## Set Vote on Library Budget June 15

At the request of the Hicksville Board of Library Trustees, the school district will conduct a vote upon a gross public library budget of \$280,471.50 on Wednesday, June 15. The new budget is \$10,850 less than the one which lost by a margin of 74 votes on May 4. The library trustees plan a public discussion meeting on its new budget prior to the voting.

Last year after the library budget was defeated at the annual meeting it went down a second time in June. The total amount had not been changed between the two votes. As a result, the library was obliged to operate on the budget approved in 1964 and various services at the new, enlarged library were curtailed during 1965-66.

The library trustees at their meeting on May 11 decided to seek another public vote. Trustee President Elery Bean and Library Director Kenneth Barnes were present at the school board meeting, Friday night, to request the new vote which was scheduled by unanimous vote.

While there are 6300 voters registered and qualified to vote on June 15, another registration day will take place between 12 noon and 6 PM on Saturday, June 4. In answer to a question from a school board member, Friday night, the library spokesmen said the bookmobile, which has been in operation five years, is costing about \$18,000 a year to operate which amounts to about five percent of the gross budget. However, the bookmobile accounts for 21 percent of the total library book circulation.

The public library is this year marking the 40th anniversary of its establishment in Hicksville.

**OLD COUNTRY ROAD SCHOOL** of Hicksville had the pleasure of hearing Bill Bonnyon on April 19th. His folk songs and understanding of the American story captivated the children. His ballads made American history a living thing for the classes.

**AN ARBOR DAY CEREMONY** was held on the grounds of the Willot Avenue School in Hicksville on Apr. 29. A Norway Maple tree, donated by the P.T.A., was planted in memory of Robert Frost, America's Poet. The first of the trees dedicated to famous Americans was planted in 1963, in honor of President John F. Kennedy. General Douglas Mac Arthur was remembered with last year's tree.

## Harwood Sees Teacher Exodus

Assemblyman Stanley Harwood of Levittown this week disclosed in a press release from Albany that the Hicksville teacher salary scale is the lowest in Nassau County.

Announcing plans to file an amendment to a proposed education bill for growth aid, Harwood declared "there is every likelihood of a mass exodus this fall of some highly competent and experienced teachers" from Hicksville.

He added: "The only alternative is a hike in local school taxes, but the recent defeat of 16 school budgets in Nassau and Suffolk demonstrates the mood of our property owners. They will not tolerate any increase in this already heavy and onerous burden."

The HERALD reached Assemblyman Harwood on the floor of the Assembly on Tuesday to verify his comment on the Hicksville teacher salary scale. School Superintendent Donald F. Abt was not in his office the beginning of this week when the HERALD sought confirmation of the "lowest in the county" statement.

State Senator Henry M. Curran stated that the amendments to the school aid bill, proposed by the Republican leadership in Albany, make important and much needed improvements in the state

system of grants. The increase in operating expenses and corresponding flat grants from \$600 to \$660 per pupil ceiling, provides essential relief.

Attention was focused upon a growing problem with the concept of size corrections, introduced in 1962. Although this concept was initially designed for large cities, it has become increasingly evident that large school districts in Nassau County have the number of pupils, the variety of new problems and the need for special services previously identified only with city school districts. For example, school attendance in Hicksville and other areas in the county exceeds that of Albany's schools. The problems of the districts are not dissimilar and the reason for a 17 1/2% differential is therefore not apparent.

Senator Curran stated: "The Democrat leadership in Albany is blocking the extension of size corrections in Nassau County, apparently for the sole purpose of preserving the New York City advantages. I find this attitude very disturbing."

## Building Is Holding Up

Councilman Edward J. Poulos, Town Board Majority Leader, says that major types of building projects were holding up well as evidenced by the number of building permits issued in the Town during April.

The report showed 64 one-family residents, the same as in March, valued at \$1,225,184. The March value was \$1,290,422.

Both industrial and commercial buildings were keeping pace. There were four industrial permits issued during April as compared with five in March. The April total was \$513,952 and in March, \$539,568. Commercial buildings numbered 18 in April compared with 10 in March. The construction value was \$562,140 in April and \$647,512 in March.

Alterations and additions were valued at \$288,908 in April, 120 permits having been issued while other non-residential structures were valued at \$201,689 and numbered 78 permits. One two-family house was included in the totals at \$14,250. January total was \$1,873,404 and February \$1,345,204.

