## 17 Vacancies and Changes In Law Confront Voters

Changes in the governing laws of the State of New York and the County of Nassau are to be decided by the voters next Tuesday at the same time as they elect the chief executives and other officials of the County and Township governments. Polls are open from 6 AM to 9 PM.

Seventeen public positions are to be filled by the voters, of which five are county-wide and 10 are in the Town of Oyster Bay. Four full slates have been filed by four parties, although some are endorsements of office seekers on other lines of the voting machines.

In addition to the traditional Republican, Democratic, Liberal and Conservative parties there are several county and town candidates under the label of "United for Peace", seven in the town of Oyster Bay under "Today Independent Party" and one as IVP or Independent Voters.

The Today Independent party candidates are the same as the list of Democratic candidates in the township, lacking a candidate for District Court Judge and two for trustees of the Jones Fund.

Grey Mason, a Glen Cove newspaper publisher, has the distinction of carrying the label of the Republican, Democratic and Liberal parties in his maiden excursion into politics as a candidate for Trustee of the Jones Fund.

### Western Union Moves Office

Western Union announced completion of their move from 172 Broadway, to new and expanded facilities at 125 North Broadway, corner of Lenox Ave.

From an agency operated facility located in a local pharmacy for many years, Western Union established a branch office at 172 Broadway in 1952 to accommodate the population explosion.

The Hicksville branch expanded rapidly with the community. Western Union now has a total of 16 employees at the new location giving service seven days a week. Monday through Saturday from 7 AM to 8 PM and Sundays and holidays from 8 AM to 5 PM.

Michael Pandolphi of 31 Pewter Lane, Hicksville is the branch manager. Cosimo Vigliatore of Farmingdale, is the assistant manager. These two men have a total of 71 years of telegraph experience.

## Marino Would Preserve Courthouse as Museum

Coupled with the first formal admission by a public official that the days of the Hicksville Courthouse at Heitz Pl. and Bay Ave. by the district court system came the announcement this week by Councilman Ralph J. Marino to convert the historic two-story frame structure into a Town museum. While it has been common but unconfirmed knowledge for months that the county plans to move its district court activities to another rented location in Hicksville, no public official had till this week admitted the possibility.

Marino who is majority leader on the Town Board and Republican candidate for Town Supervisor this week proposed the creation of a Town Historical Properties Commission which will have overall responsibility for the use, development and maintenance of the courthouse museum as well as the two colonial structures owned by the Town -- Raynham Hall and the Wightman House, both in Oyster Bay village.

The Town owns the building erected in 1895 on land deeded by Arnold G. Heitz in 1893. Formerly the Justice of the Peace court, it has been rented for a nominal fee to the County since the creation of the District Courts. Marino said this week the building "is slated to be deserted in a few months when a new court house, also in Hicksville, will be completed and ready for use."

Informed sources, outside Town Hall, say the court is scheduled to be located in an office building on North Broadway near the Hicksville-Jericho boundary.

Marino also reported the Town Dept of Public Works estimates it will cost \$15,000 to restore the old courthouse on Heitz Pl. and the Town Attorney's office is currently making application for a federal grant to cover up to half of the cost.

"The history and traditions which are so much a part of this building", Marino was quoted as saying, "make it well worth saving. It also has great value as an example of turn-of-the-century architecture and will make a perfect setting for the display of items of historical significance." He plans a Historical Proper-

A sketch of the old courthouse is a favorite subject of local organizations in illustrating their literature. It has been used by the Chamber of Commerce and most recently by the Public Library in its directory of community organizations just mailed to residents. The Library unfortunately located the building on Herzog Pl., some blocks away from its correct site at the intersection of Heitz Pl. and Bay Ave.

### TEACH PRESIDENT IN THREE CAR CRASH

Joan Martindale of 263 Acre Lane, Hicksville, president of TEACH, was involved in a collision at Willoughby Ave. and Forest Pl. at 4:50 PM on Oct. 25. Driver of the other vehicle was ex-Fire Chief Stanford Weiss of 109 Bethpage Rd who suffered a laceration of the left leg and refused medical attention. A parked car owned by W. Kramer of 40 Willoughby Ave. was also involved.

### Allen Dismisses Fetta Appeal

State Education James Allen has dismissed the appeal taken to Albany by Charles Fetta of 60 Smith St., Hicksville, against action by Hicksville Board of Education in refusing to offer the question of student transportation as a separate question to the voters, it was learned this week.

Fetta sought, at the time of the voting on the budget, to have transportation beyond the legally required distances submitted as

a separate issue. The budget, including transportation, has since been approved by the voters of the district.

The matter had been argued orally before Allen.

Still pending is another appeal by Fetta regarding petitioning to have a vote on increasing the size of the School Board from seven to nine members scheduled at the same time as the budget vote.

# 3-Year Wait for Petito to Write Wins \$500 Bond for Architect

Otto A. Staudt, 75-year-old retired Hicksville architect has been selected as the winner in the contest to see who has been waiting the longest for an answer to a letter to Oyster Bay Town Supervisor Michael N. Petito. He was presented with the first prize, a \$500 savings bond, by Ralph J. Martino, Republican candidate for supervisor.

Staudt, appointed by County Executive Eugene H. Nickerson as public facilities chairman on the Committee on the Handicapped, wrote to Petito on Nov. 16, 1964 requesting that the town

incorporate into its building code several new architectural standards that would make life easier for handicapped persons. The county's "Report on the Handicapped", issued in 1966, stated that the supervisors of the towns of Hempstead and North Hempstead had cooperated with the committee's efforts, but that the Oyster Bay supervisor never had been heard from.

The judges in the contest were John W. Nance, 1959 Democratic candidate for supervisor; Angelo J. Martone, former vice-chairman of the Nassau County Dem-

ocratic Committee, and Leonard Fabian, Liberal Party chairman, 7th Assembly District.

