NEW TEACHERS at Trinity Lutheran School, Hicksville, discuss the staff manual the principal at Faculty Workshop held August 26th - 30th. Left to right, Mr. William Kuck, 6th grade teacher, Miss Elizabeth Nahodyl, 4th grade teacher, Mr. Gary Trotti, 4th grade teacher, Mr. Weldon Endorf, principal, Mrs. Rita Schaller, Kindergarten teacher, and Mr. Glen Newhouse, 5th grade teacher.

### Improvement At Intersection Of Charlotte And West John Goes To Board of Supervisors

County Executive Eugene H. Nickerson has approved plans for the improvement of the Charlotte Street and West John Street intersection in Hicksville. The plans call for the acquisition of about 3,800 square feet of undeveloped property, presently owned by the Jones Institute, to allow construction of a larger turning radius.

"Because of the sharpness of the corner radius at the intersection, eastbound traffic on West John Street has a difficult time turning south onto Charlotte Street," Nickerson said. "Large trucks must presently make a wide turn which puts them directly in the path of northbound motorists on Charlotte Street. With vehicles stopped on Charlotte Street, it is necessary for

these trucks to back up into east-west traffic causing an extremely dangerous situation."

The intersection is part of a major north-south truck route connection the Long Island Expressway with industrial areas in the Old Country Road vicinity.

#### Adult Education Brochures Will Arrive Shortly

Mr. John Ash, Director of Adult Education in Hicksville School District 17 expressed concern because this year's brochures have been delayed, due to budget problems. "However, we expect these brochures to be in the mails shortly," he said. "Residents may pick up the brochures in the public library and at the Junior and Senior High Schools, by next Monday," he concluded.

## Trinity Lutheran Welcomes Faculty

Trinity Lutheran School, Hicksville, welcomed five new staff members during its Faculty Workshop conducted last week, August 26th - 30th. The Faculty Workshop is designed to orientate

the new staff and bring the original teachers into the planning for the new school year. Several curriculum projects which had been developed by teachers working for the school during the summer months were presented. These included a sex education curriculum for Kindergarten thru 8th grade, and a physical education curriculum for Kindergarten thru 6th grade to complement the existing curriculum for 7th and 8th grade.

## Who Registers?

A qualified voter need not register on September 14, 1968 if he had voted at an annual or special school meeting at any time within two years prior to this registration of September 14, 1968. In other words, those who did not vote in 1967 or at any time in 1968 at a school referendum, must register on September 14, 1968 in order to vote on September 20, 1968.

Among the five new teachers on Trinity's staff is Mrs. Rita Schaller, originally from Flushing, N. Y., a graduate of Concordia Teachers College, River Forest, Ill. Mrs. Schaller will teach Kindergarten at Trinity.

Miss Elizabeth Nahodyl is also a graduate of Concordia, and comes to Trinity with a year of teaching experience at Patchogue, N. Y. Miss Nahodyl will be teaching fourth grade. Also teaching fourth grade will be Mr. Gary Trotti, of Yonkers, N. Y., another Concordia, River Forest, graduate.

Mr. Glen Newhouse has had two years of teaching experience in Buffalo, N. Y. Mr. Newhouse has recently completed his Master of Science in Elementary Education at the University of Buffalo. He will be teaching one of the fifth grades.

Soon to be teaching one of the sixth grades is Mr. William Kuck who lives in Middleville, Queens, N. Y.

Trinity has a teaching staff of 17 with 430 students in the Kindergarten through eighth grade program.

### PTA To Meet In Library Sept. 18

Mr. J. Polous of the William Floyd School District, Mastic, Long Island, whose district spent last year on austerity, will explain the true meaning of austerity to your child, at a meeting of the Old Country Road School Parent Teacher Association of Old Country Road, to be held on Wednesday, Sept. 18 beginning at 7:30 p.m. at the Hicksville Public Library, according to Mrs. Jessie Kochan, School and Community Chairman of this PTA. Mr. Polous will be glad to answer questions at the end of his lecture, Mrs. Kochan said.

Members of the School Board have also been invited to attend and participate in this timely, informative subject.

**LIGHTNING STRUCK, TWICE!** Not lightning, but a disastrous fire took its toll, twice in the same place, yesterday afternoon at 2:45 when the use of acetylene torches caused another fire in the former Country Corner Restaurant, located at the intersection of South Oyster Bay Road and Plainview

Road in the Hills Shopping Center. The first fire occurred several months ago. As usual, prompt and efficient action of our HICKSVILLE FIRE DEPARTMENT, kept further damage to a minimum.

(Photos by G. Munch, HFD Photographer)

# Down Memory Lane

SORRY, THERE ARE NO PRIZES FOR THIS, but in this picture, if you are a real "Old Timer", you may be able to identify Hap Holden, Ray Frohnofer, Mrs. Julius Schwartz, Mrs. Fred Sutter, the late Arthur and Fred Noeth, and several others. Thanks to Mrs. Dorothy Willart for loaning us this picture for DOWN MEMORY LANE. Once, again, may we invite any of you who have old pictures for this HERALD feature, to lend them to us. We promise to return them two weeks after we have run them. Why not share your memories of Hicksville and its surrounding areas with your neighbors?

September 13 and 14 is the final weekend of the St. Ignatius Loyola Youth Council production, "The Music Man". At left is the lead Peter McEntee, together with Patricia Brittain, and Adrienne Salamone. In forward ground is Edmund Chwalisz. Curtain time is 8:30 P.M. at St. Ignatius Auditorium, East Nicholas Street. Tickets will be available at the door.

## Giannelli-Ridenour

Patricia Suzanne Giannelli

On Saturday, Aug. 10, Patricia Suzanne Giannelli of Hicksville became the bride of Glenn Cooper Ridenour, III, of Richmond, Indiana. A High Mass with the Papal Blessing was celebrated at St. Paul's R. C. Church, Brookville. A reception followed

at The Viennese Coach, Syosset. The bride is the daughter of Mr. and Mrs. Edward J. Giannelli of 50 Lenox Ave., Hicksville. Her father is the Democratic Leader of North Hicksville. She graduated with honors from Morehead State University, Morehead, Kentucky. Elected to "Who's Who Among Students in American Universities and Colleges" for 67-68, she will be teaching High School Physical Education at Twin Valley School District in West Alexandria, Ohio.

