

5-Day Week For School Bd

Members of the Hicksville Board of Education are putting in a "full five-day week" with either regular or executive or committee sessions every night, Monday thru Friday, and a prospect of several next week.

The Board will hold a special meeting next Tuesday night, Mar. 7, hopefully to get further along with the preparation of the budget for 1967-68 which, according to a current timetable, should be ready for the printers before Mar. 20.

Three and half hours were devoted to the Budget on Wednesday night of this week in a special session. The first two code sections were hammered into tentative shape and two basic decisions were made, subject to final change. Clerical personnel next year will get a \$200

across the board increase in salary and custodial workers will get \$300. There are certain additional benefits.

On Monday night of this week, in regular session, some kind of a record for recent memory was set when the entire agenda for the regular meeting was concluded in less than 60 minutes. President George A. Jackson announced at about 8 minutes of 9 p.m. that he was "embarrassed" to note they had run off the agenda. The session adjourned and members remained for an executive discussion on some phases of salaries.

This Friday night the Board will hold an executive session with representatives of the Town of Oyster Bay regarding recreation.

Glue Addition Topic As Chamber Has Session

A. Carl Grunewald, Town Councilman from the Hicksville area, addressed the Chamber membership at Old Country Manor at its luncheon meeting on Feb. 28.

Grunewald's speech followed that given at the previous Chamber meeting by Town Supervisor Michael Pettito on the general subject of narcotics.

Councilman Grunewald exhibited to the Chamber, a board containing a number of empty tubes of ordinary model airplane glue and paper bags, obtainable in any supermarket.

He explained to the Chamber that paper bags are used in the process of sniffing glue.

Grunewald stated that the problem of glue sniffing was increasing in seriousness among young people, even as young as 11 to 14 years.

He cited a recent case of a teenager, found with ten bags of glue, whose spleen burst and who died. Grunewald said: "Nothing in the world could have saved him. Our teenagers are committing suicide without a realization of the danger they face."

In the question and answer period, Mr. Groler of Groler Service made the point that the home was still the most important place in educating teenagers and suggested that parents be made aware of the problem.

Grunewald commented on the fact that teenagers steal syringes and hypodermic needles thrown away by doctors and the necessity for educating doctors to, in some fashion, destroy these materials before disposing of them.

Lawrence McCaffrey of McCaffrey Insurance Agency suggested that the Commissioner of Health of Nassau County be asked to write to all of the doctors in Nassau County suggesting that they use this care in disposing

of the needles and syringes. Grunewald stated that he would write a letter immediately to the Commissioner of Health.

The next meeting of the Chamber is on April 4th at which time elections will be held for the coming year. It was also announced that the Annual Hicksville Chamber Dinner-Dance will be held on April 29, at Old Country Manor with Paul Drake's Orchestra in attendance. Tickets are \$12.50 each, according to Leland Badler, President.

Young Americans

Hear Guest Speaker

Noel Crowley, vice-chairman of the Nassau County Conservative Party, was the guest speaker of the Hicksville Young Americans for Freedom at their Feb. 21 meeting.

For the just recently founded young people's conservative organization, it was of great pleasure to have Crowley, one of the original founders of the state conservative party in 1962, as their guest.

If this was any indication of upcoming meetings, members of the Hicksville Young Americans for Freedom can certainly look forward to a prosperous, informative, and interesting future. For information concerning membership, please contact Richard Zahora at WE 5-0204.

More Stores Close, Move

Two more long-time establishments on Broadway, Hicksville, have closed their doors as the day (or year) approaches when the State of New York will crunch a 40-foot swath along the west side of the highway. Signs were posted in the

Hicksville Wine and Liquor Store owned by Martin Brendel on Broadway, near Carl St., and the place was closed.

The signs announce that the store license has been closed and Brendel is retiring. Meanwhile, Helmut Kraft post-

ed signs in his jewelry store between Herzog Pl. and W. Marie St. that he is closing as of March 1 and will reopen in Sept. 1967.

