Bishop to Dedicate High School Oct 30

BUILT AT A COST of \$6,000,000 the Holy Trinity Diocesan High School on Newbridge Rd. (above, looking from west), Hicksville, will be dedicated by Bishop Kellenberg at 3 PM on Sunday, Oct. 30. An open house will start at 4 PM with the general public invited to tour the new facility.

School Board Trustees Preview New Building

Members of the Hicksville Board of Education were given a pre-view tour of the new Holy Trinity Diocesan High School by the Rev. Edward P. Connolly, principal, and assistant principals Sister Mary Laurence RSM and Sister Catherine William, OP., last week. The formal dedication takes place on Oct. 30.

There are 700 students enrolled at the new high school between Newbridge Rd. and Cherry Lane, Hicksville. The staff consists of 22 nuns, two priests, eight lay teachers and 27 other employees.

Designed by George J. Dipoll of Massapequa the general contractor was Dominick Milone Inc. of Rockville Centre. Plans for this and three other high schools were announced by Bishop Kellenberg on Mar. 12, 1963. The school serves 25 parishes in Nassau.

HS Variety Show Goes in Rehearsal

The students of the Hicksville High School will present their annual Variety Show on Thursday, Friday, and Saturday nights, Nov. 3, 4 and 5. This year Variety '66 will have everything from jazz and rock and roll to dancing skeletons and the Marty Kon-

REV. ANDREW P. CONNOLLY
Principal

gressman. This year, as in previous years, the variety show is directed by Joseph Crucilla and Charles Arnold.

Rehearsals have begun and will continue intensively. Everything is being done to insure a "Mad Cap Variety".

Grunewald Gives Warning On Democrat Ward System

Town Councilman A. Carl Grunewald warns that the adoption of a system to elect town board members from sections rather than the town as a whole will create a "ward system" and the method by which it is being sold to voters is a "fraud being perpetrated by the Democrats in an attempt to mislead all residents."

Oyster Bay Town Board this week, over the objections of Supervisor Michael Petito, set a public hearing upon a plan to allow 120 to 180 days in which to hold a vote upon a 6200 signature petition filed requesting councilmatic districts. Under the present law 30 to 45 days after filing of petitions the special election on the question must take place.

Petito charges the delay will cost the taxpayers \$200,000 to hold a special vote if it is not included on the ballot on Nov. 8. The Town Board replies it needs time to establish the validity of the petitions and Councilman Edward Poulos notes that more than 1,100 names have already been found invalid. A total of 5,364 signatures are needed to make the petition acceptable.

The matter is expected to wind up in court.

Discussing the proposal, Councilman Grunewald in the October issues of the Hicksville Republican Eagle, club publication, asserts: "If such a ward system were put into effect, the Democrats believe they would stand a better chance of election one or more Councilmen in our town. But more important, this would be the forerunner of the establishment of a New York City type of council with the evils of the ward system."

Constitution Convention Candidates at Library

The Hicksville Public Library on Thursday, Oct. 27, at 8:30 P.M. is presenting a program sponsored by the League of Women Voters for the purpose of presenting the candidates from the 5th Senatorial District to the State Constitutional Convention.

The delegates from each political party have been invited to appear and state their views. Affirmative replies to date have been received from the Democrat Liberal candidates, John J. Meng, Jack B. Weinstein and Mrs. Shirley S. Lester. The Republican candidates, Abe Seidlin, Raymond K. Rice and Theodore M. Black have promised to be present.

Revision of the State Constitution is the opinion of the voting public is long overdue. In the words of the popular political columnist of the Long Island Press, John M. Greene, "It's about time the ancient, voluminous and at times contradictory Constitution should be modernized, shortened and clarified".

This program will be interesting and provocative and will help to provide the voter with an informed and thoughtful opinion.

Make a date for the Hicksville Public Library Thursday, Oct. 27, at 8:30 P.M.

Civics to Hear of Youth Board

The Midland Civic Assn. of Hicksville and Jericho will hold their first meeting of the year on Wednesday, Oct. 26th at the Willet Ave. School at 8:30 sharp. Speaker for the evening will be A.J. Melillo, Executive Director of the Youth Board of Nassau. This will be an open meeting for anyone who would like to attend.

