

## CD Program On Safety

Mrs. Catherine Mazzie, Coordinator of Women's Activities for the Nassau County Civil Defense Office, announced today that the CD organization would sponsor a program on Personal and Family Safety on Thursday, November 14th. The program will run from 10 a.m. to 3 p.m. and will be held in the Levittown Community Hall, Levittown Parkway in Hicksville.

Mrs. Dorothy Linton, Director of Women's Activities for the New York State Civil Defense Commission, and Michael Levine, Coordinator of Adult Education for New York State Civil Defense, will conduct the pro-

gram and outline new techniques for maintaining personal and family safety under conditions of emergency or sudden stress.

Mrs. Mazzie, who is also president of the New York State American Legion Auxiliary, said the program will be free and urged all members of women's organizations to attend either as a group or individually.

Lunch will be served during the program to those who order it. Women who wish to order lunch in advance at \$1.25 per person are asked to write to the Nassau County Civil Defense Office, Salisbury Park, East Meadow.

## CANY President States Aims

The Chiropractic Association of New York (CANY) will wage a state-wide campaign in the months ahead to rally support for legislation to include chiropractic care under the state's Workmen's Compensation program.

Dr. Walter H. Dunbar, of Hicksville, CANY president, said that prior to the opening of the 1969 legislative session the association will contact civic and labor

groups representing hundreds of thousands of residents to ask that they adopt resolutions backing passage of this vital measure.

Dr. Dunbar said that "the urgent need to extend compensation to include chiropractic is underscored by the fact that there are some 750,000 industrial accidents each year in this state. Workmen must have the right to a free choice of health care."

## L.W.V. Studies Fair Housing

The League of Women Voters of the Town of Oyster Bay is studying equality of opportunity in housing as part of a National League Human Resources study. They are evaluating guidelines for fair housing legislation and are conducting a survey of the Town of Oyster Bay. Their findings will be presented at the fol-

lowing unit meetings: November 6, at 8:30 P.M. at the home of Mrs. Harold Rosenblum, 21 Cary Road, Syosset. November 7, at 8:30 P.M. at the home of Mrs. George Dippell, 4 John Street, Massapequa. All interested women are welcome at either meeting.

Rev. Edward H. Stammel, pastor of Trinity Lutheran Church, Hicksville, hands Hicksville School Board President Cornelius McCormack the congregation's check for \$125,000. The congregation of Trinity at one time had its Church building on part of the property just re-purchased as part of the package.

## Trinity Lutheran Church Acquires Nikolai School

The sale of Nikolai Street School was finalized Friday evening, October 25th, when officials of Hicksville's school board presented to representatives of the congregation of Trinity Lutheran Church with the title to the struc-

ture and the surrounding property in exchange for a check for \$125,000. The school board had received permission in the school vote taken last spring to transfer the property for no less than that amount. Representing

the congregation of Trinity was Rev. Edward H. Stammel, Pastor; Otto Bookmiller, President of the Congregation; and Theodore D. Hoffmann, the congregation's attorney.

The school district, U.F.S.D. #17, was represented by Cornelius McCormack, President; William Becker, Supt. of Buildings and Grounds; and Joseph Catalano, Attorney for the district.

This is not the first time that Trinity Lutheran Church, located on the north side of Nikolai Street, has owned property on the south side of the street. After worshipping in two other buildings, the congregation, now 118 years old, built a church on part of the property formerly used as the playground for the Nikolai Street School. Here the growing congregation worshipped from 1878 to 1931. Then the present church building was built and the church and property on the south side of the street was sold to the Union Free School District #17.

More than a year ago, the Nikolai Street School building was declared unsafe and the school was vacated. With the child population of Hicksville leveling off several years ago, the decision was made to sell the property.

"Final decisions as to the eventual use of the Nikolai Street School property have not as yet been determined by our Parish", said the pastor, the Rev. Edward H. Stammel. The congregation plans to demolish the buildings and temporarily utilize the property as a playground and for off-the-street parking.

The right section of Nikolai St. School was built in 1894. Due to expanding school population the left section was built in 1909. For a period of 21 years (1928-1949), the Hicksville Public Library occupied a portion of the building.

For 25 years the entire public school population was housed in the Nikolai Street School. In 1914 there were 438 pupils, kindergarten through 12th grade. Mr. Van Sikes was the first principal of the school.

## William E. Buchmann To Be 1969 Heart Sunday Appeal

The Chairman of the 1969 Heart Sunday appeal in HICKSVILLE will be William E. Buchmann. It was announced today by Mrs. Edmund A. Ocker and Mrs. Clinton G. Martin, Heart Sunday County Co-Chairmen.

Heart Sunday will be observed here as the high point of the month-long Heart Fund Campaign. Volunteers will call on their neighbors during February.

A volunteer corps is being recruited to cover the residential area.

Mr. Buchmann explained that heart and blood vessel diseases are responsible for more than half of all deaths in our community.

Anyone wishing to join in the fight against this #1 killer by visiting about ten homes in his or her immediate vicinity can call Mr. Buchmann at WE 8-0047.

## A.L. Legion To Visit Kings Park Veterans

November 10, is the scheduled date for the annual visit of the members of Charles Wagner Post #421 American Legion, Hicksville, to the veterans confined to the Kings Park State Hospital. Gift packages will be given to all veterans and children who are patients at the hospital.

