Community Groups Unite To Keep Streets Open

Representatives of community civic and local government units in Hicksville are making a united appeal to the State Dept. of Public Works to forestall the planned barricading of W. Marie St. and W. Nicholas St., Hicksville, in connection with the widening and rerouting of Newbridge Rd. between Old Country Rd. and Duffy Ave. A delegation met with state officials in Babylon yesterday (Wed.)

Called together at the invitation of the Board of Fire Commissioners who spearheaded the campaign to keep W. Marie St. and W. Nicholas St. open to east-west and reverse movement, representatives of the Board of Education, Board of Water Commissioners, Chamber of Commerce and other interested individuals met Thursday night, Dec. 15, at the main firehouse.

Harold Hawhurst, chairman of the Fire Board who is leaving office the end of this month, presided at the meeting and reviewed efforts of the Commissioners to date, including correspondence with Gov. Rockefeller, County Executive Nickerson and the Town Board.

All present were united in their belief that every effort should be made to keep the two streets open and a sub-committee was chosen to meet with officials of the Dept. of Public Works at Babylon.

Town Councillman A. Carl Grunewald and Supervisor Michael Petito had both been invited

to be present or have representatives attend. They were not represented.

Present as an observer representing the County Fire Commission was Thomas McMillin of Farmingdale, chairman of the 9th Fire Battalion.

Hawhurst and Fire District Attorney Anthony F. Corriero reported regarding a meeting held with state officials when a promise was given by F.A. Shonyo, senior civil engineer of the Dept. of Public Works, that W. Marie St. will be kept open for one-way traffic for the fire dept.

"We have won our point," Hawhurst noted, "and now it is up to the rest of the community to decide what they want done about this situation of closing the two streets to two-way traffic."

Stanley F. Turner, executive director of the Chamber of Commerce, took the chairmanship of the sub-committee which includes Henry C. Brengel, Judge Joseph P. Lekuecher, Water

Left are Fire Commissioner Charles Sauer who was named chairman of a committee representing various municipal bodies and Fire Chief Gus Cotonas. At right are Fire Commissioner Vincent Braun and Judge Joseph P. Lekuecher. (Herald photos).

Seniors to Offer Comedy

For the first time in the recent history of Hicksville High School the Senior Class will present a comedy.

The class of '67 promises to give the greatest performance that the High School has ever seen when it presents the well known comedy "The Bachelor and the Bobby-Soxer."

The scenery is beginning to take shape, and the actors are rehearsing. Every afternoon the school's auditorium is filled with the sight of painters and stagehands, while the cast is rehearsing their parts. The cast and the crews are made up entirely of High School students, who show all the prospects of presenting

an outstanding performance.

Anyone who has seen a High School production knows what a fantastic job the students can do, and the seniors promise to outdo any previous High School performance.

The performance will take place in February. Tickets will be sold in the High School ticket booth one week before the performance and at the door on the nights to be announced.

Jud Thanks Voters

August Jud, who will be sworn in on Jan. 2 as a member of the Hicksville Board of Fire Commissioners when the board reorganizes for the new year, wishes to publicly express his thanks and appreciation to all who supported his candidacy in the election earlier this month. He pledged to make himself worthy of the confidence shown in him by the voters.

Wants 24-Hour, 7-Day Telephone

Oyster Bay Town Supervisor Michael N. Petito has asked the Town Board to approve installation of a 24-hour, seven-day-a-week telephone installation at Town Hall so that residents may reach Town officials at any time with complaints and/or suggestions.

Weight-Watchers

The official Weight-Watchers meet every Thursday night at 7:30 p.m. at the Hicksville Jewish Center, Jerusalem Ave. and Maglie Dr. Registration fee is \$3.00 and weekly dues are \$2.00. For further information call Mrs. Dorothy Koslowsky, Wells 8-9683.

OFFICIAL REPRESENTING Hicksville service clubs were present at the formal tree-lighting ceremony for the Community Christmas tree at Broadway, Jerusalem Ave., and John St., Project for this year was in doubt for a time when construction was undertaken in the immediate area. From left are Martin McDonnell and Freeman Parr, past presidents of Rotary Club; Kerman Kanfer, Rotary vice president; Peter Amoroso, past president of Rotary; Henry C. Brengel, President-Elect of Kiwanis; and Pierre Charbonnet, president of Lions Club. (Photo by Frank D. Mallett).

63 Secretaries Enjoy Festivities

The Hicksville Educational Secretaries Assn. held its annual Christmas Party at Murrant's Restaurant, Old Country Rd., Hicksville, on Dec. 14. There were 63 secretaries of Hicksville Schools present for a gala Christmas dinner and a wonderful evening entertainment. They honored two former members, Marcella Olson and Doris Phillips.

The entertainment revolved around a program called "This Is Your Life, Doris Phillips", a former secretary who recently became a teacher at Willet Ave. School. Much fun and merriment was had by the reading of letters sent in by Mrs. Schoenberg, Mrs. Phillips' mother, who told of her childhood and girlhood and marriage.

Her husband, her friends and co-workers, teachers and prin-

cipals all contributed facts—some serious, some fanciful. She was then presented with many comical items which are supposed to "aid" her in her classroom teaching.

Mrs. Phillips was indeed surprised and delighted with the honors bestowed upon her.

A special report was given on a Christmas activity that the Educational Secretaries were participating in—the adoption of a Hicksville family for the yuletide. It was hoped that by enriching this family's Christmas it would make the holiday more meaningful to each of the secretaries participating.

The Christmas party was a huge success and much credit goes to Jane Lord, program chairman, and her committee of Elsie Oelrich, Jean Sawyer and Dorothy Seide.

The officers of the HESA for 1966-67 wish everyone a very Merry Christmas and prosperous New Year. They are Eleanor Breining, president; Dorothy Schuler, vice president; Claire Levendov, secretary; and Eunice Heidel, treasurer.

Merry Christmas

Saw Grumman Grow

JOHN E. JEANSON of Hicksville was among 31 employees of Grumman Engineering Aircraft Corp. at Bethpage who this past month celebrated 25 years with the company. When he joined the staff in 1941, Grumman had a then-record peak of 6,000 on its payroll. Today with over 39,000 it is said to be the largest employer on Long Island.

Historic Yule Tree on Display

The Town Board has authorized the opening of Raynham Hall on West Main St., Oyster Bay, famous historical restoration, free of charge to the public on Dec. 22 and 23. It was announced by Councilman Ralph J. Marino.

Marino said that leaders of the Friends of Raynham Hall Inc. arranged to display the trimming of a Christmas tree using early American ornaments.

By waiving the usual admission fees members of the Board felt that many children might benefit by comparing some of the Christmas decorations of Colonial days and today.

