HICKSVILLE BASEBALL ASSOCIATION JUNE DANCE

The Hicksville Baseball Association will have its annual June dance this Saturday June 21 at Levittown Hall. Music by Frank Henn. As Frank Sinatra says "It was just a neighborhood dance. . ." Fun prizes etc. For reservations call Ed Ural PY 6-5187.

Kiwanians Award -Ninth Graders

On June 5, the Boys and Girls Committee of the Hicksville Kiwanis Club had the pleasure of giving the following awards to 9th graders of the Hicksville Junior High School.

The most improved in Physical Fitness awards were presented to Kenneth Wood, of 70 Walnut St., and Corine Slotolewicz of 23 Harken Lane. The most improved in Academic work was presented to Robert Levine, of 30 Summit St.

There was a tie in the Girls category and so that one person would not be chosen over another by chance, a duplicate award was given to Michele Bodensiek of 46 Cherry St., and Nadine Marschhauser of 84 Vincent St.

The plaques were awarded at a dinner held at the Westbury Manor by Harold Robinson and Murry Margolis, co-chairmen. All recipients and their parents were the guests of the Hicksville Kiwanis Club.

Circulate Petitions

Many parents and students want the Hicksville School Board to resubmit the proposition to build two cafeteria rooms and two classrooms at the Junior High. Petitions are being circulated, and if 6000 signatures are obtained, the Board may submit the proposition. The signatures will be presented at the School Board meeting, Tuesday, June 24-8:00 p.m. in the Conference Room of the Administration Building.

The lunch program at the Junior High takes four periods. Each group of students must eat half of a period and then go to the gym for the rest of the period. The new cafeterias would allow the gym to be used as a gym and

would reduce the overcrowding in the lunch rooms.

The stage in the auditorium is used for classrooms. The two new classrooms would allow use of the auditorium for large group instruction.

New York State will pay 56 per cent of the total amount of the proposition, \$114,500. The net cost to Hicksville taxpayers is \$50,300. The tax rate would go up 5 cents per \$100 of assessed valuation. If you own a home assessed at \$8000, you would pay an extra \$3 for the one year. This is not a continuing cost—the building would be purchased outright and paid for during the 1969-70 school year.

AAMA Honors Jackson

The American Academy of Medical Administrators announced today that Mr. George A. Jackson of 61 Berkshire Road, Hicksville, has been elected as a Member. This honor is conferred upon those whose special qualifications in medical ad-

ministration merit such recognition.

The Academy is an international professional society, some of the aims of which are to encourage and foster a scientific approach to the practice of medical administration; provide a means of intercommunication; promote, conduct, and foster educational courses in this specialty; establish and maintain a criterion of competency for those engaged in this profession; and to provide for recognition by means of fellowships, scholarships, and grants to those who are doing noteworthy service in this endeavor.

Mr. Jackson has been a Trustee on the Hicksville School Board for the last eight years and has been very active with various other local organizations.

Off To Camp

Hundreds of Long Island youngsters are now busily preparing for their two-week vacations at the Salvation Army camps in New Jersey and upstate New York. These vacations are made possible through contributions made to the Army's annual Summer Camp Program Appeal, currently in progress and by support from the Salvation Army Service Unit in each local community. Hicksville Service Unit Chairman, Frank Chalunsky and Welfare Secretary, Mainard L. Chittenden, report that their group will send five children to the Salvation Army Camps this summer.

TOBAY BOARD TOURS HICKSVILLE BUSINESS DISTRICT

Led by Majority Leader Edmund A. Ocker, the six Republican members of the Oyster Bay Town Board joined Democratic Supervisor Michael N. Pettito for a two-hour tour of the Hicksville Business District on Monday, June 16.

The tour, conducted by the Hicksville Citizens Advisory Committee for Transportation and Development, was held to give the Town Board a close look at an area the Committee called "in critical need of planning."

Population and economic growth, coupled with transportation improvements - in-

cluding road widenings and the Metropolitan Transit Authority's planned expansion of the Hicksville Railroad Station - have changed the complexion of Hicksville's "Downtown" business district. The advisory Committee, which is composed of local businessmen, provided the Board members with first-hand knowledge of present and anticipated problems in the area.

