Volunteers Needed

Transcribing textbooks into braille for students who are blind is one of the functions of Catholic Charities' Special Services Division.

Most of this work is done by volunteers. Because the demand for these services is increasing each year, the Diocese of Rockville Centre's Catholic Charities through the Special Services Division, conducts a 20-week course in braille transcription. Volunteers are now being recruited for these courses which are free of charge. Upon completion of the course students will receive a certificate from Charities. Students are then requested to submit a manuscript to the Library of Congress' Division for the Blind, Washington, D.C., for accreditation as a transcriber.

Classes for the braille transcription courses will begin in October. Volunteers interested in enrolling are requested to contact Miss Marie L. Paluseo, Catholic Charities Special Services, 272 Merrick Road, Lynbrook, N.Y. 11563, before October 1.

Legion to Hold Dinner

The next meeting of the American Legion Auxiliary, Post No. 421, Hicksville, will be held on Oct. 4. After the regular business meeting, there will be a Tupper Party.

Morris, 35, a resident of Hicksville, was one of the original group of Nickerson appointees when the County Executive began his first term in 1962. The department headed by Morris is responsible for acting upon franchise applications from bus companies. In a departing statement, Morris urged the county government to insist upon a consolidation of bus service as recommended by a technical study completed this year. The present bus franchises expire at the end of 1968.

Morris was law secretary to Supreme Court Justice Mario Pittoni when appointed Director of Franchises and had formerly been an attorney for the Long Island Lighting Company. He was graduated from Iona College and from Fordham University Law School where he was an honors student and an editor of the Law Review.

In addition to practicing law in Mineola, Morris announced that he will serve as Chairman of the Citizens for Lester Wolff campaign committee. Wolff, the Democratic congressman from the Third District is running for re-election.

The New English at HJHS

Seventh-grade students in Hicksville Junior High are participating in a challenging new program for their English requirement. Seventh graders will be taking the new linguistics, an approach to language study and writing that depends less on memory work and more on analysis, invention, and original thought than does the traditional grammar lesson.

Albert Glass, principal of the junior high, reports that his program is meeting with great success throughout the country and expects his students to do especially well, for each seventh grade teacher is taking an in-service course dealing specifically with the material they will be teaching.

Dear Friends:

The results of Saturday's voting speak for themselves, to some degree. They also show us, as concerned citizens, where more help is needed. In next week's edition we hope to bring you specific programs whereby you may help your HICKSVILLE PUBLIC LIBRARY. We're sure that there are several ways that those interested may help and those in charge will develop a community program for us to bring you next week and in the week's to come.

As President of the Nassau County Press Association, it is my privilege this week, to speak with many of our law-makers at a press conference and luncheon, and you may be sure that I will bring up the problems of our overburdened home owners and the need for immediate law changes to take some of this burden from their shoulders, and to broaden the tax base so that we can not only continue to give our young people quality education, but, at the same time, help those home owners on small incomes, who are already carrying more than their share. May I suggest that you write to your representatives in the New York State Senate and Assembly, on this subject.

The Nassau County Council, B.S.A. has designated Tuesday, Oct. 8 as "Cub Join-Up Night", when virtually every elementary school and some religious centers will be open for the specific purpose of registering new boys in the extensive Cub program. District 3 serves Hicksville, Plainview, Bethpage, Old Bethpage, and Levittown, and boys who are 8, 9 and 10 years of age, along with their parents, are being urgently invited to attend the registration program in their locality and join a Cub Pack.

Until next week, do your best,

Sincerely,
SHEILA H. NOETH

Letters To The Editor

Dear Mrs. Noeth:

Now that our School Budget has been passed, I now feel free to write my feelings without confusing our Hicksville neighbors. I would like all of our neighbors to ponder this question: Who hurts children more in this world? Not other children, but the adults. Just look around you, the school situation in N.Y., and eight here in our own Hicksville. How do we adults do so much hurt to our children? This austerity didn't hurt the adults as much as the children and who is responsible? All of us parents who never found out what the austerity law implied, but now we can make sure this will get changed.

First of all it is the duty of all of us parents to make sure that the austerity law is changed, it is a stupid law to begin with. When a School District votes down a budget it doesn't mean that the people don't care, it means that the people want to keep their homes and are dreading that another tax boost is going to put them out of business. There should be a committee set up by the State that when a community votes down the School Budget, this committee comes in to see if this area needs more State or Federal aid or maybe recommends to the district where they can cut expenses. But most of all the children will not lose necessary educational equipment.

