Four members of the Hicksville-Levittown Lodge of Elks came back to port at Long Beach on May 12 after a trip by inland sea and open ocean down to Savannah, Ga. and back. While there were no mishaps on the trip, the quartet did experience snow enroute, report the weather was cold and sighted a sail boat off Myrtle Beach which had been the subject of a widespread search. Vote Again on School Budget Set for Wednesday, June 21

The Hicksville Board of Education will re-submit its budget for 1967-68 to the voters on Wednesday, June 21. Voting hours will be 10 AM to 10 PM. The gross amount of the budget of \$15,058,398 rejected on May 3 has been reduced by \$135,175 by action at a meeting of May 15, a cut of 15 cents per \$100 in the anticipated tax rate.

An audience of about 400 crowded into the student cafeteria of the high school, Monday night, including many who attended the special board meeting a week previous.

Mrs. James Flood of 76 Lantern Rd. presented a petition in favor of continued out of district bus service for non-public students and a statement which claimed the present policy is "financially advantageous to district no. 17 because these pupils are a financial asset."

"The total cost to the district to transport 43 young men to one school in Jamaica for a school year after reimbursement is \$1,121.60", she told the Board. "Two pupils attending Hicksville High School cost, after state aid, \$1,206 per year. . . . It costs less to transport 43 out of district pupils to Jamaica than to educate two pupils in the Hicksville School system."

\$135,175 was not greeted with enthusiasm by some of the audience who predicted another defeat on June 21. Sharply under attack was the proposed 8-period day for the junior and senior high schools.

There will be a public hearing on the budget on June 8 at the high school. Additional registration of voters will take place at the administration building on Division Ave on Saturday, June 10, from 10 AM to 10 PM.

The determination of the School Board to cut the budget by

CHARLES WAGNER POST, American Legion members during a six hour wait to move out on to Fifth Ave., N.Y.C., in Saturday's great parade backing our fighting men. The Legion Auxiliary, Youth Band, the Belaires and delegates of the Teon Democratic Club, parents and local residents showed their loyalty with the Legion. In front line, from left, are Robert Sherman, Edward Quinn, George Johnstone, Post Commander. Holding banner are Joseph Slattery, Thomas Colwell and Eugene Clark.

Dear Sheila:

Things are NOT going to the dogs, but we have two dog reports this week: We understand that Major, the 13-year-old pet of Ted of Ted's Superette, passed away this week. He was the fellow who gave notice to volunteer firemen in the post office by howling whenever the fire alarm sounded. What will MEL do now? And then HANK the Bartender reports that his 10-year-old pet, Mr. T, has arthritis. How does he know? He sits crooked. . . . RICHARD SCHROEDER, of Plainview in the laboratories at St. Francis Hospital, Roslyn, was honored for 10 years of service at a ceremony held on May 10. . . . Mr. and Mrs. EDWIN HAMERSCHLAG of 29 McArthur Ave., Plainview, are the parents of a son, Richard Troy, born May 6 at Mercy Hospital. . . . Hicksville Chamber of Commerce is looking into the matter of placing utility lines underground in connection with the widening of Broadway, according to President LELAND BADLER. . . . We are trying to get more specific details, but Hicksville High we are told was named New York State Champion football team of 1966 by choice of /high school coaches in the state. More next week. . . . When 1000 cadets of Hofstra University Army Reserve Officers Training Corps marched in their spring review on May 14 HENRY M. SCARANGELLA of 77 Linden Blvd., Hicksville, a sophomore, received the Scabard and Blade Award. . . . A traffic signal has been ordered by the County Executive for the corner of West John St and Burns Ave., Hicksville. We hope it doesn't take as long to install as the one promised for the corner of Woodbury Rd and Park Ave. . . . Hicksville Rotary Club will be the volunteers placing the American flag along Broadway on Memorial Day. The chore of putting out the 100-odd flags rotates among the veteran and service organizations. . . . The Kiwanis of Hicksville were host recently to a tri-club program attended by 10 members from the Lions and 16 from Rotary, plus the Kiwanians, of course. Aims and objects of each club were outlined by PIERRE CHARBONNET for the Lions, LOU CESTA for the Rotary and FRANK CHILUMSKY for Kiwanis. . . . CHARLES FETTA told Hicksville School Board at that meeting, Monday night, that an effort may be made to increase the Board from seven to nine members to "get true representation". . . .

