## LILCO Has Long Range Plans To Bury Electric Power Lines

HICKSVILLE AREA which in the future will have underground power lines is outlined on this map. Enrico Serna and Robert Lanz of LILCO speaking at the June 6 meeting of the Chamber of Commerce said this is one of 50 selected business areas for the eventual installation of underground service. To date \$1,000,000 has been invested in the underground work here.

### Lions Donate to Scoreboard

A one hundred dollar donation by the Hicksville Lions Club provided the play that got the run for the scoreboard at IHS into the broken field. The Lions contribution to the Community Drive to erect the scoreboard, in honor of Hicksville's first Nassau County and New York State championship, sparked a banner week.

The Patrons of Shady Maple Rest directed \$40 to the fund and owner Lou Hartmaier sent a check for \$25 in the individual division. In the same category, Henry and Ethel McInnes and Joan Lebkuecher D'Auria sent

\$5 donations. There was one anonymous contribution of \$25 given in honor of the boys on the team.

At its June meeting the Hicksville Alumni, sponsor of the drive, is expected to vote its major contribution which should put the drive within the shadows of the goal. Chairman Howard Finnegan indicates that contributions are still accepted by Conrad Weyer at the Long Island National Bank or by any member of the board of Alumni Directors. Deadline for inclusion in the dedication brochure has been set for Aug. 1.

### Charges Board 'Lying for Years'

William A. Bruno Jr., a former trustee of the Hicksville School District, told a handful attending his "defeat the budget rally" in the vast High School auditorium, Wednesday night, that the "school board and administration has been lying to you for years."

He asserted "you are being overtaxed because of a lack of interest" and insisted that a million dollars or more could be looped off the proposed budget subject to a second vote on June 21.

"The Board wants you to suffer. They want an austerity budget. The grand plan is to force an austerity budget down your throat. You can keep voting down the budget until September," he declared.

He charged that the 7-man Board of Education is "TEACH-controlled" and "one of the most qualified women to run for the Board - Florence Infantino - was defeated." He gave some glowing compliments to School Superintendent Donald F. Alt for providing him with some factual information regarding the budget.

He described the employment of lay help as a "patronage trough, hiring all TEACH people." He said he wants to cut out recreation and "make it pay as you go" for a saving of \$76,890. He also said that reports "of a teachers strike in idle talk" and ripped into guidance counselors, the proposed opportunity high school, planned curriculum studies, the 8-period day, the "controlled press," and suggested that not one but two budgets be offered to the voters simultaneously "to give the public a choice."

Also under Bruno's fire was adult education, use of computers, increases in teachers salaries and charged that \$200,000 could be saved by

closing down Nicholas St. He claimed that he found a stack of paper supplies in the district warehouse "20 feet high and 96 feet long".

He also, as an aside, claimed that "the leader of TEACH wants to recognize the Viet Cong". While he called for questions, few present were recognized. Among those who spoke was Gustave Kiltzau, a registered architect since 1909.

Bruno said the "Sleepy Hollow School Board" is a "rubber stamp controlled by TEACH" and declared that "every school is wired for Educational TV" and predicted, as he has before, that the new Administration building was designed with the specific purpose of becoming a central studio for educational, direct wire TV.

### Covey to Address Scout Annual Meeting

Lighting employees canteen in Hicksville will be the site of the meeting on Thursday evening, June 8 starting at 8:00 p.m.

This Friday night, June 9th, at 7:15 P. M., at the Hicksville Jr. High School, all Nautical Cadets are expected to report with PBC equipment now in their possession. On this night they must return all rifles, flags, medical packs, etc. This equipment must be returned at this time, in order that the necessary repairs may be made before Cadets start again in Sept.

### Ralph Sends Home His Congratulations

Sp/4 Ralph Kowalski wants his parents, Mr. and Mrs. Joseph C. Kowalski, to know that he congratulates them upon their 25th wedding anniversary. He sent the message from his station with the Army in Viet Nam.

### Want 2 Questions on June 21 Ballot

The Hicksville Board of Education has been presented with petitions requesting that two propositions be put before the voters on June 21 when the District School and Library Budgets are voted upon a second time. The petitions will probably be given consideration at the next Board meeting, Monday night, June 12.

One proposed question would increase the Board membership from seven to nine trustees. The other would guarantee student transportation in the amount of \$573,483 for 1967-68 regardless of whether or not the budget is approved.

Aside from the fact that the time remaining until the June 21 vote would not permit the required advertising period, and assuming the petitions are in correct legal form, they would not force the vote upon the District. A petition to force a referendum by school district vote it is understood requires signatures representing one third of the number of children from birth to the age of 18 or roughly 6,000 plus.

The bus question petition, filed with the District Clerk, contains 322 signatures. The petition to vote on an increase in the size

of the Board was signed by 20 persons.

Voters will have their final opportunity to register for the June 21 vote this Saturday, June 10, from 10 AM to 10 PM at the Administration Building next to the High School on Division Ave. Voting on June 21 takes place from 10 AM to 10 PM at seven elementary schools.