What had been planned as a walking tour developed into a bus tour so the Board members could cover the entire area. A number of stops were made, including an elevator ride to the top of the National Bank of North America

building at 1 Newbridge Road, for a panoramic view of the study area.

Ocker later addressed a working-luncheon meeting with the committee and commented that the area had undergone many changes within the last year. He said the trip did much to bring the Hicksville picture up-to-date in the minds of many of the Board members.

The Advisory Committee, chaired by Mr. Kingsley Kelly, will continue to study the Hicksville area and report back to the Board on its findings at a later date.

MR. GLEN GREGORY examines a ruby for flaws, under the dark-field stereo microscope. Recently the Olympus Company donated a dark-field stereo microscope to The Gregory Museum. Among other things, this microscope will enable the museum to determine the genuineness of gem stones. With the addition of this microscope, the museum is equipped with the necessary different types of stereo microscopes for the visual observation of minerals and determining their optical properties.

From July 3-6 The Gregory Museum will participate at the International Gem and Mineral Show at the Hilton Hotel in Washington, D.C. In addition to displaying four cases of mineral specimens and jewelry, the museum will demonstrate the polarizing microscope, the dark field microscope, photomicrography, photomicrography, and faceting of gem stones. Mr. Gregory, director of the museum, will give three illustrated lectures. Slide shows on minerals and moths will be in continuous operation.

THE FOUR DOOR OVEN

Sound like your parked car? You open the door and WHOOF! Feels like you could bake biscuits on the seat. Worst of all, you have to get in and roast all the way home. It's time to consider a quick-cooling Thermo King Custom 400 air conditioner.

The Custom 400 cools fast... even faster and more efficiently than a factory system. Costs far less too. And the five all-direction air outlets give you wall-to-wall cooling. You'd think from the built-in look that it was factory installed. But the fact is, you can take it along when you trade cars.

SAFETY BULLETIN ON THE USE OF CHLORINE FOR SWIMMING POOLS

The general public is urged to follow the following instructions for the safe storage, use and handling of calcium hypochlorite around the home:

1. Read the container label of the product being used and carefully follow directions.
2. Store original container in cool, clean, dry areas, away from steam pipes or other sources of heat. Separate container from all organic or oxidizable materials and any other possible contaminants. DO NOT USE MILK BOTTLES. Keep covered with original closure and out of reach of children. Avoid out-of-season carry-over storage of unused stock supplies.
3. Use only clean, dry and noncombustible scoops, such as porcelain or enamel cups, glass containers, or clean metal spoons, for transferring the chemical from the drum to the mixing container or to the pool. Use of the plastic scoop supplied with the chemical is permissible. DO NOT USE dirty containers such as beer cans, coffee cans, etc.
4. Never dissolve the chemical in other than plain water. NEVER POUR WATER OVER THE CHEMICAL. Always pour the chemical into water, with constant stirring.
5. Dispose of spilled material immediately by flushing with large amounts of water. Rinse empty containers thoroughly with water before discarding.
6. Keep hands clean and wash hands after handling. Gloves should not be worn because they may become impregnated with the chemical, resulting in spontaneous combustion.
7. Avoid contact of salt or solution with the eyes or skin. When contact occurs, wash involved area immediately with free flowing water for rapid and thorough dilution. When eye irritation or skin burns occur, obtain medical assistance at once.
8. Avoid inhalation of escaping chlorine gas. Move anyone overcome by chlorine gas to an open area and call the Fire Department for oxygen.
9. In Fires involving calcium hypochlorite (chlorine) call the Fire Department, immediately "DELUGE" with water only. Do not use dry chemical or vaporizing liquid (carbon-tetrachloride) Fire Extinguishers.

Funny Girl

A current motion picture hit, "FUNNY GIRL," is inspiring fresh interest in one of the most glittering theatrical personages of all times - Florenz Ziegfeld, the Great Glorifier - the producer who dazzled the world with his beautiful showgirls.

Walter Pidgeon plays Ziegfeld in the film, which will open at the Sympet Theatre on Wednesday, June 25th at 8:30 P.M.

Strangely enough, in real life the actor's path crossed Ziegfeld's in a fateful episode.

The producer's early years gave little hint of the course he was to take. He was born into a staid, middle-class German family in Chicago on March 21, 1882.

His father subsequently founded Chicago Musical College, now part of Roosevelt University.

