

## O'Donnell Charges Board Majority Seeks Aht Ouster

William J. O'Donnell, candidate for a vacancy on the Hicksville Board of Education in May, this week charged that a voting majority of the Board seeks to replace the Superintendent of Schools and Administrators with "untested individuals" and could thus cause havoc in the district.

He cited action at a Board meeting last night (Wed) when a discussion of the renewal of School Superintendent Donald Aht's contract was moved. O'Donnell charged Board President Goldberg "after taking a vote to untangle discussion of the issue, arbitrarily and without a vote on the untended motion, again moved to a table discussion until June 1968."

The motion to table the question until June was carried with five in favor and Chairman McGovern opposed.

O'Donnell's statements follow: "Just a few short years ago the people of Hicksville were disturbed by the activities of a School Board member who caused havoc among Board members, Administrators, Teachers and all the people of the district."

"At that time a group came forward promising to deliver us from this threat to harmonious relations and the people of Hicksville, seeking to correct a disquieting situation, elected their representatives to the Board and saw in them the solution to our problems."

"Today, in 1968, we are no better off than we were in 1966!"

## TEACH Backing Goldberg, Silver

Marvin Goldberg, now President of the Hicksville School Board, has filed a nominating petition to succeed himself for a second three-year term.

TEACH announced its support of Goldberg in its Newsletter of last week, saying "Because of Mr. Goldberg's excellent record of service to this community, his many constructive proposals while serving as Trustee, and because of the admirable ability he has shown as Board President in bringing together differing attitudes and opinions, we are proud to support such a man."

Mrs. Evelyn Silver's nominating petition was also filed this week. She has served two years on the Board of Education, being elected in May, 1966.

Mrs. Silver's bid for reelection is being supported enthusiastically by TEACH, whose President Joan Martindale said of the two incumbents, "It is a pleasure to work for the election of two such excellently qualified and experienced candidates. I'm sure that the voters of this community will reflect their overwhelming support; their records stand unexcelled."

Today we are faced with a situation where this group, who now form a majority of the board (and who operate under the delusion that they represent a majority of the people) are creating the same type of havoc (albeit in a more subtle manner) as the previous board members.

"The intentions of this majority are fairly obvious - to undermine the effectiveness of the Superintendent and Administrators and to ultimately replace them with untested individuals of their own choosing."

"We strongly recommend that the people of Hicksville take a hard look at the present makeup of the board and decide in the election on May 8 whether they prefer..."

"Further, we recommend that the people of Hicksville elect a board member who will be able to administer the school system, or..."

"A return to the main task at hand - that of educating our children without constant interference from any special interest or pressure groups."

## Town to Acquire Parkway Land

The Oyster Bay Town Board has approved a map showing the property in the vicinity of Levittown Parkway to be acquired by the town in behalf of the Hicksville Park District, Councilman Ralph J. Marino, Town Board Majority Leader, announced.

The property to be acquired is a 250 x 250 ft. parcel on Levittown Parkway and Beech Lane and an irregular parcel on Levittown Parkway, both in Hicksville near the shopping center close to Blueberry Lane.

The Board is expected to condemn the land and eventually develop it into two neighborhood parks.

# Budget Incomplete, Bd Sets Vote on May 8

With its record-breaking budget for 1968-69 not completed, the Hicksville School Board this week set Wednesday, May 8, as the date for the "annual meeting" which includes the vote on the library budget and election of trustees. Informed sources indicate the gross school budget may reach \$17 million by the time negotiations are completed with various employees groups under the terms of the Taylor Law.

A public hearing on the budget will be held at 8 PM on Thursday night, Apr. 25, at 8 PM in the high school. While thousands are registered under the new permanent enrollment system, an additional registration, as required, will be held on Saturday, Apr. 27 from 10 AM to 10 PM in the school district administration building.

Voting on May 8 will include election of two school trustees to succeed Evelyn Silver and Marvin Goldberg and Ernest McClain library trustee.

The dates for voting and a public hearing on the budget on Apr. 25 at the high school were set last night (Wed) although the budget has not been completed. It must be available for public inspection seven days prior to the vote.

President Marvin Goldberg revealed last night that Fred J. Noth has indicated he will not be available for reappointment as District Clerk. His term expires on June 30. First appointed on Dec. 1, 1956, he has served over 12 years.

In the 72 year history of the school district there have been 11 persons in the office of district clerk including one woman who served nine months (1965-66).

Andrew B. Heberer Jr. held the office for 12 years - 1954-66. Heberer started as the second clerk when Fred Noth was 20 years, succeeding in 1896. Noth has been the third longest holder of the office.

Following the death of Heberer in 1954 there were five clerks for various periods of months until Noth was named in 1956. Appointment of the district clerk is made at the organization meeting of the Board each year in first week of July.

