## Herald Report of School Board Dist. 17 Hicksville

By Shirley Smith

At Tuesday night's Educational Meeting of the Hicksville School Board, the public was afforded the opportunity of seeing a film on Project PLAN and the slide-tape presentation, "Your School Tax Dollar."

The Project PLAN film explained the educational program involved in this system -- a program for learning in accordance with needs. The objective of Project PLAN is to find and meet the needs of each student; it is geared to meet the individual's talent and style of learning. With the aid of a computer, specific objectives are set up for each student in the four basic disciplines (social sciences, math, science, language arts.) The student must learn, primarily through individual research, the objectives in each TLU (teaching - learning unit.) After completion of the TLU, the student is tested and if the objectives have been satisfactorily learned, he moves on to the next unit. In our district, there are 200-250 students participating in this experimental program. There are two classes in each of the following grades: first, second, fifth and sixth, at Woodland Avenue School. There are also classes in the eighth,

ninth and tenth grades. It is hoped that there will be Project PLAN classes in grades 1 through 12 by 1970-71.

"Your School Tax Dollar" shows some of the functions of our School Board, school administration, teaching staff, custodial and maintenance staff, cafeteria, and vocational and educational programs. The slides and tape narration were prepared by Mr. Gardiner Gregory, Director of Curriculum Materials for the district. This presentation will be shown, continuously, in various businesses and shopping centers throughout Hicksville during the next few weeks before the budget vote. The slides are also available for any organizations or taxpayers who would be interested in showing them. Contact Mr. Gregory's office, WE 5-9000, ext. 428. We recommend this program to you and congratulate Mr. Gregory and those who helped him on a job well done.

In other Board meeting business, Mr. Harry Kerashen requested that administration send out correspondence to the community informing them of the narcotics education programs in which our district is engaged.

## Chamber Installation

The annual installation dinner-dance of the Hicksville Chamber of Commerce, at the Woodbury Country Club, turned out to be a gala affair.

Officiating at the installing ceremony for the new officers and directors was the Hon. Justice Bernard Meyer. The clergy was represented by the Rev. Albert R. Miller, United Methodist Church, Hix, and Cantor David Gaber, Temple Or-Elohim, Jericho. Other guests were Congressman Lester L. Wolff, Assemblyman Martin Ginsberg, John Burke, Solomon Newborn, Anthony Galluccio.

The guest speaker, Hon. Martin Ginsberg, directed his remarks to the importance of a chamber of commerce, its value and influence not only to the local area but to all branches of Gov't including federal. Membership in a chamber should be considered a rewarding service by the citizenry of its community.

The assemblage was treated to a fine rendition of the Star Spangled Banner by Mrs. Rita Newborn and to a pair of superbly sung ballads by Cantor Gaber. Music was supplied through the evening by Paul Drake.

## Rifle Club Awards Medals

The Holy Trinity Rifle Club of Hicksville held its 1st Annual Father & Son Day last Saturday with competition from father & son and individuals. The Gold Medal was awarded to Dennis W. Heuer; Silver Medal to John J. Knipper and Bronze Medal to Dan Healy.

In the Father & Son competitions First Place went to John F. and J.J. Knipper of Hicksville. John Sr. and Jr. are members of the Knights of Columbus, Joseph Barry Council with John Jr. Chief Squire of the St. Ignatius Circle winning high honors last year including the Good Neighbor award presented by Pat Foley, Chairman. Second place to William and Dennis Heuer and third spot to Mike Sr. & Mike Jr. Dantonio.

Students individual competition of the day First Place to Dennis W. Heuer second to Carl Matzelle and third to William Doughty.

The Board directed administration to have this out no later than May 19.

The following changes in policy were adopted: Fees charged to make copies of public records were increased. These copies can be obtained from the District Clerk. Tuition for out-of-district students will automatically be increased in accordance with the State's capitation of maximum allowable tuition. Summer transportation will now be provided for handicapped children to organized recreation programs, as approved by the Board of Education, within a 22-mile radius.

In accordance with this last policy change, the Board voted to add \$10,000 to the 1969-70 budget, for transportation of Hicksville handicapped children to summer recreation programs sponsored by the Town of Oyster Bay and the Association for the Help of Retarded Children.

## Hicksville P.O. Plans Dedication

Dedication plans for the new Hicksville Post Office have been announced by Postmaster Ralph G. Cascardo. A dedication committee under the chairmanship of John B. Rettalata will be in charge of the ceremony which will take place on Sunday June 29, at 2:30 p.m. Open house will precede the dedication ceremonies from 11:00 a.m. to 2:00 p.m. Residents of Hicksville, Plainview and Old Bethpage are invited to attend the outdoor ceremony at the new Post Office which is located at 185 West John Street.

The Hicksville Post Office ranks 69th in size among over

32,000 U.S. Post Offices and is the central unit serving over one and one half million residents and seventy four other Long Island Post Offices.

The cost of this new facility is \$4,500,000 and the volume of mail handled daily will exceed 1,750,000 pieces.

Besides high ranking Post Office Officials the dedication committee has invited U.S. Senator Charles Goodell, U.S. Congressman Lester Wolff, Nassau County Executive Eugene Nickerson, Oyster Bay Town Supervisor Michael Petteo, singing star Mimi Benzell and emcee Ray Heatherton.

## Legion Awards

Americanism Cochairman Richard Evers has announced the Charles Wagner Post No. 421 American Legion will again award American Legion medals in June to pupils in Hicksville parochial and almost all public schools.

Instituted in 1959, the medal is given for excellence in American History and good school citizenship to a pupil in either a moving up class or graduating class. The decision of the award is made by the school authorities of each school.

## Tobay Bands Asked to Battle

The Town of Oyster Bay Department of Recreation and Community Activities is now accepting applications for competition in the Fourth Annual Townwide Battle of the Bands Contest, according to a statement released today by Town Board Majority Leader Edmund A. Ocker.

"To be eligible all members of a group must be Tobay residents under the age of 19," Ocker said. He added that in order to participate a combo can consist of no more than eight members.