The winners were: (1) Petito running - mate who has been waiting the longest - Louis N. Orfan, a Democrat candidate for councilman. In his capacity as attorney for the Bethpage School Board, Orfan, on June 27, 1966, wrote to Petito, expressing the board's opposition to an apartment house application. Petito never acknowledged the letter, nor told the Town Board about it. There was no other opposition to the application, and consequently, the rezoning was granted, with Petito voting "Aye." The Town Board, when it learned of the community's vehement opposition, reversed its decision.

(2) Newspaperman who has waited the longest - An editor and publisher, who wrote to Petito in Dec. 1963, prior to his taking the oath of office, requesting a message from the newly elected supervisor on the programs he planned to institute. He is still waiting for the supervisor to spell out his program.

(3) Person who has waited the longest to hear from a Petito appointee - Dr. Louis Tucker, N.Y. State Historian. Tucker, under provisions of New York State Education Law, is supposed to get an annual report from the town historian. Two years ago, Petito appointed Joseph McFarlin, of Massapequa, as town historian. McFarlin, a Democrat candidate for councilman this year, has yet to file any reports, it is claimed.

OTTO A. STAUDT, of Hicksville, shows that waiting pays as he holds up the \$500 savings bond he received for winning the "Who's Been Waiting the Longest for an Answer to a Letter to Supervisor Michael Petito Contest." Oyster Bay Town Board Majority Leader Ralph J. Martino, Republican candidate for supervisor, made the presentation to Staudt, who is still waiting for an answer to a letter he sent Petito on Nov. 16, 1964.

## Dear Sheila:

Many, many happy returns to MARY ANN SCOTT on Nov 7 and EVALYN SCOTT on Nov 19. The daughters of Mr. and Mrs. ANTHONY SCOTT of 57 Acon Lane, Levittown, are the grandchildren of our publisher, FRED J. NOETH, and great-grandchildren of MARY MARTINO of East St., Hicksville. The children of MARY ANN SCOTT are now living in Plainview to Malawan, N.J. Formal ribbon cutting for the new Plainview office of the Chemical Bank New York Trust Co is set for 9 AM on Nov 10. The address is 1064 Old Country Rd in Morton Village Shopping Centre. The Taxpayer Independent Party candidate's sign at Old Country Rd and Jerusalem apparently got a shot of paint defacing on Halloween. The Town Conservative party claims "political fanatics" have stolen their campaign signs, 35 in a 24-hour period. Li Lighting Co is expecting hundreds of employees and their families and friends this Saturday, Nov 4, when Open House held at the Operations Centre on Old Country Rd., Hicksville. Program starts at 11 AM and runs to 4 PM with 20 LILCO depts involved. There will be outdoor equipment displays, tours, refreshments and movies. No special observance was planned at Sagamore Hill on Friday, Oct 27, when the 109th anniversary of the birth of THEODORE ROOSEVELT was noted. In the old days when TEDDY was in the White House, local delegations call upon his Oyster Bay residence to wish him many happy returns. It was a long trip by horse and buggy. EDDIE TEVERINI, your favorite hair stylist, is chairman of the Hicksville Rotary Club charter night on Apr 20. BILL BUCHMAN, who appears on the Nov 7 ballot as a candidate for re-election as a trustee of the Jones Fund, is the Rotary Ladies Night chairman with the date set for Dec. 2. Members of 15 Lutheran Churches gather at the Westbury Music Fair at 10:30 AM on Sunday, Nov 5, for a united service, according to the Rev. RICHARD K. MUCK of St. Stephen's Lutheran Church, Hicksville. We understand efforts are being made to have the escalators at Hicksville RR enclosed to keep away wintery gales. Senator BOBBY KENNEDY will be in town around Nassau this Saturday with County Executive EUGENE NICKERSON in a campaign tour. The schedule of stops was not available at press time. Hicksville Fire Dept. is inviting local organizations to a meeting on Nov 14 to plan for its 100th anniversary of volunteer fire fighting in 1968. Now is a good time to plan for a historic float for the parade scheduled in mid-year.

DUTCH HERSCHNEIDER of Jericho, who celebrates his wedding anniversary this Saturday when his daughter, Linda, becomes a bride at St. Ignatius Loyola Church in Hicksville, has been the butt of a lot of good natured humor since he appeared on TV in a handshaking episode with Gov. ROCKEFELLER at the Hicksville RR station last week. ROCKY did not ask Dutch about his brother, THE HAWK. The Governor was in Plainview, Thursday, for a press conference and then rode the shuttle bus from Engineer's Hill to Hicksville depot where he boarded the commuter train with SOL WACHTLER for a trip to Huntington and a speaking date there. The cameras were in action most of the way. EUGENE NICKERSON recently complained about election posters on the lighting company poles around the county. This week Nick 67 signs blossomed on all the poles along Broadway, Hicksville. Some of his eager workers apparently didn't read the press release which spoke of defacing the landscape.

Congratulations to MARILYN TAXTER of Hicksville who was elected first vice president of the Nassau County Firemen's Ladies' Auxiliary at its October meeting in Hempstead. Installation of officers takes place on Nov. 2. A Red Cross blood donor session will take place at Hicksville Methodist Church on Monday, Nov. 13, from 2 to 7:30 PM. JACK WOODS is the new editor of the Levittown Tribune, succeeding ANDY LANG. A new corporation has taken over the Trib. - LELAND BADLER, Republican running for the Oyster Bay Town Board as a democratic candidate, is wrong about a number of things which he proved this week with a press release. He claimed the current "Fusion" slate in the town election this year is the first in the township if not the county. This is far from the truth. BENJAMIN DOWNING, a Democrat, was elected Town Supervisor on a Fusion ticket some 40 years ago and served on two-year term.

## Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

What is a girl cadet?

This is quite a question to answer - but let's try. She can come in any size, any shape, and any temperament conceivable. She can be mischief wrapped in a bathrobe, pockets laden with ice cubes just waiting to slide them down some unsuspecting back. She can be a water bug and the first one in the pool and the last one out, or prefer to sit quietly on the side and read a book. She can (and most likely is) a night owl, or in need of her precious sleep a prim and proper miss with never a hair out of place or the not so reserved corps clown.