### Town Authorizes New Street Lights

Councilman A. Carl Grunewald says that the Town Board had authorized new street lights in the area as he had recommended.

One old type light will be removed and a 250-candlepower light installed in its place on McKinley Ave., Hicksville. An older type of light will be replaced with a 400-candlepower light at the east end of Marie Court, Hicksville. Installation orders have been given the lighting company by Town Clerk William B. O'Keefe.

# Reader Opinion

To the Editor:

It seems that what a finished education bases its budget upon is the fact that the taxpayers do not avoid paying what the law demands, because, if the taxpayers do not pay, the Board of Education, not only can, but will, sell a TAX LIEN on their property, which can be foreclosed to get the sum of money demanded by the Board, whether justified or not.

The only recourse the taxpayers have is to vote "NO" on the BUDGET.

The Board always threatens an AUSTERITY BUDGET, a form of blackmail to put over their "FAT" budget, but they have yet to completely inform the taxpayers, in detail, who gets what money, and for what. This would be informative and a great surprise, to the public as well as the taxpayers.

Some real AUSTERITY, or THRIFT would be of great benefit to the students, the Board, and the sorely over-burdened taxpayers threatened with the loss of their homes by the constantly rising, excessive school taxes.

All taxpayers, and other voters also, should vote "NO" on the BUDGET on June 21, unless they know what they will get for their tax money. At present, nobody knows, not even the Board of Education.

## Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

Well here we are again to share with you another day in the life of the St. Ignatius Cadets. Sunday the first Corps after two hours of drill joined the Second Corps for one more march down Fifth Avenue in the Puerto Rican Day Parade. It was the usual Fifth Avenue Parade - jammed with people and smog and restless marchers, except for the participants located at 46th Street, not that they weren't being their usual selves. It seems there was this combo directly

in front of them and they just happened to be playing the tempo necessary for one of those calm modern-day dances. Within minutes the smiling girls in red, white and blue were in full swing and in a few minutes after that so was everyone else on the block - including the vendors. One minute he was quietly stepping in time by himself and the next minute he was on the arm of a cheery cadet capering to that catchy combo.

The dance period was followed by a tiring march period, but as we look back (after a few hours rest) we realize a few things -- that no matter how tiring Sunday was it was worth it. A few young, energetic, friendly, young women in red, white and blue just by being young, energetic and friendly brought quite a few smiles and a lot of happiness to their neighbors. In that dance, in that parade, in those few minutes each girl enacted her role

At our last meeting, we were very surprised to see another old timer from a few years back rejoin AmVets after a few years absence. On Mt. ## Retired Nurse Receives Big Wheels

When Helen McIntosh -- a diminutive grandmother whose nursing career has spanned more than 40 years -- retired this month at Hofstra University, she had expressed a desire to own a wheel. She did not mean a bicycle. About 100 of her colleagues on the faculty and staff at Hofstra

who heard of her wish presented her with a spanking new two-wheeler at her retirement party, signing their names to a large satin ribbon tied to the handlebars. Mrs. McIntosh, white-haired and 4 foot, 11 inches tall, believes in keeping fit. She intends to devote part of each day to cycling near her home at 33 Gables Drive,

Hicksville, where she lives with her brother-in-law and sister, Mr. and Mrs. George Milnes. And, unlike many retirees, she is looking forward to her new leisure. She also plans to spend more time with her grandchildren, eight-year-old Linda and one-year-old John, the children of her daughter Barbara and her husband, Forrest Carpenter of Wantagh, and to visiting her son, the Rev. Bruce D. McIntosh and his wife in Kokomo, Indiana.

An infirmity nurse at Hofstra for the past 16 years, Mrs. McIntosh is a 1924 graduate of the New York Hospital (Cornell University) School of Nursing. Before coming to Hofstra, she served nine years as an industrial nurse at Banker's Trust Company in New York City, and on various private duty and doctor's office assignments.

**HICKSVILLE TEEN** Democratic Club paid tribute to the memory of President John F. Kennedy and Hicksville's war dead on Memorial Day. The Teen Dems placed a floral offering at the Memorial. The Teen Dems then collected along the parade route for the Kennedy Memorial Scholarship Fund. This marked the third year the Teen Dems have collected for this organization which was created on the Sunday following the assassination of President Kennedy. Hofstra University matches all donations to the scholarship fund. In the picture are Roslyn Goldmacher, Executive Director Joseph F. Rohan, Vice-President James Fousler, Debbie Arnesen, and Michael Watson.

It is nice to see many of the old faces we have known. If some of my old time buddies read this column ... lets hear from you. "Come on down" is the saying ...rejoin your fellow ex-GI's, Navy, Air Force and Marines. Post #44 now has its own Clubhouse to be very proud of. We all mellow with the ages... drop in and see us at our regular meetings on the 1st. and 3rd. Fridays of the month... until next week then its...

## PSC Grants Bus Route Extensions

The Public Service Commission on June 6 at Albany made permanent the certificate of public convenience and necessity held by Mid-Island Transit System, Inc., for operation of omnibus route extension in the Town of Oyster Bay.

