Jud Opposes Hawxhurst In Election on Tuesday

HAROLD HAWXHURST

AUGUST W. JUD

Incumbent Fire Commissioner Harold Hawxhurst will be opposed by August Jud at the Hicksville Fire District election next Tuesday when the polls at the Marie St. Firehouse will be open from 7 P.M. to 10 P.M. No advance voter registration is required.

Hawxhurst, seeking re-election for his third five-year term, has been a volunteer fireman since 1928, racing team and fire company captain. He is superintendent of Hicksville Water District.

Jud, an active member of the Fire Dept. for more than 30 years, has been a fire company Captain and is a past president and trustee of the Exempt Firemen's Assn.

Approve Nurse Aid Course

A nurse's assistant course has been added to the Hicksville Senior High School program by the Board of Education upon the recommendation of School Superintendent Donald F. Abt.

Open to girls and boys, the students will spend about three hours a day at Syosset General Hospital and then return to Hicksville High for their other academic subjects. Those participating will receive one Regents credit for half a year's work, which may be extended eventually to a full year program.

Approval was given Monday night at the regular Board meeting to the establishment of the

course which will be under the direction of Mrs. Elizabeth Burckley.

In other action at the meeting, the Board after an hour and a half executive session approved an increase in the principal's salary schedule, retroactive to Sept. 1, at an index of 1.3 of the teachers salary scale by a vote of 5 to 2 with Cornelius McCormack and George A. Jackson voting no. Motion was made by Harry Kershen and seconded by Harold Sternberger. Also voting in favor were Caleb Hornbostel, Evelyn Silver and Marvin Goldberg.

There was a split vote on the employment of Dr. Erling M. Hunt as a consultant on social studies curriculum at \$100 a day, once a week for 24 weeks. In favor were McCormack, Hornbostel, Mrs. Silver and Jackson. Opposed were Goldberg, Sternberger and Kershen.

Local Judging Of Democracy Contest

Local judgments of the 20th Annual Voice of Democracy script-writing contest held under the joint sponsorship of the Hicksville Veterans of Foreign Wars, William M. Gouse Jr. Post No. 3211 and their Ladies Auxiliary will be held at the Hicksville Senior High School, Tuesday evening, Dec. 6th.

The contest is open to all 10th, 11th and 12th grade students in public, parochial and private schools in the United States. It offers the students a chance to compete for national scholarships in the amounts of \$5,000 - 1st place; \$3,500 - 2nd place; \$2,500 - 3rd place; \$1,500 - 4th place; and \$1,000 - 5th place. The theme of the scriptwriting program this year is, DEMOCRACY: What It Means to Me.

Chairmen for the post are Senior Vice Commander Edward Klebing and Patricia Williams of the Ladies Auxiliary.

State Dept Ignores Request to Meet

In an effort to prevent the closing of West Marie St and West Nicholas St where they intersect the new path of Newbridge Rd which is to be widened next year by the State, the Hicksville Fire Commissioners have written to the Town Board, School Board, Water District and County of Nassau for assistance. Commission Chairman Harold Hawxhurst said this week that a request for a meeting with the State Dept. of Public Works at Babylon on Friday had, as of Wednesday night, been ignored and no reply received.

Town Grabs State Aid: Vast Commuter Parking Lot Without Rewards

The Town of Oyster Bay youth program was sharply criticized at the Nov. 14 Hicksville Board of Education meeting when it was noted that the School District no longer gets \$2000 a year in state aid for its local recreation program.

Recreation Director Joseph F. Madden in a report on the program in operation in Hicksville since 1958 said he had been told, at the time the Town was designing its just revealed program, that Hicksville was "promised \$60,000 to \$70,000" a year by the Township. He added that he is "amazed to now read the amount has shrunk to \$7,000 to \$10,000".

Two thousand dollars was the maximum a school district could get from the state to support the Hicksville type program which now costs about \$75,000 a year to operate. However, when the township started its own youth program, it

captured the state aid and districts such as Hicksville lost it.

Madden said he "has seen no hard facts and no hard indication that we will get any money" from Oyster Bay. He suggested the School Board might "knock on the Town Board's door."

It was noted that Hicksville got "11 little plot of real estate from developers", has not received a swimming pool and recreation facilities now provided in other sections of the Township including Syosset, Bethpage and Plainview.

The comment was made that Hicksville has become one "vast parking lot for commuters" with all the traffic, loss of natural beauty" and no rewards."

The Board agreed to have President George A. Jackson send a "tactful" letter to the Town Board regarding the matter of aid for recreation.

Roaving Herald Camera Notes:

JOHN F. KENNEDY MEMORIAL at the intersection of North Broadway, Jerusalem Ave and John St., Hicksville, is almost buried in a mountain of soil (right) as telephone cables are in-

stalled under the area. A deep excavation comes close to the Community Christmas tree, left, which as a result may not be lighted this year.