Maybe she's at an age where left and right are hard to tell apart. I know her interests vary. They range from horses to choosing the prettiest formal for the senior prom. Dissecting frogs, or perhaps reading Greek drama.

But beneath the differences, lies a spirit and a bond that each girl possesses. This spirit, although never expressed verbally is evident in her actions. On the field of off, it makes little difference, loyalty and self-discipline are her prime characteristics.

The bonfire of enthusiasm and love which she has kindled here will spark not only those she meets here but, those she will encounter in the years to come. This is a St. Ignatius Girl Cadet!

## All Around Town

The League of Women Voters of the Town of Oyster Bay is holding a meeting open to the public on some of League's positions on the proposed Constitution for New York State and other election issues on Nov. 6, 8:30 P.M., at the Reform Church, 560 Old Bethpage Road, Plainview. Call Mrs. Tom Feniger, WA 1-6337 for directions, if needed.

### "AN UNKNOWN SOLDIER SPEAKS"

I was an unknown Soldier. I am not of the dead, but the living. I am unknown because you and those like you who read this article had never met me. I am unknown because I was one among millions who served fought and yes, even suffered in World War II. I did not want to go, but I went. I was to serve one year. I was among the first Draftees. I served that year, plus three years, nine months

and twenty eight days more. They say that the best years of ones life is from 21 to 25. These years I spent living with filth, dirt, sweat, blood and tears.

I am more than proud in my own little way, I was one among millions who helped make this country, my country, yes and your country safe from Japanese and Nazi atrocities. My length of service, my inconveniences,

## Editorial Opinion..

### Mike Petito Had His Chance

Attorney Michael Petito of Plainview was elected four years ago as Supervisor of the Town of Oyster Bay, the first Democrat to achieve that office in decades. He came into office in the midst of blistering charges and counter charges (not unlike the headline assault in Islip and other Suffolk communities these days) which seemed to evaporate within days and weeks after the votes had been counted.

Mr. Petito made a number of promises to the voters four years ago and again two years when he was re-elected. He has failed to make the grade and has not earned the right to continue in this important position of executive management in the affairs of our township.

The Republicans have not always been right but it has been good government under a Republican supervisor and Republican town board that has brought us a long way with efficiency and at reasonable tax cost. We are impressed with the forthright approach of Councilman Ralph Marino of East Norwich in grappling with the problems of the town and the mid-island area in particular. He has shown a keen interest in the flinty attitude of the State Dept of Public Works in such matters as regularly removing the filth and debris from Broadway (a state highway), the re-location of utility lines underground in connection with road widening projects, the free movement of emergency traffic and pedestrian students across Newbridge Rd now under construction. Supervisor Petito in his official capacity has taken no notice of these matters, despite local pleas for his cooperation and assistance.

The HERALD urges the election of Ralph Marino as supervisor of the Town of Oyster Bay together with Councilmen A. Carl Grunewald, Ralph Diamond and Edmond A. Ocker, as well as Town Clerk William O'Keefe and Tax Receiver Sol Newborn.

To keep our town board responsive to the wishes of all residents of the town, for the common interest and good, be sure to vote no on Town Proposition no. 1 (the last across of seven questions on the top of the voting machine next Tuesday). The text of the seven issues is provided on page 10 in this issue. We are suggesting that HERALD readers vote No on each and every question as stated.

### May Bid Work On Public Lighting

Town Board Majority Leader Ralph J. Marino says that the Town will embark on a pilot project of competitive bidding for public lighting district facilities and maintenance.

He said that preliminary studies on competitive bidding have not been conclusive, one showing savings and another increased expenditures when L.I. Lighting Co. services are compared with potential competing contractors.

He said that engineers believed that better information can be obtained by setting aside a test area and calling for competitive bids in which the company enjoying a monopoly on energy may, however, bid against others for installations so that the taxpayers may have the benefit of economies resulting from competition. Marino pointed out that facilities and maintenance are involved, not electrical energy, which will continue to be provided by the lighting company.

### Postmen Collect Paperback Books

Hicksville Letter carriers are collecting paper back books for distribution to US armed forces in Vietnam, according to John O'Brien, president of the Letter Carriers. Arrangements have been made with Postmaster Ralph Cascardi to place a receptacle for books in the main Post Office lobby on North Broadway. Thru the 11 District of the National Assn of Letter Carriers, the books will be shipped overseas. Books will be accepted until Nov. 22.

### Wachtler Walk Rally on Nov 2

U.S. Senator Howard Baker, a dynamic young Republican from Tennessee, will deliver the feature address at the massive "Walk With Wachtler" rally on Thursday, (Nov. 2) at the Island Garden Arena, West Hempstead, sponsored by the Hempstead Town Republican Committee.

Senator Baker shattered 100 years of Democrat tradition in Tennessee when he became the first popularly elected Republican Senator in history to serve that state in Congress. He is married to the former Joy Dirksen, daughter of Republican Senate Minority Leader Everett M. Dirksen of Illinois.

In announcing details of the Wachtler rally, Assemblyman Joseph M. Margiotta, Hempstead Town GOP chairman said, "It will be the biggest boost ever provided a candidate in Nassau County politics." Republican leaders from North Hempstead and Oyster Bay are also working to make the event an overwhelming salute to Wachtler and the Republican Team.

The evening will be kicked off at 7:30 p.m. when organized groups begin to gather in every community of the county. These groups will proceed to staging areas within walking distance of the Island Garden, where they will form into units for the gigantic "walk-in".

The columns of torch-lit marchers will file into the big arena from every direction, Margiotta explained. As the crowds converge, the flaming torches, the music, the camaraderie and the exuberance of the occasion will demonstrate the voter's enthusiasm for Wachtler, he predicted.

"This display of strength and energy will spark a glow of spirit that will send Sol Wachtler into the final days of the campaign with victory in his grasp," the Hempstead chairman stated. Contact is now being made with several show business personalities to provide entertainment for the evening.

