## New Budget Vote Looms: Push for Special State Legislature for More Aid

The Hicksville Board of Education this week went on record with state legislative leaders, including Gov. Rockefeller, joining with other school districts in efforts to get a special session of the State Legislature called for the purpose of providing more state assistance and thus reduce the tax impact.

Meanwhile, the Board of Education is prepared to mail every household a summary of the budget to be submitted to a special vote on June 21. The previous budget was rejected on May 3 by a substantial majority. It marked the first time in the district's history that the school budget has been rejected. The summary is expected to reach local residents the beginning of next week in preparation for a public discussion on June 8.

While the final form

of the budget can be altered up to seven days prior to the voting, when it must be posted, there appeared to be little likelihood of substantial further changes in the gross amount.

The next regular special meeting of the School Board is scheduled for Monday night, June 5.

The public library, which also had its budget rejected on May 3, is resubmitting its budget in the same form as the first time around.

## Voice Student At White House

Henry Nieman son of Mr. and Mrs. Henry O. Nieman of 55 Lantern Road, Hicksville, is one of a select group of voice students from Manhattan School of Music, New York, who is appearing at the White House in Washington, D.C. on Thursday and Friday nights, June 1 and 2, at the invitation of President Johnson, in a "Salute to the American Musical Theatre."

The capsule history of American musicals, presented with great success in April at the Waldorf Astoria in New York as a benefit for Manhattan School, is being repeated following state dinners given by the President in honor of Prime Minister Harold Holt of Australia, (June 1) and of Prime Minister Harold Wilson of Great Britain (June 2). This is the first time in White House history that the

same entertainment has been chosen for performance on successive nights to honor visiting notables.

Washington weather will determine if the Manhattan "Salute" is to be performed on a special shell stage on the White House south lawn, or in the famous East Room.

Mr. Nieman, who studies at Manhattan School with Daniel Ferro, is a graduate of Hofstra, and has been soloist at the Cardon City Cathedral and at the Hicksville Community Church.

Kevin F. Russell of 193 Fifth St., Hicksville, has been accepted for admission to the State University College at Delhi in Sept. He plans to study Hotel Management Technology after graduation from Hicksville High.

"OUT OF THE FOXHOLE"... Bethpage mourns its recent death of OTTO C. GRABOW, of the United States Marines, who died in action in Viet-Nam. OTTO was a member of the Bethpage High School Class of 64. IN THIS WORLD TO-DAY... Great Britain, France and the United States promised to help Israel in their troublesome time with the UAR. America once again was on the bandstand... BUT... once again France and England not threatened seems to have lost the will to stick their neck out. I have never read so many Congressmen who said that United States should get out of Viet-Nam. Now with Israel in trouble, the same ones are saying we must do everything to help Israel in what is being termed a "Holy War". Citizens of the United States... write your local Congressman and demand that something be done to punish those who down grade the colors of this great

nation. As one man stated... "The draft-card burners deny any personal responsibility to the country that has given them so much. The disloyal will always be with us but their pitiful outcries will always be drowned out by the men such as those in Viet-Nam today. DID-JA-KNOW... that the U.S. Government over the past 20 years has hired more than 200,000 disabled persons? Thirteen Americans were awarded the Medal of Honor since Viet-Nam war began. By this writing Memorial Day will have gone by... I do sincerely hope that all Americans will participate in showing their backing of what our fighting men are doing. To me though this great country of ours is large, it is not large enough for the loyal and what is termed Viet-Niks and Beat-niks, and those who disgrace our country by tearing the Red, White and Blue. I do believe though America does own the Beat-Niks something... a large box of Soap that they might take a nice clean bath... which may help to clean them a little... in mind, body and thought.

I fly a small American flag night and day between two memorial vases of my Mother and Mother-in-law. These two women gave five sons to WW 2. Of those five men, three are still alive. I was asked the other day by a citizen... "Isn't it against the law to fly a US flag at night. I replied No... but I wish it were. Then I added... if certain elements can spit tear or drag that flag in the dirt, while our youngsters are fighting for it... I will fly it. I am not a flag waver, but I love my colors. I am a patriot, but I do not march the streets with signs expressing it.