Semi-finals will be conducted on a sectional basis at each of the Town's four community parks. Three winners from each of the sectionals will continue to represent their area in the finals where three bands will be selected to represent the Town of Oyster Bay in the Nassau County finals.

All the action will commence at 8 P.M. on the dates posted in the various parks. For further program information and for applications, contact Mrs. Lois Manning at 7800 Jericho Turnpike, Woodbury, or call her at 921-5944.

The following is the schedule for competition: Syosset-Woodbury Community Park, Semi-Finals Monday, June 23; Bethpage Community Park, Semi-Finals Tuesday, June 24; Marjorie R. Post Community Park, Semi-Finals Wednesday, June 25; Plainview-Old Bethpage Comm. Park, Semi-Finals Thursday, June 26; and Bethpage Community Park Town Finals Monday, June 30.

# Round-Up of Local News

The Gregory Museum recently exhibited 73 of its mineral specimens at the Ninth Biennial Science & Gem Show at Lancaster, Pennsylvania. Included

in this exhibit were 23 specimens from its famous collection of zeolite minerals.

## The Gregory Museum

By R. Walsh

The Gregory Museum, currently situated at 207 Cottage Boulevard in Hicksville, is negotiating to establish permanent quarters at the former court house on Heitz Place. The museum is a favorite visiting place for many groups in the Mid-Island area, especially Hicksville. Included in the collection, visitors find a wide variety of displays. It was founded informally in 1961 by Mr. and Mrs. Gardiner Gregory. Requests from Hicksville teachers were so numerous that the Gregorays expanded the museum and opened it to the public in the spring of 1963.

The initial public opening attracted an immediate and large attendance. More than 3,000 people viewed the collection last year bringing the total of visitors to over 13,000. Among the groups we find: school children, scouts, church organizations, handicapped children, science clubs, cultural societies,

educators, mineral collectors, scientists, and families. Each youngster receives free rock specimens. Over 40,000 such specimens have been distributed. The viewer at the museum will find a great number of diverse displays that capture his attention. The displays consist of the following: over 6,000 mineral specimens collected throughout the world, eight black-light cabinets that dramatize the fluorescent qualities of some of the minerals, more than 8,000 micromount specimens, 5,000 butterflies and moths, Indian artifacts, sea shells, polished stones, and jewelry made in the museum's lapidary shop. This lapidary shop supervised by the Gregorays provides an opportunity for instruction in the art of making jewelry.

The rapidly expanding collection and demands for visitation challenge the adequacy of the current location. Future plans aim at an increase of visiting hours and the establish-

ment of a center for the Study of Earth Sciences. The old court house seems to be an ideal location for this expanding and interesting museum. It is hoped that negotiations will be successful.

Mr. and Mrs. Gardiner Gregory and their board of trustees which includes Joseph Catalano, Gilbert George, Andrew Ippalito, George Jackson, and Cortland Wood, have organized committees. The membership of these committees has become known as the "Friends of the Gregory Museum", headed by Mr. Alfred Carpentier, Mr. Arthur Goldberg, and Mr. David Feldman. Other "Friends" include William Koutensky, Leonard Hall, Sheila Noth, Martin Ginsberg, Thomas Casey, Peter Fallon, Carl Grunewald, Joseph Madden, Raymond Beers, Richard Evers and Rosemary Walsh.

Individuals and organizations interested in assisting should contact any of these people. Meet particularly, if you haven't already, made an appointment to visit the museum.

## Bishop's Appeal GOP Convention

Twelve hundred guests will gather at the Huntington Town House next Saturday evening, May 17, to honor The Most Reverend Walter P. Kellenberg, D.D., Bishop of the Diocese of Rockville Centre, and to conclude Catholic Charities' annual major fund raising drive for special gifts.

For the past four months 375 volunteer committeemen, headed by general chairman Ernest M. Vandeweghe of Occanside, have been eliciting reservations and journal gifts from Long Island residents and industry to help raise the Agency's 2½ million dollar budget.

The Young Republican Clubs Association of New York State will hold their annual convention May 23, 24 and 25 at the Waldemere Resort Hotel, Livingston Manor, in the Catskills. Over 600 Young Republicans will gather to elect officers and hold sessions with the state's top GOP leaders.

Governor Nelson A. Rockefeller, who the organization has urged to seek re-election, has been invited to speak at the affair. Among other state officials expected is Perry B. Duryea, Speaker of the Assembly.

The Association has a total membership of over 25,000 Republicans from across the state.

District Court Judge Harold Fertig announced today that he will enter the primary election for the Conservative Party nomination for the office of District Court Judge in the 4th District, Oyster Bay Town and Glen Cove. Judge Fertig, the Democratic candidate for a full six-year term on the bench, is serving an interim term to fill the vacancy left by the election to County Court of Judge Alexander Vitale.

## Dear Friends:

### Local Hero

On Sat. May 10 at 12:21 p.m. the Hicksville Fire Department received a call for emergency assistance at 5 Hunter Place, Hicksville. Ten year old Laurie O'Neil was playing in a tree in the backyard when she came in contact with a 7,000 volt electrical wire. Laurie was thrown from the tree unconscious. A neighbor, Mr. George Thomas of 6 Hunter Place was informed and ran to assist the child. Arriving on the scene, the Rescue Crew, led by Chief Davis, found that Mr. Thomas had revived the child by mouth to mouth resuscitation. Laurie was treated at the scene for burns of the feet, legs and hand and removed to Syosset Hospital, in the Fire Department ambulance. Laurie, of 16 Liszt St., was reported in good condition. Chief Davis commended Mr. Thomas for his quick action in saving Laurie's life. We say Amen to that and trust that young Laurie is well on the road to recovery now.