The annual Kings Park Hospital visitation stems from an idea of a late President of the Charles Wagner Auxiliary Unit, Mrs. Lucia McIntosh, back in 1922. The custom of visiting confined veterans in hospital has spread across the nation since then and

now Legionnaires in all fifty states are the most frequent of all visitors, particularly in veterans and children's wards.

Usable clothing for men, women and children; radios and tape recorders; T.V. sets in good condition; books of all kinds, are needed at Kings Park. Anyone wishing to donate the aforementioned articles may do so by delivering them to the Legion headquarters at 24 E. Nikolai Street, HICKSVILLE, anytime prior to November 10th, according to Chairman George J. Durante, 2nd Vice Commander.

## Back To God Church Service

The Charles Wagner Post will hold its second Back To God church service of 1968 on Sunday, November 10, at the Hicksville Methodist Church, Old Country Road & Nelson Avenue, Hicksville, at 9:45 A.M. Under the sponsorship of the Post Americanism Committee headed Co-chairmen Richard

Hochbrueckner and Louis Cesta, all members of the Post, Auxiliary and Sons of The Legion and their families regardless of denomination will assemble at the Old Country Road entrance at 9:30 A.M.

Refreshments will be served at the Post following the conclusion of the service.

MRS. GERTRUDE A. PROCTOR, Vice President of Long Island National Bank, being presented with a bouquet by William E. Koutensky, President of the Bank, at a dinner given by the Bank honoring her 30 years of dedicated service. "Honey," as she is known by her many friends, was born and raised in Jericho and has been with Long Island National Bank since 1938 when she was employed as a bookkeeper. Mrs. Proctor was appointed Assistant Cashier in 1942, Assistant Vice President in 1959 and Vice President in 1963. Among her friends at the anniversary dinner besides Mr. Koutensky were Charles R. Carroll, Chairman of the Board, James C. Dinkelacker, Executive Vice President; Walter A. Drescher, Vice President and Cashier, and Thomas J. Casey, Vice President. Mrs. Proctor resides with her husband, John, in West Hills, Huntington, where they are members at St. Hugh's Church.

# Ramblin' Rose

by Rosemary Walsh

I assumed that there was only one ramblin' like yours truly (they'd never make another) therefore my byline was omitted. So many of you sweet people have called to ask, "Is that the real you?" that I must admit it is,

Rosemary Walsh (also known as Rosie Rec, Perle Mesta of Hicksville, Ramblin' Rose and lots of others including my favorite, Mother Recreation).

Now to the commercials. Parents of kindergarten through

fourth grade tykes will want to know about our special Willet Avenue School program. The activities are particularly geared for these youngsters. All district children in this age bracket are welcome each Saturday morning, 9:30 to 11:30 A.M. We also plan a few unique trips for the group. In passing, please note for all other youngsters each Elementary School is open these same hours for your Saturday morning fun.

The Recreation Folk Singers will soon be back in action at the High School thanks to the tremendous interest of one of the performers, Miss Judy Karish. A holiday concert is promised.

We have also reopened the Woodland Teen Center for sports on Friday evenings, 7:30 to 9:30 P.M. Boys of Junior and Senior High are invited to attend.

I can't help but revert to sports again, but I believe those hardy souls who weathered (some weather) Saturday's game deserve applause. Needless to say our muddy but victorious players (Bethpage 0 - Hicksville 20) deserve shouts of cheer.

The following poem was entrusted to me by my good friend, Mildred Curran. I felt it was so poignant that I'd like to share it with you. It was written by her son, Lance Cpl. Allen E. Davis, Jr., of the 363 Helicopter Air Wing of the United States Marine Corps (his father was the late Al Davis, Principal of our Burns Avenue School).

THE CRACKER JACK WAR  
See the people laughing every-  
where they go

There's sadness in tomorrow  
but they don't seem to know  
He's riding on a fast plane mov-  
ing on west

The pride, the fear, the sorrow,  
explodes within his chest  
Back home the people watch him  
He's a hero on T. V.

But all the pain and suffering,  
is something they don't see  
Has slain a - hundred more  
We retaliate with kindness in

our Cracker Jack War  
We took a hill on Tuesday  
And returned it all that week!  
We search our minds for answers  
But our nation fails to speak

The orange sun is blinding the  
mosquitos how they sting  
At home the factories grinding  
while the unions dance and sing

He's tracking through the Jungle  
He's searching out the core  
Like hide and seek with rifles  
In our Cracker Jack War

The helicopter rumbles  
see, it falling, it doesn't seem  
to glide

They'll send us back a New one  
And Five new men for those  
who died

He's riding on a Fast plane  
Along with many others  
He won his Prize at Cracker

## Herald Report of Hicksville School District 17 Board Of Education Meeting

At the Board of Education meeting held on Tuesday evening, Oct. 29th and reconvened and continued Wednesday evening, Oct. 30th, the following items were acted upon:

### Tuesday Evening

(1) District 17 auditor, Mr. S. Newborn gave his report which was accepted by the Board.

(2) Mr. Robert Buchter, architect from the firm of Knappl and Johnson, reported on the refurbishing of the science rooms in the Junior and Senior High Schools. The bids for this work were awarded as follows: Valdin Associates, Inc. (plumbing) \$75,484.00 -- Budin Contracting Corp. (electrical), \$56,600.00 and Kewunee Corp. (furniture), \$74,032.00.

