

Summer Play Ends 9th Season

The Hicksville School District Recreation Program this week concluded its 9th and most successful program. The pictures below are views of some of the activities during the summer.

Vet Organizations Seek Addresses

Two Hicksville veteran organizations are seeking the names and addresses of local residents now serving in Vietnam for the purpose of sending them parcels from home.

The Charles Wagner Post, American Legion, asks that addresses be sent to the Post at 23 East Nickolai St. of Chairman Steve Wladyka, 6 Wind-ing Rd., Hicksville.

The William M. Gouse Jr. Post, Veterans of Foreign Wars, asks that information be sent to Bob Williams, chairman, 51 Oak St., Hicksville, or call WE 1-4677.

SIGNS expressed the indignation of residents along Plainview Rd., Hicksville, over the weekend when a carnival appeared in the area between Old County and Plainview Rds. under the auspices of a political club from a neighboring community. Town officials are presently mulling the plan to ban all carnivals in the township.

Earns Trophy For Entire State

Andrew Rosenblatt, 17, of 52 Narcissus Ave., Hicksville, was awarded the Governor Nelson A. Rockefeller Trophy upon his election as Outstanding Teenage Republican (TAR) of New York State. The election was held at the School of Politics held last week at Skidmore College sponsored by the New York State Young Republicans. Rockefeller presented the trophy to Rosenblatt at a rally held at the School on Aug. 11.

Rosenblatt, in his speech to the students, made a strong plea for Republican unity. He called for the TARs to "get behind every Republican candidate and really make this a Republican year."

An outstanding TAR, Rosenblatt will tour the state speaking to Republican and teenage groups, trying to start new chapters of the Teenage Republicans.

Rosenblatt, who will be starting his senior year at Hicksville High School in September, is currently vice-chairman of the Young Citizens for Derounian, and is President of the Nassau County Council of Teenage Republicans. He was elected to the latter post at a convention in February of TARs from 15 chapters in Nassau County.

A founder of both the Hicksville and Nassau TARs, Rosenblatt is also active in school and community affairs. He was co-chairman of the Cerebral Palsy Association's Tag Day fund drive, and is a member of the Hicksville High School Latin Club, Debate Club, and the Roundtable, a political discussion club. He is also a member of the Kiwanis Key Club, a service organization. Rosenblatt's trip to the School was sponsored by the Nassau Republican Committee.

Prohibit Parking

The State Traffic Commission has ordered that parking on both sides of the South Service Rd. of the LI Expressway from Rockland Dr. east for 200 feet be prohibited in Jericho. Stopping on the north side of Jericho Tpke between a point 550 feet west of Merry Lane and 100 feet west of the same Lane is prohibited.

TEEN DANCING Wednesday night.

LUANA held at the Miller Ave. School last Sat.

TEEN THEATRE production was "Thorber Carnival".

Catholics Break Ground For Church

Ground has been broken for the first Catholic church in St. Paul the Apostle parish, Jericho.

The parish, now embracing about 1,000 families, was one of five established in 1962 by

the Most Rev. Walter P. Kellenberg, D.D., bishop of the Diocese of Rockville Centre.

The Rev. Daniel J. Potterton is the founding pastor of St. Paul's.

The new building for the four-

year-old parish is expected to be completed in the Fall of 1967.

Father Potterton said the one-story structure will seat some 1,000 persons in the main portion of the building for Sunday Masses.

Dear Lynda

We believe these figures are interesting. Hicksville with a population of over 50,000 has more residents than FIVE townships in Suffolk County. For example, East Hampton 8,827; Shelter Island 1,312; Southold 13,295; Smithtown 50,347 and Riverhead 14,519. Each of these five townships are a self-governing operation with a supervisor and town board..... We were interested also, as you might have been, to note that Rt. Rev. Magr. MARION REINHARD was the presiding judge in a tribunal in the Diocese of Brooklyn considering an appeal regarding St. John's University. Father Reinhard is a graduate of St. Ignatius School in Hicksville and a younger brother of JOSEPH REINHARD, cashier of the LI National Bank..... Then on Television the other evening we saw SAM POLOTNICK discussing a summer program in New York schools. He is a resident of Plainview and member of the local board of Education..... That sign on the AUGUSTIN property on south Broadway offering it for sale or lease bears the name of Sackler and Frank.....

