OLD HICKSVILLE LANDMARK TO BE DEMOLISHED NEXT WEEK: The rapidly changing face of Hicksville will endure yet another change on Monday morning, Dec. 2nd, beginning at 9 a.m. when Pellicio Brother of Freeport start demolishing the old 1 Nicholai Street School, as their contract calls for. This building which was found unsafe last year, was purchased from the School District 17, by Lutheran Church, whose Trinity School adjoins this property.

Superintendent of Schools Donald Abt, Town Councillman Carl Gruenwald, President of Trinity Lutheran Church, Otto Bookmiller and other

local residents will be at the school site for photographs at 8:45 a.m. The general public is invited to witness the demolition of this old HICKSVILLE landmark.

"While it is necessary for these changes to take place in our rapidly-growing town, no one can remove the good accomplished in the past in this building, said HERALD editor and publisher, Mrs. Fred Noeth, "It is a challenge to all of us now, to do our part in the continuing development of HICKSVILLE just as was done in past years by those who received part of their education at Nicholai Street School."

TOB Majority Leader Ocker

Councilman Edmund A. Ocker Now TOB Majority Leader

While the TOP's majority leader State Senator Elect Ralph Marino smiled approvingly, the Board voted Edmund A. Ocker, who is presently serving his fourth term on the Board, into the position of Majority Chief, at its administration session held on Tuesday. The vote would have been unanimous, but Supervisor Michael Petito the Board's lone Democrat, abstained. This did not bode ill for the future efficiency of the Board however, as both Ocker and Petito stated publicly that they plan to work together for the good of the Town of Oyster Bay, regardless of differences of opinion due to political affiliations.

Mr. Ocker, a longtime PLAINVIEW resident, said that he was opposed to the proposed Oyster Bay bridge across the Sound to Rye, New York, just as his predecessor has been. Previously he has held the position of the TOB's

Recreation Committee chairman and he said that he will push for a new recreational facilities for the TOB, limited only by sensible limits of spending. He said that another complicated problem to which he will address himself is the master zoning plan needed for Syosset - Woodbury and surrounding areas.

A REMINDER: that "Carmina Burana" will be presented on Nov. 30 at 8:30 p.m. in the auditorium of the Holy Trinity Diocesan High School on Newbridge Road in Hicksville. We show you the Madrigal Singers of HHS who will be participating in this exciting presentation which will also include, on the same program the HHS orchestra playing Capriccio Espagnol, Saint Saens Rondo Capriccioso with Stuart Mac Donald as violin soloist and HHS Supervisor of Instrumental Music conducting throughout. "Everyone is invited to attend. There is no charge for admission".

'American Folk Art' At Our Library

An exhibition of American folk art will be shown at the Hicksville Public Library from Dec. 9th to 26th. It includes 36 works, mostly of the early 19th century, on loan from International Business Machines Corporation. The techniques represented range from oil on canvas and water color on velvet to cut paper work, penmanship displays and embroidery.

Folk art started with the

earliest settlements in America when the colonists sought to add something to their lives beyond the bare necessities. The housewife turned her skill with the needle from mending to embroidery, producing samplers and embroidered pictures. Others learned to cut stencils and with careful brush work, make theorem paintings of bowls of fruit, flowers or fanciful scenes, usually on velvet. Those skilled

in penmanship produced models of calligraphy.

The Pennsylvanians Dutch decorated their documents—including birth, marriage and baptismal certificates, with colorful birds, flowers and butterflies. Examples of these and other imaginative creations of early Americans are included in the show.

The portrait was the basis of American folk art however, and the limner, a professional artist without academic training, was an integral part of life from Colonial times until after the Civil War, when the camera became more popular for recording likenesses. Most of the portraits in the show are of unknown subjects by unknown artists. There also are examples of the work of the 19th century painters Ammi Phillips, Robert Street and William Prior.

