100 Years of Fire Fighting

ONE OF THE SPECTACULAR floats in the Hicksville Tercentennial Parade of 1948 was the entry of the Court Queen of Angels, Catholic Daughters which was in preparation, decorated with miles of crepe paper. Organizations are being encouraged to plan and build floats for the motorcade in Hicksville on May 25th to mark the 100th Anniversary of Volunteer Fire Fighting in Hicksville. Interested groups are invited to contact Anniversary Chairman Al Bianculli, Fire Headquarters, E. Marie St., or Co-Chairman B. Medford O'Connell who is in charge of the motorcade arrangements.

Light Community Tree At Mall This Weekend

The Hicksville Rotary Club in cooperation with the other service clubs will bring a little of the holiday season to the center of the community again this year, the HERALD is pleased to report. Formal tree lighting at the John F. Kennedy Memorial Mall, Broadway and John St., is scheduled for this Friday according to Martin McDonnell, chairman and past president of Hicksville Rotary Club. The Kiwanis and Lions Club are cooperating.

Freeman L. Parr, Rotarian and nationally known arborist, had people of his staff decorating the tree.

THIS YEAR AS IN PAST, the Charles Wagner Post #421 The American Legion, remembers the men and the women in the service of our Country. Here, are Russ Schubert, Commander Stuart Armstrong and committee Chairman Steve Wladys. In addition to sending to service personnel in Viet Nam, names of all the service men that were submitted to the Hicksville Post received a package and to his date, over 125 gifts have been sent. Although not available for a photograph the following deserve much of the thanks: Jack Ehmman, John Shepard, Helen Wladyska, Mike Palladino, Clem Thornt and Richard Hochrueckner.

DELAY FINAL PAYMENT FOR HUSH-HUSH REPORT:

Booz Allen Revamps Set Up in Schools

Payment of a \$4,423 fee to Booz, Allen & Hamilton, described as "the world's largest firm of management consultants", has been tabled by the Hicksville Board of Education pending receipt of the final copy of a report on a study which has been going on for most of 1967. The final report had been due since Sept. 1. It is now anticipated by the end of this month.

The Booz-Allen project has been shrouded in secrecy with some documents regarding it circulated as "privileged and confidential". While the Board mem-

bers have met with representatives of Booz-Allen regarding phases of the study, the sessions have all been off the record and executive with the public barred.

Trustee Thomas Nagle told the HERALD in answer to a direct question last week that the consultant's report would not be available to public inspection until the final document is received.

It is known that some admin-

strative changes in the district have apparently been based on preliminary Booz-Allen study. School Superintendent Donald F. Abt who had formerly operated with three administrative assistants (William McCarthy, Marvin E. Gibson and Leon J. Galloway) today has two assistant superintendents (Charles D. Ahern of Smithtown and Dr. Gerald Murphy of Oyster Bay).

LIFE MAKES DEBUT:

Money for Education Boosting Delinquency?

The view that "talk of money for education" in the form of increased State Aid may be "contributing to juvenile delinquency" was expressed by Charles Fetta of 60 Smith St. at the Hicksville Board of Education meeting last night (Wed.)

Fetta who said he is president of LIFE (League for Intelligent Financing of Education) in Hicksville made his comments after School Trustees expressed their concern over increasing educational costs to State Senator John D. Caemmerer and Assemblyman Joseph Reilly. The legislators said they have introduced bills to increase the state aid ceiling from \$660 to \$760 per pupil. Reilly said that the possibility of a bill raising the ceiling to \$800 coming out of committee "is remote".

Taxes are out running wages, Fetta told the Board and cited a survey of 14 families on his block (Smith St.) where he found 12 families contribute more than eight hours a day either by the husband holding a second job or the wife working. He indicated that with parental supervision absent because of the necessity to earn money to meet tax bills, youngsters are getting into trouble.

During the discussion with the legislators the Board heard that 60 school budgets were defeated in the State last year, 57 in Nassau-Suffolk.

It was reported that a six percent increase in per pupil education costs is anticipated for the coming year while a raise in the state aid ceiling from \$660 to \$760 would amount to a 15 percent increase.

The Board heard a report from Claire Melrowitz, chairman of the Community Relations Advisory Committee, regarding committee recommendations on district policies, distribution of the School Board Report publication and related topics.

