Hicksville School Costs Compared to Other Nassau Dists.

A Message from the Supt.

A comparison of costs of Hicksville's schools to the other 49 districts in Nassau County reveals the following:

- (1) of 49 districts, 26 spend more for the cost of the Board of Education than does Hicksville.
- (2) 41 spend more for central administration
- (3) 13 spend more for the costs of regular day-school instruction (this figure indicates that Hicksville is investing its money directly in its children)
- (4) 29 spend more for adult education and summer schools
- (5) 20 spend more than Hicksville for recreation
- (6) 14 spend more for transportation
- (7) 43 districts spend more for operation and maintenance of plants (to protect their large investments in school buildings)
- (8) 21 districts spend more for insurance
- (9) 34 of the 49 spend more to amortize their bonds. 36 spend more in interest on their bond issues.
- (10) 31 spend more on cafeteria funds.

Hicksville's rank in Nassau County is the 31st position. In other words, of the 49 districts, 30 spend more money for educating children on the basis of the weighted daily attendance. Hicksville ranks well below the median.

We believe your children acquire a fine education at a comparative economical cost. Continue to support your schools. Vote for the school budget.

Comptrollers Alert Policy Saves Taxpayers Money

Nassau County Comptroller Angelo D. Roncallo and his alert staff is paying off slowly but surely and has saved taxpayers \$51,562.42 in recent months.

The last savings of \$15,237.08 was achieved in regaining disallowed state aid to probation services in Nassau County. The state department of corrections had disallowed state aid claims for the Fourth Quarter of 1968 but Comptroller Roncallo fought the rejection and after a meeting with State Officials succeeded in gaining a reversal of the decision.

In another action by the Comptroller and his staff \$36,325.34 was returned to the County when a similar situation occurred following an audit of the County Mental Health Contract by the State Department of Mental Hygiene. Roncallo took the position in conference with State Auditors that charging costs back to County organizations performing Mental Health Services that were

disallowed by the State Auditors would endanger Mental Health Services and could result in suspension of operations because of lack of funds.

The County receives 50 per cent in state aid for providing Correction (Probation) and Mental Health services and should not be penalized on "fiscal technicalities" Roncallo said. The state agreed with the Nassau County Comptroller's policy and the State Aid disallowance was reinstated.

"While the amount of money saved the taxpayers is not a large sum, it is significant in the fact that we have an aggressive policy in the County Comptroller's office and we are carefully examining every County Program to insure that there is no loss to the taxpayers on technicalities or by failure of County Departments to utilize all funds available from state and other agencies", Roncallo said.

Pageantry in Brass

By The St. Ignatius Girls Cadet Corps

As the warm and sunny spring weather approaches, drum corps begin their preparation for the marching and maneuvering season. However, this is not the sole function of the corps. The opening event of our 1969 season was the St. Patrick's Day Parade, held in Garden City on March 9th.

The corps competed with a number of other drum and bugle corps from the island, but topped their competitors and claimed the first place trophy for their division of the parade. This is the fourth consecutive year that the corps has captured first place honors. Two years ago, the Second Corps, which is composed of the newest and youngest members, also won a trophy for their outstanding appearance on parade. Also, at this time, the

corps was pleased to accept the award for the Outstanding Unit of the entire parade.

Also on the agenda for the Spring season was an appearance of the corps in the Plainedge Little League parade, which opened their season on April 20.

The Corps was one of the few musical units in the parade and presented their version of "America" at the ceremony which followed. A number of distinguished guests were present, among them was Assemblyman Martin Ginsberg.

We would also like at this time to welcome our new moderator, Rev. William Karvelis. We greatly appreciate the tremendous spirit and enthusiasm which he has shown toward our drum corps activities.

LIBRARY NOTES

Some recommended books recently acquired by the Hicksville Public Library:

Watt, Richard. The Kings Depart. An outstanding study of the Versailles Treaty and the Big Four who formulated it. The violence and confusion in Germany during this period and the whole era brought into perspective.

Salisbury, Harriman. 900 Days. The siege of Leningrad from 1941-1944 is certainly one of the horror tales of modern times. Estimates on casualties run upwards of a million people from a pre-war population of three million. A grim story, very well told by a New York Times reporter.