### Our School Budget

Hicksville, along with all the other school districts in Nassau and Suffolk Counties, is caught in the inflationary spiral of the rising cost of living and rising taxes. There are no easy answers to this problem. But we feel that the least we should do is to place the quality of our children's education high on the list of items that really cannot be cut... or not until many more less essential matters... are reduced first. Fighting the school budget is not a new pastime... it has been going on for many years... and successfully to some degree as you may see without any difficulty when you view some of the results in our colleges and universities today. I don't say, spend without thought... but you and I both know that the administrators and the board of education cut the budget as far as they feel they dare without impairing the quality of our children's education, before they present it to us at all. There is so much more we could say but we know that if you value the quality of our children's education you'll vote "yes" and if you put other matters first, in these times of high taxes you'll vote "no"... and all this with many words rationalizing your actions. Why don't we get our legislators to introduce and pass laws that spread the costs of quality education onto a broader base than that of real property. Essentially, this is the problem. We really should work together to solve both these problems constructively. I'm ready. Are you?

## Herald Editorial

These pictures certainly show the extent of the vandalism to which HICKSVILLE'S HISTORIC COURTHOUSE is presently being subjected.

It is our understanding that the Gregory Museum is in a position to use this historic building, to raise funds that will cover the costs of restoring the

exterior of our Courthouse so that it will look as it did years ago... and plans for the interior which call for use for the museum's displays and classrooms. The historical value of the building, however, would not be disturbed.

Gentlemen, please: Save our courthouse!

## At Wedgewood

With all the Welsh charm and talent which made a matinee idol and an Academy Award Winner, Ray Milland heads the star cast of the musical "Take Me Along" at the Wedgewood Dinner Theatre in Glen Cove. The show begins Wednesday, May 21 and continues through Sunday, June 29.

Mr. Milland's in person appearance on Long Island promises to be a theatre treat. With the exception of his role as Professor Higgins in "My Fair Lady", Ray Milland has confined his acting to movies. He did appear on the Broadway stage prior to his movie career.

This handsome leading man, whose acting won him acclaim in the now classic film "Lost Weekend", will be appearing nightly from Wednesdays through Sundays at the Wedgewood Dinner Theatre. Reservations may be made by phoning 516 OR 6-1100. Dinner, the show and dancing after are all included in the price of your dinner. Weekday prices are from \$7.95, with early reservations getting the best seating.

## Obituaries

Steve Alchimenok of Hicksville died on May 7th. He is survived by his wife, Adele; sons, William and Eugene Alchimenok. He is also survived by five grandsons.

## Sam's Jam Scores at Jericho High

Twenty five talented teens scored a smash hit with their musical offerings at the Little Theater in Jericho High School last Friday. "Sam's Jam," sponsored by the Student Action Movement, raised over \$300 to be presented to the Nassau Society for Crippled Children and Adults.

The funds will be used to send severely disabled children on Long Island to the Easter Seal Summer Day Camp located at Human Resources Center in Albertson. Nearly 100

youngsters, who would ordinarily be homebound, are expected to attend the camp this summer where they will have an opportunity to participate in an exciting, creative program of adapted sports with their peers.

Through the "Torch of Hope" Youth Program, Junior and Senior High School students throughout Nassau County have raised thousands of dollars to help offer their disabled neighbors a brighter and happier future.

# Ramblin' Rose

by Rosemary Walsh

Well, we made it last Friday night—without turning into twins—the Lacrosse game and the Recreation Folk Concert. The game was excellent, the balanced score of 12-2 (our favor) does not tell the story of the spirited play on the Astro-Turf. Syosset showed a hearty spirit but was no match for the determined, skilled, and well-coached Comets.

Now we must rush to the Folk Concert—but first J. David Abt had his High School dance band out there at Hofstra for the half time show, how can any of we

over "30's" leave at this point when the selections are so reminiscent of Woody Herman, Glenn Miller, the Dorsey Brothers and the current Doc Severenson. Ed Fuchs, the featured trumpet soloist, was so great it caused me to inquire from the Maestro more about him. Of course, it figures, once again Hicksville's mighty and varied talented scorers. This young man has been selected, by audition only, from young musicians across the United States to play on May 13th at Carnegie Hall at the American Youth Performance Concert under the direction of Carmen Dragon, once conductor of the Hollywood Bowl Symphony Orchestra. This program is sponsored throughout the country by American Airlines I'm sure we shall hear more of this young man as time passes. This High School group can be heard soon, at a date to be announced, at the Willet Avenue School. (Oh my when I think that without support for our budget these young people will miss such opportunities, I could cry.) The Hicksville Schools' Music Department has good reason to be proud of its many accomplishments. (More on this later.)

On to the Junior High Auditorium—our gang was still going with the Folk concert. They started at 8 P.M. and were still at it after 11 P.M. In spite of the endurance the performance was good.

All this music talk calls for an announcement about Spring Concerts presented by the Hicksville Music Department all held at 8 P.M. as follows:

- May 16 Burns Avenue
- June 4 Dutch Lane
- May 9 East Street
- May 16 Fork Lane
- May 8 Lee Avenue
- June 5 Lee Avenue
- May 8 Old Country Road
- May 12 Willet Avenue
- Woodland Avenue

- Junior High May 19
- Junior High May 20
- Junior High May 21
- Junior High May 22
- Junior High May 23
- Senior High June 6

Mr. Charles Gouse, Mr. William Colee and their excellent colleagues attest that "Music is the Universal Language" (I stole that from their poster). Such skilled artists and such cordial people have been a source of pride and pleasure during more than my last decade of service with the school district. They have always striven for quality and in spite of an occasional artistic pique maintained the marvelous quality of the good life—meaning quality, gentility, and good music.

There are many like the aforementioned (in prior columns) doing their bit (okay kids "thing") I hope that I have told part of the story in my Ramblings. I shall continue to tell it to you—it really represents the fiber of our humanity—I hope that you will continue to support it! This brings to mind thoughts of our immediate future—specifically this summer. The old Summer Recreation Program should be back in full force with a lot of added attractions. Playgrounds, trips, teen dances, summer theatre, and special leisure sports instruction are in the plans. Added to this are some other specials like movie-making, ice skating (you heard it), swimming instruction, garden farming (led by our green thumb senior citizens) and a couple of other new wrinkles still on the drawing board.