Take Property Off Tax Rolls

With thousands of dollars worth of taxable property being acquired by the State of New York in Hicksville thru condemnation for the purpose of widening and re-routing state highways, the community has found the cost of schools and other public services spread over the remaining property owners with a proportionate boost in local tax charges. The school district, at the suggestion of State Senator John D. Caemmerer, may seek compensation thru State Legislative action.

Senator Caemmerer suggested that the district submit a bill for Albany consideration when he met with the School Board last night (Wed.). He noted that a dozen areas of the state have proposed that kind of fiscal relief and made particular mention of the village of Old Westbury which, he said, has lost 25 percent of its assessed valuation thru state projects in the last 10 years.

School Attorney Joseph Catalano was directed by Board President Marvin Goldberg to look into the possibility of seeking help for Hicksville municipal bodies which have lost portions of the tax base by state acquisitions. Senator Caemmerer pledged his cooperation in this direction.

An unidentified person in the audience at the Board meeting raised the question about lost taxable property. He also commented upon the apparent long delay in the reconstruction of structures which have been demolished and cleared.

Pageantry in Brass

By the St. Ignatius Girls Cadet Corps

A few weeks ago we wrote a column which not only traced the history of Drum Corps but projected the sport into the future and space travel.

Well the reactions were as different and varied as the many personalities they reflect. Some were amusing and others more serious.

One young lady was delighted with the prospect of being on the moon. You see she's on a diet and she seemed to remember reading somewhere that for every six pounds one weighs on earth on the moon it would only be one pound (a word of warning for

Twiggy - Look Out)

Some were a little more practical. They questioned gravity as a problem and worried about the cumbersome space suit.

A drummer, who has a tendency to drop her sticks, commented "Well my sticks will never touch the ground". By the present rules any equipment that falls to the ground counts against you.

So it looks like all are willing to go if the means were available and that the advantages of competition on the moon are greater than we thought when the idea was first presented to us.

ALFRED MERRILL Jr., grandson of Mrs. Anne Merrill, retired teacher of Hicksville School system, received the Eagle Scout Award on Nov. 2. His father, employed by DuPont in Virginia, is a 1943 graduate of Hicksville High School.

Young Merrill, a Junior in Martinsville, Va. High School, is Junior Asst. Scoutmaster of Troop 64, Brotherhood member of Powhatan Lodge 456, Order of the Arrow; district representative for Patrick Henry District, past delegate (1967) to the 52nd Anniversary National Conference, Order of the Arrow at Lincoln, Neb., and was an attendant at the 1967 Area III-C Pow Wow at Camp Shenandoah.

Among Al's high school activities are past Camera Club president, annual staff photographer, member of the Concert Choir, French Club treasurer, Senior Science Club vice president, and member of the varsity wrestling team. In addition, he is also past president of the First Baptist Church Youth Choir and a 1966-67 member of the Community Chorus.

Gala New Year's Party At Temple

The Sisterhood of Congregation Shaarei Zedek, New South Rd. and Old Country Rd., Hicksville, is holding a gala New Year's Eve party at the Temple. There will be a sumptuous Smorgasbord from 10 p.m. to 12 p.m. and a complete prime ribs of beef dinner served at midnight.

Dear Sheila:

STANLEY is at Hicksville Firestone in a big way. Stanley is the famous line of tools and Firestone is an authorized agency for the products... Big flap taking shape over Huntington way where the State of New York plans a drastic land-taking to construct an enormous traffic interchange for the corner of Jericho Tpke and Route 110. We understand residents and business people of the area are simply furious... The Coopers of Kuhl Ave., Hicksville, are preparing for the return home from Viet Nam of their son, Rick, in the next few days... What happens to food prices when a supermarket drops trading stamps? A NYU study reports that stores that dropped stamps in two large-city neighborhoods in 1965 cut prices initially, but the reductions were not maintained... Bishop KELLEBERG will bless Catholic couples who are celebrating their golden wedding anniversaries during 1968. The blessing will be given Sunday, Jan. 7, at 3 p.m., at St. Agnes Cathedral. Couples to be honored are asked to notify their pastors not later than Dec. 17...