The company operates various routes in the towns of Hempstead, North Hempstead and Oyster Bay in Nassau County and in the towns

of Babylon and Huntington in Suffolk County. Its headquarters are at Westbury.

The route extensions now made permanent have been operated since February under a temporary certificate. They are five in number and affect operations of two of the companies prior routes. One extension is 1.5 miles in length via Broadway and Plainview Road to provide a more direct connection between the company's route at Bar Harbor and other routes at Plainview and was established by the company to provide a more convenient and safer operation in the area.

The second extension, 2.1 miles in length, includes portions of Sunnyside Drive, Fairchild Avenue, Terminal Drive, West Ames Court, South Terminal Drive, Commercial Street, all of which are within the industrial Park.

The third extension is .6 mile

in length and was designed to provide better service to and from Nassau Crossways Industrial Park by operation on Crossways Park Road. The fourth is 1.2 miles in length on South Oyster Bay Road to provide more convenient service to the new plants of Grumman Engineering Corporation and the fifth, 1.7 miles long via Unqua and Merrick Roads, was established by the company to provide a more convenient and safer operation in the area.

In a report to the Commission, Examiner Philip Wexler states that consent for the permanent operation of the new extensions has been granted by the Nassau County Board of Supervisors. On the basis of evidence received at a public hearing, he concludes that public convenience and necessity will be served by the continued operation of the five route extensions.

# When was the last time you didn't bother to answer your telephone?

When your telephone rings, chances are it's important. Someone wants to talk to you. So you pick up the receiver. And talk.

Important talk. Small talk. Man talk. Woman talk. It all adds up to a lot of talk. You'd think it would be expensive. But it isn't.

Because we keep doing things to keep your talk cheap.

Things like cross-country calls for a dollar. Things like an overall decrease in long distance rates since 1940. And things like more than 40% of the New York State calls you paid long distance charges for 10 years ago now being local calls.

When you can talk about things like these while just about everything seems to be going up, that's not bad. If talk is cheap, blame it on the phone company.

## HICKSVILLE CLASSROOM TEACHERS ASSOCIATION

Among the many inadequacies in the proposed 1967-68 school budget for District #17 are:

1. Library books and audio-visual equipment.
2. Implementation of curriculum changes.
3. Increases in teachers' salaries.

An austerity budget, however, would do irreparable harm to the educational system and deprive the children of the full advantages of a modern educational program.

# Arrange Girls State Tea

The Annual Empire Girls State Tea will be held on June 11, at 2:30 P.M. at the Williston American Legion Hall in Williston.

Mrs. Edward MacFarlane, Girls State Chairman, will officially greet the candidates and brief them on their forthcoming trip to the State University in Albany.

The 26th Annual Session of Empire Girls State will be held at the State University from June

23rd to July 1st. For this period of time, the young ladies will emulate the New York State Government. They will participate in a mythical "51st State" wherein, through actual participation, the girls will share the duties, responsibilities and privileges of American citizenship. For a one week period, they will elect their own officials, from among their ranks, including Governor and other State officials, judges, members of the Legislature, and city officials—all in accordance with New York law. They will organize their legislature, introduce bills debate and pass or defeat them.

It is indeed an honor for these girls to have been chosen since only one girl from any school in New York State may be sponsored by the Auxiliary.

## JWV Auxiliary Council Elects

The Ensign Laurance D. Soloway Ladies Auxiliary, Jewish War Veterans #652, announces the election of Mrs. Budd Sasloff as President of Nassau - Suffolk District Council of the Jewish War Veterans, Ladies Auxiliary, and Mrs. Sol Rice as Treasurer.

# Would Outlaw Discrimination Against Physically Handicapped

Discrimination against the physically or mentally handicapped is a violation of every basic human and constitutional right and should be out-lawed, Assemblyman Martin Ginsberg of Plainview declared today before a public hearing of the State Constitutional Convention's Bill of Rights Committee. The session was held in Manhattan.

"The subtle type of discrimi-

ation practiced against the physically and mentally disadvantaged may be without malice or intent," he said, "but it is actually more severe and relentless than that practiced against disadvantaged races."

"The disadvantaged," he continued, "have every right to aspire to the full dignity of man. They can attain that right only through a Constitutional provision prohibiting discrimination in employment, housing, education and all areas of civil rights because of physical or mental disadvantage."

Ginsberg, who is co-chairman with North Hempstead Town Councilman Michael J. Tully of a steering committee framing

proposals in the field of physical and mental handicap for the Convention, urged the Bill of Rights Committee to adopt a proposition submitted by Delegate Abe Seldin of New Hyde Park, which would amend the Bill of Rights to protect the handicapped.

"All of our past customers said the same thing. With gas heat they had no maintenance worries, no worries about cleaning soot and chimneys. And that's certainly an advantage to the housewife. Another factor is that with gas

heat you don't have any noise. When a regular burner goes on you hear a rumbling noise.

"I've built plenty of houses. I know what the people want. That's why we're using gas."