An open invitation has been issued to all Nassau residents to attend by the Hempstead Town Republican Committee.

# Opposition To Nassau-Suffolk Apartments Is Softening

**BY STEVE DENNIS**  
**OF THE PLAINVIEW HERALD**

APARTMENTS, with the Nassau-Suffolk County Board of Supervisors, Sept. 13, 1966, even though he had a letter of opposition from the school board.

**MULDOON**  
 Glen Cove Mayor Joseph Muldoon took the city already feeling apartment pressure.

**NICKERSON**  
 Nassau County Executive Eugene Nickerson and his chief planner, Planning Commission acting executive secretary Dick Gardner agree there will be continued pressure for apartments in the county.

**ALBERTSON**  
 Some towns have a temporary moratorium on multiple dwellings or are just plain tough on zoning applications. In Southold and Riverhead, new apartment construction is at a standstill. In Southold, this is because of a master plan that's still in the study stage and because of what Supervisor Lester Albertson described as "water problems."

**VOJVODA**  
 Said Riverhead Supervisor Robert Vojvoda, "We will only grant permits for gas stations, trailer parks, and apartments."

**EXCLUSIVE**

alized their views on garden apartments, primarily because:

- a decline in Nassau & West Suffolk in suitable one-family housing; residential acreage and development; skyrocketing water rates;
- a boom in the housing market; the apartment boom; and the need for more garden apartments, especially in heavily-populated areas like Syosset, south Jericho, Hicksville, and Massapequa.

**PETITO**

Supervisor Michael Petito doubts that the Oyster Bay Town Board will approve anything taller than garden apartments in the near future. He says, "The changing population balance will foster a need for more garden apartments, especially in heavily-populated areas like Syosset, south Jericho, Hicksville, and Massapequa."

**CASO**  
 Nassau County President Superintending Superintendent of the Nassau County Board of Supervisors, who will resist all pressure for them." Caso fears high-risers

**DENNISON**  
 Like Nickerson and Gardner, Suffolk County Supervisor Dennis Dennison and his chief planner, Planning Commission acting executive secretary Dick Gardner agree there will be continued pressure for apartments in the county.

**ECKER**  
 "We haven't closed the door on them," East Hampton Supervisor Ed Ecker declared. "Apartments have been under study here for a year and we agree there is a need for them."

**DEMOCRAT SUPERVISOR MICHAEL PETITO WOULD LIKE TO SEE OUR TOWN BECOME ANOTHER QUEENS, BECAUSE URBAN AREAS ALMOST ALWAYS BECOME DEMOCRATIC STRONGHOLDS.**

**NASSAU POLICE** Commissioner Francis B. Looney, left, congratulates Patrolman Frank Odde of Hicksville on being the 1500th graduate of the Nassau County Police Intermediate Training Program. The two week course is designed to review changes in the law, court decisions, human relations, police-community relations, police ethics and special enforcement techniques. All county and village police will go through the training sessions.

### Legion Opposing Charter Revision

The Nassau County American Legion, representing 57 Legion Posts and approximately 12,000 veterans throughout the county, on Oct. 27 unanimously adopted a resolution stating opposition to the adoption of the proposed Nassau County Charter which will be submitted to the electorate at the general election on Nov. 7. The Nassau Legion feels that the Charter, if adopted, will result in the complete reassessment of all real property in Nassau at full market value. This will, in many instances, nullify the effect of the partial veterans' exemption from real property taxation allowed under the provisions of the state property tax law.

### No Refuse Pickups On Two Holidays

There will be no Town garbage or refuse collections in the Town of Oyster Bay on the statutory holidays, Election Day, Nov. 7 and Veterans Day, Nov. 11. Councilman Ralph J. Marino, Town Board Majority Leader, reminded householders.

#### LEGAL NOTICE

# Your County

by Eugene H. Nickerson  
Nassau County Executive

Next Tuesday, Nov. 7, is Election Day.

Your vote will determine the quality of local government in Nassau during the next three years.

You will be voting on the kind of public servants whom you wish to represent you, the kind of programs which will benefit you, and the kind of future which we will have in Nassau County.

As the incumbent County Executive, it would be inappropriate for me to recommend in this column how you should vote.

I have endeavored to keep politics out of this column, even with a campaign in full swing, and to confine my reports and opinions to the workings of local government.

Even in this role, however, I urge you to consider that this election is vital to the future of our county.

However you vote, do make a point to vote.

You will be exercising the most precious right of American citizenship, a right for which millions of Americans have sacrificed their lives.

Don't leave the voting to your neighbor.

A free people have the government they deserve.

Only in a totalitarian society, where there are no elections, can it be said that the people are better than their government.

Your one vote counts.

In 1960, President Kennedy was elected by a margin which averaged only one vote per precinct.

More recently, in Nassau County, a judicial election was thrown into the courts after a tie vote.

These last few days of the campaign present your final opportunity to weigh the issues and the candidates, the records of achievement and the programs for the future.

The central issue of the County Executive campaign, as presented by all the candidates, is: which man is best qualified to administer with efficiency and economy the government of America's largest suburban county?

That decision is up to you.

**DISCUSSING ISSUES** Mr. and Mrs. William DeMayo of Plainview discuss campaign issues with County Executive Eugene H. Nickerson. The County Executive spend part of Saturday morning campaigning at several Plainview shopping centers where he greeted early morning shoppers.

## Would Raise State Aid To \$800 Per Student

A resolution to gear state aid to schools to the average statewide operating expense was supported by the Merrick School Board at the Merrick State School Boards Association's 48th annual convention in Syracuse. The resolution would raise the state aid share to a more realistic figure and would bring relief to high-tax local districts. The estimated average state-wide operating expense is \$800 per pupil, while the present ceiling on state aid is \$660.

Voting delegate of the Merrick School Board, Richard Ornauer, said that the resolution was "clearly the most important and most deserving of our support."

