Arrest Trio for Arson In School Dist Warehouse

Detectives of the 8th Nassau County Police Precinct and Arson Squad, working together, arrested three young males at 5:30 PM on Tuesday in connection with a fire in the Hicksville School District central warehouse and vandalism in the Senior High discovered early Monday morning. Pending inventories and insurance company investigations, no precise cost damage estimate was available at press time. However, the damage was described as "considerable" and could run into tens of thousands of dollars.

Arrested and charged with burglary and arson in the third degree were Barry Kalmaer, 16, of 113 Spindle Rd.; Richard Macey, 17, of 108 Spindle Rd., and a third, younger boy whose name was withheld because of his age (under 16). The arrest was made by 8th Squad Detective Thomas DeFreist and Arson Squad Detective Donald Kierman. Arraigned in District Court yesterday (Wed.), they were released pending grand jury consideration.

The fire was reported to the Hicksville Dept. at 3:50 AM by an automatic smoke detector system to the main firehouse. Seventy-two men under Chief Gus Coscova responded with six pieces of apparatus and their prompt and efficient action was credited with curtailing damage.

The vast first floor of the Administration Bldg. on Division Ave., dedicated recently, is a warehouse for all public schools in Hicksville and was loaded to the ceilings with supplies in anticipation of the start of school in September. The stock was covered fully by insurance. Intense heat damaged plumbing and filled the second story administration office area with thick smoke. The staff was excused for the day.

The volunteer firemen were on the scene from the time of the alarm at 3:50 AM until 10:30 AM, Monday.

It was also found, in addition to the set-fire, the adjacent senior high school was extensively vandalized. Typewriters were thrown about, desks overturned.

Marvin Gibson, administrative assistant to School Superintendent Donald F. Abt, was

called to the scene at 5 AM, Monday. Abt is absent from the district on vacation.

The School Board met in executive session last night (Wed.) prior to the regular board meeting to consider the damage and examine the scene. Board President Marvin Goldberg told the Board and public during the open session that no final estimate of damage in terms of dollars would be available until inventories of salvageable stock and other factors were compiled.

The fire scene was described inaccurately this week by daily newspapers as a "storage closet".

The high school had been the scene of a series of small fires during the month of May.

TEACH Working For Budget Yes

The Taxpayers Educational Assn for the children of Hicksville announces its support of the newly proposed \$14,810,000 Hicksville School Budget, according to President Joan Martindale. Flyers will be distributed to every home in Hicksville early in August urging a yes vote and giving voters tax rate information as well as reasons why a yes vote is important.

TEACH is setting up an information service consisting of community volunteers in every elementary school voting district. These volunteers will be given pages of information on the Budget (information collected via many phone calls to the Administration and to Board Members) so that they can answer inquiries from friends and neighbors thus spreading fact, not "fancy", as has all too often, lately, been the case, Mrs. Martindale said.

Since TEACH is cooperating with other pro-education groups in the community in this vital drive to get a budget adopted before schools open, "Information Service" volunteers need not be members of TEACH. Any interested citizen may help. Volunteers are especially needed in the Lee and Woodland Ave. districts. Mrs. Martindale invites calls at OV 17312 to offer services either for the information service or to distribute flyers.

TEACH adds a post script: "Beware of the so-called Taxpayers Budget circulating in the community as a petition. It is an impossibility -- a gross deception. For further information, call the above-mentioned number."

Miss Harriet C. Arnone of 22 Barrel Lane, Hicksville, has been named to the Dean's List for the second semester at Middlebury College, Middlebury, Vt. The daughter of Mr. and Mrs. Peter Arnone, Jr., she will be a junior at the College.

Joseph Barry Council Elects New Officers

Newly elected officers for the Joseph Barry Council, Knights of Columbus, were named this week.

They include Arthur A. Schreiber, grand knight; Robert De Lorenzo, deputy grand knight; Harry Youngmans, chancellor; Harold Gregory, recorder; Walter W. Schreiber, financial secretary; Ed Foley, treasurer; John Mulholland, advocate; Sy Flanagan, lecturer; Joe Kaprinski, warden; Larry Trubinski, inside guard; John Byrnes, outside guard; Frank Karmin, outside guard and George Maguire, three-year trustee.

Sale of Discarded Books at Library

The Hicksville Free Public Library will hold a sale of discarded books beginning Monday, July 31st.