Unruly Individuals Smash Santa As He Arrives Here

To the People of Hicksville,

Saturday, Nov. 27, we welcomed Santa Claus to Hicksville. As a citizen of Hicksville for the past 24 years I thought I was a part of its culture; but after the "welcome" Santa received I no longer feel that I want to belong.

Saturday you displayed one of the most appalling exhibitions of disrespect that I have ever witnessed by a group or should I say mob of individuals. All respect for human nature and tradition was blown to the four winds.

There was a Drum and Bugle Corps that gave up precious practice time to entertain you and contribute a large part of themselves, the biggest Christmas present they could give to you.

What was your response -- you trampled them like they weren't even there. There was no respect shown for their human dignity, as far as you were concerned they didn't exist.

This alone would have been despicable -- But you proved that you could do better.

When Santa came some of you did all you could

to destroy his image, his wig and hat were ripped off and he was literally smashed by a herd of unruly individuals.

It's true Santa as a man does not exist. But he represents a symbol of human love and generosity. He is a symbol of giving -- giving of one's self to another or others. Santa is a tradition and the man behind the suit also gave up his time to bring joy, not only to little children but to all those who are mature enough to practice all he represents.

I regret to say that there was little maturity shown Saturday. And the faces of little children did not reflect the joy of Christmas, or the innocence of Childhood. Their faces reflected the push of their parent urging them on to get there first at any price.

Is this the training we intend to give the future adults of America? Will our children grow up never knowing that there is a Santa Claus? No, he is not a man, he is bigger than that. -- HE IS THE LOVE AND RESPECT SHOWN IN ONE MAN FOR ANOTHER.

ONE WHO STILL BELIEVES IN SANTA

Pageantry in Brass

By the St. Ignace Girls Cadet Corps

This past week brought a slight remembrance of the Summer months. Wednesday, November 23, we traveled to New Rochelle to march in the annual Thanksgiving Eve Parade. This is the second year we have been invited to appear in this parade.

The air was a bit cool and brisk but it didn't affect us in the least. We received such a warm reception from the people that it fired our bones as well as our enthusiasm.

Speaking of Thanksgiving, as we look back over this year we realize just how much we, as a Corps, have to be thankful for and humbly pray for another successful year together.

Our past Sergeant Bugler returned from College for a Thanksgiving vacation, and was more than excited over her Corps progress. Although she is a past Sergeant, she is far from a past member of the Corps. Her horn has travelled with her and with the help of the U. S. Post Office and our present Sergeant she re-

ceives all the parts to her music and hopes to be ready for the line next Season. This proves Cadets never fade away they come back stronger than ever.

Becomes Engaged

LYNN E. HNATUK

Mr. and Mrs. Wm. J. Hnatuk of 93 Centre Street, Hicksville, wish to announce the engagement of their daughter Lynn Ellen to Michael Robert Clair, son of Mr. and Mrs. Charles Clair of 38 Hollins Road, Hicksville.

The young couple are both graduates of Hicksville High School.

Lynn is employed as a secretary at the Meadow Brook National Bank, West Hempstead. Michael, a graduate of St. John's University, Jamaica, is now serving in the U. S. Naval Air Reserve in Memphis, Tennessee.

Wedding plans are being made for early Dec., 1967.

Ginsberg Office For Constituents

Assemblyman Martin Ginsberg of Plainview reminds residents of the 8th Assembly District that his office is open to them for discussion, suggestions, requests, complaints and anything else of interest and need.

The office at 147 Old Country Road, Hicksville, is open daily from 5 to 7:30 P.M. for residents of his district. However, during the legislative session which begins in January, he has requested anyone wishing to talk to him, to either write to his office or call 516 WE 1-8300 for an appointment.

"The only way a legislator can keep in constant touch with the thinking and wishes of his constituents," he said, "is by discussing with them everything in which they have an interest."

Ginsberg added that as a further means of keeping open all lines of communication between himself and residents of the 8th A.D., he is available for all speaking invitations from any local political, educational, civic and social organization in the district. Invitations can be made by either writing to him or by calling his office.

Dear Lynda

Several times now School Trustees CORNELIUS McCORMACK has sought to convince his fellow board members that the District needs a portable bandshell, at a cost of \$5000, which could be used to improve acoustics in the Junior and Senior High and used outdoors. He has failed to arouse any support except from CALBB HORNBOSTEL... The subject of telephone bills incurred the interest of Trustees HARRY KERSHIN at the meeting of the School Board, Monday night, when he said he calculated the bill is running at a cost of 35 cents a minute. The bill was \$3,650.55 for August and \$3,742.47 for September. He suggested some economy in the use of phones... The GREGORY MUSEUM in Hicksville which we have mentioned before has been chartered by the NY Board of Regents as "an educational foundation" as of Nov. 18... FRANCES CHLUMSKY, daughter of Mr. and Mrs. Frank Chlumsky, has retired after 35 years in nursing service... Hicksville Kiwanis Club bulletin notes that KING KELLY and Dr. WALTER DUNBAR spoke about the club's beautification program at a meeting of the Levittown Kiwanis recently and there are hopes Levittown will adopt a similar program. A note in the Bulletin also adds: "We hope so... much of the litter around the rail road has 'Levittown' on it"... The L.I. Horse Owners Assn has marked its first anniversary, noting that when the group formed "riders were being bulldozed out of existence by the development of private lands"....