On Oct. 31st, the membership

drive of the organization, under the direction of Rosemary Jones, will be completed. The Area and Block Captains are covering the 250 to 300 houses in the Northern Section of Hicksville and bordering Jericho at this time, and it is anticipated that, as in the previous 12 years that the organization was in existence, almost every house in the section will become members.

Dear Lynda

The Ladies Auxiliary of the Hicksville Fire Dept. will hold their annual Jamboree on Oct. 29. The theme will be "A Night in Paris". We expect to have a full story shortly about the dedication of that statue to the memory of BILL DANDA at the Sposset orphanage. Remember the fuss about dental chairs in the school warehouse? The School District will accept bids until Nov. 1 on eight complete dental chairs, ten dental equipment cabinets and miscellaneous dental equipment, all declared surplus used equipment. Contact Assistance Business Manager FRED RICKER if you are interested. JIM CUMMINGS spoke on "the future of Hicksville and the possibilities of expanding the village to its fullest capacity" at the Hicksville Rotary luncheon last week. Wish we knew what the future holds. It does hold a replacement street light for Nelson Ave., Hicksville. The town board has authorized a more powerful unit. How about that. While playing football at Cantiague Park on Friday afternoon, Oct. 14, ED REINHARDT, 14, of 138 W. Marie St., Hicksville, was injured and taken to Syosset Hospital with contusions of the right knee. HENRY C. BRENGEL has been nominated for next president of Hicksville Kiwanis. He was a long-time member of the Board of Education and served as president. Another Kiwanian, FRANK CHLUMSKY (club secretary) holds the record for tenure on the Board and long-time president. Another Kiwanian and former School Board trustee Dr. CHARLES MASEK is back from a pleasant trip to Puerto Rico and a visit with his daughter and son-in-law.

We are sorry to hear that JOSEPH REINHARDT, cashier of the Long Island National Bank, is in Syosset Hospital and may not be back at his desk for some time. Pfc ARTHUR F. NOETH came home on leave this week from Fort Benning, Ga. He is expecting an overseas assignment when he reports back to base. MARY ALICE PURICK of 114 W. Marie St., Hicksville, participated in a College of Nursing Uniform Blessing Ceremony on Oct. 7 at Niagara University. The East Nassau Medical Group on South Broadway, Hicksville, plans to enlarge its facilities. Among those named to the dean's list at Union College, Schenectady, was RONALD A. POWELL, a senior, son of Mr. and Mrs. Louis Powell of 11 Beacon Lane, Hicksville. He is a physics major. Among the new tenants at the Lazarus Bldg. at 960 Broadway, Hicksville, is Effective Motivation Associates which is a franchise distributor for Success Motivation Institute Inc. of Waco, Texas. How does that move you? On a nine-week student teaching assignment from Oswego to Jamesville-Dewitt is LINDA LINK, daughter of Mr. and Mrs. William Link of 64 11th St., Hicksville. Club President PIERRE CHARBONNET announces the Lions Club is selling housewives clear plastic bags of candy containing 160 individually wrapped pieces of fruit-flavored hard candy and chewy taffee (for \$1) to be used for Halloween trick or treat callers at local homes.

We notice the Plainville Cemetery fence on Old Country Rd., Hicksville, is being painted white. We don't remember ever seeing it in that color. Looks like a contest for Hicksville Fire Commissioner, come December. SUSAN L. CROWLEY, 20, of 22

Kansas St., Hicksville, passenger on a motorcycle was killed along with the Uniondale driver at about 3 o'clock Saturday morning, Oct. 8, when the bike collided with two utility company poles in Rockville Center.

Visitors Overwhelm Hicksville Chargers

By Milt Pryor

In Last Sunday's contests—the Hicksville Chargers sponsored by the Mid Island Plaza Assn. met the Varsity team of New Rochelle at Catiague Park. The Chargers did not fare too well as the strong New Rochelle squad outplayed our boys and overwhelmed us.