Jericho School Board is scheduled to meet tonight (Thurs) to consider what should be done about the recent defile of the school budget, a first for the district as in the case of Hicksville. . . . WARREN BUNSHAFT will talk on "Angie Gums" at the Hicksville Rotary meeting today. . . . State Senator ED SPENOWOODS why NICKERSON found it convenient to march in a civil rights parade in Alabama last year but could not be in New York City last Saturday in support of servicemen in Viet Nam. Here is the quote "I think it's a shame and a dereliction of his duty as County Executive that Mr. Nickerson or at least a designated representative of his office failed to march". . . . Two men are Democratic candidates in the Town of Oyster Bay this fall, MYRON STEINBERG for Town Councilman, and JOHN H. MALONEY for Town Clerk, have declared they are willing to step aside as Democratic nominees for "two suitable candidates from the Tobey Independent Party". The latter group, announced last week, is supposed to represent independent (including Republicans) who endorsed MIKE PETITTO in his run for re-election as Town Supervisor. Meanwhile, the Liberal Party has announced it is running its own candidate for town supervisor and thus will not be endorsing Pettito. It gets crazier and crazier. . . .

Our first card from Expo 67 comes from CLARICE and HERB JOHNSON. . . . Franklin National Bank president ARTHUR ROTH announces his bank will not sell State Lottery tickets. He notes that newspapers are prohibited by federal law from accepting advertisements promoting the lottery. . . . JACKSON GRATIFIED

To the Editor:

The job of a school board member, and particularly the President, is often a very thankless position. Therefore when some kind words are spoken or printed about your performance as a Board member it is extremely gratifying. Your support of my candidacy and your editorial comment about it made some of my sleepless nights after Board meetings worthwhile.

I trust that this brief note will adequately express and convey my thanks to you.

CLAIMS INJUSTICE

To the Editor:

Consider the case in Hicksville; the candidate for Director of Social Studies, who has been doing an excellent job in this post for the past six months, who has been highly praised for his work by all educators in and out of the district, who holds the proper certification for his post plus a doctorate equivalency, was last week rejected by the Board of Education by a vote of 4 to 3 for no stated reason.

It is an injustice to the man, to the children of the district, and to education.

Truly yours,
PATRICIA FISHBACK

THAT BUDGET DEFEAT

To the Editor:

I have followed with much interest the defeat of our school budget. Many of the reasons advanced, differed from what came to my mind, and I still have some doubts. Let me assure you that I believe in, and know the value of a good education. However, I feel that there were expenses listed in the budget that do not come under the area of a good formal education, and believe that these should be dealt with first.

I also feel that it is a fallacy to emphasize "State Aid". It is still a tax dollar, just out of a different pocket. It's not free, nor is it from Gov. Rockefeller's personal account.

First, I would like to ask a few questions. Who makes up the New York State Board of Regents? How did James Allen become Commissioner? To whom is the Commissioner responsible? How long do the Board and the Commissioner remain in office? How can taxpayers go about changing this Office and the Board, which they obviously feel exert too much power?

I would appreciate it, if you could answer these questions for me either personally, or in your editorial column.

It does not seem right to elect a group of dedicated men from our own neighborhood to run our local school system, and then have Commissioner Allen, who is unfamiliar with our problems, and obviously doesn't care to learn, give our board an uncompromising list of what has to be done, and what constitutes a "Must" expenditure.

A fine example of this, is the dictatorial manner of building new schools. One school is built from a master plan. It has windows all around to permit natural light to enter the class rooms.

In the winter, it is too cold, and in the summer, it is too warm. The children must be moved, and the blinds drawn, and the lights lit. The mistake once made is then compounded. All schools subsequently built, are built according to the same plans. When I asked about it, I was told that most of the building requirements are issued by the State.

