Suggests 18 Be Voting Age

Governor Rockefeller has sent to the Legislature a proposed constitutional amendment to lower the voting age to 18, declaring that at that age "by every relevant standard, young men and women today are ready and willing to assume the rights and responsibilities of full citizenship."

"The indefensibly immature behavior of a scant fraction of our youth," he said in a statement, "must not obscure this fact or penalize the vast majority of American youth capable of exercising citizenship responsibly."

"Today, the vast majority of New Yorkers between the ages of

18 and 21 complete high school," the Governor continued. "Almost 60 percent go on to college. They are educated for citizenship well before earlier generations."

"A large percentage of our young adults are married and assume family responsibilities before age 21. Most of them work and pay taxes."

Library Notes

The Hicksville Public Library Board of Trustees has approved a library budget of \$345,171.56 for 1969-70, an increase of \$7,258.89 over the budget submitted in 1968. The budget, if approved, will permit the library to resume a full schedule of opening hours, answering telephone reference and other curtailed services, maintain the current book purchases at a reasonable level and provide for a small additional amount of reference assistance for busy hours. The tax rate will be about 33 cents per \$100.00 of assessed valuation.

One of the ways to make a decision on the usefulness of a public library is to consider its efficiency in relation to the tax dollar. The library serves all segments of the community from the age of 5 to 95. We can provide materials that will explain elves and dragons, help with school assignments, give advice on careers and outline retirement plans. We can help the student do a research paper, the minister prepare a sermon, the writer needing background for a book or article, the businessman wanting the latest information on marketing, investments, personnel plans or taxes. Perhaps above all we are the only general source in the community that can furnish substantial information needed for a self-governing people, on the great social and political positions of the day, information that television or the daily newspaper simply cannot duplicate. So if your problem is large or small, personal or cosmic, try us.

The library has completed a booklet listing and describing some of the information available in the library on colleges and careers. We have a fairly comprehensive selection of descriptive material, scholarships and loans, admission requirements, study abroad and much that is useful for the young person who does not plan to go to college and who need information about the requirements and opportunities in the many vocations where four years of college are not necessary. This booklet is available for individuals, schools and P-TA's at the library.

All this and more for only \$16.50 a year to most taxpayers!

To say that political parties are constantly faced with problems is like forecasting that water will pour over Niagara tomorrow. The political leadership of all parties are confronted with problems ranging from fund raising necessary to the maintenance of party operating structure, to selecting the right candidates for the right job. And none is more pressing than the latter. This is especially true when there arises an over supply of eager candidates, some qualified, some who think they're qualified. This is the difficulty many political leaders dread. Primarily, because they already know from experience where they can or cannot handle a tough administrative post that will reflect well on the government and the party and sit proper with the taxpayers. What might be called a case history at the present time is the political situation in the G.O.P. in Oyster Bay Town. Here, we have a number of candidates all frenetically hopeful of getting the nod to have a go at the present incumbent Supervisor who wears the colors of the Democratic Party but not its support. To add further fuel to this political

combustion you must consider that the Democratic Party in Oyster Bay Town is split asunder with the 'New Left-New Politics' apparently solidly in command. Some describe it as the liberal wing. This basically compounds the problem of Oyster Bay's G.O.P. leader Angelo Roncallo of Massapequa, who thoroughly aware of the fact that the incumbent Supervisor is in deep trouble with his own party, is no less aware that the candidate ultimately selected by the G.O.P. must have the personality, governmental know how and combative ability to get his message across to the people of the town. It must be remembered that Oyster Bay voters rank high on the national intelligence list of people who know what's going on as the saying goes. Roncallo who is astute and extremely popular throughout Nassau County as well as in his own Township of Oyster Bay recognizes the situation as difficult but not insoluble. Those on the inside are betting that in the final analysis his judgment will be well thought out and correct. Insiders say he has a big ace to back his decision—The strong support of Oyster Bay Town's political

For those who love music or dance Mid-Island serves the community with the most varied and excellent program."

leaders and the powerful backing of Nassau County's top G.O.P. IT COULD BE TRUE: A widely known Nassau G.O.P. State Senator is taking a close look at the County Executive post with a possible primary in mind. Taxpayers expressing great concern about a bill introduced in the State Senate giving Towns the right to establish Community Colleges can put their fears to rest. We hear the bill has had a bad citizen reaction and is going nowhere which is where it should go.

