Provide Benches For Senior Citizens

While the County of Nassau announces the start of a project for the installation of 12 to 20 benches in Hicksville at various bus stops, at a cost of \$40 each to the Chamber of Commerce, there are about ten or more fine benches at a bus stop in East Meadow which no one can use. They are behind a chain link fence (see picture) on property of the former Mitchell Air Force base at Front St and Merrick Ave.

The committee in charge of the John F. Kennedy Memorial in Hicksville has not been successful in its efforts to persuade the State, County or Town to put a couple of benches at the Memorial where Broadway, Jerusalem Ave and John St come together.

The first bench erected by the Nassau County Public Works dept workmen at the entrance to Cantiague County Park on John St., Hicksville. This and other locations were worked out in conference between Leland Badler, chamber President and the County Dept of Franchises headed by Edward Morris of Hicksville.

County Executive Eugene A. Nickerson hopes that eventually the project will be extended to all communities in Nassau. The County Office of Aging will try to interest local groups to buy the benches and install them at bus stops frequented by older residents of their respective areas.

Trying out the first bench at the entrance to the County Park on John St (below) are Chamber President Leland Badler, Mrs Sally Celentano, director of Hicksville Senior Citizens, County Executive Nickerson and Mrs Stanley J. Greene, director of the recently established Office for the Aging which is now under the County Dept of Public Welfare but is expected to become a separate unit of government once the county receives funds for its operation from the state under the Older American Act.

Meanwhile, the Chamber of Commerce has announced that more than \$5000 in dues has been paid during the first six months of its current fiscal year, said to be "the largest in its history."

Pre-Files Bill to Raise Education Aid to \$726

Assemblyman Martin Ginsberg of Plainview has prefiled a bill to increase the state aid ceiling for school districts from the current \$660 to \$726 per pupil. His bill has the support of the Nassau-Suffolk School Boards Assn and other education leaders.

Said Ginsberg, "The 10 per cent increase in state aid which my bill would mandate, will help Long Island school boards meet the operating costs of the schools, would ease the tax burden for homeowners and will help our children obtain the quality education they need."

Ginsberg noted that his bill has bipartisan support since Democratic legislative leaders have endorsed additional state aid for schools.

The Plainview legislator also announced that he has pre-filed a bill with State Senator Norman Lent of East Rockaway, to bar the sale of all narcotic-based cough syrups without prescription. Last year, he and Lent had a similar bill pass the State Sen-

ate but it was killed in committee in the Assembly.

According to Ginsberg, the present law requires prescriptions only from minors. A person over 21 can buy a supply of cough syrups and sell them to minors without worrying about prosecution.

"A vicious person such as this," said Ginsberg, "can sell cough syrups to impressionable youngsters, get them hooked on other narcotics and make a profit and never have to worry about being arrested."

Ginsberg noted that studies made by the Joint Legislative Committee on the Problems of Public Health and Medicine, have shown that the spreading narcotics menace centers in schools. "Once youngsters get hooked on cough syrups," Ginsberg said, "they fall easy prey to heroin and other death dealers. If persons over 21 are required to have prescriptions for cough medicines, it will close one of the avenues of no return for those under 21."

3 Teams Remain As Undeclared

Our Lady of Mercy C.Y.O. of Hicksville came to the Christmas break in the schedule with three undefeated teams.

The Girls Grammar with a record of 5-0 solidified their position with an imposing victory over St. William the Abbott 29-3.

The Boys Banham Green with a record of 4-0 stopped St. Mary's by the score of 52-28. Tom Caulfield was again able to give all the boys playing time and in so doing they gained valuable experience.

The Girls Bantams did not play this week and their record of 4-0 has them in undisputed possession of first place in their section.

The Banham Boys Gold lost to St. Ladislav 31-9 this past week. These boys are all sixth graders and even though they have lost by some imposing scores they are gaining valuable experience for next year when they will again compete in the same position.

The Boys Grammar Green met and were defeated by Holy Redeemer 51-34 in the Christmas tournament at Mar's Regim. The Boys were led by Jackie Denker who did a marvelous job off the backboards even though he was outsize by four inches.

