Transit Bus Adds Route

Pursuing its plan to create a coordinated bus network in Long Island's heartland, Mid-Island Transit of Westbury is about to add another spoke in its growing radial system serving the Hicksville area. The proposed route will form a direct link between the city of Glen Cove and the industrial areas of Jericho, Syosset, Hicksville and Bethpage.

Mid-Island Transit System's president Maurice Forge, who helped spark the original Speed Shuttle bus demonstration project now breaking passenger records on its runs to Engineers Hill in Plainview, is also developing the Glen Cove - Bethpage undertaking. Forge took segments of six existing Mid-Island bus lines, connected them with two proposed extensions and came up with a resulting route that will serve one of the biggest concentrations of jobs on all Long Island.

The extensions have already been approved by the Nassau County Board of Supervisors, which last month issued a consent to Mid-Island Transit to operate the new line, as recommended by the Franchise Department. The next and final step is the New York State Public Service Commission before whom a hearing on the proposed route was held Tuesday April 16.

The proposed bus line will start at the foot of Landing Road in Glen Cove and proceed over existing routes in that City. Leaving Glen Cove, the buses will take Cedar Swamp Road, the most direct way to the mid-island area.

At the junction with Route 106, the buses will run a short distance east on Jericho Turnpike (where, incidentally, several new office buildings are nearing completion) to Robbins Lane. They will take in the entire length of Robbins Lane, housing Fairchild Camera, Sperry Gyroscope and other prestigious industrialists. past the Landia station of the Long Island Rail Road, over Miller Place and Miller Road in Hicksville, snadd by numerous large, medium and small enterprises, and then over Woodbury

Detection Day For Glaucoma

The Lions Clubs of Nassau are sponsoring a Glaucoma Detection Day in Nassau on Thursday, Apr. 25. Members of the LI Ophthalmological Society, who are donating their services, and cooperating with the Lions Clubs.

The test is free to all over 40 from 10 AM to 6 PM on Thursday, Apr. 25, at the following Hospitals: Central General in Plainview, Franklin General in Valley Stream, Hempstead General, Meadowbrook. Mid Island in Bethpage, North Shore in Manhasset, Syosset General, Doctors in Freeport, Glen Cove Community, Long Beach Memorial, Mercy in Rockville Centre, Nassau in Mineola and South Nassau in Oceanside.

Road to the Hicksville railroad station.

From there the buses will make an "S" over Broadway, South Oyster Bay Road and Stewart Ave. stopping at medical buildings, plants and all main Grumman employee entrances on the way to the Bethpage station.

Considering the enthusiastic first reactions of industrial managements and job-developing agencies, it appears quite likely that joint Federal Housing & Urban Development Administration and HUD-TSTC Tri-State Transportation Commission project will make this new bus line a demonstration operation under the \$2.2-million grant currently supporting the Engineers Hill runs in Plainview and several experimental home-to-jobs bus routes in adjoining Suffolk County.

"Long Island's traffic and economic problems cannot be tackled without a comprehensive public transportation network converging and radiating from the industrial and commercial complex around Grumman," Forge says. "We are doing our best to make such a bus system an early reality."

Board Finishes Budget :

School Tax Rate May Exceed \$9

Hicksville School District faces an all-time record tax rate under the proposed school budget of over \$9 per \$100 it was learned this week as the Board of Education completed details on the budget to be submitted to vote on May 8 at seven schools. The rate could be reduced under State legislation.

A proposal to make transportation a separate question on the ballot has been rejected by the Board. The proposal was made via a petition called for a separate expenditure of \$627,962 which sponsors had indicated would have assured student transportation in the event of an "austerity budget".

Also on the ballot will be the question of sale of old Nicholas St. School Bldg, which has been closed for several months. The proposed sale price is not disclosed.

The gross budget is forecast at \$16,051,422 compared with \$14,840,000 this year.

Copies of the preliminary budget are being distributed by the Board of Education thru its own publication, "Your School Board Reports".

The budget includes elementary and high school summer program and summer recreation which were deleted from last year's finalized budget.

The \$16 million plus budget does not include changes which may be made by the Board in staff salaries and other items now under negotiation.

The Board plans a public hearing on the budget on Apr. 22 when the subject of redistricting will also be considered.