The first Ziegfeld Follies opened in New York on a hot evening in 1907. Socialites ecstatically applauding the opening performance thought they had never seen showgirls so strikingly beautiful, costumes so dazzling, or stage sets so elegant.

It was Ziegfeld's proud boast that he never settled for less than the best. He always garbed his long-legged beauties in the costliest of silks. Lavish displays of fresh-cut flowers nightly bedecked the stage. The furs, jewels and costumes that

adorned his productions were the epitome of elegance.

This same kingly approach marked all his extravaganzas, down to his last personally-supervised Ziegfeld Follies in 1931.

By that time the impresario had brought an appreciative public such talents as Anna Held, Billie Dove, Ruth Etting, Helen Morgan and Billie Burke (who became his second wife).

On the male side he helped catapult to fame Eddie Cantor, Will Rogers, W. C. Fields and Leon Errol.

Ziegfeld had several idiosyncrasies. For one, the value of money was a concept that seemed to elude him. Dollars poured through his fingers like quicksilver.

Once, vacationing in Monte Carlo, he won a million and a half francs at the gaming tables. For the next four months he lived like an emperor. By the time he had bought a ship ticket home he was flat broke - but completely unperturbed.

When he traveled across the United States it was in regal style, with his private railroad car and chef.

Three golden telephones decorated his office desk. It was his occasional whim to dispense little sacks of gold coins to those who happened to be present

Mrs. Clinton G. Martin
County Heart Sunday Chairman

Dear Editor:

To all my friends, neighbors and the many unknown wonderful people that supported me in my recent bid for reelection to the Hicksville School Board, I wish to give my sincere thanks.

To Mr. Muratore, who succeeds me, I send my sincere congratulations upon his election and wish him well.

My three years on the Board has been enlightening and highly educational. To all my Board colleagues, past and present, may I say that I appreciate your endeavors and your tolerance. And to the many wonderful school district administrators, Superintendents, assistants, Principals, and the whole excellent school family - thank you for your patience and understanding.

I hope that in retrospect, you will consider me to have contributed to the tremendous effort. I stand ready to continue to serve in any capacity anyone deems helpful.

Harold Stemberger

Dear Mrs. Noeth:

Now that we have all had a chance to relax after the recent vigorous campaign for Board of Education candidates as well as School Budget and Library Budget, I have had time to reflect and analyze the events of the past few weeks.

Although it was a "bittersweet" victory last Tuesday, there was a great deal accomplished. The fact that the budgets passed indicates the result of cooperative efforts and mature thinking on the part of the taxpayers. Despite the fact that I lost the election, I sincerely feel I gained much more. The many people whom I have met, those that worked so closely with me, mean more than the election.

I want to personally thank you for your help, confidence and friendship. This is a start towards improving the education, developing an awareness of future tasks and creating a clear healthy, cooperative attitude throughout the district. Thank you once again for your sincere and untiring efforts for the children.

Sincerely yours,
Lawrence I. Wolfson

Library Notes

School is just about finished for this term, vacation time is here, and everyone is deciding where to go this summer. The Hicksville Public Library is ready and able to help you with your travel plans: Whether it is a European jaunt or a "see America first" junket, the library has books, magazines, and pamphlets to help you.

There are travel guides available in the reference department that tell about the historic points of interest in the towns, villages, and cities of different areas of our own country and other countries of the world. There are guides that list and evaluate hotels and motels as well as restaurants in the United States. You may also use these guides to secure telephone numbers of the various resorts in order to make a reservation. Books containing lists of campsites for automobiles or trailers are available at the library.

The Hicksville Public Library will have a travel center this summer where you may pick up road maps of the fifty states and Canada. Also available for free distribution are brochures from the states describing the main attractions and dates when these events are taking place. Among the more popular brochures are "Golf Courses in New York State 1969" brochure, the "Civil War Battlefields of Virginia" booklet, and "Vermont Country Tours." The golfing brochure lists all the state operated golf courses in all areas of New York State including the total yardage of each course, pars, and fees. In this way, the golfing members of the family can be sure to arrange for lodgings near an attractive golf course. The booklet about the

Civil War battlefields gives a short history of each battlefield, maps of the battlefield are included, and the hours and any fees are also listed. Many families will want to be sure their children see these famous shrines. The brochure on the Vermont country tours is fascinating. It not only lists suggested tours, but it lists where to find covered bridges, historic sites, campsites, farms where maple sugar is gathered, apple farms that can be visited, and farms which accept overnight guests and provide home-cooked meals.