## Operation VFW

William M. Gause, Jr.  
Post No. 3211  
by Eddie Klebing

About this time every year you hear the words, "Wear a Buddy Poppy." They are spoken by members of the Veterans of Foreign Wars and its Ladies Auxiliary who devote some of their spare time to offer to the public the small red flower of Flanders which has become an annual reminder of the obligations we owe those who made such great sacrifices on world-wide battlefields.

Some of you dig down into your pockets or purses and make a small donation to the cause this small symbolic flower of remembrance represents. Others just pass by, perhaps, not knowing why members of the VFW and their Auxiliary are out offering the public the Buddy Poppy.

We feel we cannot pass by our obligations to the disabled veterans and their dependents or to the orphans in our National Home who benefit by the sale of these poppies.

We also feel that if you knew what your small donation goes toward, you would not pass by the chance to help the disabled and needy veteran.

A portion of the proceeds raised from the sales of Buddy Poppies goes toward maintaining an adequate staff of service officers who are qualified and competent and stand by ready to aid the disabled or needy veteran and their dependents.

The Buddy Poppy is assembled by disabled veterans in VA hospitals all over the country. Some of these heroes have known no home other than the hospital for more than twenty years.

For many years the proceeds of our annual Buddy Poppy sale have been used for the following purposes:

(1) To support the V.F.W. National Home; (2) to aid veterans in processing VA claims; (3) to entertain veterans confined in VA hospitals; (4) to help families of needy veterans; (5) to provide expense of military funerals for veterans (6) to decorate the graves of veterans.

The fields of Flanders and the hob-nailed boots of 1918 may well be only history to most people today. But the traditions they engendered are as fresh today as they were yesterday, and as lasting as the memory of those who fought in that first great world conflict. It is in support of these traditions of loyalty to old comrades that the V.F.W. is again asking a generous public to "remember those who can't forget" -- by wearing a V.F.W. Buddy Poppy. We know you won't let them down.

LEVITTOWN OFFICE of The Williamsburgh Savings Bank as it appeared after completion in 1963, comprising a main banking floor with a windowed clerestory above to admit ample daylight, and a full lower level containing vaults, kitchen, indoor and outdoor dining facilities and recreation areas. Lower photo shows building's new squared-off appearance with recently completed addition of two mezzanine areas connected by a rail-protected walkway adjacent to one of the remaining clerestory window areas. The addition was designed by Frederic P. Wiedersum Associates, Architects-Engineers of Valley Stream who also planned the existing building for which expandability was an important part of the initial design. Thus, the new addition is now an integral part of the bank's interior and exterior rather than appearing merely as a structural afterthought and was accomplished easily and economically.

#### Mother of Mine

Mother of Mine you sure are divine,  
You mean all the world to me.  
You're a perfect mother, as sweet as can be,  
The type of mother I couldn't like more if made "to order" for me.  
Orchids are rare and real gorgeous too,  
But an orchid Mother of Mine has nothing on you!  
In a changing world it's good to find,  
That you are the one of a changeless kind.  
Just like the sunshine coming out,  
When Springtimes on the way,  
Thoughts of your dearness, warms the heart,  
Like cheerful flowers of May.  
They pay tribute to the sunshine you bring,  
So an orchid to you and glad wishes for,  
Mother of Mine I Love you no end.  
There never was a more truer or finer friend.  
Somehow that's the only way I ever think of you.  
To greet you this way Mother of Mine, seems the only thing to do.

## EDITORIAL OPINION

### Bias At Newsday

Discussing alleged "Bias in the firehouse?", Newsday recently found it convenient to set the opening of its article by Gene Goltz in a bar near Hicksville fire headquarters. Since no persons were quoted by name, the conversations recorded by Goltz could have been fictionalized.

The reason for locating the setting of this opener in Hicksville defies understanding. Certainly the plea by minorities for membership in the volunteers has been heard loudly in other communities—but not in Hicksville. We must conclude that it is part of Newsday's continuing "hate Hicksville" campaign which has been evidenced in its coverage of community athletic events, of achievements by its citizens and students and of really significant news reflecting to the credit of Hicksville.

The particular bar mentioned is not heavily patronized by volunteer firemen, strange as that might seem to Goltz when he learns of our scorn. The comments, if they were voiced by patrons, could have easily been those of any person passing thru town—including representatives of Newsday.

