## Alumni Assn. Homecoming

ALUMNI ASSOC. PRESIDENT, Marianne Kutner, is shown greeting Honorary Members Dr. E. H. LeBarron and Miss Nina Plantz (seated extreme right). Mrs. LeBarron (center) and Mike Sherin, Homecoming Committee Chairman and Raymond Ruch, principal of the Senior High School, complete the happy group at the Homecoming Dance at the Bethpage Country Club.

## Board Arranges Special Sessions

The School Board of the Hicksville Public Schools will hold a special meeting at 7:30 P.M. on Nov. 7th, in order to hear reports about the foreign language program and the social studies program. This meeting is part of the curriculum study being conducted by the district as a result of last year's Flanagan Report.

The Flanagan Report resulted from a curriculum study of the Hicksville Schools undertaken by the American Institute for Re-

search of Pittsburgh, Pennsylvania.

The School Board intends to hold a series of meetings to consider how recommendations of the Flanagan Report might be implemented. On Nov. 16th reports will be heard on mathematics and science, on Nov. 21st reports about the elementary schools program will be given. These will be public meetings and the public is invited to attend and participate.

## Town Upheld In Demolition

The Appellate Term of the Second Judicial Department Supreme Court, issued final judgment upholding the right of the Town of Oyster Bay to clear western Centre Island Beach on Long Island Sound of 28 expired leasehold cottages.

Eight of the cottages were heretofore cleared by court order which was not appealed and the remaining 20 will now be cleared, it was announced by Councilman Edward J. Poulos, Town Board Majority Leader. The Majority Leader had high praise for Town Attorney Bernard F. McCaffrey and his staff in successfully carrying through the Town's point of view before the courts in this complex litigation.

A Town contract is pending for the demolition and removal of the cottages, garages and appurtenances. The Town Board plans to construct a new beach house at Centre Island and open the entire Town-owned beach area on Long Island Sound to the public under regulations governing other north shore beaches as soon as practicable.

## THIRD CASUALTY

Stanley Tomasovic

THIRD CASUALTY in the Viet Nam war from Hicksville is Stanley Tomasovic, 19, of 82 Myers Ave., Hicksville. A radio operator with the First Battalion of the 26th Infantry, he entered the Army last March and went to Vietnam six weeks ago. He was a 1965 graduate of Hicksville High School and had been employed by O. E. McIntyre, Inc. before entering the service.

## Seek Clothing For Kings Park

The Charles Wagner Post #421, American Legion, of Hicksville is asking for donations of usable clothing for men, women and children patients at Kings Park State Hospital. The articles can be delivered to the Post, at 24 East Nicholas St. Hicksville, any time but not later than Saturday Nov. 12. Pickup service is available by calling Raymond Gamble at WE 8-2163.

The donations will be delivered to Kings Park on Sunday afternoon, Nov. 13, when the members of the Post and Auxiliary make their annual visit to distribute candy, cookies, fruit and cigarettes. This year patients will be treated to a variety show by the Post Band and the Comanches Raiders which will be held in York Hall.

Hospital visits to veteran patients began in the early 1920's at the suggestion of the late Lucia McIntosh, a past president of the Charles Wagner Unit #421, American Legion Auxiliary, and have since spread from coast to coast. A visit to Kings Park is an unforgettable experience and members who attended to first visitation over 40 yrs. ago are still making the annual trek.

## Building Permits Show Decline

Building activity in the Town of Oyster Bay dropped from 237 permits in August to 171 in September with all categories on the down-side. It is announced by Councilman Edward J. Poulos, Town Board Majority Leader. Construction value in August was \$2,548,164 compared with \$1,906,592 in September. The most active month this year so far was July with 264 permits valued at \$5,385,310 and the lowest was February when the value was \$1,345,204.

Items in the September report included 21 one-family houses \$447,195; 102 alterations and additions, \$215,098; 23 other than residence, \$68,655; three industrial, \$705,480; 15 commercial, \$348,564 and one school \$121,600.

## COUNCIL TO MEET

The Executive Board of the Hicksville Council of P. T. A. Units will hold its meeting on Nov. 9, in the library of the Hicksville Junior High School, at 8:15 P.M. Officers and chairmen are urged to attend.

PRESENTATION of Hicksville High School Alumni Association's MVP award took place at the reception in the High School cafeteria after the homecoming game in which Hicksville defeated Plainview 26-7. Judges were confronted with a tough decision and the voting eventually wound up in a three-way tie. Association Vice President, Jim Fyfe with winners, Bob Heart, Jeff Doolittle and Mike Masciello. Each player will receive an identical trophy. Also pictured with the group is toastmaster Jay Schwartz (left).

JIM FYFE, Vice President of the Hicksville High School Alumni Association, at half time of the football game, crowning the Homecoming Queen, Miss Pam Raab, chosen by popular vote among the students. Runners-up Misses Sue Foy and Lynn Van Winkler look on.

Hicksville Public Library

## ALL AROUND TOWN

Mr. and Mrs. Joseph E. Green of Searsville are the parents of a daughter born Nov. 1. Mr. Green, son of Mr. and Mrs. Hiram Green of 60 Felice Crescent, Hicksville, is a graduate of Hicksville High School, Brown University and Columbia. His father is the proprietor of the Hiram Green Liquor shop in the Center Shops.

Mr. and Mrs. Peter Kliman of Bridgeport, Conn., are the parents of a son, Peter Hatfield Kliman. Mrs. Kliman is the former Sally Hatfield, daughter of Mr. and Mrs. Francis Hatfield.

### WAABI to Host Koffee Klatch

A "Koffee Klatch" at the Central Islip State Hospital will be given on Tuesday, Nov. 8th, at 1 P.M. by the Nassau County Chapter Women's Association of Allied Beverage Industries, Inc. (WAABI) for Group "K" (175 male patients).

A movie will be shown and refreshments served. Cigarettes and candy will be given to each man as he leaves the party. This is the first of a series of "Koffee Klatches" to be given at the Hospital this season by the WAABIs.

Participating hostesses will include: Jennie Spertino, 1012 Jerusalem Ave. Merrick; donations of cake, candy and cigarettes will be picked up by, Sally Kennedy, 15 Edin St., Hempstead, and Mary Pacilio, 80 Loines Ave. Merrick.

PAUL A. WASEKIVICS, son of Mr. and Mrs. Paul Waskevics of 50 16th St., Jericho, is now attending the State College at Long Beach, Calif. A 1963 graduate of Jericho High School, he studied at LI Drafting School and Orange County Community College where he graduated with honors and was on the dean's list.

### To Present Lecture

The Very Rev. Paul De Ballester, the official missionary of the Greek Orthodox Archdiocese in South America, will present a lecture with slides on Thursday, Nov. 3, at Saint Paul's Greek Orthodox Church, 110 Cathedral Ave., Hempstead, at 8:00 p.m.

A former Franciscan monk of the Roman Catholic Church of Spain, Father De Ballester is a convert to Orthodoxy. He is the author of many books and the possessor of two doctorate degrees. He is fluent in seven different languages.