Nastasi Found Guilty by Board

The Board of Fire Commissioners of the Jericho Fire District has reviewed the case of Vito Nastasi and has found him guilty of the charges preferred against him, it is reported.

Nastasi's suspension as Chief of the Dept. will terminate as of 12:01 Jan. 1, 1967, at which time he will be restored to full title and duties.

Fire Guts Home On Christmas Eve

On Christmas Eve, Jericho Fire Dept. responded to a house fire at 118 Birchwood Park Drive, Jericho. The fire started in a grease duct and extended thru the house, it was reported.

Acting Chief Richard Post and the men of the Jericho Fire Dept. are to be commended for a job well done. In spite of hazardous conditions, the men responded immediately to the scene and brought the fire under control with due dispatch.

Invite Police Cadet Applicants

Nassau County Police Commissioner Francis B. Looney today invited applicants for the Police Cadet Examination to pick up applications at Police Headquarters, or at Precinct Stationhouses. The Nassau County Civil Service Commission announced the examination will be held Feb. 4. The filing period is December 12 through Jan. 16.

"This is an excellent opportunity," Looney said, "for young men to begin a rewarding career in law enforcement."

Qualifications for police cadet are: 17 years of age and must not have reached their 19th birthday on the date of the written test; residence in Nassau County and or a contiguous County one year prior to the date of the test; full citizenship and final papers necessary to filing; completion of at least three and one-half years of high school at filing, with graduation from senior high school before appointment; must qualify in general intelligence and aptitude test; five feet eight inches in height; 20/30 vision without glasses; minimum weight 130 lbs.; proof of good character.

Acquire House for Village

County Executive Eugene H. Nickerson announces that he has approved acquisition of the Kirby house in Hempstead for inclusion in the Old Bethpage Village Restoration. The house is located at 374 Front St. in the Hempstead Urban Renewal area.

"The Kirby house is considered to be a fine example of a small village Greek revival home," Nickerson said. "Except for such later additions as asbestos shingles and a small kitchen wing in the rear, it is virtually untouched from its original state when constructed around 1839."

The house was owned by Richard Kirby, a Methodist minister, so Village Restoration experts believe that this historical connection will provide a good focus of interest since most villages of this era included a minister's residence.

Our Men In Armed Forces

Airman Second Class Walter T. Pender of Hicksville, is now on duty at a forward U.S. Air Force combat base in Southeast Asia.

Airman Pender, son of Mr. and Mrs. Joseph P. Pender of 4 Po Lane, Hicksville, is an aircraft instrument repairman.

John E. Marshall Jr., 21, was appointed to the rank of lieutenant in the Corps of Cadets, Dec. 4 at the U.S. Military Academy, West Point, N. Y. He will serve as a company administrative officer until April 2.

A member of the class of 1967, cadet Marshall entered the academy by congressional appointment. His parents, Mr. and Mrs. John E. Marshall, live at 43 Kuhl Ave., Hicksville.

Private William A. White, 22,

son of Mr. and Mrs. Harold C. White, 14 Bunting Lane, Levittown, completed an airframe repair course at the Army Transportation School, Ft. Eustis, Va., Dec. 13, 1966.

Private William H. Mendel, 21, son of Mr. and Mrs. Gabriel Mendel, 97 Springtime Lane, Levittown, completed eight weeks of advanced infantry training Dec. 16, at Ft. Lewis Wash.

PFC Dennis W. Whiteside, son of Mr. and Mrs. William W. Whiteside, arrived home on Dec. 9 from Darmstadt, Germany, for a 30-day leave. He will return to Germany for the remaining eight months of his two-year tour of duty.

Check Benefits

Rep. James R. Grover, Jr. of Babylon today urged residents of the Second Congressional District to check regularly on their Social Security benefits. Maintaining regular contact with the local Social Security office is particularly important for older persons, the Congressman said.

Rep. Grover said that many persons have not applied for benefits to which they are entitled because of unfamiliarity with provisions of the law. "No matter how much you earn in the years after reaching retirement age," Grover said, "you are entitled to your social security benefits for any month in which you did not earn more than \$125. You are entitled to a benefit check for the month in which you reach the age of 72 and for all months thereafter, no matter how much you earn."