Councilman Marino said that the arrangement is "living history" and should attract many parents and children from all parts of the Town.

Trinity Lutheran School students in Hicksville are having a rehearsal this morning, Dec. 22, for a Christmas Pageant scheduled for tonight at 7:30 P.M.

Obituaries

THEODORE W. LEVINNESS of 102 Blueberry Lane, Hicksville, passed away on Dec. 7 after a long illness. He is survived by his wife, Virginia Jean; sons, Theodore H. and Leslie A., and a granddaughter.

Mrs. Levinness had been affiliated with the Morgan Guaranty Trust Co. for 38 years as an administrator of corporation trusts. He was interred in White Plains Rural Cemetery.

MRS. MARGARET CHITTENDEN, a native of Jericho and former teacher in the school system, died Friday, Dec. 16, at Glen Cove Community Hospital. Her residence was at Edge Rd., Jericho. Her husband is an administrative assistant in Hicksville Schools. She is also survived by a daughter, Mrs. Carol Falls of Stables, Ind.; a sister, Mrs. Mildred Wigle of Mineola and three grandchildren.

Funeral services were held Tuesday at 1 P.M. at Vernon C. Wagner Funeral Home with burial at Friends Cemetery, Jericho.

Dear Lynda

Congratulations to former Assemblyman EDWIN FEHRENBACH upon his appointment by Gov. Rockefeller to the \$17,000-a-year job as a member of the New York State Thruway Authority...

STEVE CHOMOKO of Hicksville was among 29 athletes at Beloit College, Wisconsin, awarded underclass football numerals recently... There seems to be little doubt that Councilman RALPH J. MARINO, of whom few heard before he became a town official about a year ago, is being groomed to run as Republican candidate for Oyster Bay Town Supervisor next year against (assuming he seeks re-election) incumbent Democrat MICHAEL PETITTO, Marino, whose name appears in all current press releases from the Town Board on every subject under the sun, is from East Norwich...

The Rev. ANDREW P. CONNOLLY, principal of Holy Trinity Diocesan High School in Hicksville, has been elected second vice president of the Catholic Interracial Council of Long Island for 1966-67... The Garden Club of Levittown won third prize for decorations at the Hicksville RR Station in an island-wide competition. Remember, when the tower man at the Broadway crossing delighted thousands of commuters by setting up a lighted tree by the side of the tracks... Walt Whitman Shopping Center Merchants have a fine idea to make shopping easier during the holiday. They rent the 110 Drive In Theatre, some miles away for employee parking and then cart the workers back and forth to the shopping center by bus. In the early morning hours, coffee and cake is served employees as they wait for the bus. It costs the merchants some \$7000 a season to do this... Sorry to hear that ED GIANNELLI is back in the hospital... Glad to see VINCENT BRAUN at that special meeting of the Hicksville Fire Commissioners last week...

... Sorry to hear that ED GIANNELLI is back in the hospital... Glad to see VINCENT BRAUN at that special meeting of the Hicksville Fire Commissioners last week...

The Kiwanis Beautiful Hicksville campaign goes forward under the leadership of KING KELLY, WALTER DUNBAR and HENRY C. BRENGEL who spoke about the project at a recent meeting of the Key Club led by CHUCK COFFEY, president... For years the Hicksville Rotary Club has annually distributed Christmas baskets to less fortunate neighbors. This year the club received a \$10 donation from a former recipient of a basket who is now back on his feet... Guests at a recent Rotary Club meeting included JUDGE CHARLES STOLL, guest of AARON ROCHMAN...

LAURA LEVY of 48 Blanche St., Plainview, will perform on a national network radio broadcast by the University of Rochester Combined Men's and Women's Glee Clubs on Friday, Dec. 23. It will be aired over many stations of ABC beginning at 8:30 P.M. EST... The Christmas spirit is not in evidence everywhere: In Buffalo, two Santa Clauses parachuted into a shopping area and were arrested. In Clifton, N.J., another Santa was denied permission to land his helicopter because of an ordinance which said only "public officials" and "foreign powers" were allowed to land in this manner... It is astounding but the Hicksville-Plainview-Levittown area, one of the heaviest concentrations of population in the entire county without representation on the Nassau County Charter Revision Commission. It was not so when the charter was drafted a quarter century ago and we were represented by the late ELWOOD A. CURTIS, DOS...

Letters urging support of the Nassau County Police Boys Club in their annual fund appeal have gone out over the signature of JERRY ZETTLER of Gardiner Ave., Hicksville, county president.....

Act to Halt Car Thefts

Nassau Police Commissioner Francis B. Looney announced another phase of the department's drive to prevent auto thefts. Parking meters in the county's eight precincts will get stickers reminding motorists to "Lock Your Car."

In Nassau County, during the first 10 months of this year, 2,333 autos were stolen, compared to 2,087 stolen during the same period last year. About 90 per cent of these cars were recovered according to the Nassau County Police Auto Squad.

It was pointed out, however, that most of the inconvenience and money loss suffered by the victim of auto theft could have easily been prevented. Over 80 per cent of all stolen vehicles were left unlocked and 40 per cent had their keys in the ignition.

In the first phase of the department's drive, a pamphlet, published by County Police, was

to be delivered to each home in the County. The pamphlet notes that "The Key to a Car Thief's Success is the Key to Your Car." It lists four steps to stop auto theft: 1. Don't leave ignition keys in the car, hidden or not. 2. When parking, even for a few minutes, close windows and lock the car. 3. Don't leave valuables where they can be seen in your parked and locked car. 4. Park your car in a lighted area when possible.

Christmas Services

The Rev. Edward H. Stammel, pastor, announces the following schedule of services:

Christmas Eve, Dec. 24 - 5 PM and 6:30 PM, family services; 9 PM and 11 PM, Holy Communion.

Christmas Day, Dec. 25 - 8 AM and 10:15 AM, Matins; 9 AM and 11:30 AM, Holy Communion.

Mid Island Girl Scout Council Would Sell Bayport Campsite

At the Girl Scout Camp Edey Annual Membership Dinner and Meeting Tuesday evening, Dec. 13th, Miss Eleanor M. Hester of Sayville, who has served this organization since 1941, a volunteer in charge of Troop Camping, then as a professional year-around director and Camp Administrator for the past 20 years, resigned effective Feb. 3.

Her reasons are two fold. She

feels she has fulfilled the objectives behind her being hired, as the 256 acres with all buildings and equipment which make up the Bayport campsite are for the first time absolutely free and clear, and the 1966 operations will be paid in full, leaving a small cash balance as of the end of the year. She wishes to be just a volunteer Girl Scout next year to be in a better position to

combat the desire of the one eastern Nassau Board (11 current members approving) to close and sell Camp Edey, a natural wonderland which was acquired and developed through the generosity and labor of hundreds of Suffolk and Nassau people so there would always be this place for adventure and relaxation every day of every year.