RABBI HERBERT H. ROSE of Temple OR-Elohim, Jericho, will be the guest of honor at a dinner-dance held at the Temple, 18 Tobie Lane on Saturday, Nov. 12 at 8:00 p.m., by the Jericho division of the United Jewish Appeal of Greater New York, according to co-chairmen Marvin L. Kahn and Dr. Bernard A. Schmierer, who lead the community's 1966 UJA campaign.

## Dear Lynda

IRVING LAWRENCE, former member of the Hicksville Board of Education, was present at the board meeting for one hour on Monday. He made no public statement. The School Board will hold special meetings on Monday nights, Nov. 7 and 21 in the student cafeteria of the High School, starting at 7:30 PM to consider recommendations regarding the FLANAGAN report. There was a bomb scare at the Hicksville Junior High on Oct. 31 at 1:30 PM. RAY MATIERZO is directing the production of "Brigadoon" by the Theatre 5 Workshop on Saturday Nov. 12 and 13 at Burras Lane Jr. High School. SUSAN WILLIAMSON, daughter of Mr. and Mrs. Ernest Williamson of 6 Dekman Ct., Hicksville, is on the honor roll of Lincoln Christian College, Lincoln, Ill. The judging in the Hicksville Kiwanis Club slogan contest on beautification is scheduled for early next week. When FRANK ENGLERT finally closes his doors at Broadway and W. Marie St., Hicksville, he plans to retire. Hicksville Sweet Shop will move across the street, next to the Bingo Hall. GARDINER GREGORY has invited the Board of Education to visit his museum and they will be there on Jan. 22 at 3 PM.

## Our Men In Service

Marine Private First Class Robert J. Heym, son of Mr. and Mrs. Frederick R. Heym of 13 Farm Lane, Hicksville is serving with the Seventh Engineer Battalion, Third Marine Division located 12 miles north of the port city of Da Nang, Vietnam.

Airman James F. Carney, USN, son of Mr. and Mrs. James F. Carney of 20 Barry Lane, Hicksville has completed the Aviation Structural Mechanic Hydraulics School at the Naval Air Technical Training Center in Memphis, Tenn.

Fireman Apprentice Daniel A. Little, USN, son of Mr. and Mrs. Henry Little of 17 Bridge Lane, Hicksville, a crewmember aboard the attack aircraft carrier Forrestal, observed the 11th anniversary of the carrier at the home of its commissioning, the Norfolk Naval Shipyard in Portsmouth, Va.

Marine Private Barry G. Foster, son of Mr. and Mrs. William Foster of 62 Vincent Road, Hicksville, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot at Parris Island.

Gunner's Mate Seaman Robert William Eggermann, USN, son of Mr. and Mrs. William Eggermann of 41 Vincent Road, Hicksville, has reported for duty at the Naval Support Activity in Da Nang, Vietnam.

Marine Private Larry Rubenstein, son of Mr. and Mrs. Morris Rubenstein of 37 Ronald Ave., Hicksville, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot, Parris Island, S. C.

Fireman Enrique Ross, USN, son of Mr. and Mrs. Anthony Ross of 76 E. Barclay St., Hicksville, is serving aboard the USS Kearsarge (CVS-33), an anti-submarine warfare support aircraft carrier serving with the Seventh Fleet in South East Asia. The "Mighty Kay", as she is called, has just completed a visit to Subic Bay, Republic of the Philippines, where she spent a five day Rest and Recreation period after a lengthy patrol off the coast of Vietnam.

Radarman Seaman Apprentice Robert F. Baumeister, USN, son of Mr. and Mrs. Fred C. Baumeister of 5 Grohmann Lane, Plainville, has completed the 16-week basic Radarman School at the U. S. Naval Training Center, Great Lakes, Ill.

Ensign William R. Strickland, USNR, son of Mr. and Mrs. William Strickland of 9 Hudson St., Hicksville, is attached to the USS Whitehurst, a reserve training ship homeported at Seattle, Wash. He is a member of the ship's "nucleus crew" which is responsible for maintaining the ship in a state of war readiness and assisting in the training of naval reservists.

Private Stuart H. Smith, 23, son of Mr. and Mrs. Hyman S. Smith 2 Oak Lane, Old Bethpage, completed a pay specialist course Oct. 26 at the Army Finance School, Ft. Benjamin Harrison, Ind.

Frank W. Juppe, son of Mr. and Mrs. John E. Juppe of 7 Ennes Ave., Bethpage, has been promoted to airman second class in the U. S. Air Force.

Pfc Arthur F. Noeth of Hicksville reported back to his base in Georgia, Monday, after a two-week furlough. He expects to be assigned to the Far East.

SP 4 Eugene A. Scott of 12 Liberty Ave., Hicksville, on his way to Quangai, Viet - Nam, where he is due to arrive Nov. 18, has been in the Army one year. He earned his present rating two months ago.

### Sisterhood Will Meet on Nov. 7

On Monday, Nov. 7, at 8:30 P.M. the Sisterhood of the East Meadow Jewish Center will hold their regular meeting at the Center. The program will be the Creative Repertory Co. enacting short stories from I. Peretz & Sholem Aleichem.

A card and Mah Jongg Luncheon will be held at the East Meadow Jewish Center on Wednesday, Nov. 16, from 10:00 a.m. to 2:00 p.m.

# First Youth Session Here Set for Nov 16

The Nassau County Youth Board will sponsor its first Annual Conference on Wednesday, Nov. 16, at the Salisbury Club in East Meadow, according to Mrs. Marie G. Santagata, Board Chairman.

In releasing details of the all day program, Mrs. Santagata advised that some 3500 announcements are being sent to the wide variety of public and voluntary youth serving agencies and community leaders in the county. She added that the program is expected to attract some 350 participants who will come to hear about and discuss the expanding number of federal, state and local resources that are being made available to local communities.

Commenting on the day's program, County Executive Eugene H. Nickerson advised that the Conference was in accord with

the County Youth Board's continuing effort to keep the local communities aware of the services that are available to them to develop youth programs. "The Youth Board has done an excellent job of pulling together some of the most knowledgeable people available to discuss current vital issues affecting our youth," he said.

The Conference, which is under the Chairmanship of Oliver W. Melchior, Superintendent of the Garden City Schools, will bring together Federal and State legislators as well as department heads who will discuss public assistance for local youth service projects as well as current and pending legislation affecting youth. Of particular importance to many local parents, according to Melchior, will be the discussion on the Vocational Education needs in Nassau County

which will be conducted by Dr. Robert Seckendorf, Assistant Commissioner for Vocational Education, of the New York State Department of Education and Dr. Edward J. Murphy, Superintendent of Schools in Lynbrook.

The Luncheon session, which is to be addressed by Dr. Frank Riessman, is expected to be the highlight of the day's proceedings. Commenting on this session, Angelo J. Melillo, the Executive Director of the Youth

Board, said, "We are particularly excited about being able to attract a man of Dr. Riessman's stature and calibre as our principal speaker. A noted author and lecturer, Dr. Riessman is an outstanding sociologist and educator who has made exceptional contributions to the field especially with respect to the educationally deprived child. We will be looking forward to his talk."

