## Rotary Hears About School Project

HICKSVILLE ROTARY CLUB is considering a plan to sponsor, in cooperation with the Peace Corps, a school for a South American community. The subject was explained at the Hicksville Club meeting, last Thursday, by guests of Rotarian Edward Tevartini, second left, by Joe Looby of the Peace Corps and Fred Reaver, extreme right, president of the Patchogue Rotary Club. President Harman Kanfer is at the extreme left. (Photo by Frank Mallett).

## Public to See Report By Consultants 'Soon'

The Booz, Allen and Hamilton study of business management practices in Hicksville School District will be made available for public study when the Board of Education has "scrutinized it", President Marvin Goldberg assured the public at a Board meeting last night (Wed). The final report, he said, had been delivered at a cost of \$13,500.

It is known that several of the recommendations by Booz-Allen of Chicago have been put into operation in the District, including the appointment of two assistant Superintendents of Schools.

The final bill from Booz-Allen for \$4423 was approved for payment at the Board meeting. With trustees Cornelius McCormack and Thomas Nagle voting no.

estimated \$22,000 in transportation cost, less the loss in state aid, for a net sum of \$13,000.

### Christian Mothers Plan Inaugural

The St. Ignatius Loyola Auxiliary of Christian Mothers will hold an "Inaugural Ball" on Friday Feb. 9th at 9 P.M. in the School Auditorium. Friends and neighbors of the members are invited to attend. Tickets are \$6.50 per couple which includes dancing to the Rhythm Kings, buffet party, and door prizes. Set-ups will be available at a minimum charge.

During the same meeting it was revealed that the proposed budget of the district for 1968-69 should be in preliminary form by Feb 26 when the Citizens Budget Advisory Committee is scheduled to meet. In answer to a question from Joan Martindale, president of TEACH, School Superintendent Donald F. Abt admitted the document "is later than ever" but stressed it will be ready for the annual vote in May.

The Board of Education was scheduled to take action on an undisclosed proposal for the disposition of the old Nicholas St. School building which is no longer used for classes. The meeting adjourned at 12 midnight before the topic could be reached.

In answer to a question from Edgar Williams of 83 Winter Lane, it was reported that the lack of service during the just-concluded strike of bus drivers had saved the district an estimated \$1750.

It has been learned that two independent appraisals of the land the property has been prepared for the Board of Education to determine its value. The approximately one acre of property is valued at \$103,000 to \$115,000 and the frame school from \$57,000 to \$60,000. The appraisal fees were \$1750.

A proposal to sell the property and building would have to be submitted to approval of the voters of the District.

Tickets are available from Mrs. F. Danhauser WE-5-2318 and Mrs. J. Mulholland WE 5-2965. The Chairladies of the affair Mrs. Theresa Hess and Lely Tullio report the proceeds will benefit the school for additional equipment.

### Brownies Collect 12 Large Cartons

Brownie Troop #599 which meets at East St. School, Hicksville, under the leadership of Anne Pallacara and Barbara Schirman, recently completed a service project of considerable importance. Several months ago, the girls read of the plight of the people in poverty-stricken Appalachia. Being children, they naturally became concerned about the needs of the children in this area. From this concern developed the idea of the project the troop has just completed. The Brownies, assisted by interested helpers, have collected a sizeable amount of clothing to be sent to the needy children in Appalachia, through the World Clothing Fund, Inc.. The clothing has been sorted and packed and a total of 12 large cartons are now ready for shipment.

# Dear Sheila:

While it is a little early for formal announcements of candidates for the school elections in May, we hear it reliably reported that a husband and wife may run as a team to fill the vacancy when the terms of MARVIN GOLDBERG and EVELYN SILVER in the Hicksville District expire . . . \$1000 has been raised thru the Dennis Barret Heart Fund Benefit, sponsored by the Hibernians, to help defray hospital expenses involved in a heart operation to be performed on a man in Limerick County, Ireland . . . With four in the first Hicksville Opportunity High School graduating class this week, there are expected to be 21 in this group next June, according to JOHN M. COPENSON, Opportunity HS principal . . . Public library trustees are carrying their plea for support of the library budget to various local organizations well in advance of the May vote . . . Hicksville High Alumni will hold a leap year dance at Hicksville High on Feb. 10 for the benefit of the scholarship fund, according to President JAMES FYFE of 80 Lenox Ave. . . For a number of years the School District application for Federal Aid based on the number of children whose parents are connected with Federal employment has been successfully processed for Hicksville by Governmental Statistical Corp. of which FREDERICK TILNEY is president. This week the School Board voted to have the survey made by a new outfit, Fiscal Advisors Inc. of 85 North Broadway, Hicksville, headed by JAMES N. LACORTE who was formerly with Tilney . . . DORIS KRAUSE has joined our staff as a community representative and will be pleased to hear from you at 481-8933 with news of your family and friends . . .

