## Hicksville Adv. Committee To Study Town & County Data

The following local residents were named to the recently formed HICKSVILLE CITIZENS ADVISORY COMMITTEE for TRANSPORTATION and DEVELOPMENT: Kingsley Kelly, Henry Breugel, Harold Holden, Thomas Braun, Pierre Charbonnet, Peter Fallon, Kenneth Barnes, Gerard Trotts, Lewis Siegler, Edward Morris, Louis Yevoli and Richard DiLeo. The first nine men were appointed by the Town Board and the last three by Supervisor Petito.

This Committee held its first meeting on July 11th and designated Kingsley Kelly as chairman, Peter Fallon as vice-

chairman and Kenneth Barnes as secretary. Councilman Grunewald and a representative of the Nassau County Planning Commission were present at this meeting. Both the Planning Commission and the Town Board will be providing the Committee with zoning maps and other relevant research data which will be studied as the first step in developing their recommendations.

On June 25 the Town Board by resolution, officially created this committee. "Recently completed and proposed road widenings in Hicksville, together with plans of the Metropolitan Trans-

portation Authority will be changing the face of Hicksville," Councilman Carl Grunewald said. "We want to make sure that any changes are acceptable to the community. . . we won't allow Hicksville to become another Jamaica."

New York State is presently widening Newbridge Road and Broadway, Nassau County recently completed the widening of Old Country Road in Hicksville. In addition, the M.T.A. has mentioned plans to make Hicksville an express stop on the Long Island Railroad, and Nassau County has proposed a transportation hub in Hicksville.

"Properly planned," Grunewald said, "these changes can benefit Hicksville. However, we must act early to prevent the possibility of any honky-tonk type development. Also, the Town Board will have to make plans for off street parking along the paths of the widened roads."

Grunewald said that the citizens committee will work with the Town Board, Nassau County and the M.T.A. to establish the best type of future development, with the needs and desires of the community their main consideration.

In a letter from State Transportation Commissioner, J. Burch McMorran, the State agency revealed its intent to provide modern sidewalks on both sides of the heavily-travelled thoroughfare. Petito pointed out the improved safety factors in the agreement: "This assures better traffic safety conditions for thousands of our youngsters attending Hicksville High School, Holy Trinity High School and Holy Family parochial school," the Supervisor stated. "I am gratified that the state has agreed

# Dear Sheila:

It may be a little early to mention it, but Labor Day comes all too quickly for those of you who enjoy our summers. . . this Labor Day will be a special one for HICKSVILLE, for once again the Hicksville Fire Department will be hosting its annual parade and drill (their fortieth) and in addition, this year, our Fire Dept. is also celebrating its 100th Centennial. So, plan to be in town on that special day. . . we're sure you'll enjoy all the festivities. More on this in coming weeks.

The distance to Mrs. Rose Carrier of Passaic, N.J., Hicksville, is the passing of her beloved brother, Peter DeSisto. Even though space does not permit to print the beautiful eulogy which is a tribute to your brother, our hearts go out to you in your loss. Someone whose life was as dedicated as

was your brother's, must certainly leave many inspiring memories, Mrs. Carrier.

We are proud of all our active HICKSVILLE and PLAINVIEW Service Clubs. . . and at this time would like to urge them to have the members in each club who are going to handle publicity for the coming year, get in touch with us at our new address, 181 Old Country Road, Hicksville (W-1-1400). During the summer our office is staffed on Tuesdays and Fridays (as it happens, not tomorrow, July 19th). However, if you have your name and phone number, one of our staff will be in touch with you with a publicity plan that will make your year as chairman a great success. So, let's hear from you! This month!

Until next week, keep "Your Club" best wishes.

## Evaluating Parents Of Little Leaguers In Our Area

Little League play in our area has been concluded for this year and champions and final standings have been established to the satisfaction of some of the players, to the chagrin of others. But, what about the parents of the players? How did they rate in comparison insofar as the Little League is concerned?