Camp Edey is not for sale and won't be for sale to just anyone, unless there is such a time as all five Suffolk Councils who are now joint owners along with their one Nassau member. It is Miss Hester's hope that the Suffolk Girl Scouts, now approaching their "one county council", known as Project 31, will join together very soon and buy out the Mid-Island Council with ten years of free camping service to this member's Girl Scouts and enough cash to pay back the actual dollars put into Edey Capital Fund by this sister group.

Third Generation to Head Firm

Empire Storage Warehouse, Inc. announces the election of Henry C. Brengel, Jr. as president of the corporation, effective Dec. 1.

Brengel, Jr., in succeeding his father, Henry C. Brengel, Sr., to the presidency of the firm, becomes the third-generation head of the firm, which was founded by his grandfather, the late Christian L. Brengel, more than 60 years ago. A pioneer in the moving and storage business on Long Island, Empire Storage Warehouse, while consistently remaining a "family business" since its inception, has progressed through a span of 60-odd years from horse-drawn wagons to the last word in road and warehouse equipment designed for the industry.

Their present plant, at 80 Duffy Ave., Hicksville, consists of two large modern, fireproof constructed storage warehouses, adequate parking areas for road equipment, and ample room for future expansion.

As general manager of the firm for the last ten years, the younger Brengel has directed the progress of the firm into its present position as a competitive, aggressive firm, enjoying their dual role of an active participant in

the main-stream of industry on Long Island, while still clinging to all of the basic rudiments of customer service and "old school" ideas of strict honesty and integrity. As agents for North American Van Lines, Inc., the firm was chosen one of their "Top Ten" Quality Agents in 1963 and 1964.

With a view towards further increasing sales, while maintaining their high standards of performance, the new president of the firm thoughtfully looks ahead to the future. He summed it up by deciding that the best approach may be to "move forward—at full speed."

Young Brengel, is a member, and in most instances an officer, of the Long Island Moving and Storage Assn., Inc., the New York State Movers and Warehousemen's Assn., the Nassau-Suffolk Traffic Club, Delta Nu Alpha, a national transportation fraternity, the National Furniture Warehousemen, Manetto Lodge, No. 1025, F. and A.M., the Long Island Past Masters Assn., the Nassau Past Masters, and the Church Council of St. Stephen's Lutheran Church in Hicksville. He resides in Jericho with his wife, Dorothy.

Editorial Opinion: First Time in History?

We don't know why people insist upon describing certain activities, particularly those of organizations, as being now undertaken for "the first time in Hicksville's history" when they really don't know that much about the background of the community.

Hicksville has been the location of residences of people since about 1836, a goodly span of time, and it can be safely presumed that most everything "has been done" at one time or another.

For example: The High School announces it will stage a comedy show and says "it will be the first time in the history of the school." 'Tis just not so as some alumni will readily confirm.

For example: The Chamber of Commerce boldly announces it has erected "the first bus stop bench in Hicksville's history." Wrong again. There have been bus stop benches at many locations (and there should be more). There are benches right now along Newbridge Rd and Levittown Parkway, both in sections of Hicksville.

So please, the next time you feel inclined to boast that a "first time in history" project is underway, check up a little. There may still be someone who remembers when.

But keep on doing those nice things that ought to be done. There is a great deal more to be done.

Give Us Back Exchange Names

Slowly but surely the Telephone Co. is replacing all use of the alphabet with numbers. True enough, certain exchanges are being retained on established centrals (County Courthouse, etc), but every new installed or changed location winds up with three digits.

The WELLS 1 becomes 931 with the slide of the hand on the part of the installer.

Most folks have trouble carrying four numbers around in their head. Now they must memorize seven if they want to recall their own phone number.

But the part that distresses us more is the absence of a clue as to the location or distance away being dialed. At least with exchange names we used to have some hint where the receiving instrument was located. When the load of telephones overpowered the capacity of the dialing equipment (ie, Hempstead or HE ran out of combinations) they inserted names like IVanhoe, Pioneer, PERshing, WELLS, GEneral, etc. But at least we identified these names with certain parts of the county, Island or New York City.

The total use of all numbers erases that convenience. For example if you dial a number starting with 796, it will be a telephone in Levittown. But the first seven is no help, because 751 is for Stony Brook out in Suffolk County. The first, as a local call, would be a dime charge. The second costs 40 cents to put thru.

We know the generous Phone Company would not want to deceive and really wants to provide faster dialing service (a lot of people mixed up PE and PI, anyway, for example), but let us have some kind of warning that we are making expensive calls under the mistaken impression that the fellow who asked you to "call back" is just down the block. He may be 50 miles and several dollars away.

And you'll never get the answer to this problem by dialing the oracle at 516-555-1212.

Our Men In Armed Forces

Aviation Electronics Third Class Joseph J. Tomasovic, USN, son of Mr. and Mrs. Joseph J. Tomasovic Sr., of 82 Myers Ave., Hicksville, and Seaman Apprentice Robert J. Herscher, of 49 Joyce Rd., Plainview, have returned to the US aboard the attack aircraft carrier USS Constellation after more than six months with the Seventh Fleet in the Western Pacific. The Constellation was instrumental in the destruction of Hai Phong Oil storage tanks in August and destroyed numerous bridges, buildings and other enemy structures.

Six area residents have been graduated from nine weeks of Navy basic training at the Naval Training Centre, Great Lakes, Ill. They include: Seaman Recruit Edward P. Monia, 18, USN, son of Mr. and Mrs. Edward Monia of 58 Cedar St.; Seaman Recruit William S. Snowden, 17, USN, son of Mr. and Mrs. William Snowden of 123 King St.; Seaman Recruit George G. Baird, 18, USN, son of Mr. and Mrs. George G. Baird of 136 King St.; Seaman Recruit Carl N. Rasmussen Jr., 20, USN, son of Mr. and Mrs. Carl A. Rasmussen of 121 Bethpage Rd.; Seaman Recruit William J. Kowalski, 20, USN, son of Mr. and Mrs. William T. Kowalski of 51 McAlester Ave.; and Seaman Recruit Michael Savery, 18, USN, son of Mr. and Mrs. Lawrence Savery of 79 East End Ave., all Hicksville.

Machinist's Mate Third Class Denis J. Nelson, USN, son of Mr. and Mrs. Harold R. Nelson of 57 Hollins Road, Hicksville, is a crewmember aboard the destroyer USS Brownson with the Seventh Fleet in the Western Pacific supporting operations in Southeast Asia.