RICHARD A. EMBLETON, 19, son of Mr. and Mrs. Richard Embleton of 11 Burns Ave., Hicksville, has been promoted to E-2 rate after completing training in combat infantry at Fort Jackson, S.C. and Ft. Gordon, Ga. A graduate of Hicksville High in 1965, he is presently stationed at Fort Wadsworth, Staten Island, where he is receiving specialized training in processing and distribution of military stores, materials and clothing.

Operation VFW

William M. Govea, Jr.
Post No. 3211
by Eddie Klebino

NOMINATIONS AND ELECTIONS for the Hicksville Veterans Association's Board of Directors were held at the last meeting. Elected members were Frank Blesi; William Prohenhoefer; Arthur Fuelling; William Keller; Edward Klebing; Louis Klien; Michael Masons; Jack Mulligan; Robert Obermeyer; George Walden; Al Wangenheim and Michael Zsack. Elections of officers will take place at the first meeting in January.

THE VETERANS ADMINISTRATION made available a comparison, mostly in round numbers, the status of the agency in December 1941 and December 1966. We are advised that the number of living veterans in the United States has increased nearly six-fold during the twenty five years since the Japanese attacked Pearl Harbor December 7, 1941.

There were 2.5 million men on the VA Roll 25 years ago and 1.9 of these are still living and now there are about 25.6 million veterans.

VFW LEGISLATIVE GOAL NO. 6 - Cemeteries: The National Cemetery system must be continued. The V.F.W. vigorously opposes the non-expansionist policy of the executive branch, which is causing national cemeteries to be closed and serving to deny Vietnamese veterans who were killed in action. To help solve the problem, the V.F.W. recommends that Congress change its rules so that the House Committee on Veterans Affairs will have jurisdiction over this program and that every effort be made to satisfactorily resolve the cemetery problem which is now a crisis in several

Dear Lynda

Real nice of Hempstead Presiding Supervisor RALPH CASO to wish us all Season's Greetings but does he have to come over to Levittown Hall Pool in Hicksville? Suppose MIKE PETTO put such a sign up in front of Hempstead Town Hall? ... Met JIMMY MORGAN and his wife, owners of Lillian's Little Inn on Levittown Parkway.....Greetings to BERTHA SALERNO and EMILY GOODMAN who are both celebrating their birthdays this weekendThe Mid Island Plaza Merchants Assn. will hold its 11th annual general dinner meeting at Gertz' new restaurant on Tuesday evening, Jan 10, according to LEN KAPLAN, chairman. Installation of officers for 1967 will take place that evening....Mrs. LORRAINE DALEY of Garden City has been elected as County Democratic Committee secretary. She replaces EDWARD J. MORRIS of Hicksville, leader of the 7th AD....Received postal season's greetings from HAROLD STERNBERGER and family, mailed in Clearwater Beach, Fla....GRAIG MCINTOSH and family, mailed in the Hicksville Kiwanis Club....The Kiwanians are glad to hear that ED GIANNELLI is home from the hospital, doing better....Happy birthday to SP/4 ARTHUR F. NOETH, now near Saigon, who celebrated his day this week....The Jericho School of Horsemanship will stage a press preview of its new indoor-outdoor riding facility on Route 107, adjacent to Meadowbrook Country Club, at 3 PM Thursday, Jan. 5....Members of Hicksville Board of Education received their annual "season's greetings" in the form of a proposed district budget just before Christmas. Now the long sessions begin....

JOHN CAEMMERER who is the new state senator for most of Hicksville was elected during the week as chairman of the North Hempstead Republican Committee. His wife presented him with a baby girl, Christine, their fifth child, during the same week. . .

Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

This is one last column for the year of 1966, and like everyone else at this time we are making our New Year's Resolutions. Some of them are as follows:

Peggy Halcott resolves to play not only the right notes, but to play them at the right time.

Our Sergeant drummer, Nancy Smith, resolves to break fewer drum heads and our tenor drummer, Kathy Kraji, resolves to have mercy on her tenor sticks.

Kathy O'Brien resolves to leave that master music sheet on the master's music stand.

Our Drum Major, Maria Costa

resolves to keep up with her dancing lessons.

Our Head Quarter Master and our bus drivers resolve to keep the gas tanks full.