### The Roses of Mitchel Field

One of the few beauties of Hempstead Tpke, travelling east from Hempstead toward East Meadow and beyond has been the annual blooming of rose bushes entwined in the fence along the former Mitchel Air Force Base.

The air force is gone and the property is under the control of various agencies and organizations. We are concerned for the future of those fine rose plants. (We counted more than 150 bushes in apparently good condition, although they need some pruning, one morning during the week).

Who has jurisdiction of these plants is an open question. The highway is a state road but the fence is on property being occupied by Hofstra and cultural projects of the county of Nassau. It is to be hoped that these handsome plantings can be transposed, possibly to the grounds of the A. Holly Patterson home for the Aged in Uniondale where they will continue to thrive and bring pleasure to all who appreciate the beauties of nature.

Let's save those roses before they are churned into the dust of progress.

### Tragic Headlines

The tragic headlines which announce the loss of American lives in Viet Nam make us constantly aware of the senselessness of war. The only consolation—if, indeed, there is any consolation—is that this fight in a steaming far-away land is being waged in the name of freedom and decency.

But there are other tragic headlines. Too many, in fact. And we manage to turn away from them without compassion.

These are the headlines dealing with the loss of life on U.S. highways.

Yet when we use these editorial columns to discuss highway safety we can almost sense the curtain of callousness being drawn down—an invisible barrier between the printed page and the thinking mind.

This fails to alter the fact that our highway casualty list is tragic. Perhaps as tragic as our losses in Viet Nam.

In Viet Nam the losses are suffered in the name of a worthy cause.

On our highways, the atrocities are committed for the worst possible causes.

Such causes as "Get there before the other guy" . . . and "Hurry-up-and-wait" . . . and "I'll take my share of the road anyway" . . .

Last year, 48,500 men, women and children were killed on the nation's roadways. That represents approximately the entire population of a city such as Coral Gables, Fla. . . or Beverly Hills, Calif. . . or Hoboken, N.J. . . or Fargo, N.D.

Doesn't that merit your attention for a few moments?

Last year 4,100,000 persons were hurt in traffic accidents

### Supervisor's Week

Presiding Supervisor Ralph G. Caso of Hempstead this week asked for a meeting with New York Mayor Lindsay to work out a "viable plan of relief" for Nassau (and vicinity) residents from the racket of jet airlines taking off from Kennedy Airport. He patted Lindsay on the back for his ban on noisy night and Sunday helicopter flights from the Van Air Heliport in Manhattan. Caso wants immediate curtailment of nighttime flights at Kennedy.

When the LIRR was hit with a few-hour strike on May 10, it took 15 minutes for Caso to get his pre-developed emergency bus service plan in operation. It was Feb. 3 when Caso met with the bus people who initiated the plan. As a result, Bee Line took about 2000 from Jamaica Bus terminal to Hempstead and Freeport, Schenck Lines shuttled almost 4,000 to Hicksville and Mineola. Bus lines called in off-duty drivers and recalled those just ending a shift to man reserve buses during the brief emergency. Caso had high praise for the bus companies involved.

### Officials Confab

Nassau and Suffolk officials of counties, cities, villages and towns are being invited to a one-day regional conference on "New Trends in Local Government and Community Development" called for Friday, May 20, at Aggie Tech, Farmingdale, being sponsored by the State Office for Local Government headed by John J. Burns of Sea Cliff. There will be morning and afternoon sessions.

### Coming Down

Thirty-one old green two-story wooden barracks along Stewart Ave. at Mitchel Field, in accordance with action of the County Board of Supervisors, are coming down. The Board has appropriated \$150,000 to tear down the buildings to make room for a parking field for the Community College.

In other action, the Board authorized a \$2,500,000 bond issue to convert three old air force buildings into a cafeteria and classrooms at the former Air Force base. By early fall, the former base mess hall will be the new cafeteria.

### Support Airport

The Nassau County Planning Commission this week went on record in strong support of development of a regional general aviation facility for Nassau and Suffolk at Republic Airport, Farmingdale. The endorsement was in the form of a letter to the Nassau-Suffolk Regional Planning Board.

### Up in the Air

Gov. Romney and Gov. Rockefeller will both make major addresses at the \$100 a plate dinner.

### Shirtsleeve Session

One of eight "shirtsleeve" campaign conferences of the State Republican Committee designed to prepare local party organizations for "extraordinary effort to achieve total GOP victory on Nov. 8th" is scheduled for Thursday night, May 19, at the Garden City Hotel. Jackie Robinson will be among the participants.