About 2,000 books that have been culled from the regular collection can be picked up at this sale for 10¢ per copy, on a first come first served basis.

These books cover all categories. About one half of them are fiction.

The Library is open from 10 a.m. to 9 p.m. Closed Saturdays during July and August.

GI BILL - EDUCATION. Educational assistance under the Veterans Readjustment Act of 1966 (Cold War GI Bill) is the most popular feature of the measure passed by Congress that provides educational, loan and other benefits to men and women who have had military service since January 31, 1955. Reports from the Veterans Administration indicate that 253,475 were enrolled in educational and training courses under the GI Bill as of May 31. Another 64,999 wounded, ill or disabled were taking advantage of vocational rehabilitation training.

While Congress in enacting the bill made it plain that the purpose was to extend higher education to deserving persons who may not be able to afford it and whose careers have been interrupted by military service, the law is not a charity handout.

For the servicemen who think that the GI Bill is for college students only, definition of the term "school" means not only universities, colleges and foreign institutions of higher learning but other reputable private or public

For a detailed analysis of benefits providing education under the GI Bill and how to apply for them send a self addressed stamped envelope 4 1/4 X 9 1/2" to Times Service Center, Dept. ES, 2201 M Street NW Washington, D.C. and ask for GI BILL, EDUCATION. VETERANS COUNSELING may be expanded in Southeast Asia. The Veterans Administration plans to expand its information and counseling program to take in Thailand and Okinawa. The VA contact teams report advising more than 50,000 men in the first five months of the program.

More than half of the applications for benefits filled by servicemen in Vietnam were for education.

Chapter Collecting Papers, Magazines

It is announced by Master Councilor Don Heberer that Robert Williams Chapter of the Order of DeMolay will hold paper drives throughout his term for fundraising. He requests that the members of the community help DeMolay in their efforts by saving all newspapers and magazines. These will be collected on Saturday mornings. Anyone having papers for Robert Williams Chapter may call the Master Councilor Don Heberer at WE 5-3977 or the Senior Councilor, Russ Tisman, at WE 5-6157. They will arrange to have them picked up.

ALL AROUND TOWN

The HERALD has received a post card from Vince Russo of Plainview who is on a tour of Europe. The card came from Paris.

Dear Sheila:

FRANK CLEMENTS, recently seated as president of the Lincoln Savings Bank, was visiting Kew-Forest at the Hicksville club luncheon last week.... It is reported that ED GIANNELLI is back in Mid Island Hospital.... FATS PAGANO, just back from Detroit says some sections of that city look like the west side of Broadway.... It has been suggested that FRANK HOLDEN put out some benches on the east side of the street for the comfort of those sidewalk superintendents watching the demolition across the street. Some old timers were busy recalling this week that big fire which gutted the former Tallafiero building at Bway and W. Marie St. about 25 or 30 years ago. Firemen were on the scene for almost a week and the building was completely rebuilt from the basement up.... BILL BOLES says we should know better than to spell his name BOWLES. His Leg Cabin is slated soon to be on corner property without moving the building.... The residence of CONRAD KREYLAUS family at 2 Tanager Lane, Hicksville, was considerably damaged by fire reported at 1:12 AM on July 2 while the family was absent. He will be remembered as a candidate for the Board of Education a year ago.... PERTZ BRAUN has become an honorary fireman after 28 years service.... A new local organization of which we have little data is called "Yes for Hicksville" working for passage of the school budget on Aug. 23.... We don't think the vacation absence of DONALD ABT had anything to do with it, but the School Board meeting last night (Wed) adjourned at an unbelievable 10:15.... BILL BRUNO was asked where he acquired his deep tan. He replied "At the beach, gathering signatures on my petition".... School District Treasurer BILL NACHMAN will be on vacation in August.... Only local Boy Scout listed as attending the 12th World Jamboree in Farragut State Park, Hayview Idaho, is ELIA SCHOOMER of Plainview. The scouts leave July 27 by bus.... FRANK MALLETT was handing out cigars this week. His son, DICK, became the father of a boy.... Frank's first grandson. He already had four granddaughters.... Is it true they are going to change the name of Arabian Nights at Jones Beach to Israeli Nights in view of the international situation?.... Welcome back to this issue of the VILLAGER which made its first appearance in the HERALD just 10 years ago as of July 18.... Sister M.M. TUCKER of 90 Cherry Lane, Hicksville, an English teacher at St. Thomas More School, is among school teachers from 13 states enrolled in a six-week Institute for Advanced Study in Reading at Syracuse University which concludes Aug. 4....

