Herald Report of School Board Dist. 17 Hicksville

By Shirley Smith

A public hearing on the 1969-70 proposed budget was held Tuesday night in the Hicksville High School Auditorium. Musical entertainment was provided by the Hicksville High School Dance Band, under the direction of Mr. David Abt. We congratulate these excellent musicians and their director on the program—the audience thoroughly enjoyed it. In addition to the music, a film of Project PLAN was shown and those attending the meeting had an opportunity to see the slides on

"Your School Tax Dollar." Cornelius McCormack, Board President, announced that a Driver Education program would be held this summer. All Hicksville students, 16 years of age, who will be seniors in 1969-70 and eligible for graduation next June or August will be eligible to register for this course. The program has been added so that private and parochial school students, as well as Hicksville High students, will have an opportunity to take Driver Education. No extra money was added to the proposed budget to cover the cost of this program—the necessary funds will come from the 1969-70 budget.

The meeting was then opened

to the taxpayers' comments, pro or con, on the proposed budget. All those attending the meeting were given an opportunity to ask questions of the Board of Administration on any aspect of the budget. The taxpayers were reminded that the budget figures which they received in the mail do not cover any costs which may arise from employee negotiations. These negotiations have not, as yet, been completed—so it is not possible to give the public any figure regarding their outcome. Decreases in the budget due to an increased total assessed valuation are not known at this time either.

It was also brought out that the State Aid Ratio will be less this year. Last year Hicksville received state aid on the basis of 56.5 percent of the state ceiling, which is \$760 per student. In 1969-70 we will only receive 55.4 percent of this figure—which will mean less income for the district.

Remember to vote Tuesday, June 10 from 10 a.m. to 10 p.m. in your local schools. We will be voting on the budget and electing three School Board members. We will also be voting on the library budget and electing a Library

Walking Tour S

Town Board & Advisory Committee To View Hicksville Critical Areas

The Oyster Bay Town Board met with the Hicksville Citizens' Advisory Committee for Transportation and Development on Tuesday, June 3, in the first of a series of meetings which will determine the framework for the future growth of Hicksville.

The Advisory Committee chaired by Mr. Kingsley Kelly, will take the Town Board on a walking tour of the Hicksville Business District on Monday, June 16, for a first-hand view of areas the committee has determined are the most critical.

The Town Board created the Advisory Committee in June of 1968 to formulate plans for the future of Hicksville—which has recently undergone substantial changes as a result of road widenings by the County of Nassau and New York State.

Tuesday's session, attended by the entire Board including Supervisor Michael N. Pettit and GOP Majority Leader Edmund A. Ocker, laid the groundwork for future meetings between the Board and the bi-partisan, 12-man committee.

Kelly indicated his group, with staff members of the Nassau County Planning Commission providing technical assistance, was preparing a report which will analyze the problems indigenous to the Hicksville area. He said there were three major exogenous factors which make planning mandatory in Hicksville. Those factors are population

growth, economic expansion and transportation improvements—most of the latter have been generated from outside the local community by forces over which the Town Board has no control. Planned improvements would include electrification of the Long Island Rail Road and utilization of the Hicksville Station, which already carries the largest num-

ber of commuters of any station on Long Island, as a "Transportation Hub" by the Metropolitan Transportation Authority. Councilman A. Carl Grunewald of Hicksville, who has acted as liaison between the Town Board and the Advisory Committee, said the initial study area consists

Dear Friends

Dear Friends:

As you can see by our editorial, we are for the budget to be presented on June 10th for your vote.

We also feel that Messrs. McCormack, Sternberger and Wolfson deserve your vote for School Trustees, and Mrs. Aaron for Library Trustee.

However, whatever the outcome at next Tuesday's election, let us hope that no harm will come to the educational system which directly affects our children.

We are well aware of how some of our citizens feel regarding our policies and we can only say to you frankly and honestly...we have always been for quality education for our children...and we always will be. We'll save in other areas first.

Sincerely,
Sheila Noeth

Hicksville-Jericho CD Unit Seeks Auxiliary Police

The Hicksville-Jericho Civil Defense Unit in Nassau County is seeking new members for its volunteer Auxiliary Police service, according to an announcement today by Henry A. Shafer, Deputy Director, Zone III (Town of Oyster Bay), Nassau County Civil Defense. C. D. Auxiliary Policemen in Nassau work under the guidance and direction of the County Police Department and have been repeatedly praised for the work they do in combating vandalism and malicious behavior and in helping maintain the safety of their neighborhood.

Shafer said that the Hicksville-Jericho Unit needs more Auxiliary Policemen because of the expanded responsibilities that have been given that unit.

Residents of Hicksville, Jericho and nearby communities who are interested in joining this volunteer unit are asked to contact Mr. William O'Connell at 183 Acre Lane, Hicksville, or call him evenings at WE 1-4366.

At The Library

It will be "Blast Off to the Moon" on July 7th, when the Summer Reading Club of the Children's Department of the Hicksville Public Library takes off for six weeks of reading fun and adventure!

In keeping with the theme, the young astronauts will pilot their lunar modules through the uncharted skies - and reading and reporting on at least six books will bring them to a safe soft landing on the moon!

The program which will begin on July 7th and continue to August 15th will be open to all youngsters who have completed grades two through six.

For the younger children - ages five through seven - the Library will conduct a Summer Story Hour. This will be held weekly on Thursdays at 10:30 a.m., beginning July 10th and each session attended will bring the listener another million light years closer to the Moon. Attendance for the Summer Story Hour will be limited to the first fifty children to register.