A press release from a concern representing McDonald's hamburger restaurant comes up with the "profound" statement that people "in Plainview are eating twice as many hamburgers today as they did 25 years ago". This is a masterly understatement because there were only about 250 families in Plainview a quarter century compared with about 6,000 families today... Congressman WOLFF's office announces, while he tries to look behind the bamboo curtain in Red China, that Grumman has won another Navy contract for \$15,400,000 for aircraft. Previous govt obligations to Grumman under just one program (A-6A) comes to \$1.3 billion. We see by the papers that STEVE DEROUANIAN is apparently satisfied which he lost to Wolff by less than 900 votes on Election Day... MARTIN (Moe) SCHEINER, of Gertz at Mid Island Plaza has become a proud grandfather.

Becomes Engaged

Mr. and Mrs. Emlen Goodman of 41 Garden Blvd., Hicksville, announce the engagement of their daughter, Judith, to Alan Spencer, son of Mr. and Mrs. Alan Spencer of 12 George Ave., Hicksville.

Judith is a graduate of Hicksville High School and is currently employed by the HERALD. Alan, also a graduate of Hicksville High School, attends the State University of New York at Morrisville where he majors in Food Service.

An August wedding is planned.

Editorial Opinion: Tax Relief for Elderly

Most municipal bodies, including school boards, after due deliberation have granted 50% real property tax reductions for senior citizens over the age of 65 and while this has been headlined in many quarters, there are very few who can qualify because of the restrictions in the law passed in Albany last year.

State Senator Edward J. Speno who was a co-sponsor of the bill admits the income limitation of \$3000 is unrealistic in light of today's standards of living and he has prefilled a bill which would raise the allowable income to qualify to \$5000.

Such income includes social security and retirement benefits, interest, dividends, rental income, sal-

ary or earnings and income from self-employment. There are also restrictions regarding length of residency and in the case of school districts, may not have children attending the district schools living with them.

Those qualifying are required to apply to the Nassau County Board of Assessors at Mineola at least 90 days before the day for filing the final assessment roll. In Nassau less than 3,000 applications for this tax exemption have been made to date.

The bill was first conceived three years ago with the \$3000 income level, which is indicative of today's inflationary economy.

MARTIN SYDEN, left, Director of the Town's newly established pilot recreation program for handicapped children, confers with Irving Munowitz of the Hicksville School District, and Councilman Ralph J. Dr. Syden and Marino briefed the educators on the program this week at a meeting in Syosset.

Supervisors Plan to Cut Record County Budget

"County Executive Nickerson's proposed \$202 million budget and \$1.11 tax rate increase for more than 80 percent of the taxpayers of Nassau County can, should and will be cut", Hempstead Presiding Supervisor Ralph G. Caso declared on Monday.

Following a series of budget analysis sessions lasting until midnight of three nights last week when majority members of the Board of Supervisors reviewed budgets with many department heads, Supervisor Caso indicated that, "many areas have been found in which substantial savings can be made."

Majority members have called upon Deputy County Executive Ward Wright, who presided over the preparation of the budget for County Executive Eugene Nickerson to indicate to them items which could be cut, "doing the least violence to the County's financial program."

A three hour conference with Commissioner Barbara last week, convinced majority members of the Board of Supervisors that the "Medicaid" addition to the Welfare Department's budget (\$27 million) for which Nassau will be reimbursed by State and Federal governments by 75 percent, cannot be trimmed.

Board members agree with Commissioner Barbara that many of the charges thrown into the Welfare Dept. by the Federal government's insistence did not belong on Welfare, but nothing

could be done about it. They concurred that the State should give serious consideration to paying Medicaid on an individual contributory basis similar to the Federal Social Security program.

The addition of 93 new jobs to the OAS (Office of Administrative Services), costing in the vicinity of \$800,000, was the subject of critical analysis when Commissioner Alfred E. Moon of the OAS was called on by the Supervisors to justify his requests. More than 1100 vacant and unfilled jobs with salary provisions, less savings, totalling \$4,500,000, are being scrutinized by the Board of Supervisors' budget committee.

"For the County Executive to dump in the laps of the Board of Supervisors a budget on which

he has been working for ten months and to give us only ten days to review his recommendations is intolerable," declared Supervisor Caso.

"His five-color printing of his budget which certainly took at least three weeks in the preparation, proves that the Board of Supervisors could have had essential information many weeks ago -- and before election. The delay was for only one purpose: To keep from the taxpayers, before election, a terrific tax increase which he had proposed for 1967."

Dec. 2nd has been set for the public hearings on the proposed budget by the Board of Supervisors. There will be a hearing at 11:00 o'clock in the morning and 8:00 P.M. in the evening.