We had only 14% of our neighbors vote in the previous election and this is not right. If people are interested they should get out and vote. Someone has got to take the reins of leadership for the sake of the children. After all they do have their rights to an education and I for one would be truly upset to see them lose this right.

I hope I am not wasting my time, but I recommend all you parents who care about our children to write to Gov. Rockefeller, your Assemblyman (Mr. M. Ginsberg), N.Y. State Superintendent of Schools, Dr. Alton. Don't let it just end here in Hicksville tell your friends who live in L.I. to write, because this will happen again, not only to us but to other school districts.

I feel if one woman (an atheist) could remove prayer from our schools, then why can't we as interested parents have this austerity law changed. Also remember this since there are no prayers in school there has been nothing but trouble in all grades of schooling. Again the Adult hurting the child.

Very truly yours,
Helen F. Fontanesi

P.S. you have my consent to reprint all or part of this letter.

Letter to the Editor
Mid Island Herald
Hicksville, N.Y., 11801

Dear Sir:

The open letter from Cornelius J. McCormack, president of the Hicksville Board of Education, points to misinformation, rumors and unfounded suspicion as causes of the special problems troubling our community life today.

Unless he can prove the charges in his letter, it would appear that he is adding to the misinformation, rumors, unfounded suspicions and special problems. He charges that Hicksville is troubled with "strongly voiced minorities who believe their judgment to be absolute." Proof, please.

He then lists four general categories of minority groups: liberals and conservatives, for whom he has some degree of praise; senior citizens, for whom he will do everything in his power to see that they receive relief from spiraling costs; and parents whose conscience requires that they try to provide a God-centered education for their chil-

dren, in non-public schools.

For this last group, he has no kind words, no promise of financial relief. Instead he offers bitter criticism, with no holds barred, and no shred of proof.

According to Mr. McCormack, we (parents) "will naturally reject any rise in their taxes which does not benefit them" (no proof); we are "small minded" (no proof); selfish (no proof), and have abandoned civic responsibility (no proof).

I do not claim that the people in this last group have a monopoly on virtue or wisdom. Nor do I accept Mr. McCormack's implication that we have a monopoly on vice and ignorance. Is there any proof that the percentage of the responsible and irresponsible varies greatly between groups?

Is there no room for the taxpayer and voter who honestly feels, as I do, that the board of education is offering us budgets which are excessive and do not deserve to be approved? If we must be tarred and feathered for dissent, is it because Mr. McCormack is the one who believes his judgment to be absolute?

He declares "the unrest that is in our community is caused by those expressing opinions varying from the lawful opinion of the board."

I submit that dissent is still lawful.

I submit further that the unrest is caused by a board which has lost touch with the needs of the community, and with its ability to pay. For many years parents of children in non-public schools helped pass the school budget. It is not their sense of civic responsibility which has changed. Rather it is taxes which have changed, at a fantastic rate.

Very truly yours

P.S. In the same issue in which the Herald prints Mr. McCormack's letter, it offers an editorial aimed at some of his critics, which suggest they proceed with "truth as their only weapon" and which points out that

"name calling will not help at all." Will you consider a follow-up editorial which calls the same points to the attention of Mr. McCormack?

Editors Note: Our editorials are "aimed", (as you call it), (1) at helping educate the children in our community and (2) finding a different tax base in order to help our hard pressed home owners. We are sure that Mr. McCormack and many, fine, civic-minded people like him have similar objectives. We hope we can help you too. Thanks for your letter Mr. Zirkel. It is to say the least, thought provoking.

Dear Editor:

I wish to thank you for inserting my letter in last week's edition of the HERALD. Understand the budget passed and am waiting the next edition for exact results. It was surprising to me, for I understand it got plenty of publicity, etc.

Sure, those with good salaries and those with 2 or 3 working in the family can afford many of the unnecessary things mentioned in my last letter. We old folks are not against good teachers, books, etc. This may sound corny but we know the value of a dollar when folks worked for 50¢ a day! My own mother was employed by a farmer and one of the first local department stores, for about \$15.00 a month. Today we would call this slavery. But even today this instills in one fond memories. For, not only did we know the value of money, but the folks seemed to have value in them. They were more friendly and came to one's aid more readily.

In closing wish to state I was saddened, like many others, in the passing of the former editor, Mr. Noeth, for he like the rural aspects of the town and published a paper that far outdistanced any around. I would like you to send it to me at my new address and am sending you this, with my subscription.