Baker, Carlos. Ernest Hemingway. A well-documented and very detailed biography of Hemingway concentrates less on a literary criticism than the man who was a strange mixture of brawn, sensitivity and pride. A must for anyone of the generation who grew up immediately after World War I.

Catton, Bruce. Grant takes Command. Another of Mr.

Catton's excellent popular histories continuing the story of this very efficient general during the last Wilderness Campaign of 1864-65. Well-written, colorful and accurate.

Capon, Robert F. The Supper of the Lamb. Father Capon is an Episcopal minister, who is a Professor of Dogmatic Theology at the George Mercer Memorial School of Theology in Port Jefferson. His book, however, is a first-class cookbook written in a witty and sensible style. For a cookbook with a difference try this one.

AUCTION

The Mid-Island Chapter of the Nassau Center for Emotionally Disturbed Children will have a "Country Auction" at their general membership meeting to be held on May 19, at the Plainview Public Library, Old Country Rd., at 8:00 P.M. The public is invited to join in the fun!

Mr. Bill Stefanski will be the auctioneer. Refreshments will be served.

Jehovah's Witnesses

Paul R. Ruggles, District Supervisor of the Greater New York area of Jehovah's Witnesses, and special representative of the Watchtower Bible & Tract Society of Brooklyn, will be the principle speaker at a convention to be held at the Long Island Arena, at Commack, May 9 thru 11.

According to Mr. Brono Szczepanski, presiding Minister of the local congregation of Jehovah's Witnesses in Hicksville, Ruggles graduated

from the Watchtower Missionary School in 1946 and spent 3 years in Columbia, Central America, before returning to the United States, including Ohio, Texas, and Florida. Mr. Ruggles is originally from Belgrade, Nebraska.

A well qualified speaker, Ruggles will wind up the convention with a talk especially designed for the public entitled "Law and Order - When and How?"

TALKING ABOUT MEDIA: Dr. Robert P. Crawford, associate professor of mass communications at Queens College, Flushing, N.Y., will present his views on the use of TV and other media in education and how the picture will look in the future. Dr. Crawford's presentation, "Media as a Method in Education," will be given Tuesday, May 13th, at 8:15 p.m., in the gymnasium of Trinity Lutheran School, 10 W. Nicholas St., Hicksville, sponsored by the Parent, Teacher, Friends Association of the school.

By

Howard J. Finnegan

Louis Millevotte, Hicksville High School Physical Education and Athletic Director has resigned effective the end of the school year.

He terminates after 39 years service to the School District and community.

He has sustained two heart attacks in the last two years and the position has been filled on a fragmentary basis.

The disposition taken to fill the void caused by his retirement is fraught with possibilities that could rock the community.

Hicksville has been historically a competitively athletic town. It has always supported strong control and background in Physical Ed and inter-schastic athletics.

That truth was apparent last September when 7,000 persons petitioned the school board in a two day period to place athletics in the budget. After three budget defeats it proved the salvation of Hicksville.

Defending North Shore Lacrosse champion Herricks combined poise and a killer instinct to defeat Hicksville, 6-3. The victory moved Herricks into undisputed possession of first place in Section one.

It was a tough battle for a half with the winners extended to take a 3-2 advantage into the locker room.

A carry over penalty had Hicksville a man short as the third period started. Within thirty seconds Herricks had scored. Twice more in the half the visitors tallied when the Comets were a man down.

After Hicksville registered on two goals, by Rich Kowalchuk in the second, the Orange and Black could not catch the nets again until John Hannigan turned the trick with just thirty seconds left in the game.

Tuesday afternoon MacArthur High made a determined try to catch Hicksville at low ebb. The sturdy bid collapsed in the last quarter as the Comets sprayed in four goals. The final was 9-3.

Kowalchuk and Charles Arnone had two goals while Steve Van Wickler, Charles Brady, Mark Hortan, Brian McAuley and Hannigan spread the attack with a single goal each. Assists were credited to Van Wickler, Pat Dowling, McAuley, Brady and Hannigan.

Hicksville has that date with Syosset tomorrow night (Friday) under the lights at Hofstra University Stadium. Game time is 8:00 p.m. The Comets then go to Clarke on Tuesday afternoon.