This Sunday the Chargers are traveling to Central Islip, where they will meet the undefeated Central Islip team presently in first place in the Nassau Suffolk Football Assn. Hicksville's record to date is one win and three losses and at this writing we are deep in third place.

In Last Sunday's second contest the B & B Lorry's Broncos met the 105 Lb. JV Team of the Huntington Boys Club and came up with a 28 to 0 win. Scott and Jeff Parker played a whale of a game, both on offense and defense, intercepting passes, recovering fumbles, you name it and they did it. Other fine runs made by Glen Skrynecki, Jeff Davis, Phil Spalletta, and by Tommy Berin, and George Waldenmayer, and Tommy Herrity. Bob Pryor, The Hicksville First String Tackle quarterbacked this game as our regular quarterback, Larry Clock was not available for this encounter.

James Umba, Asst. Coach of the Hicksville School system, spoke to our boys before the game, explaining the importance of these pre-school leagues, and how the various school systems

look forward to accepting them upon their readiness for JV and Varsity ball.

Old reliable Frank Mallett was on hand as always to photograph our event.

This Saturday evening, B & B Lorry's Broncos travel to Randall's Island to play the Valley Stream Green Hornets at Downing Stadium. Our boys, we understand will also appear on Television. Buses will leave from the Mid Island Center Saturday, Oct. 22 at 5:30. All interested in going, contact Joe Trapp at GE 3-3182 or this reporter at WE-5-6194 for more information.

In our intermural Division The Hicksville Mustangs are now in first place with two wins and no defeats. The Hicksville Wildcats (sponsored by Vern Wagner Funeral Home) and the Hicksville Eagles are tied for second place with identical one win and one loss records, and in 4th place, although, far from out, are the Hicksville Lions with no wins and 2 losses.

The next intermural games are scheduled for Sunday Oct. 23, at 1 PM when the Hicksville Wildcats and the Hicksville Eagles meet to decide second place in the League. The Mustangs will meet the Lions and must win to stay in first place. It should be quite an exciting afternoon and we look forward to seeing you all at the Catiague Park.

TEAM CAPTAINS were presented with trophies by Assemblyman Martin Ginsberg at the game between Hicksville Charges and New Rochelle at Catiague Park (see story at left). Ginsberg also tossed in the first pigskin. From left, Charges Coach Tommy Carton, Assemblyman Ginsberg, New Rochelle Capt. John Hollis, Charges Capt. Richard Mullins and New Rochelle Coach Mike Ward. Reads Manifesto To Congregation

A 16-point "manifesto" to be read Sunday, Oct. 30, in St. Stephen's Lutheran Church, Hicksville, will begin a period of self-examination and renewal at the church as well as in 6,217 other congregations of the Lutheran Church in America.

The Rev. Richard K. Muck, pastor at St. Stephen's, said the manifesto consists of a "check list" of characteristics that a congregation alive to modern times must consider.

The document will be read from the pulpit on Reformation Sunday and then studied and discussed with the help of material being prepared by the LCA Executive Council, Pastor Muck said.

He said the LCA approved the manifesto and accompanying two-year study at its churchwide convention last June. At the 1964

convention, the LCA became concerned that some of its congregations may have lost touch with modern changes in private and community life, and it ordered a study of the nature and mission of the congregation.

Would Amend Law to Halt Tax

Assemblyman Martin Ginsberg, of Plainview, says that the one way to stop New York City from increasing its income tax on non-residents and Nassau commuters, is to adopt an amendment to the State Constitution prohibiting such a rise.

Ginsberg, who has led GOP opposition to the commuter tax, said he will lead a drive to obtain this amendment in the next session of the State Legislature. He noted that the recent report of the Temporary Commission on City Finances recommended further increases in the income tax on non-residents and commuters.

"This report," he said, "appears to be a prelude to a city drive for an income tax hike and thus makes such an amendment necessary."

Ginsberg said his proposed amendment to the State Constitution would prohibit any city, county, town or village from taxing residents of any other local

municipal form of government in the state. "It is the only positive way of stopping New York City's continuing 'tax-grab' program," he said.

