YOUTHFUL SKATERS enjoy the Nov. 11 opening of the County's first indoor artificial ice rink at Catiaguan Park, Hicksville. The rink measures 85 by 185 feet and has seating for 1,025 spectators. Cost for a two-hour session is 50 cents for children and \$1.00 for adults.

Nicholai Players In 1st Production

The Nicholai St. Players of Hicksville are in the final weeks of rehearsing their first production of the season, Arthur Miller's "The Crucible." The drama will be presented on Nov. 26, 27 and Dec. 3rd at 8:15 p.m. A matinee performance is scheduled on Dec. 4 at 3:00 p.m. Performances will be held in the auditorium of Trinity Lutheran School, 40 W. Nicholai St. Hicksville.

"The Crucible" is based on the Salem, Mass., witch trials of 1692. The mad hysteria that swept Salem and surrounding areas led to the arrest and conviction of hundreds of people and to

the death, by hanging, of many who were judged witches or wizards.

The play deals primarily with one man's struggle against the town's madness that engulfs his friends, his wife and eventually himself.

The Nicholai St. Players are a non-sectarian drama group based at Trinity Lutheran Church. Earl Genzel, director, is a teacher at Trinity Lutheran School. The group is seeking support from the Mid-Island communities in its attempt to become a permanent community theatre.

Ticket reservations are available. Call WE 1-2211, between 9:00 a.m. and 4:00 p.m. Monday through Friday. Adult tickets are \$1.50 and students tickets \$1.00. Tickets will also be available at the door at all performances.

Dies Suddenly

Anthony Ladis, 68, of 53 South Lawnside Ave., Hicksville, died suddenly on Nov. 9. He is survived by his wife, Effie; sister, Olga Patadellis; daughter, Olga Walker; granddaughter, Alice Rogienaki, and a great-grandchild, Christopher. Interment was in Plainview Cemetery in Hicksville following a Mass at St. Paul's Greek Orthodox Church in Hempstead on Nov. 14.

He resided in Hicksville for the past 25 years.

Town Board Adopts Hold Line Budget

The Town of Oyster Bay Board majority adopted a general Town administrative budget of \$5,703,553, setting a hold-the-line tax rate of 16.2¢ per \$100 of assessed valuation, one mill less than the previous year's rate, after an analysis of Supervisor Pettito's budget revealed that he had "left out more than a half million dollars in funds required by law." Town Board Majority Leader Edward J. Poulos declared this week.

The fiscal errors in Pettito's budget, uncovered by Comptroller Joseph Macedonio and restored by the Board majority, included \$156,000 in payments required by law and due in 1967 on bond notes. Pettito's budget also had failed to include mandated funds totalling more than \$158,000 for hospitalization, social security and Town employees' retirement benefits.

The State Motor Vehicle Law mandating the raising of traffic control "stop" signs to a height of six feet calling for an expenditure of \$13,000 was also restored to the budget after Pettito failed to make provision for this item. Pettito's budget also failed to include \$40,000 to cover salaries for employees already working and for the purchase of equipment and personnel to operate the equipment to improve north and south shore beaches.

The Town was also exposed to complete tie-ups should heavy snowfalls occur this winter by the failure of Pettito to provide \$189,644 for snow removal under the mandate by the State based on the previous five years' average snow removal expense. Other serious fiscal discrepancies that would have killed previously planned Town improvement programs also had to be corrected in Pettito's budget.

"The Board found it necessary to restore these funds," the Majority Leader said, "to guarantee Town residents that essential services would be continued and to enable us to have the funds available to meet 1967 payments required by law. Had we not corrected the Supervisor's errors the Town would have had to borrow money in 1967 and pay unnecessary interest rates on this money at additional costs to the taxpayers. The budget adopted by the Board majority is a realistic budget which takes into consideration homeowners' needs for the coming year."

Poulos also pointed out that Pettito had sought certification of his budget by the Supreme Court. The court agreed with the majority's stand, noting that the Board had the right to change the budget. A further appeal by Pettito to the Appellate Division resulted in a unanimous decision (5 to 0) in favor of the Board majority.

Prior to his suit, Pettito was aware that the State Comptroller, New York State Attorney General and the State Commissioner of the Office for Local Government handed down decisions upholding the majority's right to correct the budget. Pettito also sued to prevent the Town Board from expending \$9800 for a pilot recreation program for handicapped children to be started in the Plainview-Old Bethpage School District. He also lost this lawsuit.

The adopted gross budget is \$5,703,553. The net budget is \$4,536,550 with \$1,167,000 to be raised by taxation, setting a Town administrative tax of 16.2¢ per \$100 of assessed valuation. The highway budget is \$4,446,258.

Mid Land Civics Social on Nov 30

The Mid-land Civic Assn. will hold its next meeting at the Plaza Restaurant on Newbridge Road and Old Country Road on Wednesday night, Nov. 30th. The purpose of this meeting will be a "Get Acquainted Night" and anyone living in the northern section of Hicksville or adjoining Jericho is welcome to join the group. Dancing will follow a very brief business meeting, and beer and hors d'oeuvres will be served. There will be a Hospitality Committee to introduce new people to their neighbors. A sociable time will be had by all.

