A FORMAL FLAG RAISING ceremony took place in front of Hicksville Senior High School at 8:15 a.m. on Monday to mark Loyalty Day and the observance of United States Week by Hicksville Public Schools. The high school band under the leadership of J. Donald Abt played "To the Colors". Ponder Next Move As Budget Goes Down

While educators today pondered the impact of a smashing first time for Hicksville School Budget defeat yesterday (Wed.), any future course of action on a new budget proposal will have to await a meeting of the Board of Education. The next regular-special meeting of the Board is Monday night, May 8. With about 5,000 votes cast, there were 1922 for the budget and 3075 opposed.

The library budget also went down to defeat, 2065 to 2906. Propositions providing for three and five year transportation contracts were approved.

In contrast to other years, there were more votes cast on the school budget (1997) than there were in any of the candidate selections. There were 4146 votes in the only contest between Joan Martindale who got 2063 and Thomas Nagle who won with 2583.

George A. Jackson was re-elected for his third three-year term in an almost unheard of situation for recent years. He

was unopposed formally, getting 3710 votes. There were single write in votes for Mrs. Tisdale, Mrs. Infantino and Mr. Szendy. Abraham Fishman was elected for a five-year term on the library board without opposition.

Nagle Thanks His Supporters

Thomas Nagle, elected to the Hicksville Board of Education on Wednesday, for a three-year term starting July 1 said last night: "I wish to thank each and everyone who helped me in my campaign and showed their trust and confidence in me by their vote. I will endeavor to

live up to this trust and want to thank you again for this opportunity to serve your community. Now that it has been proven that an individual can be heard, make sure your opinion is voted by registering and voting, your decision on the next budget."

He received 3343 votes. Votes were officially announced at the high school starting at 11:15 PM and the session was concluded without further business, except recording the tally, at 11:30 PM.

Plan Operation Clean Sweep

The clean-up Hicksville campaign which was launched last year by Hicksville Kiwanis is being vastly expanded this month with the joint support of the Kiwanis, Rotary and Lions Clubs and Chamber of Commerce. Saturday, May 27, will see the formal push off with ceremonies on Broadway.

The Presidents of the three service clubs, Henry C. Brenzel for Kiwanis, Louis Cesta for Rotary and Pierre Charbonnet for Lions met earlier this week to develop plans. Kingsland Kelly who is chairman of public affairs for the Kiwanis presided at the joint meeting which was also attended by Chamber Secretary Stanley Turner.

In general outline, a program will be scheduled for 8AM on May 27 with June 3 as a rain date. There will be assembly at the John F. Kennedy Memorial, music by the high school band, introduction of guests and an explanation of the project and how it concerns all residents and business places.

The matter will follow a doorway to doorway clean sweep with the cooperation of the Boy Scouts and Key Club members from the LIRR Tracks to Old Country Rd.

The committee hopes to get everyone involved in a community pride in appearance effort. State, county and town officials have given their blessing.

Two students from Hicksville have been accepted as members of this September's freshman class at Clarkson College of Technology. They are: Peter W. McDonough, son of Mr. and Mrs. William L. McDonough, 187 Lee Ave. and Stephen H. Taylor, son of Mr. and Mrs. Henry P. Taylor, 22 Link Lane.

Dear Sheila:

Do you remember EDDIE BETTS? He died this week at the age of 73 after a six-week illness. He was one time a major figure in Nassau Republican politics closely associated with RUS SPRAGUE. Hicksville Junior High will have its 16th annual Fine Arts Week, May 8th thru 12th featuring orchestra, choruses, soloists, bands and art exhibit. . . . Doors open on each of four nights at 7:30 with all events beginning promptly at 8 P.M. . . .