## Fare Increase On Bus Routes

Hempstead Bus Corp. of Uniondale, will increase its adult one-way fares by two cents per ride effective April 1, according to tariff amendments filed with the Public Service Commission.

In filing its new tariff, the carrier said that 98.6 per cent of its revenues were expended last year for operations and that because of declining patronage and increased operating costs it anticipates a loss of about \$25,400 during the next 12 months if present fares are to be continued.

Even with the \$78,200 additional annual revenue which the new fares are designed to produce, the company expects to be able to retain only about 3.2 per cent of its revenues after paying operating costs and taxes. School fares will not be increased under the new tariff nor will those for travel on the carrier's Hicksville - Jones Beach summer route.

The company operates a loop between Lynbrook, Baldwin and Hempstead, direct routes between Freeport - Hempstead - Mineola, between Hempstead and Hicksville, one via East Meadow and a second via Meadowbrook Hospital, between Hempstead and East Meadow with a loop to East Meadow and a spur to Hempstead and another between East Meadow and Hicksville with a loop within East Meadow and a spur to Hicksville. These fares will range between 30 cents and 50 cents, depending on the distance traveled.

TAXI CAB parking area at Jerusalem Ave. and Marie St., Hicksville, is considered an eye sore by the neighborhood. Used cabs are reportedly held for resale to Southern operators and town officials have promised to close down on the operation of used car lots without town board permission. (Herald photo).

## Dear Sheila:

Under permanent registration of school voters they must cast a ballot once in every two years to stay on the lists. This year 481 names are being dropped in Hicksville district. . . Is it true a former Board member has bought property upstate for a pizza place and motel? . . .

JUDGE CHARLES STOLL, looking as fit as ever, was speaker at Hicksville Kiwanis this week (although someone announced it as a Chamber of Commerce appearance meeting) and was warmly greeted by many of his friends in the club of long standing. . . SUE WILLIAMSON of 6 Dikeman Ct., Hicksville, has been named to the honor roll of Lincoln Christian College Lincoln, Ill. . .

School District Treasurer HERBERT BACKMAN was handing out cigars this week. The Backman's daughter, Carol, and son-in-law ARTHUR KATZ of Colonia, N.J., are the parents of a daughter, Laura Faye, born Mar. 18. . . There must of been quite a thing going at Duffy and Charlotte Ave., Hicksville, the night of Mar. 22 with two in Meadowbrook Hospital and three teenagers arrested for assault. . .

Parents attending Trinity Lutheran School's Parent Teacher Friends Association received first-hand experience in the school's multi-phased social studies program.

Student projects which demonstrated ideas and principles of the social studies curriculum representing grades K through 8 were on display. Special programs of Americana were presented by the two classes of the fourth grade and the two classes of the fifth grade. The fourth grade presented a series of historical characters from the American heritage which contributed to the founding and developing of our nation. The script, scenery and costumes were done by the fourth grade class. The fifth grade retold the struggle of our nation during the civil war by presentation of songs of the era. Program notes were reached and presented by members of the class.

The presentation drew an attendance of well over 250 people. The program was organized by a committee of faculty members of the school representing various grade levels. Mrs. Karen Schleuter, 5th grade teacher and chairwoman, Mrs. Diane Maier, 2nd grade teacher, Mrs. Elizabeth Meyer, 3rd grade teacher,

dorf, principal of the school commented that "the most important aspect of Trinity's social studies program is that of student involvement in the discovery of 'how things were' which contributed to an understanding of 'how things are.'"

## Assembly Passes News Source Bill

The State Assembly has passed a bill sponsored by Assemblyman Arthur "Jerry" Kremer which protects the sources of information of newspaper, television and radio reporters.

The Kremer "right to know" bill, passed the Assembly by a narrow margin after intensive debate. Kremer said, "reporters who search out graft and corruption in government should be protected from the possibility of reprisal by dishonest officials."

Assemblyman Kremer's bill provides that no reporters can be held in contempt by a court, legislative committee or administrative agency for refusing to reveal his source of information. The bill proposes a law similar to one now in existence in 12 other states.

The bill is endorsed by the Newspaper Reporters Association of New York, The New York Press Association and the New York State Publishers Association.

## Commuters Tell Their Complaints

Assemblyman Martin Ginsberg has charged that Long Island Railroad commuters are infuriated over the line's proposed fare increase and are fed up over terrible service which is getting worse daily.

"I spent three freezing hours, from 6 to 9 A.M. on Friday, March 15, at the Hicksville LIRR station talking to hundreds of commuters," said Ginsberg. "Their comments about the LIRR and the Metropolitan Transportation Authority were virtually unprintable. They object to the MTA passing on the validity of a raise which they have also proposed. They also object to filthy, freezing trains that are always late. They also object to lack of parking facilities."