Ginsberg noted that he had predicted at last winter's legislative session in opposing the commuter income tax, that it was the prelude to a continuing city grab for more and more taxes and the Temporary Commission's proposals vindicate his prophecy.

DINNER & DANCE Tickets for our annual Dinner and Dance are now being printed and will be available shortly for members and their friends. The affair is being held at the Huntington Town House on Saturday, February 25, 1967. Tickets are \$28 per couple. The Souvenir Journal, printed in conjunction with the dance, progresses smoothly in the able hands of the committee in charge with letters and contracts also being printed.

VOICE OF DEMOCRACY CONTEST Voice of Democracy contest committee for the Post are: Eddie Klebing, chairman, Mike Znach, Commander Frank Blesi, Al Hanlon and Bob Williams. For the Auxiliary: Pat Williams, chairman, and Rita Aug, President. Judgments for the contest to be held at the Hicksville Senior High School, Tuesday evening, December 6th.

PENSIONS Veterans or their dependents will find the annual income questionnaires in their November mail along with their monthly payment. Recipients of VA pensions are required to return the income questionnaires before January 31, 1967, in order that their pensions may be continued.

BENEFITS The Veterans Administration advises school bound veterans and servicemen not to forget to get certification that they're actually enrolled in college. Failure to do so can result in a delay in mailing their G.I. Bill check. Two copies of the Certificate of Eligibility must be presented by the veteran and serviceman to the school. The school in turn submits the completed form to the VA.

V.F.W. IN ACTION VFW Commander in Chief, Leslie M. Frye, praised the five Congressmen who recently protested the decision to discontinue the national cemetery program. Said the VFW Commander: "It is incongruous . . . that a man be given a \$4 million fighter plane in which to fight but denied a \$21 plot of ground in a national cemetery should he give his life in combat." Opposition to the closings by the VFW is indicative by their stand against the Administration's policy of closing our national cemeteries.

EDITORIAL OPINION:

Re-Elect Martin Ginsberg

Assemblyman Martin Ginsberg of Plainview, after a fine first term in Albany, deserves reelection to continue serving his new district which includes a large portion of Hicksville and most of Plainview as well as other more southerly areas in the township.

Mr. Ginsberg, whom we have all known for some time as a public-spirited citizen involved in many community projects in his home community, should have the opportunity to continue his outspoken efforts in behalf of his constituents.

His Democratic opponent is a very amiable fellow but appears to have no substantial disagreement with Mr. Ginsberg on what to do and how to do it. The Conservative candidate does not even live in the District he seeks to represent. He can't vote for himself and thus must be dismissed as a none serious contender.

Math Guide Book Going to Africans

The African Mathematics Program conducted by Educational Services Incorporated has adapted for distribution in Africa a book: "Elementary School Mathematics, A Parents Guide," authored by John Cren-

son, Supervisor of Mathematics Education at the Hicksville Public Schools. The manuscript was written initially for the State Education Dept. at Albany.

This guide has been distributed to provide parents and other interested adults some basic information about the new modern mathematics curriculums presently being introduced into elementary schools in Sierra

Leone, Liberia, Ghana, Nigeria, Ethiopia, Uganda, Kenya, Tanzania, Malawi and Zambia.

The African Mathematics Program is involved in establishing, in each country, a core of people who can assume leadership in mathematics education at a national level. It is an international effort involving some of the leading mathematicians and educators of the world.

Ward System

(Continued from Page 1)

As an example, he continues, "If you were opposed to a zoning application in your area and complained to your Councilman he would be the only one responsible to you to fight against the application, as the other Councilmen who did not run for election in your neighborhood would not be responsible to you directly and probably would not be interested in what happened in your area."

"To carry this even further, if the Town decided to create a slaughterhouse, four of the six Councilmen could decide to put said slaughterhouse in your Town Councilman's area and he would be outvoted and powerless to stop the placement of this in your community."

He charged that Democratic committeemen were given instruction sheets advising them not to mention the term "ward system" in getting signatures for the petition, but were told to say the petition calls for creation of "councilmatic districts."