### Again Opposed

Once again the Nassau Republican delegation of nine As-

semblymen and five State Senators came out fighting at Albany to oppose "any commuter tax or plan proposed to incorporate suburbs in the New York City Income Tax and make 'constructive recommendations' as the Assembly prepared to face the issue this week.

### New President

Irving Flaumenbaum of Freeport, leader of the Nassau County Civil Service Employees Assn. with over 12,000 members (up from 300 when he became president six years ago), will be installed as president of the LI Conference of Civil Service Employees Assn. of June 10 at the Huntington Town House. His county membership goal is 15,000 members by 1967.

### Direct Telephone

The number to call is PI 1-2000, a special direct line, installed in the Nassau Welfare Dept's application office to handle calls from residents wanting to register under the New State Medical Assistance Program. It is not necessary for people to go to the office and register in person.

## LIVING UNDER LAW

### THE CASE LINCOLN LOST

On a fateful autumn day in Indiana, in the fourth year of the Civil War, Union soldiers entered the home of Abraham Lincoln and placed him under arrest.

The soldiers were acting on order of President Abraham Lincoln, their commander-in-chief. Milligan, suspected of aiding the Confederate cause, was speedily found guilty by a military court and sentenced to be hung.

But, nine days before he was to die, Milligan — invoking the ancient writ of habeas corpus — demanded his freedom. He claimed that, as a civilian, he could not lawfully be punished by a military court.

How far may military power reach in wartime? For a nation dedicated to individual liberty, the issue was a wrenching one. Lincoln himself argued that, with war convulsing the country, he was justified in taking drastic means to crush disloyalty on the home front.

But there were weighty points too on the other side of the argument. Not only was Milligan a civilian, but he had been arrested in Indiana where at that time no hostilities were under way.

Most important, Indiana's civil courts were still open for business, ready, willing and able to hear the charges against Milligan if given the chance.

On April 3, 1866, 18 months after Milligan's arrest, the U.S. Supreme Court set him free. Holding that the military trial was unlawful, the Court thereby marked out historic limits beyond which martial authority must not go.

Oddly enough, this decision condemning Lincoln's action was written by his own devoted friend, Justice David Davis. Lincoln by then was already dead. Yet it is easy to imagine that if still alive, with the awful pressures of war behind him, he might have applauded the Judge's words:

"The Constitution is a law for rulers and people, equally in war and peace, and covers with the shield of its protection all classes of men, at all times, and under all circumstances."

A Northern editor had this comment:

## Authors Modern Math Guide

The New York State Education Dept., Albany, announces the publication of Elementary School Mathematics, a guide on modern mathematics for parents, written by John Crenson, Supervisor of Mathematics, Hicksville Public Schools.

The guide provides some basic information on modern mathematics and would be of great interest and aid to parents who wish to know more about the subject.

Although the first printing—100,000 copies—has already been exhausted, a second printing is in the process. The guide has received favorable notice from other State Education Departments throughout the nation and some have requested permission to reproduce it.

Those Hicksville parents interested in obtaining a copy should write to: Publications Distribution Unit, Room 169, Education Building, Albany, New York, 12224.

## ALL AROUND TOWN

The John Birch Society will present the film "Katanga" at the Hicksville Public Library, 169 Jerusalem Avenue, on Wednesday, May 18th, at 8:00 P.M.

"Above the might of the sword, the majesty of the law is thus raised supreme."

It is easy to imagine Lincoln himself saying amen.

#### Lots of Burglaries

NEW YORK—Noting that a burglary occurs every 46 seconds in the United States, the Insurance Information Institute says many of these could be avoided if homeowners would lock their windows and doors and take a few other simple precautions.

### Rancho Aided By Millwork

Can a modern house be transformed to a rich, handsome traditional? Yes, and it's easier than you may think.

Furnishings obviously will be one key to the transformation. The other and perhaps more important key is alteration of the shell of each room—walls, ceiling, floor.

Look at any good traditional and you'll realize what's missing in the modern ranch—architectural millwork. Crown mouldings, baseboards, detailing around fireplace and cabinets, raised panel doors—rarely are these found in the usual rancho.

Happily, these mouldings are readily available at any retail lumber yard, and their price will please the budget-minded. Patterns and sizes vary widely.