A proposal that school districts and citizens be given the right to test the constitutionality of federal and state education laws was also approved by the Merrick School Board, as was the resolution that would seek legislation to protect school districts from losing state aid because of shrinking enrollment. Passage of such legislation would aid districts such as North Merrick and West Hempstead on Long Island which are now facing that problem.

Other resolutions approved by the Merrick Board were:

A proposal by the new Nassau Board of Cooperative Educational Services (BOCES) to ask for legislation which would enable member boards in BOCES to approve bond issues instead of submitting them to a popular vote.

A proposal to provide state aid for summer, evening, and adult education courses.

A resolution condemning the use of a state lottery for educational purposes.

A proposal that state aid for school construction be enriched by making more realistic allowances and by including non-classroom facilities such as central kitchens and administrative offices.

A proposal to give local school districts the right to change the date of the annual meeting from the first Tuesday in May as is now required by law.

The resolutions will be submitted to the state legislature for consideration for proposed legislative action.

Representatives from the state's 785 school districts attended the convention.

## SHORT AND SWEET

A child born today is not only likely to live longer than his forebears did, he is also likely to be heavier and taller than they were, so science tells us. It is pointed out that a one-year-old infant today is seven percent taller and 12 to 15 percent heavier than a child in the previous century. His brother, age nine to 14, is likely to be six to eight percent taller and 12 to 15 percent heavier. In England, studies tell us, a youth achieves maximum

height at 21 years of age, while in 1888 it took about 26 years.

Some blind Americans say they are reading more now than they did before they lost their eyesight. This is possible, because Braille books and Talking Books (on records or on magnetic tape) are lent free to more than 100,000 blind Americans by the U. S. Library of Congress, and 34 cooperating libraries in various parts of the country.

This same service will now also be made available to persons with other physical handicaps for whom ordinary reading is difficult or impossible, such as patients with disabling paralysis, loss of coordination through muscle or nerve deterioration, or confinement in an

iron lung or other mechanical hindrance.

## Diamond Proposes Beautification Plan

Town Councilman Ralph Diamond will recommend that the town board consider a comprehensive beautification program "that will improve the attractiveness and safety of our streets without adding to the tax burden," he said this week.

Diamond, who was the special counsel to the Town Board on federal and state aid programs, declared that a master beautification plan is essential for the town to be eligible for federal aid for such beautification projects as tree planting, malls, plazas and landscaping.

He recommended that a non-partisan Citizens Beautification Commission, with members serving non-salaried, be created to:

Set forth the scope and objectives for a comprehensive townwide beautification plan.

Consult with all segments of the town to determine local sentiment regarding beautification of

its area.

Prepare a three to five year master beautification plan for Town Board consideration.

Recommend changes in existing town ordinances which will assure improved appearance throughout the town.

Diamond pointed to the current town tree-planting program based on a "first come, first served" basis as being inadequate since it takes up to three years to satisfy the requests and doesn't conform to any long-range beautification plan.

"With a master beautification plan, drawn by a citizens beautification commission, trees and other beautifying projects could be spread throughout the town to enhance the overall beauty of the town," said Diamond.

He foresees special street furniture, decorative fencing and malls, landscaping and plazas as part of the effort to brighten up the town with the help of federal funds.

## Cheerleading Clinic on Monday

The Annual Nassau County Cheerleading Clinic will be held on Monday, Nov. 6, from 3:30 P.M. to 6:30 P.M. in the gymnasium of W. Tresper Clarke High School, Westbury Road in East Meadow. The registration fee for each participant will be \$2. Over 1000 cheerleaders are expected to attend this event.

At athletic contests, cheerleading is a colorful and spirited tradition in all high schools particularly at football and basketball games. At these games attractive and talented young girls dressed in their cheerleading uniforms, featuring their

school colors, lend style and spirit to the contests. These girls are the school "Cheerleaders."

The skill of leading cheers is complicated. Rhythm, originality, personality, acrobatics and voice are the essential ingredients of a good Cheerleader and can only be acquired through long hours of practice. Expert instruction and training are also essential and once again Nassau County Cheerleaders and their faculty sponsors have the opportunity of attending a demonstration clinic featuring Lawrence R. Herkimer, nation's out-

standing cheerleading expert.

This annual cheerleading event is co-sponsored by the Nassau County divisions of the New York State Association for Health, Physical Education, and Recreation and the Association of Women in Physical Education of New York State. Barbara DiPalma, Chairman of AWPENYS; and Pat Thomason, President of the NYSAPER group, have stated that the cheerleading clinic is one of the most popular activities sponsored by their respective organizations.

Karen Schwartz, Jericho High School, and Lisa Fletcher of Baldwin High School, are co-chairmen of the Cheerleading Clinic.

## From Congress

REP. JAMES R. GROVER, JR.

On the face of it, the story I am about to unfold might appear to be an inconsequential one, but behind it lies a grim commentary on the way the wheels turn in Washington.

It all started innocently enough several weeks ago when I received a letter from a young lady, Donna Moore of Huntington, Miss. Moore wanted to know how she could go about being appointed a Congressional Page.

I replied to the letter by regretfully telling Miss Moore that page positions have, by tradition, been limited to young men. I noted that the Civil Rights Bills of 1964 and 1965 forbid discrimination on the basis of gender. I noted further that the Congressional Reform Bill, now solidly locked in a never-ending study in the Rules Committee by the Democratic leadership of the House (the Senate passed it last May) would allow young ladies to work as Pages.

Having pointed all this out to Miss Moore, I told her of one constructive action that she herself could take. I suggested that she, as a citizen, had a right to complain of these existing inequalities and that she ought to take part in the fight against this discrimination against women. I urged her to list all the arguments that I had passed along and to include them in a letter to the man who could right these wrongs in an instant if he wanted to. I told her to write to Rep. John W. McCormack, the venerable Speaker of the House. I sponsored a There Ought to Be a Law Contest earlier in an effort to encourage participation in government by young people. Miss Moore, very obviously, is a young lady of spirit and a good citizen, like the young students who took part in that contest and recommended needed federal le-

gislation. She followed my advice and wrote to Speaker McCormack. And last week, her letter fell victim to the system.