"Paint Your Wagon" starring Allan Jones at the Wedgewood Dinner Theatre in Glen Cove, L.I. brings America to the stage. SPORTS

By Howard J. Finnegan

Edward Grams in the 113-pound class and Steven Conte in the 137 were undefeated during the 1969 Hicksville Junior High wrestling campaign.

Each won seven straight matches as Coach Marvin Goldberg's team achieved a sparkling 6 won and 1 lost record. Hicksville's surge forward in the sport is dependent on solid groundwork and the Junior High Activity surely supported that intention.

Other first line wrestlers were Daniel McLia (83), Edward Waldeck (89), George Waldenmayer (95), David Specter (101), Thomas Kirdahy (107), Michael Nesbitt (119), Keith Hays (125), Kenneth Wood (131), Robert Starke (143), Thomas Burt (151) and David Owens (161).

While those boys got the assignments to compile the season record there were many others who worked and sweated in practice in an effort to gain a start. There was considerable potential and it will show in ensuing seasons.

Included on the roster were: Anthony Dilio, Frank Vicotera, Edward Spindel, Peter Reilly, Steven Maide, Richard Rosenzweig, Darel Ostro, Ronald Schwartz, Raymond Pick, Joe Bruno, Thomas Gregory, Russell Rauf, Raymond Sloane, Peter Human, Mike Cerlini, John Didier, Peter De Mato, James Lynch, George Gramaglia, Philip Krumm, Sam Lippin, Mike Spindel, Eugene Patente, Bill Doherty, Mike Pagano and Dennis Gamble.

The dedication of Coach Steve Tomani is responsible for the Hicksville interest in the sport of wrestling. He does not close the door when his coaching pay for the varsity wrestling season is concluded. He extends himself much more for the students and community.

A perfect example was the East Street elementary tournament he conducted last year which many parents enjoyed.

We did not have the vehicle to relate the results, then but with a possibility of a rather Tourney being sanctioned by Principal John McGovern the Herald would like to get the 1968 Champions on the record.

Voted the most outstanding matman was heavy weight Eugene Patente. Other Champions were Paul Nadell (60), Thomas Reilly (70), Scott Roby (75), Anthony DiLaJo (80) John Galgano (83) Robert Walker (85), Lee Sanowitz (90), Larry Parisi (95), Jimmy Dantmon (110) and Teddy Romanuck (110).

In the well organized tournament varsity letter winners provided coaching for the East Street teams. Deserving much credit for giving of their time and patient instruction were: Mike Linds, Mike Husso, Tommy Lee, John Mackin, Bruce Rosenzweig, Bill Krumm, Charles Schoenfeld and Walter Weller.

We aren't going to get into the discussion of just which grade school has sent the most successful varsity athletes up to HHS but tournaments such as these certainly enhance the position that over the years it has been East Street.

Hicksville High's Ralph Saunba, a Junior at Maryland University, won his second straight heavyweight championship in Atlantic Coast Conference Competition. He now advances to the NCAA National Championship.

Center Don Massey was voted the outstanding player in North Shore Division one basketball for the 1968 season. He was the key man on Coach Buddy Bryant's team which had a 12 won and 1 lost record.

St. Dominics fans are tremendously proud of the performance of Tom Riker in his freshman year at South Carolina. He led the Frosh to a 15-1 season with a 28.6 scoring average and 13.3 rebounds a game. He is a Hicksville resident.

TODAYS COLOR TV Curtis Mathes

Curtis Mathes Builds Most of Its Own Components

Curtis Mathes builds most of its own components... cabinets... speakers... transformers... coils... chassis... flybacks... circuit boards... face masks, etc. This is done for several reasons. First, it gives much more control over the overall quality of the finished product since all of these parts are built to complement each other... not just bought indiscriminately and assembled. This assures you of a perfectly matched unit. Secondly, by building all of these components, Curtis Mathes saves about 30% of their cost by not having to pay the manufacturers' profit. This principle is carried through even to the building and printing of their own shipping cartons. Most of our competitors buy almost all of these parts, either from outside manufacturers or wholly-owned manufacturing companies, both of which must operate at a profit, thereby increasing their cost. Curtis Mathes passes these savings on to you... giving you better value... and the rest is used for more rigid and extensive quality control... assuring you of the most dependable Home Entertainment Instruments in America.

