

100 Years of Fire Fighting Round-Up Oldtime Vehicles for May 25

Probably the first serious effort to bring together as much as possible of the few pieces of oldtime fire fighting equipment, now carefully preserved in fire houses from Queens to Montauk Point, is being made for the Cavalcade in Hicksville on May 25 which will mark the 100th anniversary of organized volunteer fire fighting in the community.

Present Repeat Old Photo Show

The Hicksville Public Library will present on Thursday, Nov. 30, at 8:00 P.M., a program called "Old Hicksville". This was given last year and was the most popular program ever presented at the library. It is a collection of slides made from photographs loaned by long-resident Hicksville families showing the community of past years.

Gardiner Gregory of the School District audio-visual dept. made the slides from photos, documents and records, the collection of which was a communal effort on the part of the library, Gregory and Richard Evers of the Jr. High faculty.

The library received many calls last year from people who had missed the program but had heard about it from others, requesting that it be repeated.

During the weeks ahead the HERALD will publish a series of articles citing highlights of the history of the fire fighters in Hicksville and on Long Island.

It is known that oldtime fire equipment is being preserved in Farmingdale, Hempstead, Roslyn and other firehouses as well as in a private collection in Baldwin. The Committee in charge of the Cavalcade is planning to seek both non-mechanized and motor-driven vehicles to enter the festive celebration.

All community organizations are being invited to plan floats for the cavalcade on the theme of the celebration and their own activities over the past century.

The Fire Dept. is also encouraging organizations planning socials or benefits during the year to adopt a theme which ties in with the 100th anniversary of fire fighting; i.e., firemen's ball, oldtime melodramas, etc.

Wouldn't You Know It?

Work 2 State Road Jobs at Same Time

Prospects were "excellent" this week that widening and reconstruction of two state highways which spear northward into the heart of Hicksville will be underway simultaneously throughout most of 1968 and 1969 with the award of separate contracts. Both Broadway and Newbridge Rd. from Old Country Rd. north to the LIRR are involved.

Tully & Dinapoli was low bidder of six on the 1.27 mile reconstruction of Broadway from Marvin Ave. north to East Barclay St. The cost is set at \$1,414,140, and the completion date is Aug. 13, 1969.

J. D. Possilico Inc. of Farmingdale, lowest of five bidders, has the job for Newbridge Rd. from Old Country Rd. north .76-mile to the corner of James St. and Broadway near the post office at a cost of \$984,346.50. This job is to be completed by Dec. 3, 1969.

With both Broadway (Rt 107) and Newbridge Rd. (Rt 106) under construction a heavy increase in north-south traffic is expected to be detoured into Jerusalem Ave., a county road, from the vicinity of the LIRR station to Old Country Rd. East to west traffic for this distance is expected to be hazardous and difficult.

The State Dept. of Transportation, apparent successor to the State Dept. of Public Works, describes the Broadway job as consisting of two 25-foot wide concrete pavements with a 20-foot wide raised median or divider. North of Park Ave. (4th St.) 10-foot asphalt concrete strips will serve as parking lanes; south of that point as shoulders.

The Newbridge Rd. work is also two 25-foot wide concrete pavements separated by a curbed mall and flanked by parking lanes.

THIS SKETCH appeared on the front page of the HERALD on Oct. 24, 1963 — four years ago — to show the effect of the widening of Broadway from 66 to 110 feet. Most of the buildings on the west side of the street have been demolished and plans for future use of the property remains vague and uncertain.

Trio in Race to Replace Saurer as Commissioner

A three-way contest for the position of Hicksville Fire Commissioner now held by Ex-Chief Charles Saurer was assured this week with the filing of candidate petitions with George Frey, secretary of the fire commission. Saurer has indicated that he will not seek re-election on Tuesday, Dec. 5, when the voting takes place.

Announced official candidates are James Taxter, Robert Hammond and John J. MacDonald Jr. The term is for five years and all qualified voters for general elections who have been district residents for 30 days are eligible to vote. There is no advance registration requirement.

Also to be elected is a three-year Treasurer of the Fire District. Incumbent George Wallach is a candidate for re-election. Voting will take place at the E. Marie St. Firehouse on Dec. 5 from 7 PM to 10 PM.

MacDonald who resides at 29 Jay St. is the father of seven children employed by an insurance company. He is an active member of Holy Family RC Parish and a Hicksville resident for 17 years. A member of Fire Co. No. 7, he was chairman of the last annual Labor Day Parade and Drill.

