Mrs. Douglas MacDougall of Jericho has been named General Chairman of the 3rd Annual Tootsie Roll Drive which will be conducted throughout Nassau County during the month of October by the Nassau Chapter of the New York Association for Brain-Injured Children (NYABIC). Candy and information can be obtained from Mrs. MacDougall, WE 1-2675 or the Nassau Chapter office, 538-0210.

New Reading Curriculum

Mrs. Rachel C. Johnson, Supervisor of Reading, Hicksville Public Schools, will present suggestions for teacher utilization of the recently published New York State Syllabus on Reading at a workshop sponsored by the Bureau of Reading Education, State Education Department, on October 11, at the Albany campus of the State University of New York.

The purpose of the meeting is to acquaint all classroom teachers with the new reading syllabus so that it can be an effective instrument in the continual improvement of school-wide reading programs. Fifty teachers, representing all sections of New York State, have been invited to attend the October 11 meeting. These teachers will then conduct local programs to introduce the Syllabus.

Library Board to Meet

The regular monthly meeting of the Hicksville Public Library Board of Trustees will be held on October 23rd instead of October 16th. The meeting will be held at the public library at 8 p.m.

Shiners Football Game At Hofstra, Sat. Oct. 19

A meeting between parents and teachers of the children participating in the E.S.E.A. Title I program was held in the Hicksville Junior High School on Friday, October 4. This program is a combined curriculum of reading, social studies and language arts. It is specifically designed to more adequately meet children's educational needs than would occur under ordinary academic circumstances.

The teachers present were Mr. William Schuck, Mrs. Alleen Gorman, Dr. M. Clancy, Dr. R. Knudson and Mrs. Redding, Assistant Principal.

A Parent Advisory Committee was formed composed of the following Hicksville residents: Mrs. Roslyn Buchner, Mrs. Lillian Heroy, Mrs. Dorcen Booge, Mrs. Charlotte Potak, Mrs. Marguerite Robey, Mrs. Edith Broderick, Mrs. Carolyn A. Maher, Mrs. Hansson and Mrs. Mary Cott.

The function of the Parent Advisory Committee is to supply

views concerning children's unmet educational needs, to develop proposals particularly adapted to bridging the gap between the needs of the pupils and the curriculum, to act as a hearing committee to improve the Core Program wherever possible, and to participate in actual evaluation of the program.

Further meetings have been scheduled.

Almost everybody knows of the good work being done at the Shriners' Hospitals for Crippled Children and in the Shriners' Burns Institutes, where thousands of children who are crippled or severely burned are treated annually, free of charge, regardless of color, creed or religion.

The Shriners are almost equally well known for the many football games that they sponsor all over the country. Kiamat Temple, the only Shriners' Temple on Long Island, is sponsoring a night football game on Saturday October 19th, when the two strong teams of Hofstra and Temple Universities will play at Hofstra Stadium in Hempstead.

Dear Friends:

At a recent meeting, the Board of Education of Hicksville School District 17 presented a plaque to Gary Enos, a HHS senior and Class President (and HERALD reporter) which reads as follows: "Presented to Gary Enos in appreciation of his efforts on behalf of the school district and the community - Board of Education, Hicksville School District 17, 1968. . . . Gary and a large group of HHS students were helpful in informing the residents of district 17 about the numerous votes that were necessary in order to pass the budget, this summer and fall. We are very proud of Gary and all the young people of Hicksville. . . ."

BEGINNING NEXT WEEK, look for news from Rosemary (Mrs. James P.) Walsh, or "Rosie Recreation" of HHS, who has graciously consented to do a column for THE HERALD. Some years ago Mrs. Walsh wrote for the South Bend Tribune. . . . so, we expect a real "pro" to write a column which will be both interesting, informative and enthusiastic. . . .

NOTES OF INTEREST: Postmaster Ralph Cascardo, has been elected "Postmaster of The Year" (there are only four in the country) and will be so honored at the Oct. 24th Luncheon of the Hicksville Rotary Club at Milleridge Inn, with Rotarian Peter Amoroso as Committee Chairman of this event. . . .