Well, it's so long folks, like many others am moving to cleaner pastures. Very Sincerely,
A Reader
Al Kasten

Norris of 40 Lincoln Blvd., BETHPAGE, have completed their initial phase of Midshipmen indoctrination at the U.S. Naval Academy in Annapolis, Md.

They spent hours on the drill field, days on the rifle range and more hours sailing in the academy's 26-foot sailboats.

The summer training period came to an end with a Parent's Open House Weekend when the Midshipmen's parents visited the academy.

With the summer over and the upper clasamen returning to Annapolis, the emphasis now shifts to academic subjects and integration into the 4,000-man Brigade of Midshipmen.

Pagentry in Brass

By the St. Ignatius Girls Cadet Corps

Last Sunday afternoon the Southern Regional Championship of the Greater New York Circuit was held at St. Raphael's Field in East Meadow. We felt we put on a great show and the audience response was great. Even members of other corps came over to compliment us on a good job.

Yet even with this added confidence we went out for retreat ceremonies with lumps in our throats. This was the contest that would determine whether or not we would compete in the Circuit Championship against the four top corps from each region. We had to place in the top four. Scores are announced

beginning with last place (which only serves to add to the suspense) but the numbers had already crept to four and St. Ignatius Girls weren't announced - and then we heard "in second place, St. Ignatius!" The field lit up with smiles of joy and the stands with a burst of applause!

Next Saturday night, September 28 at 7:00 P.M. we will be in Gaelic Park in the Bronx to compete in the Circuit Championship finals. We placed second in the Regionals but our aim is not to stop there - we would like very much to bring home the Championship Flag.

See you next week!

The Oyster Bay Town Department of Recreation is starting its fall-winter season in October, with the program featuring town-school district recreation centers, ice skating, ice hockey and cultural arts workshops.

Program Introduced

Mr. A. Albert Class, Principal of the Hicksville Junior High School is pleased to announce that, with the help of Dr. Clancy, Mrs. Redding, Mr. Royce and Mr. Marks a team oriented social studies curriculum has been introduced at the 9th grade level. This approach will utilize the best talents of each of the teachers, as well as improve the physical aspects of the social studies rooms. Physically, the rooms will be set up with special materials covering such areas as Southeast Asia, Africa, etc. Students will be scheduled for those rooms called for in the curriculum, and will change these rooms each quarter as the curriculum changes. Approximately 900 students will be involved in this program.

Dr. Clancy has spent a great deal of time in setting up the four cultural area rooms, Africa, India, China and Insular Asia. The students will change area rooms and teachers every ten weeks. This plan allows the teachers to concentrate their studies and become experts in one area of culture rather than four and will also give the students a variety of instruction and historical interpretation. By using this method, provisions have been made for the maximum use of the educational dollar. Dr. Clancy states that it is no longer necessary for a student to have a book for each area as these books can be interchanged among students every ten weeks. One book will serve four students instead of just one, resulting in a saving of 75%.

Mrs. Rose T. O'Hearn

Mrs. Rose T. O'Hearn passed away on Sept. 24, 1968 at Central General Hospital in Plainview, after a brief illness. Mrs. O'Hearn, who resided in Old Bethpage, is reposing at White's Funeral Home in Farmingdale. Interment will take place on Saturday morning, Sept. 28 at St. Charles Cemetery, in Pinelawn, from St. Plus the Tenth R.C. Church on Manetta Hill Road (9 a.m. Mass).

She is survived by her son, Lawrence, her daughter, Mrs. Alma Reimels of Wayland, New York, four grandchildren and two great-grandchildren. Mrs. O'Hearn has been a resident of Hicksville and its surrounding areas for the past forty-two years.

Community Corps

Formation of a Community Corps -- made up of groups of senior citizens to be assigned to community projects as needed -- has been proposed by State Senator John D. Caemmerer (R., East Williston). Designed to offer meaningful employment to men and women 65 years of age and older who are seeking ways to supplement their finances, the Community Corps would be financed jointly by New York State and the various participating communities.

"A number of older people living on fixed retirement funds are hardpressed in making ends meet today," Caemmerer stated. "But because of their age, they find it difficult if not possible to locate dignified and realistic wage-earning opportunities."

The Community Corps could permit some of these retired and semi-retired individuals to work profitably one or more days per week in the locales where they now reside. The tasks to which members would be assigned would be determined by the changing needs of the par-

taking municipalities, and would relate as closely as possible to the skills and previous job experience of the Corpsmen, the Nassau legislator indicated.

