Completes Course As WAVE Recruit

Kathleen Ann Brennan, daughter of Mr. and Mrs. Gerard Brennan of 64 Cliff Dr., Hicksville, completed ten weeks of basic training at the Recruit Training Command (Women), US Naval Training Center, Bainbridge, Md., and was graduated during a military review held Dec. 30. The local WAVE, a graduate of Hicksville High School, is spending a 14-day leave with her family before reporting back to Bainbridge for Yeoman School. She has enlisted for three years and was employed by Shell Oil Co. in New York before enlisting on Oct. 21.

Library Offers New Sources

The Hicksville Public Library has added several new services of interest. A Career Information Kit, a gift in memory of the late Jerome Karish, contains data on more than 1,000 careers. The information includes job descriptions, basic educational requirements, prospective salaries and employment opportunities. It can be of assistance to those planning to work in either professional, skilled or semi-skilled occupations. The library has added a microfilm reader printer. This will enable the individual to make a permanent copy of a page or newspaper article from microfilm. At present the library has on microfilm the "New York Times" from 1851-1855; 1914-1919; 1939 to date and the "Mid-Island Herald" from 1956 to date. The price for this service will be 10¢ a copy.

Seek Volunteers As Big Brothers

"Big Brothers of Long Island will make a concentrated effort to recruit many new volunteer Big Brothers during Big Brother Week, Jan. 8 through 15," the Rev. Robert Emmet Fagan, director of the Big Brother program for Catholic Charities, announces.

"Right now, we have a number of boys eagerly waiting for their Big Brothers. Only through the recruitment of more volunteers can each of these young boys have the Big Brother he needs and wants."

The 1967 Big Brother Week will be observed in every Big Brother community in the United States and Canada to stimulate the recruitment of Big Brother volunteers.

The Diocese of Rockville Centre's Big Brother program invites and urges non-Catholic men to participate in its activities. Men wishing to volunteer as Big Brothers should contact "Big Brothers" at 543-6200.

Induct Society Officers Jan 9

Newly elected officers of the Holy Name Society of Holy Family Church in Hicksville will be inducted on Monday, Jan. 9. Father Richard Donovan, moderator, will introduce the 1967 officers.

They are Thomas Nagle, president; George Alken, 1st vice president; Jack Taylor, 2nd vice president; Joseph Curtin, treasurer; Hank West, corresponding secretary; William P. Bennett, recording secretary; Edward McDonald and John Reville, marshals.

Father Woods of St. Ignatius Retreat House in Manhasset will be present as a speaker, discussing the Feb. 24 Retreat at St. Ignatius.

Postmaster Warns Of Mailbox Rules

Mailboxes are protected by Federal law, and pranksters or vandals who damage or destroy the boxes and their contents may be in for a heavy fine or imprisonment, Hicksville Postmaster Ralph G. Cascardo warned this week.

The Postmaster noted that some 25,000 mail receptacles were damaged or destroyed in the past year. It was also noted that 2,641 persons were arrested in the year up to June 30 for damaging or destroying mail receptacles.

Postmaster Cascardo quoted from the law: "Whoever willfully or maliciously injures, tears down or destroys any letterbox or other receptacle intended or used for the receipt or delivery of mail on any mail route, or breaks open the same or willfully or maliciously injures, defaces or destroys any mail deposited therein, shall be fined not more than \$1,000 or imprisoned not more than three years."

This applies to all mail receptacles and the mail in them, even though the boxes are bought by citizens and are their personal property, Postmaster Cascardo emphasized.

"Pranksters-- and especially children who do not know any better-- should be made to realize the seriousness of their actions," the Postmaster said. "A \$1,000 fine or a term in jail is enough to take the humor out of any prank."

Often the mailbox damage is the work of youths, who do it for "kicks." And the courts have shown little sympathy for this youthful means of expression.

ALL AROUND TOWN

Gerard Smyth, son of Mr. and Mrs. Eugene J. Smyth of 15 Primrose Ave., Hicksville, is one of 24 Fairfield University students recently named to "Who's Who Among Students in American Universities and Colleges." A candidate for an AB degree with a major in history, he is a graduate of Champlain High School. He is class president, a member of the University president's academy, Cardinal Key Society, University Knights of Columbus Council.