Installation is not much of a trick, and finish can be paint, satin-finish clear varnish, or natural wood stain. Wainscoting, another traditional detail, can be added at the same time as mouldings. Be sure to match lumber species if the finish is to be clear.

#### Accessible Cabinets

Adding a bath? Instead of cupboards, design the lavatory base cabinets with deep drawers to make contents accessible. Use wide boards, Douglas fir or ponderosa pine, for drawer fronts; finish with clear plastic lacquer.

#### Prettified Basement

Basement party rooms are more inviting when wood paneled. Try Engelmann spruce boards finished clear and installed in a herringbone pattern.

# FORD CAR SALES SWEEP TO RECORD

"New York District Sales of Ford cars during the first third of May were up 5.1 percent from a year ago. This increase in May comes on top of seven consecutive record sales months since the introduction of the 1966 Ford car," said R.B. Medler, Ford Division New York District Sales Manager from 124 New York - Connecticut Ford Dealers.

Why are Ford sales so good in

New York and Connecticut?

THERE ARE 4 BIG REASONS:

1. QUALITY -- The kind of quality that gives you a strong, safe, silent ride.

2. STYLING -- The kind of styling that sets Ford apart from the look-alikes. Styling that's clean, classically trim and uncluttered.

3. GENERAL ACCEPTANCE --- The kind of acceptance that makes people come back and tell us how much the 2-way door-gate on their Ford Wagon means to their family. Or the kind of acceptance that moves people to write us saying they never got a kick out of driving until they bought their Mustang.

4. SAVINGS -- The kind of savings you get from generous trade-in allowances and legitimate sales events such as the special sale price we'll give you right now if you buy but of stock.)

The Medallion Awards are an unprecedented gesture from the greatest names in the music world to the youth of the nation, and Honorary Sponsors are Opera Stars Dorothy Kirsten, Roberta Peters, William Warfield and Rosa Ponselle, composer Dennis Taylor and Mme. The concert competition is presented by Milano Award Productions, a non-profit organization.

## ALL AROUND TOWN

Our Lady of Mercy CYO Boys Baseball and Girls Softball Teams have reached the half way mark in their seasons. Although the records obtained by the individual teams are not outstanding, we feel that this is a building year in the sense that this year marks our initial participation in Boys CYO competition.

The two Boys Bantam Teams have held their own in stiff competition.

The Gold Team ran into a

streak of hard luck and lost two of their key players to injuries.

The Green Team is composed of fifth and sixth graders and Bob Alloca has done a wonderful job in bringing these boys along, for many of them it has been their first taste of organized baseball.

The Boys Grammar Team has yet to win but out of the three games they lost, two of the games have been in extra innings. Ray Henderson has also done a good job of bringing an inexperienced team along way.

The Girls Bantam White Softball Team, coached by P. McCormick and E. Henderson, is undefeated and has beat back all competition by imposing scores of 18-1, 7-3, 28-1, 22-3; they are in undisputed possession of first place in their CYO section. With the addition of B. Rice and K. Harid, this is the same team that won the Diocesan Championship in Basketball.

The Girls Bantam Blue Team composed mainly of sixth graders are 2 and 2 and are doing well in their section. This team is coached by Carol Huber and

Flo Carney who have done an excellent job in bringing these girls along.

The Girls Tyro Team, much the same as the Boys Grammar Team, have lost all three games but have always given a good account of themselves. They lost to St. Mary 5-4, St. Rose 18-12, and to St. Bernard 6-4. Their main problem is just too many bases on balls, as they have outlived their opposition in all their games.

4-H Girls from Plainview area spent the week-end at Nassau's 4-H Camp overlooking Long Island Sound. Overlooking the girls, ages 8 to 18, were 4-H Mother-Leaders who participated in the 4-H Nature study projects, folk dancing, recreation, and visits to the Camp Farm and waterfront.

Two Hicksville students are among 27 June graduates throughout the state who have been awarded partial scholarships to Niagara University. They include Linda Cuccaro of 18 Spruce St. attending Queen of Rosary Academy and Jeanne F.

Kenyon of 67 Twin Lawns Ave attending Hicksville Senior High.

The Sisterhood of Congregation Shaarei Zedek of Hicksville will hear a talk by Douglas Duncombe of New York Telephone at an evening meeting next Monday. The meeting will be held at Congregation Shaarei Zedek, Old Country Road and Plainview Road.