State Senator ED SPENO has sponsored a bill in Albany which will require bicycle painting to be luminescent for clear sighting in vehicular headlights at night, effective 1970. . . The State minimum wage increased from \$1.50 to \$1.60 an hour on Feb. 1. On the same date the Federal minimum rate went up from \$1.40 to \$1.50. . . .

CHARLES R. CARROLL, attorney and chairman of the Board of Long Island National Bank, has been elected a director of the Nassau-Suffolk Lumber & Supply Corp. with executive offices at Huntington Station. . . We hear the town may change the one-way direction on Nicholas St for safety reasons. . . The Town Board has approved a zone change for the corner of Bethpage Rd and Bay Ave, Hicksville, clearing the way for a office and medical centre. No less than three applications for a gas station on this prime corner near Sears were previously turned down by the Town. . . Help Keep Hicksville Clean is the message from Hicksville Kiwanis Club you may soon see on the place settings of your favorite local eating place. Made possible thru the cooperation of Seaman & Eiseemann, the place mats serve as a reminder of the continuing Kiwanis effort at area beautification under KING KELLY. . . JANE O'CONNELL of 8 Bridge Lane, Hicksville, was rushed to Syosset General Hospital in police ambulance on Jan. 22 with a fracture limb when she apparently fell on the east bound escalator at the Hicksville RR station. Police reported the moving stairs apparently stopped suddenly, tossing the 20-year-old miss. . . .

### Our Readers Write:

To the Editor:  
The L.I.R.R. really should change its name to "Ronan's Folly." For many years, the commuter thought that Mr. Goodfellow did not give a hoot about commuter complaints or whether or not the Railroad made progress. Things did improve, eventually, until, just before he left, things began to look promising. (Comes the new day, and Mr. Ronan and the downhill slide. We heard beautiful promises and saw beautiful displays, but what did he do? He purchased ten year old cars from the New York Central with a great deal of whoop-dee-oo. What he didn't tell you is that not only did these cars have about a million miles apiece on them, but they only had ONE (1) door on a side. Two doors were not enough, but now we have "progress" with one door. Needless to say, it takes at least twice as long to load and unload.

We have had two derailments in less than a month, and only by a stroke of luck were there no fatalities. We are handed a printed notice explaining that the last one was due to a faulty electric generator. Par for the course, these notices were placed in cars that had bad lighting, due to faulty generators, and were barely readable for that reason! Train 768 has half of the cars operating without lights, and at times the conductor holds a light in his teeth to punch tickets- REAL PROGRESS AND REAL SAFETY!

To quote an expert from Mr. Ronan's notice, mentioned above:

"Investigation showed the derailment was caused when a casting that supported the electrical generator under the car broke and the generator dropped, bouncing under the rear wheels."  
"It's a one-in-a-million kind of incident, since this old leading Railroad car is the only one that had this kind of mounting. When it's repaired, it will get the same more modern support the other cars have. And in the meantime, we've thoroughly examined all those, too."  
Try to find one day on which the trains have been on time in the last month, regardless of whether it was a mild day, stormy or freezing cold.

Let's pray that no one has to exit from some of the cars in an emergency. Some doors are so jammed that a crow bar has had to be used to pry them open. Incidentally, our fares should go down if the ticket collecting policy is any example. Mr. Ronan believes all tickets should be punched at all times, even if it means that cash fares and one or ten tickets go uncollected. Woe to the trainman who is content to just glance at an already paid for monthly or weekly ticket. "We just do not need those cash fares. Who is 'we'?" The Metropolitan Transit Authority.

Of course, tomorrow will be better. We have entrusted Mr. Ronan with a huge transporta-

tion bond. He can now buy more out-dated, broken down equipment, and if he tries harder, he may yet take us back to 1953 or '54, unless he runs out of money.

### Air Transport Less Expensive

Packages up to 30 pounds for American military personnel served by Army and Fleet Post Offices overseas now can be sent by air transportation at special low rates, Hicksville Postmaster Ralph G. Cascardo points out.

