## State Ready to Acquire Newbridge Rd Property

The State Dept. of Public Works is prepared to take steps to acquire property along the section of Newbridge Rd. from Old Country Rd. south to Hempstead Tpke, needed in connection with the long-scheduled widening of the state highway, it was learned this week.

The Hicksville School District has been served with a "letter of preliminary information" indicating that some of the frontage property at the former Administration Building is required for the widening. Certified copies of the map and description have been filed with the Dept. of State.

Meanwhile, on the first section to be widened, from Old Country Rd. north to Broadway, School Attorney Joseph C. Catalano reported to the Hicksville School Board on the progress of negotiations with officials of the State Dept. of Public Works in Babylon by various community groups regarding the closing of W. Marie St. and Nicholas St. to cross traffic. He told the Board that at a meeting on Dec. 21 "each group present expressed its views and areas of concern. In general, the officials of

the Dept. of Public Works felt confident that all our specific points of concern had been fully explored by them and had been resolved most favorably in the interest of all concerned."

On another front, the state dept continued to board up various vacant stores along Broadway, another highway scheduled for widening, as they are acquired. It was learned that Goldman Bros. is planning to relocate on the east side of Broadway.

Several property owners, along Broadway's west side have told the HERALD that aside from a preliminary visit from a representative of the state, they have yet to hear positive details about getting out of the way. Those which have been acquired by the state, apparently, have been the result of voluntary action by landlords unwilling to wait until the ax falls.

The Newbridge Rd. project is scheduled for bid taking and award sometime prior to April 1. The Broadway widening project is still apparently still some time in the future.

## Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

This past weekend we finished our third new number for 1967, "It's All Right With Me." The more we practice the more excited we become.

1967's show is rapidly taking on a form that previously had only been a dream. We are now playing music and doing a drill that requires more teamwork and precision than ever before.

For those of us, who are origin-

al members of the Corps and have had the opportunity to help and watch it grow, the feeling of accomplishment and elation is overwhelming. There are about seven of us who can well remember our first parade without instruments or our first attempt to play "You're In The Army Now".

All of us have worked long and hard to make our show as pleasing as possible for you our audience. Our show reflects our desire to contribute to the Community and to represent Hicksville to the best of our ability. We hope this year's show will bring you as much enjoyment as we have had in preparing it for you.

This year your first opportunity to hear our music in person will be at our Individual Contest, "Sounds of Spring," to be held on April 2.

The St. Ignatius Loyola of Christian Mothers will hold their monthly meeting on Monday evening Jan. 23, at the parochial school auditorium at 8:15 P. M. The guest speaker will be Donald Abt, Superintendent of Hicksville schools.

## Dear Lynda

It is predicted that within three years, under plans for the Metropolitan Commuter Transportation Authority, express trains will be running from Hicksville to Manhattan in 22 minutes. It now takes at least 47 minutes. . . . When Mrs. ANNA BOBALIK of Hicksville had to enter the hospital for surgery, she tried to wait until her son returned from Vietnam, Jan. 23. Doctors said the operation could not wait but the Army speeded up the return of SP/4 JOSEPH BOBALIK Jr. and he went directly from Kennedy Airport to his mother's bedside at Lutheran Hospital, East New York. . . . Public hearing is scheduled for Tuesday morning, Jan. 24, before the Town Board on an application of SHIRLEY TALLAFERRO BROOKS for "special permission to maintain a place of public assembly." The site is on the south side of West Marie St., 170 feet west of Broadway with a frontage of 50 feet and depth of 114.72 feet. . . . DR IRVING LEONARD SLADE of Old Bethpage, associate professor with the office of Academic Development at NYU, has been appointed to an eight-man Legislative Advisory Committee by GENE NICKERSON. . . . State Dept. of Public Works will open bids Jan. 26 in Albany for a number of projects including demolition of 118 buildings in the path of proposed construction or widening of sections of highways in several communities including Hicksville. Could be part of the Newbridge Rd. project. . . . We goofed, typographically last week, on the wedding anniversary on Jan. 13 of Mr. and Mrs. JOHN V. McNEIL of Bridge Lane, Hicksville. It was their 32nd, not 53rd. . . . School Board has sent letters to the High School Soccer, Cross-Country and Football team coaches, commending them for their final records in the past season. . . . CLIFFORD and MARIE RUSCH of Bethpage, well known in Hicksville, have become the parents of a daughter, Nora Jean, at Mid Island Hospital. They also have another daughter, Rita, age 3. . . . JAMES SLATTERY, Jericho schools business manager, has been elected secretary of the Nassau Chapter of the State Assn for School Business Officials. . . . You must have read in the daily press of the tragic fire in Ossining which took the life of ROBERT L. CROSBIE, His wife, Evelyn, and 20-year-old son, Robert. He was a prominent architect and authority on the effects of nuclear blasts on structures. The Crosbies will be remembered as Hicksville residents over 10 years ago. . . . HARVEY WEISS and his family have returned from a long tour of duty in Europe and is now stationed down south. He is the son of Mr. and Mrs. SAM WEISS. . . . Town Supervisor PETTITTO will talk on Narcotics Addiction when the Hicksville Chamber of Commerce meets at the Old Country Manor next Tuesday, Jan. 24, for lunch. The nominating committee, led by EDWARD J. MORRIS as chairman, will report. The Chamber is planning to publish an updated street map and street index of the community. . . . A long time resident who is being forced into the position of selling his residence because "the town fathers and school board thinks money grows on trees" echoes the sentiment of many: "What we need is another Dr. CURTIS".