Registration for both programs will take place in the Children's Room, beginning on June 30th and continuing throughout the week.

Plans for the annual Children's Art Classes, which have been so much in demand in previous years, have not yet been formulated, and will be contingent on the result of the Library Budget vote to be held June 10th.

Ramblin' Rose

by Rosemary Walsh

Spring is truly here and it's so beautiful—but as usual—yours truly and all the school people have to concentrate on the "Budget" always hanging over us.

You know when you think about it, in the final analysis, a "No budget" is simply an admission of defeat. Is the negative pollster simply saying that life lacks exhilaration and there is no chance for change, sooo let's take what we have and sell out the future?

I really don't think it is a question of money—the amount of increase is not that crucial. Everything is going up—I can remember paying 5 cents for a quart of milk for my Mom, 25 cents to go to a movie at prime times (now am I giving away my age). Or more recently my husband getting a haircut for 75 cents (and he has far less than average, hair I mean). I saw no questioning of our ever rising town, county and federal taxes (nor do I suggest it or object to them). Yes—everything is going up—including salaries.

What about our senior citizens? Anytime they decide to increase social security or medicare benefits, I'm all for it. I'm sure our kids would vote "Yes" on that too. They wouldn't dream of depriving Grandma and Grandpa now nor Mom and Dad in the future. (God bless them).

It's the children and youth that are being used by the "No" voter, not the "Yes" voter. They are being used to support an attitude of defeat. They are being asked to put aside all the pleasures of an expansive philosophy of education. They are being asked to do without programs that we had in the depression, the war years, and the post war years. They are being asked to do this and still fight a war (my sons, too) and face a world that is changing so rapidly it is hardly conceivable. Man circles the moon—man lands on the moon—but man votes no on education—man pays more for cigarettes—man builds super highways through the heart of a community—man builds another shopping center—but man votes no on the school budget—and on and on we could go.

Young people have been coming to this office constantly—as they did last September asking, "What can we do?" "How can we help?" They are not protesting, demonstrating, blocking gates, setting fires, striking, they are merely asking for positive help and suggestions. It is their immediate future that motivates their interest and action. Should we send them packing (what, children should be seen and not heard) or should we try to encourage them, channel their enthusiasm? The answer, I believe is a simple "yes"—and this is the only reasonable answer for this situation.

Cheryl Teeuwe of Hicksville, was wed on June 1 at the Kingdom Hall of Jehovah's Witnesses to Mr. Terry L. Hammond of Cascade Locks, Oregon. Mr. Hammond had been serving at Bethel, the Brooklyn headquarters of Jehovah's Witnesses, and they now plan to serve together in the full time ministry work.

Alright, Mr. and Mrs. "No", rationalize as you please—we will lose our house—we can't have color TV—kids get too much anyway—we need a second car, a swimming pool in the back yard—we must stop inflation—my children go to private school—my children are out of school—we never had children or we don't have them yet. You can select it—you can be negative—that'll fix 'em—but fix who? The politicians (they are not in this one) The teachers (they should be poor but dedicated) The School Board (those rascals get such a tremendous salary for the service they give) The campus protestors (ah but we have none, they want to help) The people in the city, upstate, (they could care less) Ah then who are you fixing. You decide.

You know I had written this column for last week before the Memorial Day Parade and

Ceremonics and it was with great admiration that I listened to the Honorable Judge Francis Donovan speak much in harmony (in my opinion) with these thoughts of yours truly. By the way, it is always a pleasure for this department to assist the Memorial Day Committee with its preparations (even though it means a real early rise). The school family and the entire community most assuredly works cohesively on that day. Veteran's Groups, School Bands (elementary through secondary) High School Chorus, Scouts, 4-H, Little League, P.B.C., Fire and Police Departments, Church organizations and naturally the beloved Gold Star Mothers, Local Dignitaries and last but certainly first the Parade Marshall (this year dear, dear Henry Brengel). Well I shall ramble off to vote now and I'm sure you can guess how—Bye

The Municipal Balance Sheet

The school budget appears to be the last bastion of direct democracy in our society. Although public schools struggle with the same types of financial problems that plague other services, school budgets remain the only ones voted on directly by the taxpayers. The executive and legislative bodies of the other government services establish their budgets and the taxes to provide revenue required for support.

Some Hicksville residents would have us believe that the schools are taxing us out of our homes. But is this really true? Let us examine the percentage of increase in tax rates for the past five years of our Hicksville Schools compared with: (1) increases in the taxes levied by the Town of Oyster Bay and Nassau County; (2) increases in special district taxes (water, fire, park, lighting, garbage, public parking, and drainage).

The percentage of tax increase from 1964-1965 to 1968-69 for the Hicksville School District was 32.6 percent. The increase for the Town of Oyster Bay and the County of Nassau was 31.2 percent - if only the property tax is considered. The local sales tax, if converted to property tax, would add another 15.5 to this, producing a tax rate increase of 46.7 percent for these municipalities as compared to 32.6 percent for the schools.

Of further interest is this startling fact: the additional 15.5 percent from the converted sales tax represents only half of the increase, because the fiscal years of these municipalities differ from those of a school district.

In this five-year comparison, taxes for parks rose over 106 percent, the garbage tax over 50 percent; and, again, not considering the sales tax increase, the community college taxes rose 31.5 percent and police services 50 percent.