As Hicksville bids to stay in the race our selections:

Home And Garden Seminar, May 14

The Evening Chapter of the Nassau County Homemakers Council will hold a Home and Garden Seminar on Wed., May 14, 8 p.m. at H.B. Thompson Jr. High School, Ann Drive, Syosset. Members, friends, and neighbors are invited to: Participate - Bring a household hint. Interrogate - Bring a question.

Assimilate - Take home valuable tested tips from the "experts" and put them to use.

Join us for a stimulating exchange-of-idea bull session after which refreshments will be served. Further information may be had by calling Wa 1-0713 evenings," said a spokesman for the group.

Summer Jobs

Summer Jobs for Youth Program, so successful in 1968, is being put into effect again this summer by the New York State Employment Service. The campaign, through which over 5,000 young Long Islanders found jobs last summer, is being set up in cooperation with many interested community groups. It aims to meet the most serious situation ever, for youth aged 16 and over seeking summer jobs. The youth of Hicksville-Plainview area will be seeking employment this summer, to earn money to keep them in school and to gain valuable experience about the world of work. Only a small percentage will be successful unless the community makes an effort to create jobs for them. Joblessness is detrimental to the community in that it can breed mischief.

The State Employment Service, working with other concerned agencies, is striving to alter the Hicksville-Plainview area to the needs of its youth. Now is the time for businessmen and homeowners to search their offices, stores and homes for the jobs which never seem to get done. Competent youth, eager for work, have skills and talents which can be employed to clean up these troublesome chores. The need now is for jobs. Look around your company facilities and your home.

Outstanding in the win was goalie Larry Genna who made 18 saves on the day with a half dozen on the spectacular side.

The Spring Roundup: Hicksville's pre-season strongpoint - hitting -- has deserted the Comets and the diamond fortunes have slipped badly. Just when Gary Jackson came along with excellent pitching the punch went out of the bats. A 1-0 win over Bethpage in a non-league contest was recorded but Tuesday afternoon Herricks dumped the Comets 2-1. Hicksville dropped into a tie for third. That takes the luster out of next Tuesday and Wednesday meetings with league runner and Nassau County champion, MacArthur.

Former Hicksville High quarterback and All American Lacrosse player, Dennis Yattras will lead the Naval Academy against West Point in attempt to block the national championship for the Black Knights. . . . James Ginnacola was in that mad scramble for Harvard as it upended Princeton's Lacrosse team 13-12, Saturday. He was a former Orange and Black grid ace. . . . Bill Donovan scored a goal for John Hopkins of Maryland as the southern power won Saturday. . . . Hicksville's Terry Wallace is leading the scoring rampage for Nassau Community College. He got nine at Corning in the weekend outing. . . . Herricks numbed Hicksville 3-1, Wednesday, to knock the Comets out of 1969 baseball playoff consideration. . . .

Recently we asked customers in this area how many major electrical appliances they added to their homes in 1968, and how many they planned to add this year. We wanted the data to aid us in planning for the future electrical needs of these customers.

The response to the survey was far better than we anticipated. Almost half the customers queried sent us the requested appliance information. As a token of our appreciation for this valuable information which will benefit all of our customers we conducted a prize drawing for the participants in the survey. Here are the major winners* of that drawing:

Irwin Cooper, Wantagh
Robert M. Lichten, Port Washington
Samuel Schreiber, East Meadow
Al Baker, Island Park
Luca Brandine, Elmont

To all of our customers who participated we'd like to say THANKS.

SCENES AT B.C.A. ELECTION DANCE

Ten Pin Talk

Henry Dockswell

The Leo Geyers not only clung to the league lead, they picked up an additional 1½ points to length their margin to 3½ points. But the next 3 teams really got shook up.

The Geyers lost the first game when Cap't. Sy Bruckner rolled a 219 to clinch for his men but that was sort of an early last gasp as Leo and his men took the next two for an 8-3 victory for the Geyers.

The team that took the biggest step toward success were the Sam Springers. For the last 10 weeks they have been stuck in 5th place as though they had paid up the mortgage for that spot. Except for once when they fell to 7th and once when they reached 4th they have been 5th place for 8 of those 10 weeks. But this week they sold the house. There were no individual heroics but Sam and his men made their first big move. They shut out the Norm Neys and vaulted over the next three teams right into 2nd place.