Projections for '67

The start of a new year calls for some consideration of events likely to take place during the 12 months ahead. The following is roughly outlined:

JANUARY: State Legislature convenes with concentration on speed to finish before the Constitutional Convention moves into the chambers in April. Thousands of pre-filed bills with little hope of passage but worthy of constituent attention. Less than 10 percent of the 11,000 bills submitted last year reached the Governor's desk.

FEBRUARY: School Boards get down to business on their budgets for the 1967-68 fiscal year but with 80 percent mandated by current or past board action on salary schedules, all budgets are bound to increase. . . Lot's of talk about the need for more state aid to education. . . Hints and more about possible school board candidates. . . Bid taking on widening of Newbridge Rd from Old Country Rd north to Broadway likely this month. . .

MARCH: School board candidacy warms up. . . Conjecture as to whom will run for re-election. . .

APRIL: State Constitutional Convention convenes in Albany with the Democrats apparently in majority control. Cost of revising the Constitution has multiplied seven-fold in past 29 years. In 1938 the total cost for delegates' salaries and expenses was \$428,043.40. This year the cost is estimated at \$3,348,000 for 186 delegate members, travel and living. Total cost for the session is projected at \$14 million. . .

MAY: Annual school budget and trustee voting. A substantial number of

budgets will be rejected but eventually passed. . .

Hicksville will celebrate the 319th anniversary of its founding, the Robert Williams land purchase of 1648 on May 20. . .

JUNE: Budgets defeated in May will be re-voted upon. . . Town and county political activity will get underway. . .

JULY: Plans for the annual Hicksville Fire Dept Invitational Labor Day Tournament will be well advanced. . . It will be hot, blustery during the second week of the month. . .

AUGUST: Candidates on the town and county level will be hard at work. . . Eugene Nickerson will still be playing it close to the vest, but will probably run in the end. . .

SEPTEMBER: The Hicksville Fire Dept Invitational Parade and Drill will take place on Labor Day with its usual good turnout. . . There may be a bond issue proposal for additional school facilities. . . Charges will be flying back and forth between various town candidates. . .

OCTOBER: More election activity as the pace steps up. . . Nickerson will have to declare himself and there will be charges and counter charges. . .

NOVEMBER: Nickerson, if he runs, will be re-elected. If not, the Republicans will regain the position of county executive. . . Councilman Marino will not defeat Michael Petito for town supervisor unless, in the meantime, Petito decides to run and lose. . .

DECEMBER: Season's greetings. Then we begin to plot the pattern for 1968. . .

Back Petito For 3rd Term

Supervisor of Town of Oyster Bay, Michael Petito, was unanimously supported for another two-year term on Dec. 28 by committeemen of North Syosset-Woodbury Democratic Organization in a meeting held at Four Seasons Country Club, Woodbury.

The resolution was co-authored by North Syosset-Woodbury Democratic leader, Bert Jablon, of Syosset, and committeewoman, Mrs. Mary Pardoe, of 211 Berry Hill Road, Syosset, and seconded by committeeman, William Merritt, of 9 Sherman

Drive, Syosset. . .

The Syosset-Woodbury Organization is said to be the first such Democratic group in Town of Oyster Bay to officially go on the record to redesignate the twice-elected Supervisor from Plainview.

Health Frontiers Meeting Jan. 10

The Long Island Chapter of Health Frontiers Foundation for Hypoglycemia (low blood sugar) will meet on Tuesday, January 10, 1967, at 999 Old Country Rd., Plainview, New York. At

this meeting the audience will be most fortunate in having the opportunity to hear a staff member from the Wilson Research Foundation who will present a very informative, prize-winning film and lecture on "A Changing View of the Change of Life." Their message will prove that women no longer need to fear the menopause, and that many women are deficient in estrogens long before the menopausal age. This program is of vital importance because women who are estrogen-deficient may suffer many physical and emotional distresses, among which are headaches, fatigue, gastrointestinal disturbances, mental depression, and crying spells. State Sets Law For Motorcycles

New York State standards for motorcycle helmets and eye-protection devices, the first such standards set by a governmental agency in this country, have been announced by the Department of Motor Vehicles at Albany.

These safety devices must be used by all motorcyclists in New York State after Jan. 1. All motorcycle operators and passengers must wear approved helmets and all operators must use either approved safety glasses, goggles, face shields, or wind-screens to protect their eyes.