The groom, who attended Morehead State University, Morehead, Kentucky, is the son of Mrs. Lawrence Brubaker of Rockville, Maryland, and Mr. Glenn Cooper Ridenour, II, of Richmond, Indiana. Mr. Ridenour is self-employed as the owner of a car agency.

The couple will reside in Richmond, Indiana.

## Keliher - Goodman

Mr. and Mrs. Emlen Goodman, 41 Garden Blvd., HICKSVILLE, are pleased to announce the engagement of their daughter Jeanne

to Richard Keliher son of Mr. and Mrs. Keliher of Walnut Lane HICKSVILLE.

Miss Goodman is employed by Grumman Aircraft Engineering Corp. and Mr. Keliher, after having served in the U.S. Air Force, is employed at the Potter Instrument Corp. in Plainview.

The couple plan to be married on February 15, 1969.

## Republicans To Meet

The Ernest F. Francke Republican Club will hold its regular monthly meeting at 8:30 P.M., on September 13. The meeting will be held at the Old Country Road, Hicksville.

The meeting will feature a "Candidates Night" with speeches by Abe Seldin, candidate for Congressman; Joe Reilly, incumbent candidate for Assemblyman; Assemblyman Caemmerer, County District Attorney Cahn, County Comptroller Roncallo and Philip B. Healey, incumbent candidate for Town Councilman.

## Receives Commendation

Aviation Boatswain's Mate Airman Ralph H. Tisdale, USN, 19, son of Mr. and Mrs. Eugene A. Tisdale of 22 Boulevard Drive, HICKSVILLE, has received a Letter of Commendation from the Commander of Naval forces in the Philippines.

He received the commendation for helping rescue 260 people from the ruins of a six-story apartment that collapsed in Manila's Chinatown District during an earth quake.

There were more than 300 reported casualties. The Navy provided disaster

teams, medical supplies and evacuation equipment following the quake.

U.S. sailors and Marines worked day and night for eleven days with Philippine Armed Forces, civic organizations and survivors of the tragedy searching for victims.

## On the Campus

On the Dean's List at the State University College at Fredonia, New York, is Stephen E. Goldstein, of HICKSVILLE.

# Free heating survey for people in Hicksville.

Discover how surprisingly little it costs to convert to modern gas heat. Your family will appreciate the difference. Gas heat is clean. Gas heat is dependable (no deliveries - it's piped directly into your home). Gas heat is economical. It has been selected by many of your neighbors.

**Our man in Hicksville, Joe McCarthy**

Joe McCarthy has been helping Long Island Families with their heating problems for 3 years. He can give you the facts on clean, dependable, economical heat for your home. Of course, there's no obligation. Call Joe McCarthy at HT 4-1300. Next winter you'll be glad you did.

# Dear Friends:

I had a dream. I dreamt that everyone in Life, Teach, Yes and the new, middle of the road, "common sense committee" got together and agreed that a two-pronged approach is realistic with regard to Hicksville's education problems. (1) Educate our children as in past years, even though it is at today's prices... and (2) Work together vigorously to change our state laws so that the tax burden is no longer piled upon the already-overloaded home owner.

All of Hicksville was united in a tremendous effort to solve these important problems without hurting our young people and with definite help accorded to our hard-pressed home owners and taxpayers. Yes, I had a dream... and in part of that dream, we all stopped fighting each other and worked together to help each other. No one weakened the educational processes of our young people and everyone united to solve our taxpayers' problems. I had a dream... have you?

Speaking of service to our community, thanks go to the following Hicksville residents who have worked over the years as chairmen of the annual meetings and referendums of our school district, without any pay: Henry Brengel, John Maher, Grace Cranner, Lenor Macpherson, Betty Beutelman, Gardiner Gregory, Lillian Center, Nancy Dountor, Sally Catalano, Rosemary Dzienius and Joan Martingale.

AS WE GO TO PRESS the news reaches us that the roof of the Hicksville Post Office Annex (near the Farmers Market) collapsed with the weight of heavy rains, on Wednesday morning at about 4 a.m. Luckily no one was injured when the roof fell in. A large crew of repairmen are presently working to complete repairs... and we can personally attest to the fact that, in line with their well known slogan... THE MAILS DID GO THROUGH.

Until next week, do your best.

Sincerely,  
SHEILA NOETH

# Letters To The Editor

We are printing several Letters To The Editor, without comment. We are, however, deliberately omitting letters and pictures which contain unsubstantiated charges and unverifiable pictures for the simple reason that, not only is the writer of such material subject to a libel suit, but so is the newspaper that prints such letters and pictures.

Your opinions are one thing, specific charges are another. We cannot print them, as we, too, would be liable.

Dear Editor:

I read with great interest your article regarding the need for a reform in the procedure for levying school taxes. I feel that this is long, long overdue. You asked for comments and thoughts on this issue and here they are:

1. I agree that they should possibly be levied on salary rather than real estate figures. As stated many people are living on fixed - so to speak - incomes. Mainly in this category are your "Senior Citizens" but in addition to these are your "Civil Servants" such as policemen, sanitation men and county and town employees.

2. Personally, I feel that once you reach the point where you have no children of school age you should be exempt from paying school taxes - after all you have carried your share of the burden long enough.

3. In addition, I feel that if a family chooses to send their child or children to a parochial school (regardless of denomination) that that family pay a flat reasonable tax which would remain stationary as long as they had no children attending the Public School. True, it is a privilege to send children to parochial school but think of the money these people save the local school districts and receive next to nothing for it - particularly if your child walks to school.

It is my firm opinion that these are the people who are voting down your budgets and propositions because they are being taxed out of their homes. Senior citizens, fixed-income families and parochial school families just cannot afford the money to pay these taxes. I also feel that only persons actually paying these high taxes should have a right to vote on the budgets. If taxes are raised - as they have been in recent years - when the school age in Hicksville is well over its peak - only the actual property owner is forced to pay this additional tax. True, now most landlords add clauses to cover themselves on this issue but many leases do not and did not over many a year.

I have paid just under \$500 in school tax a year for the last four years and received 3 years of kindergarten for this amount. \$2,000 for 3 years of kindergarten is a bit much.

An Overtaxed Local Citizen  
(Name withheld upon request)

Mr. Carl A. Gruenwald,  
Town Councilman  
Mr. Michael N. Petitto,  
Supervisor  
Town of Oyster Bay Zoning Board  
Mid Island Herald  
Gentlemen:

It is our understanding that the property facing Broadway between Notre Dame Avenue and Thorman Avenue going back to Desmond, has been purchased, with all building erected.