We have selected the following passages from the booklet "Role of the Parent in Little League" and each Birchwood Park parent can judge his or her performance or non-performance accordingly.

"As a public image Little League Baseball has become synonymous with the high standards of beneficial discipline, training, integrity, physical fitness and will to win that every parent hopefully desires to inculcate in the growing up period of youth.

"The wholesome aspects of a million youngsters taking part in a program that cultivates beneficial experiences of coordinated teamwork and good sportsmanship is a highly complimentary reflection on the spirit and contagious enthusiasm of the parent.

"Every parent of the boy who plays Little League Baseball has a responsibility to do his or her part. Ideally, who but the parent has more at stake and is more acutely motivated?

"Primarily, the parents should know Little League Baseball well and be fully aware of what exposure to Little League means to the boy. They should take an active and discerning interest in the unique appeal of Little League which sets it apart from all other youth programs of its kind, and be knowledgeable of the potential beneficial experience to the boy. It is essential to become informed and learn about the policies, practices and the rules by which Little League functions.

"The challenge of the future is directed to the parent; his or her willingness to exchange time and effort helpfully and correctly

for the benefits of Little League to their child.

"Too few parents avail themselves of literature and material about Little League which can be obtained through local league sources or directly from Little League Headquarters. Regular meetings of the local league are important sources of information. It is always a satisfaction for the active personnel of the league to occasion get-togethers with parents, who should make a point of attending meetings.

"Parents should turn out for Little League games and support the league's activities. Youngsters who play Little League are at an impressionable age and sensitive to parental reaction.

"Some parents find it easy to excuse non-participation. It is an erroneous notion that unless a parent has qualifications as a coach, a manager, an umpire or captain, he cannot be accommodated in the constructed membership of the league.

"For every new Little Leaguer there must be resources and volunteer help to carry him forward. Little League offers a beneficial climate that extends not only to the children, but to parents, families and communities as well.

"Little League should be a happy family experience. Making it that way, through intelligent and unselfish participation, best defines the role of the parent. "In the broad sense Little League is a training activity for adults, as well as for boys, and it can not be emphasized too strongly that parents who usually respect the volunteer status of other adults whose willingness to help makes Little League possible. It is always in order to applaud a good player or an outstanding feat of baseball skills. But it is a deplorable exhibition of incivility or plain ignorance to boo a youngster who

## BCA Summer Bowling League

Position night, Monday July 15th, saw the Minoff-Luxemburg duo clobber the Springer-less Springer-Goldenberg team 7-0 to take the lead in Section A by 3 points over the losers, Sam Springer was absent as his mother passed away last week. The entire league extends its condolences and sympathy to Sam.

The Brody-Rosenthal tandem, leaders in Section B since opening night, beat back a determined challenge by Newman-Koplik 5-2 and grabbed a 3 point lead over the defeated team, Elaine Brody converted a phenomenal 4 out of 5 splits in the Rubber Game which was decided by a mere 8 points. Could not have come at a better time, as far as the winners are concerned, but Elaine's feat must rate as an unbeatable record in anybody's league.

Gerry Reichgott banged out two 200 games in leading Reichgott-Stein to a new league series high scratch of 2087. Needless to say, Gerry's team rang up a 7-0 shut-out over Hauptman-Goldstein. Sid Sachs continued to dominate all individual honors by maintaining his high average, most 200 games, high game and high series. Rumor has it that the other members of the league are ready to sponsor Sid and send him on the Pro Bowlers Tour.

Here are the section standings after seven weeks of summer bowling.

## Hot Weather Tips

Here are some general rules that will get most healthy individuals comfortably through the summer. Those who have heart disease in any form, or suspect it, should follow a doctor's advice, says the Nassau Heart Association.

1. Don't go beyond your normal capacity in anything you do.
2. Don't overeat.
3. Wear loose garments, white or light in color; wear a head covering in any prolonged period in the hot sun to avoid heat stroke.
4. Don't rush into vacations. Working into a program of moderate exercise gradually will protect your heart.
5. Don't gulp icy drinks. Cool drinks will put you at ease.
6. Avoid sudden and extreme temperature changes. For example, plunging an overheated body into cold water can trigger a heart attack in a susceptible individual.

is learning to play the game or his league leaders who are trying to help him."