Persons attending the Conference will have the opportunity to

discuss the program and projects presented by the morning speakers in the "reaction panels" which will take place after the luncheon session from 2 to 3:30 p.m. It is anticipated that recommendations for local community action will be one of the priority goals for these sessions.

Persons interested in attending the Conference which will be limited to 350 participants, should contact Albert Coury, staff coordinator at PI 7-5080.

## Democrats Take Viet Position

The following resolution on Viet-Nam was passed by the entire membership of the New Frontier Democratic Organization of East Meadow Oct. 18 at their first meeting at the Tall Cedars Hall in East Meadow. The resolution was submitted to the membership after it had been approved by the Executive Board on Oct. 11.

It was the second such resolution passed by the Club on this issue.

The resolution reads as follows:

"One year ago the New Frontier Democratic Organization of East Meadow passed a resolution regarding the war in Viet-Nam. That resolution asked the President of the United States to stop the bombings and to initiate all positive steps toward a negotiated peace settlement.

"Since that time, despite a 37 day pause in the bombing, we have tremendously escalated the war with increasing American and Vietnamese casualties. It is now apparent, based on recent administration statements and the continued troop build-up, that

we intend to further escalate the war. This can only result in still higher military and civilian casualties and the increased danger of a nuclear world war.

"World leaders, including Pope Paul VI and United Nations Secretary General U Thant have been unsuccessful in their attempts to bring about peace negotiations. It is quite apparent that the United States must initiate any meaningful peace offensive.

Talks of peace and acts of war cannot accomplish this goal.

"In order to establish an atmosphere in which peace negotiations can proceed we must take the initiative in instituting the following:

"1. Cessation of bombing of North Viet-Nam.

"2. Cessation of all offensive actions in South Viet-Nam.

"3. Cessation of further build-up of U. S. troops.

"4. An open invitation to the National Liberation Front for direct participation in a peace conference.

"The New Frontier Democratic Organization believes that the above steps will demonstrate the desire of the United States to promote a climate for peace. We fervently hope that action, in good faith, on the part of the United States to decrease the level of violence will bring a similar response from the other side and that this will bring all parties concerned to the peace table."

## CONTINUE DEDICATED SERVICE RE-ELECT

**JAMES R. GROVER, JR.**  
Republican Candidate for Congress  
2nd DISTRICT

**VOTE ROW "A" ALL THE WAY**

### DEMONSTRATION CITIES

In discussing the proposed program, Rep. Burt Talcott (R-Calif.) says: "It could be the most devastating encroachment by the federal central bureaucracy upon the functions of local government, private enterprise, and individual freedom yet concocted by the federal planners." Talcott says these new federally built towns can only "sap the vitality of established towns and communities."

**WHAT'S LUXURY**—Rep. Catherine May (R-Wash.) questions the Administration suggestion that housewives buy fewer luxury items to counter soaring food prices. "If you judge foods by their prices, they are all luxury items," she says, adding that "neither Mr. Freeman nor Mr. Johnson can convince anyone that the housewives or the farmers are to blame."

### Two for Six

Six men of the Mid Islanders Rod & Gun Club of Plainview went hunting last week Oct. 23 to 29 at Indian Lake. Lucky John Lofano shot a spike-buck deer and a black bear. Joseph Taramina shot a doe.

Lester L.  
**WOLFF**

Steven B.  
**DEROUNIAN**

## When you reach for one of these levers in the voting booth, remember these facts:

Although there are many issues in the election for Congressman of the Third Congressional District, they all boil down to two—Wolff and Derounian.

We ask you then, to consider what these men stand for, to consider their actions, their expressed views, their approach to your problems. When you walk into that voting booth on November 8th, don't automatically pull down a "party" lever... pull the lever for the man whose views most closely match your own.

You can choose Derounian, a man who stands for ultra-conservative negativism, a man who has been rejected by the moderate leaders of his party, including Senator Javits. Or you can choose Congressman Wolff, your fulltime Congressman who stands for positive, progressive action.

Here, then, are the facts about the two men in five major areas. Not opinion. Not innuendo. Not distortions.—Just facts, based on their actions, their voting record, speeches, and statements to the press.

### 1. SOCIAL CONSCIOUSNESS

**Wolff** co-authored the Medicare Bill. He voted for Federal Aid to Education; Higher Education Act; Vocational Education Act; Library Assistance Act. He has held Town Meetings on housing and narcotics addiction. He organized a working Long Island Narcotics Committee now exploring solutions to the growing addiction problem. He understands that one of the roles of the Federal Government in today's society is to stimulate and aid local action.

**Derounian** bottled up Medicare in committee for two years. He voted AGAINST Federal Aid to Education; the National Defense Education Act; College Academic Facilities Act; National School Lunch Act; Vocational Education Act; Health Professions Educational Assistance Act; School Construction Assistance Act; Library Assistance Act. He voted against the Minimum Wage Act. He does not understand the role of the Federal Government in today's society. He seems to feel there is something immoral, something evil, something diabolical about accepting any kind of assistance from our own elected Federal government—and even applies this thinking to our kids' education, to our old folks and to our libraries.

*(Which man do you agree with?)*

### 2. VIETNAM

**Wolff** wants unceasing efforts to build a "climate for peace," in which we indicate that we will neither be pushed out of Vietnam nor will we overlook any opportunity to begin unconditional negotiations with all belligerents.

**Derounian** says that we should not negotiate for peace "at this time." He says that we "should go for the jugular vein" without thought of the consequences of our action or the enlargement of the war. He believes that field commanders should have control of nuclear weapons. He is willing to escalate without caution.

*(Which man reflects your views?)*

### 3. INTERNATIONAL RELATIONS

**Wolff** is for increasing foreign trade to eventually replace foreign aid. Wolff's amendment to the Foreign Aid Bill, which passed both Houses of Congress, will bring business community experience and management methods to the granting and administration of Foreign Aid programs. Wolff is a strong supporter of the U.N., the Disarmament Agency, the Nuclear Test Ban Treaty and the Peace Corps.

**Derounian** voted against the Peace Corps. He voted to scrap the Kennedy Foreign Trade Expansion Act. He voted against helping finance U.N. peace-keeping operations. He voted against Food for Peace. He took a position against the Nuclear Test Ban Treaty and voted against the Disarmament Agency. He voted against statehood for Alaska.

*(Which man's actions do you agree with?)*

### 4. CONSERVATION

**Wolff** is the author of the "Wolff L.I. Sound Bill" to save and improve Long Island's Natural Resources. He brought Secretary of the Interior Udall to Long Island to tour our shores. He voted against any destruction of our natural resources. He voted for the anti-water pollution and anti-air pollution bills.

**Derounian** voted against the Water Pollution Control Act twice. These two negative actions were the only actions he ever took in the area of conservation. He took no measures to protect the water we drink, the air we breathe, or our priceless national heritage.