PBC Candy Sale

On Saturday, Nov. 19th, the Hicksville Police Boys Club will hold its annual pre-holiday candy sale. The boys will be selling after dinner mints. The Christmas items will be a chimney filled with individually wrapped chocolates. There will also be a solid chocolate bar. The candy sells for \$1 a box, and all the monies received through this effort will be used for the PBC activities.

WILLIAM LAUTER, manager of the Jericho office of the Bankers Trust Co. of 333 North Broadway, presents jamboree kits to members of the Hicksville Football Assn. who will be guests of the Bank on Saturday. More than 200 boys will travel in six buses from Mid Island Plaza to Yankee Stadium for the NY Giants Jamboree. The group will leave at 8:30 AM (Photo by Frank Mallett)

Operation VFW

William M. Gouse, Jr.
Post No. 3211
by Eddie Kiebing

VETERANS DAY SERVICES were attended twice last week by members of the V.F.W., their Ladies Auxiliary and the Junior Girls Unit. The one held last Thursday at the Junior High School was conducted in mild

weather compared to the services held at Salisbury Park Sunday morning. The large display of colors by the various veterans organizations was impressive at the park but the cold gusty winds that blew made it difficult to hold them in place. Let's hope that the prayers for the veterans last Thursday are not quickly forgotten and that they be included in our future prayers along with those for the young men now fighting in Vietnam.

SERVICE IN THE PEACE

CORP or Jobs Corp programs should not be "segregated to military service," according to VFW National Commander Leslie M. Fry. His statement was made in a report requested by the Presidential-appointed National Advisory Committee on Selective Service.

Fry said the sole purpose of the Selective Service is to fulfill the military manpower requirements of the United States. "There is no justification for conscription to serve in these organizations. Their mission cannot be compared to that of the military which involves national survival today," Fry said.

THE VETERANS ADMINISTRATION has revived a wartime service of providing vocational rehabilitation testing and counseling for disabled soldiers while still in uniform. The VA goal is to start the counseling program about the time the disabled soldier is due to appear before an Army physical evaluation board. The early counseling provides the soldier the "toxic" he needs to recover. Special counseling will also be provided to hospitalized soldiers with problems "of personal adjustment or emotional difficulties" officials said.

THE STATE DIVISION of Veterans Affairs has issued a reminder to veterans to re-examine the different ways their insurance policy can be paid. With veterans families growing older and they have different needs now and again tomorrow the owners of GI life insurance may want to change the plan of payments to their beneficiaries.

Dear Lynda

Can there be a longer time period than a "five minute" executive meeting of the Hicksville Board of Education? It was 32 minutes on Monday.... What ever did happen to the display of Broadway flags on Veterans Day? They were up for Election Day, Tuesday.....We received a post card from CLARICE and HERB JOHNSON in Hawaii regretting that they can't bring back a Hula girl "alive".....Newest member of Hicksville Rotary Club is DAVID A. BRIGNATI, AIA, of 550 Old Country Rd...The Rotarians are planning their ladies night for Dec. 3Congratulations to STEVE ZANVILLE of 4 Amherst Rd., Hicksville, who has been elected president of the freshman class at Ithaca College. He is a 1966 graduate of Hicksville High....

Rotarians Mark Foundation Week

The Rotary Club of Hicksville is joining more than 12,500 other Rotary clubs in 133 countries in this week's world-wide observance: on "The Rotary Foundation Week," Nov. 13 to 19. This year's celebration marks the beginning of a year-long observance by Rotary clubs everywhere of the 50th anniversary of the Rotary Foundation, according to club president Lou Costa.

The objective of the Foundation is to further understanding and friendly relations between peoples of different nations. Supported by contributions from Rotary clubs and Rotarians around the world, the Foundation received more than \$1 million last year.

Since 1947, when a program

for graduate study abroad was begun, The Rotary Foundation has awarded 2,300 Rotary Fellowships at a cost of more than \$6 million. Recent awards for the 1967-68 academic year totaled more than 160 and represent \$500,000 in Fellowships.

To enlarge its work in the field of international relations, the Foundation recently added two activities to its program: Awards for Technical Training to enable young men to improve their skills by studying in another country, and Group Study Exchanges of teams of young business and professional men between different countries. Costa reports that more than 450 persons throughout the Rotary world receive awards each year.

Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

Girls:

This week, Nov. 14 thru 20, is Youth Appreciation Week. We, the adults who work with the St. Ignatius Girls Cadets, would like to take this opportunity to salute the finest group of young adults we know, The Girls of The Corps.

Our Girls come in all sizes, shapes and personalities. Yet each one of you has something that is outstanding and makes you a pleasure to know and work with.

We can't remember a time, when things were getting sort of rough, and people were feeling sort of down, that there wasn't some clown or some philosopher who didn't have the right words to make all feel better about the whole situation.

The St. Ignatius Girl Cadet Corps is probably the only organization in Hicksville where youth and older youth work together in a harmony that just can't be beat. We are proud to say that our girls never hesitate to give of themselves, whether it be to each other, the people who work with them, Drum Corps in general, their own Corps or any other worthwhile activity outside the world of Drum Corps.