The success of our fall and winter ski trips (nearly spring) has demonstrated the need for similar activities across the calendar year. Well folks take it from there—I shall ramble off! Remember I loves ya', specially my gang—from tots to teens and on up—

Howard J. Finnegan

Bill Sanderson, who recently received his appointment to the Naval Academy, set a new record for the 880-yard dash for Hicksville High, Tuesday.

In a meet against Plainedge, Sanderson eclipsed the old mark of Ron Gutaski of 2:01.2 by one tenth of a second. The record had stood since 1965.

Coach Ken Kingsley is sincere in praise of Bill. The mentor has handled many hundreds of boys at Hicksville and rates him as one of the very best student-gentleman-athletes he has ever had.

Bill won't be back in 1970 but Kingsley with only three seniors on a track team of 55 feels the Orange and Black will have an outstanding campaign next year.

Clarke High smashed Hicksville's year of glory on the Lacrosse field with a shocking 7-5 upset, Tuesday.

All hope of a division championship is gone and now the Orange must shake the effects of the loss and come back Friday against Farmingdale. A victory is vital for the Comets to remain in the playoffs. The game is at home, 4:00 p.m.

On Tuesday Hicksville closes the season with a contest at Herricks. The defending North Shore champions already own a 6-3 win over Hicksville.

Our selections:  
Hicksville 8 Farmingdale 7  
Hicksville 7 Herricks 6

Hicksville High outclassed Syosset, 12-2, on Hofstra College's Astro Turf. Despite a heavy all day rain more than 900 paying customers turned out on a damp night to watch the contest under the lights.

The attendance and all the reaction connected with the splendid event rewarded Coach Meyers confidence that Hicksville and Lacrosse could engineer a big show case. Principal Raymond Rusch should be pleased that he approved the contest and that his students came off so highly praised.

The Hicksville High orchestra and the cheerleaders all performed with excellence to lend a color to the proceedings.

For their part the Hicksville Athletes wasted little time in establishing their superiority. Steve Van Wickler and Pat Dowling each scored three goals. Charlie Arnone backed up with a pair and John Hannigan, Kirk Jurgelevitch and John McDermott each had one.

Ron Greguski had no trouble in the net for the Orange as he turned aside 10 shots on goal. His

counter part for Syosset had to repel 20 as Hicksville kept him under constant fire.

The process of learning has been a winning one for the Hicksville Junior Varsity baseball team. Coach Bob Hlsky's club had an 8 won, 4 lost and 2 tied record at last reading.

Randy Daub lead the hill crops with 31 innings of work. He sent 44 batters down swinging and had an earned run average of 1.74 per game.

The leading hitters were: Tony Di Lorenzo .350, Gary Deschent .518, Dennis McLaughlin .307, Bill Kropac .375, Wes Oldenburg .291 and Dabub in his own cause .307.

Frank Feeley has 25 innings on the mound with 27 strikeouts and an EAR of 2.13.

The JV Lacrosse team is back on top again after two games got away on indifferent play. The Orange defeated Syosset 5-0 and Clarke 11-3 to start a busy week.

It was a five pronged attack as Bill Pearce, Brian Schuaber, Dean Lewis, Clint Brown, and Charlie Induddi all scored.

The pace increased as Bob Rogers sent three goals home against Clarke. Louis belted in two along with Induddi. Pearce was good for one.

Coach Joe Umbria tried to stem the scoring but even his subs were fired up. Charlie Kyriacou, Tom Vanderlaskie and Rich Matsbenbacher each scored as Hicksville was constant in goal attack.

James E. Foley, State Deputy representing all councils in New York State honored the Joseph Barry Council No. 2520, Hicksville with a visit at their monthly meeting held at the Msgr. Bittermann Hall of the Council. Robert De Lorenzo, Grand Knight and his staff of officers greeted James Foley for an official tour of the Clubhouse and its facilities.

Officers present included: Joseph Kaprinski, Deputy Grand Knight; Larry Trubinski, Chancellor; Frank Klarman, Warden; Jack Mulholland, Advocate; Frank Dorsey, Treasurer; Ray Smith, Inside Guard; Ed Polise, Outside Guard; Martin Balistreri, District Deputy escorted State Deputy Foley with Past Grand Knights Arthur and Walter Schreiber. Mr. Schreiber is Financial Secretary of the Council. A buffet was served following the meeting.

CONGRESSIONAL MEDAL WINNER: Master of Ceremonies Jerry O'Connell, right, presents Congressional Medal of Honor winner Lt. Col. Charles Shea with a plaque from the Hicksville Knights of Columbus which recently honored

Shea's heroism at a Communion Breakfast. Looking on are Lou Carnesecca (next to Shea), the head coach of St. John's University's NCAA basketball team, and Nassau County Comptroller Angelo D. Roncallo.

A qualified voter need not register if he had voted at an annual or special school meeting within the past two years and just prior to this registration of May 24, 1969. If you have not voted at a school referendum at any time during 1968 and 1969, the Hicksville School Board urges you to register on May 24, 1969.

If you are not registered and do meet the qualifications for a voter, you will have an opportunity to register on Saturday, May 24, 1969 between 10 A.M. and 7 P.M. in the central administration building on Division Avenue, Hicksville.

## How Your School Tax Will Work For You During 1969-70

Dear Neighbor

The proposed school budget for 1969-70 is \$17,773,155. This represents an increase of \$670,665 or a tax increase of 56 cents per \$100 of assessed valuation. Neither the increased costs resulting from negotiations nor the decreased cost established by an increased total assessed valuation are reflected in this projected tax. Neither is known at this time.

The increase of \$670,665 is a net figure. The budget itself reveals an increase of \$949,829 for all salaries (+\$53,588) - other services (+\$155,329); tuition costs for handicapped students and vocational students attending the Board of Co-operative Educational Services. (B. O. C. E. S.) (+\$730,912) and interest for short term borrowing (\$10,000). The \$10,000 increase will actually earn income for the district during 1969-70. The B. O. C. E. S. increase is to a large part reimbursable to our district in additional state aid to be received during 1970-71. Most state aid is paid the year following the district's expenditure. It is evident that if the aid were paid to our district in the same year the taxpayer had to expend the money, we would have a decrease in our tax rate rather than an increase.