Private George A. Gibson Jr., 19, whose parents live at 113 Horn Lane, Levittown, completed eight weeks of advanced artillery training Dec. 15 at the Army Artillery and Missile School, Ft. Sill, Okla.

Army Private Douglas H. Lane, 19, son of Mr. and Mrs. Hilton D. Lane, 52 Elm Tree Lane, Levittown, completed a cooking course at Ft. Lee, Va., Dec. 9.

Builder Third Class James G. Hartmann, USNR, son of Mr. and Mrs. Frank Hartmann of 555 Old Bethpage Road, Plainview, has deployed to Chu Lai, Vietnam with U.S. Naval Mobile Construction Battalion Eight, for approximately eight months.

Army Private Peter J. Jerszynski, 19, son of Mr. and

ARMY PRIVATE Godfrey H. Siegel Jr., 19, whose parents live at 316 New South Road, Hicksville, completed eight weeks of military police training at the Army Training Center, Ft. Gordon, Ga., Dec. 14. He was trained in civil and military law, traffic control, map reading, prisoner-of-war control and self-defense. (U.S. ARMY PHOTO)

Mrs. Joseph P. Jerszynski, 40 Cambridge Ave., Bethpage, completed eight weeks of advanced infantry training Dec. 3 at Ft. Dix, N.J.

Army Specialist Fourth Class Robert J. Germain, 19, son of Mr. and Mrs. James A. Germain, 1 Seymour Lane, Hicksville, is participating in a four-week field training exercise conducted by the 4th Armored Division in Hohenfels, Germany.

Army Private Alan Munro, 19, son of Mr. and Mrs. Alan Munro, 12 22nd St., Jericho, completed an Honest John missile crewman course at Ft. Riley, Kan., Dec. 9.

Private Patrick M. Amadio,

19, son of Mrs. Irene Andorio, 3071 N. Jerusalem Road, Levittown, completed a radio course at the Army Training Center, Ft. Dix, N.J., Dec. 2.

Army Private Douglas S. DeSouza, 19, son of Mr. and Mrs. August J. DeSouza, 5 Hyacinth Road, Levittown, completed eight weeks of advanced infantry training Dec. 16 at Ft. Jackson, S.C.

Army Private Robert J. Wolly, 20, whose parents, Mr. and Mrs. Coulton W. Fischer, live at 28 Washington St., Hicksville, completed eight weeks of advanced infantry training Dec. 16 at Ft. Jackson, S.C.

Naval Reservists Resent Slurs

Recently published statements that the Military Reserves are a "haven" for young men to avoid the draft and Viet Nam service were assailed this week.

Naval Reservists have become annoyed by such general statements. Each man who enlists in the Naval Reserve and trains at Naval Reserve Training Centers such as at Freeport, is scheduled to go on active duty with the active forces, within one year of the date he enlists. In addition, his training period prior to active duty enables him to earn two promotions.

Naval Reservists on active duty are completely integrated with the regular forces, and there are no special assignments or differences between active personnel, a spokesman says. Many of the men who enlisted and trained in the Freeport Naval Reserve Training Center are presently serving in all parts of the world,

including the land and sea areas of Viet Nam.

Following their two-year active duty, a Naval Reservist is expected to return to his home town Training Center to serve the balance of his six-year obligation. He then continues to advance in his specialty and assists in the training of new recruits.

The obligation also includes the possibility of additional active service in the event of emergency call-up.

The Naval Reserve does not have a six-month active service program available and each man is obligated to perform more service than he would be required to complete if he was drafted.

Red Cross Cautions on Ice Safety

With the onset of the winter sports season, the American Red Cross cautioned against too early and hazardous use of ice-covered ponds, lakes and rivers.

"The key to skating safely is to know when and where to skate safely," declares Henry Hartmann, Director of Safety Services for the Nassau County Chapter of the American Red Cross.

"The first ice of the season is attractive to skaters because it is normally very smooth," he said. "But it can also be dangerous, because it is deceptively thin and not uniform in thickness."

"It is quite likely to be weaker toward the center of the area, over the springs welling up from the bottom, and over swift currents. Rivers are especially dangerous."

New ice, he explained, is not really safe until it has frozen to at least two or three inches. Even then, skaters should venture cautiously, staying reasonably close to shore. When new ice

reaches a depth of four inches, it will support a larger number of skaters.

Hartmann listed these additional safety rules for ice skaters:

Skate in supervised areas, preferably a shallow pond or lake in which the water is no more than waist deep.

Skate with a companion in case of accident, but avoid congregating in large groups.

Build your fires on the bank, not on the ice.

Warn other skaters of dangerous ice conditions when you know about such hazards.

Remember that ice is especially dangerous during thawing spells and as winter nears its end.

In case of accident, keep on hand at skating areas simple rescue equipment—a length of rope, a pole, ladder, or plank.

A safe method of rescuing someone who has fallen through

the ice is to lie flat on the ice, edge forward, and reach the rescue equipment toward the victim. When he has grasped it securely, pull him to safety. Do not stand on the ice while performing the rescue act.

In the absence of rescue equipment, several persons can form a human chain by lying flat on the ice, holding the ankles or skates of the person in front of them.

They worm their way toward the victim; the lead man grasps his wrists, and the whole line wriggles back to safety.

If you are alone and fall through the ice, don't try to climb out. Instead, extend both arms along the surface of the ice and kick vigorously. This will help lift your body onto solid ice. Then roll to safety. It is a good idea to carry ice ax or a knife with you when skating. Then, if an accident occurs, you can use such tools to aid in pulling yourself onto solid ice.

Groups Unite

(Continued from Page 1)

Commissioner Harry Borley, Fire Commissioner Charles Sauer and Fire Chief Gus Cotesco, School Trustee Cornelius McCormack and School Attorney Joseph Catalano.

The possibility that the State will, at this date, make any substantial changes in its plans for Newbridge Rd. seemed remote in view of the fact that the award of bids must be achieved. It is said, prior to April 1. It is believed that bid taking may be in January or early February to allow time for analysis prior to award.

Individual residents in the areas affected by the proposal are addressing letters of indignation to the District Engineer, State Dept. of Public Works, Babylon, N.Y.; County Executive Nickerson, Mineola, N.Y.; Supervisor Michael Petito, Town Hall, Oyster Bay, N.Y.; and Gov. Nelson Rockefeller, Albany, N.Y.

Oyster Bay Town Board has advised the Fire Commissioners, thru Town Clerk William O'Keefe, that it agrees with the position taken by the fire board.

Health Frontiers Meets Monthly

The Health Frontiers Foundation for Hypoglycemia (Low Blood Sugar) meets the second Tuesday of each month at the Plainview Library on Old Country Road (opposite Morton Village) promptly at 8:30 P.M. At each meeting they conduct an open discussion on Low Blood Sugar and its related Glandular Disorders. All questions invited. For further information call: Ellen Borden CA 1-5957 or Eleanor Krinsky WE 8-2883.