"American Folk Art" is the second L.B.M. art show that the Hicksville Public Library has been privileged to present. "American Artists of the 30's and 40's" was shown last year and is remembered with pleasure by the hundreds of adults and school children who came from all over the Island to see it. It is unusual for art of this calibre to be available in a local community, so the public is urged not to miss this exhibit which will be shown from Dec. 9th to Dec. 26th.

The Hicksville Public Library is one block south of Old Country Road on Jerusalem Ave. and is open from 10 a.m. to 9 p.m. Mon. to Wed. — Thurs. and Fri. to 6 and Sat. to 5 p.m.

The Herald Recommends

MEDARD OFENLOCH AND JAMES TAXTER are both running for the position of Fire Commissioner of the Hicksville Fire District. For the past two weeks, and this week, on this page, THE HERALD has brought to you all the information which has been submitted by both of these gentlemen. Because Mr. Ofenloch is the incumbent, we have permitted his answer on all matters which have been questioned. This is fair practice in our opinion.

Mr. Ofenloch has served our Fire District as Fire Commissioner for the past five years. He is an able administrator and is presently serving as Chairman of the Board of Fire Commissioners. His record is an excellent one. We believe that our District needs to retain men of such high caliber, and by so doing, make use of his years of experience in the field.

We feel that both of these candidates are men of high caliber, and for that reason there is no need to remind the voters, that the pages of this newspaper are always open to information during elections, as long as it is submitted in time for it to be answered. Both candidates have done just this. Our voters today are much too sophisticated to be taken in by last minute smears anyway. But we're sure that these candidates are both above such questionable conduct.

We recommend the re-election of Fire Commissioner B. Medard Ofenloch on Dec. 3rd.

Taxter Committee Speaks Out

As announced previously, James J. Taxter of the Hicksville Fire Department has declared his intention of seeking the expired seat of the Board of Fire Commission of the Hicksville Fire District. Elections will be on 3 December, 1968 at Marie St. headquarters. As in all campaigns, it would seem desirable to discuss the issues at stake.

Mr. Taxter will undertake to discuss the current issues as they effect you, the public, and the fire district. One of the biggest issues in this, the year of the tax payer, is the tax burden. Your tax dollar, and how it is spent, how it is used to the best advantage of the taxpayer and for the Fire District to whom you entrust it. This is how!

Currently the voting majority on the Board is contemplating the construction of an office building for their express use only, under the guise of improved department efficiency at an expense to the taxpayer in excess of \$90,000. The construction of this building for the sole use of the five man Board is completely unwarranted at such a cost and is certainly not an improvement in efficiency of the Fire Department by any stretch of the imagination. Of course, you will be told the money is already available in a building fund, but it is still monies derived from tax funds that could better be used elsewhere.

Assuming the Board, is within their rights is not the issue, but a building of this magnitude for

James J. Taxter

Just a five man board is an extravagance we can ill afford, and is the issue.

Even if the present voting majority on the board does "see the light" and rejects this kind of proposition, can we as taxpayers afford the luxury of this attitude again in the near future?? I say NO!!

The arguments of required space at Marie Street and larger meeting rooms has already been shot full of holes. The meeting room proposed in the new facility, for example, is no larger than the one already available at Marie Street Headquarters.

School News

Burns Ave. Inventions

Mrs. Geis' fourth grade students of the Burns Avenue School, Hicksville, have each made their own inventions. After reading the story, "Mel's Magic Brain Machine," the children were challenged to construct their own inventions. After being cautioned by Mrs. Geis to keep their masterpiece of inventive genius a secret, the students brought to class their inventions to share.

The resultant products ranged from toys to eating utensils to space photographic products. Among the productions being acclaimed were Jodi Ruderman's "Simple Burglar Alarm," Susan Schuler's "Kiddy Cookie Counter," Nancy Batterman's "Places in the World" information center, Marjorie Sybul's "Target for Magnetic Rubber" game and Mark Rose's "Off with the Nail," an electromagnet contest. The "KNORK" of Susan Malers is a fork and knife combination constructed from a fork with a sharp pointed side. The practical uses of the knork is to cut meat and fruits. The "TELERMA" is an invention that takes "pictures" of the stars. Jody Layne has produced this invention with a timing device and delayed action "picture" recovery. Christopher Conboy's robot is a helpful, strong addition for all housewives. A switchlight of the future that may be operated by a robot policeman was Gregory Rosen's invention.