Although the budget has an increase of \$949,829 as explained, it also has a decrease of \$279,164 for equipment (-\$89,813); supplies (-\$26,012); library books (-\$1873); textbooks (-\$110,462); and retirement and fringe benefit costs (-\$51,004). The school year 1968-69 reflected substantial increases in equipment and books. We do not have the same financial needs this year for books. The equipment costs were reduced by allowing money only for replacement equipment. No new or additional equipment has been allowed for 1969-70. Our retirement and fringe benefit costs are reduced because we will need less teachers next year.

Thus the net budget increase of \$670,665 is capsulized in this critique:

<b>Net budget increase</b>	<b>+ \$670,665</b>																												

The increase of \$53,588 for salaries may initially appear small for a district with almost 900 employees when it is known that most staff members progress automatically on established salary schedules. However, it must be understood that we will function with ten (10) less professional staff members in 1969-70. Our elementary population will continue to decrease. We will have seven (7) less elementary teachers. The movement of all our vocational students to B. O. C. E. S. will reduce our senior high staff by three (3). The psychology department has been reduced by one (1) and we will add one (1) industrial arts teacher to the junior high. The net loss of staff is ten (10).

Despite these losses, over two hundred additional students (200) will take advantage of the enriched vocational offerings at B.O.C.E.S. At present we have 300 students in the program. Next year, of 3200 senior high students, 500 will be enrolled in the vocational program. These students spend one-half their day at B.O.C.E.S. for their technical training and the other half in our high school for academic courses. A little less than one hundred handicapped children will also receive their education at B.O.C.E.S.

Without an increase of staff the budget allows for a strengthening of our industrial arts program and the establishment of a new English program for weaker students at the senior high. In addition, it provides for a pick up at grade 7 for children who wish to study a language. Some of the children could not take a language at the elementary level and had to wait until grade 9 to start one. The offering of Italian at grade 7 enriches the students' educational opportunities.

At no cost to our district we intend offering a remedial summer program at the junior high next year for 6, 7, 8 grade students who have evidenced difficulty this year. The program will be run during the month of July. It will be supported by federal funds approved for this program.

The proposed budget reinstates summer recreation.

### HICKSVILLE BOARD OF EDUCATION

This year it will be aided by approximately \$15,000 from the Town of Oyster Bay.

The term "other services" is an "object" under each "function" of a school budget. The sum of all "other services" for 1969-70 has an increase of \$155,329. A large part of this increase (\$68,170) is found in buildings & grounds. It represents the replacement of six oil burners, the replacement of boiler tubes in seven schools, the waterproofing and painting of the outside of the junior high, the painting of East Street School, the replacement of some of the outside doors at the senior high, the replacement of drapes and shades, adding toilet facilities at the senior high.

The "other services" increases in other "functions" amount to \$87,159. Of this, \$14,702 is for increased transportation in function 500 (transportation); rental fees to B.O.C.E.S. (\$45,000) and rental of data processing machinery (\$15,940) - all in unallocated expenses - function 700. This same function shows an increase in insurance costs. The bulk of our increase for 1969-70 is in B.O.C.E.S. costs. Sixty to seventy percent of these costs are reimbursable to us in 1970-71. If we assume it is only 65 percent, then our real tax increase is not 56 cents - it really is 9 percent. This tax is 9 cents is just about our cost for the maintenance of our buildings as outlined under "other services" for boilers, etc. increased transportation and rental cost.

With this proposed budget the Board of Education believes that it has not only kept our fine educational program in a solid state, but that it has also fortified that program with new essential offerings that enhance the high value of the educational opportunities offered your children. We have succeeded in achieving these ends economically.

We urge you to examine the budget objectively and support your children. Invest in them by voting YES.

### School Budget

Shall the estimated expenditures for the Union Free School District No. 17, Town of Oyster Bay, in the gross amount of \$17,773,155, be approved for the school year 1969-70, and the levy of the necessary taxes to meet such expenditures be authorized?

## PROPOSITION No. 2

### Library Budget

Shall the estimated expenditures for the Hicksville Public Library for the fiscal year 1969-70 in the gross amount of \$345,171.56 be approved and the levy of the necessary taxes to meet such expenditures be authorized?

## PROPOSITION No. 3

### Four Room Construction for the Junior High

Shall the Board of Education spend \$114,500 to construct lunchroom facilities (two oversized rooms) and two academic classrooms. The State will pay 56 per cent. net cost to taxpayer is \$50,380.

## PROPOSITION No. 4

### Four Room Construction for the Senior High

Shall the Board of Education spend \$135,500 to construct two academic classrooms and proper guidance facilities. The State will pay 56 per cent. net cost to local taxpayer is \$59,620.

## PROPOSITION No. 1

In the proposed budget, each of the ten functions have been itemized and defined to show the reasons for increases or decreases. The Board of Education believes that it has not only kept our fine educational program in a solid state, but that it has also fortified that program with new essential offerings that enhance the high value of the educational opportunities offered your children. We have succeeded in achieving these ends economically.

Therefore we urge you to examine the budget objectively and to support the education of your children. You, the qualified voters, represent the only governing body that can approve or disapprove the expenditure of money for the items presented in these propositions. You will be voting on each proposition separately. Each proposition will stand or fall on a majority vote of qualified and registered voters.

## PROPOSITION No. 2

The Hicksville Public Library is submitting for your vote a net budget totaling \$333,071.56. The tax rate will be 33¢ per \$100.00 of assessed valuation, representing a modest increase over the present rate of 27¢. This increase would be used to supplement the book budget. The need, in this area especially, is critical if we are to maintain adequate service to the community. If the library is forced to operate on the present budget with no increase less than one-half the books necessary to maintain the collection can be purchased.

The shortage of material has been felt most keenly by the students that fill the library to capacity afternoons, evenings and Saturdays. During the years of intensive growth of the school system the public and school libraries have constantly cooperated in serving students with the materials needed, jointly providing information to teachers and avoiding needless duplication of materials and services. It must be emphasized that neither agency functions effectively alone. The rejection of the public library budget means we will be unable to meet thousands of student requests for help in completing class assignments.