As a resident of this area, petition signature is available as desired, we want to be certain that no monstrosity is erected, similar to that directly across

Broadway, a 4-story building going way back to the next block. It must be pointed out that the "back area" in this block was rezoned for business only upon the widening of Broadway which caused businessmen to lose land zoned for business and upon their specific request that they needed parking area.

Thusly, if this section of the residential area were zoned for this purpose only on the premise of use of parking, space should not now be zoned to erect buildings which will affect the residential nature of this entire section.

We think that it is the responsibility of those being addressed, with a copy going to the Mid Island Herald for support, that Hicksville be not completely ruined through demolition of private structures replaced by monstrosities. Thank God this is not New York City yet, and it will never be.

We will be most appreciative of your efforts on our behalf.

Very truly yours,  
Lawrence A. Roman

Dear Editor:

We'd like your readers to know that teachers organized by the Hicksville Federation of Teachers, Local 1645 AFT, will meet local residents leaving evening commuter trains at the Hicksville Railroad Station Thursday September 19 and Friday September 20 (the day before and the day of the vote) to urge their support of school budget items which will be presented for their approval Friday September 20.

The union will distribute leaflets that ask a "YES" vote on all budgetary items.

Bill Dean, president of the local said that he hoped all eligible voters would take this opportunity to right the wrongs visited upon the school system by prior negative votes this year.

"The Hicksville Public School System needs help," he said, "and the public must decide for a superior or inferior program. We hope they will meet their responsibilities."

Dean also said that moves regarding possible sanctions by the union would be postponed pending the outcome of the budget vote.

To the Editor:

Enclosed are some facts relative to the budget and services of the Hicksville Public Library.

Since 1964 we have not been able to persuade many voters that we perform a vital and efficient community service. We have just concluded a year of self-evaluation including a community survey, a management report, and an inspection of our collection in an effort to judge whether the Library has been responsive to community needs. These studies, made by authorities in the field of library management and services, indicated that the library is economically and efficiently operated with a collection rated as above average. Furthermore, the public seems to approve of the services as offered. The reason for the defeats, then, remain obscure.

Certainly a library that serves as many adults, children and students as Hicksville should be able to inspire more than 2,500 to vote for its continued existence as a genuine center of information for the community. However, there is considerable evidence that many who use the library do not vote. This situation must be corrected if we are to be successful. We urge all of our eligible citizens to register on September 14th at the Administration Building on Division Avenue and VOTE favorably on September 20th. We ask anyone who has a complaint or question about the budget or the library operation to call WE 1-1419 or pay us a visit.

/s/ Kenneth S. Barnes  
Library Director

## VACATION DRIVING CHECKUPS

ONE OF THE BIGGEST BLOWS TO A SAFE DRIVING RECORD CAN BE THE BLIND SPOT. YET BASED ON THE MOTORIST WHO REALLY KNOWS THE CONDITION OF HIS TIRES—OR OF THE OTHER SAFETY EQUIPMENT ON HIS CAR—IS YOUR CAR SAFE? EXPERTS AT JOHN'S-MANVILLE SUGGEST CHECKING THE FOLLOWING ITEMS.

1. FAN BELT. THIS SHOULD BE SMOOTH AND UNFRAVED WITH A MAXIMUM OF A HALF-INCH OF PLAY. IT'S WISE TO CARRY A SPARE.

2. HOSES. THEIR TIGHTNESS SHOULD BE CHECKED AT LEAST TWICE A YEAR, AT THE SAME TIME AS YOUR PRESSURE CAP.

3. OIL. LEAVING DIRTY OIL IN SAVES YOU NOTHING. WHAT YOU SAVE FROM NOT BUYING NEW OIL YOU MORE THAN LOSE IN EXTRA WEAR ON YOUR CAR.

4. LIGHTS. IF APPROACHING DRIVERS FREQUENTLY FLASH THEIR HEADLIGHTS AT YOU AT NIGHT, FIND OUT WHETHER YOUR OWN LIGHTS ARE AIMED PROPERLY. CHECK CLEANLINESS, TOO. IF YOUR WINDSHIELD NEEDS WIPING, SO DO YOUR HEADLIGHTS.

5. BRAKES. EVEN WITH SELF-ADJUSTING BRAKES YOU NEED REGULAR INSPECTION TO PREVENT BRAKE LININGS FROM BEING WORN DOWN TOO FAR FOR SAFETY. NEW JOHN-MANVILLE BRAKE LININGS MAY MEAN A NEW LEASE ON LIFE.

6. TIRES. THE BEST WAY TO EXAMINE THEM IS WITH THE EAR ON A LIFT. THIS WAY, YOU CAN CHECK INTERIOR SIDEWALLS FOR BULGES AS WELL AS THOROUGHLY INSPECTING THE TREAD.

**FUR-TRIMMED SILLY MILLISKIRT** IS THE LATEST "THING" ON FIFTH AVENUE. THE SILLY MILLISKIRT, INSPIRED BY 101 CIGARETTES, IS EXACTLY 101 MILLIMETERS ABOVE THE KNEE (ABOUT 4 INCHES).

## LABEL ODDITIES

THE WORD "LABEL" REFERRED ORIGINALLY TO THE CLOTH BANDS, OR FILLETS, ATTACHED TO A BISHOP'S MITRE.

LABELING WAS BEGUN 2,000 YEARS AGO BY A ROMAN DRUGGIST WHO BAKED HIS NAME INTO JARS CONTAINING HIS OINTMENT.

TODAY, LABELS ON FOOD CONTAINERS ARE REQUIRED BY LAW TO TELL THE COMPLETE NAME OF THE PRODUCT, NET WEIGHT OR VOLUME, THE CANNER OR DISTRIBUTOR, AND THE INGREDIENTS. 35 YEARS PREVIOUSLY THE NATIONAL CANNERS ASSOCIATION HAD A DESCRIPTIVE LABELING PROGRAM WHICH TOLD THE TRUTH ABOUT A CAN'S INGREDIENTS IN SIMPLE, FAMILIAR, EASY-TO-READ TERMS.

THE FIRST LABEL PATENT WAS GRANTED IN 1874 FOR A BREAKFAST HONEY LABEL TO BE ATTACHED TO THE SACK, BOX OR BARREL IN WHICH THE HONEY WAS TO BE SOLD.

IN THE 1800'S WOVEN LABELS FOR CLOTHES WERE COLLECTOR'S ITEMS. SOME MADE IN ENGLAND OF SILK HAD THREE-DIMENSIONAL PORTRAITS OF WASHINGTON, DISRAELI AND QUEEN VICTORIA.

