UTILITY COMPANY crews faced a wet job on Wednesday morning, Sept. 21, when they started to replace a pole on Hempstead Pike, East Meadow, which had been broken in two places after it was hit by a car at 3:45 that same morning. Wednesday was the day of the biggest rain in 60-odd years. Seventh Precinct Police report that a car driven by Barbara Colburn of Bell Road Ave., Hureyville, NY, apparently went out of control and smashed into the pole. She and her passenger in the 1963 convertible, Ronald Griffin, were injured. The shattered pole hung on power and telephone wires until replaced (Exclusive BEACON Photo).

Will Recommend Increase in Pay

Town Board Majority Leader Edward J. Poulos will recommend a series of pay improvements for Town employees to become effective Jan. 1, 1967. The improvements will cover hourly graded employees in the Sanitation and Highway Divisions who are not included in Town benefit plans. Other employees will also be included in the new program. Poulos said the program is part of the Town's effort to advance working conditions of Town employees up to the prevailing standards in private industry.

The recommendations to the

Town Board will include an additional compensation of 5 per cent for shift workers which includes the Incinerator Division, full payment of health and dental fees for all Town employees including the Sanitation Department which does not have these benefits now, and time and a half pay for hours of work over 40 hours per week.

The cost of the program is \$248,596.32. "These benefits are long overdue," Poulos said, "and they should be included in next year's budget so that the program can become effective January 1, 1967."

Open Gridder Season

By Milt Pryor

The Hicksville Football Assn. had their official opening day ceremonies at Cantiague Park, Sunday, Sept. 25. We wish to thank the Charles Wagner Post American Legion Color Guard for their fine help and also Mr. Harris, Cantiague Park Field Director for the tremendous job that he and his great staff did for our League. Not only did they supply the Public Address Truck, benches for both teams, stands for the crowd which was at hand but they also lined, manured the football field and really had it in fine shape.

Our Varsity Team, Hicksville Mid-Island Plaza Chargers, coached by Tommy Carton, however, did not fare too well going down to defeat 20 to 6, by the hands of Central Islip. Their record is now no wins and 2 losses, but the season has just begun and within the next week or two our boys should jell and really catch on.

Our small conference team, the Hicksville Bronco's played Valley Streams Green Hornets

last week and lost 26 to 0. This was their first game, and it should be remembered that this team was formed less than a week ago. The boys show great promise, and Coach Ted Siry believes by this Sunday when the boys meets the Levittown Bulldogs, they should have their plays and positions down pat and really give the Bulldogs a good fight.

As I have pointed out so many times, this is just the second year of operation of our League, and we must build from the 60 lb. club, moving them up state by state until these boys can sense the moves and plays automatically.

On Oct. 22, our Mid Island Plaza Bronco's will be playing at Randall's Island just before the Brooklyn Dodgers Pro game, to an anticipated crowd of 22,000 fans. Oct. 22, will also be Hicksville Day, and we with the help of the many service organizations of Hicksville plan to have a big group of our resi-

Increase Teachers Pay For Second Time

The 700-odd teachers of Hicksville School District will get a boost in pay, retroactive to the start of the current term, as the result of action at the Board meeting, Monday night. The new scale will cost the district an additional \$158,000.

A new and higher pay scale became effective with the start of the current term. The schedule adopted on Monday night, retroactive to the start of the term a month ago, replaces a schedule adopted by the Board during the time of budget preparation. The action of the School Board was regarded in some quarters as precedent setting for the community.

PTA Council Hears Rouse

Dr. John J. Rouse, Administrative Assistant and Supervisor of Language Arts of the Hicksville School District, was guest speaker at the Hicksville Council of P.T.A. Units' first membership meeting held at Burns Ave. School, on Sept. 21.

In his talk Dr. Rouse pointed out that children of all ages can be motivated to write interestingly and that spelling and sentence structure become meaningful when the youngster has been stimulated to express his thoughts and ideas freely through his writings. The audience participated by reading some of the children's compositions and by asking questions and making comments.