Jericho Board To Seek Advice

At the regular Jericho Board of Education meeting on Thursday, Nov. 17, the Board authorized the establishment of a Citizens Advisory Committee on Elementary School Housing. The committee will be responsible for developing a specific report and a series of recommendations in the area of school housing as it concerns the enrollment at Cantiague School and its relationship to the total picture for the Jericho School District.

The Board felt that, "The problem of an increasing enrollment of students in the Cantiague attendance district has implications for the entire school district and it is fully appropriate that a Citizens group be involved in an advisory capacity as the Board of Education seeks to select an appropriate solution."

The first meeting will be held at 8:30 P.M. on December 6, 1966 in the Office of the Superintendent, Dr. Thomas F. Carey.

The committee will consist of 15 members. They will be chosen from each school attendance area with one third from each category of PTA's, Civic Associations and members at large.

Troop 158 on Historic Hike

Boy Scout Troop 158 of Hicksville took its 20-mile hike on the Jockey Hollow Trail at Morristown, N.J. on Nov. 19.

This is the site of Washington's military headquarters and the main encampment of his Continental Army during the winters of 1777 and 1779-80. The weather was perfect for hiking. The Scouts and leaders visited the museum, the Ford Mansion, the hospital and other points of interest of the Morristown National Historical Park. They started out in Peapack-Gladstone and ended up in Morristown. The terrain was either up-hill or down-hill.

Forty-two Scouts and six leaders will receive the Jockey Hollow Trail Medal. The requirements are completion of the hike and a 250 word essay on "What Part did Morristown and the Jockey Hollow Area Play in the American Revolutionary War."

The following boys participated: Craig Becker, Peter Bernstein, Donald Born, Robert Born, Douglas Brodmerkel, Philip Carola, John Dean, Joseph Doyle, Dennis Gamble, Raymond Gamble, James Germain, John Germain, Lewis Gordon, Joseph Greenberg, Eric Gruenwald, Steven Gruenwald, Gary Haag, Peter Hecht, David Ingvaldsen, Stephen Jacobs, William Kozak,

Richard Kleinmann, Robert Kleinmann, William Kmck, Robert Lamouette, Mark Landress, Douglas Mallouk, Alan Meltzer, Mitchell Oscar, Jim Plais, Steven Polcek, Mark Provenzano, Douglas Reich, Bruce Robbins, Jonathan Rossi, Maurice Schiffor, Louis Schwartz, Mark Shikowitz, Kevin Silva, Jack Taylor, Peter Maher, Tommy Volonino. The leaders were Scoutmaster Jacques Schwartz, Ray Gamble, Tom Germain, Alex Gruenwald, Bill Knack, John Maher.

Arrange Social Studies Program

The Hicksville Junior High P.T.A. will sponsor an audience participation symposium entitled "The Social Studies" on Monday evening, Dec. 5, at 8:15 in Cafeteria "A".

The program will be the first of a series of four relating to the major areas of the junior high curriculum. A panel of teachers will explore the various aspects of social studies in the total educational process. Mr. Paul Vetrano, sixth grade teacher, will serve as moderator.

Exhibits of students' projects and classwork will be displayed. Instructional aids and teaching techniques will be demonstrated. Albert Glass, Principal; James Curran, Supervisor of Social Studies; Paul Marks, Department Chairman, and Stuart Royce, Guidance Services, will serve as a panel for the question and answer period.

Record Membership Post Target

Commander Joseph Slattery, of the Charles Wagner Post #421 American Legion, Hicksville, wants to make his Post an "Empire Post". He can do it provided he can increase the membership of the Post at least 20% over last year's total.

Commander Slattery says it's all part of the current program of the New York State American Legion organization to increase Legion membership in the State by no less than 20% over last year's total of 205,000 members. The State wants to grab a spot in membership from the State of Pennsylvania before next July and then go into next year's National Legion Convention in Boston under the banner "The Empire Department of The American Legion from the Empire State of New York".

Commander Slattery points out that the Charles Wagner Post Membership Team under the capable chairmanship of First Vice Commander Louis Costa has been hard at work since August on this project and that the membership is already ahead of last year's record all time high.

In the past, membership in the Legion was limited to honorably discharged veterans of both World Wars and the Korean Conflict. However, Commander Slattery says that as a result of recent action at the National Convention of the Legion in Wash-

ington, D. C., any honorably discharged veteran who served on active duty with the Armed Forces since August 5, 1964 can now also join the Legion.

Commander Slattery stated: "Our Post wants to pick up at least a few of the many awards for membership this year, but our primary objective is to get that 'Empire Post' designation from the State Commander."

Meetings of the Post are held every first and third Monday evenings at the Post building located at 24 E. Nicholas St., Hicksville. Meetings start at 8:30 P.M.

Airlift Military Mail Overseas

Postmaster Ralph G. Cascardo of Hicksville announces that henceforth all first class mail, personal sound recordings (voice letters), and parcels weighing 5 pounds or less and measuring not more than 60 inches in length and girth combined, will be airlifted on a space available basis between the United States and all military post offices overseas.