Irv Simes' "Spilers" rose a notch to 3rd place when their new

found strength, Buddy Flanders, cracked a 201 (his 8th in 7 weeks) to lead them to an 8-3 win over Milt Hoffman's "7-11's". The only game the "7-11's" won was the first when Elliot Spencer showed them how with a 210. The loss dropped the "7-11's" to 5th.

The mightiest game of the night was thrown by Bill Sussman. And his teammates, Herb Brody's "Black Panthers", were sure glad he showed up. He boomed a 247, in the first game, to win it for them but that was it. In the next two, Irv Hershowitz twinkled a 201 and Cap't. Sid Holtzman rapped a powerful 238 to come out on top 8-3. The "Panthers" fell to 6th and the Holtzmans rose to 4th. "Twinkle Toes" Herskowitz bowled up another storm as he took over Hi Series in Class B with a pretty 574.

My teammate, Sam Briendel, came to life Monday night with a bang. Sam's car was stolen two weeks ago and we guess he just had to take it out on something. He did. Sam slammed a 240 in the third game and wrapped up a shut out for Sid Sachs' "Chargers". It's been so long since Sam has had a really big one that he took the sheet home to make sure that it was still so the next morning.

Three other teams scored shutouts: Bill Kellerman's "Gurus", led by Art Meadow's 200, whitewashed Murray Gittelman's "Guzzlers"; Art Rosenthal's "AWOL" Klunked Hy Shapiro's "Hy Hopes", despite a 200 by Capt. Hy; and the Murray Kowlowitz left the dark, dank confines of last place to Julie Gershen's "Hatchmen" as they shut them out.

Burt Benjamin with a 223 and Nat Warren with a 201 closed out the individual scoring.

Our Youngest? Bowling Champ

We have a couple of proud parents living on our block. Rita and Murray Sussman, of 43 Forsythia Lane, who throw a pretty mean bowling ball themselves, have a budding champion in their daughter Gerrilyn.

Gerrilyn, who is only 13, has just won the Nassau County Junior Bowling Championship. She made the semi-finals at Pine Hollow when she rolled a 534 for a three game series but she was just warming up. Then came the finals at Green Acres and she threw a 6 game series of 1017 to trounce the entire field. Included was a 202 and a 209.

Decoration Day week-end Gerrilyn goes to Albany to compete for the New York State Championship. Go get 'em, Gerrilyn.

Applications Due By May 15 For Textbooks

Under the State Textbook Law, School Districts are required to purchase and loan textbooks to all resident students who attend grades 7-12 anywhere in New York State.

Applications for textbooks for non-public school students (grades 7-12) should be filed by May 15 in the Jericho Public Schools Business Office, Cedar Swamp Road, Jericho. While applications may be accepted after the May 15 due date, it may not be possible to obtain books for school opening in September for such late requests.

Requests for textbooks must be made on Jericho School District's application form. Requests for such forms should first be made at the office of the principal of the school where the child is enrolled, whether or not the school is within or outside the School District. Application forms will be distributed to each of the non-public schools which resident children will be attending next year to the extent such information is known.

Under the State Textbook Law the School District receives State Aid reimbursement for expenditures for textbooks for the 1969-70 school year up to a maximum reimbursement computed by multiplying the number of resident pupils in grades 7-12 times \$10.

Specific information related to the return of books loaned to students during the current year will be furnished to each student during the early part of May.

BCA Election Nite Dance Big Success

"It was great!" - That was the general consensus of the majority of the people who attended the Election-Installation Night Dance of the Birchwood Civic Association which was held at the Jericho Jewish Center last Saturday night. The affair was truly an artistic success and, undoubtedly, the best held to date as 230 satisfied participants will attest.

Year after year, this annual get-together gets better and better. It was just as the advance publicity said it would be; everything was tops - the setting, the food, the service, the music. The Entertainment Committee of the B.C.A. Bernice Baiman, Dot Peltzolt and Irv Herskowitz, deserves everyone's wholehearted thanks and appreciation for a job well done and for making the night truly memorable.

ADDENDUM: During the week, staff photographer Sam Margolies broke his camera and when Sid Simon learned of this, he graciously offered his new Polaroid for official pictures for The Villager. Whereupon, Larry Schwartz wound up snapping the photos...Some couples - such as the Sid Langs, the Ben Resnikoffs and the Saul Schwartzbachs - made it a well-rounded evening of entertainment by taking in the early performance of the Don Rickles Show at the Westbury Music Fair and then arriving in plenty of time for the dance...