We have several important features which were scheduled for this week, but, due to several large, last minute advertisements, it will be necessary to use them next week. . . . so, please bear with us. . . . we are always happy to bring all the news of our towns to you. . . . and, needless to say, we are also happy to balance the Herald budget. . . . so, see you next week.

Sincerely,
SHEILA NOETH

Head Committee

State Senator John D. Caemmerer (R., East Williston) has been named Chairman of the Sub-Committee of Judiciary on Right of Privacy. It was announced today by State Senator John R. Hughes (R., Syracuse), chairman of the influential, State Judiciary Committee. Other appointed by Senator Hughes to serve on the Sub-Committee include: Senator Edward Speno, Senator Norman Lent, Senator John Callandra, Senator Jerry Bloom, Senator D. Clinton Dominick, Senator Simon J. Liebowitz, Senator Paul Bookson.

Caemmerer, who during the 1968 Session of the Legislature had been championing a broad program designed to protect the citizen from organized snooping and harassment by both governmental and private groups, will organize and conduct studies into those areas where effective legislation might be introduced in the next session. Scheduled for immediate study are credit bureau practices, the gathering and dissemination of public and private records, eavesdropping devices and techniques, and the mushrooming problem of computer privacy. This list will be expanded during the coming months.

"Considerable research on these subjects has convinced me that shielding the citizen from organized prying and harassment by both governmental and private groups has become a crucial problem today. It grievously threatens our priceless heritage of personal freedom in a democratic society," the Nassau legislator said. "With instant-retrieval computer systems becoming commonplace, George Orwell's frightening 'Big Brother' society, so graphically depicted in his classic novel '1984', is almost upon us now - and it's only 1968!"

The Sub-Committee, Caemmerer indicated, will be calling upon acknowledged experts in the fields of privacy, security, investigation, information gathering, etc. to obtain the views on how proper controls might be effected. Also being considered for the near future is a public hearing on the right of privacy. "We are anxious to hear from everyone who has anything to contribute," the Senator stated. Among those whose opinions and experience Caemmerer's group hopes to solicit are journalists, broadcasters, editors, and other representatives of news media. "As practitioners of the art of mass communication, they should be able to contribute significantly in guiding our right of privacy program along the right channels," the Long Island legislator concluded.

Organizational Calendar

Veterans who have been separated from service after April 24, 1951 take due note. You, along with thousands of other discharged veterans with service-connected disabilities are failing to take advantage of a special low cost insurance program available to disabled veterans from the Veterans Administration.

The VA gives disability ratings to some 7,000 former servicemen each month and each man is encouraged to apply for the disability insurance.

Of those eligible, only 16 percent submit applications despite premiums so low that a 25 year old veteran, for example, can start a \$10,000 insurance for \$2.60 a month.

The VA emphasized that veterans who receive disability ratings may apply for the RH insurance if or not they convert their Serviceman's Group Life Insurance to a private policy service. Even if an ex-serviceman converts his SGLI policy, the VA encourages - if he can afford to do so - to apply for the RH insurance.

The combination of RH and a converted SGLI policy offers the disabled veterans an opportunity to carry \$20,000 insurance at standard premiums. Many could not qualify or do so for other insurance and only at increased premiums.

RH National Service Life Insurance is available to veterans separated from service after April 24, 1951, who have been rated by the VA as having a service-connected disability. After ratings have been established, VA insurance offices in Philadelphia or St. Paul inform each veteran that he is entitled to apply for the low cost RH insurance.

Applications must be submitted within one year from the date that the disability is established and the program is recommended highly and urged by the Veterans Administration.

REMEMBER THE PUEBLO

The Veterans Administration has told its field hospitals and clinics to give prompt medical attention to Vietnam Era veterans who develop medical problems within six months of separation.