The intention here is not to deprive the taxpayer of his voting prerogative. Nor is it to deprive municipalities of the monies needed properly to meet their obligations. The public schools share with other municipal services the common need for skilled employees who must be properly compensated in order to live in a nation of rising costs and increased demands for services.

But perhaps the most important municipal service is the education of our children. Should we curtail their education because we have direct control here and not over other rising costs of living?

The answer must be that if we truly believe our nation's and community's futures rest with our children we must vote Yes.

The school tax dollar is not forcing you from your homes. Let us not be swayed by this traditional cry from those who would placate homeowners' anxieties by blaming the schools.

SUPPORT OUR CHILDREN. VOTE YES IN THE SCHOOL AND LIBRARY BUDGETS AND PROPOSITIONS 3 and 4.

For Board of Education VOTE FOR

Cornelius McCormack

This open letter to my fellow residents and neighbors grants me an opportunity to announce my candidacy for re-election to the Board of Education. As you know, I have had the honor of serving you for nine years, and I want you to know the reasons why I wish to continue in that service. Furthermore, in my opinion, you have a right to know.

All of us are very much aware of the many changes which are taking place in the world around us. Education is not immune to these changes. Changes, however, cause uneasiness and discomfort to our young. They like a climate of security, and that is the climate which permits the best form of growth.

I believe that some changes are necessary to meet the demands of the future; some changes are inevitable and must be

adjusted to; and some changes must be related to their ultimate effect upon our basic liberties and freedoms.

It is especially during these challenging times that I vividly sense the needs of our young children who, while in our schools, are passing through their most important development; the establishment of a solid foundation to meet their future. There is today a special need to formulate with you parents a team spirit and to instill in our young those ingredients of knowledge, learning and wisdom which will properly equip them to meet their adult responsibilities in love of family, neighbor and country. I recognize most strongly that the task in establishing such a good and solid foundation in our young is very demanding which, in

my opinion, requires a type of leadership which will develop our youth in an atmosphere of comfort, academic serenity and peace within which to grow and mature. Our children have more than enough problems in the growing and learning processes and in coping with the ever-mountaining sources of knowledge.

Therefore, it is my dedication along with help from the parents to shield our children and to maintain for them an atmosphere of stability in our community so that the child's other home, the school, will be the reservoir of the best education possible in accordance with the economic capacity of our taxpayers. I truly believe myself qualified to persevere in that dedication. My record demonstrates my interest in all proposals presented

by my colleagues on the Board, by my residents and taxpayers and by experts and professional staff. I have always weighed the issues and screened every proposal most carefully to ascertain the benefit to our children. Furthermore, my business experience has trained me to scrutinize expenditures in every respect.

In summary, therefore, I wish to continue to maintain stability with capacity. My experience in that effort will permit achievement toward that goal more readily. As Trustee of your Board I have learned to honor, to respect and to service your needs and wishes. I hope that you will continue to find me worthy.

Harold Sternberger

MR. HAROLD STERNBERGER, his wife, and two children, (both of whom have attended the district public schools and are now in Hicksville High) have resided in the district for over 14 years. Sternberger, a college graduate, has been active in community and school affairs for all of those years. Before being elected to the School Board 2 years

ago, he was previously a member of the School Board Advisory Council, past officer of the Old Northwest Civic Assn; member of Huron Ave. and Jr. High P.T.A.; committeeman for one of the local Cub Packs, and a 4-H leader.

Presently, he is Chief Management Analyst for the County Office on the County Executive's staff.

engaged in administration and budgeting. One of his responsibilities is the conception, development and implementation of the county-wide Management Information System, including program budgeting and allocation of resources. Previously, similar tasks have been undertaken by him, successfully, in L.I. business and industry. Sternberger taught a

course at Hicksville Adult Education for eight years, and was an evening instructor at Hofstra Univ. for six years. He is a member of Temple Beth Torah; founder and past officer of the L. I. chapter of the American Institute of Industrial Engineers; past member of the Society of American Value Engineers and served with the U.S. Navy during WW II.

Lawrence I. Wolfson

During the past ten years of my residency in Hicksville School District No. 12, I have been interested and active in all phases of schools, educational problems, as well as budget and School Board matters. Within the past three years, my concern has been active in continuing, advancing and improving the education of the children.

As a parent and taxpayer I am interested and deeply concerned that there be within our district, objectivity instead of emotionalism in education. It is vital and essential that we develop lines of communication between the Board and Administration; between the Board and the public; between the teaching staff and Administration. It is equally important to develop better coordination among members of the faculties of different elementary schools and between

facilities of elementary and secondary levels. Cooperation among various levels of management and teaching are equally essential. We need healthy criticism. We need constructive suggestions. There is nothing wrong with sincere opposition, but the problem arises where emotions have overshadowed objective analysis and evaluation. Inflation has created pressures upon the residents, taxpayers, parents, administration and faculty. Costs have risen and it has become increasingly difficult, in certain instances, to provide the necessities of family living. As parents and taxpayers, the most important consideration in this or any other district must be evaluation of

programs, policies and procedures. We must be certain that we are functioning efficiently, economically, and are receiving a dollar's worth of goods and services for every dollar spent. One of the key words, in my estimation, is "evaluation." The District has spent an amount of \$23,000,000 during the past several years on outside services and reports. It is absolutely essential now that, based on these reports, curriculum, programs, business practices, and procedures be thoroughly evaluated. In this changing world, we must move forward and get on with the job of education.