*(How do you feel about this problem?)*

### 5. FEDERAL COOPERATION WITH THE LOCAL COMMUNITY

**Wolff** brought to Long Island the \$1 billion contract—the largest single contract ever awarded in the U.S.—to Grumman Aircraft for production of the Lunar Excursion Module. He brought defense and space officials to inspect our vast industrial capabilities. He sponsored business-education seminars on Long Island to teach our businessmen the markets and techniques for securing future government contracts. He sponsored similar seminars for local town officials and education officials, as well as for those in industry and education who would be most involved in creating an oceanography center on Long Island.

**Derounian** did nothing to stimulate Long Island economy. He let it deteriorate to a position where Long Island became an acute unemployment area just two short years ago.

*(Where do you stand?)*

THERE THEY ARE—the two men you must choose from. One is an ultra-conservative... the other a moderate who looks to your future.

All we ask is that you give some thought to their actions and to their positions. Don't vote blindly for a party. Vote for a man!

Remember that a Congressman represents YOU.

We ask you to ask yourself this question—"Doesn't Congressman Lester Wolff come closer to MY way of thinking?"

Re-elect your Congressman

# Lester Wolff

### Nassau Council To Meet Nov. 15

"Friends Around Town" is the theme of the fall meeting of Nassau Council of Girl Scouts, it was announced today by Mrs. Margaret Spencer, Chairman, of the East Meadow Community Association of Girl Scouts.

The meeting is scheduled for Tuesday, Nov. 15, 8:15, at the Uniondale Senior High School, Mrs. Adelaide Brady, a member of the national executive staff of Girl Scouts of the U.S.A., will be guest speaker. She will talk about the growing cooperative relationships between the Girl Scout

organization and other organizations at the international, national and local level.

Attending the meeting as official delegates from East Meadow will be: Mrs. Rosemary Elliott, 30 Bailey Ave., Mrs. Rosemary Greening, 2048 Erma Drive, Mrs. Loretta Zank, 1938 Longfellow Ave., and Mrs. Dorothy McGowan, 467 Maitland St.

On the agenda of the business meeting will be reports of the recent national Girl Scout convention held in Detroit and the

intent of proposed revisions to the Nassau Council by-laws.

A social hour will precede the meeting at 7:30. All friends of Girl Scouting are welcome to attend this meeting.

If your tips this month amount to at least \$20 from any one job, you must report the amount to your employer by the 10th of next month. Service workers (like waiters, waitresses, hairdressers, and taxi drivers) now receive social security credits for such tips in addition to regular salary.

## Derounian In Final Appeal

In the windup of a campaign he has had to wage since last January, former Congressman Steven R. Derounian is asking "support from voters who be-

lieve they are entitled to know where a candidate stands, what he proposed, and how he intends to serve."

Derounian said, in a statement

to the HERALD, "I have tried my best to outline a constructive program while also giving my positions on the major issues of today. In my ads during this final week, I have rejected emotional appeals, and have outlined my positions on issues that affect the Third Congressional District."

The former Congressman added, "I have tried to meet as many residents of this District as possible in an effort to let them judge for themselves whether my opponent's outlandish characterizations of me are true, or whether it makes any difference that I have a bald spot

on the back of my head."

Saying "Integrity...has become the chief issue," Derounian accused his opponent of "taking both sides" on the issues of legislation, Vietnam, and suburban schools. Derounian said, "I do not know which Wolff statements to believe."

Derounian also accused Wolff of failure to propose programs for the future. Wolff, Derounian said, "has not told us what he will introduce or support in the next session of Congress... (he) is perfectly willing to get his signals from the administration on what he will stand for in the next session."

## WORTH TALKING ABOUT

"The real achievement in space has been the development of a new dimension of national power. That power resides in the minds of men who have both confidence and knowledge. For whom the word 'impossible' does not pose a serious barrier. Many basic human needs can be satisfied directly, at least in part, by aeronautics and space activity. Travel, communications, and weather forecasting are all important ingredients of a viable planet."

Dr. Robert G. Seamans, Jr.  
Deputy Administrator  
National Aeronautics and Space Administration

## Broncos Smash Mustangs

by Milton Pryor

The B&B Lorry Broncos met the undefeated Massapequa Mustangs Sunday at John Burns Park. Our Broncos from the start of the game monopolized all play and literally scored at will. Coach Ted Stry replaced the first team and for most of the second half Hicksville had their second team in the game.

Larry Clock's fine passing, and fine runs by Scott Parker and by Jeff Davis kept Massapequa down in their end of the field most of the day. Mike Jenkins, Earle Seagle, and La Verne, new additions to the

Bronco squad, have really blended nicely into the team. We should mention all the boys on the entire team for their stellar play as they really played a whale of a game.

Final score Hicksville 28, Massapequa 0. Just a note in passing, in Hicksville's last three starts they have not been scored upon. This Sunday at 12:30, the Lorry Broncos will meet the Huntington Boy's Club group. These boys have at this writing not lost a game in the past three years. We hope to change this Sunday.

Our Midland Plaza Chargers

traveled to Copiague Sunday, and met a determined group. In a tight contest, Copiague edged out a 7 to 6 win over the Hicksville Chargers. The game could have gone either way at any point of the contest.

The Hicksville Mustangs closed out a successful half of the 1966 season. Their record was 3 wins and no losses. The Wildcats came in second. The Hicksville Wildcats were sponsored by Vern Wagner Funeral Home.

The second half of the 1966 season began last week and the Hicksville Mustangs continued their winning ways, but the second half has just begun and its any-

bodys' guess who will be victorious. See you this Saturday or Sunday at Canticque Park.

## All Around Town

Jessie Niemy is among 700 freshmen and transfer students enrolled at The State University College at Potsdam. Jessie is the daughter of Mr. and Mrs. Alexander Niemy, 29 Hunter Lane, Hicksville. She is a graduate of Hicksville High School where she was active in French Club, Modern Music Masters, Future Teachers of America, National Honor Society, and junior prom. Jessie is studying music education at the college's

Crane Department.

Mrs. John J. Hart Jr., of 16 Essex Road, Bethpage, will hostess a meeting at her home for the Junior Woman's Club of Bethpage, on Monday evening Nov. 14, at 8:30 P.M. Mrs. Carleton Johnson will co-hostess.

The Junior and Juniorette Catholic Daughters of America will hold their annual variety show. This year it will be titled "A MUSICAL" which will be held on Sunday Nov. 6, at 3 p.m. at St. Ignatius School Auditorium on Nicholas St.

## Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

When you got up last Friday morning did you find frost on your windows? Did you shed your coat in the afternoon when it got so warm? But it really got cold Friday night, didn't it? If you ask any of the St. Ignatius Girls, the coldest place on Long Island Friday was Salisbury Park. We were transported there for an exhibition and had

our regular drill rehearsal on a field near the new football field in the park.

At 9:30, under the lights and pretty cold, we performed between the halves of the football game which opened the field. The spectators in the stands shivered in time to our music. We could finally determine whether or not the buglers breathe together by the smoky breath emitted be-

tween notes. Obviously, balmy summer nights and daylight saving time are long since gone, and we must find an indoor place in which to drill.