We all resolve to refrain from making "impatient expressions" when we're told to hit the line for the fourth time in three minutes.

We resolve to be on time for every practice, well at least before the instructor.

We resolve to strengthen and increase our love and loyalty so that we may give the people of Hicksville a bigger and better Corps than ever before.

states and will soon be a national crisis.

WORLD WAR II VETERANS are finding that time is growing short to use their eligibility for guaranteed loans for homes, farms or businesses. The V.A. warns those qualified that the deadline for application for a V.A. guaranteed loan is July 25, 1967. The July 25, 1967 deadline does not apply to veterans of the Korean conflict or veterans who have been included in the new legislation who have served since January 31, 1955. The expiration date for Korean veterans is 1975, and for veterans of the Vietnam era, 10 years plus an extension for time served from the date of their discharge.

HAPPY NEW YEAR

All Around Town

Robert A. Muller, son of Mr. and Mrs. Robert W. Muller, 28 Petal Lane, Hicksville, has been accepted as a member of the freshman class next September at Clarkson College of Technology. He will be a June graduate of Hicksville Senior High School. At Clarkson Muller plans to major in engineering.

Electronic Voting is Due In State Senate at Albany

State Senator John D. Caemerer, recently re-elected to his second term, after witnessing the installation of a new electronic voting system in the State Senate in Albany, said "I think that this project is a great step forward in streamlining the legislative process."

"Adams. . . . Anderson. . . . Brydges. . . . Greenberg. . . . Zaretski. Ayes, 57; nays, 0." This traditional chant of the short roll call in the State Senate is exceptionally fast. But when some Senators raise their hands to vote in the negative, the vote is not as quick. And when the long roll call is taken, there is often considerable delay as each of the 57 names are called, and sometimes a call is not totally accurate.

Leader Earl W. Brydges authorized the installation of an electronic roll call system which had long been urged by the press and civic groups.

The new system is now being installed, and should be fully operative in time for the opening of the session on Jan. 4. The electronic system has been designed to conform to the traditional customs and rules of the Senate, rather than have the customs and rules adapt to the electronic system. The mechanism is virtually identical with that used by the UN. One of the advantages of the system is that it will print out automatically accurate copies of the roll call both for the Senate Journal and the press.

The key to the system is the key to each Senator's desk. When a senator comes into the Senate Chamber in the morning, he will open his desk with his own key and push a button inside the desk which will turn on the mechanism. On the top of the desk will be three push buttons which will record ayes, nays, or present.

Urge Residents To Park Off Road

Residents should park trucks and automobiles off public roads when snow storms are forecast to expedite snow removal operations, Norman T. Wolf, Oyster Bay Town Highway Superintendent urged today.

"The need is more pressing when a heavy snow alert is issued" he added. "Parking off public roads saves both time and money -- your money raised by taxes."

He explained that plows must return two or more times to a roadway where cars have been parked, to finish the job. Wolf also reminded residents that they can call 921-6030-1-2 for prompt action in case of emergencies.

Ward System on Ballot

The Town Board acted Tuesday to place the ward system before the voters on Nov. 7, 1967, the next biennial Town election, after finding the Democratic Party - sponsored petition to be invalid. An examination revealed it to contain 1,433 defective signatures.

The action by the Town Board insures that the people of the Town will have the opportunity to decide whether they want a ward system of government identical with what is in operation in New York City.

"The majority members of the Town Board feel that this is solely a local matter and should be decided in a Town election rather than in a special election," Majority Leader Edward J. Poulos explained. "This will give the people of the Town full opportunity to acquaint themselves with what is being proposed, how it will affect local government, and will eliminate an expenditure of thousands of dollars required to hold a special election."

Poulos noted that Section 80 of the Town Law makes provision for "the election of Town officers and for the consideration of such questions as may be proposed by the Town Board or duly qualified electors at a biennial Town election."

"This is strictly a Democratic Party proposal and we are confident that the voters of the Town will defeat this plan to elect councilman by wards once they are aware that it will effectively destroy their local governmental representation on the Town Board."

"This is a bad system," Poulos said, "which, if adopted, guarantees that the people will lose their voice at Town Hall."