The Speaker's staff took what they considered the proper action on Miss Moore's letter. They referred it to her Congressman. But, because there was nothing that I as a member of the Republican minority could do to remedy the situation -- and because there is a principle involved here -- discrimination -- I had to refer the letter back to Speaker McCormack, with the urgent request that we take legislation action to right this wrong.

Are we a step closer to National Cemetery expansion? What could be a step forward in that direction was the unanimous vote of 227 yeas against 0 nays when the House of Representatives passed H. Res. 241, on October 20, which would transfer jurisdiction over military and national cemeteries from the Committee on Interior and Insular Affairs to the Committee on Veterans Affairs.

The transfer would affect only those cemeteries not involved in national military parks administered by the Secretary of the Interior and the National Park Service. Some of which are: Antietam National Cemetery (Maryland), Fredericksburg National Cemetery (Virginia) and Gettysburg National Cemetery (Pennsylvania).

The move would give the Committee on Veterans Affairs a chance to conduct a full study of the national cemetery crisis and explore means of fulfilling the national obligation of the country to those who have fallen in its battles.

Nassau County Council V.F.W. and their ladies auxiliary will continue to sponsor dances for the Northport Veterans Hospital patients. The 1967-68 schedule started Wednesday October 18 and will continue through May 15, 1968. The weekly dances are held in the Recreation Hall starting promptly at 8 P.M. and ending at 10 P.M. with approximately 125 patients attending. Visitation date for Hicksville Veterans of Foreign Wars is February 21st.

Next Saturday is Veterans Day. A day set aside where we honor and pay homage to America's veterans. Once again this year Veterans Day Memorial Service will be held at the Junior High School, Jerusalem Avenue, Saturday, November 11th at 11 A.M. Join your local veterans organizations in a ceremony dedicated to those defenders of freedom of past and present.

## President's Report

By ED PETZHOIT

On Tuesday, Oct. 10th, the Board of Fire Commissioners held a meeting at the Jericho Fire House to which representatives of the various local civic groups were invited.

The purpose of this meeting was to acquaint the community with the need for replacing an obsolete 1939 Ladder Truck, now in use, with a new piece of equipment which is suitable for the present and future needs of our Fire District. The firemen of our department, for the past year, have made a study of the various types and styles of available equipments and have come to the conclusion that the "Mack" Aerial Scope Truck would be the most versatile and useful in our Fire District.

The Fire Commissioners are now preparing a proposition, to acquire one of these trucks, which will be put up for a Fire District referendum vote on Dec. 5th. As soon as the B.C.A. receives the final draft of the proposition outlining the details of purchasing the truck and financing the cost, it will be reported upon in the "Villager".

## Ten Pin Talk

By HENRY DOCKSWELL

After an evening of fun, frustration, frantic frenzy (for those of us who fought the pins instead of knocking them down) and finally football, as many of us stayed to see the last few minutes of the Green Bay - St. Louis game, the following facts became evident:

Julie Gershen's "Terrors" lost their second game of the season and their record is now 8-5.

Sam Springer's "Sams Champs" won their third game of the season and their record is now 12-7.

Leo Geyer threw his second double of the year, a 201 and a 203 as he led his "Lions" to an 8-3 victory over Herb Brody's "Charley Browns". Mickey Luxemburg also threw a 201 at the same time as Leo and thus furthered the "Lions" cause.

Bernie Lieberman came up with a good one, a 202, on his second try for the Bernie Kaplans but Milt Hoffman came up with a better one, a 212, at the same time so the Norm Neys wound up on top 5-3.

Art Rosenthal rolled a 203. Leo Shuman aimed a 206. Morris Garlick tripped his way to a 202 and Sid Sachs threw his sixth of the year, a 203.

Despite that 203 that Sid threw, he had a very unusual and frustrating night. If you can, try to imagine Sid Sachs getting 6 splits out of ten frames in his second game. By the time that sixth split showed up, Capt. Sachs walked slowly back from the foul line with a glazed look in his eyes. Then came that welcome 203 and he still saw his "Molars" go down to an 11-0 defeat to the Jerry Reichgotts. He was so shook up that he bought us beer and pretzels as we watched the final few minutes of the football game.

The biggest thorn in the "Molars" side was Irv Herskovitz. As a newcomer to our league and a beginner too, Irv is carrying a 114 average. He must have looked beautiful to his Capt. Jerry Reichgott, as he threw a 147 in his first game and a 158 in the second one to lead the way. Irv gives credit to the \$7 a week he has spent lately practicing.

By Shapiro's "Hy Ballis", whose team number is 3, finally got out of a rut. Each of the last four weeks the best they could do was win 3 points just as if they weren't allowed to win any more points than their team number. Well this week they broke the skein of threes. They won 11 points from the 2nd place Hy Bruckners.

## Homeowners' FHA Insurance

By HORACE BERNSTEIN

Our civic association has received many requests for information concerning the FHA insurance premium which many members are paying as part of their mortgage.

Since this premium is permitted under federal regulations, it was decided to check this matter out with the office of Congressman Lester L. Wolff. Allen J. Kaplan, the Congressman's Regional Aide, advised that under the Dept. of Housing and Urban Development Rules and Regulations Paragraph 203.295 there may be voluntary termination of the FHA insurance upon request by the mortgagee and mortgagee. This termination is without charge by the government provided that the request for termination is made after the mortgage has been in effect over ten years.

In view of the fact that both the mortgagee and mortgagee must consent to such termination, the bank need not give its consent without receiving consideration for it. As we all know, the bank has requested that in order for it to consent to this

FHA insurance termination, it is insisting that the 1/2 of 1 per cent insurance be divided, one-half to the bank and one-half to the home owner. This in effect increases the existing mortgage rate by 1/4 of 1 per cent and simultaneously saves the home owner 1/4 of 1 per cent. Unfortunately, under the existing regulations the choice is simple. Either continue to pay the 1/2 of 1 per cent FHA insurance premium or split it with the bank saving 1/4 of 1 per cent.