This week we will start doing close order drill in East St. school's Nina Plants gym. However, with the increase in the number of girls in training for next year's line, we'll be bumping into the walls after eight steps. Of course it is necessary to go over the basic rudiments of marching at the beginning of winter before plunging into next year's new show, but we must start next year's show soon. But where can we do it? It seems that the solution to our problem will have to come from YOU, the people of Hicksville. We tried all last winter to get a large gym, a hangar, or an armory, but we were unsuccessful. In August we acquired the position of second all girls corps at the American Legion Nationals. Next year we are hoping for first. However, next year's contests are not really won on the competition field, but rather at practice during the winter. Last year we learned our show from April to June, but it took half the summer to perfect it. The same thing will happen next year, unless we start to work on the drill by Christmas. What we need to make this possible is an indoor flat surface which is the width of a football field and at least half its length. Everyone is familiar with the strict conditioning which goes into the making of a winning football or track team. Similarly, each movement of each girl must be practiced, perfected, and synchronized with the music.

PLEASE HELP US to start this conditioning as soon as possible. If you have some contact which might help us, then please contact Thomas Costa, 4 Brooks St., Hicksville. Any idea at all might just be the one which helps us out, so please try.

With a flick of a lever next Tuesday, you could elect a strange new governor.

But if you're thinking of voting Rocky out, you ought to take a good hard look at who you're voting in.

The bosses who picked Frank O'Connor are the same bosses good Democrats have been fighting for years. "Tired old party hacks and hangers-on" is the way *The New York Times* describes them.

Make no mistake: These bosses are solid for Frank O'Connor. So solid, the other would-be candidates never had a chance.

(One of those candidates said, "When I threw my hat into the ring, I didn't know the fight was fixed.")

Viewing the State from the bosses' camp, O'Connor naturally has some strange ideas about what's good for New York.

O'Connor is the man—remember?—who led the fight *against* the New York State Thruway.

He bitterly opposes the Governor's narcotics control program—a program which will get addicts off the streets and into treatment, which will put pushers into jail—a program which has been endorsed by all 62 District Attorneys, by the State Medical Association and, in effect, by the U.S. Congress.

He has recommended free drugs for addicts.

He backs up these mistakes with mistaken information. The State University, which in fact has 120,000 students, is "Still in the blueprint stage" according to O'Connor.

Maybe this doesn't prove he'd be the worst governor in history. But it sure makes you

glad there's a good governor around.

We're not going to heap praise on Rocky's head. This is an advertisement, and you know it's an advertisement.

But there are a few facts you ought to keep in mind:

Rocky has increased State aid to local schools to 1.4 billion dollars. Okay, "State aid to local schools" doesn't sound exciting. But it is exciting. It makes the schools better. And it helps hold down local property taxes.

Rocky has given us, for the first time, a State University of New York that is worthy of the name—a university with 3 times as many students now as when he started.

Rocky has given us 10 times as many State scholarships and grants—you probably know students who've won some.

He's put well over a billion dollars behind his Pure Waters program to wipe out water pollution.

He sponsored Medicaid, to protect hard-working families from the crushing expenses of a long, serious illness.

He has saved the commuter railroads, and is modernizing them.

He's launched an all-out attack on narcotics addiction, a prime cause of crime.

This is just a piece of the record Rocky is running on, but it's enough to make the point:

Voting against a record *that* good doesn't make sense. Neither does wasting your vote on a 3rd party candidate. And neither does staying home on Election Day.

Governor Rockefeller needs your vote. And he deserves it.

Excerpts of The Rockefeller Team

## Operation VFW

William M. Gouse, Jr.  
Post No. 3211  
by Eddie Klebing

VETERANS DAY SERVICES will be held at the Junior High School Friday, Nov. 11. They are scheduled to start at 10:30

A.M. NATIONAL SECURITY: The Veterans of Foreign Wars, in their November issue of "Speak Up for Democracy," discusses the Asians fight against creeping Communism and states: "It has always been our long established American policy to resist Communism wherever we find it. It also is in direct line with our good neighbor policy

to help make freedom the key word for all mankind."

The article concludes with: "Now, anyone who protests our campaign against the Communists has forgotten his history. We fought oppressors in the Revolutionary War--and in the Spanish American War and in both World Wars and in Korea and now--in Vietnam.

The price we've paid for our freedoms have been high. We remind ourselves on Veterans Day, Nov. 11th, that more than 32 million Americans have fought the battles for freedom--and that more than a million have given their lives. So freedom has never been free. But the ultimate value of it has never been in doubt.

That is what we are declaring today--in 1966--just as we have throughout the past 190 years. And that is what we are providing to our neighbors today--and what they expect of us--mainly because we have made freedom a living, inspirational word--for ourselves--and for them."

THE VETERANS ADMINISTRATION reminds veterans of World War II that they have less than one year to take advantage of G.I. guaranteed or insured

loans. The deadline is July 25, 1967.

Eligibility for the WWII veteran is determined by a formula which adds ten years to the date of his discharge plus 1 year for each 90 days of service. Thus eligibility for many has expired but the cutoff date applies to all other World War II veterans.

ELECTION DAY is next Thursday and thousands of Americans will disregard a war won privilege of free people--the right to vote. Don't be one of them. The veteran of past wars fought for your right to vote just as the servicemen of today are fighting in Vietnam to keep that privilege alive. Please use it. GET OUT AND VOTE.

### ALL AROUND TOWN

The Official Weight-Watchers is now at the Hicksville Jewish Center every Thursday at 7:30 p.m., at Jerusalem Ave., at Maglie Dr. For further information call Mrs. Dorothy Koslowsky, WE 8-9683.

## Becomes Engaged

ANNE MISTURINI

Mr. and Mrs. Mario Misturini of 20 East John St., Hicksville, announce the engagement of their daughter, Anne, to Joseph Havlik, son of Mr. and Mrs. Joseph Havlik of 67 Crescent St., Hicksville. Miss Misturini is a 1966 graduate of Hicksville High School.

Mr. Havlik is a 1965 graduate of Hicksville High School and has been scheduled for active duty in the United States Army on Nov. 10th.

## Reilly Urges Vote

Stressing the "awesome power of just one vote," Assemblyman Joseph M. Reilly, Republican candidate in the 7th Assembly District, last night urged every eligible voter to go to the polls on Nov. 8th.

According to Assemblyman Reilly, a single vote has often meant victory or defeat to local candidates. He explained that in recent elections a mayor and a city treasurer in Ohio, a councilman in Arizona and a state legislator in Pennsylvania all won office by one vote.

"Why all this fuss about one vote?" the candidate asked. "It's because I know how important one vote can be."

"In 1960," he continued, "John F. Kennedy's national plurality was less than one vote per precinct. He defeated Vice President Nixon by less than 120,000 votes out of almost 69 million votes cast."

"In Nassau County one vote separated two candidates for District Court Judge in 1964. A court recount of the ballots show the vote was tied. The judge was finally appointed by the County Executive to serve."

## Editorial Opinion: Our Position on Amendments

In an effort to assist the voter on Nov. 8th in deciding upon that top of the voting machine, usually ignored about fifty percent of those who enter the booth, the HERALD states its considered opinions:

Town Proposition No. 1 would expand the Hempstead Town Board from four to six councilmen. The Town of Oyster Bay, which is smaller in size and population, has found this a practical plan which allows more detailed attention to the numerous problems of government. Hempstead Town with the largest land area in Nassau as well as substantially greater population than many states in the nation should have the benefit of more legislative manpower. We urge a vote of YES.