As far as transportation, I definitely believe that it could easily be cut down. There is no reason why a healthy Jr. High, or High School pupil should not walk a mile, or a mile and a half to school, without so much as a second thought.

As for the extras, I believe that if a local citizenry cannot afford it, such after-school activities as Summer Recreation, Saturday Recreation and all Adult Education, with the exception of High School Equivalency and Citizenship classes should be eliminated. After all, it is the parents responsibility to see that a child has proper social life, and learns to behave as a good citizen. Assistance to Parochial Schools should be cut back, bus transportation included. If it is a private endeavor, keep it that way.

I believe more publicity and emphasis should be placed on the cost to the taxpayers of vandalism, and careless destruction. This would bring pressure on those responsible for destruction, and to the law officials who are turning their heads.

I firmly believe that Superintendent Abt, and his staff of teachers are on the whole, dedicated and capable, doing their best to educate our children. The budget defeat concerned other issues.

As for specific economies, we have a Business Administrator whose salary is above the average taxpayer's. It is his job, I believe, to tighten purse strings, and it is time he re-evaluated available funds, and what is actually necessary for Hicksville's Education.

Well, old buddy, it's getting dark out, and I've got to milk the cow, and do the chores, so I better end my frustrations right here period! If I am wrong about any of the above, please correct me, and if possible answer my questions in your column, or personally.

To the Editor:

After reading the HERALD opinion (2/9) entitled "Teenager Speaks Up" I feel I should write in and express my ideas on the issue.

I would like to say that I am wholeheartedly in agreement with the ideas put forth by this person. Hicksville DOES need teenage recreation.

I am circulating a petition, now, which we will send to Town Hall. Everyone who signs this petition is willing to help the town set up a teenage social centre. Other towns have this and it works out so I say "Why not Hicksville?"

With over 3,000 teenagers I think the idea should be considered.

Seeking 5,500 Vacation Jobs

Start of a vigorous twin-county drive to create 5,500 vacation jobs for Long Island's young men and women was announced by Joseph O. Curry, Superintendent of the New York State Employment Service's Long Island District, 261 Old Country Rd., Hicksville.

Community and Employment Service resources are being mobilized in a 1967 Summer Jobs for Youth Drive to develop the work opportunities needed by Long Island's young people during the coming months. Business men and householders are being urged to find jobs that youth of high school and college age can do now and throughout the Summer.

"The State Employment Service hopes to better our 1966 Summer Jobs Program which produced 3,800 placements in Nassau and Suffolk," Curry said. "We are proud of that record, but the needs of Long Island's youth call upon us to exceed it this year."

Plans for the 1967 drive include the establishment of summer outstations in many locations

throughout the Island. Directed from ten Employment Service offices in Nassau and Suffolk, these stations will bring the program closer to individual communities. Advisory groups of civic and business leaders are being formed. The Employment Service is coordinating its summer program activities with those of community and volunteer groups having the same goal. In addition to working with PTA's, community organizations and other agencies, the Employment Service is the placement arm of the Hempstead Town Summer Youth Employment Service.

IT'S NOT TOO LATE.

The Hicksville Board of Education still has time to reconsider and reinstate Mr. James B. Curran to the position of Supervisor of the Social Studies Program in the Hicksville Public Schools.

Mr. Curran's Record.....

- he has served the Hicksville Public School System for 18 years in a dedicated, loyal and outstanding fashion
- he has received the unqualified endorsement of the Superintendent of our school system
- his tenure of office has been praised by educators, both in and outside of our school system.
- he has received the enthusiastic support of both taxpayers and teachers of Hicksville

Dr. Whittemore, Chairman of the Social Studies Department, Teachers' College, Columbia University, recently stated the following concerning Mr. Curran and his performance as Supervisor:

- direct quote-

"It is a shame that a man of Mr. Curran's background, experience, and vision should be denied the opportunity to carry through the reforms he has so ably begun. I am impressed with his initial attempts to bring the Hicksville Social Studies program up to date."

One Vote has prevented this outstanding man from continuing his service to Hicksville. Don't let your apathy exert such a price— appeal this decision!