"Area residents using this new airlift service will get much faster delivery on parcels to military personnel overseas," Postmaster Cascardo said. He said the airlift is available on a space-available basis upon payment of the domestic parcel post surface rate plus a flat \$1 fee.

Packages weighing up to 30 pounds and not more than 60 inches in combined length and girth qualify for the new special airlift rate. Postal patrons can get the airlift service on packages mailed to all military personnel at APO and FPO addresses overseas, and in Alaska, Hawaii and Puerto Rico. Postmaster Cascardo noted that the new airlift also applies to parcels mailed back to the States by servicemen from these military post offices.

Parcels on which the \$1 fee is paid get air transportation all the way -- from here to the port of embarkation, and from there to the overseas base. Postal patrons formerly had to pay air parcel post rates to get similar service, Postmaster Cascardo said.

He said that in many instances the new airlift rates are considerably below comparable air parcel post charges.

"OUT OF THE FOXHOLE"... I have started working on a Journal for our coming 20th Anniversary in 1969. In it will be such items as the names of the first Signers, Past Commanders, Gold Star Honor Roll, events such as Softball teams, Columns, Welfare cases, history of our Standard Bearers, Awards and Honors presented Post #44. It has taken me one week to just finish one page. I must type the material then varifax it at least 65 times the same page. This Journal will be typed by me, varifaxed by me and believe it, ALL MISTAKES WILL BE MADE BY ME. All post members who remember what certain trophies were awarded our post for, please kindly give me some info. I am going to ask such members as BOBUC-CARO, LOU MIGNONE, BILL HILL, and FRED BLACKLEY to serve with me on the committee. Freddie can handle the Buffet, STAMP DEPT. Have another nice batch of stamps that a friend collects at St. Francis Hospital in Roslyn. These and many more will be sent to VA hospitals throughout the country. I have finished and bring to the post club, a temporary Honor Roll of the post members and two Auxiliary members who have passed away since we organized. Until the post can arrange to have a suitable Roll made, it will fill the purpose.

FORMER MEMBERS. . . . George Stamos, Dick Finnegan, Dick Hattenback, George Thomas, William Shafer, Jim

T. McGeever, Jerry Kennedy. . . why not drop in some 1st. or 3rd. Friday of the month to AMVETS at 66 West Barclay St. see what has occurred since the first days of Post #44? It would be nice to see you back with us once again. A few more of you old timers like Johnny Swieticki, Virginia Mavis, Danny Groh, Col. & Emily Best, Harry & George Strombel, If Lou Mignone and I can do a 20 year stretch. . . why can't you former members come back to do a second sentencing. All members are asked for ideas on our coming 20th birthday. . . Jets make it an affair we will long remember. As you are members of the post, you are also a part of this Anniversary.

AND NOW TO CLOSE. . . All post members when you attend a meeting, how about bringing along that World War 2 veteran or Korean veteran from your neighborhood or even by chance that Viet-Nam serviceman who just came home. Show him the post and its assets and what we can do to help him adjust himself to many things.

## Seeks More Muscle for Police

Local police may put more muscle in making arrests, preventing escapes, or in defending themselves from attack, under new legislation introduced by Assemblyman Joseph M. Reilly of Glen Cove.

The Reilly Bill states that a peace officer is justified in using deadly physical force, when he believes such is necessary, to effect an arrest or to prevent the escape from custody of a person whom he reasonably believes has committed or is attempting to commit a felony involving the use or threatened use of physical force.

He may also use deadly physical force to defend himself or a third person from what he reasonably believes to be the use or imminent use of physical force while effecting or attempting to effect such an arrest or while preventing or attempting to prevent such an escape.

He may also use deadly physical force to prevent the escape of a person using a deadly weapon, or who is endangering human life or who indicates he is likely to inflict serious injury.

Also under the Reilly Bill, a peace officer may use physical force to effect the arrest or prevent the escape of a person whom he believes has committed an offense, or to defend himself or a third person from physical force while attempting to make an arrest or to prevent an escape.

## the cancer nobody talks about

is one of the major causes of cancer deaths today. But if cancer of the colon and rectum is detected in time, and treated properly, almost 3 of 4 patients can be saved.

Every adult man and woman can have life saving protection from cancer of the colon and rectum. An annual health checkup, including a proctoscopic (procto) examination, can detect this cancer before any symptoms appear.

Danger signs—change in bowel habits or unusual bleeding—call for prompt medical attention. They may not mean cancer, but only a physician will know. Call your local American Cancer Society Unit for more information on this subject.