SHORT AND SWEET

When coffee was first introduced to England in 1652, it aroused considerable comment, both medical and social, about the beverage and the coffee houses that soon followed. . . . Women, jealous of the time their husbands spent in coffee houses, petitioned against the beverage. . . . Coffee also stirred controversy among the 16th century Arabians. . . . The Prophet Mahomet, before his death, passed a law forbidding strong liquors. . . . A religious controversy soon arose over whether or not coffee was intended to be part of the prohibition. . . . It was not until an Arabian lawyer and theologian wrote a seven chapter treatise in defense of coffee drinking that coffee was declared a suitable drink. . . .

Schick Science announces-

New Schick Band Razor

Schick patent #2492292

Schick patent #2591702

Other patents pending...

10 new edges, not just 6. Ten new Schick Super Stainless Steel Edges on a continuous band.

Patented slotted band. Band holds taut between two spools. Gives you the control and the comfort you want.

For a new shaving edge, just wind the lever on the cartridge. It's easy. Guide numbers are on the side.

Lasts longer too. After extra work of shaving, snap in a new 10-edge cartridge - you never touch a blade.

Schick Science brings you the new cartridge-loaded Schick Band Razor. Inside the cartridge, not just six, but ten Schick Super Stainless Steel Edges coiled into one continuous shaving band.

It's completely different. Better. In every way. You get a faster, smoother, closer shave.

The patented Schick band is slotted. It feeds between two spools, holds each new edge taut to give you the control and the comfort you want.

You'll like the convenience. You'll like the way each edge has the famous Super Krona coating to shave you closer—with greater comfort.

Mrs. Stephanie Kone-Leader
(WE 5-8459)

Reasons For Thanksgiving
To have food enough and a place
to dwell,
To have work to do and do it
well,
To find the comfort when things
go wrong,
In a bit of prayer or a snatch of
song,
To know the pleasure a kind act
brings,
To see the beauty in simple things,
To know good books and share
their worth,

brown earth,
To have true friends...this is
living
And reasons enough for thank-
sgiving.

The above poem was one of several placed about Levittown Hall, on Fri. Nov. 25, carrying out the theme for the Thanksgiving Dance given by Tri-Council of Jr. Leaders. Was it a success? We hear it was a real swinger! Amid the traditional turkey and Pilgrim decorations, the modern day watusi and frugging took place. Debbie Fink and her decorating committee out-shone themselves with the original touches adding spark to the gay mood. Seth Boyarsky's orchestral friends, "The Patriots" - Bethpage, added the zing! Ann Zuend, Pres. of Mid-Island Jr. Ldrs. Council (one of the three sponsoring councils), and also Dance Chairman, said that all monies would be used in community services. An example: Last year the Mid-Island Jr. Ldrs. Council arranged a Field Day at 4-H Camp, Riverhead, for fifty-five children of St. Mary of the Angels Home, Syosset. They also sponsor 4-H projects at the home where a 4-H club has been formed. Newest News: Tri-Council says that you can continue your dancing at their forthcoming "Happy Holiday" Dance, He. Legion Hall, Dec. 29, \$1.50 couple, \$1.00 stag. Officers of Mid-Island Jr. Ldrs. Council: Pres. - Ann Zuend, 81 Havertford Rd.; Vice-Pres. - Harvey Ferdnander, 9 Boxwood Lane; Corresp. Sec. - Deborah Fink, 54 Eileen Ave.; Rec. Sec. - Christine McGivney, 12 Laurie Blvd; Treas. - Seth Boyarsky, 25 Morton Rd.; News-reporter - Rommie Gelman 72 Winthrop Rd.

Tri-Council extends warmest thanks to Mr. Virgil Diehl, of the Extension Office, for having undertaken the project with them and for having been their advisor. Without his able assistance, the dance would not have been so successful.

The 4-H Shooting Stars who meet at 54 Eileen Ave., with Mrs. Lillian Fink, Leader, and Deborah Fink, Jr. Leader, ended their "First Delights" project by creating a Harvestable arrangement with place settings. The centerpiece? A plump pumpkin, surrounded by Indian corn and vari-colored gourds with a sprinkling of brown nuts. Fall colors of orange and yellow predominated. Winter corsages also were made. Sprayed yellow and orange pine cones with small bits of tree branches and red berries were wired onto evergreen sprigs. In starting their new project, "Let's Make a Simple Shift!", the Shooting Stars elected to use one pattern in different materials and trimmings. A matching kerchief or purse will be made. They are studying modeling techniques in hopes of modeling their results in the Dress Revue. Officers: Pres. - Yve Lane; V. - Pres. - Debby Cashman; Sec. - Sharon Miller; Treas. - Barbara Fink; Song-Rear. Ldr. - Elise Lynn.

News reports: Handy Helpfals, Donna Tomkin, Newsreporter "We held our first meeting, and elected these officers: Pres-Dora Mendelsohn; V. Pres. - Elyse Stewart; Sec. - Lisa Perangelo; Treas. - Linda Schetini; Song - Rec. Ldr. - Mindy Strominger. Mrs. Adele Mendelsohn, 30 Kenneth St is our Leader, Mrs. Roz. Tomkin, 71 Country Dr., and

SANTA'S HELPER - Miss Jennifer Stovall, 10, of 18 Bobwhite Lane, Hicksville, filling Christmas stockings at the Nassau County Red Cross headquarters in Mineola. Volunteers from all parts of Nassau filled stockings destined for Northport Veterans Administration Hospital, A. Holly Patterson Home and children in institutions throughout the county.

Mrs. Joyce Strominger, Jody La., our project leaders. We are starting our first project, "Making a Sewing Boy". We are looking forward to a lot of fun."

4-H Housekeepers, Birgit Stump

First meeting on Oct. 19, 1966, Mrs. Stephany Lesser, 47 Beaumont Dr. is our Leader, Mrs. Gertrude Melamerson, 149 Morton Blvd., our Co-Leader. The girls in the group are: Pres. - Mandy Lesser; First Vice-Pres. - Celeste Lopes; Second V. Pres. - Barbara Roach; Sec. - Janet Unger; Treas. - Sue Ann Melamerson; Hospitality - Beth Goodman; Sunshine Girl - Margaret Stump. The girls are working on their sewing boxes along with the enclosures. Mrs. Irmgard Stump, 59 Helen Ave. and Mrs. Melamerson are our project leaders."

We of the Council and the 4-H Extension Office would like to wish everyone a happy holiday season.