Your ideals and aims run high, both for the future of your corps

and in general, the future of the society in which you live. Your chosen professions range from secretary to fields of nursing and science.

For all that you are, faults and good points included, you have truly earned our respect and love. You have made us realize a little more, that we are never to old to learn and our teachers have no age limit. It may very well be the little ten year old who will come up with the best solution to a problem; while we've been sitting for hours racking our brains.

Girls, this week was dedicated to youth and you are youth, maybe a better word or words would be young adult. You have merited this title, by your dedication to a cause. Someday you will leave your red hats behind for others to fill. Yet each girl who leaves that hat leaves it a little better for the next girl to wear. Your contributions are many, and they are impossible to count.

For all your past accomplishments we salute you; for all your future endeavors we support you. God Bless All Of Us

Editorial Opinion:

Let's Cleanup the Litter

Now that the Elections are behind us, let's hope that the party faithful of all candidates will be just as energetic as they were about plastering poles and structures with posters before the big day. There is always a big cleanup job left after an election.

Some candidates for the town elections of a year ago still have their names plastered on various structures and some may feel that

this kind of campaigning is a year-round job.

Campaign posters serve a useful purpose when used with restraint. They remind voters of who is seeking election. But when they still decorate utility poles and vacant structures weeks and months after the voters have had their say, the signs serve no useful purpose.

All together now, boys and girls. Let's put some meaning into the word "beautification."

Sharps and Flats

By DICK LEVY

Records reviewed are recent releases rated as follows: E-Excellent; V-Very Good; G-Good; F-Fair; P-Poor.

ROGER WILLIAMS - Born Free - Kapp Stereo KS 3501 (mono 1501) - Rated E - Pianist Roger Williams continues to produce the finest keyboard accented mood music releases in the country. "Born Free," is the artist's latest effort and it's a flawless jewel with hypnotic and engrossing interpretations offered "The More I See You," "Strangers in the Night," "Sammy," "Jimmie's Train," "Theme from 'The Bible,'" "Born Free," etc. Class A merchandise.

LAWRENCE WELK - Winchester Cathedral - Dot DLP 3774 - Rated G - A pleasant and generally uneventful album of popular and little known melodies, this disc features the Welk Orchestra in ten comparatively short selections. Those who are particularly fond of Welk's arrangements will enjoy his treatments of "Born Free," "Summer Wind," "Summer Samba" and the title song. Good mono sound.

COUNTY BASE - Broadway Basin's Way - Command Stereo RS 905SD - Rated E - This is the Basic band par excellence, a tightly knit powerhouse that will win the attention and affection of both pop and jazz listeners alike. Solo and ensemble work is first rate and Command has dramatically brought this orchestra right into your living room, thanks to some fabulous stereo engineering. Included in the festivities are "Hello Young Lovers," "Just in Time," "On a Clear Day," "From this Moment On," "People," "Mame" and six more numbers. Add this to your shopping list.

DOC SEVERINSEN - Command Performance - Command Stereo RS 904SD - Rated V - Trumpet stylist Doc Severinsen, a leading light in the band that backs TV's Johnny Carson, is aided here either by a small combo or a large orchestral unit in a program of a dozen varied tunes that should please virtually every taste. Sit back, relax and enjoy the crystal clear Severinsen horn in such oldies as "My Funny Valentine," "Saints Go Marching In," "Love For Sale," "Don't Worry 'Bout Me," "Summertime," etc. An artist who ably shows his stuff.

LOUIS METCALF - At the All Baba - Spivey LP 1007 - Rated G - Louis Metcalf is a much to underrated trumpet player who can be compared in his thoughts and playing to the perennial Coleman Hawkins on tenor saxophone. Metcalf is aided by Sonny White on piano, guitarist Jerome Patterson, bassist Al Matthews and drummer Struttin' Sam in a mainstream disc that possesses many memorable sounds plus a few surprises (the voice of the magnificent Victoria Spivey in "Who Care? Nobody"; Metcalf's sizzling vocal gymnastics in "Nagasaki," etc.). Metcalf's playing is quite good and should win many followers to the cause.

4-H Club News

Mrs. Stephanie Kane, Leader

Hi! It's me again, "Mrs. 4-H!"

There were some new faces at the Extension Office recently, meaning that the 4-H Club Recruitment Drive for Leaders and members has been reaching you! Glad to see you! Nippy weather is upon us but the atmosphere at the Extension Office remains unchanged, especially towards all with questions. Try them and see. 139 Central Park Rd., Plainview, or call WE 8-3740.

Attention: All boys and girls wanting to join 4-H, also any interested parents. We will be at these schools to tell you about joining:

Tuesday, Nov. 22, Bethpage - Kramer Lane School, 3:30 p.m., All Purpose Room.

Wednesday, Nov. 23, Plainview - Lutheran Church School, 3:15 p.m.

Tuesday, Nov. 29, Bethpage - Pine Ave. School, 3:30 p.m., All Purpose Room.

Wednesday, Nov. 30, Bethpage - Central Blvd. School, 2:45 p.m., All Purpose Room.