Any ailment contacted within six months of release from military service is presumed to be service-connected. Any ailment contacted after six months must be verified by a physical examination and checked with military records to be considered to be service-connected.

Braille For Sighted At Levittown Library

The Industrial Home for the Blind announces a Braille instruction class for sighted persons to start Tuesday, Oct. 15, from 9:30 to 11:30 a.m., at the Levittown Public Library, 1 Bluegrass Lane, Levittown. This class is co-sponsored by the Levittown Public Schools.

Registration for the course is done the opening day. The special paper and the instruction in braillewriting are free. There is a nominal charge of \$4.75 for the board-alate and stylus, the equipment used to reproduce the dots in braille. This equipment can be permanently used in transcribing braille unless one wishes to purchase a braillewriter later on. The cost of equipment is tax deductible. The course is given two hours each week for 25 weeks. Upon completion of the course, the volunteer transcriber submits fifty pages of braille transcribed from print to the Library of Congress, Washington, D.C. for certification as a brailist.

Virginia Scharoff, Co-ordinator of IHB Volunteer Trans-

scribing Services, and President of the National Braille Association, refers to IHB volunteer transcribers as "Lifelines". "Without the devotion of these volunteers," she explains, "it would be impossible for literally hundreds of elementary and high school blind students to attend their local public schools."

There is no cost to the volunteer rendering this service. The volunteer Brailist works at home in her free hours; perhaps while preparing dinner or waiting for those late guests. "All the energy, the time and the patience are forgotten when the volunteer meets an outstanding blind, high school graduate or graduates in June," Virginia Scharoff said. "Last June there were four such students honored - all of them going on to college and into careers because they had the needed textbooks at their fingertips."

According to Major John F. Brady, Executive Director of The Industrial Home for the Blind which maintains the IHB Nassau-Suffolk Braille Library in West Hempstead, there is a steadily

NBNA Saturday Banking

"Saturday banking is here to stay," according to Sidney Friedman, Board Chairman of National Bank of North America which recently introduced Saturday morning banking hours in 37 of its auto tellers throughout Queens and Long Island.

"The number of customers who banked with us last Saturday was more than double the first Saturday," Mr. Friedman said. "It's clear to us that Long Islanders want Saturday banking."

Mr. Friedman attributes the excellent public response to "changes taking place in the suburban market."

"The advent of the shopping center has revolutionized traditional patterns of family living. Saturday shopping, with the entire family aboard, has become as much of a 'picnic' as the old time Sunday outing in the village park," he said.

Increasing demand by blind pupils not only on Long Island, but from students throughout the country. "We need more eyes and more hearts as volunteer Brailists," he says.

Library Notes

Now that fall is here, among the topics being discussed in classrooms and around the family dinner table are the national election in November, college board examinations in December, and football games to be played on weekends throughout the fall. The national election has taken on new dimensions with three strong candidates in the race. The Hicksville Public Library has many books about the presidents and the elections. Among the many titles on elections is a timely one by Neal R. Pease entitled THE PEOPLE'S PRESIDENT: THE ELECTORAL COLLEGE IN AMERICAN HISTORY AND THE DIRECT-VOTE ALTERNATIVE. Eugene Halloway Roosenboom wrote A HISTORY OF PRESIDENTIAL ELECTIONS in which one can check up on how many times the election has been thrown into the House of Representatives. DEMOCRATS VS. REPUBLICANS: THE CONTINUING CLASH tells the history of the rivalry of the two major parties.

Those families with college-bound students are thinking about college board examinations and application to colleges. Did you

know there are over 200 colleges and universities in New York State? Over 30 of them are part of the State University of New York. College costs vary from a low of no tuition (Queens College Teacher Education Program) to a high of \$3,150 a year for tuition (Bracecliff). Most of the State University of New York institutions charge \$400 tuition for the year. Of course, the incentive award that most students receive brings this cost down. Among the most popular books on colleges and universities that the students and their parents consult at the Hicksville Public Library are LOVEJOY'S COLLEGE GUIDE 1968 by Clarence E. Lovejoy, BARRON'S PROFILES OF AMERICAN COLLEGES edited by Benjamin Fine, and COMPARATIVE GUIDE TO AMERICAN COLLEGES by James Cass and MacBirnbaum. The Hicksville Public Library also owns over 1,000 college catalogs.