Renew Appeal To Contributors

Frank Chlumsky, Chairman of The Salvation Army's Hicksville Service Unit, announced this week that the Christmas Appeal on behalf of The Army has opened in the community with the sending of an appeal letter to all former contributors.

The Chairman pointed out that

helping others has been the prime concern of the men and women of The Salvation Army for over 100 years. "During Christmas, 1967 please help continue the work of love and kindness among the needy in our community by sending a generous contribution to The Salvation Army."

Teachers Union To Take Appeal

The Hicksville Federation of Teachers says it is appealing the Hicksville Board of Education designation of the Classroom Teachers' Assn. as bargaining agent for district teachers, according to the October - November issue of the "LI Union Teacher."

"The HFT is challenging the credibility of the third-party involved and also the arbitrary cut-off date imposed for submission of authorization-designation cards," according to the Union paper.

Statements published during October in the HERALD regard-

ing the first scheduled then canceled vote by teachers on bargaining agency as well as the School Board's recognition of the Classroom Teachers Assn., after the filing of designations with District Court Judge Francis J. Donovan as the impartial third party, have not been challenged or questioned to date.

ALL AROUND TOWN

The Hicksville Board of Education will hold its regular business meeting next Wednesday night, Nov. 29, in the Administration Building on Division Ave., at 8 PM.

Viet Casualty Insurance Sought

Congressman Lester L. Wolff this week will introduce legislation to enable the parents of a Hicksville youth killed in Vietnam to collect on the boy's life insurance policy.

Wolff is introducing the private bill on behalf of Rita and Thomas Tomasovic, of 82 Myers Ave., Hicksville.

Their son, the late Stanley Tomasovic, had waived the life insurance policy but the Dept. of Defense deducted premiums from

his monthly pay check while he was in Vietnam. Therefore the Tomasovic's feel they should receive the \$10,000 value of the life insurance policy.

Congressman Wolff agrees and will introduce a resolution to enable the parents to collect the proceeds of the serviceman's group life insurance policy. Stanley Tomasovic was killed in action in March of 1966.

"OUT OF THE FOXHOLE"... The new mast-head and photo is very nice FJN... thanks a million. It seems every time that my son JIM, Jr. takes a photo, the HERALD prints it. He is getting to be a very good photo.

I heard the other day the only reason that our Police Dept. in New York City did nothing about the "flag burning" last summer by the demonstrators in the park was because it was not illegal. Don't forget folks an American flag can be burned when it is soiled or damaged. These characters were a wee bit shrewd... they burnt a 48 star flag. I burn them myself if they are old, damaged or soiled. After all we now have a 50 star flag and a 48 one is no good anymore.

REUNIONS: If any of our AMVETS who served with outfits having a reunion in the Spring... please let me know what date and where... I'll be more than glad to print them. That goes for all you ex-G.I.'s. If any of my readers have old stamps from their everyday letters, please send them to me at Grant Ave., Bethpage... I'll be happy to receive them. I send hundreds monthly to all different hospitals for vets to pass their time away.

Don't forget AMVETS... Post #44 will participate in services at Pineslawn National Cemetery this December 7th, with the LL Col. McElane Post. Let's see how

many we can get to attend. When I attend these functions I feel a bit sad when I can no longer blow "Taps". I retired "Old Betsey" after 30 years... I believe she needs the rest now. I have her on a plaque over my small bar in the cellar. I played her with the Boy Scouts, Sea Scouts, Army, American Legion, VFW and faded out with the AMVETS. It was nice knowing her.

I wonder if the "We Love Peace, Stop Killing Commies, Draft Beer Not Boys" noticed in a certain Long Island paper the other day a photo of a young G.I. of the Ninth Div. who was wounded. Not only was he wounded and alive, but was "booby trapped" as well. I don't know how true it is but I hear that a great many veterans groups are collecting razor blades and soap (not for our G.I.'s) but for the groups that are staging these protest marches. In a way I don't really mind them so very much it's these College Profs that get me. When I say College Profs... I only refer to those who make a fool of themselves. I don't like this mess, you don't like this mess, our boys don't like this mess. Let's all together pray for the end... but not by staging riots or brawls. The Massapequa VFW Post 7277 had a word for it when they passed out buttons... saying "USA, Love It or Leave It".

had the opportunity to meet and work with many people and to do many things together. We have grown together as a Corps in many ways.

Thankful for our past successes and knowing we must build the future on the past always striving to be a little better and to grow a little more we begin our tenth year in a spirit of hope and enthusiasm which was born in the past, is nurtured in the present, to grow in the future. It is with this thought that we begin our 1968 season.

