.

- In bedrooms, too, check lights, extension cords and switches, and have them repaired by a qualified service man if they are not in good operating order. Window air conditioners should be serviced at least once a year by a qualified maintenance man to be sure the unit is well lubricated and will run smoothly. A dry overheated bearing in a motor can cause an unwanted fire. In bedrooms, too, throw out old newspapers and magazines if they have accumulated.

- If you have smokers in your house, make sure that there are plenty of ash trays in every room, including the bedrooms. And keep in mind that one should never smoke in bed. Matches and smoking are a leading cause of fires, and are responsible for one out of every five fires.

- In the living room and dining room, as in the bedroom, make sure that all electrical equipment is in working order. Check extension cords if you use them, and never run them under rugs, over hooks or nails or in any place where they might be subject to wear or damage. Remember, American Insurance Association studies show that every fifth fire is caused by misuse of electricity.

- In the kitchen all electrical equipment should be checked. If you use a gas range, make sure the pilot light is working properly. If you have a towel rack, it should never be placed where towels will hang over an open flame. Keep range ovens, broilers and burners free of grease, and if you have a grease container it should be kept away from the range.

- Basements, like attics, are places where unneeded combustibles accumulate. Throw out any old newspapers or magazines that have collected there during the winter. Store flammables like cans of paint in a corner well away from the household heating unit. If you have been painting, and have oily rags, nearly empty paint containers or worn out brushes, throw them out.

If you have an attached garage, cleaning it up is part of the over-all job. If oil has dripped on the garage floor during the winter, clean it up and scour the oil-stained spot with a grease-cutting detergent. If you keep gasoline in the garage for use in a power lawn mower or an outboard motor boat, be sure you keep it in a container listed by Underwriters Laboratories. If it is listed, it will bear the U.L. label.

When you clean up your yard, place your rakings on the curb where they can be picked up by the trash collector. It is advisable not to burn leaves. Most communities prohibit outside fires or require the householder to get a permit to burn leaves or trash.

One reason civic authorities oppose leaf burning is that the smoke from the fire adds to the contamination of air already polluted to an uncomfortable degree. Another reason is that the sparks from an outside fire, if carried by the wind, can start another fire some distance away.

If you are in a locality which permits the burning of leaves, never start a fire on a windy day. And before you start it, be sure the garden hose is hooked up to the faucet and ready for use in case the fire gets out of hand.

A final note: If you have checked your house from top to bottom as suggested here, and if you have thrown out unneeded combustibles, you have reduced the fire hazards in your home, and, at the same time, made it a pleasanter place in which to live.