Catholic Daughters 60th Anniversary

On May 30th, the members of Court St. Cecilia #86, Hempstead, Catholic Daughters of America, will celebrate their 60th Anniversary. One of the oldest Courts on Long Island, the group was organized in 1908, with a membership of 30. Early meetings were held in a small, unheated, hall on Front St. in Hempstead. In their "Pioneer Days", Court St. Cecilia helped to organize several Courts in surrounding towns.

Today, Court St. Cecilia is still flourishing. Meetings are held on the second Tuesday of each month, in Our Lady of Loretta Clubhouse, 90 Greenwich St., Hempstead. The Rt. Rev. Monsignor Aloysius H. Gillick, Pastor Emeritus of Our Lady of Loretta Church, is Chaplain for the group. Mrs. Leon Grabowski is Worthy Grand Regent.

The work of the Catholic Daughters is chiefly spiritual and charitable, they have as their motto "Unity and Charity". Through the years, the members of Court St. Cecilia have helped the needy, the aged, the hospitalized, and servicemen - working on occasion with Catholic Charities, the National Catholic Community Service, and the USO. Also, they have contributed to educational projects, various mission committees, and other

worthy charities. Their main source of revenue are card parties, cake sales, rummage sales, raffles, and occasional fashion shows. All proceeds are used to carry out their work.

Court St. Cecilia's 60th Anniversary will be celebrated officially on Saturday, June 1st. On that date, a Mass will be offered at 8:30 A.M., in Our Lady of Loretta Church, on Greenwich St. for all the living and deceased members of the Court. Brunch will be served immediately following, in the school auditorium.

Members and friends will attend a Dinner Dance in the evening at the Knights of Columbus Hall, on Greenwich St. Mrs. Albert Cooke, Past Grand Regent, of Court of St. Cecilia, and Chairman for the Dinner Dance, is working on the final arrangements.

Mrs. Nicholas Fredericks, also a Past Grand Regent, is Chairman for the Journal being prepared for the Anniversary. Members, friends, and local merchants who have already been contacted have been very cooperative in response to requests for boosters and ads. The drive for well-wishers will continue until May 1st, and it is hoped that Court St. Cecilia #86 will have a souvenir Journal that will mark their 60th Anniversary a memorable occasion.

Near-Record Number of Notaries

By March 30, the date for biennial renewal of notaries, the number filing applications was 7,851. New, and also renewal applications, may be filed during the year, Mr. McConnell said.

A notary public is a public official, McConnell explained. A notary public must carry out his

duties and functions only in accordance with the law, he added.

The County Clerk said that the qualifying tests for appointments as a notary public are conducted every Monday at 11 A.M. at the Mineola office of the New York Secretary of State. Appointments are made by the Secretary of State. Those qualified must be United States citizens and reside in New York State for at least one year preceding the appointment, and must continue to live in the state.

Offers Change In Budget Bill

Assemblyman Stanley Harwood has written to 147 fellow legislators urging bipartisan support of a new tax plan he will offer in the form of an amendment to Governor Rockefeller's budget bill. The act would amend the bill to change the personal income tax structure for residents of New York State.

Harwood stated, "I am absolutely opposed to the Governor's proposed 20% surtax. It would be a cruel and unjust imposition on the vast army of overburdened middle income taxpayers of this State. My bill would provide for the revenues needed for aid to education and other worthy purposes, without affecting anyone with gross annual income of \$23,000 or less."

The proposal was made by Nassau County Executive Eugene H. Nickerson two weeks ago when he appeared on the NBC television program "Man in Office," and is a substitute for the Governor's proposed 20 per cent surtax.

Both the Assemblyman and County Executive Nickerson have objected to the surtax, calling it "grossly unfair to taxpayers with low and middle incomes."

Nickerson visited legislative leaders in Albany Tuesday to seek support for the plan. He called the Governor's surtax "a shame tax."

"The substitute plan, as proposed in my amendment," Harwood said, "would raise the same amount of revenue without adding a penny to the tax burden of 95 per cent of the taxpayers of New York State."

"The net impact of Rockefeller's proposal would be an increase of 46% in the percentage of income paid in taxes by a \$5,000 a year family, and an increase of 23 per cent for families earning \$10,000. Higher bracket taxpayers would experience less of an increase, in percentage terms, than low-income taxpayers."

"Nickerson's proposal would generate \$301 million in additional revenue from the state tax without affecting any taxpayers with gross family incomes of \$23,000 or less," he stated.