GEORGE A. JACKSON, president of the Hicksville Board of Education, and his family are on a vacation upstate..... They will return on Aug. 23..... Hicksville and neighboring volunteer fire departments will be in Oyster Bay this week for the State firemen's Assn drill. The convention was held upstate, but because so many of the participants are from the Island, the drill is being held locally..... The blues are really running on the south shore, according to the HAWK's brother.....

If you're wondering what you can send that serviceman in Vietnam, here are a few suggestions that the men overseas enjoy receiving: ballpoint pens, hard candy, popcorn, chewing gum, pocket knives, their favorite soap, small tins of food, cheese that doesn't perish, paperback books, comics, magazines, clippings from the local newspaper or the complete paper.

How about a check or a five dollar bill with a note (Have lunch on me)?

Letters are always welcome and so are blank post cards so they can let down a fast message to send home or to their friends. A favorite item always appreciated is Kool Aid because it helps to take away the foul taste in the water over there.

We are still looking for names of servicemen in the Hicksville postal area serving in Vietnam. If you know of any contact Bob Williams, chairman, either by calling Wells 1-4677 or by dropping Bob a card at 51 Oak St., Hicksville.

A five cent stamp marking the 25th anniversary of the U.S. Saving Bond program will also salute the U.S. Servicemen. The salute to the servicemen stems from a project undertaken last winter by students in a Sioux City, Iowa junior high school.

The stamp will be issued at Sioux City, Iowa on October 26. Veterans receiving compensation or pensions must remember a change in their monthly checks could come from one of these causes: 1) Decrease in disability.

Chargers Ready

By Mill Pryor

Cris Gagnaire, Director of the Hicksville Football Association, in the Nassau-Suffolk Division has appointed Tom Carten and Richard Grant, Co-Coaches of the Mid Island Plaza Chargers.

The Hicksville Mid Island Plaza Chargers are the Hicksville's conference team in the Nassau-Suffolk League. This fine team placed second in their entire division last year, and defeated the Dorchester Queensmen, in a post-season Interstate Bowl invitational meet. Six graduates of the Charger team should be playing for the Hicksville Varsity football squad this season.

The League also wishes to take this opportunity to wish Jim Cummings, former PA head of the Mid Island Plaza, success in his own Public Relations firm North Broadway in Hicksville. If he does just a fraction for himself of what he did for our Football Assn. he sure will get to the top but fast. Jim, through the Mid Island Plaza Assn. sponsored our team, and helped us obtain funds through our sponsorship of Animal Land USA at the Mid Island Plaza. The money that we obtained from Animal Land enabled our group to make substantial payment on the uniforms and safety equipment needed to field the five teams last year.

The Mid Island Plaza has agreed to allow us to sponsor the 1966 Animal Land USA program at the Mid Island Plaza, and with Cummings' help again this year we certainly should receive enough funds to square away the last of our liabilities incurred last season.

Our League also plans to field a small conference team this season, made up of graduates of last year's intermural division. This team will be playing other

towns and CYO units throughout the Queens, Nassau & Suffolk areas. Al Masters, of the Coca Cola Bottling Co. and one of last year's coaches has arranged thru his company for our League to be given an Football Score Board. This score board is to be installed at Cantigue Park.

Joe Trapp, tireless Secty Treas., chief cook and bottle washer, has informed me that some openings are still available in the 80 to 100 pound classification. So this is your last chance to play football at Hicksville this season. Any boy wishing to play this fall should report to Joe Trapp at Cantigue Park's big Football field either Tuesday or Thursday at 5:30 or at Saturday at 9:30 A.M. Also some Dads or older brothers are still needed as well to teach and train boys in the fundamentals of team play and body building.

We expect to give out the uniforms Saturday, August 20, to all boys who have turned in their application forms and paid their registration fees.