Exclusive Designs

Only from Curtis Mathes do you have such magnificent models to choose from... cabinets up to 86 inches in length... with or without bookcases. Because Curtis Mathes builds all of its own cabinets and does not have to rely on outside manufacturers, they are able to build these distinctive models that can be custom-fitted to your specific electronic needs and desires. With or without luxury options such as Instant Remote Control, AFT (automatic fine tuning), and Touch Power Tuning. Only Curtis Mathes has a size, style... and price... for everyone!

Each Set Checked Twice

Only Curtis Mathes converges every color set twice. Just before it enters our packing line, we take every set through a second field-free dark convergence room for final "touch-up" after many hours of run-in. Yes, it could be done in the field at the dealer's expense, but without the field-free room. This is just another quality procedure that costs money but insures better performance at less cost to our customers. Our competitors are not spending this extra time and money to do all of these things, and these are the reasons we know that Curtis Mathes is delivering the world's finest color television. We don't just talk quality! We deliver it!

C. M. Builds To Customer Demand

Most other companies purchase their cabinets. They build up a full ware... then introduce them to the public through expensive advertising programs... and hope that they sell. Curtis Mathes doesn't gamble in this way... because Curtis Mathes builds its own cabinets... we feel it's safer... and much less expensive... to introduce models in test markets... and if they sell, we build them... if they do not... we have not "built-in" any obsolescence.

Distribution

Most manufacturers ship to distributors who in turn sell to retail outlets. Somewhere along the line, this distributor's profit must be paid... yet it adds nothing to the performance of the set. Curtis Mathes sells direct to the retailer... saving you this "middleman's" profit.

Specialized Advertising

Every year many millions of

dollars are spent advertising electronics. Curtis Mathes only advertises when and where it is needed... good sound advertising... on a local basis. By having an obviously superior product we can rely... with confidence... on "word-of-mouth" advertising. Curtis Mathes insures this confidence through better quality, appearance, warranty... and price!

Lower Overhead Because Lower Plant Location Cost.

Curtis Mathes' plants are located out of expensive metropolitan areas.

Better Labor Cost.

Discover how surprisingly little it costs to convert to modern gas heat. Your family will appreciate the difference. Gas heat is clean. Gas heat is dependable (no deliveries - it's piped directly into your home). Gas heat is economical. It has been selected by many of your neighbors.

Joe McCarthy

Joe McCarthy has been helping Long Island Families with their heating problems for 3 years. He can give you the facts on clean, dependable, economical heat for your home. Of course, there's no obligation. Call Joe McCarthy at HT 4-1300. Next winter you'll be glad you did.

Dear Friends:

Our New Fire Truck

Just to clear up any possible misunderstanding, I must apologize for my wording of the picture caption under the fine new Fire truck of our Hickville Fire Dept., in last week's HERALD. It took several years for sufficient funds to be accumulated to purchase this truck, which is now adding to the safety of Hickville Fire District residents. This is a credit to the combined efforts of our Board of Fire Commissioners and our Fire Department. And, while we're on the subject, we're sure you'll all agree that for 24 hours a day, 365 days a year COMMUNITY SERVICE, you just can't beat the Volunteer Fire Department of our town!

Democrats Fight

The leading contenders for the position of Nassau County Democratic Party Chairman are going "hot and heavy". This week, Allen J. Kaplan, Democratic leader of the Syosset, Jericho Zone reports that his survey of the zone's 26 Democratic committeemen indicates Marvin Cristenfeld is their overwhelming choice. . . while, at the same time we hear that John Nigro, another contender, is calling for Mr. Cristenfeld's resignation as Elections Commissioner, charging a conflict of interests because of his candidacy for the party chairmanship.

The Taylor Law

From Bill Dean of the Hickville Federation of Teachers, AFT we hear a scathing denouncement of our Gov. for the amended Taylor Law which stiffened penalties on striking public employees. "No action was taken against the NYC fuel-oil truck drivers, when they struck, even though people died as a result of the strike," Mr. Dean claims. That might be hard to prove, Mr. D. but no one can deny the importance of quality education. . . at least not in my book. What we have to come up with is a workable solution of taxation that does not work the hardships on the home owner that our present taxes are doing.