We meant to tell JACK EHMANN that the handsome new fishing gear we obtained at his Firestone store, with his help in selection, works as well as gear he recommended in the past. We've caught fish every time out, but the one left much to be desired so we tossed the flounders back to grow up.... Have you met any nice carwigs lately? They seem to be disappearing or we are getting used to them....

Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

It was a thrill for us as we marched in the parade for Levittown's 20th Anniversary on Sunday, July 23, to see so many of you who supported our contest the night before.

Saturday, July 22, was a beautiful night for Pageantry in Brass—

it rained a little but with the co-operation and sportsmanship of our guest corps the show went on. Nothing can dampen the spirit of Drum Corps!

Special thanks to all those who helped make our show a success.

To our advertisers and Boosters.

To Mr. Fred Noth, the Editor of the Mid Island Herald for his year round support.

To "Uncle" Howie Zimmermann for his untiring efforts in our behalf.

And to many others who wish to remain anonymous.

Without your support it would be impossible for us to carry on the spirit of Drum Corps—a spirit of teamwork and love which we hope will spread throughout the world.

Thanks again
Your girls

Library Prepares Operating Budget

The Hicksville Free Public Library will not resubmit its budget a third time, it is announced by the Board of Trustees. At its public meeting held Wednesday, July 19, the Board instructed Kenneth Barnes, Librarian, to prepare an operating budget which will reflect last year's tax rate.

"The library budget has been extremely tight for the last several years," said Abraham Fishman, Board Vice-President, "and the decision taken by the Board means that there will have to be significant cuts in the library collection, and possibly in services as well. On a preliminary basis, it appears likely that expenditures for new books will be cut by as much as 35%. The Board regrets this action exceedingly, especially since the amount sought by the Library could have been taxpayers less than seventy-five cents for the next year by way of additional taxes."

In other action taken at the meeting, the Board voted to request the Nassau Library Service to review the book collection and make recommendations, and instructed Director Barnes to make a survey of library needs for part-time staff.

HOW TRUE. Before I close this weeks column, I have been with Amvets for 18 years. I have seen members come and go. I've seen them drop out for one reason or other. The only reason that affects me is death. Last week Post #44 lost its seventh member since it received its Charter in 1949. AMVET JOHN WALSH was his name. Many may not have known him. Many of us did. Those who knew him have some thing to be thankful for...his friendship, loyalty and laughter. Those who didn't know him should have regrets...regrets for not knowing a swell guy. His sudden departure has left a blanket of sadness among his post team mates that will take a long while to recover from. To Mrs. Walsh his wife, his daughters and son who flew back from Viet-Nam...we extend our heartfelt sympathy. From me to you Johnny I write these few words.... Now pluck the weeds from round my head. Breathe not my name with tears, Just brush away the gathering dust And leave me with the years. The Lil Cpl.

Bingo Control Helps Charities

Oyster Bay Town Clerk William B. O'Keefe has been understanding of the needs of charities in the control of "Bingo" which is one of his many duties.

The aim of the statutes and his own aim in administering them is to let as much money flow to the charities as possible without permitting commercial exploitation of this game of chance which is so popular with the players.

Town Clerk O'Keefe has 30 charitable organizations participating in the game and in the past year these organizations have derived a profit of over a half a million dollars which is of course a substantial amount for their charitable purposes.

Under the Town Clerk's direction the rules of the game have been made uniform and efforts have been made to insure that the players know the rules. The game is controlled by the 'Rules and Regulations' of the N.Y. State Bingo Control Commission and by town ordinance. This year five amendments to the town's Bingo Ordinance were made on the Town Clerk's recommendation setting rent ceilings and other measures all designed to protect the licensed charities from any erosion of their profits.

In the Town of Oyster Bay bingo is a substantial source of revenue for the participating charities at no cost to the taxpayers and much credit for this is due to the efforts of Town Clerk William 'Bud' O'Keefe.

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

Organizational and Community News
 Arts Department: Elaine Hauptman - WE 8-1961
 Deadline for all insertions: Sunday night.

From the Villager Editor:

Happy birthday to us! We were ten years old this week. We first appeared on July 18, 1957 in the Mid Island HERALD.