BETSY STEIER of The Red Cock, 6 Pershing Ave., Bethpage, is exhibiting at the Manhasset Student Aid Outdoor Antiques Show at Lord & Taylor's parking field on Northern Blvd., Manhasset, Sunday, May 21. . . . This is the 40th anniversary year for East St. School. Principal JOHN MCGOVERN tells us that someone asked him why the school needs two new boilers at this time. He replied: "one for tea and one for coffee". . . . BRAUN'S Meat Market on Broadway, Hicksville, which has been a butcher shop for more than 100 years, may not be torn down to make way for the widening of the state highway but it will go away anyhow. It is being considered for inclusion in the Old Bethpage restoration project. . . . More and tougher notices have been handed to store operators along Broadway from LIHR south to Old Country Rd. In most cases water service is now billed on a month to month basis instead of the usual quarterly charging. The display of the American flags on Broadway on May 1 was thrilling and added a little color to what has become a pretty drab section of real estate. . . . Bing's laundry has crossed Broadway to the west side and we hear Western Union may go way up Broadway near the Jericho line. . . . HANK THE BARTENDER is handing out cards that claim one of the major tobacco companies uses Communist Tobacco. . . . Why can't somebody come up with the answer to this question? When they widen Broadway, will the utility lines be put underground for once and for all? If it is not done now, it may never happen. . . . What a chance for the Chamber. . . . Sign which will list local houses of worship has been set in place near the John F. Kennedy Memorial. . . .

Make Vacation Fun By Safety Planing

Vacations should be fun and a little attention to matters of safety will help assure that they will be fun.

In connection with Discover America Vacation Planning Week currently being observed across the nation, the New York State Petroleum Council offers these tips on vacation safety:

Drive carefully, be courteous, observe speed limits and the other "rules of the road."

Plan your days of travel so that they will not be overcrowded. Too long a day on the road increases the possibility of highway accidents by forcing the tired driver to keep going long after dark.

Have your car safety checked and properly serviced before your trip, including brakes and lights.

Along the route, have frequent checks made of oil, brake fluid and power steering fluid levels.

Keep tires properly inflated. Keep windshield and windows clean. Any service station man along the way will be glad to tidy up the glass for you.

If your car has seat belts, use them. They don't prevent accidents but they do help prevent injuries in case of an accident.

Citizens Seeking Abortion Reform

Armed Forces Day Prayer

God of our fathers, who hast made us heirs of brave and faithful men and women, accept, we pray Thee, this Armed Forces Day, our humble gratitude for the boundless blessings which they have bestowed on us. Grant that we may prove worthy of their heroism and sacrifice.

We commend to Thy keeping all who are serving in our Armed Forces on land, sea and in the air. May Thy gracious Providence watch over them and guide them to victory and honor in defense of our nation and principles. In all things may they know Thy power and presence.

We thank Thee for the innumerable spiritual and material resources of our servicemen in their struggle for a just and lasting peace. Make us mindful of our own responsibilities to mankind. Be our refuge and strength so that in all battles of life we may be valiant in our service to Thee and our beloved country. Amen.

Promises North Shore Hearings on Bridge

Councilman Ralph J. Marino declares that Governor Rockefeller had acceded to his request that the Department of Public Works, or its successor agency (Dept. of Transportation) hold public hearings on the north shore of the Town of Oyster Bay should the enabling legislation authorizing Oyster Bay bridge construction become law.

At a two and a half hour breakfast conference in the Executive Mansion, Marino demanded and received assurances from the Governor that public hearings would be held to give north shore residents the opportunity to present testimony showing "the terrible havoc that would be wrought on these communities should bridge construction be approved."

"This is only enabling legislation," Marino said, "and the people still have the right to press their views on State authorities charged with the responsibility for this project. The Governor must be informed of the total opposition of the north shore communities to this concrete and steel monster proposed to be constructed in their midst. This fight is not over yet. At these public hearings we will show State officials that a Suffolk

bridge is the answer to Long Island's present dead-end problem. We will point out that an Oyster Bay bridge will create far more problems than it solves."

Also attending the conference

with the Governor were State Senators Edward J. Speno and Henry M. Curran, Assemblyman Joseph M. Kelly, Assembly Minority Leader Perry B. Duryea and other Nassau-Suffolk legislators.

Employees Oppose Another Job Study

The Town of Oyster Bay Unit of the Nassau Chapter of the Civil Service Employees Association is vigorously opposed to the plans recently announced by the Nassau County Civil Service Commission to conduct a job evaluation study in the Town of Oyster Bay.

Ben Jeanson, president of the Town of Oyster Bay Unit of the Civil Service Employees Association, stated that town employees have been subjected to three such studies since 1958. The latest study made at the request of C.S.E.A. was commenced in 1965 and was completed at the end of 1966 at which time the Civil Service Commission was made aware of the results of

the study. No review or comment was forthcoming from the Civil Service Commission nor did it ever take the time to study the job evaluation made by the town's Salary Review Committee. At this time the Civil Service Commission, rather than make use of the detailed job evaluation data, desires to conduct another study at the expense of the taxpayers with no consideration being given to the plight of the town employees who have recently been subjected to the same type of review. In addition the further study will cause town employees to have serious questions with regards to their job status and security, it is said.