Comments here last week about new model cars used in driver education need some amplification. Robert Chevrolet (formerly MacPherson) for 15 years has made new Chevies available without charge to Hicksville schools, a fact which should be noted. Command Lincoln-Mercury deserves a special mention for coming to the rescue in a tight situation and making cars available free of charge when Fords were called back... Klein's coming to Mid-Island? We have not been able to get anyone in authority to confirm or deny. The old Nicholas St. School bell which summoned your parents and grandparents to classes will soon be permanently displayed in the high school due to the cooperation of former Board President HENRY C. BRENGEL. More on this shortly...

Banker CHARLES BARVELS was a guest at Hicksville Rotary at the Milleridge last week (of Dr. SAM ELKIND) and won the award for the luncheon... The stellar High School football team was the guests of Hicksville Kiwanis last week at the Old Country Manor... We liked this quip in the Kiwanis bulletin quoting BOB WARNER as telling his son: "If you don't learn to write, nobody will be able to read your picket sign"... The Kiwanians entertain at Jones Institute on Dec. 20 and visit with shut-ins on Dec. 23. The annual father, wife and child Kiwanis luncheon is Dec. 27... We asked a member of Hicksville School Board "who is Boaz Allen" who is supposed to be making some kind of confidential report on the school district. The quick reply was "they are a bunch of fakirs"... The Board has granted permission to an organization calling itself LIFE (the League for Intelligent Financing of Education) which is described as "similar in nature to TEACH and Freedom in Education", both of which have sponsored school board candidates in the past. President of LIFE is CHARLES FETTA. The group will hold a general meeting Dec. 21 at Hicksville Public Library at 8 PM... The Hicksville Schools currently have these job openings: three custodians, two cleaners and one part-time cleaner. Applicants go to the Administration Bldg on Division Ave., Buildings and Grounds Dept. ... Only seven shopping days to Christmas...

The alarm for the fire at the Jericho Country Club sounded at 4:15 PM on Monday. Hardly 15 minutes had passed from the giving of the alarm when an insurance representative wanted to know the estimate of damage... County Police Commissioner FRANCIS B. LOONEY reported that 59 percent of the 555,000 motorists who had their cars stolen last year left the keys in the ignition. National reports also show that 17 percent of the stolen cars were involved in accidents... For Nassau 35 percent of the cars had their keys in the ignition and 15 percent were involved in collisions. Auto theft have increased 42.9 percent for the first ten months of 1967 compared with the same period last year, in the county...

OPEN LETTER

TO
LONG ISLAND HOMEOWNERS

Dear Homeowner:

Winter is a "BUYERS MARKET" when, with overhead weighing heavily on the heads of most of us in the Home Improvement Field, — the "BUYER" (and I reluctantly admit to this) has the edge in bargaining.

Yet too many consumers are convinced, and erroneously so, that Aluminum Siding and other outdoor home improvements are impracticable during the cold winter months. NONSENSE! From your pocketbook's point of view it's certainly ideal... so, for your sake and mine (not to forget the men I employ), — don't delay!

ACT NOW! and SAVE as much as 20% off our already discounted prices. Oh, yes! You don't start paying until the Spring and financing is available.

Cordially yours,

I. TROPPER

plus Galloway and Gibson as administrative assistants. McCarthy had left the district to assume a position in Huntington.

At the same time, the business functions of the district have been revised with Dr. Ahern more or less in overall charge. Richard P. Weigang has continued as business manager with Frederick J. Ricker as his assistant.

Weigang and Ricker no longer appear at Board of Education meetings, to answer questions on business matters. These are not referred to Ahern for reply. He also handles questions on buildings and grounds. William Becker is still director of Buildings and Grounds but he no longer participates in meetings.

It is known that the drafting of the new school budget, expected to reach the hands of Board members in January, is now in the hands of Ahern.

There is no documentation of activities by Booz-Allen -- confidential or otherwise -- in the official files of the District. It is reported unofficially that the study will cost the District upwards of \$8000.

When a list of bills and claims was offered for payment last night (Wed) at the final regular meeting of the Board for 1967, Trustee Cornelius McCormack objected to the final payment of \$4,423 and moved that it be tabled. "I am not paying for something we have not received", he added. Six Board members agreed and voted to table the item, while President Marvin Goldberg who assured the members the final report would be received "by the end of the month", objected.

It is understood Goldberg plans to call an executive committee meeting on the Booz-Allen report and several other items in the first week of January.

"There was a time when oil was cheaper than gas heat. In fact I used to buy it for 11¢ per gallon. The price of oil has gone up to about 18¢ per gallon today. Also, with gas heat there's no maintenance expense because there's no wear and tear on the system and because you get free service any time of day. Oil is hardly cheaper now."