The officers and chairmen of the Hicksville Council of P.T.A. Units are as follows: Pres., Mrs. Anthony Ruffa; Vice Pres., Mrs. Marion Coffey; Rec. Sec., Mrs. Aaron Stein; Corr. Sec., Mrs. E. Santipadri; Treasurer, Mrs. Joseph Kaplan; Program, Mrs. Joseph Janca; Publicity, Mrs. Harold Gorlin; Scholarship, Mrs. J. Schwartz; Legislation, Mrs. John Coffey; School and Comm., Mrs. Ernest Sielaff; Budget, Mrs. Joseph Kaplan; Editor - News, Mrs. John McManus; Juvenile Protection, Fred Munch; Ways & Means, Mrs. Robert Hughes.

Fall Season

While the Oyster Bay Town swimming pools and beaches have closed for the season, the community park recreational programs are being accelerated, it was announced by Councilman Edward J. Poulos, town board majority leader.

The fall schedule includes closing the community parks at sunset daily, excepting when special events are scheduled.

Sponsor Workshop Program

The Dutch Lane Parent Teacher Assn. of Hicksville and the Hicksville Classroom Teachers Assn. are jointly sponsoring a workshop on "The Negro in American History." This fifteen week course (two hours each Monday from 8-10 PM) will be given this Fall at the Hicksville Senior High School Cafeteria and is open to all residents and teachers in the Hicksville school district.

Its objectives are as follows: A. To provide better knowledge and broader understanding of the Negro in an historical and sociological context.

B. To acquaint teachers with new available educational materials on the Negro and to develop methods for integrating this material and information into day-to-day teaching and learning situations.

C. To increase the community's awareness of the vital contributions that Negroes have made in the development of our country so that present national problems of integration of the public schools and the need to provide equal opportunity in the

fields of housing, employment, and social welfare are better understood.

D. To bring about free discussion within the community by providing the academic and educational stimuli inherent in such a workshop.

Educators, sociologists, historians, and psychologists whose backgrounds are rich in experimental and academic knowledge will participate as instructors.

The P.T.A. and the H.C.T.A. believe the workshop can be an important step towards uniting the entire community of Hicksville in the first of many exciting and meaningful group experiences. The Hicksville School Board has voted in-service credit for teachers. The course will begin Oct. 17, and the coordinator will be John J. Rouse, Ph.D.

Registration Tues., Oct. 4, 6 P.M. to 10 P.M. a. Board Room Adm. Bldg., Division Ave.

For further information please call Mrs. E. Weinreb, WE 5-8782 or Mrs. N. Dowton, WE 1-3665.

Holy Name Society To Hear Candidates

Holy Name Society of Holy Family Church, Hicksville, will hold its monthly meeting on Monday, Oct. 10th, at 9:00 P.M. in the school hall. With the November elections in mind, a special program has been arranged. The following candidates will present

their views: REPUBLICAN: Steven Derounian, Harry H. Kuttner and Senator John Caemmer.

DEMOCRAT: Congressmen Lester Wolff, James Van Norman and John Occhiogrosso. Refreshments will be served.

Scholarship Winners

At the graduation exercises in June, the Hicksville Senior High PTA was pleased to award two \$600 scholarships. The recipients of these scholarships were Andrea Sals, 93 Bobwhite Lane and Joan Murphy, 26 Winding Road. Andrea will begin her studies at Buffalo State College and Joan at Harpur.

The number and amount of the scholarships awarded each year by the Senior High PTA depends upon the success of its fund raising functions during the year, therefore, the support and cooperation of the membership is of the greatest importance.

Move to Name CW Post Campus

Announcement of a decision by Long Island University's Board of Trustees to officially designate its largest campus, on which C. W. Post College is located in Brookville, as the Merriweather Campus of Long Island University, in honor of the mother of Mrs. Marjorie Merriweather Post, was made by University Chancellor R. Gordon Hoxie.

Commenting on the selection of the name for the 300 acre campus, Dr. Hoxie said, "Mrs. Ella Merriweather Post was a pioneer in advancing education and public enlightenment."