A Success Story

It's always nice to hear of good things happening to local people. . . we're sure that many of you know Vincent Luna who has been in the television repair business in our area for the past 20 years, previously known as Luna TV Repair. Last January he started selling Curtis Mathes sets, only from his daughter's house. These sets are so great. . . and the response was likewise, and, as a result, business became so much increased that Mr. Luna took a store at 41 West John Street in December '68. Now, here it is only March, and already the store seems too small. The Curtis Mathes sets maintain such a high standard of quality, of course, and this, plus the integrity of Vincent Luna who has served our area for so many years, is an unbeatable combination. Best wishes for continued success, Mr. Luna.

Erin Go Bragh

Well, we must close for the present. A happy St. Patrick's day to all. . .

Sincerely,
Sheila

Fiction And Fact

by Dottie Mills

OH TO BE IN ENGLAND NOW THAT.....

I've forgotten how the rest of that goes. Something to do with sap rising and birds falling. At any rate, it's a rather feeble device to get your minds off shoveling the latest accumulation of snow and onto some productive thinking. Namely, dear friend and staunch supporter of your local library, devote the next few minutes to thinking about where in the house or garage you have secreted all those many months those woefully overdue books. (If my life depended on it I couldn't give the syntax for that last sentence.) Your laughing, happy, saccharine, neighborly local librarians has this to cheer up the last miserable days of a truly stupendously horrible winter: MARCH 15th to APRIL 15th IS A FINE-FREE MONTH.

Beginning Saturday, March 15th and ending at 5 P.M. on Tuesday, April 15th 1969 the Jericho Public Library, its Board of Trustees, staff, and patrons, invite all borrowers of overdue books to rejoin the ranks of the solvent and smiled-upon. This is the time of the year when no questions will be asked, no fines computed or asked, no frowns or sharp raps about the head and shoulders given. Bring 'em back alive, in one piece, and for free. Who says the season for giving is around December? We give you this period of grace during which all books and periodicals can be returned to

the Library.

It should be understood however, that the fine-free period will not begin until ten o'clock on Saturday morning, March 15th. The grace period will end on Tuesday, April 15th at five o'clock. Patrons returning books on April 20th will have to pay fines that will be computed using the days between March 15th and April 15th if their books were due before March 15th or after.

As a reminder to those of you who might have forgotten. The Library hours are: Monday and Thursday: 10 A.M. to 9 P.M., Tuesday, Friday and Saturday: 10 A.M. to 5 P.M., Sunday: 1 P.M. to 5 P.M. Wednesday the Library is closed.

Take advantage of this rare opportunity! There is no guarantee the Library will have another of these fine-free periods. Bring back those books no matter how long you've had them out. All delinquency notices will be crossed off and eliminated from the records.

Just in case you've been wondering, "Why this spirit of good will, forgiveness, unseemly largesse?" Bend an ear oh forgetful one. February 28th 1969 marked the third anniversary of Jericho Public Library's opening. Happy Birthday to us—for the third time. With a little bit of luck, the benevolence of U. S. Steel and the Teamsters union, maybe the Library will celebrate its fourth birthday inside the doors of a new library building.

Ten Pin Talk

Henry Dockswell

Years ago we were introduced to a card game called "Crazy Louie". It was kind of a nutty, far out game but it seems to have come to life in the person of Lew "Crazy Louie" Marks. What else can you call this guy. As we've previously mentioned, in the entire First Half, which consisted of 18 weeks, he bowled only one 200. In the first 6 weeks of this Second Half he bowled 5 of them. This is the seventh week and what does Lew do? He bowls a triple: 200, 208 and 206. From now on Lew, even if you bowl a 300, lefty and throw the ball between your legs in the process you've had it as far as Ten Pin Talk is concerned.

Lew's first one, the 200, seemed to infect his teammates with two hand-edits because in quick succession Capt. Irv Simes rapped a 254 and a 224 for a fine 633 series and Les Shuman threw a 205. This bombardment was just too much for the Sid Simons even though Irv Galt made a valiant try with his first good one of the year, a 223. The Simes' "Spoilers" won 8-3.

David Kaye, you might say, bought his way to a 222. His captain, Herb Brady, started the evening using a glove. Herb threw just one ball and it was a crummy one. He left 5 pins

standing. Dave, as only he can do, ran over, ripped the glove from Herb's hand, said, "What are you nuts! You can't bowl with a glove," and proceeded to put it on his own hand. This happened so fast that the glove must have thought it was still on Herb's hand for it bowled a 223 and Dave got credit for it. Herb sold the glove to Dave for 4 bucks. We understand that team-mate Bill Sussman touched the glove a few times because he threw a 216 in the same game. All this excitement was too much for the Norm Neys and they lost to Brody's "Black Panthers" 8-3.