The Charger practice Sat. at 9:30 at Cantigue.

Polo Sunday Honors Pioneer

The finals of the Shaw Robinson Memorial Tournament (eight goal) played in memory of one of the pioneers of polo at Bethpage will be held on Sunday, Aug. 21, on the Bethpage Polo Field. The Goose Creek team from Middleburg, Va., with Oliver Jackson, Zeke Ferguson, Hal Puelicher and Andy Guest, son of the American Ambassador to Ireland, will meet the Westbury team of Fred Zeller, Ray Nordon, Allan Corey III and Fred Guest, winners of the semi-finals that was played on Aug. 14 in place of the scheduled finals of the Six Goal which is now rescheduled as John Gayer's injured shoulder has not sufficiently mended. In the semi-finals for the Shaw Robinson Trophy, Westbury defeated Bethpage seven to four on a spectacular three goal rally with three and one half minutes of play remaining. The victors received one goal by handicap.

Polo is played every Sunday at 3:30 P.M. Youngsters under 12 years of age are admitted free when accompanied by an adult. There is free parking space and seating in the grandstands.

*(Continued Next Week)***Pageantry in Brass**

By the St. Ignatius Girls Cadet Corps

In the past few columns we have spoken mostly about marching and maneuvering and the experiences of our first corps. Yet there is a second corps which is just as important as the marching and maneuvering corps.

These young ladies, although not as experienced, have just about as much fun and as many experiences as the older girls. This group not only acts as a farm corps for the M & M corps, but is an experienced parade corps in its own right. The girls are as lively and as full of fun as the older girls, the only difference is they come in smaller sizes.

This year the young girls performed in New Jersey on Memorial Day. Recently they have marched with the Hicksville Fire Department. While the Senior Corps was competing in the State Championship in Albany, the Junior Corps paraded in East Rockaway. On August 6, they

were in Floral Park as the M & M corps was under the lights competing in Smithtown. If you remember the Herald front page photograph of a few weeks back which was labeled as "recent," you will realize how much the girls corps has progressed. This picture was snapped at a Labor Day parade seven years ago when the girls marched in two large platoons without instruments. That was just the beginning of the present Senior M & M corps.

Today the St. Ignatius Junior Corps has surpassed the performance of the first corps when in its third and fourth years. Several times this year both corps paraded together. The parade spectators usually enjoy seeing a big and little version of the same corps. For instance both corps made their debut this year at the St. Patrick's Day Parade in Hempstead, and both units marched on Fifth Ave. in the Puerto Rican Day Parade.

On August 18 the Senior Corps parades again in the State Fire Department Parade in Oyster Bay with the Hicksville Fire Department.

The more experienced members of the Junior Corps also serve as alternates in the line of the first corps. They learn the music and drill and travel with the older girls to competitions. In the end of August, these girls, as well as the regular members of the M & M corps, will be rewarded for their hard work when they travel to Washington, D.C., to compete in the American Legion National Contest and to tour the city of the capital. They will compete under the sponsorship of the Charles Wagner Post #421.

We would like to take this opportunity to thank the members of the Kiwanis Club for their generous support also.

You don't have to worry about being charged for a wrong number. If you reach one, simply call the operator right away. She'll see that the charge does not appear on your bill. And if you wish, she'll place the call for you.

Incidentally, before you make an out-of-town call, it's a good idea to look in the front pages of your phone book. There you'll find helpful information on how to dial any place you want to call.

CHECKING PLUS...yours exclusively at First National City Bank.

This new kind of checking account lets you write a check bigger than your balance.

There has never been a checking account as useful as this.

Here's how it works. When you open a **CHECKING PLUS** Account, we set up a cash reserve for you. It may be as little as \$400 or as much as \$5,000.

Then, if and when you want to write a check for more money than you have in your account, you can just go ahead and write it.

Automatically, we'll take enough money out of your reserve (in multiples of \$100) and credit it to your **CHECKING PLUS** Account. You are charged only for the

portion of the reserve that is actually transferred to your account. You repay in 12 or 24 monthly installments, sooner if you wish. The faster you repay, the less it costs you. The money you repay goes back into your reserve, so you can draw on it again and again.