## Ten Pin Talk

By Henry Dockswell

This past Monday we had the first hand experience of bowling alongside a fellow who was one pin away from a perfect game. As Sid Sachs and his devious "Molars" (of which we are one) were having fun(?) getting shut out by Murray (sore shoulder) Gittelman and his "Guzzlers" we at least had the privilege of seeing Robbie Goldstein throw his big one.

Rob started with a triple then got a pocket hit in the fourth frame but left one pin up, teetering, but up. He then got the spare. In the next six frames he threw 8 strikes for a big, big 279. This is the biggest game ever thrown in the B C A in league play. Team mate Lew Marks joined Rob when he got a 215 but they were playing Irv Simes and his "Spillers," last weeks newly crowned champs, who were not spectacular but very workman like as they took the series 7-4.

About minutes after Rob threw his 279, Marv Kahn was spotted coming out of the locker room putting his coat on. Sid Sachs looked to him kind of puzzled and asked "Where the heck are you going?"

Marv looked at him and answered, "It's a cinch I'm not going to bowl a 280 so what's the sense in staying for the third game."

Leo Geyer started the Second Half just as he did the First Half, with a double. He cracked a 211 and a 203 and a 599 series and a 7-4 victory, for his "Lions" over Sid Simon's boys. If Art Rosenblatt hadn't thrown a powerful 231 in the 1st game for the Simon's, Geyer's "Lions" would have had a shut-out.

Sid Holtzman created some excitement of his own. He threw a 201 in the first, went to sleep in the second with a 157, but awoke with a bang in the third with a ringing 255. We understand he was only a whisper away from a 275. He led his "Hippies" to an 8-3 win over Norm Ney's "Anorms" despite Ed Rosenman's 215. Although Eddie's game was responsible for the three points the "Anorms" did collect.

Here are the other heroes of the night: Murray Gittelman 229 (sore shoulder my foot), Sam Margolies 226, Al Minoff 222, Elliot Spencer 222, Fred Switzman, a big double, 205 and 218-Sy Bruckner 213, Ralph Diamond 202, and Sid Sachs an even 200.

## MAGAZINE FEATURES

### YIDDISH ACTIVITIES

The revival of interest in Yiddish in America today, including some of the local activities sponsored by Hadassah, was featured in a recent issue of the Hadassah Magazine. The publication is the largest circulation periodical of Jewish interest in the world. In an article entitled "The Dying Language That Refuses to Die," Aileen L. Novick of Jericho surveyed the current resurgence of interest in Yiddish on college campuses and in suburbia. A free-lance writer, Mrs. Novick is also a past president of Tobay Hadassah and currently serves as a Vice-President of the Nassau-Suffolk Region of Hadassah. She is one of the founders of "Lumir Redden Yiddish," the monthly Yiddish club sponsored by the Tikvah Group of Tobay Hadassah.

Mrs. Novick will be interviewed about her article and research into the Yiddish renaissance on the "Jewish Home Show" on Radio Station WEVD, Wednesday, Feb. 14th at 12 noon.

## Jericho's UJA Affair All Set

Henry Dockswell

Don't forget Saturday, Feb. 17. All of us in the Jericho community should have received the invitations to the annual Jericho U. J. A. affair to be held this year at the Jericho Jewish Center.

If you haven't yet sent the reply card that you will attend, do so now, for sometime within the next two weeks you will be getting a call from one of our dedicated committee members asking you to join us that Saturday night.

According to the chairman, Stanley Schocher and Irwin Oppenheim, everything is all set. The food, the drink, the music and Marvin Kahn, our honored guest this year, are all set and ready to help the U.J.A. continue its function to aid needy Jews all over the world.

For the truth of the matter is that, as Rabbi Steinhart and Rabbi Rose our two Honorary Chairmen of the drive, have often said in the past, "There, but for the grace of God, go I."

## General Meeting

## Reader Opinion

To the Editor:

The Board of Trustees of the Hicksville Public Library has already begun work on the library budget for 1968-69. We are preparing a budget that we hope will be acceptable to the community and permit us to meet the demands for more extensive library service. For the past several years the library budget has been defeated or curtailed. These defeats have been suffered at the very time the library has been called upon to serve more patrons, particularly students, than ever before. A visit to the library almost any afternoon, evening or Saturday should convince the most skeptical observer of this fact. We are in the process of self-evaluation in an effort to understand this paradox of increase in use and falling public support. The Nassau Library System has just completed a report on the evaluation of our collection, a management survey will be completed soon and we are planning a survey of community attitudes with the cooperation of Hofstra University. These studies may show why a community with one of the largest and best book collections in Nassau County fails to pass a library operating budget costing more families less than \$15,000 a year. This rate is lower than any major public library in Nassau and represents only a 1¢ (per \$100.00 of assessed valuation) tax increase in the last 3 years.