Flames Destroy Country Club

The office of Nassau County Fire Marshal Peter Lynch has been requested by Jericho Fire Chief Vito Nastasi to investigate the cause of a fire which seriously damaged the Jericho Country Club on Jericho Tpke on Monday.

Jericho volunteers responded to the alarm at 4:15 P.M. and mutual aid assistance was given by Hicksville, Syosset and Westbury Fire Depts. A large frame building was gutted. The volunteers returned to headquarters at 11 P.M.

Chanukah Family Service at Temple

Temple Or Elohim will hold its annual Chanukah family service on Dec. 22 at 8 P.M. The early hour of the service has been set to encourage families, particularly parents and children worshipping together. Rabbi Rose will deliver a sermonette with a message for the entire family. Cantor Gabor will lead the Junior Choir and the entire congregation in a medley of Chanukah songs during the service and also at the Oneg Shabbat.

The festival of Chanukah will fall on Tuesday evening, Dec. 26th at which time the first candle will be lit. Jews through out the world will recall the heroism of the Maccabean family and of those who joined in the first recorded struggles for religious freedom held approximately 170 B.C.E. Latkes, which are potato pancakes, will be served in the religious school December 19 and December 21 by the Sisterhood under the chairmanship of Mrs. Allan Cohn.

For eight days, beginning Dec. 26th, Jews will light an additional candle in commemoration of this victorious struggle.

The Friends of the Jericho Public Library will supply coffee and cake to the filmgoers before each showing.

The film series for pre-school age children held on Tuesday mornings at the Jericho Jewish Center is nearing its final showing of the current series. The last showing of the current set of programs will be December 19th. The next series will begin on Tuesday, Jan. 30th and will continue for the next eight Tuesdays through February and March. The programs will be held in the same room at the Jewish Center and will start at 10:30 A.M.

Ten Pin Talk

By Henry Dockswell

Our league doesn't have it's position night until the last week of each half season, which isn't for 4 bowling weeks yet, but Herb Brody and his 2nd place "Charley Browns" got a preview as they met Julie Gershen's front running "Terrors". Herb was ready. He cracked a 210, a 196 and a 225 for a sweet 631 but the "Terrors" refused to be swamped. Julie came up with a 202 in the last game to pull out a 4 pointer and avoid a shutout. The "Terrors" lead is still 22 1/2 points with 4 bowling weeks to go. Herb now has 10 Magic Circle games and he is tied with Leo Geyer for the league lead.

Irv. Simes, sometimes known as "Champagne Charlie," made another party Monday night but this time the party was all his. He klunked those pins to the tune of 195, 216 and 215 for a bubbly 626 as he led his nameless ones to an 11-0 win over Norm Ney's "Abnorms". Norm came up with a beauty, a 226, in the second game but Jerry Leight joined Cap't Irv. and threw a 203 to overshadow that effort. This was a good win for the Simes' crew as they went from 6th to 3rd and are now only one point behind Brody's "Charley Browns".

We've learned how to spell Murray Kowliowitz's name pretty well these past 6 weeks. For the fifth time in the last 6 weeks Murray has penetrated the 200 barrier. His latest one, a 209, had some real significance as he teamed up with his Cap't., Hal Goldenberg, to lead "Doc's Ducks" to an 11-0 whitewash of Robbie Goldstein's "Robbers". Hal cracked a 214 and the two of them led their mates to a new Hi Team Series Scratch of 2585. Murray Gittelman's "Guzzlers" took a bit of a tumble even though Murray and his "Guzzling" teammate Milt Goldberg were in fine form. Murray curvey a 224 (his third in the last 4 weeks) and Milt fired a 204 but they wound up on the short end of an 8-3 score as Hy Shapiro's "Hy Balls" took the series. The loss dropped them from 3rd to 5th place.

Sy Bruckner came up with the best game of the night, a 237. This was his 8th good one and puts him only 2 behind Geyer and Brody in the race for most 200 games.

Sid Sachs, 212 --Leo Geyer, 201 and Gerry Reichgott 200 were the other show-offs of the night.

Next Monday, December 18 is the last bowling night before our 2 week lay-off. The following 2 Mondays are Christmas and New Years and there will be no league bowling.