Alos, under Public Law 89-725 - The Dulski Military Mail Act - which was signed by President Johnson on Nov. 2, 1966, second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be airlifted from San Francisco to the armed forces serving in Viet Nam.

Postmaster Cascardo explained that parcels weighing five pounds or less and not exceeding 60 inches in length and girth combined, paid at surface rates, will be moved by surface transportation within the United States from the points of mailing to the point of embarkation.

To speed up preparation and delivery of these smaller parcels falling within this category, Postmaster General Lawrence F. O'Brien directed that all parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airlift mail).

This will eliminate the task of reweighing and measuring the parcels at the San Francisco Concentration Center prior to dispatch to Viet Nam or other overseas military post offices.

Postmaster Cascardo also reminded mailers that Christmas parcels weighing 5 pounds and under, though they are given airlift priority from San Francisco to Viet Nam on a space available basis, should be mailed no later than Dec. 1. Airmail, he said, should be sent no later than Dec. 10.

The deadline for Christmas packages weighing more than five pounds going to Viet Nam and other overseas military post offices by surface means was Nov. 10.

NEW SANITATION TRUCK with special efficiency and safety specifications suggested by August Diemick, of Old Bethpage, (at left), maintenance foreman, is inspected by, from left, Councilman Angelo D. Roncallo, chairman of the town board's standing committee on sanitation; Public Works Commissioner H. John Plock and Sanitary Services Superintendent James A. Gildersleeve. They are looking at a "huck-away tail-gate", a Diemick innovation. For this type of truck he also recommended solid panels.

Adelphi Glee Club In Yule Concert

The Glee Club of Adelphi University will be heard, with orchestra, in its annual Christmas concert Tuesday, Dec. 13, at 8:30 p.m. in Woodruff Hall on the University's Garden City campus. The public is cordially invited to attend, without charge, the concert of Christmas music which will be conducted by Lawrence Rasmussen, chairman of the Music Department, and Robley Lawson.

The Glee Club will sing Vivaldi's choral masterpiece, "Gloria in D," with Jan Raglan and Linda Buchan as the soprano soloists. The Glee Club and orchestra also will be heard in Bach's "Cantata #28" with Doris Hollenbach, soprano soloist, and Anthony Vaglio, the baritone soloist.

Other works that will be presented by the Club in the Christmas concert will be "Exultate Deo" by Scarlatti, "Kyrie Eleison" by Gabrieli, "Adoramus te" by Casparini, and "Ascendit Deus" by Gallus. These four works will be sung a cappella, conducted by Robley Lawson.

Chanukah Festival

The Sisterhood of Temple Beth Elohim will hold a Chanukah Festival Celebration at the Temple, 926 Round Swamp Road, Old Bethpage, on Monday, Dec. 12th at 8:30 p.m. Teenage daughters are invited.

The evening's program will feature a workshop between Family Education and Judaea Shop, incorporating holiday history, a film, games and holiday food.

VFW LEGISLATIVE GOAL NO. 2 - VA Hospitals for Veterans: The reduction of veterans hospitals and medical facilities is of prime concern to the Veterans of Foreign Wars. Because of the ever-increasing need for expansion programs at present VA hospitals it is only natural that this legislative goal take a high priority rating in an effort to restore and preserve veterans' rights.

One of the nation's greatest assets is the VA hospital system, consisting of 165 hospitals, 18 domiciliaries, two Restoration centers and other medical facilities. To preserve this asset, the VFW believes that: (a) VA hospitals must be administered in accordance with the intent of Congress that appropriated funds be used to operate this hospital system exclusively for the care of veterans; (b) in order to prevent a recurrence of VA hospital closings we strongly support a curb on the arbitrary power of the executive to close VA hospitals as provided in H. R. 202, 89th Congress; (c) On the basis of alarming reports that the quality of medical care is not keeping pace with the care and standard prevalent in university and other hospitals or high standing, we urge Congress to make a thorough probe of the VA and medical system to determine if VA is receiving sufficient funds to ensure the best medical treatment for the veterans of this nation; (d) We recommend expansion and creation of new hospital and medical facilities to cope with increasing demands for service which have resulted in waiting lists becoming prevalent all over the country.

Prizes for 4-H Excellence Awarded New York Teens

Four teen-agers who excelled in bread, beef, home economics and safety projects in 4-H Club work have found that excellence can pay off in a big way.

For being named state award winners in their projects, they received trips to the recent 45th National 4-H Club Congress in Chicago.

The four are Marie Koller, 19, of Lockport; Stephen Dennis, 17, of Jasper; Becky Burns, 17, of Canisteo; and Ellice Tomlinson, 17, of Wales Center.

Miss Koller, as the bread award winner, was the guest in the Windy City of Standard Brands Incorporated, while

Miss Tomlinson

Dennis

Miss Koller

Miss Burns

Dennis, the beef winner, was sponsored by E. I. du Pont de Nemours & Company.