In rejecting the Democratic Party's petition, which was originally designed to hold a vote on the ward system amid the confusion of the last gubernatorial election at which there were eleven propositions on the ballot, Poulos pointed out that the Democrats had claimed that the petition contained 8,268 signatures, but actual count revealed they filed only 6,120 signatures. Of this number, 1,433 signatures were found to be defective for a number of reasons, including illegible signatures, petition alterations and erasures, signers not registered to vote, petitions signed with initials only, among others.

Editorial Opinon:

Walking and Sudden Death

Every year several hundred thousand men, women and children are injured on our highways. Traffic accidents are responsible for 2,500 deaths annually. All this costs the people of New York approximately \$1,000,000,000 each year. These were the sad facts pointed up by Governor Rockefeller recently in a talk before the State Traffic Safety Council. Equally alarming is that approximately one-third of these fatalities are pedestrians. If our astronauts can walk safely in space thousands of miles above earth surely we should be able to cross a street safely without running - literally running - for our lives.

It's time someone said a good word for the poor pedestrian. Let's give him a break so that he can walk home safely. Too many families today have been shocked asunder by sudden death on our roads. This is especially true during Holiday seasons. Too much cheer sometimes means too much death. This newspaper cautions drivers to be careful during the Christmas and New Year celebrations. And pedestrians, forewarned should be forearmed. Face traffic when walking on roads or highways. At night or dusk wear white, a white scarf or hat or carry a flashlight to warn approaching cars. 800 pedestrian deaths per year is just too much. This Holiday season let's take a walk on the bright side instead of challenging eternity.

YOU and your government

COUNTY EXECUTIVE Eugene Nickerson, center, was guest speaker at an assembly program at Old Country Rd School, Hicksville on Dec 13. His topic was "So You Want to Be a Politician". Arrangements for the program were made by Audrey Armitage, PTA Activities Chairman. Nickerson was introduced by Murray Duncan, school principal, to the 4th, 5th and 6th graders who participated in a question and answer period following the address. From the left are Michael Rickert, Thomas Murphy, Robert Goldmacher, Susan Haft, Nickerson, Mrs. Armitage, Donald P. Abt, Superintendent of Schools; Paul Mazurek, Rita Burt and Pax Miller. (Photo by Gardner E. Gregory)

cludes municipalities from enacting more prohibitive standards of ethical conduct to meet special situations.

Recommends Licensing

State Attorney General Louis J. Lebowitz said this week he will recommend to the 1967 Legislature (convening Jan. 4) a bill requiring that home improvement contractors be licensed before doing business in New York State. He charges that frauds in this field top the "gyp parade" and noted that the home improvement industry itself is concerned over the growing number of fly-by-night contractors.

Alumni Club Will Meet in Roslyn

The Long Island Alumni Club of Alpha Phi Delta Fraternity will hold its first regular meeting of the year on Jan. 6, at the Roslyn Cafe, Roslyn.

The club has instituted a very ambitious social program for the year, one which promises to surpass the very successful one held in 1966. On Jan. 29th, the annual Cocktail Party will take place. A dinner meeting is scheduled for March 3rd, at which time Dr. Paul K. T. Sih, Director of the Center of Asian studies at St. John's University, will be a guest speaker; and in the month of May, the Annual Dinner Dance will take place. Joseph Catapano and Anthony Sarno, Chairmen of the Entertainment Committee, and the Speakers Committee, respectively, have done a fine job with their respective charges.

Spruce, pine, hemlock, yew, and arborvitae trimmed from foundation plants around the house make excellent Christmas greens.

Reader Opinon:

To The Editor:
Now that the election is over and things are returning to normal, I want to take this opportunity to express my appreciation to you for the interest shown by the Mid-Island Herald in the recent 5th District State Senatorial race. I also want to thank you very much for the fair and courteous treatment which my efforts received in your newspapers.
May I take this opportunity to wish you and yours a very Merry Christmas and a Happy New Year.
S/JOHN A. OCCHIOGROSSO
New Hyde Park, N.Y.

The hanging up of the mistletoe and the burning of the Yule log are two of the most ancient customs which come from our pagan ancestors.

The average Christmas tree can absorb a quart or more of water a day. Therefore, it should stand in water at all times after being cut.