CLAIMED TO BE the world's first turbine-driven rail car, this test car has started six months of test runs from Bethpage out to Ronkonkoma, a 20-mile section of level track where it will carry no passengers, as part of a LIRR improvement program. Eventually the rail car will run from Hicksville to eastern LI at speeds of 75 to 100 mph, depending on the outcome of the tests. Under a current \$200 million improvement program for the LIRR electrification of the system from Mineola to Hicksville and on to Huntington is planned.

Dear Lynda

Nassau County Police Commissioner, FRANCIS B. LOONEY, reports that 2,489 cars were stolen in the first nine months of this year compared with 1,890 for the same period last year. About 90 percent of the cars were recovered. They have a movie on the north shore titled "The Blue Max". Such is not the case with our Max at the Hicksville Post Office. If anything, he gets red in the face on occasion. The NY Telephone Co., is pouring concrete this week for still another addition to its building on Cherry St. at Fredericks Pl. The site was once the residence location of the late ANDREW B. HEBERER, JR., who served as Hicksville District Clerk longer than anyone in the 70-year history of the district. We note the sign on behalf of a congressional candidate on the Broadway, Hicksville, RR bridge which says "he cares". But does he when his face is defaced? HERBERT JOHNSON, former president of Hicksville School Board, was at the regular meeting on Monday night and almost had trouble getting the floor.

Pageantry in Brass

By the St. Ignace Girls Cadet Corps

Hello!

This weekend the Marching and Maneuvering Season was formally brought to a close. As we look back we view our many victories and disappointments with a pride and satisfaction of having tried our best to execute a good show, but the things we prize most are the compliments we have received from members of other competing Corps. As one fellow put it, "Gee girls, no matter where you place, you always go off the field as winners, with a smile." This small statement shows that our fellow competitors can see the sportsmanship and spirit we display not only on the field but in the stands.

Drum Corps naturally inspires a love of neighbor. Tensions,

under competition circumstances, run high, and an understanding of the other fellow's feelings, whether he is a member of your Corps or not, is of prime importance. That's why those few words in the above quote mean so much to us.

Again we would like to remind you that we are recruiting members for our Corps at this time. We know we have a lot to offer you in many respects. Our own personnel is of the highest calibre, and we would love to be able to call you one of us. Of course we travel and sometimes we win but these are only some of the things we do, the others are not quite so tangible, they come in large doses of a thing called togetherness.

Set Seminar

The Nassau County Teenage Republicans will hold a political education seminar featuring top Republican speakers this Saturday, Oct. 1. her and the workings of local politics.

Constitution Convention Delegates on Nov. 8 Ballot

New York State will hold its ninth Constitutional Convention, the first in nearly 30 years, in 1967. On Nov 8th the voters will elect 15 delegates at large state-wide and three delegates in each of the 57 State Senatorial Districts.

SUPREME COURT JUSTICE Paul J. Widlitz, former Assemblyman Edwin J. Fehrenbach and Moses Hornstein, a prominent Merrick builder, discuss constitutional law at a recent Republican gathering. They are the candidates for delegate to the Constitutional Convention, which will start next April in Albany, from the Fourth Senate District.

US Senator Jacob K. Javits has correctly noted that there is "a very real danger that the significance of the election of delegates will be ignored in the maze of propositions and the large number of candidates for other offices which will appear on the (Nov 8) ballot."

The first New York State Constitution of 1777, in the form of a charter, was not submitted to the voters for approval. Since 1777 three revised constitutions have followed: constitutional conventions in 1821, 1846 and 1894. Amendments were adopted following the conventions of 1801, 1867 and 1938.

None of the recommendations made at the 1915 convention were accepted by the voters. The constitution of 1938 was not a revision -- amendments within the framework of the 1894 constitution were proposed.

There have been numerous changes in the 1894 constitution in the form of amendments initiated by the Legislature. If a proposed amendment is approved by two legislative sessions (provided a general election has intervened) and then approved by the voters, it becomes part of the Constitution.