Miss Burns, the home economics winner, had her trip provided by Montgomery Ward. Miss Tomlinson, as safety award winner, was the guest of General Motors.

The winners, chosen by the Cooperative Extension Service, joined 1,600 other young people from every state and Puerto Rico, plus a special delegation from Canada, at the exciting meeting.

Miss Koller, daughter of Mr. and Mrs. Michael Koller, has been Niagara County bread champion three times and can bake some of the tastiest yeast bread in the East.

Her 4-H career was upset a few years ago when the family home was destroyed by fire.

In her project this year, she made 55 loaves of bread, 15 dozen yeast rolls, 10 yeast coffee cakes and 10 dozen yeast sweet rolls. She is attending a comp-tometer school in Niagara Falls.

Dennis, son of Mr. and Mrs. Robert Dennis, was the Steuben County beef award winner for the last three years.

He has shown the champion Hereford female at the county fair for the last three years and for the last two years at the state fair.

Presently, he has a herd of 11 beef animals that he values at \$3,000. He was named county Hereford award winner the last three years by the New York State Hereford Assn.

His father is a farmer news reporter. The family lives on a 485-acre farm.

Miss Burns, daughter of Mr. and Mrs. Vincent Burns, won the 1966 New York City home-making award trip. She was an alternate winner in the state dress revue.

Miss Burns, one of nine children, was 1965 clothing winner at the county level. She was named "Farm Bureau Queen" and served as junior fair super-intendant at the Steuben County Fair. Earlier this year, she was named a member of the National Honor Society.

Miss Tomlinson, daughter of Mr. and Mrs. Tomlinson, swept to top honors in the safety program with her outstanding work in water safety.

She took a water safety course at the age of 12 because she and other children in her family swam in a creek on the family's 225-acre farm.

Now an expert swimmer, she served as a life guard and instructor at the Canandaigua 4-H Camp last summer and in 1964. She has taught many children how to swim.

Her first aid training came in handy recently when a neighbor girl was struck by an auto in front of Miss Tomlinson's home.

What to do about the little girl who likes to stay up into the grown up hours? One way to get around the problem is to get her nightwear that makes getting changed something to look forward to.

Night owls, junior style, love the pretty way they look in Her Majesty's nylon tricort robe with matching pajamas. This ribbon trimmed charmer, quilted with scrumptious warm Eastman Kodak polyester fiberfill makes her look every inch a princess. And it makes mother feel every inch a queen because sleepwear with Kodak fiberfill is a pleasure to care for - can be machine washed and tumble dried and retains it's soft puff and the shape of the garment.

Christmas Keepsake

The green bough on the mantle.
The holly on the door,
Hail a joyous Christmas.
The wondrous eve before.
The pine tree in the parlor -
Laden branches bent -
Sets the mood for Santa's
Fireside descent.
The stockings on the hearthside,
The child who put them there,
Await the magic morrow,

SANTA JOINS THE JET SET!

Dancer, Prancer, Vixen and the rest of Santa's hard working reindeer fleet will have a pretty easy time of it this Christmas. Latest word from the North Pole is that Mr. Claus will be using huge jet planes to deliver his millions of goodies throughout the United States.

And who could blame the jolly gentleman for choosing the swiftest, most efficient and most reliable way to get the job done! The air transportation industry daily performs tasks that would have seemed incredible just a few short years ago. The new all-freight jet giants can easily lift 92,000 pounds of cargo and whisk it across the continent at 600 miles-per-hour! And each of the passenger flights from New York to Los Angeles can carry 20,000 lbs. in the baggage compartment.

Americans are taking to the air at an amazing rate and they are also taking advantage of air shipping to send just about anything - from birthday cakes to automobile engines - to every corner of the land in a matter of hours.

Probably the most unique air shipping service - at Christmas - as well as through the year - is Air Express. A partnership between all 39 scheduled U.S. airlines and REA Express, Air

Express provides door-to-door pickup and delivery service between 21,000 cities and towns in the U.S., Canada and Puerto Rico within 24 hours - and often sooner.

This combination of the airlines' fleet of aircraft and REA's 13,500 trucks is ideally suited to meet the needs of a Santa Claus, a businessman, or a housewife. The whole process of sending a package - whether it's a Christmas gift to a son stationed at an Army base or a thousand pound piece of machinery from here to there is incredibly simple. A phone call to Air Express quickly brings a truck to your door. Your shipment is rushed to the airport and put aboard the first flight of any airline flying to its destination. And it will arrive the next day.

Thanks to Air Express service, St. Nick can sit home and watch TV on Christmas Eve, secure in the knowledge that boys and girls of all ages won't be disappointed when they wake up and rush to see what surprises have been stuffed into their stockings.

And, after all, with his weight problem, Santa should be delighted not to have to squeeze his way into those millions of narrow chimneys.

London on the Line

How do you shape up to the swinging London look? Just start skin-deep with "Carnaby" underfashions by Formfit Rogers.