Tests Submersible Vehicle

Theodore Felber of Hicksville, was a member of the engineering team which has just concluded a "live" test of the ventilation and waste-disposal systems for a new submersible vehicle being developed and built by the Grumman Aircraft Engineering Corporation and Swiss oceanographer, Dr. Jacques Piccard.

Felber, who has been with Grumman for almost four years, was part of the 'round the clock monitoring crew which maintained continuous observation of two test subjects who spent five days in a pressure chamber at the

Grumman facility here. During the tests, running records of carbon dioxide levels, oxygen consumption, humidity and other life-support factors were kept.

The equipment being tested will eventually be installed on the PX-15, a submarine which is presently being constructed in Switzerland. The tentative first mission of the vehicle is a 1500-mile, submerged drift in the Gulf Stream from Miami to Nova Scotia, sometime early in 1968.

Felber lives with his wife, the former Judith Griffen, at 341 Richard Ave., Hicksville.

CIT President Sees 1967 As Good for LI Business

Economic conditions will continue to be good for Long Island business and industry, as well as the rest of the nation, L. Walter Lundell, president of the widely diversified CIT Financial Corp., predicted today in a year-end statement. Lundell tempered his forecast with the observation that some sectors of the economy will undergo "a period of adjustment" during the year ahead.

Lundell, who lives in Manhasset, heads a company with

Long Island business ties, including ownership of Meadow Brook National Bank.

The CIT executive said there are strong indications that money rates are at or close to their highest point in the current cycle. "However, it is well understood," he noted, "that the trend of next year's interest rates will be influenced by many cross-currents that are at present undeterminable. These include possible increases in federal income taxes, the international balance-of-payments problem, the course of government domestic spending and the Viet-

PUBLIC WORKS COMMISSIONER Herbert J. Simins of Jericho helps line up a cement block for a new wall as renovation of the interior of County Road Maintenance Garage on Cantiague Rd., Hicksville, gets underway. The \$188,927 project will provide office space for the County Road Maintenance Division now located in the County Executive Building and one other Mineola-based County agency to be determined later. The moves will free space in Mineola needed for other County units.

nam situation. The most likely expectation seems to be that the present monetary stringency may be somewhat eased during the year."

An estimated \$75 million will be spent on Christmas trees in the U. S. during December.

LEGAL NOTICE

NOTICE OF PUBLIC HEARING NOTICE IS HEREBY GIVEN that pursuant to the provisions of Section 184 of the Town Law of the State of New York, a public hearing will be held by the Town Board of the Town of Hempstead on Tuesday, January 10, 1967, at 10:30 o'clock in the forenoon of that day at the Town Hall, Hempstead, New York, for the purpose of considering a proposed contract for fire protection in the South Westbury Fire Protection District with the Westbury Fire District for a period of five (5) years beginning on the 1st day of January, 1967, and ending on the 31st day of December, 1971, at an annual compensation of Six Hundred Fifty (\$650.00) Dollars.

ALL PERSONS INTERESTED in the subject matter will be given an opportunity to be heard with reference thereto at the time and place above designated. Dated, Hempstead, New York, DECEMBER 13, 1966

LEGAL NOTICE

NOTICE TO TAXPAYERS

RE: 1967 TOWN TAXES

The undersigned Receiver of Taxes for the Town of Oyster Bay, County of Nassau, State of New York, hereby gives notice that he has received the Town Tax Rolls and Warrant attached thereto and will be in attendance to receive taxes at the

TOWN HALL,
OYSTER BAY, N.Y.

ON Tuesday, January 3rd, 1967, and every day thereafter, Saturdays, Sundays and Holidays excepted, from 9 A.M. to 4:45 P.M.

PENALTIES:

The following scale of penalties is prescribed by the law for neglect to pay the Town Taxes after they have become due and payable.

- (1) First half due and payable January 1st, 1967. If paid on or before February 10th no penalty. If paid after February 10th penalty will be added at the rate of one per centum per month following date of payment.
- (2) Second half due and payable July 1st, 1967, if paid after August

LEGAL NOTICE

10th penalty will be added at the rate of one per centum per month following date of payment or time of sale as provided by law. Unpaid Town taxes will be returned to the County Treasurer, Mineola, New York on August 31st, 1967.