(3) The Board approved the establishment of a summer recreation program for 1969, which will be aided financially up to \$15,000.00 by the Town of Oyster Bay. The summer recreation program will, as usual, be dependent upon the approval of the voters at budget time. However, by regulation, it was necessary for the Board

approval on the above item to be completed by Nov. 1st in order for the District to qualify for this aid from the TOB.

(4) All claims and warrants were passed. Then, as it was passed 11:30 p.m. the Board voted to adjourn until Wednesday evening at 8 p.m.

### Wednesday Evening

The Board approved the award of bids for miscellaneous supplies and equipment in amounts totaling \$142,979.78.00.

(2) The Board authorized the rental of an N.C.R. accounting machine.

(3) The Board authorized the purchase of a printing calculator.

(4) PERSONNEL: -- The Board approved the appointment of one new teacher and the transfer of an elementary school teacher to the Senior High School. The Board also approved extra duty compensation for various activities. The Board approved the tenure appointment of ten teachers. The Board approved the hiring of a library clerk and an audio visual technician.

## HICKSVILLE HIGH NEWS

by Gary Enos

The sales of the Student Activity Tickets (SAT CARD) are still going on at H. H. S. These tickets (@ \$2.00) entitle students owning one to receive discounts at school games, dances, on the year book, etc. Discounts from stores in the community are also received through the use of the SAT card. All H. H. S. students are urged to support their school and purchase one of cards.

The Senior Class Officers handed a list of possible senior privileges to Mr. Busch (principal) last Thursday (Oct. 17th). This list was put together following the senior class poll that was taken Tuesday Oct 15th by the officers. Once the privileges are accepted (or rejected), the officers will proceed to have them printed. Hopefully they will be distributed to the seniors by the beginning of November.

As the Herald went to press it

was told that two H. H. S. Seniors had been accepted to join in the NEW YORK STATE CHORUS to be held at Buffalo on December 4, 5, 6, 7. Madrigal Singers Paul Jacobs and Gary Enos were accepted through an audition they participated in last month. The school and community have a great deal to be proud of.

On Wednesday Oct. 16th the CHRYSLER CORPORATION presented a program for the students of Hicksville High. The program, featuring Thurlow Spur and the Sparrows (a dance band and society choir), was presented to point out the importance of careful driving. The program was very entertaining, and was received warmly by the students.

Important Dates for Seniors:  
SAT TEST - November 2nd.  
Senior Pictures begin - November 13th.

## Story Hour At Library

This fall, the Hicksville Public Library announces, the Children's Room will again offer its regular Story Hour programs for the young people of Hicksville.

The Picture Book Story Hour, for children from five to eight years of age, will feature favorite stories and games, with "movie time" the third week of every month. Time: every Tuesday afternoon from four to 4:45, beginning November 12th and running through to May 27th.

The Pre-School Story Hour, for tiny tots 3 1/2 to five years of age, will be held on Thursdays, from 10:30 to eleven a.m., beginning November 7th and running until May 29th.

Story hours will be held in the small auditorium, and no registration is necessary.

## Better Bus Service

Going to and from Bethpage will be much more convenient starting Saturday (November 2, 1968) when all-day service will be inaugurated along Broadway. Mid-Island Transit System, operator of the route, expressed confidence that this bus service will be extended to six days a week by Thanksgiving Day.

The new bus service will originate in Hicksville and will go through Plainview over Woodbury Road and Manetto Hill Road. On the way it will serve Old Bethpage Road and Haypath Road, then come down to the Bethpage station of the Long Island Railroad over Plainview Road and Broadway, looping around Central Avenue, Stewart Avenue and Benkert Street.

At the Bethpage station, buses will connect with the Farmingdale-Hicksville-Glen Cove bus that runs along Stewart Avenue and at Manetto Hill Road and Washington Avenue riders will make connections with the South Huntington-Hicksville-Roosevelt Field-Hempstead bus. Schedules have been so arranged as to provide little or no wait between buses.

Printed schedules of the new Saturday bus service are available at the bus company office or on the buses.

## Becomes Active Member

Dr. Nathan Turner, 654 Old Country Road, Hicksville, has been elected to active membership in the American Academy of General Practice, a national association of more than 30,000 family doctors.

## Dear Friends:

Well, here I am again, to say "hello". The old flu virus had me down for the past two weeks and I can tell you, it's no fun.....

A great deal is happening in the Hicksville Plainview area.... some good...some bad.

Under good news, you'll be happy to hear that the street lighting problems on Broadway are now solved. Incidentally, we'll have a series of articles and pictures on the road widenings in our area of the TOB, starting in the near future.

Under bad news we list the efforts of some misguided members of this community to discredit our Superintendent of Schools, Mr. Abt is not a newcomer to our district, but has worked his way up through the ranks. In our opinion he is a superior member of his profession. Unfortunately, when conditions throughout the district, as throughout state and nation, are going through an educational crises, you will always find some who yell... "get rid of our leaders." As they are now saying, "get rid of Mayor Lindsay" in New York City. But the thinking people of a community realize the record of years of service and leadership in a field cannot and should not be forgotten. Certainly we have problems to be solved in such a tremendous school district as ours. They will never be solved by name calling... but they can be solved by working together analyzing the problems together and acting together, so that our children's educational system, which has always been in competent hands, will not suffer. The residents who really hurt this system are those who refuse to sit down and help solve these problems together. We know many who have been invited to do so and have refused. We consider this a disservice to our children. Perhaps it is old fashioned, but we would like to see all our responsible community leaders put the old saying "Come let us reason together" into ACTION. It can be done, if we would all be willing to give our time. I believe that there is no more important way to serve our community and, in truth, our country and our world, than this. Of course, we all know the alternative... if the responsible leaders refuse to serve... then one leaves the standards and the quality of our young people's education in incapable hands. I'm sure the Russians wouldn't be so stupid. Luckily this hasn't happened yet. I hope that it never does. But we really must be vigilant or our children will suffer.