If you never use your reserve, you never pay a penny for it. The peace of mind it gives you is free.

Except for the cash reserve, **CHECKING PLUS** works like an ordinary checking account. Same low service charges. Same wide choice of checkbook styles and colors.

A CHECKING PLUS Identification Card is a great check-cashing convenience. Issued upon request, the card lets you cash your **CHECKING PLUS** Check at any branch of First National City in the metropolitan area. And we are New York's most convenient bank.

You can open a **CHECKING PLUS** Account at any one of our branches. Come in and let us give you all the details.

The checking account with a built-in cash reserve is here. Only at First National City Bank.

Corso Meets With Housewives

Frank Mitchell Corso, Democratic Congressional Candidate, met with a delegation of housewives recently for the Town of Huntington to listen to complaints of deceptive food pricing and announced the formation of a Shoppers Against Deception, known as SAD.

Corso during a recent trip to Washington had a number of conferences with Esther Peterson, Special Assistant to the President on Consumer Affairs, particularly discussing the "Truth in Packaging" Legislation pending in Congress. Corso is to appear to testify before the House Interstate and Foreign Commerce Committee which is considering the legislation.

The Congressional candidate revealed that representatives of a National food chain attended one of the meetings in his office to discuss deceptive pricing practices that were found in their stores. It was further revealed by Corso that another chain food store was shopped by him with some housewives and additional deceptive pricing was found.

"We found," Corso said, "packages marked with 'cents off' which were the same price as regular priced merchandise. In fact, I personally found items of national brand names that had 'cents off' merchandise that was higher prices than regular priced merchandise."

"This is a disgrace and a fraud upon the Public."

Police Obtain New Vehicles

Two more patrol-ambulances have been added to the county police emergency ambulance service. It was reported by Nassau Police Commissioner Francis B. Looney.

The vehicles, operated by patrolmen, will be employed on regular patrol and as ambulances when required.

In May last year, a prototype patrol-ambulance was assigned to the Eighth Precinct in Island Trees on a trial basis, and reports show that it performed its dual function efficiently.

With the addition of the two patrol ambulances, the county police emergency service now has 12 ambulances, patrol and standard, operating out of the eight precincts and headquarters. They serve all county precincts, as well as, local police departments requesting their service.

Asks Wolff To Take Stand

Steven B. Derounian, Republican candidate for Congress in the third Congressional District has wired Lester Wolff, his opponent in the November election to make known his position on the continuance of the Neighborhood School concept, as opposed to recent pronouncements by Harold Howe, II the new Federal Commissioner of Education.

"Recent statements made indicate that Federal funds will be used to virtually blackmail school districts into becoming part of a super-duper complex of schools which will force the bussing of children distances from their homes," Derounian charged.

"I believe that my opponent should check the statements made in last Friday's Wall Street Journal, which forbids continued federal encroachment into local areas, further demeaning the right of home-rule and the rejection of the opportunity for local residents to decide for themselves what type of education should be offered in their communities."

AIRMAN David J. Sklow, son of Mr. and Mrs. Herman Sklow of 5 Dahill Road, Plainview, has been selected for technical training at Amarillo AFB, Tex., as a U.S. Air Force supply specialist.

The airman recently completed basic training at Lackland AFB, Tex. His new school is part of the Air Training Command which conducts hundreds of specialized courses to provide technically trained personnel for the nation's aerospace force.

Ginsberg Offers Project Aid

Assemblyman Martin Ginsberg Plainview has accepted a request of the Oyster Bay Town Board that he serve as its advisor in planning a pilot project of recreation and education for handicapped children in the Plainview-Old Bethpage School District. He also offered to meet with Town Supervisor Michael N. Pettito to acquaint him with the urgent need for more action and less time wasting as a means of helping handicapped youngsters.