There were two shutouts fashioned. One of them vaulted the Leo Geyers into 1st place and the other one buried Sid Sachs' "Chargers" deeper into the cellar.

Larry Schwartz, who has become a bomber this Second Half, bowled his second one, a 201, and led the Geyers to the 11-0 victory over the Murray Gittelman's.

The other one was close but the final score is what pays off. The Ralph Diamonds were really fired up. Last week they were shut out by the Sam Springers but this week they were "ready for bear" as the saying goes. Nat Warren cracked a 210 and a 203 for a 601 series. Ralph Diamond threw a 203 with some timely strikes in the 10th frame and the "Chargers" were finished. Charlie Smith had a 204 along the way for the "Chargers" but to no avail.

Sid Lang closed out the list of individual honors with a 217.

Excerpts From Feb. Meeting

Jericho Board of Ed Report

OYSTER BAY RECREATION PROGRAM REPORT: Superintendent of Schools David Nydick presented a report submitted by Robert Moraghan, Director, on the Town of Oyster Bay Recreation Program held at each of the Jericho Public Schools on Friday nights and Saturdays for all boys and girls in grades three through twelve. New activities this school year include the swimming program and the golf clinics. Other activities include: arts and crafts, archery, basketball group games, volleyball, quiet games and special events. The program is organized by the joint cooperation of the Town of Oyster Bay Recreation Department and the Jericho Public Schools, with funds provided by the Town of Oyster Bay.

PROPOSAL FOR WEATHER STATION - PROJECT FOR A GRANT: Robert Perna, Administrative Assistant to Superintendent Nydick, described a proposal for the establishment of a Weather Station at the George A. Jackson School, dependent on federal funding for the coming school year. The Weather Station would include subscription to the professional computers and other instrumentation of the Dept. of Commerce U.S. Weather Bureau. Mr. Perna reported that John Bolles, Jackson Principal, and Joseph Verdine, Williams Principal, have been particularly interested in the project. The administrators met with Silvia Simplico, Director of the Eastern Regional U.S. Weather Bureau, at Weather Bureau offices in Roosevelt Field. The proposal will provide for new and improved meteorology courses and for coordination of elementary

and secondary science courses. A closed-circuit television hook-up and a telephone line would offer wide possibilities for use in classrooms throughout the district and by the community.

ACCEPTANCE OF GIFT FOR THE GEORGE A. JACKSON SCHOOL FROM THE P.T.A. The Board of Education accepted a gift for the Jackson School of two air conditioners to be installed in the Art Room to bring the classroom temperature down to a comfortable level during warm weather.

ENROLLMENT REPORT FOR FEBRUARY: The Superintendent reported that the month's enrollment was 3907, an increase of three pupils over January and equal to September's enrollment.

FEDERAL AID SURVEY: Superintendent Nydick and Administrative Assistant Perna reported that the survey of public school pupils whose parents are in uniformed service or employed on federally-owned property (Public Law 874) showed 141 such students. Final application for eligibility of additional federal funds will be made to the government.

BUDGET PROGRESS REPORT: The Board and the Superintendent commented upon the "excellent participation" of the residents who have been attending the Budget Review Panel Meetings, to which all residents are invited. The public study sessions are held on Thursday evenings in the Senior High Library. Interested residents who contact the Superintendent's Office will receive materials in advance of each panel review.

BOARD MEMBERS REPORT ON COMMITTEE WORK: Board

members William Mayhew, Howard Janikowitz and Sam Springer reported on the progress of their respective committees work with the Jericho Teachers Association, the Jericho Administrators Association and the Civil Service Employees Association. Mr. Springer is also serving as Legislative Chairman of the Board, in order to aid the community by apprising the Board of legislative developments. Mr. Springer urged all residents to respond to the proposed amendment now before the State Legislature which would return \$1 1/2 million to Jericho tax rolls. Petitions have been forwarded to all community organizations for signature by residents.