News of 4-H Activity

WE 5-8459 Mrs. Stephanie Kane - Ldr.

The password was "Bon Appetit" and the "flavorful" occasion was the Annual Covered Dish Supper held on Wed. evening, April 12 at Pasadena Elementary School, Plv., to honor all Co-leaders, Project Leaders, and Jr. Leaders. The Tally-Ho's 4-H Club, Mrs. Roberta Cameron, Ldr., Mrs. J. O'Mara, Co-Ldr., decorated the room with April shower umbrellas of gay-colored crepe paper and floral sprays on the tables. "Welcome" cards, with their hand-made rose-buds, lent to the eye-appeal. As for the appetite, this was not a time for counting

calories." Beef Doves with mushrooms and peppers, Quiche Lorraine, a biblical dish, "Cholel", numerous rice dishes and gelatin salads, with an unusual Russian salad of cucumbers, carrots, and apples, with a "Nut Loaf, boiled raisin cake," and a perky "Watermelon Basket," all and more - were there for the eating. First guest of honor was County Agent Mrs. Dorothy Flint. A recreational evening of fun was provided by Agents Miss E. Rose and Mrs. B. Semanoff. Many thanks for a sparkling evening to Mrs. Nickle Bartkowski, Affair Charm, and her

committee: Mrs. Roberta Cameron, Mrs. Carol Karman, Mrs. Annette Williams who also mimeographed, Mrs. Rose Dubell, Mrs. Gloria Proitz, Mrs. Mary Esposito, and Mrs. Ronnie Waldman.

A news report from Sue Johnson about a certain 4-H Blue-bells meeting:

"We held our extra - special meeting at the home of our Ldr., Mrs. Werner Tietz. Monica was absent and Mary Ellen was late. Mrs. Tietz told us it was Mary Ellen's birthday and after the meeting we would have a surprise party. No one was to even hint about it. Sue Ellen, the comedian of the group, pretended to be angry when Mary Ellen came in. We worked on our beach shifts, then had a business meeting. We played "Simon Says," Jill being the winner. Then came refreshment time and a huge birthday cake that Mrs. Tietz made. It was delicious! We also had punch. Then our meeting was adjourned. My, we had fun!

Members are: Pres. - Mary Ellen O'Hara; V. Pres. - Kathy Brown; Sec. - Jill Tietz; Treas. - Maureen Heilig; Rec. - Song Ldr. - Monica Stewart; News-reporters - Sue Ellen Johnson and Donna Malizia. Ldr. - Mrs. Werner Tietz, Co - Ldr., Mrs. Maureen O'Hara.

The 4-H Willing Workers of Plainview wrote a letter to the Nassau County Hospital for Pulmonary Diseases to see if we could be of service to the hospital.

The members, Nina Birnbaum, Beth Cogan, Naomi Ebert, Lisa Krieger, Pam Schwarz, and Barbara Wanamaker are collecting items such as pie tins, pine cones, wire hangers, odd pieces of fabrics, etc., for use by the patients in the Occupational Therapy Department. With the help of our leader, Mrs. Estelle Birnbaum, we also mounted posters for use in their waiting rooms. We will try to continue being of service to the hospital because we enjoyed doing this community project.

"Do you know your county government and how it operates?"

This question was answered on Wed., Mar 29, when a group of outstanding 4-H teenagers received the Award Trip into Mineola, "Know Your County Government!" The winners: Dobby Perlmutter, Genda Corren, Marilyn Drucker, Diane Rosenberg, Linda Rosenberg, Sally Erickson, and Diane Weltzenfeld.

The group, driven by Mr. B. Erickson first heard talks given by county officials, and after having lunched, tours were held in the various county offices. The girls were shown the New County Office Bldg., the Supreme Court, the City Executive Bldg., the Police Dept. and some of it's inner workings, and the Old Court House where the Comptrollers are located. As Miss Erickson mentioned, "Each girl learned something surprising about how our county government is run! I was surprised to learn that a prisoner has to ask for a trial by jury!"

After a final meeting at the Bd. of Supervisors Rm., Mrs. F. Perlmutter drove the excited and tired girls home, arriving close to suppertime.