We worried about "Exercise habits of our canine population," a new post office, education of our children, watering lawns on even days only, garbage, clean streets, stop signs, children on bicycles, and their playing ball in the streets. Have we really changed so much?

We hope our return to the Mid Island HERALD will once again be the start of a long and pleasant association.

Nine Pin Talk

By Henry Dockswell

Next week is position night and our season will be two thirds over. The fight for first place in each of our two divisions has developed along different lines. In Section A, Brizel-Stein (in 1st place) and Holtzman-Reichgott (in 2nd place) have pulled away from the rest of the field. Brizel-Stein are only 2 points ahead of Holtzman-Reichgott but then they jump to a 10 point lead over the Kaplan-Batterman team.

In Section B there has been a real dogfight for the lead. In the last four weeks there have been four different league leaders. Each time a team struggled its way to the top they've been knocked off by their next opponent. At this moment Geyer-Simes are in 1st place by the slim margin of one point. Tied for 2nd are Sachs-Dockswell and Gershen-Truchil and in 4th place, just 4 points away from the top are Minoff-Luxemburg.

Last Monday night we didn't have too many heroes. Three gals and a guy. Dave Kaye was the only man to hit the charmed circle. He aimed a 209 in his very first try and led Kaye-Kahn to a 7-0 victory over Diamond-Warren. They jumped from 8th to 5th place but more importantly they are now only 2 points out.

Ann Dockswell fashioned her first good one, a 175, in the opener too, but Sachs-Dockswell couldn't follow the Kaye-Kahn pattern and go on from there. The opposition was too tough. Gershen-Truchil fought to a tie in the second game and came on to take the third game by the narrow margin of 7 pins. So Ann's effort in the first game proved to be the difference as Sachs-Dockswell squeaked out a 4-3 win.

Lee Goldenberg with a 178 and Lorraine Simon with a 177 closed out the night.

Five weeks to go.

Lost Two Games In All Star Play

In All Star Tournament play the Hicksville International Little League lost two games. The Hicksville Senior All Stars played the Westbury All Stars. Westbury had 8 runs on 11 hits while Hicksville scored 4 runs on 5 hits. The Hicksville Major All Stars played Central Nassau at Abe Levitt Field. Hicksville out hit Central Nassau with 7 hits to Central Nassau's 4 but lost by a score of 4-1.

Meanwhile, the Minor division finished the second half of play. The Boosters beat Paragon Oil 5-4. T. Figliuolo was the winning pitcher with help from T. Richman who threw two men out at the plate. McArdle and Inaudi both had two runs batted in and Inaudi drove in the winning run with a double.

Neighborhood Happenings

Pamela Tropper, daughter of Elsie and Irving Tropper of Maytime Drive, is in Guatemala for the summer. She is living with a family and attending school there, through the "Open Door Exchange Program". Later in the year, the Troppers will have a visitor from a Latin American country staying with them for ten weeks, and attending Jericho High School.

We'd like to hear about your vacation—so drop a line to Bernyce Shimberg, 143 Hazalwood Drive, and see YOUR NAME IN PRINT.

Civics Oppose 'Park and Ride' Plan

By Ralph Diamond

The Birchwood Civic Association's Board of Directors, unanimously has gone on record in opposition to "Park and Ride" in the Landia-Locust Grove site. This decision was arrived at after an exhaustive study made by the Civic Park and Ride Committee.

The "Park and Ride" concept is a plan whereby a large parking area is built next to a Long Island Railroad Station in the anticipation that a great number

of cars will park there and ride into the city by means of the railroad. The main purpose in locating the site in an area behind our community is that many cars from Suffolk County would park here, take the train, thereby easing the traffic on the Long Island Expressway.

Our committee, chaired by this writer consisted of Nat Warren, Sidney Gershen, Marvin Wax, Aaron Mansbach and Philip Roggen, reviewed the problem thoroughly. Information was gathered from every government agency that was involved in the Long Island transportation problem. On site examinations of the proposed sites were made. Answers to specific questions were obtained from the leading authorities and agencies. All of their findings etc. were reviewed by the Civic Board and resulted in the decision that Park and Ride was not feasible in the Landia-Locust Grove site.