If it is Europe that you will be visiting this summer, the library has many guides to help you. Very often the climate is quite different than we expect and the travel guides tell what type of climate to expect during the various months of the year. Many suggestions are given about appropriate types of clothing, customs, expenses, and transportation. Many detailed street maps are included for the major cities with the historic buildings clearly marked.

If a Canadian vacation is under consideration, much information is available at the Hicksville Public Library. The ten provinces all eagerly await visitors whether it is for sight-seeing, camping, fishing, or hunting. Tours by automobile, bus, airplane, train, boat, ferry or horseback can be arranged privately or through a travel agent. If you are looking for a cool climate, unpopulated woodlands, and glorious fishing in unspoiled lakes, then Canada is a good choice.

If you haven't yet decided on a vacation spot for this summer,

come to the Hicksville Public Library and perhaps your decision will be made a little easier. Stop in at the travel display at the library and pick up a road map or travel brochure and consult the travel guides and pamphlets to help you plan your vacation.

Installation

The Diocesan Union of Holy Name Societies of Nassau-Suffolk will hold its annual Installation of Officers Dinner on Friday, June 20, 7:30 p.m. at the Old Country Manor in Hicksville.

Guest speakers will be the Hon. Ralph G. Case, Presiding Supervisor Town of Hempstead and the Rev. Ronald Luka, Chaplain of the Newman Club of Post College, New York Chaplain of the Newman Club of Post College, New York Institute of Technology and State University at Farmingdale. John P. Kilbride, who successfully chaired the dinner, is again the dinner chairman and can be contacted for details at 7 Blue Spruce Road, Levittown, telephone number PE 5-8367. George V. O'Haire of St. Brigit, Westbury, is the newly elected President. He and other officers will be installed at this dinner.

David Weiss of 23 Briar Lane, JERICHO, was given recognition during an awards program sponsored by The College of Insurance at the Trinity Parish House, New York City.

Weiss was awarded the basketball all-star team trophy for his contributions to the basketball team.

David Jungman, son of Mr. and Mrs. Sidney Jungman of 174 5th St., HICKSVILLE, was awarded second place in the annual McKinney Prize Speaking contest, the results of which were announced recently in the Class and Charter Day exercises at Hamilton College.

A sophomore, he is a graduate of Hicksville High School where he worked on the yearbook and school newspaper and was a member of the student council.

HICKSVILLE CONNIE MACK

A TEAM WINS TWO FROM LEVITTOWN

Hicksville swept a double header from Levittown at McClaren Field last Sunday. Steve Marlow pitched a 2 hit shut out in the first game. Andy Basile got the win in the nite cap. Pete Swedalla was the big gun in both games, hitting two triples in the first game and a triple and single in the second game.

First game	Second game
Hicksville 3 8 0	Levittown 1 5 0

HICKSVILLE CONNIE MACK B TEAM also won a double header, beating Merril 3 to 0 and 11 to 3. Warren Uss pitched the 3 to 0 shutout in the first game. Frank Feely got the 11 to 3 victory in second game.

JUDY SHIMBERG, Syracuse University Speech and Drama School student, appeared recently on SING-IN, a series featuring young Central New York singers which is produced on a weekly basis by WCNY-TV, Channel 24 in Syracuse. WCNY-TV is the public television station of Central New York.

Judy sang "Everything Ain't Been Said," and "Celia," accompanying herself on the guitar.

She is the daughter of Mr. and Mrs. Lester Shimberg, 143 Hazelwood Dr., JERICHO, New York.

On The Campus

Phillip S. Storch, son of Mr. and Mrs. Irving Storch of 205 Blueberry Lane, HICKSVILLE, was graduated cum laude from The State University College at Potsdam recently.

He received the degree of B. S. in music education with a concentration in trumpet during the College's College's 135th commencement exercise.

His curriculum centered around fulfilling requirements of the College's Crane Department of Music, an institution whose deeply rooted heritage ranks as the first school in the U. S. designed specifically for the preparation of public school music educators.

DO YOU HAVE THESE FIRST AID SUPPLIES?