Sincerely yours,
Lawrence I. Wolfson

The Rev. Dominic K. Ciannella, Rector, Eugene Rapp, Mrs. Evelyn Botto, and Mrs. Pauline Reynolds, of Holy Trinity Episcopal Church, HICKSVILLE, and The Rev. William H. Heine, Priest-in-Charge and C. Carman, of St. Margaret's Episcopal Church, Plainview were among 500 clerical and lay delegates to the One Hundred and Second Annual Convention of the Episcopal Diocese of Long Island. They heard their bishop, the Rt. Rev. Jonathan G. Sherman, characterize outbreaks of social unrest as "manifestations of the judgement of God on our society."

Elect Officers

The annual meeting and election of officers for the Long Island Nurserymen's Association will be held on Thursday June 19, 1969. The Board meeting is scheduled for 5:30 p.m. at the Milleridge Inn, Hicksville Rd., Jericho, N. Y. and will be followed, by dinner at 7:00 p.m. and the annual meeting at 8:00 p.m.

Marine Midland

The addition of full-color identification to the standard Marine Midland Master Charge Card has been announced by J. A. Graham, Assistant Vice President of Marine Midland Banks, Inc., Card Department. This optional feature, which gives the cardholder the most positive identification possible, has previously been available only on Marine Midland's preferred check-guarantee, line-of-credit Master Charge Card. The acceptance of the full-color photograph on the more exclusive cards has prompted Marine Midland to offer this feature on the bank's standard

cards. "We want to make available to our Master Charge cardholders the best identification, and the best possible charge acceptance nationwide... and worldwide," Graham said.

To Install

The Installation of Offices and Dance of the Levittown Hicksville - Wantagh Auxiliary of the Association for the Help of Retarded Children will take place at the AHRC Educational Center, 189 Wheatley Road, Brookville, on Saturday, June 7th at 8:30 P.M. The officers for the next year are President-Mrs. Elmer King,

Vice-Pres-Mrs. John Hansen, both from Levittown; Ways and Means-Mrs. Gordon Downe, Corresponding Secretary-Mrs. Eddie Quist, both from Wantagh; Recording Secretary-Mrs. Edward Farrell, Program Chairman-Mrs. Peter Guadagno, both from Hicksville; Treasurer-Mrs. Lawrence Woodward, Levittown; Publicity-Mrs. Edward Ramsteck, Bazaar Chairman-Mrs. Thelma Kanzer, both from Wantagh.

The Installing Officer will be Elmer King, a director of the County Association. A covered dish midnight supper will be served.

Any of the interested public may attend by calling Mrs. Gordon Downe at TA 6-1840.

Rummage Sale

The Episcopal Church Women of Holy Trinity Episcopal Church, 130 Jerusalem Avenue Hicksville, will have a RUMMAGE SALE on Thursday, June 5, from 10 a.m. to 4 p.m. and from 7 p.m. to 10 p.m., and also on Friday, June 6, from 10 a.m. to 4 p.m.

Win Awards

Two local residents, Olga Hoebel, Hicksville, and Rose Wenck Jericho won awards at the art membership show of the Long Island Branch, National League of American Pen Women, Inc., held at the new Town Hall of Hempstead, between May 18th and May 28th.

Mrs. Hoebel won a plaque and first award for her portrait in oil entitled: Teenager. Mrs. Wenck received second award for an oil painting: Rainy day in Brooklyn. Both artists teach painting and drawing locally at their studios and have been members of the Long Island Branch for many years.

Karl Braun

Karl Braun, loving son of Mr. and Mrs. Raymond Braun of Reno, Nevada, formerly of Woodbury Road, Hicksville, was killed in an accident on May 30th. Karl was a former student of St. Ignatius School, Hicksville, before moving to Nevada.

He was the grandson of Mrs. William Braun and the late William Braun of Halsey Street, Hicksville.

Besides his parents, Karl is survived by his loving brothers Stephen and Kenneth and his sister Lisa.

Donald B. Miller

Second Lieutenant Donald B. Miller, son of Dr. and Mrs. George J. Miller of Binghampton, New York, formerly of Hicksville, died recently as a result of an automobile accident near Oklahoma City, Oklahoma.

He was born in Oceanside, California and lived in Hicksville until his family moved to Binghampton. He attended St. Ignatius School in Hicksville and later graduated from the Binghampton Schools, Le Moyne College in Syracuse and in June would have graduated as a Lieutenant in the U.S.A.F. He was studying at Vance Air Force Base, Enid, Oklahoma.

Donald was the grandson of the late Mrs. Margaret Miller of Hicksville. He survived by five brothers, three sisters and a nephew also his Aunt, Miss Eleanor Miller, a teacher in the Hicksville School and his uncle, Dr. Bernard Miller of New Jersey who was also a local boy.

Franklin Bank

"Downtown" County centers might be the one way to serve the growing needs of Long Island's rapidly expanding population, according to Franklin National Bank.

In the latest issue of its bi-monthly economic newsletter, The Franklin Letter, the bank notes that "all planners agree in essence: as Long Island, and particularly Nassau County, grows more economically independent, residents will want more of the things left behind in the central city of New York. And they will want them near their homes and work."

With land running out, some degree of urbanization may be necessary, the bank said. Otherwise, "Long Island parents would face the choice of where to 'export' their children once they were grown. There simply won't be enough space in the two counties for them to live."