Football is played by youngsters of grammar school age and the parents enjoy watching their young sons imitating the pros who hold forth on Sunday afternoons. The Hicksville Public Library has an interesting collection of books on football. Among the titles are THE LANGUAGE OF PRO FOOTBALL by Kyle Rote, THE BOOK OF FOOTBALL by Allie Sherman, and NOTRE DAME FROM ROCKNE TO PARSEGHIAN by Francis Wallace. Do stop in at your Hicksville Public Library and treat yourself to a book on one of these topics or some other subject of interest to you. Its your library; why not use and enjoy it.

Ten Pin Talk

by
 Henry Dockswell

Somebody must have built a fire under the top 3 teams.

Sid Holtzman's 1st place runners clobbered Milt Hoffman's 5th placers 11-0 when Bernie Kaplan shot a 213 for the winners.

Marv Kahn's 2nd place team clobbered Bill Kellerman's 8th placers 11-0 when Red Karbel fired a 215 for the Kahns.

And Julie Gershon's 3rd place crew clobbered Ralph Diamond's 4th placers 11-0 when Julie and team mate Les Goldstein threw a 213 and a 203, respectively.

As you can see the 1st, 2nd and 3rd place teams created quite a gap as they knocked off the 4th, 5th and 6th place teams. This may have tightened up the rest of the League but the show of strength so early is a bit disconcerting.

Only one other team kept pace with the shut out brigade, Art Rosenthal's guys, who were resting quietly in 13th place, decided that a more rarified atmosphere was desirable and so they proceeded to do something about it. They crushed the Murray Gittelman's 11-0 and jumped five big rungs up to 8th place.

It was a poor night for the production of 200's for in addition to the four men mentioned above who produced in a winning cause there were only three others who hit the Magic Circle.

One of the three was Sid Sachs who got so mad at himself for two mediocre games that he bombed a 233 in his third game to salvage 4 points for his "Chargers." His teammate, Henry Dockswell, clicked off a 211 in the first game but Capt Sam Springer and his two hot potatoes, Sam Saltz and Sol Belodoff, (they were missing 2 men) were just too good and took the first two games.

Mike Hauptman was the only other man to grab a good game. He threw a 210 in the first game and opened the door for the Murray Kowitz's to win a 2-2 decision over Leo Geyer's unhappy five. How come 2 points, you might ask. Very simple (?) they tied the game so each team got 1 1/2 points and because it was the HI Game each team got an additional 1/2 point. See, nothing to it.

by Nadine Klein and Mitchell Klein
 (Jericho High School)

The students of Jericho High School are in the process of electing the new members of the two house councils. The student council and grade council officers were chosen last year.

The hopeful candidates gave their speeches Friday, October 4, when the student body separated into the appropriate houses to hear them.

In Cooper House, the presidential candidates are Barry Truchill, Donald Lomurro and David Kass, all seniors. The candidates for vice-president are Debby Brunswick and Richard Smith, both juniors. Sophomores Mara Hoffman and Phyllis Kass are running for the office of secretary-treasurer.

Neil Minkins is running unopposed in White Hall for the presidency, however, a large write-in movement has been started for Peter Goodgold who was too late to get his name on the ballot. Andrew Smith and Jessica Pinous are running for the vice-presidency. For secretary-treasurer, Rita Corwin, Sara Herszkowitz, and Sage Johnson are running for the office.

The voting will take place Thursday, October 10, because the first balloting, last Monday, had to be invalidated. One White Hall homeroom filled out Cooper House ballots showing off all the results.

The Senior carwash, Sunday October 6, was a success. Over one hundred dollars was added to the account of the Senior class.