"At the Hicksville station which is one of the largest and busiest in the LIRR system," he continued, "the parking is so inadequate that commuters must drive around in widening circles looking for a place to park and then are forced to park blocks

away from the station. It is little wonder many of these distant parkers not only miss trains which are always late but many of the elderly fall victims to attacks of all kinds while running to catch the train."

The commuters, Ginsberg noted, demanded to know why they should be forced to pay increased fares for decreased service. They demanded to know why MTA Chairman Dr. William Ronan or his underlings cannot find time to appear before the commuters and explain the need if any, for continuing fare hikes.

"In 1965," Ginsberg said, "the Legislature lent the MTA money to begin operations. We were told the golden era had arrived for commuters — service would be second to none. Instead, in 1968, we find service sinking to new depths."

"Perhaps," he asserted, "the time has come to do away with the MTA and its grandiose promises. Perhaps it needs new management."

## Awards Highlight Library Concert

Musical magic was in the air Friday night, March 15, at the Jericho Library's Anniversary Concert. Closely to 800 residents and their friends sat enthralled as William Steinberg, world-famous conductor, led the Pittsburgh Symphony Orchestra through a brilliant evening. Bravos rang out after each selection - the exquisitely precise 34th Symphony by Mozart, the richly dramatic tones of Richard Strauss' "Don Juan", and the resonant viola solo parts in Berlioz' vivid "Harold in Italy."

The orchestra's perfect precision, its depth and versatility, the conductor's vigorous bravura technique - all conveyed the presence of a superb professional group.

During the intermission, By York, President of the Library Board, welcomed the near-capacity audience, whimsically thanking those whose "slow" reading had made the concert possible through Overdue Fines. He remarked that the community's enthusiastic response to the concert might well lead to more such events in the years to come.

Mrs. Charlotte Cashton, President of the Friends of the Library, then presented Mr. York with a record album made by the Pittsburgh Orchestra, both to commemorate this "history-making" evening, and to "launch" the Library's future record collection. On behalf of the Friends, Mrs. Cashton thanked the Trustees for their dedicated service to the community and for the Library's major contribution to the cultural life of the School District.

## Ten Pin Talk

By Henry Dockswell

We've just completed 9 weeks of bowling in this Second Half of our bowling year and this is the midway point. The picture is quite different. Irv Simes' "Spoilers", who just moved out Julie Gershen's "Terrors" for the First Half Championship by 1 1/2 a point on the last night, are now in 7th place and the Gershen "Terrors" are, believe it or not, in last place. In fact none of the teams that finished in the first four spots are in contention at the moment.

Sam Springer's "Sam's Champs", who finished last are now first but they are sharing the lead with the Gerry Reichgotts who just this week shut out the "Terrors" in their climb to the top. Every man on each of these two teams has increased his average since the end of the First Half but Irv Hershkovitz of the Reichgotts has gone up 8 points and Monroe Hyman of "Sam's Champs" has risen 7. Eli Goldstein, who filled Ruby Rebek's spot for the last 4 weeks of the First Half is another "Champ" responsible for their rejuvenation. He established a 150 average in that period and he is now sporting a 143. He is not eligible though for Most Improved Bowler.

This past week saw Robbie Goldstein jump out in front for Most 200 Games when he blasted a 202 and a 205. He now has 18. Leo Geyer and Irv Simes are now tied for 2nd with 16 apiece and close behind them is Sid Sachs who this week cracked a 201 and a 205 to bring his total to 15.

Sid Simon's "Pink Panthers" rose two notches to 4th place when Irv Galt rolled a 201 and Sid himself followed through with a 205 to shut out Simes' "Spoilers". Capt. Simes was absent so he'll probably feel guilty when he reads this.

Art Meadow and Harry Seaton were the sparks that ignited the fire that the Reichgotts built this week. Art set it off with a 203 and Harry kept it burning with a 207. Les Goldstein, of the crushed "Terrors", tried to put out the flames with a 204 but he had no help so the "Terrors" burned 11-0.

Bernie Roth threw the best game of the night, a 223. It was the only game his team mates, the Kelderman "Buffalos", won and they were glad Bernie showed up because they remained in 3rd place by the skin of their hides as they lost to Warren's "Weepers" 7-4.

Another Bernie, Bernie Kaplan, was heard from. He threw a 201 and a 207 for his first double of the year but even that wasn't enough as his "Nappys" lost to Brueckner's "Murder Inc." 6-5.

Milt Hoffman with a 222, Herb Brody with a 214 and Hal Goldenberg with a 200 closed out the individual scoring.

## Seek to Reduce Taxes in Jericho

Two companion bills have been introduced in the New York State Senate and Assembly, which will, if passed, give Jericho School District residents some tax relief for the land taken off local rolls for the new State University at Old Westbury. The reinstatement of State-owned properties on the school tax rolls, which is what these bills call for, will result in a reduction of \$,998 in the tax rate to the taxpayers in Jericho.