State Proposition No. 1 would provide up to \$200 million in bonds for a 10-year program to buy and develop land for outdoor recreation. We feel that "pay-as-you-go" financing is much to be desired over bonding which would further increase the State indebtedness. We suggest a vote of NO.

State Amendments No. 1 and No. 2 relating to Job Development Authority. The state is reported to have funds still available for this purpose and many hold that it is a task for private enterprise. We suggest a vote of NO on both.

State Amendment No. 3 - Permit a city, town or village to base its debt for low rent housing, slum clearance and urban renewal on full valuation, making it possible to raise more money for such purposes. It is held that the need for additional low rent housing, above what is already allocated and planned, is questionable. Private funds may very properly be directed toward such work, efficiently. We suggest a vote of NO.

State Amendment No. 4 - Permit the state to loan money to private, non-profit organizations and associations for mental health facilities. Further, the State could use the resources of these organizations for education and support of mentally retarded, emotionally disturbed or mentally ill as it now does for those with other handicaps. We urge a vote of YES.

State Amendment No. 5 - Would authorize the legislature to increase the pension payments to widows of retired teachers of the state or city retirement systems. While appreciating the hardships to widows on pensions plans in the face of increasing costs, it is felt the pension plans of civil servants should be reviewed together and not dealt with piecemeal. We are certain the legislature can come back with a more practical and fairer approach. We suggest a vote of NO.

State Amendment No. 6 - Would permit citizens to vote after living in the state three months, instead of one year. Unfortunately this plan is coupled with a proposal, which we favor, to permit

newly naturalized citizens to vote as soon as naturalized instead of being forced to wait 90 days. In our complex political system with state, county, town and village governments, we find it difficult to believe that a voter newly arrived in the state would have the time or patience to become conversant with the issues in 90 days. We suggest a vote of NO.

State Amendment No. 7 - Allow the state to operate lotteries for support of education. Every poll we have seen conducted by present legislators of their constituents have favored some kind of state lottery although there is disagreement as to whether the final income will reach the peaks of anticipation. There is a definite need for resources to meet the climbing cost of education, besides real estate and income taxes. We believe this deserves a test and suggest a vote of YES.

State Amendment No. 8 - Would permit absentee registration for persons out of their counties or the City of New York because of duties, occupation or business. This is now available only to persons absent from the state. We agree with the opposition that such a law is unnecessary since central registration periods make it possible to register in person almost year round. Everyone comes home some time during the year, otherwise it is not home. We suggest a vote of NO.

State Amendment No. 9 - This is largely a matter concerning the City of Buffalo regarding taxes and borrowing powers and will not take a stand. Instead we offered the two positions on the question as compiled by the League of Women Voters. Those FOR say that Buffalo voters should be permitted to decide the question of fiscal independence; the School Board should not have to compete with other city services for funds; increased taxes are necessary to meet rising school costs; educators should determine the fiscal policies of the schools. Those AGAINST say that taxes are already too high; the school district should be treated like any other city dept.; this is not the best way to provide more school dollars; Buffalo voters should be allowed to vote on a question with so many unknowns; how taxing and borrowing authorization will be split, how school board members will be elected.

State Amendments No. 10 and 11 - Judges who have reached the retirement age of 70 would be permitted to continue to serve, when needed, on the State Court of Appeals and Appellate Divisions of the State Supreme Court. Appointments would be for two year periods until the age of the judge is 76. We agree with those in favor, including the two major gubernatorial candidates, who believe this will make available skilled judges with experience in reviewing appeals. We strongly recommend a vote of YES.

### Name Rouse As Editor

Dr. John Rouse, an administrative assistant for the Hicksville Public Schools, has been named contributing editor of the magazine "Media and Methods."

This publication, which goes to thousands of educators all over the country, contains articles on new methods and materials in education. Dr. Rouse contributes articles nearly every month on English, social studies, team teaching, and other educational subject.

A recent issue featured his article on social studies entitled, "As a Matter of Fact."

Nov. 1, 1781—Samuel Adams, President of the Senate, and John Hancock, Governor of the Commonwealth, signed the charter establishing the Massachusetts Medical Society.

### FRANK MALLET PHOTOGRAPHER

183 Plainview Rd., Hicksville • WElls 1-1460

### You Can Quote Me On This

#### 1. ON VIET NAM...

DEROUNIAN: Is for meaningful peace negotiations whenever they can be arranged—believes LBJ's commitment of over 320,000 U.S. Boys demands they receive maximum air and sea power support against military targets—for a Kennedy-type quarantine of North Viet Nam—for U.S. citizens being told the truth about the war—opposed to use of nuclear weapons—thinks our boys should be brought home now if U.S. is unwilling to support them now. Urges bi-partisan U.S. negotiating team.

#### 2. ON HIGH PRICES...

DEROUNIAN: Is for establishment of a permanent Hoover Commission staffed by expert non-political administrators to combine and eliminate duplicating and wasteful federal agencies and spending programs—for removal of 7 billion dollar farm subsidies—for suspension of non-priority spending programs during Viet war—for putting firm lid on consumer prices by ending deficit spending—for business tax credits to increase productivity—for sound legislation not political porkbarrel payoff programs.

#### 3. SUBURBAN SCHOOL DISTRICTS...

DEROUNIAN: First to warn our District about federal plan to break down local school districts and bus children outside their communities—supports local control of our schools—proponent of quality education for all—opposes forced busing and federal intervention—proposes federal Lent-Goldstein Bill.

#### 4. ON CRIME AND NARCOTICS...

DEROUNIAN: First to propose that Nassau County have its own Federal District Court, U.S. Attorney's office, U.S. Narcotics Office and other federal law enforcement agencies to deal with tremendous increase in crime and use of narcotics. Proposes legislation to permit coordinated efforts by federal, state and local enforcement and education agencies.

#### 5. ON INCOME TAXES...

DEROUNIAN: Is opposed to any additional income taxes as unfair to the already overburdened taxpayer who is also saddled with high prices—supports tax deduction for commuters—proposes tax relief for parents who pay college tuition.

#### 6. ON STRIKES AGAINST THE PUBLIC INTEREST...

DEROUNIAN: Proposes legislation to establish a Labor-Management Arbitration Court with full power to enjoin strikes against the public interest if requested by either side after collective bargaining efforts have failed—court would make determination of dispute by considering need for cost of living increase, need for increased benefits and improved working conditions, financial ability of management and impact upon inflation—workers would continue to receive pay and perform work—management would continue to produce and public would be served.

QUOTE: "If you are the kind of person who wants to vote intelligently on the basis of where the candidates stand on the issues, I thought you might find the above statements of my positions useful. Then, in case anyone asks you, you can quote me. I would be proud of your support on Election Day, November 8."