DISCOUNTS

Discount allowed on second half tax if full year's tax is paid on or before February 10th at the rate of one per centum of second half. No discount allowed on payment made after February 10th.

Taxes are payable by cash, certified check or money order. Uncertified checks will be subject to collection only.

When sending for bills, please state the Section, Block and Lot Numbers in accordance with the Nassau County Land and Tax Map, and also give the School District location.

Hofstra Launches Annual Giving Drive

Hofstra University this week launched its first "annual giving" drive and hopes to meet a goal of \$425,000 by May 30. According to Coordinator of Development Luis E. Bejarano, appeals will be made to alumni, parents of students, business organizations and other individuals to "help Hofstra continue to improve its academic programs and service to the community."

"For many years Hofstra en-

joyed a reputation of being self-supporting," Bejarano said. "This no longer is true. This year, for example, the debt service alone on our bond issues for new construction amounts to \$650,000. The operation and purchase of books for our Library require \$800,000 annually and, as we move into our new Library and as we expand our graduate degree programs, this figure must increase." He added that,

the University plans to increase its current scholarship budget of \$625,000.

Harold Konner of Great Neck, has accepted the general chairmanship of the drive. Mr. Konner is president of Konner's Chevrolet Corporation and of the Edgewater National Bank, as well as of a number of other corporations. He also is chairman of the Worth Fund.

Under another division, individual donors of \$1,000 or more will be invited to become "Hofstra Associates," adding \$100,000 to the total fund.

The Hofstra Alumni Association's annual fund drive for \$75,000 from 3,000 alumni is headed by Douglas R. Carroll of Garden City, a 1951 graduate. Jack J. Fischer, of Roslyn Estates, is chairman of the Parents' division. The division is seeking \$25,000.

A "Century Club" of donors of \$100 to \$999 will attempt to raise another \$25,000 under the

chairmanship of State Assemblyman Joseph M. Margiotta, 924 Hempstead Boulevard, Uniondale. Margiotta, an attorney, is a 1950 Hofstra graduate.

The remaining \$100,000 of the total \$425,000 goal will be solicited from members of Hofstra's faculty and staff and from other friends of the University.

Snow Man Contests Start Saturday

Public Works Commissioner Herbert J. Simins announces that Snow Man Contests will be held at Salisbury Park, East Meadow on the first Saturday in January with snow.

The contest is open to boys and girls ages 6 to 14. Contestants will be divided into three age groups: ages 6 to 8; 9 to 11 and 12 to 14. Prizes will be awarded to creators of the largest figures and the most original displays by both individuals and groups.

The contests will begin, weather permitting, at 10 A.M. and applications must be filed prior to 10 A.M. on the day of the contest. Applications are now available at Salisbury Parks.

Report Drug Abuse To Pioneer 6-1111

Nassau Police Commissioner Francis B. Looney today reminded the public that the department has a special information phone — Pioneer 6-1111.

He asked particularly that the number be used by anyone with information related to drug abuse or the illegal use of narcotics.

Designed to provide the public with an easily remembered number, the special "hot-line" telephone is intended to bring crime information to police.

Schick Science announces-

New Schick Band Razor

Schick patent #2492292
Schick patent #2591702
Other patents pending...

10 new edges, not just 6. Ten new Schick Super Stainless Steel Edges on a continuous band.

Patented slotted band. Band holds taut between two spools. Gives you the control and the comfort you want.

For a new shaving edge, just wind the lever on the cartridge. It's easy. Guide numbers are on the side.

Lasts longer too. After extra weeks of shaving, snap in a new 10-edge cartridge - you never touch a blade.

Schick Science brings you the new cartridge-loaded Schick Band Razor. Inside the cartridge, not just six, but ten Schick Super Stainless Steel Edges coiled into one continuous shaving band.

It's completely different. Better. In every way. You get a faster, smoother, closer shave.

The patented Schick band is slotted. It feeds between two spools, holds each new edge taut to give you the control and the comfort you want. You'll like the convenience. You'll like the way each edge has the famous Super Krona coating to shave you closer - with greater comfort.