The laws requiring use of approved safety devices for head and eye protection were passed by the 1966 Legislature to help reduce the number of motorcycle deaths and injuries. About 75 percent of all motorcycle deaths were attributed to head injuries. Last year, 72 motorcyclists were killed, and 5,322 were injured in motorcycle accidents in New York State.

Reader Opinion:

To the Editor:

May I extend Season's Greetings from Plainview Little League, and myself.

Plainview Little League, wishes to thank you for all the previous considerations in regards to our public notices. May we call upon you again, with the following notice: Plainview Little League will conduct their annual registration on Saturday, January 14, 1967, from 10 a.m. to 2 p.m., and on Sunday, January 15, 1967, from 1 p.m. to 4 p.m., at the Fire House on Old Country Road. Boys from 8 to 15 must file application with their parents in person and bring proof of age.

Yours very truly,

January 7, 1927—Transatlantic telephone service started between New York and London, England. Thirty-one commercial calls were made the first day. The charge was \$75 for a three-minute conversation.

January 13, 1864—Stephen Foster, found ill in his hotel room three days earlier, died in Bellevue Hospital, New York. (In his pocket the hospital authorities found his worldly goods—thirty-five cents and a little slip of paper on which the composer had written "Dear friends and gentle hearts.")

January 19, 1809—Edgar Allan Poe, American writer of poems and stories, was born in Boston.

Dear Lynda

A reunion of those who served in the Boy Scouts a score or more years ago is being planned in connection with the County Council Jamboree at Roosevelt Raceway in February. More on this as details unfold...This area was well-represented by a delegation of Republicans when the State Legislature gathered at Albany on Wednesday of this week. Gov. ROCKEFELLER in his message mentioned, among other things, a cut back in Federal assistance on road projects. This could mean a further delay on such jobs as the widening of Broadway. Meanwhile the stores get boarded up and the west side of the street looks more and more abandoned....The Wantagh School Board, in an effort to build public attendance at its meetings, will try an experiment next Monday night. Twenty minutes before the business session starts, a Mozart quartet of faculty members will give a brief musical concert. Attendance at Hicksville Board sessions has been generally light in recent months but may pickup as the trustees tackle the proposed budget. A substantial increase in the gross budget appears in progress due to recent action on higher pay scales....You probably remember CLIFF PLACE of Hicksville who moved to Florida when he retired. We have just received copies of two newspapers from him on the west coast. He footnotes: "Since moving to California, look what happened. Calif went Republican and incorporation for Lancaster was defeated." He was apparently active in the first precinct which turned down incorporation of the

Lancaster portion of Los Angeles County as a city, 84 yes and 203 no. He was rather vigorous about the proposed incorporation of Hicksville some dozen years ago....

Hempstead Town Presiding Supervisor CASO who wants to be the next Republican County Executive recently came out in favor of changing Jones Institute from an old folks home into a cure-house for alcoholics has now come out against a drug addict treatment centre in Freeport because "it is in a populated area". What is Hicksville, vacant land?...The Long Island Assn. will have the formal opening of its new headquarters offices at 131 Jericho Tpke., Jericho, between 9:30 AM and 6 PM this Friday, Jan. 6, including dedication of the MEADE DOBSON Memorial office at 4:30 PM. Some of recall when Meade Dobson was the entire LI Association (formerly LI Chamber of Commerce) with an office in Penn Station, right off the main waiting room....The Hicksville Exempt Firemen's Assn. held funeral services, Friday night, at Henry J. Stock Funeral Home for JOHN GOETTLEMANN who was probably the father of the complex Hicksville fire alarm system. It is probably the most detailed on Long Island....When the Hicksville Junior High was broken into over a weekend last mid-month, two windows were smashed and about \$5 in change was taken....TERRY GIANNOTTI of 22 Ailing St., Hicksville, is having a birthday on Jan. 12. Her friends at Mid Island Plaza would like to wish her a happy birthday....

Sanitation Workers To Vote on Jan 11

Hempstead Town Sanitation Division employees will vote Jan. 11 on whether to be represented in collective bargaining by the Nassau County Civil Service Employees Association, the National Maritime Union or no union at all.

The date for the secret-ballot vote was set by a three-man committee appointed by town Presiding Supervisor Ralph G. Caso. Both the CSEA and the NMU approved the date.

Voting will take place in the Merrick and Oceanside refuse disposal plants.