## FIRST LIBRARY

6. BOSTON WAS THE FIRST CITY IN THE AMERICAN COLONIES TO GET A PUBLIC LIBRARY AS EARLY AS 1653. A CIRCULATING LIBRARY WAS CHARTERED IN 1732 IN PHILADELPHIA ON THE INITIATIVE OF BENJAMIN FRANKLIN.

## SOUPS ON

### DAFFODIL ASPARAGUS SOUP

- 2 cans (10½ ounces each) Campbell's condensed cream of asparagus soup
  - 1 soup can water
  - 1 soup can milk
  - ¼ teaspoon ground nutmeg
  - 1 hard-cooked egg, sieved
- In saucepan, stir soup until smooth; add water, milk and nutmeg. Heat; stir now and then. Pour into cups or mugs. Garnish with a sprinkling of sieved hard-cooked egg. Makes 4 to 6 servings.

## TWA WORLD TRAVEL CENTER OPENS IN NEW YORK

Ten languages are spoken at the Trans World Airlines World Travel Center at 299 Park Avenue, New York City, making it an ideal stop for American and foreign travelers alike. Center personnel specialize in arranging travel itineraries, making air and hotel reservations and providing fast and efficient ticketing and information services. TWA Travel Consultants and Agents speak Chinese, English, French, German, Italian, Portuguese, Russian, Spanish, Swedish and Thai. The futuristic Center is designed to convey the impression of flight.

## BEYOND THE CALL OF DUTY

Like her own life work, she made extensive visits to outpouring of tributes to Helen blinded veterans. Keller goes on even after her death.

There are many important reasons why Miss Keller fully earned all these honors—and more. She supported trade unions, strikes, and made many appeals for help in causes involving oppression or exploitation of labor. She prompted many governmental leaders, including John F. Kennedy, to establish meaningful programs and good schools for the blind and deaf-blind. She traveled around the world, visiting 39 countries on five continents, in behalf of the deaf-blind. She established the Helen Keller Memorial Fund, and co-sponsored by the American blind people everywhere, and encouraged kings, queens, and prime ministers and premiers to make life more meaningful for their blind. She wrote 13 books. Her film biography, "Helen Keller in Her Story," won an "Oscar" as the best feature-length documentary of 1955. During World War II she devoted her life.

## Sea Trials For Hydrofoil

TAKE OFF — The Grumman hydrofoil gunboat, Flagstaff, begins to rise on her twin foils during a high speed practice run off the coast of Florida. The 73-foot, aluminum vessel is undergoing extensive sea trials prior to final operational evaluation by the U.S. Navy at Coronado, California. The boat was designed and built by Grumman at its Stuart, Florida, installation.

The hydrofoil gunboat "Flagstaff," newest addition to the U.S. Navy's surface fleet, is undergoing intensive sea trials in the Atlantic Ocean off the coast of Florida, prior to shipment this summer to Coronado, Calif., for full-dress operational evaluation.

The futuristic vessel, which "flies" on submerged foils or wings that lift its hull completely above the waves, is 73 feet long, and weighs about 60 tons. Exact speed is classified, but the Navy acknowledges that Flagstaff will exceed 40 knots in heavy seas.

Built by Grumman Aircraft Engineering Corporation, the new hydrofoil can perform a variety of missions in the open ocean or near shore areas. It is expected to be useful in action against enemy shore installations or light surface craft, in patrol and reconnaissance roles and in air-sea rescue operations.

The Flagstaff was designed, constructed and tested under a \$3.8 million Navy contract which called for a patrol gunboat featuring unusual stability at high speeds in rough waters. It is constructed entirely of corrosion-resistant aluminum and incorporates an autopilot system which automatically stabilizes the boat under varying sea conditions, much as an aircraft autopilot maintains smooth flight in the air. The Flagstaff has two modes of operation. One is hullborne travel at slower speeds, when two diesel engines provide the propulsion. At higher speeds, however, struts or arms which support three foils resembling a section of airplane wing, are lowered into the water and the vehicle rises or "flies" on these foils. This action lifts the hull above the water and practically eliminates all drag. A gas turbine engine propels the hydrofoil gunboat at the higher speeds.

## For Something Novel Try Apple Meatballs

Chopped steaks, often served in a mundane and unappealing manner, can become a family favorite with the addition of a few costful ingredients.

Tomato sauce has long been a favorite and enriching accompaniment, but tomato in this case does not tell the whole tale. Hidden in these meatballs are chopped, tart apples which impart a subtle yet distinguishing flavor to this highly original dish. Krasny Crackers from your kitchen shelf lend the tasteful ingredients together, and it's all as easy as can be.

Serve with saffron rice, the eye appeal of Apple Meatballs will equal their taste appeal.

### Apple Meatballs

- |                                |   |
|--------------------------------|---|
| 1/2 double Krasny Crackers     | 1 cup peeled and coarsely grated tart apple |
| 1/4 teaspoon salt              | 2 eggs, beaten                              |
| 1/4 teaspoon pepper            | 1 cup tomato juice                          |
| 1 pound ground top round steak |   |

Crush crackers into very fine crumbs between two sheets of waxed paper, there should be about 1 cup. Stir well with salt and pepper and gently work into the meat already mixed with apple and eggs. Roll into balls about 1 1/2 inches in diameter and place in a shallow baking dish in one layer. Cover with tomato juice. Bake in preheated moderately hot oven (375°) for about one half hour, or until done all the way through. If tomato juice evaporates too rapidly before cooking is complete, add a bit more. Serve on parboiled saffron rice. Yield: 10 servings.

## Enhance Your "Party" Reputation

Stake your reputation as a hostess on two interesting buffet party recipes. Orange Apple Glazed Ribs, glistening with spicy sauce, and Shrimp with Jelly and Barbecue Sauce, make outstanding contributions to your cocktail party.

The ribs take in the oven marmalade sauce, but with the shrimp your guests do the work. With chopsticks (or party picks) they dip the cooked shrimp into the dipping sauce. Food is half the fun at a party. And your reputation as a party giver will soar.

### Orange Apple Glazed Ribs

- |                             |                           |
|-----------------------------|---------------------------|
| 1 1/2 pounds pork back ribs | 1/2 cup apricot preserves |
| 1 cup apple cider           | 1/2 cup orange marmalade  |
| 1/4 cup brown sugar         |                           |

Place ribs on a rack in a shallow pan, meaty side up. Roast in a 350 degree oven for 1 1/2 hours until browned. Drain excess fat from pan. In a separate combination oven brown sugar, apricot preserves and marmalade. Simmer 5 minutes. Blend in marmalade, stir until smooth and clear.