Typical undertakings could include peakload work during school registration time, cataloging of books in the library, periodic paperwork jamups in village and town halls, the promoting of local health and charity drives, neighborhood clean-up campaigns, work with handicapped and underprivileged citizens, etc.

"When the Legislature reconvenes in Albany in January 1969, I intend to prefile a bill calling for establishment of the Community Corps -- with New York State putting up one dollar for every two raised by the individual communities," Caemmerer said. As visualized by him, the funds would be earmarked for exclusive use by the local authorities.

The Corps would be a community endeavor -- with members hired locally and assigned to community projects.

LINDSAY LAUDS CHIROPRACTIC PROFESSION. . . Commissioner John S. (Bud) Palmer (second from right), of the city's Department of Public Events, issues a proclamation on behalf of Mayor Lindsay that hails the 73rd anniversary of the chiropractic profession and pays tribute to the contributions to health care being made in this state by the Chiropractic Association of New York. Above, Palmer presents the citation to three CANY officials. From left are: Dr. Walter H. Dunbar of Hicksville, L.I., president; Dr. Richard Carnival, of Sunnyside, Queens, president-elect, and Dr. Thomas Richards of Brooklyn, public relations chairman. The proclamation salutes the CANY for its leadership in encouraging parents to teach their children the principles of good posture, and calls attention to the relationship of good posture to overall good health. The 73rd anniversary of chiropractic is being celebrated this month.

Topics in Brief

by Art Rosenthal

Some of Long Island's newspapers carried the story about a large investment corporation which is supposedly drafting plans to erect a completely covered Astrodome-type stadium in Nassau County. The proposed arena, with a seating capacity of 50,000, is pinpointed for the Jericho area, right off Jericho Turnpike and across the road from the forthcoming First National City Bank complex. This is the present location of a large sod farm, right off the Long Island Expressway. Is this a trial balloon?

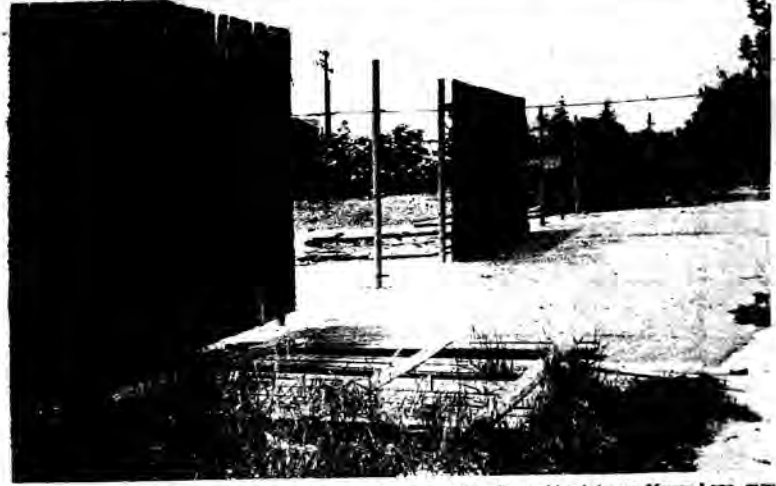

Rumblings about the recent B.C.A. mixed summer bowling league dinner indicate that the Villa Victor will hereafter be shunned for any future affairs. The service, food, and bickering about extra plates really irritated and alienated those who attended. Henry Dockswell, who chaired the event, must be given a "tip of the hat" for retaining his composure in the face of the insurmountable obstacles placed in his path by the restaurant.

We heard (from a reliable source) that Councilman Ralph Diamond and Assemblyman Joe Ginsberg are teaming up in an attempt to expedite installation of the sorely needed traffic signal light at the intersection of Merry Lane and Jericho Turnpike, if and when

Albany approves the recommendation of the District Engineer, State Dept. of Transportation, Babylon. Usually, it takes from 12 to 18 months for a traffic light to be installed but Diamond and Ginsberg are said to be ready to go all-out to get a quick installation even if through a different channel.

Local homeowners complaining about the recent blight which has affected most of the lawns in our community. The affliction reminds one of the mange which strikes dogs and results in a general loss of hair in patches (the grass is coming out in patches, also). Grumbled one local taxpayer, "It's those hired gardeners -- they bring everything around here."