## IMMEDIATE BUILDINGS

Since the early 1950's our school district has been committed to erecting permanent facilities for long-range need rather than temporary structures to meet the immediate needs of any specific school year.

Dr. Felix McCormick of Columbia University Field Services provided the projections for Hicksville in the period of rapid growth—1950, 1953, 1954, 1958. In 1963 he again brought his projections up to date. His projections for total student enrollment have been fairly reliable; however, the distribution of students K-6, 7-9 and 10-12 reveals deviations from those projections. For example, our elementary population has decreased more rapidly than predicted while the opposite is true for our junior and senior high schools. We have now approximately 380 fewer students in our elementary schools than had been predicted but we have almost 700 more students in our secondary schools than had been projected.

After 1956, our district built some permanent classrooms at the senior high to meet long-range needs. Temporaries at the junior high were constructed to meet specific immediate needs. The referendums that provided these classrooms did not include sufficient supportive service areas that were also needed, i.e., libraries, cafeterias, auditorium, large group areas, space for guidance, speech, psychology and other pupil personnel services.

The lack of these service areas has interfered with the organization and proper functioning of the secondary schools. For this reason, and in order to provide 4 academic classrooms, the Board of Education is submitting in direct referendum to you, the taxpayer, two separate propositions.

## PROPOSITION No. 3 Junior High School \$114,500

The Board seeks your authorization to spend \$114,500 to construct 4 rooms at the junior high. Two of these rooms will be oversized and attached to the eating area of the cafeteria.

At present there are four periods scheduled for lunch. The lunchroom facilities now only accommodate one-half of the children scheduled for lunch at one time. Therefore, each lunch period is cut in half. While about seven hundred students are scheduled for lunch each of the 4 periods—one-half of the children go to the gym for the first-half of that period while the other half are eating. The second half of the period the procedure is reversed. This allows a little over 20 minutes for a student to select and eat his lunch. We want the student to have a full period for lunch and we want to free our gym for physical education classes.

The other two rooms we are asking your permission to construct are classrooms needed for instruction and to make the project allowable for aid. The capacity of the junior high is approximately 2400. We have over 2800 students stationed there. At present the vocal groups are using the stage for classes. The two additional academic classrooms will free the auditorium and permit its use for large group instruction.

The State will pay 56 per cent of the \$114,500 in principal and or interest. Our present aid ratio is 56 per cent. Thus the net cost to the taxpayer for this project is \$50,380. If the buildings are purchased outright and paid for in one year, our tax rate would go up 5 cents per \$100 of assessed valuation for one year only. If bonds are sold for the project, our tax cost per year for 15 years would be at least 1 cent for each \$100 of assessed valuation.

## PROPOSITION No. 4 Senior High School

Proposition No. IV  
Senior High School - \$135,500

Our senior high has a capacity of 2400. Its present enrollment is over 3200. We are asking you, the people, to authorize two additional classrooms to help alleviate the overcrowded conditions. The rest of the proposition proposes the construction of the proper guidance facilities, to be used at times in conjunction with the new classrooms for group guidance.

These guidance facilities will free two additional classrooms for academic use and will return storage closets needed by the art and curriculum materials departments. These areas were confiscated to provide guidance space for the counselors to service 3200 students.

The guidance facilities we are seeking will enable us to centralize guidance, correct the present deficiencies, and improve and extend our capacity to meet the needs of all our senior high students.

At the present time, guidance offices in the senior high school are located in four separate areas of the building and are housed in converted classrooms, storage closets, and book rooms. The offices afford little privacy and only small space is provided for students, teachers, parents or other visitors waiting to see counselors. No room is available for group guidance activities or for display and proper use of occupational and educational informational material.

Decentralization, overcrowding, and lack of space and privacy create problems of their own which interfere with the effective and efficient operation of the guidance program. Duplicate reference materials are required in order that each office have a fair share. Existing career and educational information files, film strips, records, view books and other resource material cannot be used by students because of inadequate space in which to use them. Staff, students, and parents are reluctant to discuss sensitive matters with counselors because of lack of reasonable privacy. Separation of the counselors from each other and from sources of information, added to their awkward placement throughout the building, causes them to use an inordinate amount of time in communication and in routine matters-- time which might otherwise be spent with students. Work among the clerks in varied locations cannot be efficiently shared nor equitably balanced.

The proposed facility would bring together all the services in support of instruction and enable them to make a more concerted attack upon barriers to learning. With reasonably sized offices, assured privacy, and conference space for small groups of students or parents, counselors would be enabled to provide both individual and group guidance in accordance with need. Time save by information-giving activities directed toward groups rather than individuals, would result in more time available for counseling with students. Space provided for a central clerical pool would permit more effective use of clerical time and better supervision of activities.

The total cost of these facilities is \$135,500. Since they are allowable for state aid at 56 percent -- the net cost to our local taxpayer is \$59,620. If it is paid for in one year, it would add 5 cents to our rate -- for one year only. If 15 year bonds are sold, it will cost approximately 1 cent per year per \$100 assessed valuation for each of the 15 years.

Permanent concrete foundations installed.

Modules leave the factory as self-contained units.

Modules can be joined to each other at any point on any wall.

Modules are 10 or 12 feet wide, 32 to 60 feet long.

### IMMEDIATE BUILDINGS (CONTINUED)

The building we are seeking will have to be bid. However, the type of building we have in mind is a modular pre-constructed building. The modules (sections of the building) are delivered to the site with finished exteriors and interiors. The modules are 10 to 12 feet wide and 36 to 60 feet long. on site they are placed on concrete foundations and bolted together. We hope to have these building ready for occupancy for the beginning of school in September 1969.

**ELEMENTARY WRESTLING:** East Street School held its second annual wrestling tournament, Tuesday, April 22, 1969. Several hundred parents sat with admiration and awe as they watched their sons vie for the wrestling championships.