A trip to the drug store today may save you from a trip to the hospital in the months ahead—if you make it a point to pick up whatever first aid supplies you really should have, yet lack.

Many good brands are available, and your pharmacist will be glad to help you choose the ones that will serve you best.

No matter what other products you decide on, the following—at the minimum—belong in every home. Check the

boxes of those products you have, and the blanks will tell you what you need.

- Adhesive bandages, including large ones.
- A first aid cream or lotion for abrasions.
- One pair of tweezers for removing splinters.
- A universal antidote, in case of poisoning.
- Adult and children's thermometer.
- Rubulidist, good for poison ivy, non-poisonous insect bites and mild sunburn.
- A stomach upset remedy.
- Sterilized cotton and cotton-tipped sticks.
- Sterile dressing—to cover up wounds.
- Ointment or baking soda—for burns.
- Olive oil or mineral oil—a single drop to take objects out of the eye.

SPORTS

By

Howard J. Finnegan

If there is a resurgence in future years for Hicksville High School Track and Field teams it will be the 1969 team that established the groundwork.

The Varsity Track record was 3 wins as against 4 losses. The encouraging aspect was the huge turnout and the dedicated work.

Coach Ken Kingsley has a backbone of 55 boys ready for next season and looks to have a year of better times and greater distances.

This past season Hicksville bested Plainview Kennedy 84½-51½. Syosset threw a damper with a 104½-31½ sweep. Plainedge followed with a 79-57 win but the Comets scrambled back for a 73-63 decision over Herricks.

Clarke had the horses for a 96 to 40 victory and Farmingdale was equally strong in winning 82-54. In the season finale the Comets outdistanced MacArthur 82-54.

Continued effort in the face of some hard defeats helped build a foundation for next year and the first place victory in the North Shore Athletic League Division One and Two Novice meet vaulted Hicksville's stock. The Orange and Black rang up 43 points in the 12 school field.

The Medley Relay team of Bill Sanderson, Ed O'Reilly, Jim Ajello and Bob Shannon won the 1969 Division One championship.

* Those young men were the leaders in the Varsity Letter presentation. Other winners of the big H were: Joe Schreiber, John Johnston, Larry Blauvelt, George Pelcher, John Leever, Larry Stabile, Jim Mattis, Dan Stefer, Tom Merendini, Brian Golden, Bob Scauzillo, Paul Fuller, Fred Feldt, Gary Napel, Jerry Kelly, John Kearney, Brian McCann, Ed Kingsley and Jan Sokol.

Certificates of Participation and banked on as future letter winners are: Jim McAllister, Nathan Jacobus, Mark Macuska, Vincent Murphy, Matt Gaudioso, Bob Otto, Ken Meyer, Sheldon Melnitsky, Kevin Masters, Garret Van Houten, Tom Cotton, William Lyon, and Barry Mahler.

Also Joel Beniamino, Martin Damico, John Fitzpatrick, Jim Germain, Barry Goldstein, Gary Haag, Chris Joannides, Ken Kaiten, Joe Marschhauser, Vincent Sakal, Mike Scanlon and John Wagner.

All their work justifies an invigorated outlook for Track and Field at Hicksville.

In support of the bright Track and Field picture the Hicksville Junior High turned in a creditable 1969 record.

It was Hicksville 97 to 66 over Matlin. Mill Lane edged the Blue 89-74 but the Camels reversed at Bethpage for a 99-64 win. Salk was defeated 97½-65½. Howitt of Farmingdale took the meet down to the final event before winning 87-76. In the last outing Hicksville won over Plainview 101-64 to complete a 4 won and 2 lost campaign.

The Herald would like to spotlight the boys who participated in the sport and we hope to have their names and accomplishments for the next issue.

The departure of Karl Schulz from the Hicksville school system will leave a big void in the baseball development training program at Hicksville. He was the coach of the Junior High baseball team for the last four years and took the raw material and gave it the important initial mould. Junior Varsity coach Bob Hilsky was second in the chain and Varsity coach, Dick Hogan, the beneficiary.

The usual improvement over the season was demonstrated as the Junior high won 4 of its last six to complete a 7 won, 5 lost and 1 tie campaign.

The Hicksville Junior High Lacrosse 1969 record was 1 win, 1 tie and 10 losses.