Smashing idea for miniskirts and Mod gear is the Carnaby bra-slip, petite petti in printed tricort with a fiberfill bra-miere built in, and a saucy, scalloped hem.

Carnaby, England's liveliest street, names America's "new, new" print - blues and greens and pinks that color a soft tricort bra and sleek spandex pantie girdle.

London "birds" are updating grandma's step-in chemise. Formfit Rogers' transatlantic version is in nylon tricort and the nerwy, many-hued Carnaby print.

Take Stamford

By MILT PRYOR

The Mid Island Plaza Varsity Chargers journeyed to Stamford, Conn. Saturday early AM as guests of the Lady Clairol company's team The Clairol Colts. Our team, thanks to Slegerman Coach Co., traveled on luxurious chartered reclining bus with piped music through the busses own PA system thanks to our wondrous League Director Joey Trapp. Upon arrival at Stamford's Town Hall, the Stamford Coach Leroy Strout, whom we understand is about to join the NFL Detroit Lions, aggregation, greeted our boys and dispatched them to their host players' homes, where our team spent the weekend.

In the afternoon, both teams met at the Stamford Catholic High School Varsity field and I might add, judging by the overwhelming turnout of parents on hand to view the game (all from Stamford), I thought I was at the Army-Navy game. Our Charger football team playing inspired head's up ball on slick, muddy, soddy turf took the lead at the beginning of the first quarter on a Marian to Terrist pass completion and never relinquished the lead. Final Score: Chargers 12 - Stamford 0. Fine teamwork dominated Hicksville play and this reporter feels that Coach Tom Carton and Dick "Mud Pie" Grant should be commended on their fine coaching effort. In fact, a number of our graduates without a question will be playing for Hicksville's JV and I or 2 should make the Varsity.

Both teams met in the evening for a team buffet dinner and let me tell you, Hicksville was never like this. In fact we have the bags of left over food to prove it. Clairol's Director Stanley Filmer saw to it that each member of the teams were given gift packs of all of Lady Clairol's Products to take back to their Moms. Mud Pie Grant was presented with the BOWL TROPHY and by this reading it is now properly placed at the Mid Island Plaza. Dick can spend his spare moments gazing at his team's crowning achievements. After the buffet dinner the boys went to the

Stamford Bowl for the rest of the evening. The League wishes to personally thank all the Dads, Mothers, Coaches and staff of the Stamford group for their warm and cordial treatment of our boys. A special thanks go to Fred Robertucci, Tony Bastula, and to Leroy Strout.

Dec. 21, at 7:30 PM at the Huntington Town House, our Hicksville Football Association 1st Annual Award Night Presentation Dinner will be held. Our special thanks go to Mrs. Blanche Heraghty, Mrs. Jean Waldenmayer, and Mrs. Robert Howard for calling all the parents of our League, accepting reservations and at this writing I am informed that over 220 people will be present with reservations still pouring in. Guest speakers of Pop Warner, NY Giants Football Team, Assemblyman Martin Ginsburg, and a number of other surprises are in store to all that attend. In case you have not been called, contact Joe Trapp at GE 3-3182 at once.

Last Sunday our interannual program came to a close, with upset wins both by Vern Wegners Wildcats, and by Tom Trone's Lions. This Saturday, a playoff game will be played at one PM between the Wildcats and the Eagles to determine winners of the second Half. The Mustangs captured First Half Honors 6 weeks ago. All awards and souvenirs will be given out at the dinner at the Huntington Town House. This Saturday at the Castlegate Park administration office, registration will be held for Basketball. There is no fee whatsoever, all equipment will be supplied by Nassau County. All interested sign up and make up a couple of teams composed of your football team mates. See you Saturday at Castlegate Park.

Litter Prevention Awards Presented

Keep America Beautiful, an organization dedicated to litter prevention, presented a special citation to Laurence S. Rockefeller for his "leadership and personal contributions" to conservation and beautification. Mr. Rockefeller is chairman of the Palisades Interstate Park Commission and the Hudson River Valley Commission.

The presentation was made at the annual meeting of the anti-litter organization in New York's Plaza Hotel.

Other awards included: the State of Wisconsin, where their anti-litter program resulted in an actual reduction in highway cleanup costs for two years in a row; Laurel County, Kentucky for unusual achievement on a county-wide basis; DeRidder, Louisiana, a town of 8,500 persons for their year 'round public, business and civic effort; Jas. H. Matthews & Co., Pittsburgh, Pennsylvania the business award for furthering the film distribution program; Beautify Bridgeport Council (Connecticut) a special citation for the converting of a downtown square to a landscaped park.

Reuben L. Perin, President, Keep America Beautiful, presented the awards.

that the settlement provided for a total of \$60,000 to be turned over to Messrs. Lipson and Schober for legal fees as part of the proposed settlement. He said this agreement was made in private between Schober, Lipson and the U. S. Dredging Corp.