Newsbits: The County Fruit Demonstration Day is Saturday, Nov. 19th at Plainview Center, beginning at 9:00 a.m. The Rolling Pins 4-H Club, Mrs. Stephanie Kane, Leader, welcomes a new member, June Carlson, who will be their Recreation Leader.

The Emeralds, Mrs. Ann Stachelek, Leader, celebrated entering their 4th year of club work by dining out at Link's Log Cabin. One of their newer completed projects was making grape jelly.

The Our Lady of Mercy 4-H Club with Co-leaders Mrs. W.

liam Conlon and Mrs. John Marapodi, welcome a new member, Louise Rheanne, who will have the office of Song-Recreation leader. This club meets at 3 Blanche St., Plainview. Newly elected officers: President, Barbara Eberle; Vice-Pres., Jan Ferguson; Secretary-Newsletters, Cathy and Candace Conlon; Treasurer, Frances Marapodi; Project being worked on at present is making a tea apron.

A newsreport from Elayne Salant, Newsreporter for the "Alley Cats" of Plainview: "Our group is called 'The Alley Cats.' We are a new group. Mrs. Harriet Fish and Mrs. Ricky Grinberg, both of Plainview, are helping us with our first project, Stages to Storage. We made a pencil holder, two clipboards and we are working on a blotter. Our new officers are: President, Joy Prefer; Vice-Pres., Michelle Fish; Sec., Barbara Salin; Treas., Any Grinberg; Song-Recreation Leader, Wendy Shink; Health Chairman, Lisa Moskowitz. We have fun and learn a lot when we get together."

Don't Burn Leaves

The County Public Works Dept has a different regulation on disposing of those drat leaves. Raking leaves into the street (if it is a county road) is forbidden by highway law, according to PW Commissioner Herbert J. Simms of Jericho. He recommends bundling leaves for pickup by local sanitation depts. Burning of leaves he says is particularly undesirable because of the damage caused to pavements as well as the visibility of motorists while presenting a health hazard to individuals with respiratory problems.

Civil Service Exam

The first Civil Service exams ever given for positions in the Nassau Jail were announced this week by County Executive Eugene H. Nickerson. Exams will be given for Jail Matron (starting salary \$4,440) and Jailor (\$5,900) on Dec. 10. Candidates must be between 21 and 42 years of age and must have completed two years of high school to qualify. There are presently four vacancies for jail matron and 31 for jailor. For forms, write the County Civil Service Commission, 140 Old Country Rd., Mineola. They must be filed no later than Nov. 18.

Air Pollution

"A code to prevent air pollution in Nassau County, providing enforcement of violations as offenses and penalties" is practically completed, according to County Health Commissioner Joseph Kinnaman and members of his Air Pollution Division. Among the proposals in the new code would be the banning construction of new private incinerators and in the future no incinerators in the County, private or municipal, would be permitted to burn without operating certificates. While Nassau now spends 17 cents per capita to operate its Air Pollution Control division, Kinnaman said an effective program would cost 25 cents per capita or about \$500,000 toward which there would be state and federal grants. (Somebody might check that smoke stack at Meadow Brook Hospital.)

Announces Exam

Exam announcements for Airplane Pilot, GS-12, \$10,257 per annum; Supply Management Officer, GS-11, \$9,221; and Office

Services Supervisor, GS-7, \$6,451 for the \$14th Troop Carrier Group, Niagara Falls Municipal Airport, have been made. They are Air Reserve Technicians positions. For information see I. P. Barnett, examiner-in-charge, Civil Service, Hempstead Post Office, N.Y. 11551.

Would Raise Cop Pay

Supervisor Michael N. Pettio, chairman of the standing committee on Public Safety for the County Board of Supervisors, has submitted a recommendation to County Executive Nickerson requesting across the board salary increases for all personnel of the County Police Dept. so that Nassau "can preserve its competitive position" with New York City and other areas. At present Nassau police start at \$6,951 per year, going up to \$8,561 after five years. New York police start at \$7,328 and go to \$8,848 in five years.

Natural Beauty

John J. Burns, state commissioner of local government, will discuss the newly established Natural Beauty Commission when he addresses the annual meeting and luncheon of the Nassau County Federation of Republican Women at the Swan Club, Glenwood Landing on Thursday, Nov. 17.

To Sell Rummage

A two-day Rummage and Thrift Sale will be sponsored by the sisterhood of Midway Jewish Center, 330 South Oyster Bay Road, Syosset on Sunday, Nov. 20th, 10 a.m. to 4 p.m. and Monday, Nov. 21st, 10 a.m. to 12 noon at the center.

Record Tax Rate Increase In Nassau County Budget

County Executive Eugene H. Nickerson on Monday in releasing his proposed budget for 1967, announced that "a combination of mandated State programs, uncontrollable costs, inflationary pressures and essential improvements in services" makes necessary an increase in the County tax rate of 94.8 cents per \$100 of assessed valuation. The increase will bring the rate from last year's \$2.681 to \$3.629 for 1967, an all-time record increase.