A group of the newer resident

members sat together at a few of the tables and as the evening wore on became very enthusiastic about the Civic Association, inspired mainly by the wonderful time they were having. A spokesman for the group said that all are now eager to participate more fully in community affairs (Don Becker, new B.C.A. President, please take note)...Four outgoing members of the Board of Directors were presented with plaques for their past service: Irv Galt, Fred Green, Horace Bernstein and Sid Simon...In accordance with the usual custom, couples brought their own favorite alcoholic beverages. The popping of a champagne cork was clearly heard at one of the tables to the right of the bandstand and Herb Gruber was seen wandering about the premises with a large bottle of "Geritol" clutched under his arm (was it really your company's product, Herb, or was it booze?). Marly Sloane, the orchestra leader, made sure that each prospective customer received his card. We do not know how many cards he handed out, but his music made for a lively evening...The newly installed members of the B.C.A. Board will attend their first official board meeting on Tuesday night, May 20th...For those who could not attend the dance this past Saturday night, you missed a wonderful time so please make a note to be there next year.

HIGH STYLE

by Arturo's

Experts agree that one sloppily-applied cosmetic can ruin a pretty face. Watch out for smeared lipstick, caked foundation, and harsh eyebrows.

Winter winds are hard on hands as well as cheeks, so cream your fingers when you clean your face.

Fashion news: black is back. With it, brighter lipstick, luminous eyeshadow, and rosy cheeks.

Why is it that one woman can apply 15 different cosmetics and look "natural" while another who uses only lipstick and powder looks "made up"?

Ramblin' Rose

by Rosemary Walsh

Well I can report on my second Little League opening, this one for the Hicksville Baseball Association. It was just as lovely a day, the same kind of wonderful dedicated people, the same bright eyed, rarin' to play youngsters, not to mention the same "gang", Mike Petito, local clergy et al.

In case you are not aware the district has prepared a set of slides depicting the various phases of your children's school life. They are scheduled for display at various locations around town, the dates and places as of now are as follows:

Long Island National Bank at Mid Island Plaza-May 7, 8, 9.

Minute Man Cleaners, Jerusalem Avenue- May

10, 12, 13.

Burns Avenue School - May 14

Center Shops Branch of Long Island Nat'l Bank - May 15, 16.

Care Shop at the Plaza - May 21 to 28.

I'm sure if any of you local merchants are interested we might arrange a visit in your emporium.

As mentioned last week, this Friday I have two events to cover. It promises to increase my split personality. Our Folk Singers are presenting a concert at the Junior High Auditorium - and the Lacrosse Team plays its night game on the Hofstra Astro-Turf. Sometimes I need to be twins.

Last week a group of us helped support the P.T.A. Council by attending the Don Rickles Show at

Westbury Music Fair. He is a very funny man but you are required to have thick skin. Such P.T.A. functions are so good and they should get more enthusiastic support.

"The East Street News" crossed the desk the other day. It reflected the many other good things that P.T.A. does. It also reports (from Mr. John McGovern - - - - - their ubiquitous principal-that means you see him everywhere. . . football, baseball, theatre, parties, you name it. . . most especially supporting the youngsters of his school) about the wrestling program done by our varsity coach and elementary teacher, Mr. Steven Tomaini (son of Amadeo Tomaini, Old Country Road School

OLD WESTBURY GARDENS

(continued from page 2)

Festival will be held on the following Saturday, May 24th.

One of the most fascinating new additions to Old Westbury Gardens is the new grouping of "Answer Gardens", designed, built and planted by the joint partnership of Old Westbury Gardens and House and Garden Magazine. Called "Answer Gardens", they are, in inspiration as in fact, living answers to the garden and landscape problems raised by house lots of even the smallest size. Designed for specific problems and areas, they are "The Green Garden", "The Secluded Gar-

den", "The Sunny Garden", "The Shade Garden". A replica of "The Green Garden" was one of the highlights at the recent International Flower Show in New York.