Thus the selection of delegates to the convention who will assemble in Albany next April (hopefully the state legislature will conclude its annual business by then) takes on particular significance. In addition, numerous proposals and recommendations for the yet-to-be convened convention are being tossed about.

Two Nassau residents are proposed as Republican candidates for delegate at large: State Senator Edward Speno of East Meadow and Mrs. John Gross of Great Neck, and one County residents as a Democratic candidate for delegate at large: Don Mankiewicz of East Norwich.

With all congressional, state senate and state assembly seats open for election on Nov 8, the senatorial district candidates for the convention are getting scant attention. The major parties are seeking to focus attention upon the convention and incidentally upon their candidates for delegates by conducting a series of "public hearings" to "crystallize convention issues."

Somewhat confusing to voters is the designation of one alignment of delegate candidates as the "non-partisan nominees to the constitutional convention" with a Minicola post office box as an address. While the candidates are both Republican and Democratic party members, they are the nominees of the Democrats. The Republicans have fielded their own set of delegate candidates.

What kind of changes are pro-

posed for the state constitution? Only the rough outlines have emerged to date. They call for retention of the constitutional separation of church and state, preservation of natural resources, strengthening of the powers of local governments and an integrated statewide court system, a permanent June primary election date, methods to control the rising crime rate, educational opportunities for youth, new civil right laws.

From Assemblyman John S. Thorp Jr. has come a call to study the feasibility of establishing a unicameral (one house) state legislature. Since only one state of the 50, Nebraska, operates unilaterally, the matter requires careful study. He says he has an open mind on the question.

Town Supervisor Ralph G. Caso has noted that the State Constitution today is five times larger than the Constitution of the United States. It has been rewritten and

amended 190 times since first written. There is obviously a need for streamlining and modernization and this will be the chore of the 186 delegates, elected Nov. 8th, when they come to order in convention in Albany next April.

Meanwhile, adding to the confusion for the voters is the fact that the Nov 8th ballot will include eleven proposed constitutional amendments to the present document. Among these is the somewhat controversial question of authorizing state lotteries for the support of education. Curiously, the State Teachers Assn. is opposed to this amendment but not on the grounds of opposition to gambling. The Teachers Assn. says it is opposed to earmarking funds from a particular revenue source which "encourages development of piecemeal fiscal policy."

This promises to become one of the most debated proposed constitutional amendments of this election.

Surprise your family tonight. Take home a family room.

You'll be doing your wife a favor. It's no fun for her when the whole house is a playground.

Adding on a family room or finishing off the basement pays for itself in the long run. Your house will be worth that much more if and when you sell.

So what's stopping you from starting those home improvements

right now?

If you need money, use ours. Drop by the nearby branch of First National City Bank. Sit down and arrange a loan. You won't be long, because we've got the shortest loan application in town.

Rates? You'd have to look far and wide to find any lower than ours.

We'll lend you up to \$5,000 for a

family room, new kitchen, extra bathroom, garage, siding job or whatever you need. You can take as long as five years to pay us back.

First National City makes far more loans than any other bank around. We've got the mechanics of it down to a science. Still, once you deal with our people, you'll see we're awfully human about it.

Petito Admits He Never Asked

Supervisor Michael Petito on Sept. 27 at a regular Town Board meeting publicly admitted before members of the press he had never asked Comptroller Joseph Macdonio for records to substantiate the Town Highway Department's overtime payments to contractors for union welfare benefits.

In direct confrontation with Petito and his staff members, Town Board Majority Leader Edward J. Poulos succeeded in getting them to admit they had never asked Comptroller Joseph Macdonio for records which would have corroborated that the Town made overtime payments to union welfare funds in accordance with contractual agreements. The Town Board Majority Leader also pointed out that the records also contain clear-cut certification by the contractors that union help was employed for snow removal work.

Despite his own admission that he or his staff never asked to see these records during their eight-month investigation of the Highway Department, Petito continued to make the charge that the records were withheld.