SPORTS

By

Howard J. Finnegan

Hicksville's Junior Varsity baseball team rattled off five straight wins to conclude its campaign with a highly respectable 13 won, 4 lost and 2 tied 1969 record.

The charge preserved coach Bob Hilsky's high percentage record with the team. A ten inning 2-1 win over North Shore started the late charge. Pitcher Randy Daub sent 16 players down swinging as he only allowed two hits.

It only took one extra inning to record a 2-1 victory over Great Neck South. Frank Feeley sent down ten on strikes and was in firm control as he allowed a meager 3 hits.

The hitting bloomed against Jericho. Bill Kropac had 3 for 3, Warren Uss 2 for 4 with runs batted in and Dennis Secko and Tony Esposito each had 2 for 4 also.

MacArthur was edged 3-2 as Uss turned in a two hitter and recorded 13 strikeouts. Wes Oldenburg cracked a homerun for the Comets.

Uss picked up the bat in the return game with the Generals. Two hits in four at bats chased over the pair of runs in a tight 2-1 victory. That made four one run wins in five outings.

On the Season Randy Daub pitched 53 innings for the Orange and Black, allowing 24 hits and he struckout 76 batters. He won 5 and lost 2 and posted an earned run average of 1.69. Frank Feeley was equally impressive. He worked 42 and one third frames. He was touched for 24 hits also and he had 49 batters lose the battle with the third strike. He had a 3 won and 1 lost mark. His ERA was 1.48.

In hitting Bill Kropac lead the team with a .464 average. Daub posted .352. Uss had .333, Gary Deschert .325, Dennis McLaughlin .324 and Tony Di Lorenzo .320.

A no angle swipe with seven seconds left, sent the ball across the crease where it hit a rut and took a ninety degree bounce into the nets to eliminate Hicksville from the 1969 Lacrosse playoffs. The astonishing shot gave hometown Manhasset a 7-6 victory before 700 screaming supporters.

Hicksville was deserted by fans in the playoffs as less than twenty showed up for the contest. Indicative!

The abrupt end concluded Hicksville's campaign with a 12 won and 6 lost record. The Comets were not up to par for their second game in three days. Pat Dowling nursed a battered ankle. Sophomore Kirk Jurgelevitch went along way to replace him and banged in two goals.

Charlie Arnone battled a flu bug but finally had to leave the game and this cut down the Comet efficiency.

The campaign was not without reward. Rick Kowalchuk was chosen for the All-Nassau County Team and Dowling was honored in his Division.

Andy Lee was All Division on Defense and won Honorable Mention for the All-North Shore League team.

The Lacrosse meeting with Manhasset was one of the rare times that the two schools have engaged in interscholastic competition.

There was ten football games from 1925 to 1934 when the schools were in the same size. Manhasset won 5, Hicksville 4 and one deadlocked.

Back in the early 1950's Hicksville did play the Town Hallers in basketball at the Hicksville court. Their great football star, Jim Brown, was averaging close to 40 points per game on the court. Hicksville Managed to keep his total under twenty and the Comets won by 16.

Incidentally Brown was the greatest Lacrosse player turned out at Manhasset. The sport has been played for 30 years at the small North Shore school.

It appears that the Community of Hicksville will be in default this year. Indicative!

The usual annual dinner for the athletes of Hicksville High School will not be held this year. The Dad's Club, more for lacking the workers then economics, has voted not to hold the event.

For more than a decade the Hicksville Alumni Association, formerly and informally, held the dinner. It used a Thanksgiving Eve Dance and basketball game to obtain the springboard funds.

When the Dad's Club was organized about four years ago the important Thanksgiving Week date was turned over to it. The Club ran successful dinners since that time.

This year's cancellation came at such a late date that other interests parties could not take up the effort nor find the funds.

And of all years not to honor the athletes of Hicksville.

If the Comets had not won one game this year in any sport the gentlemanly efforts of the athletes to get the School Budget passed last September deserves recognition.

In this day and age the community should be proud that its students resorted to the rule of law and conduct of ladies and gentleman to appeal for their extra-curricular activities.

This post in the Herald has been trying to spur some action but the funds are the big problem. With funds any organization or group of individuals could organize and hold a dinner in three days.

It is easy to recommend a No vote on the budget when your own child will not be penalized by it. We hope the parents of the 600 or more Junior High or High School students engaged in the athletic program will remember that on June 10th.

It will be the athletic, music and club programs that will be knocked out for Hicksville students.

The athletic scholarships lost will be lost by the Hicksville school student. When it comes to voting on the Budget ask Is it the Life in Hicksville the opponents are interested in or the Life out of Hicksville?

LIBRARY NOTES

With the coming budget vote on June 10th, a short resume of the Hicksville Public Library voting picture of the past few years may be in order.

It may come as a surprise to the average voter in Hicksville that the library has not had a budget passed as submitted since 1964. In May 1965 the budget was defeated by 4 votes. In that this amount was already pared to only the most vital needs, not including any additional clerical or custodial help to cover the new addition to open in July, it was felt it could not with any integrity be pared further. Upon re-submission in June it was again defeated. So the library by law reverted to the 1964 budget and was obliged to retrench by closing two nights a week and cutting the book budget. This was of course hard on the borrowing public particularly the many students whose academic progress may depend on the library's reference and resource material.