### THAT 8-PERIOD DAY

To the Editor:

In an unprecedented way, the people of Hicksville have seen fit to show their displeasure of the inflationary budget presented to them by the Board of Education by defeating the budget soundly.

The Board is now trying to come up with a budget equally unpalatable to the people and it is my feeling that they are headed for another defeat. The suggested reductions are laughable and an insult to the people.

In this budget without depriving the majority of children of any academic and/or recreational facilities, one quarter of a million dollars could be deleted in just one area alone by the omission of the 8-period day. The people have made their feelings clear to the Board on this subject, but it appears that the Board has decided that this stays in despite public opinion.

The 8-period day does not benefit more than a token amount of students compared to the prohibitive cost involved. The majority of the children will be stuffed into study halls at a cost of five minutes instructional time per period each day. Transportation, recreation, hot lunch programs and other essentials have been threatened at the Board of Education hearings thus far but a slightly watered down version of the 8-period day appears to be with us whether we like it or not.

I sincerely hope that the Board of Education as representatives of the people of Hicksville will take heed and reconsider by offering us a budget we can accept wholeheartedly.

### Ode To A Country Lane

Oh country lane, you were so fair,  
Your passing fills me with despair,  
I gaze upon cement and stone,  
On traffic light and safety zone.  
An angel dropped your golden band,  
You hugged the contour of the land,  
Your rose, you dipped, you skirted water,  
Your course ran where it hadn't oughta.  
Though muddy you would be in spring,  
Along your borders birds would sing;  
And in the autumn you would be  
A gold and scarlet symphony.  
Oh how I wish that I could be  
Walking beneath your stately trees,  
Caressed by zephyr's balmy breeze  
My sorely troubled heart at ease.  
Your trees are gone, your birds have fled;  
A highway you became instead,  
Where tires screech, where blood flows red,  
Where every year we mourn the dead.

**NATIONAL CEMETERIES** Transferring the jurisdiction of national cemeteries on the House side from the Department of Interior to the Committee on Veterans Affairs appears near. With this transfer the Veterans Committee would have jurisdiction over all national cemeteries but those operated by the Department of Interior as national battlefields such as Gettysburg, Vicksburg and others.

**SUPPORT YOUR POST** V.F.W. FIRING LINE: Legislation to prohibit desecration of our flag is long overdue. Legislation to correct this abuse was first introduced in the 89th Congress by Congressman Richard Roudebush, a past national commander of the Veterans of Foreign Wars. Last year the Veterans of Foreign Wars adopted a resolution calling for a Federal statute to cover flag abuses.

Early last month, national senior Vice Commander (VFW), Joseph Scerif, told a subcommittee of the House of Representatives that, "it is the position of the VFW that Congress must make desecration of the Flag a crime. Present laws concerning disrespect for the Flag are inadequate to meet the times."

The Flag of the United States is OUR concern. Let us guard that concern. Action by our Congressmen to legislate a federal law prohibiting desecration of our flag is now. Members of the Veterans of Foreign Wars all over the country are writing to their congressmen telling them how they feel about this disgraceful act. Join them.

# Has anyone ever told you you talk a lot?

Most people do, you know. Talk a lot. Especially on the telephone. 600 calls a year, on the average. But you can't really blame them.

At today's rates, a telephone call is one of the biggest bargains you can buy.

Anywhere in the continental United States (except Alaska) for a dollar or less.\* Anywhere in New York State for 50¢ or less.\* And that's not all. We've cut rates 13 times since 1940.

And more than 40% of the calls you paid long distance charges for ten years ago are now local calls.

At rates like these, you can afford to talk to your heart's content. Which is the way we want it. If talk is cheap, blame it on the phone company.

\*For three minutes, minimum duration, plus tax, after 8 pm weekdays and all day Sunday.