HERE AND THERE: Welcome home to Johnny Roman, who arrived last week from Viet Nam....and congratulations to Miss Mary Hums of PLAINVIEW who recently received her ten-year service pin from the North Shore Hospital....congratulations also to Eric J. Carlson of HICKSVILLE and Suzanne B. Sahagan

#### Organizational Calendar Service Officer Report

When Congress closed its doors on October 14 for the year, it left much to be desired in the line of veterans legislation. However, what has been done will aid the veteran and his family in increasing his benefits and compensation.

A lot of work was done on expanding the GI Bill and a number of laws were passed to help veterans in the expansion of this bill. It allows veterans with only 18 to 24 months of service to draw full GI Bill schooling entitlement.

The same law extends education benefits to the widows of servicemen who die from service-connected causes.

In line with compensation, another major law passed raises compensation for service-connected disabilities by eight percent. Nonservice-connected pensions were increased and another law increases the home loan guarantee from \$7,500 to \$12,500 and lets the interest rates rise and fall with the market.

The VFW backed standing Senate Veterans Committee, similar to the one in the House, despite assurances that it would be brought up on the floor for a vote just never made it.

Comes January when Congress reconvenes a lot of unfinished work will have to be done in the form of new bills.

**GI BENEFITS:** The Veterans Administration points out this important fact: A married veteran attending college under the GI Bill can get an additional allowance for his wife even though she continues to work and is not a financial dependent. Under the bill the veteran is allowed \$130 a month for himself; \$155 for a married veteran and \$175 for a veteran with a wife and one child. Further allowances are granted of \$10 a month for each additional child.

**GI PENSIONS:** Disabled veterans and dependents that are receiving pensions now will get their income questionnaires a month early this year. That is in November instead of December. This speed up is to insure that checks mailed in late January reflect the new pension rates and income limits that become effective January 1.

## Hicksville Firm Named The Quality Vendor Of Month

It isn't easy to be perfect, but G&M Crafts Ltd. has done it. In fact, the aircraft parts manufacturer recently won an award for being perfect 20,000 times.

According to Saul Gittleman, president of G&M Crafts, the Aveo Corp. of Stratford, Conn., monthly cites one of its 4,000 vendors around the country, including 232 on Long Island, under the aircraft engine manufacturer's "Quality Vendor of the Month" program. The program's rating system includes such criteria as quality evaluation, competitive pricing and maintenance of delivery schedule.

G&M Crafts, located at 100 Frank Rd., is considered a leading specialist in the production

of "exotic" high heat-resistant materials. The firm is also noted for its skilled machining of parts and assemblies for jet engines, aircraft, missiles and computers.

The 29-year-old firm, which employs 200 people, is a significant contributor to the country's booming \$12,000 million aircraft industry.

**FOR SCHOLARSHIPS:** That two young people may receive a college education, the wives of members of the Nassau County Police will dance with their husbands. The members of the Police Wives Association provided two college scholarships for sons or daughters of policemen from the proceeds of the tickets and the journal of last year's dance and want to do better this time. Congressman John W. Wylder, honorary chairman of the association, is taking an ad and buying tickets -- not honorary, either. From left to right: Congressman John W. ## Sen. Caemmerer Has Outstanding Record

State Senator John D. Caemmerer will place his three years of legislative service before the voters, including those in Hicksville, next Tuesday. His record is an outstanding one and there should be little doubt of the outcome in Nassau's Fifth Senatorial District.

Energetic and conscientious, Sen. Caemmerer has compiled a record of distinguished service in Albany. He is chairman of the Senate Committee on Villages, Vice-Chairman of the Committee on Judiciary, and chairman of the Sub-Committee of Judiciary on Right of Privacy.

He has pressed for a number of significant measures in the 1968 Session. These are: increasing tax benefits for senior citizens; creation of an Educational Review Board to review decisions of the Commissioner of Education affecting local school districts; protecting both the public and the diminishing Long Island water supply through the licensing of all well drillers; halting the destruction of used and outdated textbooks in New York State public schools and making them available to underprivileged and underdeveloped

areas; a program of study and legislation designed to protect the citizen's "right of privacy," now in jeopardy during this era of open access to public records.

As part of his continuing fight to safeguard private lives from the eyes of snoopers, Sen. Caemmerer has been seeking ways to make filed veterans discharge papers confidential, prohibiting the sale of motor vehicle registration lists, limiting the dissemination of computerized personal data, and prohibiting annoying telephone solicitation practices.

On the important issue of law and order, Sen. Caemmerer said, "the deterioration of law and order that threatens our community is the major problem that confronts us today. I will work to introduce the necessary legislation in Albany at the next session of the Legislature to guarantee that the 16-point program on law and order adopted by the entire Nassau Republican legislative team becomes state law."