The Ladies Auxiliary of Hicksville Fire Dept. is having a card party on Jan. 27 at the Marie St. Firehouse at 8 P.M. Mrs. WILLIAM REICHERT is chairlady. . . . BOB WALLACE was scheduled to speak at the Hicksville Kiwanis this week. Club members will be heard on topics they elect at future meetings. Bet Bob hardly mentioned the word Ford. . . .

## Hempstead Bus Increases Fares

The Public Service Commission at Albany has accepted for filing a tariff amendment of Hempstead Bus Corp designed to increase adult one-way fares on each of its all-year routes by three cents beginning Jan. 12.

In filing its new tariff, the company reported an operating loss of approximately \$10,850 for the 12 months ended last Sept. 30 and said that at present fares, its loss for the next 12 months would approximate \$30,900 due to increased operating expenses.

The company operates seven all-year routes (which range in length from 5.5 to 18 miles). The communities served by them include Lynbrook, Baldwin, Hempstead, Malverne, Freeport, Mineola, Hicksville, East Meadow and Uniondale. Initial zone fares are now 25 cents. Fares on multizone routes range from 25 to 45 cents depending upon the number of zones traveled. Under the new tariff each of these will be increased by three cents. No change in school fares will be involved, however. These now range from 21 to 35 cents per ride. Nor will fares on the company's summer route between Hicksville and Jones Beach be affected.

The company estimates that the new fares will increase its annual revenues by \$129,600. On this basis, it is anticipated that 97.4 per cent of all revenues will be required to meet operating costs and taxes.

# Herald Reader Opinions

To the Editor:

I thought you might be interested to know that despite all the "bad" reports about teenagers, we had a group of 24, all Hicksville High students, at my daughter Randa's Sweet 16 Party last Friday.

My wife and I were most pleasantly surprised at the good sportsmanship, fine manners and their ability to enjoy themselves without any disorders.

We salute them and were very happy to have them in our home.

## More About Jericho

To the Editor:

Under Dec. 29 issue of your paper you published a news item with reference to the decision of the Board of Fire Commissioners with respect to Chief Vito Nastasi.

Said article did not correctly state disposition of the matter. To prevent any misunderstanding, we enclose in full the decision of the Board which we suggest you publish as a correction.

NORMAN NEUBERT, Secy.  
Board of Fire Commissioners  
Jericho Fire District  
(Editor's Note - We normally do not comment on letters to the editor at the time they are published. However, this matter has been growing in the volume of correspondence.)

(We published the initial items received from what we considered a responsible and authoritative source. We have since published in full a letter to the Fire Board from Marvin Schacher, attorney for Chief Nastasi. We hope that by publishing the following undated decision of the Board the matter will rest.)

## Decision of Commissioners

This matter originated as follows: It was reported to the Board that Irving E. Palmer, formerly a member of the department had on October 19, 1966, ridden on a fire department vehicle from the firehouse to the scene of an incident and had participated in rendering first aid, and had returned to the fire-

house by the same department vehicle, and that the Chief of the department, Vito Nastasi, hereinafter sometimes referred to as respondent, had been present at the scene. Following such report, with the approval of the Board, the chairman caused written charges to be prepared and dated November 4, 1966, a copy of which were duly transmitted to the Chief. After due notice, the matter came on to be heard on November 18, 1966, at 8:15 p.m. at the Jericho Firehouse. All of the Commissioners were present, and the respondent appeared at said hearing with Marvin Schacher, Esq., his attorney. The testimony which was recorded and exhibits established that respondent had been informed in writing prior to October 19, 1966, that the Board of Fire Commissioners had ruled that said Irving E. Palmer had resigned from the Fire Department, and that his resignation had been accepted. The respondent had also been notified that the written request by Mr. Palmer for reconsideration had been declined, and that such request was received as an application for reinstatement, which was under consideration.