Folk Music At Fork Lane

Mr. Tarlek Bulut of the Turkish Tourist and Information Bureau presented a delightful program of folk music, dance, and general information about Turkey to the pupils of the Fork Lane School on Wednesday, November 20th.

This program, which was enthusiastically received by the pupils and teachers, was made possible by the Cultural Arts Committee of the Fork Lane School Parent Teacher Association, whose chairman is Mrs. Robert Oldenberg.

Year in Vienna

Mr. Gerald Barker, director of the two boys choruses at the Hicksville Junior High School, returned in late August from a one year sabbatical leave in Vienna. Prior to and following the academic year, he traveled extensively throughout Europe and the near east.

While in Vienna, Mr. Barker studied with Dr. Grossman, Director of the Vienna Choir Boys

School. Work was done in training the youthful male voice and other techniques related to boys choirs.

Mr. Barker has been instrumental in developing the fine boys choruses at the Hicksville Junior High School and has always been extremely interested in this area of music education. Several of the young men who were trained in these groups have gone on to music as a profession.

Visit Metropolitan Museum

A group of about sixty students of Italian from Hicksville Senior High School went to the Metropolitan Museum of Art in New York City for the exhibition "THE GREAT AGE OF FRESCO" of the Italian Renaissance. The group was under the supervision of Mr. Arnaldo Ferraro and Mr. Michael Pacienza, teachers of Italian at Hicksville High School, assisted by Joanne Volpe and Carol Luhrs, president and vice-president of the Italian Club which sponsored the trip.

The students were able to see the world famous frescoes by Della Robbia, Fra Angelico, Giotto, Della Francesca, and many other Florentine Masters, but, most of all, the students were very much impressed in learning the difficult and complicated process of painting the frescoes at an interesting demonstration during which was also explained how the frescoes are removed from their original walls for an art exhibition and how they are eventually returned to their original places.

The students, who enjoyed the trip very much, described the exhibition as "highly educational," "very interesting," "artistically superb."

By Aaron D. Mansbach

The Birchwood Civic Association Board of Directors, at its regular monthly meeting held on Tuesday, November 19th, voted approval of the candidacy of James B. Conti for Jericho Fire District Commissioner.

Mr. Conti, a Jericho resident for 13 years, has been a member of the Jericho Fire Department for 10 years and a Jericho Fire District Commissioner for the past 5-1/2 years. He has been a conscientious Commissioner and has volunteered his help in community affairs where a knowledge of the Fire Department's capabilities were required.

The election will be held on Tuesday, December 3rd, between the hours of 2 and 10 P.M. at the Jericho Fire House, Broadway.

After finishing the successful production of "The Rainmaker", the Harlequin Players have started casting the roles for the musical-fantasy "Camillia." This is an original play written by the Jericho drama teacher, Burton H. Wolfe. The music was composed by the Jericho music teacher, Alan Arnold. Briefly, the story revolves around the Princess, Camillia, and her love for the Prince. The projected "opening night" is planned for sometime this spring.

The Student-Teacher Committee of the Student Council has recommended instituting a pass-fall marking system to Mr. Manheimer, the principal. A pass-fall situation would open up the more difficult courses to students who would not take them due to the fear of receiving a low grade. If approved, it could possibly go into effect for the second half of the year in the Senior economics class.

The Senior Class Magazine Drive was a success! The Seniors raised close to \$1500, for the use by the grade, through the sales of magazine subscriptions to friends and neighbors. The top salesman award went to Bruce Slovitz for which he received for his choice, one hundred gallons of gasoline. (a much needed prize for any driving senior!) By Scudler and Reed Resnikoff, respectively, were the second and third place salesmen. The next major project the Senior Class will be undertaking will be the "Wisconsin Cheese Drive." The Seniors will start ringing your door bell in about one week, so please buy for the upcoming holiday season.