Sen. Caemmerer's bid for reelection has been endorsed by many groups and newspapers, including a number of mayors of villages in the 5th S.D.

## An Autumn Walk At Old Westbury Gardens

An autumn walk has been laid out at Old Westbury Gardens to guide visitors through two miles of woodlands, meadows and along country roads as well as through the more cultivated areas of the extensive Gardens. Following the marked route on Long Island's non-profit showplace the beauties of fall are at their height -- cool woods with running brooks, lakes with their bright colored reflections, pheasants feeding in the fields and one feels the nostalgia of walking down a dirt country road, something which is fast passing from the suburban scene.

Picnic tables set under a grove of beech trees are especially inviting after this two mile stroll.

The Gardens and Westbury House are open Wednesday thru

### TOB Garbage Schedule

There will be no refuse or garbage collection by the Town of Oyster Bay Sanitary Services Division on Tuesday, November 5 - Election Day; Monday, November 11 - Veterans Day and Thursday, November 28 - Thanksgiving Day. Town Board Majority Leader Ralph J. Marino announced today.

This procedure is followed on all holidays and residents should put out their garbage and refuse on their next collection day.

### Library Fines Increase

Beginning January 1, 1969 the charge for overdue books, magazines or pamphlets from the adult library will be 5¢ per day. The charge for overdue material returned before January 1, 1969 will be 2¢ a day.

The Board of Trustees of the Hicksville Public Library felt this change in policy was necessary because of the serious problems that overdue books present to a heavily used library with limited resources. It is hoped that many of the long overdue books will be returned before January 1st in order that we may serve our borrowers more efficiently.

## Ice Review At Cantiague

Cantiague County Park will hold its Third Annual Ice Review on Sunday, November 3. The one and a half hour program, beginning at 3:30 P.M., is offered free of charge and 17 skaters from three figure

clubs will perform during the event.

The ice revue is sanctioned by the United States Figure Skating Association and run under the auspices of the Cantiague Figure Skating Club.

## Hockey Leagues Forming

Hockey Leagues are now being formed at the three County artificial ice rinks.

The leagues are open to all boys residing in Nassau who are between the ages of 9 and 17. Individuals as well as teams will be accepted. Players must supply their own skates, hockey sticks and protective equipment.

Further information and applications may be obtained by calling IV 9-9600, extension 302, or by visiting any of the three rinks located at: Cantiague County Park, Hicksville; Christopher Morley County Park, Roslyn-North Hills; and Grant County Park, Hewlett.

## Hicksville Council PTA To Hold Nov. 13 Meeting

Hicksville Council of PTA Units will hold its first general membership meeting of 1968-69 on November 13, at 8:30 p.m. at Burns Avenue School. The proposed budget will be presented by Mr. Penque, for membership approval. Mrs. Felice Stein, legislation chairman, is expected to report on the PTA-sponsored legislation. A discussion will follow. Everyone is invited to attend this first get-acquainted meeting. Refreshments will be served.

## Girl Scout News

On November 8, the Senior Girl Scouts (14 to 17 years) of Mid-Island Council will have a SPEAK-OUT at the Lion's Den, Mid-Island Plaza, Hicksville. Teenagers from schools, organizations, religious groups etc. have been invited to attend and speak-out on any and all problems and thoughts that are provoking them. As a result, we hope certain values will result; a better understanding will be

established, and prejudices will begin to fade. This will be pure dialogue among teenagers with no adult present. Girl Scouts will not be in uniform as this is a community venture. SPEAK-OUT will be in effect during the first week of November, in every Girl Scout Council of every State in the Union, planned and executed solely by the Senior Scouts in an attempt to break down the walls of prejudice and cement understanding.

Dear Voter:

As practicing attorneys we feel it is of vital concern to the residents of our community that we actively support the Judicial Candidacy of individuals who best meet the outstanding qualifications necessary to serve as a Judge of the District Court.

With this in mind, we ask you to support Commissioner EDWARD J. POULOS for Judge of the District Court. Mr. Poulos, the Conciliation Commissioner of the Supreme Court for Nassau and Suffolk Counties, was appointed to this sensitive position by the unanimous vote of the Justices of the Appellate Division. He has a rich and varied legal background, which coupled with his judicial temperament and sterling character, makes him eminently and outstandingly qualified to serve as a Judge of the District Court.

We feel that you would be doing yourself and our community a service by joining with us and voting for EDWARD J. POULOS for Judge of the District Court.

Sincerely,  
A.G. MARANGIONE, Chairman

## Art Exhibition On Nov. 1

An exhibition of 50 landscapes depicting Long Island from the Civil War to the early 1900's will open on November 1 at the Nassau County Historical Museum, Public Works Commissioner Herbert J. Simins announced today. Entitled "C. B. Miller, An Artist's Record of Long Island," the exhibit will feature the work of Charles Henry Miller, a prominent Long Island artist of that era.

"The exhibit should be of special interest to followers of the current revival of 19th century America Art and of the changing

appearance of Long Island," Simins said.

Miller was the first artist to choose Long Island motifs as suitable subjects for major works destined for exhibition in the noted salons of New York, Paris, Munich, Boston, and Philadelphia. He was especially attracted to the island's picturesque mills, many already abandoned, and has left views that are now unique and valuable records of historic sites no longer in existence. Included are watermills at Great Neck, Roslyn, Manhasset, Valley Stream, Springfield Gardens, and

Bayside, as well as windmills once operating throughout the Hamptons. Other works feature Southampton, Fire Island, and Glendale as they appeared circa 1880.