The main objections were as follows: (a) it would bring 3,000 cars into Birchwood and surrounding communities, thereby adding to an existing overflow of traffic, (b) the need for Park

and Ride in Nassau County is no longer needed because of the new high speed trains that will shortly be put into use by the Metropolitan Commuter Transportation Authority, (c) the long delay that cars coming from Suffolk would encounter in crossing South Oyster Bay to get into the Park and Ride parking field would discourage them from using the site, (d) the authorities admit that no method could be used to prevent the local residents who presently use either the Hicksville or Syosset station from using this new parking field, thereby defeating the very purpose for which it was created, (e) the land they are considering taking is presently owned by the Town of Oyster Bay, which could better use the site for a park or other vitally needed facility.

The above are merely some of the valid reasons why our Civic Association has taken such a firm stand in opposing Park and Ride. Its opposition will be communicated to all necessary government agencies and others interested and effected by this concept being pushed by the Nassau County Planning Commission.

President's Report

By Ed Poltzelt

Starting with this issue our "Villager" will once again appear weekly in the HERALD. This move from our previous publisher was caused by a variety of circumstances, however, our desire to maintain the policy of supplying the Villager to our Members, at no cost to them was a prime concern.

The Civic Association must keep all avenues of communications open between the Board of Directors and our Members in order to serve their best interests. The VILLAGER is our most adequate and important method of reaching all our members on a regular basis. In order to assure continuation of a complete Villager, supplied weekly to our members, the change in publishers was the only solution.

Our Editor, Lotte Stein, and members of her Editorial Board, deserve a large thank you, here-with sincerely offered, for keeping everything running smoothly during the last few hectic weeks. I would also like to thank Fred J. Noeth, publisher of the Herald for his assistance.

The VILLAGER is very happy to be back "home."

NOTICE OF PUBLIC HEARING THE NASSAU COUNTY BOARD OF SUPERVISORS wants to hear YOUR views on PROPOSED CHANGES IN THE NASSAU COUNTY CHARTER

OYSTER BAY TOWN HALL
Thursday, Aug. 3rd
8:00 P.M.

Do You Favor:

12 New County Supervisors casting one vote each and elected one from each of 12 Equal Size Districts with no direct representation from the towns and cities?

or

7 New County Supervisors elected from 7 "Equal Size Districts", casting one vote each together with the present Supervisors elected from the towns and cities?

or

Retention of the Present 6-Man Board of Supervisors elected from the towns and cities, casting weighted votes by population formula?

What Are Your Opinions On:

Inclusion of the Executive in the Legislative functions of Board of Supervisors with power to introduce his own resolutions and ordinances?

Succession of County Executive by his appointed 1st Deputy in event of vacancy in office?

Creation of a County Finance Department, replacing the County Treasurer with a Commissioner of Finance?

Centralization of Town Receivers of Taxes in new Department of Finance?

Transfer from elected Comptroller to appointed Commissioner of Finance of the examination and audit of all claims before payment by the County?

Abolition of Board of Assessors and Elected Chairman, substituting for them a Board of Assessment Review and Director of Assessment appointed by the County Executive.

Changing County's fiscal year from January - December to July - June, taking County Budget out of election campaigns, affording more time for public study, budget revision and levying of taxes?

Creation of County Department of Recreation and Parks?

Replacement of Planning Commission by Planning Board with plan and zoning advisory functions?

Creation of County Health District and abolition of Registrars of Vital Statistics in the towns?

Creation of a County Department of Health Services to include divisions of public health, mental health and hospitals?

Any other proposed changes?

How Do You Feel About:

An "Ombudsman" with power to investigate all governmental agencies of the County --- including the Police --- towns, cities, villages and special districts? Appointment by County Executive, confirmation by Board of Supervisors?

A "Commissioner of Information and Complaints", with or without power to investigate all elected as well as appointed county and town officials and special districts, but not the Police Department? Appointment by County Executive, confirmation by Board of Supervisors?

Approximately 97 per-cent of all proposals made by the Nassau County Charter Revision Commission have bi-partisan support. Alternatives are offered for remainder.

YOUR VIEWS ARE NEEDED TO HELP THE BOARD OF SUPERVISORS DETERMINE WHAT CHANGES SHOULD BE MADE IN THE GOVERNMENTAL STRUCTURE OF YOUR COUNTY GOVERNMENT. IF YOU CANNOT ATTEND THESE PUBLIC HEARINGS HELD IN YOUR TOWN FOR YOUR CONVENIENCE, PLEASE WRITE IN YOUR CRITICISMS.

Supervisor