"As one who speaks from lifelong personal experience in the field of the handicapped," said Ginsberg, "I feel that a study which Mr. Pettito has cited as needed, is merely a delaying action. Under terms of the Jonas-Ginsberg Bill passed by the last State Legislature and signed into law by the governor, a general program of recreation for the physically handicapped, emotionally disturbed and the brain injured, is now available under state auspices."

Ginsberg said Pettito's claim of "town involvement" with various school boards in operating the proposed program, indicates a lack of knowledge by the Supervisor. Such a program must because of the expense involved, be handled by a large municipal entity such as a town," he said.

"Mr. Pettito should know," said Ginsberg, "there are now no such programs for the handicapped child. There are no accepted paths already travelled and if there were, why should we follow paths that lead nowhere? Recent advances in the field of rehabilitation are so broad and improved in concept and technique, that neither an individual nor a township should rely on stodgy, out-of-date practices that get nowhere."

"I will be most happy," Ginsberg added, "to work with Mr. Pettito and the Town Board to give them the benefit of my personal knowledge in the field of the handicapped and how he can be helped to live a fuller life."

10,000 Pennies Change Hands

The Long Island Chapter of Health Frontiers Foundation Inc. held a most successful Carnival on Wednesday, Aug. 10, from 10:00 in the morning until 9:00 at night, on the grounds of Marilyn Kenal, 22 Lane Avenue, Plainview, and raised \$104.51 for the benefit of Hypoglycemia (low blood sugar).

An estimate of several hundred people attended with more than 10,400 pennies changing hands. People flocked from all over the Plainview - Old Bethpage - Hicksville - Bethpage - Syosset - Woodbury areas, and adjacent communities, with never a lull throughout the day.

The Carnival was the culmination of several weeks planning and preparation with about two dozen youngsters devoting their time and effort, including Helene and June Krinsky, John Phil, Paul and Bob Dimal, Michelle, Janine and Roland Lewis, Karen and Scheri Spencer, Kathy and Susie Kristine, Brian Lioicono, Dorothy Kaplan, Beth Bressler, Albert and Susan Sacks, and many others. At the helm were mother Eleanor Krinsky, 22 Wayne Drive; Eleanor Lewis, 19 Maplewood Drive, and Marilyn Kenal, 22 Lane Ave. Plainview.

Featured at the Carnival were games, contests, prizes, refreshments and entertainment. Special highlights were Stephen Spitzer and his band during the morning, and Lester Riveles and his Rock 'N Roll band in the afternoon, which the teenagers relished, along with the frankfurters that were bought.

Seeking Vote

NASSAU Democrats have launched a massive county wide petition drive to put a referendum on the creation of town councilmanic districts on the ballot in each of the three towns in the November elections. County Democratic Chairman John P. English announced.

Councilman, English noted, are now elected at-large.

The petitions, in order to put a councilmanic district referendum on the Election Day ballot, must be filed with the Town clerks between 20 and 30 days prior to the general election. They must contain signatures equal to 5 percent of the vote cast for governor in the town in the last gubernatorial election. Unlike other types of petitions, they can only be signed by property owners.

Based on 1962 gubernatorial figures, 11,420 signatures are needed in Hempstead Town, 5,364 in Oyster Bay Town, and 4,460 in North Hempstead Town, a county wide total of 24,244.

A target date of Sept. 30 for filing the petitions has been set.

County Praises Chamber

Plainview Chamber of Commerce, thru its President, Jules Bender has received 'Certificate of Merit' from County Executive Eugene Nickerson for the Plainview Chamber's joining the County's Anti-litter Campaign. The program is supported by Chambers and Civic Organizations throughout the County to encourage citizens participation in helping to make Nassau Beautiful.

From Congress

By Rep. James R. Grover, Jr.

The American people will forgive their elected officials almost anything. As we scan our nation's history, we note that citizens have taken in their stride almost incredible inefficiency, outright dishonesty and a lack of foresight that seems almost incredible. But there is one thing that a free people will not tolerate—deliberate deception.

Many of us in Congress have labeled the difference between what is happening in Washington and throughout the world and what the members of this administration say is happening, the Credibility Gap. The administration very kindly refers to its handling of information as news management.