"Cedarhurst," the Roslyn home of William Cullen Bryant, had a particular appeal to the artist, who first came in contact with Bryant when the poet served as president of the New York Homeopathic College. Miller has studied medicine there at the wish of his family, but practiced only a few years before devoting his entire attention to art. One rendering of the poet's home (included in the current exhibition) was featured in the catalog for the Bryant Memorial Meeting at the Century, November 12, 1878.

Miller is also represented in the exhibit by a series of etchings entitled "New York and Long Island Landscapes" taken from his major works at his own request, about 1880. The etching process was then a favored media for making successful artwork available to a wider audience.

The Museum, located in Salisbury Park, East Meadow, is open every day from 9 to 5. No admission is charged.

Miss Alonge is a graduate of Farmingdale State College. Her fiancé is presently attending Columbia University.

## You Can Help

Are you interested in building healthier and happier tomorrow for yourself and your neighbors in Hicksville? Thirty-eight members of the Hicksville Community Church, under the leadership of Pastor Perliss, and Senior Girl Scout Troop #17 last week proved that they were willing to spend 75 and 8 hours, respectively, to help safeguard Nassau residents from the threat of tuberculosis and other lung diseases.

How did the ladies do it?? They volunteered for the TB Christmas Seal Campaign of the Nassau Tuberculosis and Respiratory Disease Association. They helped by preparing Christmas Seals for mailing.

If you or the members of your club or organization would like to have a hand in this lifesaving work, won't you call the TB Association at 621-2100 today to arrange a convenient volunteer session.

Remember, we treasure your health, but only you can guard it.

# Who's for Congressman Wolff? EVERYBODY!

## Newsday OCTOBER 26, 1968

"Wolff deserves re-election. He has been an original and refreshingly vigorous member of Congress—a man who formulated his own opinions during five trips to Vietnam, which he paid for himself. He has made himself a spokesman for the consumer in Congress, crusading for regulation of trading stamps and working for truth-in-packaging legislation. He gave up his business interests, at considerable financial sacrifice, to run for Congress. On the basis of Wolff's record plus the enthusiasm he has displayed, we recommend his re-election."

## L. I. Press OCTOBER 18, 1968

"The Third District already has an excellent Congressman . . . Mr. Wolff has a fine voting record . . . The voters of the Third District should have no hesitation about sending him back to Congress."

## Glen Cove Record-Pilot • Great Neck Record Manhasset Press • Port Washington News

## Roslyn News OCTOBER 17, 1968

"RETURN A GOOD MAN TO CONGRESS . . .

Some voters are reacting to this year's election with indifference, disenchantment, apathy and negativism. It would be criminal if those unfortunate reactions led to the defeat of Lester L. Wolff, one of the best U.S. Congressmen this district has ever had, and certainly the best of modern vintage . . . Lester Wolff is a good Congressman, and deserves to be returned to office on Nov. 5."

## Mineola American OCTOBER 22, 1968

"The return to office of Democratic Congressman Lester Wolff will help keep an independent force in Washington . . . the Mineola American endorses Congressman Lester Wolff for re-election."

## Suffolk Sun OCTOBER 21, 1968

"Mr. Wolff's record in Washington is a good one. We support him for another term."

## Oyster Bay Guardian OCTOBER 18, 1968

"Although Wolff is a Democrat representing a district which is overwhelmingly Republican, he has proven that a man can work for the good of his district no matter what his label implies. . . . In his four short years in Congress, [he] has proven that a man of caliber can accomplish much. . . . We owe him our continued support in office."

## Westbury Times OCTOBER 24, 1968

"Rep. Wolff, during his two terms in the House, has created for himself the reputation for being of an independent mind . . . This is a man with an insatiable determination to seek out the problems which afflict our nation, and to provide answers on the basis of first-hand knowledge. THE WESTBURY TIMES endorses the re-election of Rep. Lester L. Wolff."

"As far as I am concerned we need more men of the personal caliber of Lester Wolff in both the Liberal and Conservative parties."

Whatever your political party, shouldn't you be supporting Congressman Lester Wolff too? # Library Notes

We of the Hicksville Public Library staff are proud of our collection of over 135,000 books. We also feel our 275 periodical titles are of great value to the residents of Hicksville. Our reference staff answers over 10,000 questions each year. As an example of the variety of inquiries that come our way, the following are among those posed this past Saturday.

Where can I find three examples of alliteration in Shakespeare's poetry?

Can you help me find a description of what it would be like to suddenly become blind and how our other senses compensate?

Will you find me three criticisms by three different persons on Thomas Wolfe's "You Can't Go Home Again"?

Will you help me find Tacitus' description of life in what is now Germany around the year 800 A.D.?

Where can I find the New York State law on distances from home to school for which children must be given transportation?

I want a one page explanation of the Biafran situation. Can you show me where to look for this?

Which two teams were involved

in the World Series of 1921? Where can I find an account of the former slave, Frederick Douglass, and the impact his autobiography had at the time it was published?

Where can I find a black and white drawing of the human ear? What year did the word "muffin" first come into the English language?

All the books on Thomas Wolfe are out. What shall I do now?

All of the people who asked these questions got a satisfactory answer, however, these are just a sampling of the type of question that comes along as the year progresses.