"Almost all of this increase," Nickerson said, "is due to costs mandated upon us and with respect to which we have no choice. The expenditures required of us because of State legislation are particularly burdensome and unfair. Efforts must be redoubled to persuade the Governor and the Legislature that the property tax payer is being overburdened almost to the breaking point. The retired person, the widow, the person living on a fixed or declining income are all victims of this policy by the State of forcing down on the local property taxpayer such a large share of the costs of the State's programs."

The County Executive delivered to the County Board of Su-

pervisors copies of the official line item budget, a supplement with summaries of cost trends and detailed explanations of departments' requirements, and the capital budget setting forth the proposed construction program through 1972.

As proposed, the General Fund Budget will increase from the 1966 total of \$147,126,126 to a total of \$201,704,566, a gross increase of \$54,578,440. Estimated non-tax revenue -- principally Federal and State aid -- will increase from \$58,758,644 to \$84,011,467. The General Fund tax levy will rise from the 1966 total of \$82,504,482 to \$113,564,015 for 1967.

"It is painful for me to recommend a tax increase of this

size," Nickerson continued, "coming as it does on the heels of substantial increases in the Hempstead, North Hempstead, and Oyster Bay Town budgets. However, I have no alternative. This is a tight budget. No program is funded which are not vital to the welfare of Nassau's citizens, and costs are held to a minimum consistent with sound and efficient management."

"The increases in the Health, Welfare and Hospital budgets are to meet the needs of the sick, the poor, the aged, and deprived children. These are members of our society whom we cannot, in good conscience, neglect. Already 7,000 cases involving 28,000 people have been approved or are pending under the medical aid program. This is only a small part of those who are eligible and will apply during 1967. Medicaid is a program of preventive medical services, which will spare many of our citizens the prolonged and costly consequences of neglect. The A. Holly Patterson Home for the Aged will be operating at full capacity throughout 1967. Our physical medicine and rehabilitation programs at the Home are renowned throughout the nation. To cut them back or to inhibit their growth would be a tragic blunder."

Dual Hearings by Supervisors

Friday, Dec. 2nd, at 11:00 A.M. and 8:00 P.M. will be the hours for public hearings on County Executive Eugene H. Nickerson's proposed record \$201,704,566 County budget for 1967, the Board of Supervisors decided Monday. The \$3,629 proposed County tax rate for general purposes is a 94.8 cents increase from the present \$2.681 tax on each \$100 assessed valuation. In addition, the Nassau County Police District proposed tax is increased 16.2 cents from \$3.2 to \$9.4, making a total increased tax rate of \$1.1 per each \$100 assessed valuation.

"We knew that the County tax rate would have to be increased," stated Presiding Supervisor Ralph G. Caso, "but no one ever dreamed that Mr. Nickerson was going to sock us with a whopping 35 per cent."

"It was submitted in true Nickerson technique, at the last possible moment, with no opportunity for the members of the Board of Supervisors to look at it and no response from my early request for certain information which would permit members of the Board of Supervisors to make a better analysis."

Caso declared at a press conference following release of the budget that members of the Board would "examine it carefully and

critically". He regretted the fact that, "only 15 work days" will be permitted the Supervisors in their study, but he believed, "that the time has come to place priorities on public spending. We must budget without breaking the taxpayers' back to pay for all the services people want."

"I cannot speculate at this time," Caso stated, "as to whether it will be possible or not to reduce this proposed budget of the County Executive. From his previously published statements on Medicaid, however, I believe that he has gone to the extreme in his estimates which would provide for everybody in Nassau County to get sick at the same time. His use of maximum estimates I do not believe are warranted in view of the State's pledge to come to the assistance of any municipality running into financial difficulty because of Medicaid."

"Somehow, we must cut down the cost of operating government at all levels and certain conveniences and luxury items should go by the boards. At the same time, we should review fees and licenses so that we can increase governmental revenues. It is not going to suffice only to seek more State and Federal aid because they both come from the taxpayer, too."

In large part to the vigilance and capability of our splendid police force. The Department's Juvenile Aid Bureau extends help to troubled youngsters and their families. The Community Relations Bureau strengthens the trust and mutual respect which must exist between the citizen and the police officer. The long, hot summer days have brought no riots to Nassau. In order to sustain these highly effective programs, and to attract the finest recruits, the salaries of our police force must be competitive.

"To augment the Police Department's work in narcotics education and law enforcement, the 1967 budget contains \$382,375 for operation of a Drug Addiction and Abuse Center at Meadowbrook Hospital and an addiction recovery center at Mitchell Gardens. All must agree with the timeliness and worth of this program."

"As new parks and recreation facilities are opened, it is necessary to hire sufficient personnel to operate them. The recreation programs in our parks are participated in by hundreds of thousands of persons each year. The needs of all age groups are met, from the eight-year-olds to the octogenarians. The expansion of our museum network will en-

TELEPHONE MAN IS VOLUNTEER FIRE FIGHTER

ROUTINE CHECK. Deputy Chief Walter J. Henry checks fire truck with Ernest Beermann at the Plainview Fire Department. Mr. Henry is a New York Telephone Communications Serviceman in his regular job.