Rev. Greene To Speak At Temple Or-Elohim

At regular Sabbath services on March 21st, Temple Or-Elohim will have as its guest speaker the Rev. Ronald Greene, who serves as a member of the Nassau Commission on Human Rights. He is a minister of a congregation in Roosevelt, L.I. and he started the Roosevelt Community Council of whites and blacks to raise the social-economic conditions of the area. Some of his accomplishments have been the establishment of homes for the aged and improved housing conditions for the black and white community. His theme will be IMPROVING BLACK-JEWISH RELATIONS. There will be an opportunity for question answer dialogue at the Omer Shabbat.

Word has just filtered down that, through the efforts of Assemblyman Joe Reilly and Councilman Ralph Diamond, construction of the traffic signal installation at merry Lane and Jericho Turnpike has been accelerated. Construction is scheduled to begin on or about April 1st and the lights should be completely installed within a few weeks thereafter.

Library Acquires Music Collection

The Hicksville Public Library is proud to announce the acquisition of a new collection of chamber music and miniature scores. The music includes several hundred sonatas, duos, trios and quartets for all the various string and wind instruments of the orchestra, with particular emphasis on music for the flute and for the string quartet and trio. There is also considerable chamber music for the piano, and for the recorder, and fifty miniature scores of some of the best-loved symphonic works.

The collection is a memorial for the late Jack Aaron, a long time resident of Hicksville and a member of the music department in the Levittown schools. The purchases were made possible through the donations of friends, colleagues, and students of Mr. Aaron.

In accordance with the donors wishes, the collection is to be made available to interested musicians throughout Nassau County. Selections will be on loan for four weeks; library cards from any county library will be honored.

"The pending proposals to liberalize the abortion law violate the most fundamental principle of American Government and should be defeated," he stated.

President Patrick McHugh introduced the dias which included Rt. Reverend Monsignor George M. Bittermann, V. F. Pastor Emeritus, St. Ignatius; Reverend Frederick Harter, our newly-appointed Pastor; Reverend John P. Vitas; Tom Muratore, HNS Vice-President and Peter Collins, Recording Secretary.

A question and answer period followed as the overflow crowd paused to write letters to our legislators urging defeat of any proposed changes.

JUNIOR HIGH CHEERLEADERS (in the top picture): The Hicksville Junior High varsity teams, (football, soccer, basketball, wrestling) have been spirited on to their many victories by the enthusiasm and performance of the junior high cheerleader's club. Shown here with their faculty advisor, Mrs. Sue Schmidt, are (top row, L to R) Colleen O'Boyle, Nancy Remensnyder, Sue Callaghan, Mrs. Schmidt, (middle row) Cheryl Gries, Megan Bailey, Maryanne Masciello, Joanne Barbieri (Bottom Row) Janet Yannotti, Eileen Smyth, Sue Smith.

DAVID SPECTOR: ATHLETE AND SCHOLAR (center picture): Dave Spector, a wrestler on Hicksville Junior High's team, and one of the most successful 8th grade wrestlers in the history of Hicksville is also a scholar whose 95 plus average places him among an honored few in Long Island's largest junior high.

MICROSCOPY: During the month of February, Mr. Fred Steinhardt, Willet Avenue School's Science Consultant taught microscopy to second and third grade students. This was the first time army of our youngsters had a chance to see objects of such minute size in magnification, and their response was wholly enthusiastic.

HIBERNIAN LEPRECHAUNS LISTEN: Hicksville Hibernian George V. O'Haire, left, and Edward Kalbfleisch, center, President of Nassau County Board A.O.H., cup their ears to hear Patricia O'Provenzano, president of the A.O.H. Ladies Auxiliary, tell a story at the St. Patrick's Dance last Saturday night, March 8th.

All will be marching in the big parade up Fifth Avenue on Monday, March 17th.

Ramblin' Rose

By Rosemary Walsh

Well 'top of the mornin' to you'—here we are almost at the big day—I'll have to dust off me green derby and get out the shamrocks and of course whip up some corned beef and cabbage 'tis St. Patrick's season, enough foolin' now.

We truly had a busy Saturday morning—as announced our Annual Girls Tournament was held at the Junior High. Over 300 girls from all our Elementary Schools participated and all their Moms, Dads and wee brothers and sisters were on hand to cheer.