Now Hear This

By Jimmy Cooley

SATURDAY, MAY 13TH, A-LONG FIFTH AVENUE, NYC... In one of the most impressive sights that this columnist has ever seen in many a year, the "Support Our Boys in Viet-Nam" was by far the best. I sincerely believe that if any of the poor excuses of American Manhood, Beatniks or Billy Goats attempted to burn our flag...they would have undoubtedly ended in the Twi-Light Zone. There was the usual amount of these "Let's make love, not war" along the avenue, and I believe that if that's what they want...buy them a ticket to Commie China. The sign that was in one parade saying "Thank your God we didn't burn our card" ...just that and you better believe it. WHERE WAS MAYOR LINDSAY In the front of the parade was the Medal of Honor Winners and as well...CHUCK (Rifleman) CONNORS. In the reviewing stand was CARDINAL SPELLMAN and many other great guys. Two Chutist bailed out carrying an American flag. They were given tickets by the Police, but allowed to present the colors to the stand. I'd like to bet that some one or group will pay their fine for them.

One ex-GI said he believed that MAYOR LINDSAY was afraid that Chuck Connors was too much competition for him on TV. HILITES IN THE PARADE, The Indian group that were marching. The men with the 1st Ranger Bn. on their hats. The Green Berets here, and there. The old Spanish American War Vet. WHERE WAS MAYOR LINDSAY? The sign saying...This is our flag... We dare you to burn it. Over 75,000 in the line of march. A remedy for those "Yellow Birds" who dare burn our flag...make them eat the ashes. I'll try and give most of the names of the AMVETS members who marched at New York on Saturday... Past Post Com. LOU MIGNONE, Past State Commanders REGAN & GERTZEN, Post Commander BILL HILL, HARRY ZVONIK, FRED BLACKLEY, Past Commander HAMILTON, BOB SUTPHEN, and at least fifteen others. Post 99 was

represented in the march from Seaford, L.I. ANYONE SEE MAYOR LINDSAY? The streets were so crowded with marching units, that we didn't have more than a foot between us to get in formation. ZVONIK was hawking it up as we marched past the TV camera, as people clapped after seeing the sign we carried ...HARRY cried... lets hear it ...LOUDER...Louder.

Before I close... we found Saturday that if we all pull-together... we answer those who would rather be Red than Dead. In my short time on this earth, I have never thought I would live to see the day when many of our own people would stoop to foul our Colors, riot or march in protest against fighting for freedom against a slippery enemy. It is true we must be allowed our rights...but where does it begin and where does it leave off.

Is peace and freedom so important that we shall only have it, and the little guy because he is small and can't defend himself should fall. Is peace worth it when you hear a cry for help... you burn your head away. Our history is marked by thousands of white crosses, because thousands of our youths believed that peace must be bought by a high price. If those who fell at Bunker Hill, Argonne Forest, Guadalcanal, Okinawa, Pusan, and in Viet-Nam could return to-day... I sincerely believe they would do the same thing again... Fight or die. I am no braver than the next man, I turned pale when shrapnel burst, and bullets flew by. Yet if to have peace means cowardice or burning your face from those who can't fight to defend themselves, if it means burning your own countries flag, if it means to disown the boys now dying in a foreign land...then YOU HAVE PEACE...I'd rather have Death before Dishonor.

The Lil Cpl.

P.S. WHERE WAS MAYOR LINDSAY? Oh he was at GRACIES HOUSE... accepting a book of poems from a Russian Poet. Now does that answer your question?

Democrats Dine Italian Style

U.S. Senator John O. Pastore of Rhode Island, fiery keynote of the 1964 National Democratic Convention in Atlantic City, will be guest speaker at the Nassau Democratic Committee's annual dinner June 17 at the Garden City Hotel, County Chairman John F. English announces.

The 60-year-old lawmaker was governor of Rhode Island from 1945 to 1950 and was a member of the 1955 U.S. delegation to the United Nations' Tenth General Assembly.