Harwood said the plan calls for additional graduated tax brackets at the upper end of the state's tax scale, starting at \$17,000 of taxable income which is roughly equivalent to a gross family income of \$23,000. Top rate would be boosted from the present 10 per cent on taxable income over \$15,000 to 20 per cent on taxable income over \$25,000.

"Since the taxpayer can deduct the amount of his state tax when filing his Federal tax return, the impact of a higher state tax is greatly reduced on higher bracket taxpayers," Harwood stated. He estimated that the Federal government would provide, in effect, \$157 million of the \$301 million being collected by the state.

Reveal New Wedgewood Policy

Tony Martin in "Guys and Dolls" opens Friday, April 19, at the Wedgewood Dinner Theater in Glen Cove and the avalanche of advance reservations has forced a change in the dinner theater's schedule. Because of popular demand, two complete shows will be presented each Saturday, beginning April 20, and the Wedgewood will be open an additional evening each week, beginning Tuesday April 23.

For the Early Show each Saturday, dinner will be served from 7 to 9 with continuous dancing. As usual, the cost of the entire evening out -- dinner, dancing and the two hour musical comedy -- will depend on choice of dinner entree. The Wedgewood's usual week-day prices, starting at \$7.50, will prevail for the Early Show, with curtain time for "Guys and Dolls" at 5:30.

For the Late Show each Saturday, dinner will be served from 9:30 to 11:30 with continuous dancing. Choice of entree will determine the cost of the gala evening, with prices from \$9.75. Late Show curtain time is 11:30 P.M.

Under its new six-day-a-week policy, dinner will be served in the Wedgewood Room from 6 P.M. Tuesday through Friday, with showtime at 9 o'clock. Sunday dinner will be served from 5 P.M. with showtime at 8 o'clock. Prices from \$7.50, depending on dinner entree. Reservations are a must: OR 6-1100.

Free Inspection For Dutch Elm

Public Works Commissioner Herbert J. Simkus reminds all Nassau property owners that the County offers free inspection of elm trees for the purpose of discovering Dutch Elm Disease. Anyone detecting apparent signs of the disease may have a free inspection by calling the County's full time expert, Horticultural Inspector Joseph Meaney, at IV 9-9600. While the County cannot spray or cut down trees on privately owned property, Meaney's advice can result in the saving of a tree or a recommendation for removal which may save other elms in the vicinity.

"The elm bark beetles are now in the larvae stage according to our Senior Horticulturist, Spencer Prentiss," Simkus stated, "so it is a good time to use a dormant spray. Early spraying and removal of dead or diseased trees has materially reduced the incidence of infection in Nassau in recent years and the decline in our elm population has been slowed substantially."

Cancer Society Kickoff Held

The 1968 Crusade of the American Cancer Society, Nassau Division, got off to a very successful start on Wednesday, March 27th, with a dinner held at Leonard's in Great Neck. Over 250 people attended this event. Senator Edward J. Speno, Crusade Chairman for the Central Nassau Unit, was attending to the State's business in Albany and was represented on the dais by his charming wife Audrey. Senator Speno, is an admirable example of the successful war being waged on this dread disease, having been cured of cancer himself. He is personally devoting much of his time and energies directing this crusade and he urges the continued support of all residents of each village when the 20,000 crusade canvassers call at each home during the month of April.

Ten Pin Talk

by Henry Deckswell

Of the top 4 contenders only the league leaders, the Gerry Reichgotts, came out on top of this past Monday's battles.

Sid Simon's 3rd place "Pink Panthers" had a wonderful opportunity knock on their door as they found themselves opposing the Reichgotts. One of the "Panthers", Art Rosenthal, rose to the occasion as he clicked off a 223 and a 200 in his first two tries but the other "Panthers" couldn't come through and they lost both games. In the last game when Art said, "What the heck" and eased off that's when the "Pinks" made their move and salvaged 3 points.

Sam Springer's "Sam's Champs", who were dethroned a week ago, suffered the same fate as the "Pink Panthers." They were bowling Robbie Goldstein's "Robbers" and it looked like they might be in for a good night as Sam threw a 201 and clinched the first game. But then the "Robbers" took over and stole the next two for an 8-3 victory. "Sam's Champs" remained in 2nd place but they are now 7 points behind the Reichgotts.