In May 1966 the budget the Library Board submitted to the

voter was only \$382.93 more than the May 1965 budget, or less than 1 percent additional in spite of mandated increases, rise in book prices and increased utilities for the new wing. This too was defeated. After much deliberation a cut of \$10,800 was made and the budget re-submitted and passed, at a cost of \$3,000 to the library and a saving of ½ cent per \$100 of assessed valuation to the taxpayer. In 1967 and 68 the sad story was repeated and we arrive at 1969 still operating on the pared down 1966 budget. Thus the library has limped along trying to give adequate service to the public with a short staff and a book budget that permits only partial replacement of worn and lost standard books, and only a very limited purchase of new titles. The quiet erosion of the book collection is very evident to people who are looking for particular material or to students on a class assignment.

We in Hicksville are in a more favorable tax position than our neighbors because of this area's

substantially higher assessed valuation. The library tax reflects an even greater difference. Ours is respectively ½ one third, and two thirds of the library tax of the three surrounding areas. With the passing of the budget this year the total cost will be approximately \$16 per family per year, or \$2.00 more per year to vote "yes" than to vote "no". (This figure is for the average taxpayer with an assessment of \$5000).

Taxes are a grave consideration with all citizens today. It is a subject that is depressing and frustrating. But there comes a time when a frank appraisal is necessary. The library is in a dilemma about what Hicksville people expect to pay for maintaining this library which is considered to be one of the finest on Long Island. One has only to come in any afternoon, Saturday, and most evenings to see it crowded with students and adults, or to look at some of the statistics, 10,000 reference questions answered a year, 500 meetings in the two meeting rooms, over 300,000 books and materials circulated, 700 films loaned to our borrowers, to know that the library is a well used, vital and important community service. Why then does the voter use and enjoy this facility but reject its proper maintenance and staffing? Does he not think all this is worth \$16 a year to him and his family? The purchase of only two books a year at today's prices would cost this.

This then is the recent history of the library's budget problem. It is hoped it will be enlightening. It is said understanding a problem is the first step in solving it. Perhaps with a new understanding the voters of Hicksville will on June 10 solve the library's dilemma of a short staff, a deteriorating book collection, and the many other economic ills that the library has, since 1964, been suffering from. The solution to the dilemma is of course, a big "YES" vote.

The Hicksville property owner has enjoyed a great increase in his property value in the past several years. Not a little reason for this is reflected by the fine public library he has at his disposal as a resident of Hicksville. Maintaining this town asset is only good economic reasoning, particularly in that the cost is so nominal. To repeat, "a YES vote will cost only \$2.00 more per year than a NO vote".

Art Show At Library

Mrs. Olga Hoebel, Hicksville, artist and teacher, will have an art exhibit of her student's work at Hicksville Public Library, Jerusalem Ave., Hicksville, on June 11th from 5 p.m. to 10 p.m., in the auditorium of the library.

Mrs. Hoebel, an award winner and owner of an art studio in Hicksville who has exhibited on Long Island and in Manhattan since 1937, will give a painting demonstration the evening of June 11th at Hicksville Public Library in the auditorium of the library starting at 8 p.m. Mrs. Hoebel has had six one-man shows of her works and has been in group shows of the Art League of Nassau County, Suburban Art League, Independent Art Society and the Long Island Branch, National League of American Pen Women. She is past president of the Pen Women, past president as well as charter member, and past treasurer of the Independent Art Society, and an honorary member of the Independent Art Society. She also serves as historian for the Long Island Branch of the Pen Women.

A Letter To The Editor:

Fellow Residents of Hicksville: As a student in Graduate Library School of C. W. Post I chose Hicksville Public Library for my assignment to study the administration of some particular library.

My study of our library revealed that it is administered excellently. Many valuable services are offered the community such as a well selected collection of books and periodicals; a diversified reference collection with professional help available; a large recording and film library; and also two community rooms which are in constant demand. I am proud to be a member of a community in which there is such a fine library. To maintain these services and to make the necessary replacements and additions it will cost the average taxpayer \$16.50.

Vote "yes" on the library budget on June 10th.

Sincerely,
Margaret Dunbar

Dear Mrs. Noeth, I'm a bug on Safety First. Maybe you can get some action on the following matter.

I've been after the Town of Oyster Bay Highway Dept. and the 8th Police Precinct to have restored the white traffic divider on Levittown Parkway. In fact, I'm such a pest that a patrolman visited my home about one month ago and said the matter would be taken care of. Last week I called the Town of Oyster Bay to complain and was told that the marking crews were busy at the town beaches renewing the traffic lines. What's more important, a town road that passes a community pool and Dutch Lane School or the town beaches? And last year they raised the speed limit from 30 mph to 40 mph. Take a ride on Levittown Parkway at 40 mph especially on the sharp curve where the town of Hempstead and Oyster Bay lines meet and I'm sure you will agree with the urgent need for a road traffic divider line. Or maybe the town is short of paint!! Regards

THE 10 MINUTE STOP LIGHT

Not really 10 minutes, maybe, but it seems like it. The seat's so hot it burns. Your shirt is stuck to your back, and you've just about had it! Sound familiar? OK, let's talk about a Thermo King air conditioner for your car.

Take a smooth and quiet Custom 500 model, for instance. It cools faster and more efficiently than even the far-more-expensive factory systems. And it dehumidifies, and filters out dust, dirt and pollen at the same time. You can install it in just a few hours and switch it to your next car when you trade. Easy payment terms available.

Complete Hospital Care

For the first time, four hospitals, each serving a different medical need, are coordinated under one administration, in one private hospital center. Fully accredited, Brunswick serves nearly 600 patients in an aggregate of 20 buildings on forty beautifully landscaped acres.