The Jericho Fire Department recently purchased a new white automobile for Chief Eugene Marman's official use. It is said to be the first all white chief's car in Nassau County. Also, that it is more noticeable and easier to spot in crowded traffic, than the customary red car. We wonder if this reasoning applies to the fire engines and other apparatus which, from time immemorial, were always painted red. In any event, we hope to have a photo for our readers in the next issue of this newspaper.

This unsightly condition, currently existing on the edge of Floyd's parking lot near Merry Lane, may be cleared up in the near future. Discussions between Floyd's new management and local officials are reported to be proceeding at a good pace and the results are sure to be a pleasant surprise to our community. Man Burned To Death In Flaming Wreck On L.I.E.

Many East Birchwood residents (as well as residents in surrounding communities) were jolted awake this past Sunday at 6:15 A.M. by the insistent wailing of the Jericho Fire Department's alarm signals. The volunteers of the department were being summoned to fight a fierce blaze on the Long Island Expressway, just west of the Broadway-Hicksville Road exit, in the eastbound lane which runs alongside South Marginal Road in West Birchwood.

A loaded gasoline trailer truck smashed into the rear of two

automobiles, one of which had apparently stopped because of mechanical troubles a few moments earlier, in the right-hand lane, and all three vehicles burst into flames. The Jericho firemen working feverishly were able to prevent the fire from spreading from the cab of the truck to its gasoline storage tank which contained 600 gallons of gasoline. Chief Eugene Marman of the Jericho Fire Department said that between 25 and 30 families in the vicinity of the crash were immediately alerted to the danger of an explosion and most of

them were evacuated from their homes. People as far away as the bakery in the Birchwood Shopping Center clearly heard, over the fire department's loudspeakers, repeated instructions to the homeowners to leave their homes. Traffic was blocked for three hours and the fiery wreck resulted in the death of a physician from Flushing, and serious injury to three other men - one of the doctor's son, the other two from Brooklyn. The driver of the gasoline truck was released after treatment for shock at Syosset Hospital.

New Businessmen's Association Formed

David Huschle, proprietor of the Maine Maid Inn, has announced the formation of a new business organization called the Greater Jericho Businessmen's Association. Among the body's aims are:

- (1) The promotion of the Jericho Turnpike strip as a blue chip office center.
- (2) The protection of the present development of the

Jericho area. (3) The uniting of business interests in the vicinity with local officials and taxpayers. There are already three office buildings either completed or under way in the region. An elaborate office complex has been projected while the First National City Bank has plans to develop a large tract in the area.

Etcetera

by Nadine Klein and Mitchell Klein (Jericho High School)

The Student Council has been hard at work this year obtaining new and better discounts than ever before. Thanks to their efforts, G.O. card holders receive discounts to many local stores patronized by the students, many neighborhood movie theaters, and Madison Square Garden, in addition to admittance to school and athletic events.

The fall athletic season at Jericho High School promises to be highly competitive, but Jericho is looking forward to a winning season. (We hope!) The varsity football team has had two scrimmages; one with Glen Cove and one with Locust Valley. The Jayhawks triumphed for their first victory in a scrimmage with Glen Cove but lost last Wednesday to Seaford High School, 19-14. Jericho scored the first touchdown and extra point but failed to maintain their lead.

The Jericho soccer team, coached by Mr. Simon, won their first game, Wednesday September 18, in a 2-0 victory over Plainview Kennedy High School. Barry Cohn, sophomore, scored in the first quarter and Peter Karches, junior, made a goal in the fourth. The team lost its second game 2-0 at Locust Valley. Bruce Slovitt, senior, and Peter Karches

are the co-captains of the team. The Seniors are waiting to receive their senior privileges. At a Senior class meeting, Friday, September 20, they were notified of possible senior privileges, none of which have been instituted as of yet. A Senior lounge, leaving school during lunch and a Senior trip are among the items being discussed. The Seniors are also planning a student-teacher committee to discuss further senior privileges. The committee will be comprised of teachers, students, administrators and Senior class advisers. The Student Council has been successful in getting the fabulous Phaetons for the kick-off dance at the school Friday, September 27. Only trouble is, none of the football players can go because they have to be in bed by 10:00 for the game the next morning! Good luck to all Seniors taking the six hour long Regents Scholarship Tests on October 3!