### FOURTH SEASON FOR PUPPET SHOWS

Public Works Commissioner Herbert J. Simins has released the schedule for the fourth season of the Parks Puppet Theatre at Salisbury Park. Four separate shows will be presented between the opening performance on Saturday, Nov. 5, and the season's conclusion on May 28, when the troupe goes back on the road. Performances are given on Saturdays, Sundays and school holidays at 1, 2:30 and 4 p.m. All of Nassau's young theatre-goers between the ages of 5 and 12 are invited to attend, but because of limited seating capacity, advance reservations must be obtained by calling IV 9-9600, extension 257.

### Editorial Opinion:

## Election Tuesday - We Endorse

We are inclined to agree with the comments of U.S. Senator Jacob Javits speaking at a press conference in Garden City the other day that Gov. Nelson Rockefeller is in effect running against himself. During his distinguished tenure in Albany he has done things which had to be done and which will reflect to the credit of the Empire State for generations to come. These have not always been the "political" things to do, the kind of things that ring so charmingly and deceptively in the ears of voters. These are actions taken to maintain the fiscal integrity of the state and yet meet the needs of its citizens. Some of his decisions have resulted in a loss of personal popularity, but have they left the state and its people in a worsened position? Time will prove that they have not.

The decision to vote for Rockefeller is simplified by the failure of his opposition to project reasons for his replacement. Frank D. O'Connor boasts of his position as New York City Council, just recently acquired, as a qualification. His prime prior service in the public interest was as a State Senator (with no notable achievements in Albany) and a headline term as Queens District Attorney. To date he has failed to project as a strong candidate. Franklin D. Roosevelt Jr. is the "spoller" having failed to win the Democratic bid. Six years in Congress may have given him an "intimate knowledge of the legislative process and workings of Capitol Hill" but what has that got to do with running the state of New York from Albany? You can learn the same thing by being a page. His family name carries great weight with many people but the election of

a state governor in New York is not a test of family appreciation. The other runners have failed entirely to project.

We are rather attracted by aggressive Howard J. Samuels and believe the Democrats would have been better advised at Buffalo if they had put him at the top of the ticket. However, in this state the vote is for Governor and Lieutenant Governor by one pull of the lever and thus, regrettably, we must hope that he will try again, another day, on his own without the burden of Mr. O'Connor.

Louis J. Lefkowitz has been a vigorous and energetic Attorney General with a distinguished background of public service as a member of the State Legislature and New York City judge. First appointed to fill an unexpired term as Attorney General in 1957 he was elected in the general elections of 1958 and 1962 and the process, for the good and welfare of the people of New York State, should be repeated in 1966.

Arthur Levitt during 12 years as Comptroller of the State of New York has been returned to office, regardless of "political landlides" because the people have confidence in him and his achievements in office. He far outshines his competition and deserves re-election so he can continue to perform in the best interest of us all.

### Constitutional Delegates

The forthcoming election of ladies and gentlemen who will assemble in Albany during the first part of next April to attempt, after a 30-year interval, to update the State Constitution has hardly attracted the prominence this decision deserves.

First there is the matter of electing 15 delegates-at-large from the entire state. One pull of the lever will make this decision. The Republican candidates include our own State Senator Edward Speno, a distinguished legislator and leader. The other at-large candidates on the GOP grouping come from all sections of the state and represent all areas of thought. In contrast the Democrat at-large bloc, curiously, starts with 11 from Manhattan Borough, 12 from New York City. This would hardly seem to provide a state-wide representation for a political organization which preaches "one man, one vote". As has been noted during the week, the Democrats have a "paucity of talent upstate".

If the voter has a limited area of selection in the matter of the 15 at-

# RE-ELECT STATE SENATOR JOHN D. CAEMMERER

JOHN D. CAEMMERER

**Able, Experienced, Dynamic Fighting Senator.  
He Deserves YOUR SUPPORT and YOUR VOTE!**

## SENATOR CAEMMERER SUPPORTS:

- Increased state aid for local schools
- Tax relief for senior citizens
- Long Island Water Conservation
- Effective controls on air pollution
- More severe penalties for dope pushers and drug smugglers.
- Depressing Long Island Railroad grade crossing

## SENATOR CAEMMERER OPPOSES:

- Commuter tax
- Open Parks Bill, which would permit non-residents to use our parks
- Compulsory busing of students away from neighborhood schools
- Legislation designed to weaken local municipalities and units of government, such as school districts.
- Strikes by public employees.

## GOVERNMENT SPENDING

In applying the Keynesian approach the administration, according to Rep. Thomas B. Curtis (R-Mo.), "relies upon increased government spending to keep up aggregate demand in the society and, the Keynesians argue, if aggregate demand is kept up unemployment will disappear. I agree that one can get roast pork by burning down the barn, but I argue there are better ways of getting roast pork and we do not have to destroy the structure to get it. Having the government continue to keep the economy heated up by increasing its expenditures whenever the economic advisers think the economy is getting into trouble badly weakens the discipline needed if expenditure programs are to be efficiently planned and administered."

## Police Marine Bureau on Patrol

Duck hunters and winter boating enthusiasts were informed today by Nassau Police Commissioner Francis B. Looney that units of the county police Marine Bureau will be providing 24-hour-a-day patrol coverage throughout the waterfowl hunting season.

Two boats will be operating in North Shore waters and three on the South Shore. In addition, personnel will be manning standby boats during evening hours to assist regular marine patrols.

At the same time, Commissioner Looney made the following safety suggestions:

"On a duck hunting trip by boat be sure a capable and responsible person is along. Never go out alone. Leave word where you will be going, by what route you intend to navigate and the anticipated time of your return.

"Life saving devices should be available for each person in the boat or blind.

"Signalling devices such as a strong searchlight or flares should be on hand in the event of emergency.

"Clothing should be warm, but easy to discard in the water should you fall overboard. Heavy wading boots make water survival almost impossible.

"Duck hunters should avoid travelling great distances in a duck boat.

"Study weather forecasts prior to departure and remain alert for impending weather either by radio or searching for obvious visual signs of threatening weather.

"Caution should be exercised while walking on ice in salt water areas. It may not support your weight.

"The first rule of firearms safety for duck hunting and aboard boats and/or in blinds, is to treat every firearm with the respect due a loaded gun. All shotguns

carried to and from the actual duck hunting site should be unloaded, with the actions open. The shotgun, and all other firearms, should be handled so as to control the direction of the muzzle at all times."

## CAP In Unique Drill Nov 5, 6

Cadets and seniors members of squadrons in the Long Island Group, Civil Air Patrol will participate in a unique training drill and exercise Nov 5 and 6 at Zahn's Airport, to be known as "Metro Air Support-66".

CAP units throughout the Metropolitan area will cooperate with the City of New York Office of Emergency Planning; New York Civil Defense Agency and the Federal Aviation Agency in staging the exercise to demonstrate the feasibility of providing air support to a metropolitan core in the event of an emergency or natural disaster which cripples other means of transit. The drill will be of national significance as it is the first time a

major metropolis is involved with various agencies and the Civil Air Patrol in such an operation. Major Stanley Waltermann (CAP) of Glen Cove has been named Mission Commander for this area.