The 4th place Kellerman "Buffalos" took it on the chin too. They were meeting Herb Brody and his 7th place "Charley

Browns" and they too suffered an 8-3 defeat. Cap't. Bill Kellerman shot a 202 but that was successfully countered by Horace Bernstein's 214 and Sam Margolles' 216 to cement the win for the "Charley Browns."

So, with the 2nd, 3rd and 4th place teams being beaten, the Reichgotts substantially increased their 1st place lead over all of them.

Sid Sachs has been carrying around a hot right arm this 2nd Half. This week, for the 4th time this 2nd Half, he smashed a double, a 226 and a 209. He had a 629 series and he is now tied with Robbie Goldstein for Most 200s with 19 and he is either tied with or just ahead of Robbie's league leading 182 average. Too bad Sid's other "Molars" haven't been of more help throughout the season although this week they sort of woke up enough to shut out Julie Gershen's "Terrors."

One other guy got a double this week but two of the opposition combined with a team effort to nullify his efforts. Hal "Doc" Goldenberg threw a 220 and a 201 but Dave Altman with a fine 211 and cap't Bernie Kaplan with a 214 led the "Kappys" to an 11-0 shout out win over "Docs Ducks."

Three others hit the Charmed Circle: Murray Gittelman 211, Bart Benjamin 204 and Les Shuman 202.

B C A MIXED BOWLERS

On Saturday night, May 25, the BCA Mixed Sunday Night Bowling League (that's where the husbands and wives try to outdo each other every other Sunday night) will have an end of season Dinner-Dance at Carl Hoppl's in Baldwin.

There will be a hot hot d'ouevres cocktail hour from 8:30 to 9:30 P.M., after which the dinner will be served. It will be held downstairs in the Hideaway Room where our own live band will play for our dancing pleasure before, during and after dinner. Sometime toward the end of the meal we'll find time to hand out the awards.

Then about 12:45 A.M. our entire group will go upstairs to the main room to see the 1:00 o'clock show at Carl Hoppl's presents every Saturday night.

It should be great fun. Most of our 36 couples are probably aware of the date but in case some of you have forgotten, take note and make a note. If for some unfortunate reason any of the group will be unable to attend you had better let us know as soon as possible.

EASTER

We, on the HERALD STAFF, greet you, on this joyous Easter Day with the hope that the spiritual message of Easter be with you each day of your life to give you the renewed hope that helps each one of us, ever onward.

We on the HERALD STAFF, greet all our friends of the Jewish Faith this Passover season, when all rededicate themselves to the highest ideals. We hope that the coming months bring a stronger and stronger realization of the great truths.

Married Woman Pupil Wins Campus Literary Award

Nassau Community College's program for mature adults received unexpected proof of its effectiveness last week when a married woman student author won an award from the campus literary magazine, "The Rocinante."

The student is Mrs. Phyllis Feiden of West Hempstead who hopes to teach art and who won second prize in poetry for her work, "A Fable."

Despite the fact that she has several children and a family to take care of, she has better than B records, with an average reaching 3.51 out of a possible 4.

"We have found that motivation is a strong factor when people return to school. We have 400 mature adults matriculating at the school and I know that good academic records are not unusual among them. As a matter of fact no study has ever proved that a person cannot learn beyond a certain age."

She said she had no record of the accomplishments of her group because "the program began in a very small way in 1963 and only recently started to build up. No specialized records, therefore, have been kept."

Mrs. Feiden, who is attending the day session at Nassau through the regular matriculating program; is married to Norman Feiden, research secretary to Justice Paul Widitz. She is a bright, acute woman, with an apparent classroom sensitivity.

With her children ranging from Miriam, 7, through Arthur, 12, to Roberta 17, Mrs. Feiden feels that one of the greatest advantages that come to a parent attending college is an astonishing reduction in the gap between generations.

"Going to school with young students at my daughter's level," she said, "enabled me to learn things about my children that I

Earns Numeral

George Gilson has been awarded a freshman numeral at Monmouth College for his participation on the wrestling team. The local athlete is from Jericho. Some 21 freshman athletes received numerals for basketball and wrestling at the annual winter sports banquet March 26 at Monmouth College. Gilson is the son of Mr. and Mrs. George Gilson of 22 19th St., Jericho.