GENERAL HOSPITAL for medicine, surgery, obstetrics and psychiatry. Mentally ill patients can be admitted to special pavilions under Blue Cross or other insurance plans.

PSYCHIATRIC HOSPITAL for the mentally and emotionally ill, for the alcoholic and drug addictive. An individual therapy program is designed for each patient by one of our fully-qualified resident psychiatrists.

NURSING HOME for the geriatric convalescent, cardiac and diabetic patient. In addition to 24-hour skilled nursing care, the services of a resident physician are available.

NOW... a new hospital of physical medicine and rehabilitation for extended illness.

CHRONIC CARE HOSPITAL staffed by specially trained physicians and rehabilitative nursing personnel; designed exclusively for the long-term, restorative treatment of the chronically-ill and physically disabled. Most Major Medical insurance plans will cover patients admitted to this hospital.

Facilities and Treatments Include:
1. Swimming pool and Hubbard tanks for hydrotherapy.
2. Gymnasium for physiotherapy.
3. Daily living activities program and crafts.
4. Speech therapy program. 5. Inhalation therapy.

Now let's talk about Committee Chairmen. These are the people who really do most of the work of BCA. A name well known to Jericho School District members should be Bernyce Shimberg, Chairman of the Jericho Education Committee last year as well as this year. Current chairman, who you will be hearing from, of our Jericho Library Committee is Bernice Baiman. BCA's delegate to the Jericho Joint Civic Council is former President Ed Pitzholl.

On the Syosset side, the Education, Library and Joint Civic Council chairs belong to Fred Rothman, Irwin Baumel and "yours truly." I would like to pause here a moment to point out that both the Syosset School Board and Library Board meet on Monday nights-Bowling night for most of our male members. Therefore, we can always use committee members for these committees. Any interested residents please call me!

To continue listing the mainstays of BCA, our Committee Chairmen, there is the Health, Safety and Welfare Committee now headed by Sam Saitz. Aaron Mansbach heads Town Planning and the Editor of the Villager, if you have never read the masthead, is Ari Rosenthal. BCA's Youth Recreation Committee is chaired by Leo Geyer. Irwin Baumel is a one man Committee who promises to get our entrance gates repaired. Mike Hauptman has Membership, and this year is negotiating a new oil burner service contract. I've saved the Entertainment committees for last. Many of you regularly at-

tend our May affair which this year was a tremendous success. Next year's Dance Committee will be headed by Lotte Stein. Not so many of you attend our October general meetings-the planning committee headed this year as last by Jerry Gold. Last year, the Jericho Community Theatre presented a one act play for our members, and those present had a fine evening. I don't know what Jerry has planned for this October, but it will surely be worth while to attend. Watch these pages for future announcements.

PTSA Program

Scores

One of the goals of the Jericho Schools has been to add an "S" to the PTA, in order to actively involve high school students in school and community affairs.

On May 27, students had the opportunity participate directly in a fine program combining student-parent-teacher activities. The highlight of the evening was a Student Cultural Arts Exhibit held in the lobby of the Jericho High School.

Students actually performed during the workshop atmosphere, creating paintings, sculpture, pottery, life and fashion sketches. Also on display were projects made in Industrial Arts classes. Apparel made in Home Economics classes was exhibited. The "live" creative tasks performed by the students as Parents circulated among the students work areas made the exhibit particularly meaningful and active.

The High School Senior Orchestra and Senior Chorus entertained with such selections as "Concerto in G-Major" and "A Tribute to Sigmund Romberg."

The PTA officers for 1969-70 were introduced and installed by Principals Arthur Rathje and Robert Manheimer. Serving as officers are:

President, Mrs. Caputo; Vice-President, Mrs. Charlotte Cashion; Vice-President, Mrs. Grace Moschitto; Rec. Sec., Mrs. Joan Wainick; Corr. Sec., Mrs. Lee Marks; Treas., Mrs. Katherine Havrilla; Historian, Mrs. Fran Boesch.

Mrs. Caputo presented an honorary PTA life membership to George Batjiaka, Senior High Housemaster and Spanish teacher, for outstanding service to Jericho's students.

Joining the parent-teacher on stage were students Diane Sugerman, Robert Hahn and Jeff Young, who assisted in the preparation of the program.

Further joint activities, as well as P.T.S.A. committees, are planned for the coming school year.

Alan Resnick Receives B.S. Degree At Rider

Rider College reached a milestone on Sunday, June 1 as some 650 graduates received degrees. Alan Resnick, of 45 Magnolia Lane, Jericho, received a degree of Bachelor of Science in Commerce; he majored in Business Administration. Alan is the son of Mr. and Mrs. Samuel Resnick.

BCA Winter Mixed Champs

By Henry Dockswell

The Baren and Lewis' easily fought off the challenge of the 2nd place Sachs' and Dockswells and captured the BCA WINTER MIXED LEAGUE CHAMPIONSHIP.

They took the first game by a wide margin and the Sachs-Dockswells had to sweep the next two and total wood to still have a chance for a tie and a fourth playoff game. That second game was a real squeaker as the lead see-sawed back and forth but the Baren-Lewis combo won it by 1 pin. Even a double check of the score couldn't change the result; Ira and Tibby Baren and Irwin and Pearl Lewis were the winners.

Sachs-Dockswell, of course, were 2nd and we had a tie for 3rd between the Meadow-Gerchicks and the Briendel-Brenners.