This Month in Birchwood

9 YEARS AGO: By a vote of 36 to 1, the budget proposed by the Jericho Fire District for 1960 was approved. The budget provided for a 33% reduction in the tax rate (from 38¢ to 25¢ per hundred dollars of assessed valuation). Commissioner Smith stated that he believed the budget adequate and that it could be made to work. The Jericho Players of the B.C.A., with such productions as "Anniversary Waltz", "Happy Times" and "Wizard of Oz, behind them, were proud that their forthcoming production "Detective Story" would be directed by Allan Tristone, a CBS-TV director. Construction of the New Jericho Jewish Center Temple began with excavating work being done by bulldozers. The foundation pouring was expected to take place shortly. Dutch Kopleman, president of the Jericho Jewish Center, reported that this would be the final year that a tent would have to be utilized for the high holy days and he anticipated a fully completed building for 1960. Newly elected president,

Shirley Warren, released the 1959-1960 program of the Robbins Lane P.T.A. which promised something for everyone. "You name it - we've got it" was the theme and a partial list of specific dates for "pointlessly" wonderful fund-raising activities and social get-togethers follows: Oct. 2nd - Film - "So Dear To My Heart" (for the young 'uns); Nov. 3rd - Cake Sale (for the thin ones); Dec. 2nd - Casserole Card Party (for mom); Dec. 19th - Film - "Davy Crockett - Indian Scout" (young 'uns again); Feb. 19th - Luncheon (for mom); April 9th - Dinner Dance at Pine Hollow Country Club (for all the handsome couples).

The book review will be conducted by Dorothy Mills of the Jericho Public Library. Members will be admitted free. There will be a charge of 50 cents for a non-member of the Friends of the Jericho Public Library.

Mah Jong Grand Opening

The newly enlarged and renovated Mah Jong Restaurant on Jericho Turnpike, Syosset, will be ready for the grand opening presentation to the public about October 1st, it was announced today by Mr. Peter Chinn, President.

Long known for its exquisite oriental cuisine, the new Mah Jong will be 50% larger and will seat over 375 people when ready. It will also contain private party rooms, a new cocktail lounge, and will be decorated in Polynesian decor. It also will be fully air conditioned.

"Our clientele has grown so large", said Mr. Chinn, "we are compelled to increase our facilities and convenience by popular demand. We are happy that so many people from so many places in New York and New Jersey have made the Mah Jong Restaurant's reputation, and we are pleased to be able to present the new Mah Jong in the near future."

Financing for the new restaurant was provided by the Long Island National Bank's Main Office in HICKSVILLE.

Flower Show Set

Old Westbury Gardens grew several hundred additional Chrysanthemums beyond those required for the Gardens' seasonal display. They will be sold on Saturday and Sunday - October 5th and 6th. The proceeds are for the benefit of Old Westbury Gardens, Long Island's non-profit horticultural showplace.

Westbury House and the Gardens are open Wednesday thru Sunday from 10 a.m. to 5 p.m. until early November. Located on Old Westbury Road, Old Westbury, the Gardens can be reached from exit 39S of the Long Island Expressway; from exit 30 of the Northern State Parkway, and from exit 31 of the Meadowbrook Parkway.

CONSTRUCTION UNDERWAY: at the Mah Jong Restaurant. (Left to right are) Mr. Peter Chin, Mah Jong's proprietor, Mr. William E. Koutensky, President of Long Island National Bank, which is financing the construction, and Mr. Ralph Papsidero, the builder.

In 1940, nine dollars bought two telephone calls* to your mother in Sweet Home, Oregon, and one call to your friend in Amarillo, Texas.

Today, the same nine dollars buys more than twice as many phone calls - five to your mother in Sweet Home and three to your friend in Amarillo - plus a chocolate-nut sundae.

*1940 rates are for three minutes long-distance call all day Sunday (tax included). New Sunday rates are good all day Saturday, Sunday and weekdays after 7 P.M.

What's more, your calls go through in a fraction of the time it took then, and your party will come through much louder and clearer. More phone service. Better phone service. For the same money. If talk is cheap, blame it on the phone company.

Tops in Hicksville

William A. Kennedy, president of Tops Temporary Personnel, announced today the opening of their new office at 81 North Broadway in Hicksville, Long Island.

Mr. Kennedy said, "For many years we have been supplying Long Island businesses with the highest caliber of temporary personnel available. Now, as businesses expand throughout the island, we feel we must also expand to meet these new employment needs. Our new office will service not only Hicksville but the surrounding areas as well. We hope to continue our expansion program by opening many more offices in the coming months." This will be Tops' third office. They presently have offices in New York City and Rockville Centre.