On Saturday, Nov 25, we will appear at the Mid Island Shopping Center to welcome Santa Claus.

See you then!

Propose Parklet On 6-Acre Site

Councilman A. Carl Grunewald says that a citizens committee will be appointed to advise on facilities which would be provided in a new six-acre park in Hicksville if the property is acquired after a public hearing in Town Hall, Nov. 21.

Grunewald said there is neighborhood sentiment for the new park in the area of Old Country Road, Plainview Road and New South Road, a triangular parcel south of the South Oyster Bay Road intersection.

Preliminary views are, Grunewald said, that a park similar to that on Haypath Road, Old Bethpage, could be developed on the site.

VA COUNSELING. The Army has ordered a six step program to help speed counseling assistance on veterans benefits to hospitalized soldiers. The new program calls for hospital commanders to give "maximum support" to VA officials in this objective.

VA REPORT: The VA advises us that this country's living veteran population has passed the 26 million mark. This is an all time high number of living veterans of this nation.

The VA also disclosed that a later summer survey in co-operation with the Department of Defense showed slightly more than 200,000 were separated from the Armed Forces after having served in Vietnam.

More than 40,000 names of living veterans are added to VA rolls each month. The September living veterans population was 25,948,000.

The Finnegan Scoreboard

The keeping of scores at Hicksville High athletic competitions has been an obsession with Howard J. Finnegan back into the time before the Comets were so named. He can produce data on who jumped further, scored most, etc. over a substantial period of the school's history.

The successful completion of the project to provide the high school with a handsome scoreboard to record the Comet victories was a tribute to Mr. Finnegan and the dedicated members of the High School Alumni Association.

It will be the Finnegan Scoreboard to us.

Regarding Relative Size

Riverhead out in Suffolk County is considered a "big town" being the seat of County government, etc. But just consider these figures: In the election of a town supervisor last week the tally for Hicksville was a total of 15,432 ballots with over 100,000 voting in the Town of Oyster Bay.

The Riverhead vote for Supervisor was 3774 for incumbent Supervisor Robert B. Vojvoda to 3774 for Democrat David J. Dougherty. In other words, there are almost twice as many voters in unincorporated Hicksville as the whole town of Riverhead. And yet, Riverhead has its own local town government.

Continue Taping Overseas Messages

"Operation Heart-to-Heart Talk", a program by which Long Islanders may communicate via tape or amateur radio transmission with their loved ones in the armed forces without charge, will continue through Christmas, William E. Harrison, president of Harrison Electronics, announces.

Harrison will provide, without charge, tape recording facilities, and postage for those who wish to send personal voice greetings and messages to their kin in service.

In addition, Harrison will accept, again without charge, amateur radiogram messages for transmission overseas via the American Radio Relay Service—a group of ham radio operators who relay messages on to their overseas destinations. Replies are generally received within an hour of the transmission of the original message. Long Islanders may fill out message blanks at Harrison's which will be started on their way via the operating amateur radio station housed in the firm's new retail center.

Harrison Electronics is located on Route 110, at Smith St., in East Farmingdale, (Operation Heart-to-Heart Lab) and may be reached daily from 10:00 am till 6 pm, Thursday and Friday till 5 pm to make repairs.

Petito Okays Town Budget

Town Supervisor Michael N. Pettit announced his approval of the 1968 Town Budget following public hearings held at Town Hall on Nov. 9th. He urged the Town Board to make every effort to reduce spending during the coming year and pointed to a number of areas where criticism must be levelled. He also reiterated his position against holding budget hearings after election because public interest decreases sharply in a post-elective period.

Petito said he was voting in

favor of the \$10,311,000 Budget in light of the fact that the Board had adopted almost all of the reforms and proposals he had suggested several months ago.

While approving the Budget for the coming year, Supervisor Pettio pointed out several areas where review is necessary to maintain a stabilized spending program. He stated that there was a drastic over-estimate of revenues from incineration which amounted to \$150,000 and that another \$25,000 had been over-estimated in Beach revenues.

A \$550 donation announced on Homecoming Day by the Hicksville Alumni Association Board of Directors completed the Scoreboard drive in honor of Hicksville's first Nassau County Championship football team.

The open field run to the goal by the Alumni was sprung by a series of early fall scoring plays.