Oak Drive P-TA Gets Demonstration

An unusual type of program was to be presented for the Oak Drive School PTA by Alexander Mulligan on Wednesday evening in the all-purpose room of the Oak Drive Elementary School, Plainview.

What makes this presentation different is that the entire audience will be fully involved in The Creative Problem Process.

This past summer Mulligan was selected by Dr. Sidney J. Parnes, Director of the Creative Education Foundation to serve on the staff of the Creative Problem-Solving Institute of the University of the State of New York at Buffalo. From this unique experience Mulligan devised a program using Creative Thinking at all levels throughout the Public School Curriculum. The presentation on Dec. 21, showed how, Applied Imagination, Brainstorming, and Creative Thinking may actually generate a new type of environment for improved teaching-learning, for both the pupil and teacher in any situation.

The use of Creative Thinking is not limited to the Elementary level in schools, but application may be made in any area subject on the Junior and Senior High School levels.

Mulligan earned his Bachelor's and Master's Degrees at Northwestern University. He is currently a doctoral candidate in Education. He is a Speech Teacher in the Plainview Schools, and recently returned from his sabbatical leave for educational research.

Mrs. Werner, President of the Oak Drive PTA introduced Mulligan.

WISH I'D SAID THAT

Folks who make use of their spare time have none to spare. Fred W. Grown, The Bergen (N. J.) Citizen.

"The Bureau of Land Management wants to abolish a herd of wild horses in Wyoming. Could it be because these horses cannot vote."—Dick Tamke, Battle Lake (Minn.) Review.

"The misery of miseries is to seek a place in the social whirl out of relation to one's income."—James D. Coleburn, The Courier Record, Blackstone, Va.

"A harsh word can never be withdrawn. A kind word will rebound many times."—Frank Bridges, The Smithville (Tex.) Times.

Advisors Start School Studies

The Citizens Advisory Committee met Dec. 6 and began investigation on the Cantiague School housing problem and its relationship to the total Jericho school system. As charged by the Jericho Board of Education, the committee will study all data and submit a minimum of two recommendations to the Board. Mr. Nydick, Asst. Superintendent of Schools and Mr. Sikind, Principal of Cantiague School, are the administrative liaison. Two teachers from the Cantiague faculty are also serving on the committee.

Following the orientation pre-

sented by Dr. Carey, Theresa Della Vecchia of the Williams School PTA, and Charlotte Cash-ton and Maxine Zweibel both of West Birchwood, were voted as temporary Chairman, Vice-Chairman and Secretary in that order.

Five sub-committees were set up and immediately set to action; Statistics (enrollment and facilities), Cost and Finance, Public Information, Transportation and Safety, and Possible Solutions.

At the next meeting the preliminary reports of these sub-committees will be presented.

Urges Caution With Yule Trees

An appeal for caution during the festive holiday season was made today by the Oyster Bay Town Dept. of Building and Zoning citing the potential danger in mis-handling Christmas trees.

Edward J. Gaynor, Director of the Town's Building and Zoning Dept., urged homeowners to exert caution when setting up lights and decorating Christmas trees "because faulty wiring is the nucleus of many an unhappy holiday season."

Gaynor urged those stringing lights and wires to be certain there is an Underwriter's Laboratory approval to diminish any hazards. He also pointed out that Town regulations stipulated that flameproof trees must be used in

places of public assembly, multiple dwellings, nursing and old-age homes.

He added that flammable trees should be kept fresh with its base immersed in water and the ornaments should be non-combustible.

"The kid who butters up the teacher may end up with a cheaper grade spread."

Legion Youngsters Entertain Oldsters

Residents at Jones Institute in Hicksville were treated to Christmas entertainment on Sunday afternoon, Dec. 18, by youngsters of Charles Watner Post, American Legion.

Annually, in the best traditions of the American Legion, members of the Sons of the Legion Squadron and Junior Auxiliary Unit of the Post entertain at Jones Institute at Yuletide. Under the guidance of Harriet Mangels assisted by Doris Webster, Cynthia Hochbrueckner and Muriel Puskoris, 38 boys and girls put on a special Christmas show.

Musical numbers by various members of the troupe started the afternoon's entertainment which featured an accordion solo by Susan Evers. Dance routines by the Juniorettes included their

famous Alley Cat number, England Swings and a finale specialty by Susan Hochbrueckner. Master of ceremonies, Richard Leger, conducted the program with an amusing touch and skillfully aided in several skits. The major entertainment feature of the afternoon was the reenactment of Tom Thumb's Wedding by a large cast which included Michael Hodgkinson as the groom and Bette Lynn Hochbrueckner as the bride. Other members of the cast were John Scheider, Wanda Puskoris, Berbart and Robert Combe, Paula Schneider, Camille Perrera, Mary Cherry, Edward Leger Jr., Sean Quinn, Peggy Cherry, Patty Schneider, Thomas Mangels, Edward Quinn Jr., Joel Beniamino, William Mangels, Thomas Slattery, Richard Wagner, Doreen Puskoris, Charles Petry, Robert Mangels Jr., and Richard Leger.

Traditional Christmas songs by the Juniors Chorus brought much spirit and warmth to the seasonal presentation. Members of the choral group and dancers were Christine Baransky, Jane Hochbrueckner, Kathy Combe, Debra Kramaroff, Carolyn Webster, Susan Hochbrueckner, Mickey Spillane, Kathy Schneider, Joanne Perrera, Nancy Webster, Joanne Schneider, Natalie Puskoris, Vera Kramaroff.

Welfare Officer Raymond Gamble presented gifts on behalf of the Post to the residents after the show. Post Commander Joseph Slattery presented two US flags to the Institute for use at the LeRoy Wells Memorial Flagstaff given to Jones Institute last year. The hour and a half amusement effort by Hicksville's young Legion offspring was well received and appreciated by all.

SALUTE TO OLD HICKSVILLE program at the Public Library on Nov. 30, celebrating the 40th anniversary of the Library founded in December 1926, included this crowd which numbered over 250. The program was prepared by Richard Evers of the Junior High faculty and Gardner Gregory of the school district visual aid dept. It featured about 200 slides collected over a period of time, copied from old photographs loaned by residents. (Photo by P. Charbonnet).

January Blood Donor Sessions

Mrs. Theodore Crane of Woodbury, Chairman of the Nassau County Red Cross Blood Program, announced that there will be three open blood donor sessions at the Nassau County Chapter of the American Red Cross, 264 Old Country Road, Mineola, during January.

The sessions will be held on Jan. 3, from 2:30 P.M. to 7:30 P.M.; Jan. 12, from 2:30 P.M. to 7:30 P.M.; and on Jan. 26, from 2:30 P.M. to 7:30 P.M.

Besides the chapter house dates, an open session will be held at Long Beach Memorial Hospital, 455 East Bay Drive, Long Beach, on Jan. 16, from 3:00 P.M. to 7:30 P.M.