Your calendar of events should include:

May 13 - Candy Sale Bus Trip to Monroe, N.Y. \$1.00 - Reservation, and permission slips, please.

May 20 - Camp Weekend - girls.

Reminders: Attend May Council meeting for election.

Teacher Recognition Day
May 16, 1967

Teacher Recognition Day is an honored tradition, observed the third Tuesday in May in New York State. This one day, proclaimed by the Governor, mayors, and other officials, does not, however, limit the appreciation of teachers to one day a year.

May 16, 1967, is the day for all citizens in New York State to honor their teachers.

"Thank You" is so easy to say.

Published in the Community Interest By Your Community-minded HERALD

TEACHER RECOGNITION DAY began in New York State in 1955. In appreciation for services rendered and to honor all teachers, one day was designated to be the day when all communities would say, "THANK YOU, TEACHER."

WHAT IS A TEACHER?

Name Labor Advisory Council

Councilman Frank J. Hynes introduced a resolution Tuesday, calling for the appointment of an Oyster Bay Town Labor Advisory Committee to "perpetuate the sound commercial and industrial development of the Town and to promote continued high employment opportunities and the orderly and well-planned expansion of industrial and commercial facilities." The Board adopted the resolution.

"The Oyster Bay Labor Advisory Council," stated Hynes, "will work in conjunction with the Commerce & Industry Department to insure that existing commercial and industrial firms remain in the Town and to encourage new businesses to relocate here, by providing an adequate well-trained labor supply and diversified job opportunities." The Labor Advisory Committee will also advise the Town Board of programs necessary to promote a healthy business atmosphere.

Members of the newly-formed Labor Council have strong labor affiliations and include: Dennis Doyle, Chairman, Plainview; Joseph Chaloupka, Massapequa; Al Schultz, Hicksville; Jack Hochman, Seaford; George Boylan, Hicksville; Edward J. Carlson, Glen Cove; and John C. Allione, Massapequa. The seven-member committee will serve with an annual salary of \$1,500.

School Officials Meet at Jericho

More than 100 of Nassau County's School Superintendents, Principals and District Curriculum Directors met at Jericho High School April 15 for the first of three scheduled conferences on curriculum development and adaptation.

The meetings are being sponsored by the committee in charge of the Nassau County Elementary and Secondary Education Act, Title III Planning Program. Its members are responsible for putting the report on Curriculum Development and Adaptation in final form. Dr. Thomas F. Carey, Superintendent of the Jericho Schools is committee chairman.

The second conference will be held at Garden City High School on May 2 and the third at Jericho High School on May 11. Each conference will convene at 9:00 A.M.

RESISTED ARREST

Lawrence Ferraro, 47, of 56 Burns Ave., Hicksville, was arrested at his residence at 12:10 AM on Apr. 27 and charged with disorderly conduct and resisting arrest.

Women Voters Elect Executives

The Oyster Bay League of Women Voters, at their annual meeting, elected the following "mid island" women to their Executive Board. From Hicksville, Mrs. Amodeo Lombardi was elected as 1st Vice-President and Voters Service Co-Chairman; from Jericho, Mrs. Ben Glickman, Secretary; from Plainview, Mrs. Myron Ruderman, Finance Chairman and Mrs. Herbert Solomon, Public Relations Chairman; from Old Bethpage, Mrs. Arthur Berken as Voters Service Co-Chairman.

Under discussion and voted upon by the membership present at the dinner was the proposed local item study for 1967-1968. This will be the "compilation, preparation and publication of a handbook-directory dealing with sources of information; functions of our local government; available services; and areas of public interrelationship as they affect TOBAY residents." The local item program will also have "a continuation of the study of zoning and planning, in the Township of Oyster Bay, with special emphasis on those criteria which experts agree to be essential to sound planning."

Open Study Centers In Jericho Schools

The Jericho Board of Education, using part of a \$31,000 federal grant provided by ESSEA Title I, has established a Study Center in each of the four elementary schools and in the Junior and Senior High Schools. The facilities and services of each Study Center will be available to all resident students throughout the forty session duration of the program.

Each Study Center is designed to assist pupils with those study skills necessary in doing research and composing reports.