"This is simply a case of 'don't confuse me with the facts, my mind is already made up,'" declared Poulos. "It is obvious that all these records exist and were available to Petito and his staff if they asked for them. This charge by Petito is pure fabrication."

Comptroller Macdonio, who was present during the confrontation, said he made every record available to Petito and his staff upon their request. He pointed out that the request for the records substantiating that payments were made to contractors for union welfare funds for snow-removal overtime work, and certification that the contractors employed union help, was requested by Petito on Sep-

tember 26, seven days after he issued his Highway Department report charging that records were being withheld. "This nulls down the fact," majority Leader Poulos said, "that Petito never asked for the records during his eight-month investigation. The records were always available to him and the Town Board got them from the Comptroller's office in 24 hours, although the Supervisor could not find them in eight months. The only thing consistent about this investigation is the inconsistency of Petito's report and charges," Poulos said.

Highway Superintendent Norman T. Wolf also denied that during the eight months of the alleged investigation of highway snow-removal practices, he never was asked on any occasion by Petito or his staff for records pertaining to union welfare payments to private contractors. "Every document he asked for was furnished to him," Wolf said. "This is nothing more than an attack on the Highway Department to substantiate his own predetermined position established prior to the beginning of his investigation. The charge that I refused to make any records available to him is false."

Case to Introduce Retirement Plan

Following conferences with Irving Flaumenbaum, President of the Nassau County Civil Service Employees' Assoc. and his committee, Hempstead Presiding Supervisor Ralph G. Caso announced that he will introduce an ordinance on the Oct. 3rd Calendar of the County Board of Supervisors to provide the same pension benefits for County employees which will become effective for employees of the Town of Hempstead, North Hempstead and Oyster Bay next Jan. 1st and is now in force for employees of the State of New York.

"The ordinance which I will introduce," declared Supervisor Caso, "will become effective on the payroll period commencing Dec. 23, next. It will permit employees of Nassau County to elect to contribute to the pension accumulation fund in accordance with provisions of Section 75B of the Retirement and Social Security laws. This entitles a County employee to retire after 30 years of public service on a guaranteed half-pay pension. It also provides for increased ordinary death benefits."

Dana Directors At Hofstra

Hofstra University has announced the appointment of Francis W. Dana II of Hempstead as Director of Admissions, effective Oct. 1. At the same time the University named three new assistants in the Admissions office, to "effect a necessary expansion." With its first two dormitories completed, and ground broken for two more, Hofstra is now recruiting students on a regional and national level.

Dana has been Assistant Registrar at New York University since 1961. He holds his bachelor's degree from Boston University and his master's degree from NYU. A director of the University Club of Long Island, he and his wife and their three children live at 28 Roger St. Hempstead.

The new Director succeeds Edwin T. Carline, of Huntington, who resigned to accept a post as Assistant Director of the Northeastern Regional Office of the College Entrance Examination Board in New York City. Mr. Carline had served as Director since 1961, and had been associated with the Admissions office since 1958.

Named Assistant Director was Herman E. Muller of Hempstead, a 1961 cum laude graduate of Hofstra who is working toward his master's degree there. Mr. Muller has been a Bureau of Customs examiner and has taught English on a part-time basis in Hofstra's University College.

Earns Highest Field Position

GRACE J. FIPPINGER of Hicksville, has been named New York Telephone's Nassau division manager--the highest field position to be held by any woman in the nationwide Bell System.

With this appointment, Miss Fippinger takes charge of all telephone company business offices and commercial operations in Nassau County. She supervises a work force of more than 400 persons which serves approximately 490,000 customers in the county.

Miss Fippinger, who was previously general commercial operations supervisor, joined New York Telephone in 1948 after her graduation from St. Lawrence University at Canton. Her first position with the company was as a business office representative on Long Island.

She became a staff assistant in Hempstead in 1952 and the same year was appointed to the post of public office manager. In 1954, Miss Fippinger was named Freeport business office manager.

Three years later, she was appointed South Nassau district manager. She moved to the staff position of general commercial operations supervisor in September 1965.