### Jelly and Barbecue Sauce

- |                       |                        |
|-----------------------|------------------------|
| 1/2 cup currant jelly | 1 cup honey            |
| 1 cup barbecue sauce  | 1 tablespoon soy sauce |

In a saucepan, heat jelly until melted. Stir in barbecue sauce, honey and soy sauce. Serve hot as a dip for shrimp.

### IS YOUR BOAT IN THE WAY?

A well planned boat is just as important as an individual and used the hand on the throttle may be as responsible for subsiding a fishery as the fish catching lines he has scattered the boat.

Proper boat handling, say the fishing experts at Mercury outboards, plays a vital role in fishing. Unfortunately, they add, its true significance often becomes apparent too late—after a good fish has been lost.

Most anglers are constantly aware of handling their motor, finding and casting and hooking and setting, to derive size fish possible for special problems.

However, things change rapidly when the motor is set into a bank or along a rocky shore, causing vibration on the handle and the boat to bounce. That's the boat you're in, and the steps you take.

So, the anglers who have been fishing the water hole on the bank, or in an unobstructed water area, will find the boat. When the boat shows signs of being and, most anglers, the fish hooks off. The fish, however, continues to move and is excited with the motor. The fish will be seen and up near the bank.

Large fish, such as pike, salmon, trout and muskies, have a peculiar affection for boat bottoms—particularly steel—about to be landed. They may slide vertically along the hull, completely without your vision.

Unless the angler places his rod deep into the water and the fisherman swings the boat quickly, say the Mercury lads, something's going to get snagged and the escape route is closed.

Still, you can't keep a fish away from the boat. Keep the boat away from the fish and you'll be a happy fisherman.

## Toffee Charlotte Russe Torte

Here's an elegant lady of a dessert with a summertime style all her own. She's delightful to look at, and there's a lot more to her than meets the eye.

Toffee Charlotte Russe Torte is prepared almost as easily as a dish of pudding, yet this creation looks and tastes as exquisite as any expensive pastry. English toffee flavor comes from bits of candy bars placed in the pie filling and sprinkled on top of the torte. No baking; just prepare and chill.

### Toffee Charlotte Russe Torte

- |   |  |
|---|--|
| 2 pkgs. (3 ozs. each) or 2 doz. lady fingers, split lengthwise    | 1 1/2 cups chopped chocolate coated English Toffee candy bars  |
| 1 envelope (1 tbsp.) unflavored gelatin                           | 1 tsp. vanilla   |
| 1/2 cup cold water  | 2 envelopes (2 ozs. each) dessert topping mix                  |
| 1 pkg. (3 ozs.) vanilla pudding and pie filling mix (not instant) | 2 to 3 cups defrosted frozen or fresh sweetened sliced peaches |

Cut 2 dozen of the lady finger halves into 2-inch lengths and stand them upright, crust side towards pan and cut side down, around edge of 9-inch spring form pan. Line bottom of pan with lady finger halves. Soften gelatin in cold water. Prepare pudding mix as directed on package label. Add gelatin to hot pudding and stir until it melts. Stir in 1 1/2 cups toffee pieces and vanilla. Chill mixture until it starts to thicken.

Prepare 1 envelope of dessert topping mix as directed on package label and fold it into chilled toffee mixture. Fill center of pan with layers of pudding and remaining lady fingers and pieces, making pudding the top layer. Chill until firm. To serve prepare remaining topping mix as directed on package label and top torte attractively with topping mix and sprinkle with remaining 1/2 cup chopped toffee. Serve with peaches. Yield: 8 to 10 servings.

## THE CARPET BAGGERS

Young rebels bored by tears with conventional looking rooms have sent up a yell for creative ideas using carpet—and the results are terrific!

Confederates in arms—look contemporary furniture and rich warm colorings on the walls. Over a modern, frolicsome individual aluminum bands like strips of mirror provide vital contrast to a wall carpeted in floral bedspread which gives a rich, abstract quality treasured by high built. In direct contrast to the smoothly carpeted wall a luxuriously fringed Fortrel and nylon area rug with a swirled center motif is visible under a glass table.

If your budget floors you, and you cannot cover your

Carpet, carpet on the wall

Bar-gain, a carpeted closet

walls follow the footsteps of an inspired bride in her first small apartment. Use substantially sized plywood cubes with foam

rubber, hinged tops to provide extra seating and storage (lower right). When covered with brilliantly colored carpeting they are a conversation piece as well as a practical solution. Placed around a low coffee table, set for an informal dinner, the look is not do-it-yourself but high-powered pizzazz!

Don't let the skeleton in your apartment be a misplaced closet or an awkward niche. Remove the door and hardware and run a bar of light inside. Make magic by running the same carpet from the adjacent room right into the closet to create a total look. Here, for example, the walls and shelves are covered with silver vinyl to give the glasses and accessories a wonderful shimmer quality. A painted cabinet mounted at serving height doubles as counter and storage space (left).

Ottomans with overcoats

there's no reason why it can't climb the walls or creep into hidden spots to bag you a decorating prize!

**Mineola Technical Program  
Registration Set For  
September 16, 17, 18 and 19**

As the Mineola Technical Program enters its fourth year of successful service to those interested in upgrading their skills, it offers the following educational opportunities:

A. High school graduates and holders of State Equivalency Certificates who wish to pursue vocational goals through (1) a complete two-year program leading to a certificate of achievement or (2) a partial program of selected courses.

B. Non-graduates who wish to pursue vocational goals and/or work toward a high school diploma.

C. Graduates who wish to strengthen weak areas in order to improve chances of acceptance at post high school institutions.

D. Individuals presently employed who are interested in upgrading their skills to take advantage of occupational opportunities.

E. Students currently enrolled in a high school program who lack one credit in English or Social Studies needed for graduation requirements in the Mineola Technical Program upon home school approval.

The following vocational courses will be offered as preparatory training programs for individuals interested in learning a trade and as advanced training programs for those already employed in the field.

Instruction will be programmed to meet the needs of the individual. Each subject will be offered as a one or two year sequential program.

Automotive Mechanics I and II  
Industrial Electronics I and II

Mechanical Drafting I and II  
Wood Working (cabinet making, carpentry, furniture making).