The recommendation for the election among Sanitation Division employees was made by Jay Kramer, chairman of the State Labor Relations Board, who volunteered last July 1 to act as a private citizen in a civic capacity to help settle a dispute between the two labor groups.

The town accepted his recommendation that the Sanitation Division's collection, litter and disposal section workers take part in the election as a single bargaining unit.

Subsequent to the filing of Kramer's report, Caso appointed the three man committee to work out the mechanics of the vote. Committee members are

Louis Levine, chairman of the town Labor Advisory Council; Raymond Harrington, associate general counsel, State Labor Relations Board; and Austin Perlow, newspaper editor.

Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

FRANK ZIMMERMANN and family.

This week we would like to pay tribute to a man who has done much for our Corps.

He was a man who always gave and the only thing he ever asked for in return was that he be able to give more. At every contest and every Corps function he was always there. He would work all night and be at the school bright and early Saturday morning, ready to go all day Saturday and Sunday.

The St. Ignatius Girls were the apple of his eye and he made no secret of it. It was his camera that gave the girls their first look at their own drill. The happiness he gave by doing this and many other things could never be enumerated.

Mr. Zimmermann was a great man and his loss will leave more than a physical hole in our membership it will leave a void in all our hearts.

Offer Free Boating Course

The U. S. Coast Guard, in its summary of 1965 boating mishaps stated "nearly half of the vessels reported in accidents were involved in collision. It was clear that training should stress the importance of the operator watching and knowing where he is going. Collisions with other vessels caused 1,107 accidents, 29 deaths and 170 injuries last year. There were 330 accidents

involving 'falls overboard,' some caused by the wake of another vessel. Fires and explosions led the list of causes of property damage and are second ranking cause of injuries "with a 50% increase since 1960." The 1966 statistics will be equally frightening.

Gain skill, and through it confidence and pleasure, by at-

tending the free eight lesson course in safe boat handling, basic seamanship and navigation conducted by Flotilla 13-7 of the U. S. Coast Guard Auxiliary at the Baldwin High School, under its Adult Education Program.

Registration will be held at the High School, on Jan. 9, and classes begin Jan. 16, at 8:00 P.M.

CIT President Sees 1967 As Good for LI Business

Economic conditions will continue to be good for Long Island business and industry, as well as the rest of the nation, L. Walter Lundell, president of the widely diversified CIT Financial Corp., predicted today in a year-end statement. Lundell tempered his forecast with the observation that some sectors of the economy will undergo "a period of adjustment" during the year ahead. Lundell, who lives in Manhasset, heads a company with Long Island business ties, in-

cluding ownership of Meadow Brook National Bank.

The CIT executive said there are strong indications that money rates are at or close to their highest point in the current cycle. "However, it is well understood," he noted, "that the trend of next year's interest rates will be influenced by many cross-currents that are at present undeterminable. These include possible increases in federal income taxes, the international balance - of - payments problem, the course of government domestic spending and the Vietnam situation. The most likely expectation seems to be that the present monetary stringency may be somewhat eased during the year."

Mid-Island Affiliates, Inc., Insurance Agency, a division of Stackler and Frank has moved to larger quarters on the Mall at Mid-Island Plaza, Hicksville. The office is under the supervision and direction of Charles O'Dowd, who has managed the Agency for the past ten years.

Mrs. Theodore G. Rosebery of Hicksville, Vice-Regent of the Oyster Bay Chapter, Daughters of

the American Revolution, has announced the award by the D.A.R. of an American Heritage Award to Radio Station WHLI.

The Oyster Bay Town Board will hold a public hearing Jan. 17 to permit interested parties to express their opinions on a proposal for the Town to purchase 16 acres in South Farmingdale for park purposes, Coun-

clman Frank J. Hynes announces. The property is located on the northeast corner of Motor Avenue and Heisser Lane.

Michael N. Petito, Supervisor of the Town of Oyster Bay will be an Honored Guest at the Mid-

Island Plaza Merchants Association's Eleventh Annual General Meeting and will conduct the installation of the new officers for 1967. The Dinner will be held at the Gertz Restaurant in Mid-Island Plaza, Hicksville, on January 10.

THE JEWISH WAR VETERANS of Hicksville are preparing tapes for parents and relatives to be sent to our local boys in Vietnam. The tapes will be held at the William M. Gouse Jr. Post No. 3211, Grand Avenue, Hicksville, Monday, January 16 at 8 P.M. Parents or relatives interested in talking to their loved ones on tape are welcome.