"Today the doors are wide open," Miss Fippinger said, "and women owe it to themselves to set their sights on new goals--to make positive contributions in the arts, the professions, the business world."

Active in civic affairs, Miss Fippinger was recently appointed by Governor Rockefeller to the New York State Dept. of Commerce Women's Council, organized to promote the advancement of women.

She was born in Hicksville, attended Hicksville High School and was director of the Hicksville chapter of the American Cancer Society in 1965.

A member of the St. Lawrence Club of Long Island and formerly a member of the university's Alumni Council, Miss Fippinger is active in the Hicksville Republican Club and serves on the board of the Nassau County Federation of Republican Women.

She is a charter member of the Nassau County Cerebral Palsy Association and a past president of Soroptimist International of Central Nassau.

dents cheer our team on to victory. The Adult Tickets including Bus Transportation will be \$4.25 and the Children's tickets and Bus Transportation will be \$2.25. Contact your various service groups or the Mid Island Plaza Assn. office for more details. I am glad to state as of this date we now have more boys playing football this year in our League than ever before. All of this year's outstanding bills have been paid according to Joe Trapp, our tireless Secretary-Treas., and we still owe \$2000. left from last year's \$7000. purchases. We hope by the end of the 1966 season that all obligations are met and next year we will be in a financial position to increase our Conference Groups, amount of players per

team and enter more out of state Bowl Games at the end of the season. It all depends on you.

In our intermural program Sunday, The Hicksville Mustangs eked out a 7-6 win over the Hicksville Wildcats. Both coaches Jack Levison of the Mustangs and George Waldenmayer of the Wildcats should be congratulated on their teams' fine showing. The Wildcats had their own cheer Leaders composed of 6-7 year old girls, one of which was Mr. Waldenmayer's own daughter. The names of the girls and a group picture will follow in a future issue. We are in the process now of appointing three Team sponsors for our small group. As Contracts are signed we will keep you informed. Last Monday at the Mid Island Plaza, our First Point Pass and Kick contest was held. Judges were NY Jets Offensive Guard Sam DeLuca, Brooklyn Dodger's John Taglip, and Fullback Duane Bean.

Although the advance sales were fair, the boys on hand to participate and to meet these

Football Greats was very disappointing. Scott Parker and Paul Spalletta were winners in 2 of the age groups. Both of these boys are now entered in our League, and obviously they learned something. The rate of improvements of the teens is quite remarkable. Their increased knowledge of football skills and the concentration of physical fitness in the Leagues program has brought many a parent-down to the field thanking the Coaches for their dedicated effort.

We still need more parents for our Fund Raising Committee, our Administration section, refreshment Committee and also more Gals for our Woman's Auxiliary. This Sunday, October 2, 1966 at 1:30 p.m. at Cantiague Park, our Charger and Bronco squad will have games. On Saturday the Hicksville Lions and Eagles will be having their first intermural encounter of the 1966 Season. Have a pleasant afternoon. Come out and cheer our boys to Victory. Show them that you care.

Do you want negotiations in Vietnam NOW?

NO!

Says the backward-looking*
Derounian

- Derounian says, "We should not negotiate for peace in Vietnam at this time."
- He favors escalation of the war to put the enemy on the defensive before going to the conference table.
- He favors a blockade and the sinking of ships in Haiphong Harbor.
- He wants to give military field commanders control of nuclear weapons.

- He wants only North Vietnam at the peace table.

(*Special thanks to Mr. William Casey for picture idea and description.)

YES!

Says your Congressman
Lester Wolff

- Wolff favors every possible effort towards bringing the conflict to the peace table NOW. He favors unconditional negotiations NOW.
- Wolff favors de-escalation to set up a climate for peace.
- Wolff, like many others, will not risk touching off a much larger war by sinking Russian or other ships in Haiphong Harbor.
- Wolff is totally opposed to giving field commanders control of nuclear weapons, because one intemperate action on the part of a single military commander could involve us in a nuclear holocaust.
- Wolff favors all belligerents, including the NLF, as participants at the peace table, because those not in attendance would not feel bound to accept final agreement.