Over one hundred boys participated in this program from East Street's 4th, 5th, and 6th grades. Trophies were given to the first three place winners of each weight class making a total of 36 winners.

As an extra attraction, a most outstanding wrestler, Andrew Kabacinski, was presented with a trophy from last year's most outstanding wrestler, Eugene Potente.

Seen here are the first place winners: (first row seated) Paul Nadel, Tom Reilly, Andrew Kabacinski, (Middle row) Chris Hawkins, Ken Nocerino, Mat Brennan, (Top) Robert Stefanin, Lee Samowitz, Glenn De Marco, John Sarno.

SIX MEMBERS of the Hicksville schools English staff have been awarded U.S. government fellowships for summer study. From l. to r.: Phyllis Ebert will attend the University of Iowa for advanced courses in writing; Jack Kearns will study Elizabethan drama at the University of New Hampshire; Joseph Scalia's fellowship is to SUNY at Brockport where he will do intensive work in linguistics; Kenneth Graiser will attend Rutgers where he will begin his PH.D. in language and literature; Evelin Levine is off to California State College (Fullerton). Not pictured is Joseph McMahon, who will attend Simmons College for a six-weeks course in composition and linguistics.

It is highly unusual for a smallish school district such as Hicksville to be awarded six fellowship in one field. This national recognition reflects the growing stature of the Hicksville English department.

THE HICKSVILLE SCHOOLS are sponsoring a slide program being shown throughout the community. These 70 slides with a sound track depict the Hicksville schools in action and show residents how their budget dollar is spent. Seen here are visitors to the Hicksville library, where the slides have been on display recently.

## Apathy Defeats Jericho Budget Again

by Bemyce Shimberg

With less than 1800 out of approximately 8000 eligible voters in the Jericho School District exercising their rights, the School Budget was voted down 974 to 797. Hal-Curtis Felsner was re-elected to the School Board with 1106 votes to Seymour Licht's 493. Sam Springer was re-elected with 1412 votes to an uncontested seat on the School Board, and Mrs Ruth Lang was re-elected to an uncontested seat on the Library Board with 1364 votes.

This is the third consecutive year that the School Budget was defeated on a first vote. The defeat of the budget leaves three alternatives: it can be re-submitted to the voters unchanged; it can be altered and re-submitted; or an Austerity Budget can be adopted by the Board, which would eliminate text books, school supplies, lunches and sale of milk, interscholastic sports, after-school activities, the summer recreation program, and transportation for children living less than two miles from their school.

At a special meeting of the Board of Education held on May 12, the Board unanimously decided to re-submit the School Budget, unchanged, in the amount of \$7,004,318, since they did not feel that they could reduce it any further without seriously impairing the educational program of our children. The date for the re-vote has been set for May 28, 1969, between the hours of 2 P.M. and 10 P.M. in the Jericho High School Gymnasium.

Your Civic Association had two members on the Budget Review

Panel. Every item in the budget had been reviewed and discussed in detail, and they are firmly convinced that this budget is as low as it can be, without harming our children's education and providing a great deal of inconvenience to ourselves. This budget was endorsed by your Civic Association.

We urge you, for the sake of your children and yourselves, to make every effort to exercise your right to vote YES for the School Budget on Wednesday, May 28, 1969.

## FROM THE EDITOR:

### Voter Indifference

As you will read elsewhere on this page, the Jericho School Budget was defeated by 974 to 797 last week. This marked the third year in a row that the budget had been rejected on the first try. A second vote has been scheduled by the School Board, Wednesday, May 28th.

It is not our intention to make a case for either approving or disapproving the suggested budget. Instead, we are concerned with the fact that only a negligible amount of eligible voters took the time, and made the effort, to cast ballots. As there are over 8,000 qualified voters in our school district, the 1,771 votes cast represent, roughly, 22 percent of the eligible

voters. This means less than one out of every four potential voters exercised his or her prerogative to cast a ballot.

This is truly lamentable; in a day and age where people everywhere are protesting existing conditions and demanding to be heard, 78 percent of the school district is apparently content to lethargic, sit back and permit a small minority to determine the fate of the all-important school budget.

The 'I don't care' attitude displayed by the majority of our residents is ethically bad. It must be remembered that we have a moral obligation to do what we think is right for the youngsters in our community. We should

care, especially when it concerns education for our children and our neighbors' children.

This is a situation that must be corrected and it should be corrected when the Jericho School Budget is again presented to the district's electorate. Regardless of whether you intend to vote yes or no, we urge you get out and vote.

There are 41 states in this country that have eliminated the public vote on school budgets completely. Maybe, New York State will be one of those following this path in the future. Therefore, it behooves everyone to vote NOW while you still have the chance.

## Ten Pin Talk

Henry Dockswell

The league leading Leo Geysers stayed up there when they successfully beat off the challenge of Irv Simes' 3rd place "Spoilers". Cap't. Leo cracked his 18th good one, a 202, to clinch the first game but then Buddy Flanders threw a 224 for the "Spoilers", to even the count. That rubber game was all important and the Geysers rose to the occasion as they won it for a 7-4 victory. The "Spoilers" fell to 5th place 8 1/2 pts. off the pace.

The 2nd place Sam Springers, however, continued their winning ways and picked up a point on the leaders when they beat the Murray Kowlowitzs 8-3. Al Grusha was the Springer's big man. He started the night with a sparkling, 238, went on to a 612 series and put the Springers, now only 2 pts. behind, in perfect position for a strong stretch run.

Herb Brody's "Black Panthers" bounced right back into strong contention with a big shut-out win over Sid Sachs' "Chargers". Last week's loss to the Sid Holtzmans pushed the "Panthers" down into 6th place but this week with Cap't Herb throwing a 207 they came back up to 3rd only 5 1/2 points behind.

The 4th place Sid Holtzmans stayed put 2nd they also picked up a point on the league leading Geysers when they trimmed Art

Rosenthal's "AWOLS" 8-3. Cap't. Sid and his big gun, Bernie Kaplan, led the way. Bernie fired a 231 and Sid rapped a double, 203 and 200. The Holtzmans might have had a shut out if the opposing captain, Art Rosenthal, hadn't thrown a 213 in the second game to steal it away. The Holtzmans are 6 points out.