Today, November 22, McCaffrey advised the Town Board that as a result of negotiations with U.S. Dredging the Town would get the total \$128,550. He said this figure was not based on yardage of sand or gravel removed from Cold Spring Harbor but on apparent potential and past litigation costs. Previously, the Town received \$30,000 from U.S. Dredging based on an engineering study of the yardage of sand and gravel removed from the bottom of Cold Spring Harbor.

The Town Board today adopted a resolution accepting Mr. McCaffrey's recommendation. Majority Leader Poulos noted that if Messrs. Lipson and Schober decide to pursue their claim for legal fees the Board will oppose the action.

Tomorrow morning, when your family gathers for breakfast, take a minute to look around and see what those magic partners, gas and electricity, bring home to you.

They heat your house. Light your room. Percolate your coffee. Toast your bread. Fry your eggs and sizzle your bacon. Keep your butter fresh and your milk cold. Warm the baby's bottle.

They wash the dishes. Vacuum the rugs. Wash and dry the laundry. They also keep you snug, make you feel comfortable, turn

gray days into bright and cheerful ones. All these little touches of civilized living are brought into your home and your life by those two magical fuel partners, gas and electricity.

Keep them in mind when you are ready to buy a new house—or modernize the one you now live in.

Depend on the magic of gas and electricity to do so much for you. Depend on Lilco to bring them right into your home.

Two Versions of Same Story:

Dredging Co. Settles with Town

By JOHN C. DOWLING

OYSTER BAY — The Town Board today (Nov 22) adopted the recommendation of Town Attorney Bernard F. McCaffrey in the long-standing dredging case in which the U. S. Dredging Corp. will pay the Town \$128,550 in addition to the \$30,000 the Town previously received for material dredged from Town lands in Cold Spring Harbor as a result of an inadvertent trespass by the company's dredging equipment.

The original settlement proposed by the dredging corporation and attorneys Milton Lipson and Henry Schober, both top County Democrats, provided for \$60,000 of the amount owed the Town to be paid to Messrs. Lipson and Schober.

On July 5, 1966 the U.S. Dredg-

ing Corporation made the settlement arrangements with the two attorneys to the exclusion of the Town of Oyster Bay. McCaffrey objected to the settlement saying it would be "unthinkable for the office of the Town Attorney to agree to any settlement made

by private parties without prior consultation with the Town Board or its legal representatives." He pointed out that legal fees agreed upon as part of the private settlement were "exorbitant". He said the settlement agreed upon between U.S. Dredging Cor-

poration and the attorneys for John Nance was made without any communication between the Town Board of the Town of Oyster Bay which has a vested interest in this matter. He pointed out

Just What Is the True Story?

It is difficult for an editor to decide who is telling the entire story when it comes to news releases emanating from Oyster Bay Town Hall these days. This week offers a good example. Supervisor Michael N. Petito, a Democrat, has Charles D. Johnson as his "assistant" or press agent. The six-Councilman Town Board, all Republicans, have John C. Dowling as their press spokesman.

Two releases, reprinted herewith in full, were received this week on the long-pending dredging of Cold Spring Harbor case. Because this matter dating back five years contributed in part to the first election of a Democrat as town supervisor in many, many years, we use it as an example of the dilemma confronting an editor. Read them both and then try to decide which is the most factual, which has omitted significant facts. — FRED J. NOETH.

By CHARLES D. JOHNSON

OYSTER BAY...The Oyster Bay Town Board today (Nov. 22nd) agreed to accept an additional \$128,000 from U.S. Dredging for material the company dredged from Cold Spring Harbor in 1959. The Board action came after Supervisor Michael N. Petito, last month, charged that the Town Attorney, without consulting either him or the Board had refused the money saying that \$31,500 paid by the company to the Town in 1960, was sufficient.

In 1959, John Nance brought a taxpayer's suit against Oyster Bay Town, U.S. Dredging and the Town of Huntington, charging that material being taken from Cold Spring Harbor waters belonged more to Oyster Bay than it did to Huntington.

Nance was winning his suit and Oyster Bay Town agreed to settle for a payment of \$31,500. But Nance refused to allow the Town to settle for so little and continued litigation. Earlier this year, U.S. Dredging agreed to pay \$128,550 more.

But, according to Supervisor Petito, the Town Attorney's Office went to Nassau Supreme Court in August and refused the additional money without consulting either the Supervisor or the Board.

When Petito, in October, learned of this action, he charged the Town Attorney's Office with handling the case in a manner that "bordered on the ludicrous." His discovery of the Town Attorney's action was brought to the attention of the Town Board and the Town Attorney was asked to study the court action and accept a full settlement.

Petito had included approximately \$70,000 from U.S. Dredging as income in his preliminary 1967 Budget which he submitted to the Town Board on October 10th. Although the Board subsequently refused to accept the Supervisor's preliminary Budget and upped it by \$1.5 million, it left the \$128,000 — which will be reduced to about \$70,000 after payment of legal fees — in.

"My position, taken some months ago in this matter has been completely supported by today's action," the Supervisor said. "The Town was at one time prepared to waive claim to this money. The taxpayer's were my original concern in this matter and it is they who are the winners."