On the other side of the street, at the corner of Carl St., the former residence of Dr. William B. Burke (more recently a professional building) has been levelled and signs announce the erection of a three-story office building. Excavation of the site has begun. It is understood Goldman Bros. men and boys' shop on the opposite of Broadway, plans to relocate in the new structure.

Boito Bros. hardware store on the east side of Broadway south of Old Country Rd. will shortly begin demolishing of buildings in the rear of 229 to build a new store. The HERALD office as a result is currently moving to 22 Twilans Ave. where news items and advertisements may be left effective today. The mailing address (PO Box 95) and phone number, WE-1-1400, continues without change.

Seek To Abolish Non-Teaching Duty

The Hicksville Federation of Teachers has recently opened a drive against non-teaching duties in the Hicksville Public Schools. The Federation has petitioned the New York State Dept. of Education concerning one specific case of non-teaching duties.

Commissioner James F. Allen Jr. has been petitioned to order the Hicksville Board of Education to discontinue the practice of using teachers to collect money in the sale of student photographs by private studios.

George A. Jackson, President of the Board of Education; William Feigin, Vice-Principal of the Senior High School and Fred J. Noth, District Clerk received copies of the petition according to William C. Salver, first vice president and PR officer of the Hicksville FT. The Federation's position is that this practice is in violation of the State Constitution and should be stopped.

In a recent letter to the School Board, Federation President William F. Dean Jr. summarized the Federation's philosophy on non-teaching duties by writing: "Teachers are trained to teach assignments other than teaching

are superfluous, contribute negatively to teacher efficiency and morale, and are a misuse of taxpayers' money."

Dear Sheila:

Informed sources at Albany indicate the legislators are striving for a Mar. 23 adjournment to avoid an Easter recess and conflict with the opening of the State Constitutional Convention on April 4. The last day for individual legislators to introduce bills has passed and for the remainder of the session bills may be introduced only thru the rules committee. It looks like Hicksville should publish a want ad (in the HERALD, preferably) which would read something like this: WANTED - employee of Federally-connected project with six children to live in Hicksville. This is over simplified, it works like this: On a preliminary study the community came within 14 children of number who must be enrolled from parents in Federal-connected jobs (Post Office, Military, etc.). At the Board of Education meeting Wednesday night it was mentioned that an engineer at a nearby war-defense industry plant with 8 children has taken up local residency. Now, if we only get these other six youngsters we got it made. Federal money-wise..... We were so pleased to note that the Chamber of Commerce has found fit to spend it's money to advertise for members in a circular while the publications which try to cover the community (and Chamber) activities were ignored.....

Town Takes Bids For Tree Planting

Bids will be received at Town Hall for the first shipment of 700 trees on March 8. Bids will also be received at that time for 75 bales of peat moss and 1400 tree stakes. No date has

been set for the fall shipment.

The trees will be delivered to highway yards and will be planted by highway employees at locations determined by a list of requests by homeowners in the order they were received by the Highway Division. Planting work will be under the direction of Highway Superintendent Norman T. Wolf.

Operation VFW

William M. Gouse, Jr.
Post No. 3211
by Eddie Kiehlino

Despite quick and angry protests by veteran organizations, the Department of Defense is sticking to its guns in its decision to curb burials in Arlington National Cemetery.

The new order restricts burials in the nation's historical cemetery to members of the Armed Forces who die on active duty, retirees (and dependents of both), Medal of Honor winners and high level government officials who are veterans.

The Pentagon's action does not put the blame on the conflict in Vietnam as the major factor in its decision to bar Arlington as a burial place for all veterans, but the dwindling number of available grave sites. Officials say if the new ruling was not put into effect all sites would be used up by early 1968, with a two year interruption of burials, until new construction was completed.

The fact that the Army is granting additional land to Arlington and five other national cemeteries does not solve the long standing problem of phasing out national cemeteries. Since the administration of President Eisenhower the policy formulated then, as it is now, a "Fill-em and close-em" one.