Sid Sachs won Hi Average for the men with a 185 and Cele Truchil with a 146 won Hi Average for the women.

Sid Holzman's Hi Series of 649 was tops amongst the men and Lee Marks, on the very last night, came up with a 553 to clinch that prize for the women.

Nat Warren's Hi Game of 241 held up and Tibby Baren's 222 was tops amongst the women.

Sid Gerchick and Ellie Sachs won Hi Series Hdcp. and Herb Mahler and Bea Diamond won Hi Games Hdcp.

Leo Truchil won Most Improved Bowler for the men, going from a 156 to a 165 and Florence Raik went from a 126 to a 135 to win it from all the other girls.

The league is having its end of season Dinner-Dance on Saturday night, June 28, at Peter's Restaurant in Hewlett. The cocktail hour will start at 9:00 P.M., so be on time.

Peter's is at 1476 Broadway in Hewlett and the following are the instructions on how to get there:

Take Southern State Parkway, Westbound, to Exit 19 South (Peninsula Blvd.). Go south on Peninsula about 2 miles past Sunrise Highway to where there is a L.I.R.R. overhead structure and a traffic light. Make left at that point and go to dead end which is Broadway. Make a left and ride a few blocks to Peter's Restaurant.

The Villager has received many inquiries about the repairs currently being made to the curbing and driveway areas along Birchwood Park Drive, East Birchwood. Upon being questioned, a Tobay official revealed it was not presently known whether the work crews would proceed to other streets in the area, after the concrete work was completed on that street, or whether they would leave Birchwood and return "later in the year." Hopefully, we should have definite information next week.

School Board Ponders Budget Resubmission

For the second time in a month, the Jericho School Budget was defeated. The voting, which took place on Wednesday, May 28th, showed 1138 against and 984 for the budget. As a result, the Board has scheduled a public meeting for tonight (Thursday, June 5th) at 9 p.m. in the Speech and Drama Room of Jericho High School. Jericho school district residents were advised of this meeting earlier in the week via "flyers" which

the children brought home from school.

The Board wants to hear the general public's views on the contemplated budget before deciding whether or not to put it to a third vote. If it is decided to place the budget before the electorate once again, the voting will probably take place on Wednesday, June 25th.

Complete and detailed information will be available in next week's Villager.

Register For Jericho Summer Recreation Program

The 1969 Jericho Summer Recreation Program will offer club-style workshops for all resident students.

Dates: Six week program beginning Tuesday, July 1 through Friday, August 8.

Villager Public Service Feature

Help Prevent Burglaries

It's that time of the year again and, therefore, with summer vacations impending, The Villager wishes to remind area homeowners of certain precautions to help prevent burglaries.

When leaving your home for short or extended holidays or vacations, even if it's for the day or evening, the following steps should be taken, recommended by the Nassau County Police Department.

1. Lock all windows and doors.
2. Leave a light burning at night.
3. Close and lock garage doors.
4. Do not leave notes explaining your absence or leave a key any place.

Speaking of locks, if you have to slam your front door to lock it, the lock probably is not "burglarproof". A "burglarproof" lock has to be locked manually just as you do some autos.

F.B.I. studies show that inadequate locks figure prominently in the more than 800,000 home burglaries that occur each year. The criminal enters through a door in 78 percent of these "breaks" which, for all practical purposes, is open to him. He can easily pick, jimmy or force the lock, or he can smash a glass pane in the door, reach in and open it from the inside.

Few of these burglaries should

occur. Though there is no such thing as a burglarproof door, there are several maximum security locks on the market that will stump all but the most professional of housebreakers. To be on the safe side, make sure your home is equipped with locks that do what they are supposed to do - protect you from loss. See your hardware dealer or a locksmith; either one can give you an assist. Good locks are a sound investment.

The following precautionary steps are also recommended by the Police Department when you leave your home for an extended absence:

1. Notify the nearest Police Precinct so that they can check your home during your absence.
2. Stop deliveries of mail, milk and newspapers.
3. Have your neighbor remove mail and circulars.
4. Ask your neighbor to keep an eye on the house and property.
5. Eliminate as much as possible any indications of your absence.

The main thing is BE YOUR NEIGHBOR'S KEEPER while he is away and keep your eyes open for strangers around your neighbor's home. If you see suspicious persons or cars in the neighborhood, make a note of the license plate number, and notify the police immediately.

HIGH STYLE

by Arturo's

To give your face a pearly glow: smooth on moisture base... dust baby powder over face with cotton puff; the tiny particles pick up lights.

In ancient China, women rouged not only their cheeks and lips, but also the edges of their nostrils - and the tip of the tongue!

For beautiful-all-evening hands on a dress-up date: fill a pillbox with hand cream, carry it in your little evening purse.

Sitting posture that makes your waist look narrower, chest higher, legs longer and prettier: sweep both legs to one side... rest toes of back foot on ankle of front foot... and keep both toes pointed down.

Instant romance: put drop of perfume on unlit light bulb; when he arrives, turn on light... the warmth perfumes the air. Don't overdo it!

Comfort Edge

This triangle marks the Super Krone Comfort Edge—only Schick has it. Here's why:

1. New Schick Super Stainless Steel. Gives uniform smoothness blade after blade.
2. New 1,000 Foot Strip. Schick polishes the Comfort Edge to a flawless finish.
3. New Polymer Coating. Schick coats the edge so slippery smooth there's no pull at all.