Plainview, L.I. Walter Henry is Deputy Chief of the Plainview Fire Department, which boasts 125 volunteer firemen plus the latest fire-fighting equipment. Mr. Henry gets a great deal of satisfaction from serving his community on his own time. He's on call 24 hours a day, 7 days a week along with the other volunteer firemen. And they're kept pretty busy, since the Plainview Fire Department averages 600 fire calls each year.

Walter Henry, like so many telephone people, feels that the opportunity to help people doesn't stop with his telephone work.

"I have put \$25,000 in the budget of the Assessment Department to make it possible for a study to be conducted of assessment methods. The use of this money will depend on decisions made with respect to revision of the State Constitution and the Nassau Charter.

"Last year I proposed a budget containing only those expenses absolutely necessary for meeting the obligations of Nassau County government. The majority members of the Board of Supervisors, irresponsibly and without a modicum of logic, cut \$1.3 million from the 1966

"I invite them instead to join with me in seeking to convince the Governor and the Legislature that the State of New York must assume a greater share of the cost of services required of local government and that it must provide additional sources of revenue to relieve the burden on the property tax."

Triangle Installs 65th Beloved Queen

On Nov. 5th Meadowbrook Triangle #84 held a public installation of officers at the Masonic Temple in Hicksville. Over 200 people watched the ceremony as Joyce Maler, ended her reign as the 64th Queen of Meadowbrook Triangle and Dale E. Wicks was installed as the 65th Beloved Queen. All who attended were inspired by the fine work of the "Triangle Girls". A reception was held afterwards. All girls between the ages of 12 and 21 who are a blood relative of a Mason are eligible to join the "Triangles". For further information call Mrs. Marie Penndorf at WE 5-4267

Simple Supper Dish With Glamour

Corned Beef Dinner-in-a-Dish is a snap to prepare, yet it is as colorful and appealing as many a far more complicated main dish, and delightfully delicious in the bargain. The secret lies in the selection and arrangement of the meat and vegetables.

The dish is made up of mashed potatoes, extra creamy and tempting with cottage cheese and sour cream added; mild yet distinctively-flavored green beans; and hearty canned corned beef, seasoned to everyone's taste by the canning process. The beef is nestled in the center of the potatoes with the beans surrounding it, leaving a snowy potato border at the edges.

Packaged instant or leftover mashed potatoes, and canned beans and corned beef, cut the preparation time way down. Time for baking is short, too; just enough to heat the dish through. The corned beef is cooked to fully-done, just-right tenderness in the can; the brief heating brings out its unique flavor. While the dish bakes, a bit of butter or margarine in a custard cup can be set in the oven to melt, and then be brushed over the beans at serving time.

Corned Beef Dinner-In-A-Dish

- | | |
|--|---|
| 2 envelopes instant mashed potatoes (or 5 cups leftover mashed potatoes) | 2 Dash pepper cans (12-oz. each) corned beef, unchilled |
| 1 1/2 cups creamed-style cottage cheese | 1 can (1 lb.) cut green beans, drained |
| 1/4 cup sour cream | Melted butter or margarine |
| 1 tablespoon chopped onion | |
| 1/4 teaspoon salt | |

Prepare potatoes according to package directions. Beat potatoes, cottage cheese, sour cream, onion, salt and pepper with mixer until smooth. Spoon into greased 1 1/2 quart casserole, building up on sides with identification in center. Fill center with flaked canned corned beef and surround with beans. Bake at 350 degrees for 20 minutes, or until heated through. Just before serving, brush beans with melted butter.
Makes 6 servings.

The mealtime rush on my husband's bowling night is much less hectic since I discovered Swift's sliced beef in barbecue sauce. Literally a meal in minutes, it comes packaged in a pouch that you drop into boiling water, then simmer for five minutes to bring the meat to serving temperature. I like to serve it over mounds of "instant" rice, but it's excellent on toasted buns, too. Their sliced pork and ham with barbecue sauce are equally appetizing, so we like to switch around between the three.

Investigating a new food term, I found the "freeze-dried" foods are those that are frozen and have moisture removed under vacuum. The product then weighs considerably less and can be stored without refrigeration for long periods. I was pleased with the freeze-dried mushrooms I tried, and you have probably already come across the good freeze-dried soups.

My friend has an antique cranberry picker that makes a beautiful planter; it seems the picker is almost as versatile as the cranberry! I'm sure you've noticed the increasing variety of processed cranberry products available today, as well as the beautiful fresh cranberries on the market now in polyethylene bags or boxes with clear windows. One new product that comes just in time to serve as the perfect accompaniment (or ingredient) for holiday meals is Ocean Spray's delicious Old Fashioned Cranberry-Orange Relish. Once you've tried it, you'll agree it's a perfect "All Around, All Season Relish." And there's also cranberry juice cocktail, whole berry sauce, and jellied sauce to brighten the holidays. (Watch for low calorie varieties of these three that are or soon will be—in your store.)

After-Holiday thought: Combine chopped cooked turkey, Old Fashioned Cranberry-Orange Relish and a little mayonnaise, then spread on buttered toasted bread or buns and broil for delectable open-face sandwiches.