The Veterans of Foreign Wars and other veteran organizations oppose this attitude bitterly and are waging a fight to maintain the national cemetery system. A look at the figures justifies their concern in retaining this benefit for veterans.

The Department of Defense administers 85 national cemeteries. All the grave sites in 24 of them are reserved or occupied. The Department of Interior administers 13 national cemeteries. All of the grave sites in seven of them are committed. Seventeen others are maintained by the Veterans Administration. To date, there are only 67 cemeteries with space open to new burials.

In Plainview, our local national cemetery, there are approximately 123,000 veterans and members of their families interred there. With the present rate of 45 interments a day the close of this cemetery could come in 1974 or sooner.

The solution to the problem is to reverse the present policy which is closing our national cemeteries. One approach, strongly recommended by the Veterans of Foreign Wars, is to have the Veterans Administration take over operation of the whole cemetery system. This being a veterans program, the VA is best equipped to handle it.

The problem is a serious one and one that cannot be left to the veterans organizations alone to fight. All veterans interested

in the benefits and rights for veterans should line up with these organizations to help save our national cemetery system. One way is to write to your Senator or Congressman and let him know how you feel about the phasing out of this benefit that provides a final resting place for our honored dead.

Name Appraisers On Pkwy Lands

The Oyster Bay Town Board on Feb. 28 appointed two appraisers to appraise two parcels on Levittown Parkway, Hicksville, near Dutch Lane school that are being considered for acquisition for park purposes, Councilman A. Carl Grunewald announced. Grunewald, who recommended the appointment of the appraisers said the action is the result of a mass meeting of some 400 persons which he and other Town officials attended in Levittown Hall.

The land being appraised is a 250 by 250 parcel on Levittown Parkway and Beech Lane and an irregular parcel on Levittown Parkway, both in Hicksville, near the shopping center close to Blueberry Lane.

"Once we get the facts and figures, the Town Board will be able to take all this into consideration before making a determination on whether or not to acquire the land for park purposes," said Grunewald.

Offering Lectures On Horsemanship

Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

What is it like to compete in an Individual Contest? Wow - That's a loaded question, but we've been telling you for weeks that the girls are participating in them so we'd like to try to give you an idea.

It's exciting and nerve wracking all at the same time. No matter how long you've practiced or how well you know your piece there's always the unexpected (slippery drum sticks or the horn sometimes plays the wrong note.) It takes courage to step out on a stage and play when all eyes, especially the judge's, are focused on you.

But it's all in the spirit of competition and fun.

Our compliments this week go to Nancy Smith, our sergeant drummer, for her fine performance last Saturday night. And a belated congratulations to Peggy Halcott for her performance at the Eastern States Individual Competition, held a few weeks ago.

Remember, the St. Ignatius Girls are sponsoring their own Individual, "Sound's of Spring," April 2, at 3:00 P.M. in the St. Ignatius School Auditorium. Tickets are now available.

Schick Science announces-

New Schick Band Razor

Schick patent #2492292

Schick patent #2591702

Other patents pending...

10 new edges, not just 6. The new Schick Super-Stainless Steel Edges on a continuous band.

Patented slotted band. Band holds taut between two spools. Gives you the control and the comfort you want.

For a new shaving edge, just wind the lever on the cartridge. It's easy. Guide numbers are on the side.

Leave longer time. After extra weeks of shaving, snap in a new 10-edge cartridge - you never touch a blade.

Schick Science brings you the new cartridge-loaded Schick Band Razor. Inside the cartridge, not just six, but ten Schick Super-Stainless Steel Edges coiled into one continuous shaving band.

It's completely different. Better. In every way. You get a faster, smoother, closer shave.

The patented Schick band is slotted. It feeds between two spools, holds each new edge taut to give you the control and the comfort you want.

You'll like the convenience. You'll like the way each edge has the famous Super Krona coating to shave you closer - with greater comfort.