The Jericho Varsity Basketball Team has started tryouts for this season. The team will be picked by next week and practice will commence immediately for the opening game, December 13.

Good luck to all Seniors taking the three hour S.A.T. test December 7!

Remember: cheese can be a wonderful gift for the holidays!

PIONEER WOMEN

The Nassau Council of Pioneer Women will present "The Colonel is a Lady" at the Jericho Jewish Center on Wednesday evening, December 4, at 8:30 P.M. Ruth Berman, Lt. Colonel in the Israel - Army, will speak on Chanukah, 1968 - The Fight for Freedom. All are invited to attend this unique evening.

Our regular columns,

"Ten Pin Talk" and "Fiction and Fact", victims of the advanced deadline for this issue, will resume on this page next week.

Salute To ...

HENRY THE GREAT -- because, the greatest thing that ever happened to a bowling league is HENRY DOCKSWELL. Here is a man whose enlightened chatter about the B.C.A. League games has adorned the pages of this newspaper year in and year out with nary a miss. His dedication is unsurpassed -- his elucidation and descriptions of the action taking place on all BCA Lanes has made this league one of the most interesting and most desirable to participate in. A long waiting list to join this league attests to this statement. Without Henry's many narratives and anecdotes of the action taking place this league would just be the run-of-the-mill type, instead of one that generates keen excitement and gentlemanly competition. Henry, I doff my cap to you. Here's hoping your very interesting and informative "Ten Pin Talk" continues indefinitely.

Local Girl Scouts Help

Are you interested in building a healthier and happier tomorrow for yourself and your neighbors in HICKSVILLE? Kathy Reinhardt and Kathy Kern, of the Hicksville Girl Scout Troop #17, proved on November 9 that they were willing to spend seven hours to help safeguard Nassau residents from the threat of tuberculosis and other lung diseases, like emphysema, asthma, and chronic bronchitis.

How did the ladies do it? They volunteered for the TB-RED Christmas Seal Campaign of the Nassau Tuberculosis and Respiratory Disease Association. They helped by preparing Christmas Seals for mailing.

If you or the members of your club or organization would like to have a hand in this lifesaving work, won't you call the TB Association at 621-2100 today

Mail Early In The Day Advises Our Postmaster

"A letter mailed early in the day will get a head start," said Ralph G. Cascardo, Hicksville Postmaster.

He asked Hicksville, Plainview and Old Bethpage residents to shop and mail both early in the day and early in the holiday season.

"One big advantage to shopping and mailing early in the day is avoidance of crowds - both crowds of people and crowds of mail," said the Postmaster.

The great percentage of mail enters the Post Office just after 5 p.m., he said. By mailing early

in the day, people assure that their gifts, cards and letters are sent by the earliest possible transportation.

Late afternoon surges of first-class mail volume hamper the efficient use of postal machinery and manpower and cause a severe overloading of postal facilities.

"Early mailing assures an even flow of mail, not a sudden surge which could log-jam the postal system," the Postmaster said. "So please shop and mail early and use ZIP Code for on-time delivery of all holiday mail."

"In Memoriam"

I dedicate this poem to two fine people and neighbors, Miss Mary Doyle and her Nephew Johnny Doyle age 5 yrs. Both died in a house fire Bethpage N.Y. on Nov. 18, 1968.

I Dreamed An Angel Song

I dreamed a dream the other night
When all the world was still,
I dreamed a lady and a child
Came walking down a hill.
His little hand she held so tight
Never to let him go,
Their affection for each other
Made the world seem more aglow
And then an Angel Song was heard
Just why I cannot say,
The Lord above had called them
And they had to go away,
They left our world so hurriedly
No time to say good-bye,
So little time to love them
A much greater time to cry.
God willed it that if one should
leave The other would go along
That is the way of life it seems
When you've heard an Angels
song.
Now they walk among the silver
clouds
With Halos made of gold,
In a land of lovely rainbows
And no fears of growing old.
For they reached the gates of
heaven
And God knows they've done
no wrong,
And I knew it for the truth it
was
When I dreamed that Angel
Song.