Hicksville Athletic Dad's Club contributed \$100 and put the goalposts in sight. The Elks Club clipped off a valuable \$25 worth of yardage. Alumni and Friends of HHS who attended the Alumni Spring Dance netted the drive \$137.44 and the Class of 1942 presented \$25 on the occasion of its 25th anniversary.

Persons and firms who participated in the recent 1967 Homecoming Football and Dance gained an additional \$147.

Interest on the special account, kept for scoreboard donations by Alumni Treasurer Conrad Weyer, came to \$18.29.

Gaining a vital first down yardage were patrons in the individual gifts section. Mr. and Mrs. William Kumer, Mr. and Mrs. Bud Cramer, Mr. and Mrs. James Fyfe, Jeffrey and Kevin Kumer, Councilman Carl A. Grunewald, William E. Clark and Howard J. Finnegan, scoreboard chairman, all snapped in with \$5 donations.

All contributors from the Hicksville community will be acknowledged in the Dedication Brochure.

First LI Judo Champ Contest

The Long Island Judo League is holding its first all Long Island Judo Championships featuring the best young judo players in Nassau and Suffolk counties on Sunday, Dec. 3. There are eighteen judo clubs involved in this oriental sport here on Long Island.

Winners in the junior and senior divisions will receive trophies for placing first and medals for second and third places. Toyota Motor Distributors, Japan's largest auto manufacturers, is donating the awards as a first for judo here in the east. As American sports companies did much to introduce sports in Japan, Toyota is trying to do likewise with Japan's favorite sport now so popular here in the U.S.A.

Winners of this tournament will be sent to state and regional championships. Weigh-in time for juniors ages eight to 16 will be 12 noon. The contests for juniors will begin at 1:00 P.M. The

weigh-ins for seniors 17 years and older will begin at 3 P.M. Competition will start at 4 P.M. The place of the contest is the fieldhouse gymnasium of the State University at Farmingdale.

There will be over 200 of Long Island's best junior and senior judo players competing for the following clubs: Valley Stream, coach, Hank Kraft; Oceanside, coach, Dave Roseman; Rockville Center, coach, Sam Boone; Wantagh, coach, R. Lanese; Glen Cove, coach, Fred Bernstein; Hicksville Jo-Ai's coach, J. Turchiano; Malverne, coach, Don Higuchi; Levittown, coach, Geo. Tedeschi; East Meadow, coach, Bob Steinberg; Nassau Judo, coach, Bill Carver; Farmingdale, coach, Leonard Mayer; Stonybrook, coach, Dick Danley; Smithtown, coach, John Brisbois; Patchogue, coach, Ted Farbstain; Southampton, coach, Cucciaro; Brookhaven, coach, Gen Shirane; Huntington, coach, Roger Jennings.

These days
the word bargain
has a familiar
ring to it.

One of the biggest bargains you'll find anywhere is your telephone. You can do more with it, dial more people, get them faster than ever before. And despite these improvements in service, some telephone costs have actually gone down.

More than 40% of the New York State calls you paid long distance charges on ten years ago are now local calls. And since 1940, there has been an overall decrease in long distance rates.

That's why we say that when the telephone rings, it has the ring of a bargain. A real, lasting bargain. If talk is cheap, blame it on the phone company.

Take Warning: More Radar

Nassau Police Commissioner Francis B. Looney announces the county Police Department has acquired three new radar units.

The department's Traffic Safety Division uses the units to conduct speed surveys. So far this year, 239 surveys have been conducted at the request of town and village officials, precinct commanders, and private citizens.

The surveys are used to determine the need for amended speed limits, additional speed controls, and additional controls at high frequency accident locations where speed is a factor.

With the radar units already in operation, each of the new units will be manned by two patrolmen trained in the operation and care of radar equipment.

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

 Deadline for all insertions: Friday night.

FROM THE EDITOR:

Villager Suggestion Brings Improvement

Floyd Bennett, national hero and renowned Arctic explorer, would be proud of Jericho. The VILLAGER in its Sept. 14 issue took Floyd's Discount Stores to task on the incredibly dangerous condition of the Birchwood Shopping Center Parking Lot. Two weeks later substantial repairs had been made and the community thru THE VILLAGER wishes to thank the management for quickly responding to a public need.

This action seemed to bring another welcome improvement, perhaps by the example and possibly by coincidence. A few weeks ago the Waldbaum general store area of the parking facilities underwent a facelifting accompanied by a re-alignment and new markings of all parking spaces, which constituted a vast improvement over what we had before. A much improved manner of traffic flow is now evident, resulting in better parking facilities, easier movement of traffic and safer conditions for pedestrians.