At the same time, English announced that guests at the \$150-a-plate fund-raising dinner will be treated to a colorful departure from the usual political dinner.

The affair will have a Neapolitan flavor, with an Italian menu, strolling musicians, gifts from Rome for lady guests and other features, all arranged with the help of officials of Al Italia Italian Airlines. Some of Al Italia's prettiest hostesses will be on hand.

Senator Pastore will share the speaker's platform with Nassau County Executive Eugene H. Nickerson, who seeks reelection this year.

"Have you noticed it now takes four cents for you to say your two cents worth on a penny postcard?"

Operation VFW

William M. Gouse, Jr.
Post No. 3211
by Edd & K'abina

In Indiana a speaker on a college campus spits on the Flag of the United States; rips it to pieces; throws it on the floor and tramples on it; in Illinois an adamant teacher stomps on the flag in front of his students; in Georgia a demonstrator pulls down the flag from courthouse grounds and proceeds to desecrate it. These disrespectful acts go unpunished because there is no federal law prohibiting desecration of the American Flag.

Here in New York a dealer sponsors the burning of the flag on its stage; an artist desecrates the flag in various forms and manners and calls it art; in the latest outrage the flag is burned at a communist inspired peace movement in Central Park. Again the desecrator is protected because there is no proper legislation to deal with him.

Last year Congressman Richard Roudebush, a past national commander of the Veterans of Foreign Wars, introduced a bill in Congress that would prohibit the desecration of the flag and punish those guilty of the act. The bill was referred to the House Judiciary committee where it died.

This year Congressman Roudebush introduced the same bill prohibiting desecration of our flag. The bill, known as H. R. 1207, was referred to the House Judiciary committee again where it is still waiting to be acted on. Several other legislators have

submitted similar bills -- all referred to and sitting in the same committee.

There is a ray of hope though. A weekly Washington newspaper reports that the House Judiciary committee, threatened by the House Rules Committee to bypass them, has scheduled hearings on all flag bills that would bring them to the floor of the House for consideration.

The bill introduced by Congressman Roudebush has the full backing of the Veterans of Foreign Wars. Recently, Commander Leslie M. Fry, V. F. W. chief, issued a strong statement in support of legislation designed to make it a federal offense to

desecrate the American Flag. Commander Fry said that the 1,350,000 members of the V. F. W. will deluge their Congressmen and Senators with letters demanding that legislation be passed to penalize those who are so un-American that they have no decent respect for the flag of the nation that allows them freedom of speech, debate and demonstration. Fry also said he believed that the vast majority of the American people would demand Federal legislation.

Next month, on June 14, we celebrate the birthday of our flag. What a better birthday present could we give it than a law to protect it from those who seek to defame and desecrate it. Your contribution toward that present would be a letter to your Congressman telling him how you feel about a law to protect our flag. We have laws to protect us. How about one for Old Glory?

Bank to Offer New Charge Plan

First National City Bank announced a new charge service plan that will enable buyers to charge goods and services this summer at more than 3,000 business establishments throughout Nassau County.

Known as the First National City Charge Service, the plan will become operational on Aug. 1 when charge cards will be in the hands of 250,000 residents of Nassau.

About 1,600,000 bank customers - one out of every five adults in the New York area - will receive the retail charge cards. More than 30,000 metropolitan area business establishments are expected to participate in the program.

A unique feature of the First National City Charge Service will permit cardholders to "charge" small cash loans in amounts ranging from \$25 to \$150 immediately at any of the bank's 166 branches in the metropolitan area.

Participating merchants will be offered a complete charge service that will enable them to convert charge business into cash on the day of purchase simply by depositing their sales slips at a convenient First National City branch.

We have worked on several projects during the year, all of which we enjoyed. Our most recent projects were "Breakfast Is Ready" and Sewing a Simple Blouse". We recently held a Club Breakfast for our mothers and we presented them with a pin-cushion we learned. Now to make from our "Let's Sew" project learned earlier in 4-H. We are now sewing blouses which we plan to wear for the Dress Revue, June 2 - Awards Night. We also went to see "Sound of Music" several weeks ago and are planning a slumber party, to end this year's work in 4-H. Our officers are: Pres. - Lisa Stachek; Sec. - Debbie O'Leary; Treas. - Mary Vitt; News-reporter - Libby Marzella, Ldr. Mrs. Elizabeth Marzella. By Debbie Levine-Newsreporter for "Starliners"

Leader: Mrs. Packman - 96 Phipps Lane.