Office Practice (typing, shorthand, transcription, key punch).  
Related science and math will be included as part of the program in each of the appropriate vocational areas.

The academic subjects offered are English, Social Studies and Math. These subjects will be required of all certificate program students. Other academic subjects will be offered depending on demand at time of registration.

Enrollment is open to all interested persons who desire to learn and who are willing to devote three hours a night for two to four nights a week, depending on the program selected.

Registration will be open from 7-10 p.m. on September 16, 17, 18 and 19, in Room 103 of Mineola High School, Armstrong Road, Garden City Park, N.Y. At this time candidates will fill out an application form and will have a short conference with experienced guidance personnel to discuss student goals. Interested persons should have a copy of their high school records sent to the Center prior to registration.

Classes will begin on Wednesday, September 25, 1968. All residents of District 10, under the age of 21 will be admitted free of charge. District 10 residents over 21, and all residents from outside districts will be required to pay the following tuition fees: Shop courses \$65 per year and academic courses, \$30 per year.

Richard Narvaex of Hicks, Willis, technical supervisor at the Long Island Jewish Hospital, explains the intricacies of the heart-lung machine to Mrs. Sidney Chasin of the Rozenberg-Toner Heart Foundation as Dr. George Woff (left) and Dr. Norman Gootman, both of Manhasset Hills, look on.

Spino honored for leadership in legislation for emotionally disturbed children at recent Charity ball. (L. to R.) Honorable Howard T. Hogan, Presiding Justice, Appellate Term, Supreme Court, State of New York; Honorable Edward J. Speno, State Senator, 4th District, Nassau County.

**BERMUDA HONEYMOON.** -- An island in the sun provides the romantic setting for newlyweds, Mr. and Mrs. F. Martuscello of Ontario Avenue in PLAINVIEW who are spending their honeymoon at the luxurious Castle Harbour Hotel in the British Colony of Bermuda.

The bride is the former Raffaella Cherubino daughter of Mr. and Mrs. R. Cherubino of Plainview, and the groom is the son of Mr. and Mrs. J. Martuscello also of Plainview.

**LEGAL NOTICE**

**PUBLIC NOTICE**

**UNION FREE SCHOOL DISTRICT NO. 17**  
**TOWN OF OYSTER BAY**  
**HICKSVILLE, NEW YORK**  
NOTICE OF SPECIAL MEETING AND VOTE ON APPROPRIATION OF FUNDS BY THE VOTERS OF UNION FREE SCHOOL DISTRICT NO. 17 (HICKSVILLE) LOCATED IN THE TOWN OF OYSTER BAY, NASSAU COUNTY, NEW YORK.

NOTICE IS HEREBY GIVEN to the qualified voters of the Hicksville School District, officially known as Union Free School District No. 17, Town of Oyster Bay, Nassau County, New York, that, pursuant to Section 2007 of the Education Law, a special meeting to vote upon such propositions and resolutions as may be lawfully presented, will be held on Friday, September 20, 1968 in the school houses hereinafter designated, located in the seven (7) election districts hereinafter respectively described, during the hours from 10 AM to 10 PM (pre-vailing time), and that on said date, in said schoolhouses and during said hours the qualified voters of said School District will vote upon:

(a) The appropriation in seven (7) separate propositions of the necessary funds to meet additional estimated expenditures of the School District for the 1968-69 school year for school purposes, which appropriations are in excess of the necessary and required contingency budget duly established by the Board of Education for said school year and currently in force as of July 1, 1968 in the total sum of \$821,000.00.

(b) The appropriation of the necessary funds to meet the estimated expenditures of the Hicksville Free Public Library for the 1968-69 school year for library purposes.

**BUDGET COPIES AVAILABLE.**  
NOTICE IS HEREBY ALSO GIVEN that a copy of the text of each and every resolution and proposition to be voted upon and of the detailed statement in writing of the estimated expenditures which will be required for the ensuing 1968-69 school year for school purposes, specifying the several purposes and the amount for each, which said resolution and propositions will be voted upon on Friday, September 20, 1968 may be obtained by any taxpayer in the District at the office of the Principal in each schoolhouse in the District in which school is maintained, during the hours from 9 AM to 3:30 PM (pre-vailing time) on each day (other than Saturday, Sunday, or holidays during the seven (7) days preceding September 20, 1968.

**ELECTION DISTRICTS.**  
NOTICE IS HEREBY GIVEN that for the purpose of voting on September 20, 1968 subsequent District Meetings or Elec-

tion District Meetings or Elections, it is projected, to the District's North line.

**Election District No. 4**  
Lae Avenue School

On the East-Northeast: The Long Island Railroad, from its intersection with Old Country Road, to the Southern point of the District's East line.

On the South: The District's South line, from the Long Island Railroad, South-westerly into Michigan Drive, then South along said District line to the Hempstead Township line; then North-westerly along the District's South line to Jerusalem Avenue.

On the West: The District's West line from Arrow Lane as Projected West to said District's West line, North to Long Island Railroad.

after entitled to vote at the school meeting or election for which the registration is prepared.

**NOTICE IS FURTHER GIVEN** that the Board of Registration, the Members of which have been appointed for each election district, shall meet at the Administration Building, Division Ave., Hicksville, on Saturday Sept. 14, 1968 between the hours of 10 AM and 5 PM for the purpose of adding to the register of the qualified voters of the respective election districts for the vote to be taken on Sept. 20, 1968.

**REGISTER AVAILABLE**  
**PLEASE TAKE FURTHER NOTICE** that the register prepared for the Sept. 20, 1968 vote as above described, will be filed in the Office of the District Clerk, Administration Building, Hicksville, New York, immediately after its completion and that such register will be open for inspection by any qualified voter of the District on each of the five (5) days, except Sundays, prior to Sept. 20, 1968 during the hours 9 AM to 4 PM. No person shall be entitled to vote on Sept. 20, 1968 whose name does not appear on the register of the School District prepared for the vote to be taken on that date.

**PERMANENT REGISTRATION**  
**NOTICE IS HEREBY GIVEN** that pursuant to Chapter 764 of the Laws of 1965, amending the education law in relation to registration of voters for school district meetings or elections, the Board of Education by resolution duly enacted has determined that the register of voters prepared as herein provided shall include all persons who shall have duly registered or voted on or after August 27, 1966 and which persons shall be permanently registered so long as they do not fail to vote within two (2) years of their last vote or registration.