Salvation Army Camps

Hundreds of Long Island youngsters are now busily preparing for their two-week vacations at Salvation Army camps in New Jersey and upstate New York. The first group will board buses at Army headquarters at 111 Willis Avenue, Mineola, on Tuesday, June 24, at approximately 10 AM.

These vacations are made possible through contributions made to the Army's annual Summer Camp Program Appeal, currently in progress and by support from the Salvation Army Service Unit in each local community. Contributions, earmarked "Camp Program" and mailed to the Mineola office will still be accepted after June 24th and used to defray the cost of \$70.00 for each child's two-week stay at camp.

Ramblin' Rose

by Rosemary Walsh

Well how are you all? We're really very busy here sorta like getting ready for the holidays or a big party 'round home. But it's not a party, it is fun, it's our Summer Program, of course, and the guest list is you the community and most especially your children. Ever since last Tuesday evening, that blessed night, when "Our Town" proved itself to be far superior to so many, we have been hummin' like bees. A staff to hire, program to plan (most of which was envisioned before) facilities to ready, supplies to order, only thing we didn't have to do is bake a cake. I guess one of the hardest jobs (but never believe for one minute there's a complaint in any of this, after two years on austerity this is heaven)

is to hire the staff. There are so many wonderful dedicated people—teachers, specialists and secondary students who have already been assigned to other positions, but there are still more than we need to select the very best for our children. Well we've got them, they're as excited as we are and ready to open up our opening day. Registration day will be July 1, 9 A.M. to 12 Noon. There will be the usual \$1.00 arts and crafts fee. Wednesday, July 2 will be a full day of program. Our trips will begin the week of July 7. Now let me fill you in on some of the programs we plan this summer in addition to the regular morning playgrounds and of course our trips, which will include instructional swimming,

ice skating (in cooperation with Cantigue Park), Adventureland, Rye Playland, Westbury Music Fair, the ever favorite Shea Stadium and many new spots. We shall have our Drama groups starting with the Children's Theatre and going all the way to (now get this) a 16 mm moving picture on Hicksville, Our Town, all of these coordinated by Charles Amld. We shall also have the Community Chorus which will hold its first meeting at 7 P.M. July 1, in the Coral Room of the H. S., under Stephen Goldstein, the Teen Dances on Wednesday nights and our Community Band directed by J. David Abt, that super specialist of Glenn Miller style (don't worry there'll be concerts by them for we oldsters to enjoy). His first rehearsal is scheduled for Wednesday, July 2, 8:30 - 10:30 P.M., any musicians interested should contact him at 368-4292. Another interesting program will be a program for young and old, male and female to take place evenings at the Senior High School 6-8 P.M., this will include weightlifting, agility movements, calisthenics, jogging and running games. Next week in this spot we will attempt to give you the program in total. Dates, times, costs for trips and all final details. We are also hoping that Ramblin Rose can get some of her "buds" from each playground to contribute to this now fully blossoming bush. Must ramble away to see this new staff— isn't it fun to be back in a fun filled town—loves ya!

Complete Hospital Care

For the first time, four hospitals, each serving a different medical need, are coordinated under one administration, in one private hospital center. Fully accredited, Brunswick serves nearly 600 patients in an aggregate of 20 buildings on forty beautifully landscaped acres.

GENERAL HOSPITAL for medicine, surgery, obstetrics and psychiatry. Mentally ill patients can be admitted to special pavilions under Blue Cross or other insurance plans.

PSYCHIATRIC HOSPITAL for the mentally and emotionally ill, for the alcoholic and drug addict. An individual therapy program is designed for each patient by one of our fully-qualified resident psychiatrists.

NURSING HOME for the geriatric convalescent, cardiac and diabetic patient. In addition to 24-hour skilled nursing care, the services of a resident physician are available.

NOW... a new hospital of physical medicine and rehabilitation for extended illness.

CHRONIC CARE HOSPITAL staffed by specially trained physicians and rehabilitative nursing personnel; designed exclusively for the long-term, restorative treatment of the chronically-ill and physically disabled. Most Major Medical insurance plans will cover patients admitted to this hospital.

Facilities and Treatments include:
1. Swimming pool and Hubbard tanks for hydrotherapy.
2. Gymnasium for physiotherapy.
3. Daily living activities program and crafts.
4. Speech therapy program. 5. Inhalation therapy.