Our immediate problem is to gain approval of our budget in May and prevent further damage to our program. To do this we must have the support of the community. We must prevent further deterioration of your library and continue to develop an institution that will provide the materials and services for a modern suburban community.

By Past President William Murphy

Our last meeting was opened by Pres. Walter Dunbar. The following persons were our guests, Donald Apt, Supt of the Hicksville School Dist, was the Guest of Henry Brengel also was Fred J. Noeth of the Mid Island Herald, Ed Walther of Dick Miller, Harvey Kolin of his Dad Ed Kolin, Frank Clements of the Plainview Club.

We had the pleasure of having the following clubs representing Kiwanis Inter clubs; Bethpage Club, six members, Plain-edge Club with five, Roslyn Club, with our Lt. Gov. Jack Adelstein the Rev. Robert Bonser who said Grace and four other members.

The Hicksville Kiwanis Club is starting to get its Committee on a Cleaner Hicksville working on a program to get started early Spring and are requesting other Hicksville Organizations to cooperate with them also County and Town depts. This is a big project and we need lots of help to show results.

Our Vice Pres Dick Warburton put on a very good program.

Over 100 Hicksville Kiwanians and their guests heard first hand the problems of drug addiction in the community. The guest speaker at the weekly luncheon meeting at Old Country Manor on Jan. 24 was Joseph Selvaggi. He began the use of drugs at the age of 18 and was a drug addict over 20 years. He is now a respectable member of the community working closely with the Addict Clinic at Meadowbrook Hospital, as a volunteer, and with Topic House.

Selvaggi, who has been "clean" for over a year and a half, emphasized that marijuana is the campus drug and that it is dangerous. It is the one drug which starts an individual into the morass of drug abuse; whether he moves on or stops depends upon him and his environment. The prevention of drug abuse will depend on a judicious mixture of education, reduced supply and laws. One out of six of our students are taking drugs and society has an obligation to limit the distribution of potentially dangerous drugs, he said.

The 1968 objectives, of the Kiwanis International are as follows: Build spiritual and moral values by Personal Example; safeguard our Heritage of FREEDOM, DEMAND RESPECT FOR LAW AND ORDER, Conserve OUR HUMAN AND NATURAL RESOURCES and Advance International Friendship Through Person to Person Contacts.

Kiwanis Club of Hicksville Inc. meets at the Old Country Manor on Wed. 12:10 P.M.

## Senior Girl Scouts Host Coed Party

Scouting programs have long emphasized the outdoors—camping, hiking, etc., and service to others is also familiar. However on Jan. 20th, the girls of Senior Troop #19 embarked on a slightly lesser known trail, as they planned and hostessed their first coed party. To call it a success would be an understatement. As an interesting follow up, many of the young gentlemen present at the party were subsequently invited by individual girls of the troop to be their escorts at the Senior Ball to be held Feb. 10th.

## PBC Nautical Cadets Plan Coming Events, Seek Recruits

At a recent meeting of Hicksville Police Boys Club Nautical Cadet officers, led by Commander Heinz, plans were formulated to cover the balance of 1967-1968 Cadet season.

The Sixth Annual Military Ball, a highlight of the season, will be held on Friday, Feb. 16th at the Senior High School. As usual, a queen of the ball will be chosen from among the young beautiful ladies in attendance.

It was decided to again accept the invitation to participate in the annual St. Patrick's Day Parade scheduled for Sunday, March 17th, in Hempstead.

A selected group from among the outstanding Cadet Drum and Bugle Corp has again been asked to participate in the annual Voice of Democracy Awards Night, sponsored by the Wm. M. Gouse Jr., Post 3211, Veterans of Foreign Wars on Feb. 2.

The PBC Nautical Cadets are open to all boys of Hicksville between the ages of 10 thru 17. As with all other PBC activities there is no registration fee and no dues. A boy merely needs the desire and his parents consent.

Aside from the Drum and Bugle Corp, in which there are presently openings, a boy may, after basic training, choose communications, medics, drill team or plain line cadet.

Applicants will be accepted any Friday night except February 16th in the Junior High School cafeteria after 7 p.m. A parent or guardian must accompany the applicant.