**NOTICE IS FURTHER GIVEN** that the Board of Registration shall remove from the register all persons who are known to be deceased, who have moved out of the school district or who are otherwise not qualified as school district electors.

## Dr. Moav To Speak At Temple Or Elohim Friday, September 27th

TEMPLE OR ELOHIM of Jericho will have as its guest speaker at Sabbath services Friday night, September 27th, Dr. Rom Moav, one of the founders and a principal spokesman of the League for the Abolishment of Religious Coercion in Israel. Dr. Moav will speak on the theme, "Israel's Reform Movement - A Struggle for Survival". Dr. Moav's organization is an independent social action organization dedicated to the implementation of Israel's pledge of freedom of conscience for all its subjects. Its goals include equal recognition for Reform and Conservative congregations, option of a non-Orthodox marriage or divorce for those who wish it, and freedom from state enforcement of Orthodox religious ob-

servance. Its membership is composed of Israelis from diverse economic, cultural, and religious backgrounds. Dr. Moav was born in Israel in 1930. He enlisted in the Palmach and then served in the Israeli Army during the War of Independence. After the war he spent eight years in the United States, where he obtained a B.S. from U.C.L.A. and a Ph.D. in statistics and genetics from the University of Calif. at Berkeley. Since 1958 he had been serving on the faculty of the Dept. of Genetics at the Hebrew U. in Jerusalem. He is married and has two children. Services will begin at 8:45 P.M. and Dr. Moav will entertain questions at the Oneg Shabbat.

## Drama Discourse

by Elaine Hauptman

The curtain is going up on another exciting drama season in the Jericho community. The program for the '68-69 year reads like a travelogue through the varied aspects of the theatre arts. A dynamic season will open with an original production of "The Man in the Blue Serge Suit" by Irwin Chokoles. The off beat drama will be directed by Jericho's Bob Sohne and will be presented in nightclub style similar to Lincoln Center's famed Promenade Concerts. It will be an evening of wine, coffee, dancing and drama with a theatre - in - the - round technique. I will keep you posted as to the date, time, and place, since reservations should be made, way in advance. Arnold Hruska, Jericho's fantastically versatile and talented speech teacher, will be directing another children's production this spring. Last year's performance was so very successful, we are eagerly awaiting the new choice. A casting call will be announced at a later date. Other organizations in our community are demanding the talents of the Jericho Community Theatre. The one act play, "Fragments" will be presented on October 29th for the general membership meeting of the Birchwood Civic Association. In the spring a one-act play will be presented for the Robert Seaman P.T.A. The play has yet to be announced. An acting workshop will be directed by Alex Canaan. Mr. Canaan, who has appeared frequently on television and played many roles in the legitimate theatre is starting his acting

classes now. The time and day will be decided upon by all interested members. If you would like to join the class, please contact Janet Bruner at 681-5359. The J.C.T. is open to all interested people. If you would like to learn about acting, producing, directing, lighting, designing, or another phase of show biz, you are cordially invited to attend the next meeting of the J.C.T. New blood, new ideas, new talents make a dynamic community theatre.

## This Month in Birchwood

10 YEARS AGO: Mrs. Halloran, Postmistress of Jericho, announced that she hoped to have the new Jericho Post Office in operation sometime in October. With the moving of the post office to the Birchwood Shopping Center, home mail delivery will begin. The foundation was poured for the Jericho Junior-Senior High School which is being built on the Cedar Swamp site (an area of 53 acres). Robbins Lane School opened Wednesday, Sept. 3rd, with an enrollment of 655 children in Grades K through 6. The Birchwood Civic Association was pushing for stop signs and a reasonable speed limit on Birchwood Park Drive which was quoted as being, "our most feared thoroughfare".

## District Engineer Forwards Recommendation For Approval Of Merry Lane Traffic Light

by Art Rosenthal

As revealed in our paper last week, recommendation has been given for the approval of a traffic signal light at the intersection of Merry Lane and Jericho Turnpike. Mr. John McGrellis, District Engineer of the New York State Dept. of Transportation at Babylon indicated to the

writer that he was recommending this to Mr. Charles E. Besanceney, Head of the Division of Traffic Engineering and Safety, Albany, N.Y. Mr. Besanceney, rules on state-wide matters of traffic signals and signs. Mr. McGrellis further revealed that it might take from

30 to 60 days for his department to receive a reply from Albany. Then, if Mr. Besanceney rules in the affirmative, it could take one year or more before actual physical work would begin. The installation work would be awarded to a private contractor along with other similar work to be done in the county. However, there is the possibility that Babylon's force could do the installation.

Mr. McGrellis did not know which type of traffic signal would eventually be installed. He will be in a better position to impart such information, if and when approval is granted.

Inasmuch as everything hinges on the ruling of Mr. Besanceney, interested individuals and organizations are urged to write to that gentleman in Albany stressing the importance and urgency of a traffic light at the intersection of Merry Lane and Jericho Turnpike.

## Annual Horse Show

Among the many top riders who will compete at the Old Mill Farm Horse Show, Jericho, on Sunday, Sept. 29, will be Mrs. John Leib of Brookville. At the Old Mill Spring Show, Mrs. Leib won a double championship taking both the working and amateur - owner hunter titles with her thoroughbred hunter, Vallant Hawk.

The show will again have a full hunter division with events for green, working, amateur, owner, junior and pony hunters. There will also be junior and green jumper events and both junior and adult horsemanship divisions. Since the show is "B" rated, the highest possible rating for a one day event, points won will count double for both the Long Island and American Horse Shows Association High Score Awards of 1968.

## Jericho Schools Report 3800 Pupils Enrolled

The Jericho Public Schools opened for the 1968-69 academic year on September 4. More than 3800 pupils reported to classes that morning, thus beginning a new school year of educational progress.

In preparation for the opening

## Ten Pin Talk by Henry Dockwell

We're back to the Bowling Wars. Last Monday night the BCA Men's League started its 36 week winter season and from the looks of things it might very well be a banner one. Thirteen times the eleven men stepped up to the line and fired away. The guy with the heaviest artillery was someone named Sid Sachs (who's he?). He never seems to stop. He cracked a 228 and a 202 for a 616 series to lead his team to an 11-0 shutout win over Mike Hoffman's crew. Mill made a valiant try when he threw a 201 but Sid had a lotta help. This amateur pencilpusher came up with a 206 and the rest of the fellows bowled well above their averages to set two marks for the rest of the league to shoot at. Sachs' "Sluggers" set Hi Game at 884 and Hi Series at 2608.