Since these bills are now in the Ways and Means Committee, and may very well die there unless we all get busy with our pens and typewriters, we urge you to send letters, cards, telegrams, and petitions, stating the following:

"We are residents of Union Free District #15, encompassing Jericho, and parts of Westbury, Old Westbury, Brookville, East Hills, Wheatley and Muttontown in Nassau County. The University of the State of New York has recently taken land in our school district assessed at \$687,000, for use as a four year liberal arts college.

"The removal of this property from our tax rolls will increase the tax burden on all residents of Union Free District #15, although the benefits of the college are for all New Yorkers. We are certainly not opposed to the institutions of higher education. However, we must be concerned over the financial impact to the taxpayers caused by the removal of these properties from the tax rolls.

"We respectfully urge prompt action upon the passage of the following two identical Acts:

"(a) Senate No. 4132, an Act to amend section 536 of the Real Property Tax Law, This Act was introduced by Senator Caemmerer in February, 1968.

"(b) Assembly No. 1131, an Act to amend section 536 of the Real Property Tax Law, This Act was introduced by Assemblyman Reilly on January 3, 1968.

Passage of these Acts will correct this inequity in the same manner as it has been corrected in 33 other school districts in New York State."

Send these letters to any or all of the following people in Albany, and urge your neighbors to do the same, and let's see if we can save

The nominating committee of the Birchwood Civic Association met on Thursday March 8th and 15th in order to select member residents of the community to run for office on the Board of Directors.

In as much as the Constitution only requires that the nominating meet and select members to run, without spelling out how many should be selected to run for the vacancies existing, the current nominating committee felt that only the exact amount of candidates should be selected for the amount of vacancies available.

The Constitution does provide for other means for any member resident who so desires to run to declare himself a candidate.

Any resident who so desires to run for offices needs only to file a petition with 25 names of members expressing the desire to run and for what office. Any resident who so desires will get the necessary information and help from Horace Bernstein, chairman of the nominating committee.

The nominating committee consisted of Horace Bernstein, Gil Stein, Irving Hershkovitz, Bernice Shimborg, Arlene Locker, Elliot Spencer, and Dr. Bernard Schmierer.

All current officers were renominated: Ed Petzholt for President; Sid Simon and Don Becker for 1st and 2nd Vice President; Fred Rothman for Financial Secretary; Treasurer Morris Mishkin; Recording Sect. Irv Galt; and as yet have not been able to select a Corresponding Sect'y.

For members of the Board to fill nine vacancies: Irwin Baumei, Bernice Balman, Ralph Diamond, Sam Saltes, Aaron Mansback, Dr. Art Meadows, Lottie Stein; Arthur Rosenthal, and Mike Hauptman.

## Ginsberg Speaker

State Assemblyman, Martin Ginsberg, will address the Temple Or-Elohim Congregation at Sabbath Services, Friday night, April 5, and he will speak on the newly proposed Humane Slaughter legislation which will modify Kashrus Ritual Slaughter and other legislation pending in Albany. He will be available for questions on the Oneg Shabbat.

STUDENTS of the Solomon Schechter Day School located in the Westbury Hebrew Congregation in Old Westbury stand before the Ark as they receive instruction in the Torah service from school principal, Rabbi Jacob Halperin of Jericho Jewish Center.

"A dream come true," is how he characterized the progress being made by the Day School. "When the school opened last fall," said the Rabbi, "we weren't quite sure what to expect as far as academic accomplishments were concerned. But now we're overwhelmed with the advances being made by the youngest member of the network of 25 Conservative Day Schools in the U.S. and Canada."

## Conduct Vision Screening 2 Dates

(Continued from Page 8)

children. The service is a vision screening, not an eye examination, designed to locate defects in visual acuity among children from 3 - 6 years old.

The screening procedure is simple and conducted as a game for the youngsters. When there is a problem, parents are urged to seek professional health care before the child reaches elementary school with its heavy demand on visual performance. Of particular importance is locating the child with amblyopia. This condition commonly known as the "lazy eye" is one where treatment is both easier, of shorter duration, and usually of greater effectiveness if it can be secured during pre-school years.

The vision screening will be conducted in all Jericho elementary schools (Cantiague, Jackson, Seaman and Williams) on Tuesday, April 2nd and Thursday, April 4th from 9:00 to 12:00 A.M. The service is free.

## Voices Objection

To the Editor:  
As an active PTA member, I would like to voice an objection to the position taken by the Executive Board of our PTA Council in prodding the Board of Education to move on the Superintendent's contract.

This responsibility belongs plainly to the school board members. Council has no right interfering in administrative matters. There are many other worthwhile things they could turn their attention to.

Yours truly,