New Cookware Rates Your "TLC"

Are you cooking without grease—both the elbow and vegetable variety? If so, you know the answer is in the bottom of your Teflon-coated cookware. DuPont's Teflon, of course, is the completely stick-free plastic lining that makes every pan a cook's treasure.

But as any treasure, this cookware needs your Tender Loving Care.

Before using for the first time, wash and spread a teaspoon of salad oil over the black interior, to prepare the surface.

From then on, the magical material needs no help from fat or oil. Whether or not fat is used, your Club Aluminum "black-magic" Teflon-finished cookware stays stick-free.

Before frying foods, always preheat the cookware for about a minute over a medium heat. Add chops or steak, and turn to proper temperature.

Throw away steel scouring pads when it comes to cleaning your new cookware. Food and heavy grease can be rinsed away with a little sponging.

Hot Beignets—"Dunk" 'Em In Coffee!

Late, late at night in New Orleans, after parties or the night shift, people head for the coffee stalls in the famous French Market, as they've done since 1813 when the Market opened. Recently, someone asked a New Orleansian if the coffee stalls were as popular as ever. "Popular?" was the reply. "Why, that's the first place we're going when my girls come home from college."

When you drink coffee there, you know (if you did not know before) that coffee is the great common denominator. People in evening clothes share counter space with dungareed fishermen. But then, that's the way it is with coffee, something all people can enjoy together.

At the French Market coffee stalls, fluffy square doughnuts called Beignets are almost as famous as the colorful old shopping center. Actually, Beignets are delicious north or south. Try them at your next kaffeeklatch. And when you do, "dunk" them the way the New Orleansians do.

New Orleans Beignets

- | | |
|----------------------------|-----------------------------|
| 1/4 cup milk | 1/4 cup very warm water |
| 1/4 cup sugar | (110°-115°) |
| 1 teaspoon salt | 1 egg, beaten |
| 1/4 cup shortening | 3 cups sifted flour (about) |
| 1 package active dry yeast | |

Scald milk; stir in sugar, salt and shortening; cool to lukewarm. Sprinkle yeast into very warm water; stir until dissolved. Add lukewarm milk mixture, egg and half the flour. Beat well with mixer or spoon for one minute. Add remaining flour and more if needed to make soft dough. Turn out onto lightly floured surface; knead until smooth and elastic. Place in greased bowl; cover and let rise in warm place, free from draft, until doubled, about 1 hour. Punch down and let rise again about 1/2 hour. Roll out into square a scant 1/4-inch thick. Cut into 2 1/2 to 3 inch squares. Place on greased baking sheet; let rise until light, about 1 hour. Do not handle while rising or they will fall. Fry in deep fat, heated to 375°, for 2 minutes or until brown on each side; drain on absorbent paper. Serve piping hot, sprinkled generously with confectioners sugar. Makes about 2 dozen.

Talent Scout Party

Here's a great idea for a party—with built-in entertainment! Send notices to your friends that you are staging a talent search and they have been selected to participate in the contest finals to be staged at your house.

Every couple (or individual) must come prepared to entertain the group with a song, interpretive dance, poetry recital, bongo performance, pantomime, dramatic reading or improvisation. Use of costumes and props is encouraged.

All you need to do is provide a stage area—complete with a broomstick microphone—in a corner of the recreation or living room. As the talented guests arrive, make a list of the "acts" so you can emcee the production with appropriate, humorous introductions.

Select the winners by popular applause and with great fanfare, present them with a huge blue ribbon badge and loving cup (old vase tied with ribbons). Inside the loving cup is a scroll of paper which announces that the first prize is a guest pass to watch the Saturday night late TV movie in the winner's own living room!

While everyone is enjoying the show, keep the audience supplied with salted peanuts-in-the-shell, pretzels and tall, refreshing glasses of Showcase Punch.

| Apple juice (about 1 quart) |
| Orange slices, cut in wedges |
| 3 bottles (1 pint each) cranberry juice cocktail, chilled |
| 8 bottles (7 oz. each) 7-Up, chilled |

Pour apple juice into ice cube tray. Put orange wedge in each cube section. Freeze. To serve, fill each tall (8 oz.) glass almost half full with cranberry juice cocktail. Add apple juice cubes, then fill with sparkling 7-Up. Makes about 18 (8 oz.) servings.

When you love your work, it shows.

And we love our work. So much that we couldn't bear to stop with the slickest-looking split grille ever to grace a Wide-Track. (Or any other car, for that matter.)

We went ahead and made the windshield wipers disappear. The car not only looks cleaner, but the wipers are less subject to icing and freezing, too.

Then we got rid of the vent windows on all Grand Prix hardtops. We replaced them with nifty monograms and a flow-through ventilation system.

We even designed a rather unique hood-mounted tachometer

option that's available on all Pontiacs. As are our other new options like stereo tape and stereo radio.

And, of course, our handsome interiors have to be seen to be believed.

All Pontiacs have standard safety features that include a dual master cylinder brake system with warning light, outside rear-view mirror, and GM's energy absorbing steering column.

Isn't it time you decided to see your Pontiac dealer? If you love our work the way we do, it's the least you can do.