## FROM THE EDITOR:

A number of years ago, George J. Frankel wrote an article for our paper entitled "The Villager - What Is It?" For the most part, the thoughts expressed are still applicable today. Therefore, although we have taken poetic license by taking some of George's material out of context, we are reprinting most of the article, in essence.

"It was in that year that a handful of residents, who felt that a community newspaper was a vital part of community life, organized an Editorial Board, provided a name and a masthead, made arrangements for publication, and established a policy of operation. This policy has undergone many changes through the years, as a result of various experiences and situations, and at present is in a form which provides a fair equitable basis upon which to publish a community newspaper.

"THE VILLAGER is the official publication of the Birchwood Civic Association at Jericho, Inc., and the price of a subscription to it is included in the Civic Association dues. Its purpose is to provide news and information to the residents of the Village of Birchwood Park which is of special interest to them. The Editorial Board of THE VILLAGER (which is comprised of the individuals whose names appear on the masthead) is a committee of the Civic Association. The Editor is the chairman of the committee. The staff of THE VILLAGER consists of the Editorial Board plus all other regular contributors to the paper.

"In addition to news items, THE VILLAGER carries articles concerning the various activities of the Civic Association, its committees and its Board of Directors. These items are written by THE VILLAGER staff, the Civic Association committeemen, etc." As stated in the first paragraph of our editorial, this still holds true today and it leads to the point we are trying to make. Besides showing what THE VILLAGER represents to our community, we feel that this is a good way to let our readers know that the Editor and the Editorial Board take no pride of authorship. In other words, we welcome articles contributed by any resident of Birchwood Park. You may have something of interest, so please let us hear from you.

## Syosset School Board Appeals Library Decision

by Don Becker

At the July meeting of the Syosset School Board, Mr. Russel Reutter, President of the board announced that in order to expedite the board's decision as to the course of action they will follow in the current tangle over the new Syosset library, an appeal will be made to State Education Commissioner James E. Allen, Jr., for guidance. The appeal should be made by the board's council during the month of July. The tangle arises from conflicting mandates from the voters of the district. After approving in December of 1967 the purchase of land and construction of a new library, the

same voters in May selected a new slate of library trustees who are opposed to the construction of the library on the previously approved site.

The school board is now in the unhappy position of having purchased the land on South Oyster Bay Road and having authorized architectural and pre-construction costs for that site and now being presented with instructions from the new library board (the new trustee took office July 1) to stop any further expenditure until they present a new referendum for a new site to the voters.

## Golf Tournament On July 31st

The finals of the Eleventh Annual Babe Didrikson Zaharias Memorial Golf Tournament will be held on Wednesday, July 31st at the Cedar Brook Country Club, Brookville, it was announced by Mrs. Mary Faljean of Freeport and Mrs. William R. Freeman of Muttontown, co-chairmen.

For the past six weeks women players in 26 Nassau County Golf Clubs have been qualifying for the tournament and have paid an entry fee of \$5.00 each.

The players are divided into three handicap classes, using as a basis their own club handicap for qualification purposes. On Wednesday, July 31st, play will start promptly at Cedar Brook at 8:00 A.M. Suitable awards will be given to the qualifying winners of low gross and

low net in each of their classes, A, B and C. Attractive trophies (silver trays) will be awarded the final winners.

Presentation of awards will be made by New York State Senator Edward J. Speno.

At the final committee meeting held this week at the home of Mrs. Faljean, pairings were drawn for the order of play. From all indications this year's tournament, entire proceeds of which will go to further the American Cancer Society, Nassau Division's year-round cancer control program of research, public and professional education, patient services and support of the Nassau Cancer Detection Center in Elmont, will exceed the \$5,000 raised last year.