Old Westbury Gardens, a non-profit organization, is the former country estate of the late Mr. and Mrs. John S. Phipps. Designed for Mr. and Mrs. Phipps in 1906 by London architect George Crawley, the house and gardens represent the gracious living enjoyed during the early twentieth century. The house is furnished just as it was when the Phipps family occupied it. It is distinguished by its English furniture and objects d'art of the 18th and earlier centuries.

Litter In Hicksville

By Jeffrey Kurner

Have you ever noticed the appearance of some of the fences along our main roads after a good wind? They are usually full of all sorts of litter. A few moments of your time and very little effort could help get rid of this unsightly mess. The next time you're riding

Physical Educator). Steve has demonstrated a high degree of dedication in giving his skill, time, and money (for prizes) to that little program. Congratulations to all of you. See, I keep telling you there are such good people in our town.

On this note I shall ramble along. Love ya.

along in your car and you have to throw something away, put it in your car's litter bag, which could be a small garbage bag placed under the front seat. This bag, when full, could then be thrown away when you reached your destination.

And, also, when you were walking along Broadway in the village, did you ever see those refuse receptacles? Well, they were put there for a purpose. The next time you're walking in town and you have some paper in your hand that you want to get rid of, hold it for a few more steps and put it in the refuse receptacle, where it belongs, not in the gutter.

Now if everybody followed these two simple rules, don't you think that our town of Hicksville would be cleaner place to live?

Hicksville School News

Raymond L. Rusch, Principal of Hicksville High School, is happy to announce that a sophomore student Conrad Kreyling has received a summer study grant at San Diego State College, California. The grant, sponsored by the National Science Foundation, is to study advanced chemistry under the Student Science Training Program. Conrad is one of forty eight chosen participants from over 350 youngsters applying. This six-weeks course allows Conrad to work alongside college professors.

Paul V. Schreiber, a Senior at Hicksville High School, has participated in an Advanced

Vocational Training Program. This program is sponsored by the Oldsmobile Division of the General Motors Corporation. Paul was 1 in 8 students from Nassau County attending the six-weeks course. As a result of the program, he is now enrolled in a work-study program at a local Oldsmobile dealer.

Harry Frederic Lebowitz, a junior at Hicksville High School has been chosen to participate in the 1969 Summer Research Program at the Waldemar Medical Research Foundation. Harry was 1 of 40 students chosen from among more than 400 applicants.

Grandparents Day

The Burns Avenue School recently held its second annual "Grandparents Day." Seventy-five grandmothers and grandfathers were treated to breakfast, followed by a musical presentation, a tour of the building, individual classroom visits, and finally were awarded certificates in various categories. Everyone seemed proud, interested and eager to be taking this part in the activities of their

grandchildren. Following are the names of the certificate winners and the categories in which they won: Oldest Grandparent - Mr. Lesman (85). Youngest grandparent - Mrs. Spinella. Most Grandchildren - Mrs. Kunz (26). Youngest Grandchild - Mrs. Bedell (3 weeks old). Most distance travelled to Hicksville - Mr. and Mrs. Hurwitz (Florida). and Most Grandchildren at Burns Ave. - Mrs. McNeil (8).

Dear Friends:

SOCIAL NOTE: I attended little Lauren Sheila Scott's christening celebration last Sunday and met many of Hicksville and Jericho's leading citizens. Needless to say, "a pleasant time was had by all", especially young Lauren, who slept peacefully through the ceremony. Lauren's grandfather is my husband the late Fred Noeth, editor, publisher and founder of THE HERALD.

ANOTHER SOCIAL NOTE: best wishes for many, many more happy years to come to Mr. and Mrs. Frank Mallett who celebrate their 40th wedding anniversary on May 12. Your unusual and beautiful classified advertisement brought tears to my eyes... and I thought, "...it couldn't happen to two more deserving people."

BY THE WAY, if some of you are wondering why your news releases only our opinions of residents who are running for our school board are not printed... we are planning to use them, along with others, in a feature story next week, a little closer to the vote.

HERE AND THERE: congratulations to TOB Councilman (and Hicksville resident) Carl Grunewald, who has recently been elected a Board Trustee on the Association of New York State Highway Safety Boards.

IN PLAINVIEW: TOB Majority Leader Edmund Ocker tells us that the contract for concrete curb repair work set for town roads in Plainview has been given to Favuzzi Construction, Inc., the low bidder.

Until next week, do your very best,
SHEILA NOETH