Launch Mumps Program Here

The first clinical trial and evaluation of a new mumps vaccine in New York State was conducted on Sunday, Oct. 9, by the East Nassau Medical Group of the Health Insurance Plan of Greater New York (H.I.P.) in cooperation with the New York University School of Medicine.

The successfully tested Jeryl-Lynn strain of vaccine was given to children between their first and seventh birthdays at the medical group's center at 350 South Broadway, Hicksville. The vaccinations were given to other groups of children between the ages of one and twelve on Oct. 16 and will again be given on Nov. 20.

The vaccine has been shown to produce immunity in about 98 per cent of the children who have received it. It does not cause soreness and no fever has resulted for 94 per cent of the children, according to Dr. Philip Brunell, Assistant Professor of Pediatrics at New York University School of Medicine.

A blood sample was taken from each child receiving the vaccine. They will return for a second blood test four weeks after the injections, which were given by a staff of physicians and nurses directed by Dr. Brunell.

The first clinical trial in the country was conducted in Philadelphia in June. Arrangements are being made for similar preventive health programs in other parts of the country.

Mr. and Mrs. Frank Montalbano of 75 Sackett St., Hicksville celebrated their 25th wedding anniversary on October 12 by taking a trip to the amish country in Pennsylvania.

FIRST INJECTIONS of a new mumps vaccine in the state was given by Dr. Ivan Kalina at the East Nassau Medical Group, Hicksville to Cristine, 7 years; John, 6 and Katherine, age 3. The children live at 20 Crescent Dr., Farmingdale.

**With our new Overhead Cam Six
you'd better believe it.**

Our OHC 6 delivers 165 hp on regular gas. And 215 horses from the premium gas 4-barrel version. Most American sixes (and some underprivileged V-8s) don't even come close. Expensive European sports machines do, but they're overhead cams, too. In fact, they inspired us. Our OHC 6 is standard on all Tempests and LeMans. So are a host of new safety features like passenger-guard door locks, General Motors' new energy absorbing steering column and a four-way hazard warning flasher. We've said enough. PO Offers to Zip Your List

Postmaster Ralph G. Cascardo today thanked the thousands of Hicksville, Plainview, Old Bethpage residents who have been cooperating in a plan to add ZIP Codes to personal mailing lists.

He also urged all those who have not yet sent in their "ZIP-A-LIST" forms to do so.

As part of a nationwide program, the Postal Service will add the ZIP Codes to personal mailing lists. Every household in the nation has been sent forms with blanks for addresses to which residents wish the post office to add the five number codes.

"It's not too early to think of adding ZIP Codes to your Christmas mailing list," Postmaster Cascardo suggested. "Also, it would help us greatly if you would print each address."

Postmaster General O'Brien has said that we must do all we can to make ZIP Codes completely accessible and this is part of that program. Local ZIP Codes are also available in the business pages of the phone book and in directories in post office lobbies. A special ZIP Code information section has been set up at the Post Office. Its phone number is 249-8917.

"Personal and social mail accounts for more than 20 billion pieces annually," Cascardo encouraged mailers to use the ZIP Codes on all addresses because with it mail moves by a more direct route and is handled fewer times.

In filling out the forms, house-

holders are asked merely to list the addresses - not the names - of their correspondents.

Incomplete addresses which are submitted but cannot be ZIP Coded by the local post office, such as those in a city like Washington, D. C. which has the same street names and numbers in the northeast, northwest, southeast and southwest sections, will be sent to the appropriate city and the codes will be added there.

You can get a lot of mileage out of the money we save you on an auto loan.

Car buyers know that a little shopping around often saves them big money.

What they may not know is that it also pays to compare auto-loan rates.

At First National City, we can save you real money over many other financing plans. The savings run well over \$100 in many cases. That's enough to fill your new car with gas

over and over again.

We're understanding about budgets. We sit down and work with you in working out terms you can feel comfortable with. We'll give you as long as 36 months to pay back the loan.

Few people shop around for a car with cash in their pockets. But if you could, you'd be in a strong bargaining

position. Well, we've got a plan called Finance-in-Advance that's practically like carrying cash. All you do is arrange a loan before you shop around.