The VILLAGER and all of Birchwood wish to express to those responsible their thank you, for which we trust will be accompanied by a most successful shopping season for our local merchants.

Citizens Groups To Assist Planners

Councilman Ralph J. Marino, Town Board Majority Leader, has announced plans to establish various citizens' committees throughout the Town to assist in the development of a final township master plan.

Marino said that committees throughout the communities of the Town would permit full community involvement in determining the final form of a master plan to meet future community needs and continue orderly growth.

"It is most essential that the planning process reflect the thinking and wishes of the community affected," said Marino. "By appointing these non-partisan citizens groups, who will report to the Development and Planning Action Commission, we will truly get a democratic approach to planning."

Marino said that these citizens groups would be comprised of leading citizens that represent the interests of the school, library, fire and water districts, and civic and fraternal groups.

Marino envisions these groups using the preliminary master plan as a guide for study and comments on the development of the various communities.

"With the preliminary plan available, local officials and citizens groups will have something from which they can make recommendations," said Marino. "Without any written report, the development of a final master plan based on suggestions by the community would have been virtually impossible."

Marino said he hopes these citizens groups would be operative in several weeks "free from a political atmosphere" to effectively and constructively help Dr. Edward J. Cook and his Development and Planning Action Commission go through the preliminary plan and create a final master plan that will provide for Oyster Bay Town's future needs.

Invite Legislators To LI Conference

Congressional and State Legislators from Nassau and Suffolk have received invitations to the Second Annual Legislative Dinner of the Long Island Water Conference, to be held at the Westbury Manor on Monday, Nov. 27, at 7 p.m. State Senator John D. Caemmerer along with Assemblymen Joseph M. Reilly and Martin Ginsberg, who represent this area, are expected to attend.

Conference Chairman Joseph Segall, of Plainview, announced that the program will consist of status reports on the current underground water resources in the bi-county region and Conference activities providing for the future long-range term transfer of water from areas with surplus water to those that are deficient, if and when this becomes necessary. The Legal Committee will outline Water Conference suggestions for constructive legislation in the essential field of water management.

Hairstyling Talk

by Jerry

There is always a problem as to what style looks best for the lady. To properly define hairstyling is to say that a trend prevails but the style within this trend can vary to the facial contours of the woman. Presently we're between two styles in the same trend - a straight, smooth, exposed ears, and a curly look, both quite short and both quite flattering. We are primarily involved with the facial contours to create an oval look.

Today's trend has strongly to do with bangs, basic shortening of the face to create a strong eye attraction.

We have to understand that clothes and shorter skirts, moderately shorter skirts set the style for the hair. All things must blend in order to fit. You can't dress with expensive clothing and accessories and have the most important thing - your hair - dated, to some other era and time. To sum up, the hair style is as important as your mink or jewelry.

Good grooming is cleanliness and attractiveness. (This is such a vast subject that I would like to have your comments and get deeper into it on individual thinking regarding the problem of styling.)

Safety Hints

Carbon Monoxide Peril

With winter on the way, the Automobile Club of New York cautions motorists about starting a car in a closed garage. In a confined area, the carbon monoxide fumes from an idling engine can be dangerous. Always open the garage doors before starting the engine of your car.

Keep Your Distance

It takes a lot more time and distance to stop a car on ice or snow than it does on a dry pavement. So, keep more distance than usual between you and the vehicle ahead this winter and pump your brakes lightly when trying to stop on slippery surfaces, advises the Automobile Club of New York.

Ten Pin Talk

By HENRY DOCKSWELL

The "Terrors" are almost back to being full time Terrors again. They wound up beating Sid Sachs' "Molars" by a mere 7-4 score but up until the last game it looked very much like it would be a sweep. But Marv Kahn came to the rescue. He precisioned a pretty 213 and led the "Molars" to a face saving 4 point last game. You must say one thing for the "Terrors". Not only do they have the best bowling arms in the league, up to this point, but they also have the loudest team spirit, at least that's what they call it. This was pointed out to some weeks back but not until this past week did we have the pleasure and privilege of discovering it for ourselves.

Leo Geyer and his "Lions" were involved in quite a clash with Hy Shapiro's "Hy Balls". Leo crashed a 239 in his first attempt and a 225 in the third game for a beautiful 623 series and his "Lions" won both those games. But Hy cracked a 200 in the second game. Charlie Smith barged a 217 at the same time and with the co-operation of the other Hy Balls they took that second game with a 335 score. This was worth 5 points and set a new Hi Team Game Scratch record.