It was a huge success with excitement everywhere. The girls had a Basketball Contest followed by Dodgeball (they call it Bombardment) and those young ladies can really heave that ball. The final event, the most colorful of all, was the Cheerleading Contest. This event was judged by 5 very sweet young ladies from our own Hicksville High School Varsity Cheerleading Squad, Geraldine Duffy, Pam Hughes, Louise Junge, Maureen McAllister, and JoAnn Vannotti, my heartfelt thanks to these girls for donating their time so graciously. Thanks heaps, gals. Now, on with the contest, the Cheerleading was won by Dutch Lane School, coached by Miss Linda Shell, the team was: Sidney Kershaw, Captain; Jennifer Clancey, Co-Captain; Pat Sherwood, Amy Blalick, Lorraine Johnson, Cheryl Feld, Susan Kaminsky, Christine Sardi, Carol Knapp, Sharon Peterson, Suzanne Keda.

The overall Tournament winner was once again East Street School, coached by Mrs. Fern Ferber Craner; Lisa Caggiano Vivian D'Angelo, Debbie Ferro, Joan Kelleman, Joanne O'Brien,

Susan Mackin, Jane Schulman, Robyn Stier, Maureen Seeley, Ronnie Vondetti, Jane Thornton, Dorothy D'Amico, Nancy Meyer, Anne Principe, Lois Rice, Ronnie Schwartz, June Cusano, Pat Cerini, Gail Gussman, Fern Halper, Lois Rosenthal, Janice Strow, Nora Bianculli, Denise Bourque, Dorothy Britton, Pat Di Lallo, Ellen Dusen, Teresa Delenczewski, Mario Hatzisky, Jackie McGovern, Cathryn Nolan, Lou-Ann Radato, Laurel Soper, Janet Travis, Laura Tricarico, Rachelle Burarotti, Karen Di Lallo.

So far the eighth year in a row the banner will remain hanging in the Nina Plants Gym. I bear Mr. McGovern would like to enter his girls team in our boys tournament next year.

Fire Commissioner Mac - Donald (my little brother) tells me that this new piece of apparatus that was just purchased by Hicksville Fire Department is a real beauty, but beyond that its rescue and life saving value to our residents is almost indescribable and I believe the only one of its kind on the Island. Speaking of unsung heroes and heroines as we were a few weeks ago there are a bunch of dedicated citizens who are often just taken for granted (And their wives who watch and wait quietly and comfortably.)

4-H NEWS

The Four Leaf Clovers

The name of our 4-H Club is The Four Leaf Clovers. Its members and their jobs are as follows: Kathy Lopresti, president; Barbara Krakower, vice-president; Claudia Stewart, secretary; Gail Sobel, treasurer; Susan Nikola, recreation leader; Debbie Mogel, song leader and Karen Keegan, news reporter.

So far this year we have made a desk blotter. It was easy to make and looks lovely. Soon we will be working on a jumper. We will probably start pinning the pattern and cutting it out at our next meeting. When this project is finished we will be bang break.

Last month our recreation leader has decided to have a bowling party. We went to the Plainview Bowling Alley. Gail and Barbara both won a game. We all had lots of fun.

Last month we collected clothing for the State Hospital.

We all enjoy our 4-H projects and parties.

We have just received our candy and are now selling it. We got mixed chocolates and cashew butter crunch. My mother bought one of each and they taste delicious. When I sell ten boxes I will be able to go on a trip! 4-H is really great!

The 4-H Busy Bunnies

The 4-H Busy Bunnies of Plainview, Paula Halford, Tina Kupferberg, Robin Joy Levine, Erica Wagner, and Junior Leader Gayle Holzacher, held a supper party at the home of their leader, Mrs. Renell Levine.

We prepared the foods and served buffet style. The menu consisted of a sandwich loaf filled with chicken salad and egg salad and frosted with cream cheese; Waldorf salad, salmon - olive casserole, and shrimp and rice casserole. Our beverage was a malted and we had pies from our Pie Time project.

As recreation we danced to records.

The 4-H Sprites

At our meeting on February 21, the 4-H Sprites practiced their demonstrations before our club members; our agent, Mrs. O'Callaghan; Mrs. Cameron; and the mothers. As she will on Demonstration Day, Roberta Louis showed how to make a square pillow; Amy Evans, a bolster pillow; Susan Goldenberg and Cindy Miller, apple torte; and Sandra Monroe, cupcakes. We found it very helpful, and received some valuable suggestions from Mrs. O'Callaghan. We also had an enjoyable meeting.