ANTOINETTE M. ZASA, teacher of foreign languages at Hicksville High School, has been awarded a Fulbright Fellowship for the '68-'69 school year. Notification of the highly selective award was made by the Board of Foreign Scholarships, Office of Education, Washington, D.C., last week. Miss Zasa will be participating in the teacher exchange program in Italy, teaching English and French, and serving as an ambassador of good will for the United States. Miss Zasa, a long time resident of Hicksville, attended Hicksville High School, where upon graduation she received the French award for the highest average in the language. She obtained her BA and MA degrees from Queens College and St. John's University, and did graduate work at C.W. Post.

never could have divined otherwise. Also, having experienced difficulty of school work, I could more easily sympathize with them on their scholastic problems.

"It's an experience I wouldn't have wanted to miss, and I'm sure my children feel the same way."

With regard to her early repudiation in returning to school, Mrs. Feiden said that mature adults have a great advantage over younger students in that, because of their age, they can achieve a rapport with the teacher that will be denied to younger students.

"Really, to break into school," she added, "a mature adult needs no more nerve that he needs to bring to a bargaining session with a shopowner on a shopping tour. And, like a bargain, winning through is a tremendous ego builder."

Grenadiers Grow In Popularity

The Red Coat Grenadiers performed last month for the Irish American Society, honoring St. Patrick's Day, taking place in Garden City-Mineola, March 10. On March 29th at the Northern Parkway School, the Veterans of Foreign Wars of Uniondale under the able leadership of Frank Lang, youth activity director of the Post sponsored a basketball game for the local boys. A close game it was, 77 points for the Nicks, 69 for Royals. The Red-coat Grenadiers supplied the music.

On April 19th the Corp. will perform at the Westbury Drive in during intermission. The Red-coat Grenadiers is growing in size and popularity. Mgr. Hal Jacobs wants to enlarge the horn section and has two openings for boys to play the baritone horn. Free instrument and instructions for those who qualify. Call him at IV 5-3432 or come to practice on Tuesday night at Turtle Hook J.H.S.

Becomes Bride

Carol Lillenthal, daughter of Mr. and Mrs. Leo Lillenthal of Hicksville, was married Saturday, April 6, to Joel Blair, son of Mr. and Mrs. Louis Blair of Rye, at the Suburban Park Jewish Center in East Moriches.

The bride is a graduate of Hicksville High School and a nurse on the staff of Mid Island Hospital in Bethpage. The groom is a programmer for Singer Sewing Machine.

After a wedding trip to Hawaii, California and Las Vegas the bridal couple will make their home in Amityville.

Check Medicine Cabinets

The National Safety Council advises families to check their medicine cabinets and retain only those medications that were purchased recently and are labeled for instant identification.

The council warns that some compounds deteriorate with age, when others become dangerously strong through recontamination.

Reader Opinion

To the Editor:

Soon Hicksville residents will again be called upon to approve the taxes necessary to maintain a first-class cultural institution — the Hicksville Public Library.

For two successive years, 1966/1967 and 1967/1968, the library has had to operate under a budget, last approved by voters in 1965, which reflects 1965 costs and projections. Needed additional staff, a book budget that reflects community demands, improvements in service and even maintenance, have had to be sacrificed on the altar of inconsequential tax savings.

Hicksville boasts the third largest collection in Nassau County, but it operates on a budget which puts it ninth in the County in per capita expenditures. Levittown, East Meadow, Massapequa, Farmingdale and Freeport all spend more per capita than does Hicksville.

Institutions make our community. Our schools serve our youth. Our churches and synagogues serve the faithful. The library serves one and all. Young and old, scholar and dilettante, the religious and those seeking to find a faith — all enjoy a welcome at this fine library, where a devoted staff presides over 130,000 volumes containing the accumulated wisdom of our civilization. This year, in preparation for

the budget vote, the Library Board of Trustees has caused the library to be examined from every aspect of collection and management. Reports have been rendered by outside consultants which establish beyond doubt that our library is functioning to the best of its ability, but that it has unsatisfied needs. It needs additional staff, and an adequate book budget if it is to satisfy our community aspirations.

The Library Board of Trustees, which is entrusted with the management of this great library, has risen to its responsibility, and has adopted a budget which will keep the library abreast of today's requirements and demands. This budget calls for a tax increase of about \$3 per year, assuming an average assessment of \$5,000 per house.

This will be the first increase in three years, if the voters approve.

That which a community cherishes, it will give much for. Let it not be said of Hicksville on voting day that its people valued \$3 a year more highly than the preservation and continued growth of an institution which ignites a spark in every user that can light up our world.