Tickets for the December 7th performance are priced at \$2.00 for adults and \$1.00 for students under 21. Tickets are on sale at all three Temples. For information call IV 1-6650.

SOMEONE ASKED US WHY... we didn't use captions under the pictures in this "Down Memory Lane" series, each week. The reason is that we don't really know all the details of these pictures. Most of them are from Fred's files. We do recognize most of the people in the, but don't know the occasion or the year. If you have more information please drop us a line and we'll share it with our readers.

Taxter Committee Speaks Out

(Continued from Page 2)

As for filing space, micro-filming facilities are available at a far less cost than constructing a new building for more file cabinets. "No, I say the money available for building should be used to improve and expand the existing facilities for apparatus soon to be received and where there is not adequate room to house it.

Speaking of apparatus has become another issue under discussion in the department. Considering the fire truck as a basic weapon in the arsenal of Fire Protection, it is unbelievable the extent of time required to make even the slightest repair necessary or even to maintain the trucks in the same ready condition that you as a taxpayer maintain the family car. Here again is a better place to spend monies available.

And as for the \$20,000 savings effected by the outgoing board member for underground conduit used for fire alarm systems, who now pays to tear up these brand new roads to install underground conduit from the Fire House to Broadway, across Broadway at Maine St., Newbridge, Jerusalem and Old Country Road. Who pays for the fire alarm boxes and etc. still to be installed. You as the taxpayer pays, that's who. With some for-sight on the part of the outgoing board member this work and more could obviously have been done when the original work is done. In fact, all this was originally recommended by Mr. Fred Noeth, former editor of the Mid-Island Herald when it was obvious to him this work was going to go on in Hicksville three to four years ago.

In yet another example of the board "voting majority" lack of cooperation occurs when the Chief of Department goes before this majority with a request for the barest essentials of Fire Fighting, fire hose for example, and is turned down on this simple request with the explanation that it is not required. Imagine, telling the man who is directly responsible for your fire protection in so many words that he does not know what he is talking about. That is about as expected from an ex-chief chairman of the board, with some very good exceptions, who is obviously not up to date on the latest fire fighting techniques or his answer usually is "Well, we didn't need it when I was chief", or "We never did it that way in the old days."

Considering the above, it is not hard to understand why the ten previous Chiefs of the Hicksville Fire Department support Jimmy Taxter for Fire Commissioner, why the greatest majority of Department personnel support Jimmy and why the "voting minority" of the Board of Fire Commissioners endorse Jimmy Taxter.

By supporting and electing Jimmy Taxter as Fire Commissioner you can put a candidate on the board who will concern himself with your tax dollar, who will cooperate with the leaders of the department and who will dedicate himself to improved fire protection.

Progress can become a reality, efficiency the by-word. Mr. Taxter has commented "While progress in any undertaking it is of extreme importance, progress at the expense of the taxpayer and the fireman is completely unwarranted".

Vote and support Jimmy Taxter.

One Man Art Show

EDWARD J. FONTAINE, member of the Foreign Language Department in the Hicksville Public Schools, is planning another one man art show. Last June Mr. Fontaine exhibited over fifty paintings in the Central Federal Bank, Hicksville. Early in 1969 Mr. Fontaine will exhibit again in the same bank a new series of paintings.

For the past two years, Mr. Fontaine has supervised Hicksville students' study in France. Students of French went to Tours in the Loire Valley of France. In addition to their attendance at the University of Poitiers in Tours, Mr. Fontaine guided the students on several visits to the numerous castles in the area. Brittany, Normandy and the Paris environs were visited.

One of the important features of this type of a voyage was the fact that the students lived in French homes, enjoyed French cuisine, and spoke the native language.