Appointments to donate blood at an open session may be made by telephoning the Red Cross at Pioneer 7-3500.

All Around Town

Paul C. Giannelli son of Mrs. William Giannelli of 133 Bay Ave., Hicksville, and the late Mr. Giannelli was among 33 seniors at Providence College named recently to "Who's Who Among Students in American Universities and Colleges" according to Rev. Joseph L. Lennon, O.P. dean.

John Devlin of 30 Oakwood Lane, Plainview, are among the 637 students from New York registered this fall at the University of Denver.

The Sisterhood of Midway Jewish Center, 330 South Oyster Bay Road, Syosset, will sponsor a "Spring Carnival of Fashion", Thursday, Feb. 9th at 8:30 p.m. at the center. There will be prizes and refreshments and everyone is welcome. Mrs. Phyllis Finger, WE 5 1077 is chairing this gala occasion and tickets may be obtained from her.

Oppose Studies Of Sound Tunnel

Councilman Ralph J. Marino has introduced a resolution before Oyster Bay Town Board opposing Governor Rockefeller's proposal authorizing the Tri-State Transportation Commission to conduct a study of a tunnel and bridge linking the Village of Bayville with Rye across Long Island Sound.

Marino pointed out that construction of a tunnel would have the same effect on the north shore as a bridge. He said construction of tunnel approaches and road patterns to the tunnel would "destroy the north shore."

"There's no difference between a bridge or a tunnel," Marino said, "in terms of its effect on our communities. Both require extensive land construction including massive road building to handle the traffic flow to and from the bridge and/or tunnel. This construction would change the suburban characteristics of the entire north shore and could be the forerunner of a zoning and planning breakdown in these communities."

He pointed out that the Long Island-New England Bridge Study Commission has already declared bridge construction between Rocky Point in Suffolk County and Old Saybrook in Connecticut, to be feasible in an intensive, in-depth engineering-marine-traffic study which included Long Island, Connecticut and The Sound. Further studies, Marino said, should be concentrated in this area where construction has already proven to be feasible.

"The Nassau-Suffolk Bi-County Planning Commission also has this matter under study and their recommendations with respect to the proposed Bayville to Rye connection should be made available to the people of the north shore communities before another study is authorized," Marino added.

3 Teams Remain In Undefeated Ranks

Our Lady of Mercy's CYO two Bantam and one Grammar Teams remained undefeated as they met and defeated St. Killian, St. Mary and St. Bernard's.

The Girls Bantam defeated a previously undefeated St. Killian 21-6. The girls were led in scoring by Rita Bossoog and Jo Ann Schiralli.

The Boys Bantam coasted to a decisive victory over St. Mary 52-28. Tom Caulfield Jr.'s team is a powerful aggregation and Tom had done a wonderful job in bringing this team together as a unit. As sixth graders last year, this team won only two games.

The Girls Grammar Team led by the offensive play of Patty Doepper (18 points) and the defensive play of Mary Lawrence swept past St. Bernard's 22-5. The girls proved again that they are a complete team as four of the starting girls were not available for the game. Lucille Cano, who together with Mary Lawrence have been our standout defensive players, and one of the main reasons for their undefeated season. Lucille broke her foot this week and probably will miss the rest of the season. The team is keeping their fingers crossed that she will return in time for the Championships.

The Boys Grammar Teams both went down to defeat this past week as the green lost to Holy Spirit 18-16 on a last second basket, and the Gold Team was defeated by Holy Redeemer.

The Girls Junior Team rolled past St. Francis de Chantal when Carolyn White hit for 19 points and led the girls to a 35-17 victory.

Unsold, Cut Trees Aid Timber Growth

What about all the millions of little trees that are cut for Christmas trees, is this a wise use of the forestry resource? Many people worry about them according to the State University College of Forestry at Syracuse University. But there is really no need to the foresters add. Actually, a great many of the trees in a young forest do not live to maturity. They are crowded out by more aggressive members of the plant community and, in a sense, are wasted by nature.

Many of our Christmas trees come from thinning reforested land, a recommended silvicultural practice important in promoting the health and growth of the remaining trees. "Thus," explains Prof. John H. Engelken, "using thinnings as Christmas trees is a wise use of the resource."

A considerable number of Christmas trees in New York come from plantations where they are grown for this particular purpose. Tree farmers produce high-quality trees, but have a heavy investment in pruning and spraying their trees against insect pests and diseases."

Christmas Tree Hazards, Treatment THE TREE

1. There is no simple way available to the ordinary citizen to "flameproof" Christmas trees and evergreen decorations.

2. There are several sprays available which will "fire retard" evergreens. In order to be effective, every part of every leaf, needle or branch must be fully coated. This is almost impossible to do unless the entire tree, wreath, or other evergreen decoration is dipped rather than sprayed.

3. "Fire retarding" sprays will provide varying degrees of protection all depending upon how well and how thorough the spraying was done. Do not be misled into a false sense of security, but act as if the evergreens were untreated.

4. If natural trees are used, try to buy a freshly cut tree. Live trees are even safer.

5. Most natural Christmas trees have been cut many months before Christmas and are usually well dried out by Christmas time. The branches are brittle and shed needles easily. Avoid dried out trees.

6. Stand cut trees outdoors in water or snow. Do not bring the tree in the house until the day before Christmas and get rid of it as soon after Christmas as possible.

Lincoln Savings Advances Six

Michael J. Burke, president of The Lincoln Savings Bank announced the following election, promotions and new appointments:

Edward J. Putre, elected to vice president-auditor, from his previous post of vice president.

Adolph H. Baricevac and George D. Blasch, promoted from assistant secretaries to assistant vice presidents; John H. Sohl, Jr., from assistant comptroller to assistant vice president.

Two new appointments were also made, moving up Henry L. Henn and Earl L. Nelson from chief clerks to assistant managers.

Operation VFW

William M. Gouse, Jr.
Post No. 3211
by Eddie Klabing

If a popularity poll was taken this time of year, among the youngsters, they would unanimously pick one individual—Santa Claus. At least that is the impression the members and parents got at our annual Christmas party for the youngsters last Sunday. Once again a swell time was planned by the committee for the youngsters who enjoyed meeting Santa. Congratulations to Jack Mulligan, Arnold Bashwiner and the rest of the committee for the wonderful job.

LEGISLATIVE GOAL NO. 5
"Standing Committee on Veterans Affairs in the United States Senate."