The American Association of University Women will meet Thursday, Nov. 17, at 8:30 p.m. at the home of Mrs. Matthew Phelan, 53 April Lane, Hicksville. The discussion for the evening will be based on the movie to be shown: "Conformity".

Repertory Theatre of Long Island has announced the selection of Bertram Cottine of Cornell Lane, Hicksville, as set designer for its reproduction of "An Evening of Chekhov," the first in its three-play series for the current season. Performances are scheduled for Dec. 2-3-4 and 9-10-11 at the theatre on the campus of the Agricultural and Technological School in Farmingdale.

Cottine, who is a graduate of Hicksville Senior High School, has had a broad range of experience in college, community and industrial theatre work. He is currently in the new theatre program at New York University.

This production will be the first in which Cottine has worked with Repertory Theatre of Long Island, a company of professional performers which brings theatre classics to the Long Island community. Candidates Say Thanks to Voters

The three victorious Republican candidates for posts as delegates to the Constitutional Convention in the 5th Senate District expressed their thanks this week "to the voters of the area who have placed their confidence in us."

The three, Ted Black, Assemblyman Abe Seldin and Ray Rice pledged themselves "to continue the dialogue with the people which we found so useful in helping us to arrive at our positions during the past campaign."

They expressed their satisfaction "at the high level maintained throughout the campaign," and asserted, "We intend to do everything in our power to maintain that high level throughout the coming months of preparation and the Convention

itself."

Black, Seldin and Rice said they were "still uncertain as to the actual composition of the Convention because of the uncertainties resulting from Tuesday's complicated statewide balloting procedure."

They reassured their "firm determination to represent suburban values at the Convention and to keep the people of the 5th Senate District continuously informed concerning the events occurring there."

CHARGED WITH LARCENY

Mark S. Huggard of 31 Deer Lane, Hicksville, was charged with grand larceny and arrested on Nov. 4, according to Nassau County Police. The charge was theft of golf carts from the Meadowbrook Country Club.

setting a highway tax of 56.3¢ per \$100 of assessed valuation.

"Had Supervisor Petto worked with Town Board members and the experienced budget-makers of Comptroller Joseph Macdonello's staff, the errors in his budget would never have occurred," Poulos declared.

Poulos noted that the Board did not have sufficient time to study the estimates of anticipated revenue in the Supervisor's budget. He said this was due to the fact that the Board received Petto's budget only a few hours before the time required by law to file the budget with the Town Clerk. He warned that an error by Petto in anticipating revenue could result in a serious fiscal problem for the Town. "It was impossible in the time allotted to review this section of the budget," Poulos said, "and the Supervisor must bear the responsibility for any errors he has made in his estimates of revenue (income) in 1967."

Former Resident Is Mobil Official

William P. Tavoulareas formerly of 16 Cathedral Court, Hempstead, has been named president of Mobil Oil Corporation's North American division, effective Jan. 1.

Tavoulareas will succeed Fred H. Moore, who for reasons of health has resigned as president of the North American division and as an executive vice president and a member of the board of directors of Mobil Oil. Moore will become special assistant to the president of the parent cor-

poration.

Tavoulareas has been elected an executive vice president of the corporation, effective Jan. 1. He will continue as a director and a member of the corporate executive committee.

The North American division that Tavoulareas will head has assets well in excess of \$2 billion. It produces over 400,000 barrels of liquid hydrocarbons and nearly 2.1 billion cubic feet of natural gas daily, and refines 700,000 barrels of oil a day.

Checking on Pipe Supplies

The Town of Oyster Bay Building Dept. is joining with the Town of Hempstead in its investigation of the possibility of consumer frauds in supplying of cast iron pipes within the Town, Councilman Edward J. Poulos, Town Board Majority Leader, announced.

Poulos explained that Building Department Manager Edward Gaynor has consulted with building officials in the Town of Hempstead and has instructed his staff to cooperate fully.

Gaynor said that the Town of Oyster Bay has always been strict in enforcing the Town's Plumbing Performance Code but will now increase its efforts with

a view to the infractions revealed by Hempstead Town officials.

"The Town is concerned with the performance of the material used under the State Building Code regulations which apply," said Gaynor. "Pipe weights have no bearing on performance if they come within the framework of the State Building Code. The weight of pipe by itself is not a violation of the Town Building Code, so long as it meets performance standards. We are pleased to join in the Town of Hempstead's investigation of possible consumer fraud and will furnish the proper authorities whatever information they request," Gaynor said.

The public is invited to attend.

You can get a lot of mileage out of the money we save you on an auto loan.

Car buyers know that a little shopping around often saves them big money.

What they may not know is that it also pays to compare auto-loan rates.

At First National City, we can save you real money over many other financing plans. The savings run well over \$100 in many cases. That's enough to fill your new car with gas

over and over again.

We're understanding about budgets. We sit down and work with you in working out terms you can feel comfortable with. We'll give you as long as 36 months to pay back the loan.

Few people shop around for a car with cash in their pockets. But if you could, you'd be in a strong bargaining

position. Well, we've got a plan called Finance-in-Advance that's practically like carrying cash. All you do is arrange a loan before you shop around.

First National City helps more people buy cars, new and used, than any other bank around. We get their business because we know our business.