Water Conference Backs Home Rule

The Long Island Water Conference which is comprised of representatives of 43 municipal and investor-owned water supply organizations in Nassau and Suffolk Counties has unanimously passed a resolution supporting Home Rule and to maintain the present Article IX, Section 1D in the State Constitution, which protects the suburbs from a takeover by New York City.

Constitutional Delegate Abe Seidlin in his recent talk at a meeting of the Water Conference stated that one of the key issues of the State Constitutional Convention will be the confrontation between the big cities and their suburbs.

Seidlin further discussed the current Article IX, Local Government, of the State Constitution, which enumerates the rights, powers and privileges of local governments and includes under Section 1, a prohibition against annexation of any local government or territory by another without an affirmative majority vote of the people in the area to be annexed. There is a concerted effort by city-orientated groups such as "The State Conference of Mayors" to remove from the State Constitution this guarantee against arbitrary annexation.

Want to Halt Expressway Path

The Town Board has adopted a resolution calling the extension of the Wantagh - Oyster Bay Expressway from Jericho Turnpike northward to Route 25A "unnecessary."

Councilman Ralph J. Marino, who introduced the resolution, said, "The extension of this six-lane highway would cut a wide swath of destruction through some of the most beautiful countryside in the Town of Oyster Bay. It is obviously one of the approach highways to the proposed Oyster Bay bridge and sustains our original position that these roads will bring about a substantial and undesirable change in the residential character of the north shore communities."

Chamber Installation Dinner Breaks Record

The Hicksville Chamber of Commerce, Inc. held its Annual Installation Dinner Dance at Old Country Manor on Saturday night, April 29th. The dinner was attended by a capacity crowd, exceeding 225 in number, by far the largest attendance in the recent history of the Chamber.

Michael Pettito, Supervisor of the Town of Oyster Bay, installed the new officers and directors for the fiscal year, July 1, 1967 to June 30, 1968. Leland Badler was installed for the third successive term as President. Other officers and directors installed are as follows: Vice President - Edward J. Morris, Commissioner of Franchises for the County of Nassau, Peter J. Fallon, Assistant Vice President of the Long Island National Bank, Secretary, and Sally Sussman, President of the Greater New York Air Conditioning, Treasurer. Additional directors installed for new three-year terms were as follows: Fred Herman, Lawrence McCaffrey, Louis Siegler, Fred Hawkins, Larry Sculera.

Eugene Nickerson, County Executive of the County of Nassau, and his wife, Mary Louise, also sat upon the dais. Nickerson gave a short welcoming speech to the Chamber, congratulating it upon its work and thanking it for having him as the chief speaker.

President Badler told the Chamber that it would celebrate its 15th Anniversary in September of 1967. He said that the Chamber had been formed in September 1952 by the Rotary Club of Hicksville which appointed a 12 man committee to coordinate with other organizations in Hicksville in the creation of a Chamber of Commerce. The first president of the Chamber was Al Schachner, the first secretary, Bill Paycock. Among those, who were active in the creation of the original Chamber were men who are still on the Board of Directors of the Chamber, including Aaron Rockman, John Dobson and Fred Herman. Rockman and Dobson, together with the late George Ruggieri, prepared the original constitution and by-laws. Also instrumental in the formation of the Chamber, were Ernest Franche, Charles Barvela, William Katsounsky, Henry Eisenmann and others.

NEW MEMBERS: We welcome to the post Louis W. Salora, now serving in Vietnam, --- Gerald G. Horstman, sponsored by Harry Wurth---Francis J. Carr, sponsored by Kenneth Wood and Richard D. Quinne, sponsored by Lou Klein. The new members joined our ranks at the last meeting.

LOYALTY DAY, 1967. Last weekend saw parades, patriotic programs and ceremonies throughout the nation in honor of Loyalty Day -- the day we reaffirm our loyalty to the United States of America. Such a program was held in Farmingdale on April 30, and sponsored by the Veterans of Foreign Wars, Corporal George Sembers Post No. 516 of the community. Members of William M. Gouse Jr. Post participated in the ceremonies on a day that was perfect for marching. The weather was a sunny, mild, day with temperatures around 70 degrees and a very light breeze that is always welcomed by all color guards.