First National City helps more people buy cars, new and used, than any other bank around. We get their business because we know our business.

Farewell

The time has come when we must part,
Theres deep sigh and sadness in my heart,
I regret to say we are leaving here,
And its time to say adieu.
It seems an easy thing to say,
But its the hardest thing to go.
I'm returning back to state where I was born,
And spent most of my life and happiest days.
To join all my friends and familiar places,
Where I'll see my children's smiling faces.
Again to enjoy the four gala seasons,
Resplendent in my mind.
Reflecting all the beauty beneath the skies divine,
Of those wonderful and happy years I left behind.
I shall miss your cheery smile,
And the warm clasping of your hand.
Will miss just seeing you around,
Yet hope you will understand,
With smiling lips I'll say good bye,
May God look down and bless you in everything you do,
As long as my life and memory lasts,
I will remember you.

Wolff cares about inflation and he fights it-for you!

When a Congressman acts to protect you and your family against rising prices... when he votes against non-essential government spending... when he conducts his own private inquiries into soaring food costs...

you know you've got a Congressman who cares about one of the biggest problems facing you and your family—inflation.

Yes, Lester Wolff has voted for cut-backs in non-essential federal spending. He has voted to cut over \$8½ billion from Administration programs.

• **Wolff** has voted against continuing agricultural subsidies, because he believes they add to the cost of the food you put on your table.

• **Wolff** has launched his own inquiry into trading stamps. He found they add 2% to the cost of your food—almost \$1 billion per year. He believes that a woman should be able to choose whether she wants trading stamps, or a cash discount.

• **Wolff** conducted an investigation into the bread and milk industries. He found archaic distribution methods were adding greatly to the cost of bread, and that certain uneconomical methods and collusive practices were adding to your cost of milk and bread. He brought his findings to the attention of the House Agriculture Committee. *Inquiries into bread and milk industries are now being conducted at both the Federal and State levels.*

• **Wolff** voted to suspend the 7% tax credit on capital goods expenditure—an Administration measure designed to combat and slow down inflation.

Remember these facts. Remember that the man who now represents you in the House of Representatives is a full-time Congressman who represents everybody in this District, regardless of party affiliation. Remember that Lester Wolff has been sparing no effort in fighting one of the major problems we face today—inflation.

Make sure he continues to wage the fight for you and your family! Re-elect him to represent you!

Re-elect your Congressman

Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

1967 officially starts at midnight on December 31, 1966. But for the St. Ignatius Girls the 1967 marching and maneuvering season starts right now. Several buglers and drummers from our Junior Corps have just been moved up to the Senior Corps to begin learning next year's music. Already we have begun to learn the off-the-line "I Ain't Down Yet" from "The Unsinkable Molly Brown" and the theme from Wonderama.

In training for next year's M & M line are forty-two horn players and about eighteen drummers. We do not have any new girls in training for our banner section, which means that any teen-age girl in the Hicksville area who likes fun, competition, and travel now has a golden opportunity. Of course a winter of hard work comes first, but the summer activities make it all worth-while.

For those girls who would like to play an instrument, a new corps is now being formed to supplement the Junior Corps. We also hope to form a color guard to march with the Junior Corps next year.

The only pre-requisite we have

is that a prospective member be a girl and willing to work hard. If you have seen the inside back door of our equipment truck you would know that our motto is "WE TRY HARDER!" In Washington, D.C. we scored as the second girls corps in the nation, with a winter full of preparation we hope that next year we'll come home to Hicksville the TOP all Girl Corps.

The first meeting for new members will be October 22, 1966 at 2:30 P.M. in the St. Ignatius School Cafeteria.

If you were watching the Columbus Day Parade on television you noticed that the network did not take time out for a commercial as we came down the street. This year we received excellent T.V. coverage of our color guard, our little mascot, Annette, and several playing members. What you didn't see was our Junior Corps who followed about two hours later. This parade was the fourth time this year that both units appeared together.

On Saturday, Oct. 15, the girls in the red cowboy hats led the Rebellion up Broadway, Hicksville, to mark the opening of a new auto showroom.