Our civic association has not made any recommendations as to what the individual should do but leaves it solely up to the individual to make his own decision. However, our association has asked Congressman Wolff to look into this matter; and Kaplan advises that this matter is now being investigated to see if the existing rules and regulations of Department of Housing and Urban Development can be amended or modified so that the voluntary termination can be requested solely by the home owner without the consent of the lending institution.

## Sneaky Spider---

## 'Brown Recluse' Is A Problem

An innocuous-looking little spider named "The Brown Recluse" has recently been found to be even more dangerous than the long-feared "Black Widow."

The Brown Recluse has become enough of a health problem -- several deaths and a number of serious bites -- to become a subject of a research study and a recent report published in the Medical News Section of the Journal of the American Medical Association.

The spider tries to steer clear of humans -- hence its name -- but because it likes to hide in dark recesses of buildings, it comes un-

der inadvertent human assault in

bedding, shoes and other places where it seeks daytime refuge.

The Brown Recluse has been found in at least 13 states in the South, Southwest and Midwest, and is thought to be moving into other sections of the country. Because of the spider's tendency to retreat into wadded-up newspapers or blankets or other dark areas in daytime, it easily could be transported north by vacationers to states where it has not yet been seen.

The spider may bite without the victim being aware of it. There is little early pain associated with a bite. Unlike the Black Widow, both males and females can inject venom.

Pain may be felt in two to eight hours, followed by inflammation of the skin, blistering, hemorrhage and ulceration.

Of the Brown Recluse's bite, one researcher told JAMA News: "Several deaths have been attributed to this spider. Our data indicate a biological poison much more potent than known snake venoms, and probably more toxic than venom from the Black Widow spider." Exactly how the venom acts remains to be determined.

Treatment involves injection of a medication over a period of days and in more serious cases hospitalization.

## Employ a Veteran Week Scheduled

It was announced by State Commander Anthony Gilcese of AM-VETS of WW2-Korea-VietNam, that Governor Rockefeller has issued a proclamation designating Nov 11th through 17th as "Employ A Veteran Week". Qualified Veterans are entitled by law to priority in referral to jobs by the New York State Employment Service. During the week following Veterans Day, the Employment Office will place particular emphasis on special qualifications of job seeking Veterans.

County Commander of AM-VETS Frank Martino of Wantagh stated "it would be very good business to hire these young men back from the war in which they are fighting for the freedom that so many of us are enjoying today." The Hicksville Am-Vets Post #44 has gone on record to support the Governors Proclamation.

## Elect Bertrand Executive Secretary

At a recent meeting of the Board of Directors, Harold F. Bertrand of Florence Avenue, Hempstead was elected Executive Secretary of the National Beauty & Barber Manufacturers' Association. This is in line with a realignment of duties of the Association Staff. He will continue to act as Treasurer of the Association, a position he has held for the past 26 years.

Bertrand is Immediate Past President of the Uniondale Kiwanis Club, also Secretary of the Uniondale Scholarship Fund, a member of the Adult Education Advisory Committee of the Uniondale Schools and a member of the Hempstead Elks.

MISS KAREN SCHMIDT, 18, of Hicksville, was selected as Miss Queens in the Miss International Beauty Pageant regional finals at the Travelers Hotel, opposite LaGuardia Airport. She'll compete in statewide finals at Grossingers, next month. The Miss International Beauty Pageant is scheduled for Long Beach, California, early next year. More than \$25,000 in prizes go to the top winner.

## Amvets Alley

(Continued from Page 3)

my months of illness from Malaria was my price that I had to pay for freedom. The day that Pearl Harbor was bombed, many of you youngsters in College or Hippies were not on this earth. There were many like you just before Pearl and many at the time the bombs were dropping were even then willing to say don't fight.

You say we have not declared war in Viet-Nam? What is a declaration. But mere words. Soldier, Marine, Coast Guardsman or Airman dies, this is war. The only difference between WW2 and Viet-Nam was that our political parties regardless of their ideas, stuck together as one. Today we have the Doves and the Hawks. The day after Pearl Harbor we had no fleet, our possessions were overrun. With grim determination we fought back to strike the foe. Many of you say, we were not attacked in Viet-Nam nor in Korea, you may speak the truth. But what is the truth? Truth to me is what we want only to believe. We signed a peace in Korea, so the enemy moved elsewhere. If we back out now, where else will we fight?

Has not communism split Germany? Has not Communism split Korea? Is not Communism splitting Viet Nam? Remember these words and watch Cambodia. What would our beloved and honored dead say if they knew that

today's "Flower Children" want to make love not war? Draft Beer not boys? What would their feelings be as they watched these today burn their Draft Cards? No mother or father wants their son to die. No mother's son wants to die. What if we had refused to fight? Today you would have had half Nazi and half Japanese control. I have heard mentioned that we fighting men were no different than the "Hippies" of today.

Let me compare ourselves. We wore our hair long for the simple reason we had no Barbers in the field. We smelled from dirt and filth, cause we had no time to take warm baths with fragrant soaps. We didn't shave because we dodged bullets when ever we were able. I pause many times and in silent prayer, apologize to my many friends and buddies that they had to die.

I have a young son. May god grant it that he will never have to fight in a war. If it must be, then he can take pride that his Ancestors fought against the British. His Great Grand Dad in the Civil War, His Grandfather in World War I and his Dad in WW2. Wars are nothing to be proud of, only if they

are fought for a good reason. That reason must be for freedoms sake. Viet-Nam, an undeclared war or not, is for freedom. We fight there so we need not fight here. Lets keep those Reds from our shores. If you think that Communism is not to be feared, if you think that Communism is not evil, if Communism wants nothing from us, then ask East and West Germany. Ask North and South Korea. Ask North and South Viet-Nam. But may God grant us we never have to ask North and South United States. As long as we demonstrate, the enemy will hold off peace talks. If you have feeling for those boys fighting now, if you have feeling for your country, then regardless of what you think support those kids overseas.