In 5th place and still not out of the running are Bill Kellerman's "Gurus". They started the evening in 7th place and when they took the first two games from their opponents, the Sid Simons, their hopes really started building. Then Mel Corwin came in with a big one, a 232, the "Gurus" had their shut out and now they were only 9 points away from 1st place.

The race for Most 200 Games is now tied up again, Milt Hoffman threw his 23rd this week, a 211, and once again he has caught Sid Sachs. Right behind them is Bill Kellerman with 21 and in 4th place is Leo Geyer with 18.

One other team scored a shut out. Hy Shapiro's "Hy Hopes" whitewashed the Sy Bruckners when Stan Brizel rolled a 202 and Hy flipped a 213.

The rest of the men that distinguished themselves were: Lou Truchil 208, Nat Warren 203 and Burt Benjamin 202.

### Evening Of Culture

On Tuesday, May 20, at 8:45 p.m. Sisterhood of Temple Or-Elohim, Jericho, will have an evening of culture. The film, "Louvre" (non-political) will be

Final Adult Films - May 19th and 26th

On Monday May 19th at 8:30, in the Jackson School, the Jericho Public Library will again feature an award winning foreign film, absolutely free of charge. As usual, The Friends of the Jericho Public Library will serve coffee and cake in the School lobby from 8 to 8:30 p.m. The short subject "Clown Princess of Hollywood" will be shown. This film is a compilation of excerpts from some of the great comedy films. Following this short subject, the Japanese award winning film "Yojimbo" will be shown. This film, made in 1962, is a takeoff on every Hollywood western made.

On the following Monday, May 26th, the last program in the current adult film series will be presented. On that evening the program will start at 8:30 with a short subject, made in 1966, entitled "I Know An Old Lady Who Swallowed A Fly." The feature film on that evening will be a film adaptation of Nikos Kazantzakis's Greek Passion. The title of the film is "He Must

Die" and it was made in 1958. Once again on that evening The Friends will serve coffee and cake in the lobby from 8 to 8:30. The film program will start promptly at 8:30 P.M. Reminder - There are no admission charges for these films.

#### Books for Sale

The Friends of the Jericho Public Library will hold its annual book sale on Sunday May 18th on the land adjacent to the Library on Merry Lane. If you have books and would like to contribute them for the benefit of this sale and future programs sponsored by The Friends, please deliver your books to the garages at 114 Bounty Lane or 9 Olsega Place both in Jericho. Children's books are especially in demand at this book sale so you are urged to be generous and thorough in searching them out in your house.

The next book talk sponsored by The Friends will be held on Monday May 26th in the Meeting Room of The Chase Manhattan Bank.

## Outgoing President's Report

Our recently concluded year, which ended with the Election Nite Dance, also marked the end of my term in office. These past two years as your president have been busy and satisfying ones in the administration of the BCA affairs. I am taking this opportunity to thank all of the Officers and Board Members for their support, efforts and time devoted to the Civic Association.

A special expression of thanks is deserved by the group who served as committee chairmen and on whose shoulders fell the bulk of the work. They are: Art Rosenthal Editor of The Villager  
 Mike Hauptman Membership Committee & Reliance Liaison  
 Bemyce Shimberg Jericho Education  
 Don Becker 2nd V.P. & Syosset Education  
 Harry Seaton Health, Welfare & Safety  
 Bernice Baiman Entertainment  
 Sam Saitz Town Planning

Irwin Baumeil Syosset Library  
 Lotte Stein Jericho Library  
 Dot Petzhold Miscellaneous - for all those necessary jobs for which no one else was available.

Due to the efforts of this Civic Association Board and its Officers, some measure of success has crowned our efforts in procuring traffic controls in various places, brought the news of our community to you via The Villager, kept abreast of doings in both the Jericho and Syosset School Boards, reviewed applications for down-zonings in our community and interviewed the applicants personally and reported these activities either in The Villager or by "flyers" mailed to our members.

In closing, I thank the membership of the BCA for its support and I extend my best wishes to the new administration for a fruitful and successful tenure in office.

If a woman has long hair, it is a glory to her. Does your look as glorious as it should?

Tinted glasses are now a year-round accessory - and that means experimenting with eye-shadow. Try mauve with pale pink glasses, or iridescent green behind blue lenses.

The permanent wave was invented in 1906 in London by Charles Nestle, hairdresser to royalty. Only 16 women tried it the first year! They paid \$1,000 and sat through 8 hours of torture.

It's faster, cheaper, and much more pleasant to get the finest permanent wave nowadays at

# Complete Hospital Care

For the first time, four hospitals, each serving a different medical need, are coordinated under one administration, in one private hospital center. Fully accredited, Brunswick serves nearly 600 patients in an aggregate of 20 buildings on forty beautifully landscaped acres.

**GENERAL HOSPITAL** for medicine, surgery, obstetrics and psychiatry. Mentally ill patients can be admitted to special pavilions under Blue Cross or other insurance plans.

**PSYCHIATRIC HOSPITAL** for the mentally and emotionally ill, for the alcoholic and drug addictive. An individual therapy program is designed for each patient by one of our fully-qualified resident psychiatrists.

**NURSING HOME** for the geriatric convalescent, cardiac and diabetic patient. In addition to 24-hour skilled nursing care, the services of a resident physician are available.

**NOW**... a new hospital of physical medicine and rehabilitation for extended illness.

**CHRONIC CARE HOSPITAL** staffed by specially trained physicians and rehabilitative nursing personnel; designed exclusively for the long-term, restorative treatment of the chronically-ill and physically disabled. Most Major Medical insurance plans will cover patients admitted to this hospital.

Facilities and Treatments include:  
1. Swimming pool and Hubbard tanks for hydrotherapy.  
2. Gymnasium for physiotherapy.  
3. Daily living activities program and crafts.  
4. Speech therapy program. 5. Inhalation therapy.