The whole program was aptly handled by parade chairman, Charles King and his committee. The parade, scheduled, stopped-off promptly at 2:30 p.m. and lasted about an hour and a half. The services that followed was short and "to the point" John R. Ray, Senior Vice Commander of the Department of New York, handled the job of master of ceremonies with a very professional manner. Post Commander Emil Cisarlik led the list of speakers with the welcoming address. He was followed by such distinguished guests as Congressman Lester L. Wolff, Joseph Zureck, mayor of Farmingdale and the final speaker, Nassau County Executive Eugene H. Nickerson who arrived late. Mr. Nickerson apologized for his tardiness, explaining, he had been delayed by a previous program in which he bicycled from Salisbury Park to Catiague Park in Hicksville. Immediately after the ceremonies, guests of the VFW were retired to post quarters for refreshments.

Our local Memorial Day Parade and Services continues, under the chairmanship of past commander Lou Klein, met at the Post last Monday evening to complete and tie up loose ends for the big day here, May 30th. One more meeting follows, just for veteran's organizations on May 15.

BATTLE OF THE BULGE (in this case, the waistline) is a serious one, particularly if you're on the losing end. For those with the expanding waistline who plan to parade on Memorial Day in a uniform that is too tight can correct that. The Army Times has prepared a special report on calories listing the calorie content on scores of food and drink. A copy of the report can be had by sending a self addressed, stamped envelope (4 1/2 x 9 1/2) to the Army Times Service Center, Dept. CC, 2201 M. Street, Washington, D.C. 20037 and request Report 122, Calorie Check List.

GI HOME LOANS are thriving with more than 123,000 applications received from post-Korean Conflict veterans under the new GI bill. During the first full year of the new bill's operation 312, 399 post Korean War veterans were declared eligible for GI Home Loans. More than 89,000 loans were made during the first year.

OUT OF THE FOXHOLE... I talked with 10 ex-GI's last week, and asked them their opinion on the Viet-Nam situation. Seven of them said, if they could turn back the clock they would take the place of those who would rather stay home and "Draft Beer". The other three said they would gladly go if they could take some of the Marchers with them. Between the 10 GI's there were twenty three Battle Stars, 4 Purple Hearts, A DFC, Silver Star and numerous Presidential Citation with Oak Leaf Clusters. Of these ten veterans, everyone was a Draftee. These were the youths of 1941...and the men of 1967. Are you veterans of WW 2, Korea and Viet-Nam joining your local veterans organization? If not, get knocking there is nothing like being a member of a group who will fight for your rights now that you are in "civies" once again. **REUNIONS IN THE NEWS...** 4th. Armored Div. (N.Y. Piano Recital By Teen Soloist

The fourth of Jericho High School's senior lectures was a district departure from those which preceded it. Instead of a talk, the audience heard a piano recital by an accomplished young musician no older than many of his listeners. The event took place on the evening of April 18.

Michael Rubin, the teen-age soloist, was the 1966 winner of the piano competition in the New York City Public Schools. He is currently studying piano at the Juilliard School of Music.

During February and March he appeared 12 times with the American Symphony Orchestra under Leopold Stokowski. He has also given recitals at Town Hall, Lincoln Center, the Brooklyn Academy of Music, and in Philadelphia during the past few months.

In his Jericho Schools appearance he played selections by Chopin, Bach, Liszt and Rachmaninoff.

Increase Rates For Foreign Mail

An increase in international surface and airmail rates went into effect Monday, May 1. Postmaster Ralph G. Cascardo announced.

The new international rates, he said, will not apply to mailings for members of the Armed Forces overseas. Domestic postage rates are applicable to mail addressed through APO's and FPO's.

The rate increases for both surface and airmail -- averaging 13 % -- were first proposed on Jan. 14 and publicly confirmed on March 1. The Department explained at that time that they were needed to help offset a deficit of about \$16 million in international mail operations.

Specific information on the new international rates can be obtained from the service window at the post office, Postmaster Cascardo said.

This was the first general increase in international rates since July 1961.

Urges Interest In Legislation

Mrs. Richard Hockbreuckner of Hicksville, Legislation Chairman of the American Legion Ladies Auxiliary, Nassau County Committee advises that legislation should be of vital concern to all Americans. The Auxiliary's legislative program is actively dedicated to enhancing the American way of life and to providing adequate benefits for our war veterans and dependents.

She further stated that legislators being representatives of the people welcome personal expressions on legislation, for in this manner they keep abreast of the wishes of those whom they represent. Every federal benefit available to veterans and their dependents is the result of a favorable action by Congress, she said.