# The Villager

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

Calendar, Organizational and Community News - WE 8-1965  
 Theater and Arts - Elaine Hauptman - WE 8-1961.  
 Insertion Deadline: Sunday Noon - Material Can Be Dropped At Editor's Residence - 13 Millpond Street, Jericho.

## This Month in Birchwood

3 YEARS AGO: The Jericho Creative Arts Workshop entered its fifth year of offering to the children in the Jericho School District an opportunity to discover, explore and enjoy the arts and sciences through active participation and self-expression -- at a very nominal cost to parents.

The Workshop scheduled classes in Art, Puppetry, Ballet, Modern Dance, Drama, Music, Group Piano, Guitar and Science. The program has been expanded to include Junior High School Students as well as Elementary School children and pre-schoolers scheduled to enter kindergarten in 1969. The fee for the program is \$1.00 per child per week, five hours a day, five days a week program held in the school district last summer. The reaction of the students and parents to the extended program was considered good by Dr. Redmond, Superintendent of Schools. This program is financed by the state and is to run until 1969. . . With the cooperation of the Jericho School Board, Dr. Thomas Carey, the School Superintendent and Mr. John Bolos, Principal of the George A. Jackson School, the Youth Group was to meet in the Jackson School on Wednesday and Friday evenings 7:30 - 10 P.M.

The program, sponsored by the Birchwood Civic Association, was to begin on November 3rd and run through May 27th. Ralph Diamond, who had been with the Youth Group since its inception, was scheduled to be its Chairman again for the forthcoming program. . . The Jericho Community Theatre was treated to a rewarding evening of theatre, when on Friday, October 8th, Robert Sohne presented Edward Albee's one act play, "The Sandbox". This controversial play was later discussed by Michael Elliot Ruttenberg, an expert on Albee and whose soon-to-be published book discusses and "interprets" Albee's works up to now. The discussion which followed was equally enlightening.

Dr. Ruttenberg gave the members of the Jericho Community Theatre some background on Albee's plays, his thoughts, his motivations, his creativity. He then elicited questions from the audience. It was a lively discussion with many points of interest, interpretation and differences of opinion being voiced. . . On October 21st, the Birchwood Civic Association sponsored "Meet Your Candidate Night" at the Jackson School. This marked the sixth year that the B.C.A. sponsored the program as a public interest. A full array of candidates from all political parties, seeking various offices, were present. Larry Gibbs, Board Chairman of the B.C.A., acted as Moderator for the evening. Dorothy Peitzholt and Bernice Shimbere were in charge of refreshments.

## Fiction And Fact

This represents the first of a series of columns, written for this page by Miss Mills, Director of the Jericho Public Library.

## Etcetera

by Nadine Klein and Mitchell Klein (Jericho High School)

The results of the Super Senior contest for the 1969 Imperator, Jericho High School yearbook, have been made known. They were originally to have been kept a secret until the publication date late in June. The seniors were asked to pick a boy and a girl in each category.

Ken Koppelman and Barbara Penn were chosen "Most likely to succeed". The other winners were as follows: Joel Bresnoff and Jill Bernstein, done most for the class; Ken Spector and Vickie Van Vahres, most versatile; Harvey Morrison and Elyse Foster, most intellectual; Pat O'Brien and Barbara Bernstein, friendliest; Ken Spector and Robin Young, most Rah-Rah; Jeff Steinberg and Gina Itzkowitz, Biggest talker; Michael Langona and Sherry O'Donnell, best mannered; Dan Yetman and Rosalind Resnick, class cuties; Ed Ieda and Barbara Sauser, most athletic; Sherwin Strauss and Mary Ann Tomasello, class wits; the Senk twins and the Fisher twins, best dressed; Joe Piscitello and Janice Teich, best looking; Reed and Abbie, Mr. and Mrs. Happy-go-lucky; Larry and Carol, class couple; Frank Sixt and Gail Abbott, class individualists; Phil Goldstein and Robin Vladem, class flirts; Bruce Shulman and Jackie Holtzman, most musical; Richard Dillhoff and Wendy Baschkopf, most artistic; Mitch Senk and Linda Lukow, biggest socialites; Jay Chertok and Denise Fuchs, Most outspoken; and Marvin Chertok and Leslie Mann, most automatic. Congratulations!

The Varsity Soccer Team has ended its season with a poor record, Thursday, Jericho lost 3-0 to North Shore High School. We were also defeated 3-0 last Friday at home by Island Trees High School. Finally, Monday, October 28 Jericho beat Island Trees 1-0. The final league record was 4 - 10. Captain Bruce Slovitt attributes the poor showing this season to the "extensive injuries to many of the starting players." The most recent victim was Bob Weinstein who had to have eight stitches just below his eye.

The Jericho Jayhawks played their best football game of the season last Saturday when they defeated the Lutheran Crusaders 39-6. Ferry Kosner scored three touchdowns while Ed Ieda, Jeff Lutsker, and Al Bogatch scored the other three. Lutheran scored their one touchdown in the fourth quarter. Although this was not a league game, the victory gave the Jayhawks much needed confidence. The next game will be a league game at North Shore High School November 2.