The Joint Committee on Organization of the Congress has recommended the creation of a Senate Veterans Affairs Committee. The Veterans of Foreign Wars of the United States wholeheartedly supports the principle that the Senate should have a standing committee for veterans similar to the Veterans Affairs on the House side. With the United States having the major responsibility to preserve peace all over the world, veterans and their families will continue to be a major group on the American scene and a committee in the Senate specifically designated to study and handle veterans legislation will be beneficial not only to veterans and their families but the nation as a whole.

NOT ALL SERVICEMEN will be home for the holiday season this year and for those who can't make it the USO has scheduled 17 shows for servicemen around the world. Leading off the parade of stars will be Bob Hope who will visit Vietnam for the third time. Twenty five years ago Bob played to troops at California's March Field and he's been doing them ever since.

THE POST WELCOMES Frank Lott, a new member, to the Post and hopes to see a lot of him... Bill Frohenhoefer won the raffle at the last meeting. There is a meeting this coming Monday. It promises to be short and rewarding.

In closing, the members of the William M. Gouse Jr. Post No. 3211 and the ladies of the auxiliary wishes all of you the best in "Season's Greetings."

Want Reconsideration Of Reactor Location

The Oyster Bay Town Board has scheduled to adopt a resolution on Tuesday, Dec. 20, calling on President Johnson and the Atomic Energy Commission to reconsider their decision to construct the 200 BEV Accelerator in Weston, Illinois.

Hofstra Wants 10,000 Books

"Wanted: 10,000 books by Hofstra University. Please contact Mrs. Wilbur Scott, 148 Kildare Road, Garden City, Pioneer 6-6470." This could be a classified advertisement placed by Mrs. Scott who is general chairman of an ambitious Book Fair to be held at Hofstra next April 27 to 29.

The Fair will be a benefit for the Raymond W. Short Memorial Lounge in Hofstra's new Library which will be open soon. The late Dr. Short of Garden City has served at Hofstra nearly 20 years as a professor, chairman of the English dept. and Dean of Faculty.

Councilman Ralph J. Marino, who introduced the resolution, expressed the hope that every Long Island municipality would follow suit by taking similar action.

"The Town of Oyster Bay and all of Long Island have been deprived of a great opportunity for essential economic growth by this decision. We must impress upon Washington officialdom the great consternation and dismay all Long Islanders feel at the Federal Administration's decision to locate a multi-million-dollar installation in an area that neither has the availability of scientific intellect nor existing pure research facilities," Marino stated.

Citing the Brookhaven National Laboratory and the 900 scientists and engineers employed there, Marino said, "This reservoir of manpower and existing plant research facilities could be integrated with the proposed atom-smasher at considerable savings to the nation's taxpayers."

"At the outset," he added, "it would appear that the Atomic Energy Commission's plans to

effect a forced re-location of many of our top scientists to this new site, completely ignores the fact that Long Islanders are already intellectually equipped to carry on the research that will be demanded by the construction of this Accelerator.

"The published reasons to date as to why Weston was picked over Long Island are unsatisfactory, and Congress should launch a full scale investigation into what appears to be an arbitrary decision by the Atomic Energy Commission."

Bishop Celebrates Midnight Mass

The Most Rev. Walter P. Kellenberg, D.D., Bishop of the Diocese of Rockville Center, joined by seven priests of the Diocese, will celebrate a solemn Mass at midnight on Christmas Eve in St. Agnes Cathedral, Rockville Center.

The celebration marks the second consecutive year that the Bishop and a group of his priests commemorated the birth of Christ in this way.

Concelebrating the Mass with the Bishop will be the Very Rev. Msgr. Francis J. Williams, administrator of the Cathedral parish; the Very Rev. Msgr. John R. McCann, secretary to Bishop Kellenberg; the Rev. William J. Tierney, JCD, diocesan vice chancellor; and the Rev. John J. Gorman, the Rev. Harold F. Langley, the Rev. Robert L. Brown and the Rev. William R. Geary, all of the St. Agnes Cathedral staff.

As in past years, two seminarians from Immaculate Conception Seminary, Huntington, will assist and be officers of the Mass. The Rev. Mr. Richard Lee will be deacon, and the Rev. Mr. Donald Bennett, sub-deacon.

The preacher will be the Very Rev. Msgr. Patrick A. Sheridan, superior of the New York Apostolate of the Catholic Church.

Supper Party For Anniversary

The Junior and Juniorettes of Court Queen of Angels will observe their 10th anniversary with a Supper Party on Dec. 28 at 7 PM in the St. Ignatius new cafeteria on Nicholas St., Hicksville. Present and former counsellors, juniors and juniorettes are being invited. Dorothy Retberg is Juniorette Chairman.

654 Students Make Honor Roll

At the end of the first marking period, 654 students at the Hicksville Junior High School succeeded in attaining the various honor rolls, according to Principal A. Albert Class. This number comprises 22% of the total number of students enrolled.

On the Principal's List (Average of 95% or over) were 12; Honor Roll (Average of 90% or over), 223; and Honorable Mention (Average of 85% or over) 419.

Grover Assails Reactor Location

The federal government's decision to build the world's largest nuclear reactor in Western Illinois, rather than adjoining Brookhaven National Laboratory at Upton, was raked this week by Rep. James R. Grover Jr. of Babylon. Mister Grover noted that the administration had waited until after elections before announcing its choice among the six sites being considered.

Grover said: "I have been quietly indicating my misgivings and suspicions that merit would not be the prime consideration. I had heard before the elections that the decision had already been made. I am disappointed that all the efforts of Long Island labor and Long Island officials should have gone for naught."

Hicksville's Beauty is Your Duty

MARK LENETSKY, third right, receives a medal and \$100 Savings bond from John Dobson of the Charles Wagner Post, American Legion, as winner of the Legion's annual oratorical contest on the topic of the US Constitution. From the left are Gerald Schlapp, social studies teacher and contest judge; Dobson, Lenetsky, Joseph Curcilla, speech and drama teacher; Richard Zahora, third prize winner; Sandy Rosenblatt, second prize winner, and Leon Galloway, administrative assistant to the Superintendent of Schools and contest judge. Another judge, not shown, was James Curran, social studies supervisor. (Photo by Charbonnet)

"Oratory is the art of making deep sounds from the chest seem like important messages from the brain."

Season's Greetings

Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

"Underneath the tinsel and toys, the glitter and gaiety, the feasting and festivity, the real essence of Christmas is sharing--sharing the story of the Holy Babe of Bethlehem who came to bring light to the world, and sharing of ourselves and what we have with others."

Ester Baldwin York

MERRY CHRISTMAS

The St. Ignatius Girls Cadet Corps

A very special Merry Christmas, from all of us, to a man who has contributed so much to our experiences. He has truly taken to heart the words "Feed the hungry" and doing this and many other wonderful things has made Christmas for us a year round joy. Mr. Zimmermann, a very Merry Christmas and please get well quick.