"Sam's Champs" are making their move. For the third week in a row they have won 8-3 victories and now they are only 1 1/2 points away from leaving the cellar. This week Bill Sussman threw a 212 and started the "Champs" rolling. If opposing Capt. Robbie Goldstein hadn't thrown a 222 in the last game to take that one away Springer's team would have fashioned a shut out.

Norm Ney and his men have named themselves the "Abnorms" and Sy Bruckner's boys are calling themselves "Murder, Inc." Well, the "Abnorms" killed "Murder, Inc." Norm racked up a 202 and led the way to an 11-0 shut out. This was really murder for the Bruckners as they fell to 7th place.

Morris Garelick came to the "Guzzlers" rescue when he tripped his way to a 212 in the final game and squeezed out a 7-4 win over Nat Warren's "Weepers". The win put the "Guz-

Youth Orchestra To Return on Dec 2

Mark Saturday evening, Dec. 2, on your calendar. That's the night the L. I. Youth orchestra will present a concert at Jericho High School at 8:30. Included in the concert will be Tscharkowsky's 5th Symphony, Weber's Overture to Abu Hassan, Copland's Quiet City, and Schumann's Concerto for four horns and orchestra.

Tickets may be purchased at \$1. for students and \$1.75 for adults from any of Jericho's ten orchestra members, who are: Davis Kass, Gary Greene, Chlorella Mulligan, George Mulligan, Jessica Pincus, Steven Molins, Jill Sirota, Alan Bunin, and Kathy Combs. Tickets can also be purchased at the door.

The guiding force behind the Long Island Orchestra is conductor Martin Drowitz. Originally begun by Mr. Drowitz because he felt there was a genuine need for an orchestra for adolescents.

Recently the orchestra has had the good fortune of having Martin Gould as a guest conductor and Theodore Uppman as a guest singer. Both rehearsals proved to be enriching experiences for the orchestra. The orchestra plans to present three other music programs at high schools to be announced at a later date. Mr. Drowitz has also planned a weekend concert tour for the orchestra.

Parents are invited to bring their children that evening to browse, to buy, and to enjoy themselves.

zlers" in 2nd place, 17 points behind the "Terrors".

Last week we forgot to mention that Elliot Spencer had thrown a 208. Sorry Ely. The rest of this week's Magic Circle Honor Roll is as follows: Sid Simon 232, Murray Kowlowitz 210, Jerry Gold 206, Harold Pepper 201 and Irv Simes 200.

Be Sure of Address On Overseas Mailing

Postmaster Ralph G. Cascardi urged residents of Hicksville, Plainville and Old Bethpage to be sure to use the correct address on letters and packages going to servicemen overseas to avoid serious delays in delivery.

Postmaster Cascardi reported that millions of letters and packages going overseas have been delayed because they were insufficiently addressed. He said that one of the biggest problems has been the failure of persons to include the important 5 digit APO or FPO number in the military address. Mail not containing this number is incorrectly addressed.

He said that last year more than 9 million pieces of mail were delayed in delivery. Of this number, 3 1/2 million pieces failed to include the complete 5 digit APO or FPO number in the address. This improperly addressed mail had to be sent to a military locator directory where time-consuming searches were made to determine the proper addresses.

General Session For Internationals

The Hicksville International Little League will hold a general meeting on Monday, Nov. 27, in the Hicksville High School at 8 P.M. in Cafeteria A.

Please return any outstanding uniforms at this time, if the uniform needs repair, please pin a note on the uniform stating so.

The Hicksville International Little League is holding a candy sale now through Dec. 7.

SILVER ANNIVERSARY - Marvin Marsden of 415 Division Ave., Hicksville, celebrates 25 years of association with Grumman Aircraft Engineering Corporation on Nov. 27. He will be feted at the aerospace company's annual "Quarter Century Club" luncheon when he will be presented with a handsome engraved watch. A group of 35 are on the Grumman 25-year service honor roll during November.

"As the Christmas mail volume going overseas is expected to increase up to 30 percent or over four million pounds above last year, every precaution should be taken by friends and relatives of servicemen to address their letters and packages properly to assure rapid delivery to its destination," Postmaster Cascardi said.

There are four essential elements to an overseas military address: (1) The serviceman's identity - grade, full name, and service number. (2) His military unit - complete. (3) Gateway post office - New York, San Francisco or Seattle, and (4) APO or FPO - a 5 digit number.

When any of these elements is missing, the letter or package will be delayed in delivery.