As the Unknown Soldier I say of us that fought in World War 2, twenty five years ago. "We were the youth of America, we were the brave, the strong, the rough and the husky. Now we are the old of the past, the has beens of yesterday, the history of our to-morrow and we belong to the Legions of the Ages. The United States Marines have the word for all this. "Death Before Dishonor".

## County Firemen's Auxiliary Elects

Hempstead Fire Dept. Ladies Aux., Inc. and the South End Ladies Aux. hosted the October meeting of the Ladies Aux. of the Nassau County Firemen's Assoc. Chief John Courtney and 3rd Ass't. George Greis welcomed the ladies and wished them a pleasant evening.

A film on "Defensive tactics for women" was shown by Sgt. William C. Doughty of the Nassau Co. Police Dept. It was very interesting and instructive.

Gloria Lustik, North Bellmore, and Caroline Marrone, Bellmore, were accepted as new members.

Elections were held and officers for 1968 are as follows: Pres. Mayna Sweet, Plainview; 1st Vice Pres. Marilyn Taxter, Hicksville; 2nd Vice Pres. Alice Fuhrman, Massapequa Park; Rec. Sec'y Eleanor Tierney, Levittown; Corr. Sec'y Dorothy Masina, Bellmore; Fin. Sec'y Elisabeth Kefer, Wantagh; Treas. Mary Olsen, Elmont; Conductress Muriel Kiefer, North Merrick; 3 yr. Trustee Frances Kubisa, North Bellmore.

Chairlady for the evening was Dorothy Borgwardt, and Co. Chairlady Elida Chodak. The next meeting will be held in Plainview.

Hunters---

## Look Again Before Firing

This article is aimed directly at the hundreds of thousands of hunters who are taking to the fields and woods this fall in search of game.

Before you pull the trigger, know what you're firing at.

Sporting arms, from a single-shot .22 caliber rifle to a heavy big game weapon to a fast-shooting automatic scattergun, are designed to kill birds and animals. They also can kill or wound humans.

Each fall, several hundred hunters return from fall outings via horse. Thousands of others return with a load of bird shot or a rifle bullet to be dug out. Before almost every hunting accident is not a case of carelessness. The hunter who blazes away at everything that moves runs a big risk of hurting a fellow hunter.

Never cross over or through a fence or climb a tree with a loaded gun. It might fall and injure you. I moved first and re-loaded (the wrong way). Don't shoot at a hard flat surface. Ricocheting bullets can turn loose and injure with deadly power.

Each year, more than 100 people are injured by hunters. Know where your bullet will stop before pulling the trigger.

Keep your gun away from children. Never use a weapon without unloading it. Store guns and ammunition far from children. Use proper gun safety rules.

Always use a gun so that you can control the direction of the bullet. It is not stable. Keep the gun pointed at the ground. If you are hunting, the gun should be pointed at the ground. A loaded gun should never be pointed at a person.

Remember, if you are hunting, the gun should be pointed at the ground. A loaded gun should never be pointed at a person.

### GOOD HARVEST

The pilgrims observed the first Thanksgiving, in 1621, to give thanks for a bountiful harvest. Today, many Americans give thanks by taking bundles of used clothing and bedding to a local Catholic church during the 1967 Catholic Bishops' Thanksgiving Clothing Campaign. The great harvest of goods will be distributed to the poor of 80 countries without regard to race or creed.

### HAVE YOU REALLY...

read everything William Faulkner wrote? There are over twenty different titles of books by this author at the Hicksville Public Library. Which ones have you missed?

### KEEP L.I. BEAUTIFUL

One gift works many wonders

for the day and all weapons are unloaded and cased.

Treat guns with respect at

all times. This may be loaded, despite all precautions. They never point a weapon at something unless you plan to shoot it.

## Move Collection Box on Broadway

Due to the widening of Broadway, Hicksville, the U.S. Mail collection box formerly located at Broadway and First St. has been moved to Broadway and East Carl St. In addition, a collection box has been installed at 33 East Old Country Road (in front of McKee Lumber), according to Postmaster Cascardo. He urges early mailing.

"Mail deposited in the Post Office prior to 5 P.M. makes better Airline and Railroad connections and insures speedier delivery," he added.

### CADDY, BIKE COLLIDE

A Cadillac limousine and a Honda motorcycle were involved in a collision at Old Country Rd. and Elson, Hicksville, at 6:15 PM on Oct. 28. Kenneth Dittmar, 19, of 91 Bay Ave., Hicksville, the driver of the motorcycle suffered a laceration of the forehead and was taken to Meadowbrook Hospital in a police ambulance. The limousine was driven by Thomas Gibson, 47, of Massapequa.

has declared a 25 cents cash dividend per share, payable Nov. 15, 1967, to Holders of Record Oct. 25, 1967. This cash dividend is in addition to a 5% stock dividend already paid this year he said.

The bank is celebrating its 50th anniversary of founding this year-end.

## Your vote for the TOBAY INDEPENDENT PARTY TEAM will finally put an end to:

- GOP boss control and "ownership" of our Town
- Irresponsible waste of your tax dollars
- Shocking patronage scandals
- Disregard for the public interest

For too many years, the old-guard GOP bosses have "owned" the Town of Oyster Bay. For too many years, they have exploited their "control" of Town government for their own interests and those of patronage-seeking party pals. For too many years, they have counted on their political machine to keep them entrenched in power.

Some people believe it would take a "miracle" to stop the GOP. It can be done, with the votes of independent-thinking citizens and a team of candidates dedicated to good, independent government for our Town. This fusion team of candidates is running on two lines: the TOBAY INDEPENDENT PARTY line and the DEMOCRATIC PARTY line.

## THIS IS THE YEAR OF THE MIRACLE!

YOUR VOTE ON THE "TIP" LINE WILL ELECT A FUSION TEAM OF INDEPENDENT REPUBLICANS and DEMOCRATS FOR GOOD GOVERNMENT IN THE TOWN OF OYSTER BAY