Junior Leader: Susan Gelman 80 Winthrop Road.

Members: Joyce Packman - 96 Phipps Lane; Andrea Schloss 10 Oak Drive; Doreen Gaeta - 14 Wayland Road; Alicia Hajdu 25 Marilyn Blvd.; Elleen Libow 40 Phipps Lane; Debbie Levine 33 Phipps Lane; Michelle Zam-44 Winthrop Rd.; Susan Levine 4 Essex Road.

Our group just finished the project Stages to Storage. To complete this project we made storage boxes, clipboards, desk blotters, pencil holders, and bulletin boards. Our first project was the storage box. We took a cardboard box and covered it with wallpaper, cut out holes on the sides for easy carrying and sewed on button and hook on the front, for opening and closing.

The desk blotter was made out of cardboard and covered with contact. The clipboard was made by taking a piece of cardboard and covering it with the same contact as the desk blotter and then attaching a clip. The pencil holder was made from an empty juice can that was also covered with the same contact. The bulletin board was made out of Homoset that was covered with burlap, and trimmed with mystic tape.

These projects were worked on at Alicia Hajdu's house and Debbie Levine's house.

The projects were aimed to teach us efficiency and neatness.

In addition, tribute was paid to the following members of the

school's teaching and non-professional personnel, all of whom have been associated with the district at least ten years: John Bolles, Seymour Goldstein, William Simpson, Mrs. Lisa Burstein, Mrs. Imogene Dombrosky, Mrs. Joan MacLeod, Mrs. Ethel Keller, Miss Dolores Poltorak, Mrs. Jeanette Fox, Mrs. Ruth Bernstein, John Horton, Henry Sweitzer, Theodore Hanson, Richard Hundley, William Wetterau, E. Nun to Coordinate Religious Training of Exceptional Children

A nun has joined the staff of the Confraternity of Christian Doctrine in the diocese of Rockville Centre, to focus new efforts on religious education programs for exceptional children.

Sister Mary Joannes of the Nursing Sisters of the Sick Poor, will be in charge of developing and coordinating such programs.

According to the Rev. Frederick F. Schaefer, diocesan Confraternity director, there is a great need for such an effort in this area of religious education.

"We hope to provide a more professional approach through this new position," he said, adding it is "the first approach of its type in the New York area."

Sister Joannes said she hopes to set up teacher training programs for the Fall as one of the first steps. Sister, a registered nurse, has been working for the past four years with exceptional children in St. Raphael's parish, East Meadow, L.I., a center for 92 children from 18 different parishes.

"Years ago, people thought that these children just couldn't be taught, but that's not so. You can see them develop," she said.

At present there are 20 centers of religious education for exceptional children in the Diocese of Rockville Centre.

Sister Joannes indicated the teacher training programs would be designed specifically for those who are teaching exceptional children in the diocese.

Do's and Don'ts Of Bicycling

Bike Safety Week began April 17. May is Bicycle Month. Nassau Police listed 533 bicycle accidents in 1966, with 495 injuries, and 7 fatalities.

Of these, four out of five bikes were in violation of the law just before the accident.

One of three bikes hit the car, rather than the car hitting the bike.

84% of the cyclists involved in accidents were under age sixteen; there were ten boys injured for every girl injured.

The most dangerous hours are from noon to darkness. Seven out of ten accidents occur in the

daytime. Most fatalities are at night.

The number one cause of accidents is riding on the wrong side of the street.

To help lower these tragic figures, and to make 1967 a safer bike year, Franklin H. Ornstein, Chairman of the Long Island Association Bicycle Safety Committee suggest the following do's and don'ts for bicyclists.

DO ride on the right side of the road with traffic.

DO know and observe all traffic regulations.