According to information received by Lt. Colonel Howard L. Wirtz of Farmingdale, Group Commander for Long Island, Manhattan Island will be the focal point of the two day airlift demonstration. Aircrafts and helicopters will be landing and taking off from City piers, parks and certain streets.

A broad range of dramatic missions have been planned such as airlifting into the City various items including generators, com-

OYSTER BAY TOWN COUNCILMAN Edward J. Foulce, Town Board Majority Leader, is shown as he sets up a street sign change on Bway-Jericho Road from Birchwood Park Drive to "Pioneer Women Drive" in Jericho, with Mrs. Saul Schechter and Mrs. Sidney Hyman, vice-president of the North Shore Chapter, observing its Pioneer Women Week, Oct. 23 thru. 30.

munications equipment, medical supplies, mail and governmental officials. Col. Wirtz has indicated equipment for a 200 bed hospital will be flown to Zahn's Airport by personnel of the Pennsylvania Wing, CAP.

Approximately 200 aircraft, including a variety of helicopters and short-takeoff and landing (STOL) aircraft are expected to be utilized in the demonstration. One of the missions will involve STOL airlift of 275 Seniors CAP to pier 26, Manhattan, from

various fields around the city.

The prime mission of the CAP, an auxiliary of the U. S. Air Force, is to maintain a task force capable of performing emergency services in cooperation with Civil Defense authorities. Personnel of the Long Island Group have participated in several disaster drills and actual search and rescue missions. "Metro Air Support-66" will be one more opportunity for CAP members to demonstrate their willingness to be of service to the community.

## To Hear Detective

The Rosary Altar Society of St. Raphael's Church East Meadow, is holding its monthly meeting on Monday, Nov. 7th, at 8:30 P.M., in the school auditorium. Detective Paul Murray of the Nassau County Police Department will speak on the problem of narcotics.

## Town to Appraise Land

The Oyster Bay Town Board has agreed to the request of Assemblyman Martin Ginsberg of Plainview, that it order an appraisal made of a parcel of land at Old Country Road and South Oyster Bay Road, Hicksville, for possible purchase and conversion into a town park.

According to Ginsberg, Peter DeNimio, President of the Hicksville Civic Association and William Kranz, a member of the civic group's executive board, met with him to relay information they had received concerning possible use of the property for purposes incompatible with the wishes and desires of local residents.

Ginsberg discussed the problem with Town Councilman A. Carl Grunewald of Hicksville, who agreed that the town should if possible, acquire the property and build a park. Both men then spoke to other Town Board members, after which Grunewald introduced a resolution authorizing the land to be appraised to determine a fair price. If a sale price is agreed upon with the property owner, the board will

then take necessary legal action to move the park project along to fruition.

Said Ginsberg, "I want to compliment President DeNimio and Mr. Kranz for their forward looking action in determining the proper use for this vacant parcel. I also want to thank Councilman Grunewald and the Town Board for their understanding and quick action in authorizing the land appraisal and in taking a long step forward toward eliminating a possible incompatible use for this property."

## Leaves Hardly Touch Ground

The Town of Oyster Bay has the most effective system in its history for collection of falling leaves even though they are falling fast at this time, it is announced by Councilman Edward J. Poulos, Town Board majority leader.

"I want to compliment our residents for not burning leaves in gutters, which has been an annoyance in the past," said Councilman Poulos. "Burning pollutes the air as well as damages road surfaces."

Under the program now nearing completion, which utilizes vacuum machines on trailers and enclosed container - boxes on trucks, leaves are removed from the more than 650 miles of town highways quicker and more often than was possible when vacuum machines and boxes were integral parts of a single truck.

Highway Superintendent Norman T. Wolf explained that highway trucks are now coupled to the vacuum trailers and these feed leaves into a second truck on which container boxes are mounted. The vacuum may then operate progressively while the filled boxes are removed and replaced by empty ones.

The town received five new vacuum machines this year, which, added to the fleet, provide 16 machines in all. Records are being kept so that by the factor of experience, accurate pickup schedules may be established in future years. This year the machines are assigned to the places where falling leaves give the most trouble, generally speaking, in residential areas.

Superintendent Wolf said that efforts have been and are being made this year to give away boxes of picked-up leaves to nurserymen and other users, without charge. This, he said, shortens the dumping runs of truck-boxes, thus saving the Town money and at the same time provides much of value to users at no cost to them. Most of the leaves he said are dumped at the Town incinerator at Old Bethpage and are burned at the discretion of engineers in charge there. When the falling leaves swamp collection forces, he said, a mountain of leaves is deposited at the Massapequa yard on Carmen Mill Road until they can be disposed of without holding up collections.

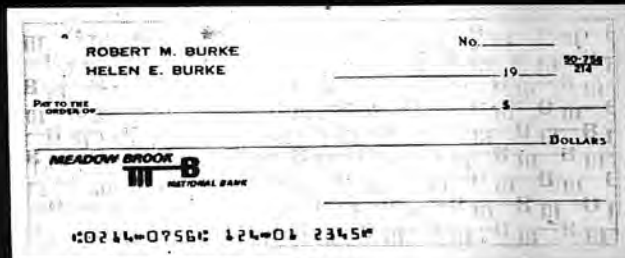

## Legion Presents Flag to East St

The Charles Wagner Post 421 of the American Legion continued its efforts to help foster patriotism among Hicksville children by presenting the East School Cub Pack of the Boy Scouts with a new American flag at its opening meeting of the new year, Oct. 28th.

Making the flag presentation was the Post's Americanism Chairman Richard Evers, who also spoke to the large turnout of Scouts and parents about the history of the nation's flags. A colorful collection of historic flag replicas seen by Hicksville students was used by Evers to illustrate his talk.

# We just invented The Money Machine.

We've got one for you with a  
Meadow Brook Key Customer Account.

If our Money Machine looks like a check, you're right. But this check can do things no other check can:

1. Its cash reserve feature means it can pay for things even when you don't have money in your account. It works like this: we reserve from \$500 to \$5,000 for you at no charge. You can use as much (or as little) as you need. And you pay for only the portion you use.

Now you can consolidate your bills. Buy whatever you want, up to the limit of your reserve. There's no red tape. No waiting for a loan to be processed.

And repayments are easy. You don't have to make them yourself. We'll deduct what you owe automatically. A small amount each month for as long as 25 months. Or you can repay the balance any time. Repayments automatically replenish your reserve.

Now you see why we call this the Money Machine. It's a significant new feature of your Meadow Brook Key Customer Account. 10 years ahead of its time.

2. This check will be accepted in thousands of stores because Meadow Brook guarantees payment. With a Meadow Brook Key Customer Guaranteed Check Card, your checks (up to \$50) will be accepted on the spot, in practically any spot, in or out of town. And of course, in Meadow Brook's 66 offices too. Just flash this card in any store, and nobody will ask you any questions.

But maybe you'd like to ask us some questions. Just call or drop into your nearest Meadow Brook office, open a Meadow Brook Key Customer Account, and get a Money Machine all your own.

The Key Customer Account, exclusive with

**MEADOW BROOK NATIONAL BANK**

66 offices in New York City and on Long Island