The respondent admitted the receipt of said communications with reference to Mr. Palmer, and no issue is present here as to Mr. Palmer's status. The respondent in no wise challenges the authority of the Board of Fire Commissioners to determine said status, nor does he challenge his obligation and duty to carry out the directives of the Board in all of the areas encompassed in this matter.

The Board concludes that respondent had no knowledge that Mr. Palmer was transported from the firehouse on the rescue truck. Respondent stated that the first he knew of Mr. Palmer's presence was during the first aid call, when he saw him in the room with the patient in the latter's home, when respondent remarked in substance, "what are you doing here?"

Respondent contends that he left the scene before Palmer and therefore had no direct knowledge that Palmer was transported back to the firehouse on the rescue truck.

The respondent took no steps to inform the Board of Palmer's participation on the above incident. In view of his knowledge that the Board had Mr. Palmer's status under advisement, it was his duty to see that the incident was reported. Deponent's contention that he regarded Palmer as a "citizen" and that he had no authority over Palmer's actions under all of the circumstances is tenuous.

With respect to allegations in the third paragraph of the charges that on October 27, 1966, at a special meeting of this Board to inquire into the incident of October 19, 1966, respondent refused to discuss the details of said incident; the Board finds that the respondent acted upon the advice of counsel who regarded the said meeting as a statutory hearing and that the Board was proceeding without written charges.

The Board accepts this explanation and absolves the respondent with respect to the third paragraph of the charges.

With respect to the statement in paragraph 4 of the charges, that the respondent made derogatory statements with respect to the Board to members of the press, respondent contends that his statements were taken "out of context".

The Board is charged with the responsibility to maintain discipline in the department. The respondent's remarks even though taken out of context, indicate a form of disrespect for the authority of the Board.

As above stated, there is no direct evidence that the Chief knew that Mr. Palmer was transported on the fire department equipment, although the circumstances of the latter arriving simultaneously with the equipment, his handling of the department apparatus at the incident, and the fact that there were no other vehicles present at the scene seems to the Board sufficient to have led the Chief to infer that he was so transported.

The temporary suspension of the respondent is terminated as of January 1, 1967 at 12:01 A.M. and the respondent restored to full standing and duties.

Unanimously elected, or should we say re-elected, president was Bob Ob-ermeyer. Other elected officers were: Bill Frohnhoefer, vice president; Eddie Klebing, secretary; and Frank Elies, treasurer. The brief meeting also had a short discussion on the property the state is buying along Broadway. Other members of the board include: William Ketter, Louis Klein, Michael Masone, Jack Mulligan, George Waldon, Al Wangerheim and Michael Znach.

THE VETERANS OF FOREIGN WARS deep concern about the United States and its people covers a wide area that ranges from national security for the

nation as a whole, to protecting the rights of the individual veteran or serviceman. Just recently, in matters of national security, the VFW has reiterated their opposition to the sale of U.S. farm surpluses to Yugoslavia. The Communist satellite has been shipping medical and other supplies to North Vietnam.

National Commander, Leslie Fry, stated that, "Their goods and materials are aiding in the death of American fighting men every day. Under the proposed sale some 4 million in credit subsidies would accrue to the government of Yugoslavia and this would come out of the pockets of the taxpayers." That is YOU, in defense of the serviceman, the Veterans of Foreign Wars is protesting to Congress over the use of government funds to provide free holiday travel to members of the Job Corps while servicemen must pay their own ticket. Commander Fry, in a personal letter to Sen. Richard Russell, chairman of the Armed Services Committee, said such payment of holiday travel for Job Corpsmen "viciously discriminates against our men in uniform."

VFW POST MEETING: Monday evening, Jan. 23rd at 8:30 P.M. The Voice of Democracy committee meets January 30th to discuss and make plans for the night of awards Feb. 6.

## New Postal Rates Tied to Zip Codes

Use of ZIP Code made it easier to mail packages after Jan. 15, Postmaster Ralph G. Cascardo of Hicksville says.

New rates and a new system for identifying parcel post zones went into effect on that date as provided in legislation signed into law by President Johnson on Sept. 20, 1966, the Postmaster pointed out.