No one is asking that American citizens be given information which might effect the nation's security or which might increase the toll we are suffering in the Viet Nam War. But the practice of not telling the truth becomes a habit when the truth is politically dangerous. The situation was underlined this year when Truth in Information legislation which was supported by the Republican minority in Congress drew strong opposition from the administration.

Here are some examples of what we are up against. "Not too long ago, the Defense Department announced that Viet Cong casualties had reached 365,000 men. When it was pointed out that this figure was higher than the strength of the Viet Cong Army, the figure was cut in half."

"Was it two years ago that President Johnson assured the American people that he wasn't going to get this nation involved in any Asian War? Where is Viet Nam anyway?"

"On March 2, Secretary of Defense McNamara said: 'It can be stated categorically that no shortages have impeded our combat operations in Southeast Asia or affected the moral or welfare of our men.' On April 12, the Pentagon admitted that a bomb shortage was affecting our operations in Viet Nam."

During the last Presidential campaign, both President Johnson and Secretary McNamara were against the suggestion that North Viet Nam should be bombed. North Viet Nam was bombed as early as Feb. 7, 1965, although raids were stepped up this year.

"My Democratic colleagues,

Rep. Richard L. Ottinger of Pleasantville, N.Y., complained on March 31 that Congressmen touring South Viet Nam were being steered to "good" areas and kept away from situations which might make this nation look bad. Two days later, the administration ordered a postponement of all Congressional visits to South Viet Nam, apparently fearing a planned Congressional investigation of the aid program there.

There is more—lots more—but these examples should do James Reston, the distinguished New York Times' writer, said recently that President Johnson is confronted with "a crisis in confidence." Recent polls show that a majority of Americans no longer believe the statements being made by their government.

CBS reporting on the problems involved in covering the war, quotes a statement by Assistant Secretary of Defense for Public Affairs Arthur Sylvester, to a newsmen during a Saigon meeting. The newsmen had questioned whether American officials in Saigon were telling the press the truth. Sylvester, after maintaining that newsmen had a duty to write only material that made the government look good, added explosively: "Look, if you think any American official is going to tell you the truth, then you're stupid. Did you hear that?—Stupid."

The American people are not stupid. And they do expect the truth. And they deserve to have the truth. And they are not getting it.

Bicycle Safety

The Safety Council of the Long Island Asso. of Commerce & Industry announced today the formation of a Bicycle Safety Committee. John H. Bruckmann of the Long Island Lighting Co. and chairman of the LIA Safety Council, made known that County Clerk Franklin H. Ornstein has been named chairman of the newly formed committee.

"The goals of this group will be to unify existing safety programs and make bicycle riding as safe as it is fun," Ornstein pointed out.

CHECKING PLUS...yours exclusively at First National City Bank.

This new kind of checking account lets you write a check bigger than your balance.

There has never been a checking account as useful as this.

Here's how it works. When you open a **CHECKING PLUS** Account, we set up a cash reserve for you. It may be as little as \$400 or as much as \$5,000.

Then, if and when you want to write a check for more money than you have in your account, you can just go ahead and write it. Automatically, we'll take enough money out of your reserve (in multiples of \$100) and credit it to your **CHECKING PLUS** Account.

You are charged only for the

portion of the reserve that is actually transferred to your account. You repay in 12 or 24 monthly installments, sooner if you wish. The faster you repay, the less it costs you. The money you repay goes back into your reserve, so you can draw on it again and again.

If you never use your reserve, you never pay a penny for it. The peace of mind it gives you is free.

Except for the cash reserve, **CHECKING PLUS** works like an ordinary checking account. Same low service charges. Same wide choice of checkbook styles and colors.

A CHECKING PLUS Identification Card is a great check-cashing convenience. Issued upon request, the card lets you cash your **CHECKING PLUS** Check at any branch of First National City in the metropolitan area. And we are New York's most convenient bank.

You can open a **CHECKING PLUS** Account at any one of our branches. Come in and let us give you all the details.

The checking account with a built-in cash reserve is here. Only at First National City Bank.