The Jericho Varsity Girls Swimming team coached by Miss Janet Ficke have started their season. Last Friday, October 6, the team had a scrimmage against Cold Spring Harbor at Jericho. This is the second year of the girls team and Miss Ficke is confident the team will do very well.

The tennis season is half over and the Jericho tennis team stands in second place with a record of five wins and two losses. Both losses were to the number one team, Wheatley High School.

Jericho, in its opening league game of the season, lost to Oyster Bay 13-0. The next game will be away against Floral Park. The Jayhawks need support, so come down to the game.

Congressman Needles Federal Aid Haystack

Cong. William Roth, Jr. (R-Del.) will win the sympathetic attention of those who have looked for needles in haystacks trying to locate the \$20 billion of Federal grants-in-aid allocated to state and local governments.

Cong. Roth and his staff have been seeking to identify operating Federal assistance programs.

After eight months, his staff found traces of either 801 or 1571 Federal aid programs—depending upon how you classified them, or the official source consulted. Among other things, the Representative told Congress, the search revealed that:

...no one, anywhere, knows exactly how many Federal programs there are... There is no "central, comprehensive repository where meaningful information on all operating programs can be found."

...so-called "comprehensive catalogs" of Federal departments describe only a part

Chrysanthemum Show, Oct 26-27

THE LONG ISLAND CHRYSANTHEMUM SOCIETY will hold its 14th Annual Show on October 26th and 27th at the State University, Agricultural and Technical College at Farmingdale, New York. Hours for the Show are Saturday from 2:00 PM to 9:00 PM and Sunday from 12 PM to 6 PM. Admission is free to visitors and exhibitors.

Mr. Henry O. Feldman of Roslyn Heights is Show Chairman. Mrs. Fred Powell of Douglaston is the Chairman of the Artistic Section, assisted by

Mrs. Wiri E. Darrow of Hollis and Mrs. Robert Gay of Baldwin. The theme is "Our Long Island Society" and will depict the industry, recreation and education of our Long Island communities. Many outstanding Long Island arrangers will display their talents.

The Horticulture Section will consist of 212 Classes, featuring exciting new forms of chrysanthemums such as the feathered decoratives, Saga and Ise (thistle forms), in addition to the old favorites the large

exhibition incurves, reflexes and spiders. 'Mum trees (standards), Bonsai and Cascades, will add color and interest to the potted plant section. Great interest has been shown in the growing of potted 'mums as they are good for adding instant color to a fading landscape.

Educational and "How to grow them" exhibits will help to unfold the mysteries of growing a prize chrysanthemum. On hand at the Information Booth will be members of the Society eager to share their knowledge with one and all.

A Queen and her attendant, chosen by the students of the Uni-

versity, will reign over the Show and present the coveted trophies at the conclusion of the Show.

If you take vitamins, yet still feel tired—you may need more than vitamins to restore your normal strength and energy. That's because your worn-out feeling may be due to iron-poor, tired blood.

Vitamins alone can't build up iron-poor blood. But GERITOL can! That's because GERITOL not only contains 7 vitamins but, in addition, supplies the amount of iron needed to build iron-rich red blood. Just 2 GERITOL tablets, or 2 tablespoons of GERITOL liquid, contain twice the iron in a pound of calf's liver! Seven times the iron in a pound of spinach! In only one day, GERITOL-iron is in your bloodstream carrying strength and energy to every part of your body!

Proved By Medical Tests!

Patients diagnosed with iron-deficiency were often pale, nervous, and easily tired. After patients took GERITOL daily, doctors reported definite clinical improvement.

Check with your doctor. If iron-poor blood is making you tired, take GERITOL. Feel stronger fast—in 7 days—or money back from GERITOL.

PHOTOMICROGRAPHS OF DOCTOR'S STUDY

When you're tired and worn-out, your bloodstream may be due to pale, iron-poor blood like this. Geritol's important supply of iron can change iron-poor blood into rich, red blood.