The rate increases will average about 10 cents a parcel, Cascardo said. Starting July 1, the law provides for a series of size and weight increases on packages mailed between first-class offices. Hicksville is a first class office. The size and weight increases will be in five annual steps, the last coming on July 1, 1971.

Use of ZIP Code in the recipient's address will enable the sender or a mail clerk to quickly determine the proper zone, and thus the rate, for the package. The zones will be based on the distance a parcel travels between the 552 sectional centers in the country, Mr. Cascardo said.

By consulting a simple chart, which is available at all post offices, the zone can be readily identified because the first three numbers of the ZIP Code represent the sectional center. This replaces a method in which a directory often had to be consulted to locate the proper zone for each of the nation's 33,000 post offices.

The new rates will range from 40 cents for a three-pound parcel destined for local delivery to 60 cents for the same parcel to zone 3 (150 to 300 miles) to \$1.05 to zone 8 (over 1,800 miles). The new zoning method will also apply to air parcel post, catalogs and to publishers who pay zone rates on the advertising portion of their periodicals.

Postmaster Cascardo noted that all parcels mailed between post offices within the Hicksville sectional center will be charged at the first zone rate. There are 78 post offices within the Hicksville Sectional Center.

The new rates are expected to provide an additional \$74 million a year for the Post Office Department. The later size and weight increases will add another \$32 million a year. The additional revenue is to help keep the Department within 4 percent of costs on parcel post as the law requires.

**SUFFOLK SUPREME COURT** Justice John P. Cohalan has been named the Grand Marshal of the second annual St. Patrick's Day Parade sponsored by Our Lady of Knock, Division Seven, Ancient Order of Hibernians of East Islip. The Parade will be held in East Islip on Sunday March 12, at 2 P.M.

Peter Biffin, President of Division Seven said Judge Cohalan was designated by the organization "in recognition of his many civic, cultural, religious and professional contributions to his community and his interest in Irish and American affairs extending over the years."

In addition to his membership in the A.O.H., Judge Cohalan is also a member of the Knights of Columbus, the Sayville Rotary Club and the State and County Bar Associations.

**PHONE FOR PARALYZED:** Dr. Augusta Alba adjusts special telephone switch at the chin of totally paralyzed Bruce Campbell, a patient in Goldwater Memorial Hospital, New York City. When the phone rings, all Bruce has to do is nudge the switch with his chin -- and start talking. New York Telephone engineers developed this one-of-a-kind device at the request of Bruce and his fellow disabled patients. It's one of many aids to the handicapped the phone company has developed.

# This ad is about money. It may not be for you.

Think your present checking account is the last word in handling your money? We have news for you.

There's a new way, designed to meet the demands and opportunities of today.

We call it Checking Plus.

## Checking Plus

Checking Plus is not for everyone. It's only for responsible people, who understand and appreciate its flexibility and convenience.

People who like to keep most of their money invested and working, and still have funds to draw on, if necessary.

People who want protection from sudden emergencies and the opportunity to get in on unexpected good buys.

People whose income is certain but irregular, such as doctors, lawyers, architects and salesmen.

People who want to establish credit just once, and not have to establish it again each time they take out a loan.

Checking Plus is the new idea in checking accounts recently intro-

duced by First National City Bank. A checking account that gives you real freedom, even to avoiding the embarrassment of accidentally over-drawing your account.

We think Checking Plus is the checking account of the future.

Checking Plus works like any other checking account. You write checks the same way. But you have a plus! You have more money than your balance to draw on. A cash reserve. First National City sets this money aside for your use if and when you need it.

Your reserve may be as little as \$400 or as much as \$5,000.

## \$400-5,000

Any time you write a check for more than you have in your account, we automatically take enough money out of your reserve (in multiples of \$100) and credit it to your account.

If you don't use any of it, you don't pay a cent. Many people just want the security of knowing it's there.

If you do use part or all of the

reserve, you are charged for the portion transferred to your account. The charge is 1% per month.

Repay as soon as you want, or take as long as one or two years. If you repay in, say, 10 days, your charge is only 10/30ths of 1%.

As soon as you repay any part of the reserve, it's ready to use again.

Another plus in Checking Plus is the special Identification Card. It's yours for the asking, and lets you cash your Checking Plus checks at any one of our branches.

If you can appreciate what money in reserve can mean to you, and the freedom and convenience it gives you, come see us at First National City. Any branch in the five boroughs, Nassau or Westchester.