Capt Art Rosenthal was the only other man to come up with a double. He rolled a 202 and a 200 to overcome Sy Bruckner's quintet 8-3. Fred Switzman tried to spark the Bruckners to victory as he threw a 200 but it just wasn't enough.

Two other teams, beside Sachs' "Sluggers", achieved shutouts and one of them, Mary Kahn's guys, did it without their Capt. Steady Eddie Roseman stepped into the breach, bashed a 222 and when team mate Red Karbel threw a 211 it was all over for Herb Brody's boys.

The third team to win 11-0 was League President Sid Holtzman's happy warriors. Al Minceff led them to the victory trough with a key 203, in the 3rd game, that clinched the shutout over Sam Springer's unappy warriors.

Mike Hauptman with a 219, Phil Wasserman with a 212 and Sid Simon with a 205 closed out the individual scoring. By next Monday night the teams will be somewhat better adjusted so come on all you original thinkers think up a name for your team. You know something like Holtzman's "Hush Puppies" or Brody's "Bushwackers" or something good.

day, the entire Jericho administrative and teaching staff attended a day-long orientation conference on September 3.

The orientation program opened with a general meeting welcomed by School Board Vice-President Howard Jankowitz. Others who addressed the total staff were Raymond Cahalan, President of the Jericho Teachers Association, Paul Hall, President of the Jericho Administrators Association, and Mrs. Mary Caputo, President of the Jericho PTA Council.

David Nydick, Superintendent of Schools, concluded the general meeting of the conference. Mrs. Barbara C. Runnill, Executive Assistant to the Superintendent, presided.

Following the general staff meeting there were separate meetings of the faculties of each of the district's six schools. These sessions included departmental and grade level conferences and informal roundtable discussions.

The September 3 orientation program was preceded by similar meetings of the district's new faculty members, assisted by the regular staff, on August 28 and 29. Superintendent of Schools Nydick, Mrs. Runnill, Senior High Principal Robert Manheimer, Junior High Principal Arthur Rabin, and Director of Instruction Edmund Tanzl participated in these conferences, along with the elementary principals, housemasters, and teachers.

PARK IMPROVEMENTS -- Oyster Bay Town Councilman Ralph Diamond, center, meets with Sycaset - Woodbury park district residents to discuss potential improvements of the community park. Also attending the meeting are Gerard Trotta, Park Superintendent, left, and Sherwood Carl, Park Manager, right.

**Approve Street Lights**

The Oyster Bay Town Board has approved the installation of additional street lights in the Hicksville area. Councilman A. Carl Grunewald announced today.

Eight street lights will be installed on Glenbrook Road and one street light on Kuhl Avenue, both in Hicksville.

**Jericho Fire Dept. Annual Fund Drive**

The Jericho Fire Department has begun its annual fund drive. A mailing is currently being made to all residents living within the

Jericho Fire District as well as other information of value to the resident.

All proceeds received from the fund drive are used for items not provided for in the District budget. The Fire Department uses a portion of these funds for such items as additional insurance for the members, welfare and Fire Company operations.

The Jericho Fire Department is a completely voluntary organization consisting of 80 members, all giving of their own time for the protection of life and property.

THE SISTERHOOD of Cong. Shaarei Zedek held its Membership Tea at the home of Mrs. Cella Strow on August 27. Pictured left to right are Mrs. Cella Strow-vice pres of membership, Mrs. Carol Karman, Mrs. Pauline Brandon-pres of Sisterhood, Mrs. Ruth Herman. (Photograph by Pierre Charbonnet.)

**Citizens Meeting**

The Concerned Citizens, a biracial action group interested in ghetto problems, will have their next meeting at the United Methodist Church of Hicksville on Monday evening, September 16, at 8:15 P.M. The Church is located at Old Country Road and Nelson Avenue in Hicksville.

The speaker that evening will be Mr. Hugh Wilson, Director of the Nassau County Welfare Tenants Coordinating Committee. He will be speaking on the subject, "Welfare Clients and the Decision Making Process." Any and all persons interested in working in this area, and on related problems of the ghetto are invited and welcome to attend.

**HICKSVILLE HIGH NEWS**

by Gary Enes

What's happening at H.H.S.? Well, except for a spirited student attempt to give Dist. 17 a budget, and the basic educational processes....Nothing Much! Austerity has put a halt to all of the activities normally offered to the students. In a notice to the students given out this week, it was pointed out that such items as, the year book, sports, clubs, the senior ball, theatrical productions, and senior pictures would not be available to the

students this year. Austerity, however has not put a halt to the democratic process that is about to happen in the next two weeks. Class elections are coming; starting with nominations on the 18th of Sept., continuing with seven days of campaigning, and concluding with the vote on Sept. 27th. May I personally wish the best of luck to the candidates, of all three classes.

This is Hicksville's first year on the IBM scheduling system. For the most part, it has worked wonders, taking approx. 3,300 students and supplying them with their needs and wants for the 68-69 school year. The only thing the machines can't do, is give the Hicksville schools, a budget. Hopefully the voters of Hicksville will consider giving their children a well rounded education when they vote on Sept. 20th.

Next week I will be covering the budget, and school election candidates and their platforms.

**Top Drum Corps Compete**

The Greater New York Marching and Manoeuvring Circuit will hold their Southern Regional Championship Contest at St. Raphael's Field, Newbridge Road, East Meadow, on Sunday, September 22nd, at 3 P.M.

Competing Corps include, St. Ignatius Girls, Hicksville; Smithtown Freelancers; Carter Cadets; Wyan Center P.A.L.; Guardsman; Oakland, N. J. Monarchs, and The Norwalk Connecticut Hot Shots.

The Contest will be held under the supervision of Tom Costa, Sr. Vice President of the Circuit. Mr. Costa is nationally recognized as a top expert in this field.

This contest will determine which four Corps will compete in the Circuit Championship on Saturday evening, September 28th, at Gaelic Park in the Bronx. Admission to all is \$1.00.

**Adult Education**

Registration for Adult Education for the Hicksville area will be held Monday, Sept. 16; Tuesday, Sept. 17; Wednesday, Sept. 18; and Thursday, Sept. 19, from 7:00 to 9:00 p.m. at the Hicksville High School Cafeteria, Division Avenue.

Classes will start Wednesday, Sept. 25. Brochures have been delayed and will be mailed out as soon as possible. For further information, call WE 5-9000 during the day, or WE 5-9421 evenings.