VFW LEGISLATIVE GOAL NO. 7 - VETERANS PREFERENCE FOR ALL VETERANS: The Veterans of Foreign Wars strongly recommends that veterans preference be recognized in all federal personnel systems, including Foreign Service which now does not recognize veteran preference.

VETERANS BENEFITS: Under the new GI bill which became effective June 1, more than one half million veterans have applied for certificates to attend college or take some other form of training. These figures are based upon applications up to December 1, 1966.

VA Administrator, William Driver, also noted that peace time veterans are also taking advantage of the home loan provisions of the new bill in large numbers. More than 220,000 veterans have requested eligibility certificates for home loan guarantees with 77,500 applications for approval already received. As a comparison, Driver reported that under the Korean Bill only 65,000 took advantage of educational benefits within five months of the effective date of that law.

Driver said, "Recalling the gratifying results of the World War II and Korea GI Bills, the good early response to the new GI Bill promises vast benefits for the entire nation as the educational and economic status of our veteran-citizen increases." VOICE OF DEMOCRACY CONTEST Judgments at Nassau County level will be held at the Garden City Hotel this coming Saturday, January 7. Locally, the Hicksville VFW has tentatively set February 6th as V.O.D. Awards night.

Schick Science announces-

New Schick Band Razor

Schick patent #2492292

Schick patent #2591702

Other patents pending...

10 new edges, not just 6. Ten new Schick Super Stainless Steel Edges on a continuous band.

Patented slotted band. Band holds taut between two spools. Gives you the control and the comfort you want.

For a new shaving edge, just wind the lever on the cartridge. It's easy. Guide numbers are on the side.

Lasts longer too. After extra weeks of shaving, snap in a new 10-edge cartridge - you never touch a blade.

Schick Science brings you the new cartridge-loaded Schick Band Razor. Inside the cartridge, not just six, but ten Schick Super Stainless Steel Edges coiled into one continuous shaving band.

It's completely different. Better. In every way. You get a faster, smoother, closer shave.

The patented Schick band is slotted. It feeds between two spools, holds each new edge taut to give you the control and the comfort you want.

You'll like the convenience. You'll like the way each edge has the famous Super Krona coating to shave you closer - with greater comfort.

Our Men In Armed Forces

Airman Edward J. Harvey, USN son of Mr. and Mrs. Edward Harvey of 68 Meadow Lane, Hicksville, is presently on a six-month Mediterranean deployment with Patrol Squadron-23, normally homeported at the U.S. Naval Air Station, Brunswick, Maine. The squadron is now operating from the Naval Air Facility in Sigonella, Sicily, a North Atlantic

Against The Law To Tossout Snow

Public Works Commissioner Herbert J. Simins has reminded occupants of property along County roads that depositing snow or ice on a County road is a violation of the Nassau County Administrative Code and is subject to fine or imprisonment. "During and after the recent snowfall, we found many individuals shoveling snow out into the roads," Simins said. "This created a hazard for motorists and also cost the taxpayers money since men and equipment had to repeat the clearing job they had completed earlier. Service stations and other commercial enterprises were particularly at fault but some private homeowners were observed doing it as well."

Simins stated that he preferred "persuasion to prosecution" and that he hoped the next snowfall would see an end to the practice. "I have, however, requested the Police Department to be alert to the situation so that violators can be put on notice," he added. Simins also noted some confusion as to priorities following a snowfall. "The primary task of County forces is to clear the roads so that traffic can move smoothly and safely," he stated. "Eventually, as time and manpower permit, we will remove piled-up accumulations from the gutters. But it should be understood that clearing for safety comes first, removal for convenience of access to schools and religious institutions comes next and removal in front of stores and other commercial property has lowest priority and is done only at the request of, and in cooperation with, the local municipality."

Rasmussen Will Wed Denise Gibbons

Mr. and Mrs. Richard Gibbons of Huntington Station, announce the engagement of their daughter, Denise Gibbons, to Seaman Carl N. Rasmussen U.S.N., son of Mr. and Mrs. Carl A. Rasmussen of 121 Bethpage Road, Hicksville. Miss Gibbons is a Nursing student at the State University and Technical College at Farmingdale. Mr. Rasmussen also attended this college before his enlistment in the U.S. Navy and is at present stationed at Great Lakes, Illinois and will attend Electronic school there. No date has been set for the wedding.