Ask about Checking Plus, the modern checking account with a standby cash reserve.

Peace of mind never cost so little.

## Newspapers Hit Record High!

Newsprint consumption in the United States during 1966 will reach levels for the fifth consecutive year, according to Dr. Jon G. Udell, visiting associate professor at Cornell University. Moreover, Dr. Udell sees another record year in prospect for 1967. His estimate for 1966 is 9.13 million tons, a gain of 8 per cent over 1965 and nearly 38 per cent greater than 1955.

Newspapers in cities under 100,000 population had the greatest growth rate from 1966 through 1966 in both circulation and newsprint consumption, Dr. Udell's latest analysis disclosed.

## 4-H Club News

(Continued from Page 4)

Lynn Maxwell, Cindy Miller, Sondra Monroe, Piano accompanist - Robin Joy Levine, Mrs. Lillian Fink, 54 Elise Ave., Plw., Chrmn. Plw. 4-H Girls' Ldrs. Council, then made a speech of welcome. She said: "It is a pleasure to see such bright, alert faces. We are proud of you!"

A model business meeting was then put on by the 4-H Clovers, Mrs. Gloria Feldman, Ldr.; Sharon Burke; Arlene Feldman; Lori Harmon; Stacey Krinsky; Ellen Klein; Audrey Rabinowitz; Lynda Weiss. It was interesting to note how much more can be accomplished at a meeting having order and decorum.

Key note speaker for the evening was Miss Elaine Rose, our well-known 4-H Co-operative Extension Agent, who addressed the leaders while the training sessions were taking place. Miss Rose spoke on "4-H Around the Country and World" and emphasized the significance of the 4-H as not only a well-known organization in our own country but also enjoying international fame and high regard - all this still meaning; activities with youngsters, no matter what the location.

The Officers' Training Sessions:

Presidents - Mrs. Lillian Fink, Chrmn of Plw. 4-H Girls' Ldrs. Council - Assisted by Delby Pearlmuter, Pres., Plw. Teen Club.

Vice Presidents - Mrs. Roberta Cameron, Vice-Chrmn. Plw. Girls' Ldrs. Council, Assisted by Linda Rosenberg, Vice-Pres. Plw. Teen Club.

Secretaries - Mrs. Renai Levine, Sec. Plw. 4-H Girls' Ldrs. Council, Assisted by Glenda Corbett, Sec., Plw. Teen Club. Treasurers - Mrs. Catherine Stauber, Nassau Co. 4-H Executive Committee. Assisted by Marilyn Drucker, Treas., Plw. Teen Club.

Newsreporters - Mrs. Stephanie Kane, News Reporter, Plw. 4-H Girls' Ldrs. Council.

Song Leaders and Recreation Leaders - Mrs. Edna Gwosdow, Co-Ldr., 4-H Belles, Assisted by Adrian Fine and Ronnie Gelman, Mid-Island Junior Leaders Council. Brief reports were read by individual chosen officers relating to the training session each had attended. This was followed by the Song-Rec. Leaders joining in the group-singing of "The 4-H Spirit" led by Mrs. Edna Gwosdow, assisted by Adrian Fine and Ronnie Gelman who sang two additional feet-tapping tunes popular at 4-H Camp at Riverhead.

The evening came to a close

TODDLER GROUP of Congregation Shaarei Zedek, New South Road & Old Country Road, Hicksville is celebrating the Sukkoth Festival in the Congregation Sukkoth. The holiday is a harvest festival and also symbolizes the huts used by the children of Israel in their wandering in the desert. One of the children is holding the Eibrog (citron), lulav, myrtle and willows, symbolic of the holiday. The other children are holding flags which will be used on Simchat Torah celebrating the conclusion of the reading of the Five Books of Moses.

## NYU to Offer Five Courses Locally

New York University's Liberal Arts in Extension program will offer four courses in the Plainview and Jericho areas. The courses are non-credit and will start in February, they are:

HUMAN VALUES AND THE NEW TECHNOLOGY Scientific research and technological developments are the two most powerful forces for change in the modern world. The changes are not limited merely to material artifacts -- atom bombs, computers, rockets, or satellites -- but extend to the basic values and institutions of our society as well. This study discussion program explores the ways in which our work, our leisure, our traditional liberties, the education of our children and the lives of generations yet unborn are being radically affected by the rapid accumulation and application of scientific knowledge. The assigned readings delineate the resulting value conflicts and present contrasting views on how society can accommodate itself to the pressures of these novel forces.