## Ten Pin Talk

by

Henry Dockswell

We took a "baker's dozen" full of 200 games, shook them up and out fell a new team league leader and a man who hadn't thrown a double in a long time. The new league leader, the Julie Gershens, did it with authority and with none of this "backing into it" business. They started the night in 2nd place and for them it was like position night for they were meeting the 1st place Mary Kahns, Eli Stempler didn't let any suspense build up as he crashed the high game of the night, a big, big 234, to start the Gershens on the road to 1st place. The Kahns did manage to take one game but the Gershens triumphed 8-3 and pushed the Kahns back into 2nd place.

Sam Springer fell from the baker's dozen smelling like a rose. He and the rest of the Springers hadn't been able to get off the ground and they were quietly resting in 13th place. But Sam changed all that. He cracked a 218 and a 214 to send Art Rosenthal's "AWOL'S" down to an 11-0 shutout defeat. Sid Lang tried to salvage the last game for the "AWOL'S" when he rapped a 215 but it was like whistling in the dark. This strong win sprung the Springers five rungs up to 8th place and plummeted the "AWOL'S" six notches down to

14th place.

Leo Geyer and Sid Sachs had their usual frustrating night. Leo's was even more so as he rolled a strong 226 and not only lost that one to Murray Gittelman's Beer Framers but went on to suffer a shutout. Milt Goldberg put the finishing touch to the shut out when he bowled a 202 in the last game. This was a really big win for the Beer Framers who floated up from 15th place to 9th.

Sid Sachs, on the other hand, saw his 223 in the first game account for at least one victory. His "Chargers" were bowling against the Ralph Diamonds, who seemed on their way to defeat in that second game too as they went into the last frame four marks down. Then Burt Benjamin and Ralph struck out to turn the tables. From then on it was all uphill for the Diamonds and they walked off with a 7-4 win.

One other team scored a shutout. The Milt Hoffmans, led by Elliot Spencer who bowled a 211, whitewashed Hy Shapiro's "Hy Hopes" and took a very progressive step upward from 9th to 5th. Stan Brizel, of the "HY HOPES", made a strong attempt to stem the tide of defeat when he aimed a 204 in the last game but it fell short. The "Hy Hopes" fell from 12th to 18th.

Honorable Mention: Murray Kowlowitz 212, Art Meadow 210, Fred Switzman 206, and Irv Simes 201.

All the members of our BCA League and I'm sure the entire community extend a sincere expression of sympathy to Herb Mahler on the death of his mother.

## Traffic Lights And Blights

By Harry L. Seaton

GOOD NEWS for Jericho parents -- traffic lights have been finally approved by the State Department for Public Works for the intersection of Jericho Turnpike and Merry Lane, as urged by your Civic Association and the

Jericho Library through letters, petitions and telephone calls. A traffic accident resulting in a fatality during this past summer at this intersection underlined the real need for traffic control. The State proposes to install a

two-phase semi-vehicle actuated signal on the south side of Jericho Turnpike at the corner of Merry Lane and also on the north side at the driveway of the new office building being completed. The State does not expect to complete the installation until sometime in the spring of 1969. However, in order to expedite this installation, the Town of Oyster Bay may undertake to install the traf-

fic lights and absorb the cost thereof. The Town has been requested by your Civic Association to give this problem its immediate consideration.

At the intersection of Birchwood Park Drive and Hobbs Lane, traffic lights have been installed by the County, but are not yet operating. You may have noticed the one-way parallel parking between the stores and the street curb. The County is asking that the Town pass an ordinance permitting this parallel parking and that the parking stalls be painted, or, in the alternative, that all of the curb cuts in the area of the traffic

lights be removed. The County contends that these parking problems must be resolved by the Town before the County will permit the operation of the traffic lights. Your Civic Association has called upon the Town to immediately resolve these problems.

The eyesore now comprising of an accumulation of rubbish etc. existing on the Floyds' store property opposite the Jericho Library on Merry Lane, has been called to the attention of the store's management, as well as to the Town, but the store's manager has promised the fullest cooperation in cleaning up this area

and repairing or replacing the fence. However, we are reliably informed that Floyds' has been negotiating to donate this property for the exclusive use of the Jericho Library for parking purposes and at this time is not willing to proceed with the cleanup until the negotiations have been completed.

If you take vitamins, yet still feel tired—you may need more than vitamins to restore your normal strength and energy. That's because your worn-out feeling may be due to iron-poor, tired blood.

Vitamins alone can't build up iron-poor blood. But GERITOL can! That's because GERITOL not only contains 7 vitamins but, in addition, supplies the amount of iron needed to build iron-rich red blood. Just 2 GERITOL tablets, or 2 tablespoons of GERITOL liquid, contain twice the iron in a pound of calf's liver! Seven times the iron in a pound of spinach! In only one day, GERITOL-iron is in your bloodstream carrying strength and energy to every part of your body!

### Proved By Medical Test!

Patients diagnosed with iron-deficiency were often pale, nervous, and easily tired. After patients took GERITOL daily, doctors reported definite clinical improvement.

Check with your doctor. If iron-poor blood is making you tired, take GERITOL. Feel stronger fast—in 7 days—or money back from GERITOL.

SENATOR CAEMMERER has a distinguished record of legislative achievement that demonstrates his intense care for the community he serves. He has led the fight in the preservation of local government to create a board to review decisions by the State Education Commissioner affecting local school districts, to depress LIRR grade crossings and to safeguard the citizens right of privacy from snoopers by prohibiting the sale of motor vehicle and other lists. We urge his re-election.