The St. Ignatius Auxiliary of Christian Mothers will meet on Monday, May 23rd at 8:15 p.m. in the parochial school auditorium. The program will include election of next year's officers and the annual show performed by the members. Mothers of the '66 - '67 first grade class are invited.

The Mid-Island Chapter of N.C.E.D.C. will be having their May general membership meeting at the home of Mrs. Leonard Sherr, 11 Roston Road, Woodbury, May 25 at 8:30 p.m. There will be a presentation of the slate of nominations for 1966-67 and election of officers.

That represents nearly half the population of New York City. Doesn't that make you stop and think?

As a responsible newspaper, we are frustrated as we attempt to help alleviate this gruesome problem. We can put it on the printed page for all to read.

But who will take it to heart enough to do his part? How do we convince our citizens that they should stop murdering themselves on the highway?

Editorial columns alone do not provide the solution.

But you do. We all do --- as good citizens.

Every time we get behind the wheel.

### 3 New 'Help Programs'

Applications for three new "Help Programs" are now being accepted by the Nassau Chapter of the New York Association for Brain-Injured Children. It was announced today by Mrs. George (Ruth) Cherry of Westbury, program administrator for the chapter.

A special pilot program of physical education for boys between the ages of 10 and 14, from the Oceanside-Island Park-Long Beach area is being held on Wednesday afternoons, from 4 to 5:30, at the Radcliff Road School in Island Park. Director of the program is Aaron Hirschorn of the faculty of the Long Beach Junior High School. For information, please call Mrs. Adele Borut at GE 1-5621, or Mrs. Bernice Busch at GE 2-7525.

In an effort to supply summer recreation to those children who do not respond well to a conventional type of camp, a special day camp will be instituted for "Hyperactives Only." Geared for the more active brain-injured child who has a short attention span, the program will be run 5 days a week, from 9:30 a.m. to 12:30 p.m., under the direction of a trained professional staff, and will include visuo-motor and audio-visual training, arts and crafts and social experiences adapted to children between the ages of 6 and 9. For more information, please call the chairman, Mrs. C. T. Welzel, at Su 5-7795.

A six-week Saturday program, "Tips for Teens" will start on July 9, and run through August 13, with a different trip or excursion planned each week. Designed to interest the 13-to-16-year old, this, too, will be under professional leadership. Lonnie Carr, director of The Teen Program at Nassau Community College, is in charge. Registration forms and additional information may be obtained from the chairman, Mrs. Gerry Kreppl at 541-1552.

Each of these programs has been structured to fill the needs and requirements of children with specific types of problems, who will benefit from the distinctive attention and supervision that they receive.

Anyone wishing more information on these, or any of the other programs being sponsored by the Nassau Chapter of the N. Y. Association for Brain-Injured Children may call any of the chairmen above, or the Chapter office at 248-3666.

### AT THE FINISH LINE

with Peter Hoegl

With the racing season at the Freeport Auto Races off to a sensational start, Co-promoters Billie Kedenburg and Duke Donaldson announced that Friday night racing presentations are being added to the schedule, starting this Friday night. The tops in exciting auto racing will now take place at Freeport's Municipal Stadium, both Friday and Saturday nights starting at 8:10 P.M.

This Friday night, a full program of races will be presented featuring several different classes of cars and the top drivers in the business. The new Sportsman Class, for example, runs a full schedule of heat races, plus an extra-distance Main event. Heading up the list of Sportsman entries is Eddie Brunnhoelzl the East Meadow Comet, whose performance so far this season has been sensational. Recently, Brunnhoelzl with the hot Florentine Chevrolet, started dead last in a field of nearly 20 cars, and went on to beat them all. Joining Brunnhoelzl will be Par Rockaway's fantastic "Leadfoot", Ronnie "Soupy Sales" Schwendemann, outstanding gal driver Rose Lee of Bellmore, who gives the men drivers fits with her high degree of proficiency; rapid Cal Hansen; stylist Clyde Reiser; tough Ted Werner and a host of other speed merchants. The zany Road Class will also run a series of races, climaxed by their 25 lap feature race.

Saturday night the trend-setting Open-Cockpit Modifieds take to the track. Ford driver George Cousin of Huntington Station and Chevrolet driver Billy Spade of Massapequa fight like demons, doing battle with a battery of Dodge and Plymouths, capably handled by George Brunnhoelzl, brother Eddie, Red Raynor, George Peters, George Wagner, Danny Moser and other top stars.