Petition For Budget

"We, as students of the Jericho High School, feel that it is necessary for the School Board to resubmit the budget. We also feel that you, as representatives for better education, are obligated to resubmit it. We are prepared to help with the campaign to pass the budget any way we can. Thank you."

With these words, 300 students of the Jericho High School presented a petition to the Board of Education on Monday, June 2. Motivated by the recent defeat of the proposed 1969-70 school budget, the teenagers took concerted steps to make their support of the budget known to members of the Board.

Friends Establish

Raik Memorial Fund

Funeral services were held Friday, June 13th for Melvin Raik, 40, who died suddenly of a heart attack on Wednesday, June 11th. Mr. Raik who resided at 82 Forest Drive, Jericho, with his wife and three children, was long active in Jericho Chapter of Cancer Care and Knights of Pythias.

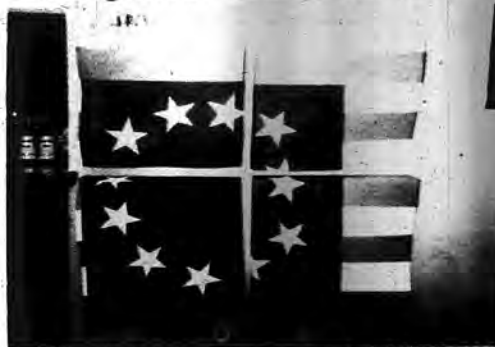

Friends in the community have established, THE MEL RAIK MEMORIAL FUND, for the purpose of donating a unit of hospital equipment, in his memory, to St. Francis (Cardiac) Hospital, Roslyn, L.I., N.Y. Contributions may be made by check and sent to Janet Brenner, 86 Forsythia Lane, Jericho, N.Y.

Dean's List

Miss Debra Sue Putterman of Jericho has been named to the Dean's List at Ithaca College for the spring semester. She was among the top 10 per cent of the students in scholarship in her department.

Miss Putterman, who is entering her sophomore year at Ithaca, attained a cumulative average of 3.4 out of a possible 4.0. A Liberal Arts major, she is the daughter of Mr. and Mrs. Alvin Putterman, 53 Hightop Lane.

Recognition Comes To Jeff

You've heard of the pride of the Yankees? Now, meet the pride of the Mann's!

Out of 1200—repeat—1200 paintings entered into the Nassau County Art Competition on Sunday, June 8, held at Salisbury Park, Jericho's own Jeff Mann took 2nd prize. That's right—1200 did not measure up to Jeff's work of art!

Jeffrey is the son of Mary and Morty Mann of 194 Birchwood Park Drive, Jericho. Jeffrey's talent was discovered during the latter part of his high school years and he began his formal education in Fine Arts at Kent State University, Kent, Ohio, but, be it ever so humble, there's no place like home, and Jeff transferred to New York Institute of Technology, Westbury, N.Y. to

continue the process of developing and polishing his artistic abilities where he is currently a student.

The painting is done in acrylics, in four parts and when hung together is the Betty Ross version of the American Flag. Quite a bit of construction went into this artistic endeavor as each part is two feet by two feet and six inches deep with the sides contained in a free form pattern. The canvas is stretched over the frame to give a fluttering effect. The painting created quite a stir among the spectators and all who carried cameras took pictures. Jeff was also interviewed by Newsday.

The painting is recently on display in Eugene Nickerson's office, ribbon et al.

Art Lecture Tours

The Jericho Chapter of Hadassah is proud to sponsor a series of art lecture tours on Tuesdays starting this September. We are fortunate in obtaining the renowned artist, Miriam Axelrod, who will direct the tours. Early reservations are recommended by calling 935 5671.

The Chapter is having their annual pool party, including lunch, card party, and mah jong

to be held Wednesday, July 16th at the home of Mrs. Philip Dalton, 7 Victoria Lane, Brookville, N. Y. at 10:30 A.M. Donation is \$6.00. In case of inclement weather, it will be held the following day. For information, please call 935 5671 or Ov J 0124. Proceeds will go towards the Hebrew University at Mt. Scopus.

For a supple, cat-lovely body: Put groceries you use most on top shelf... stretch up, up, UP to reach them.

Dry-skin-all-over? 80 percent of American women have. Moisturize it immediately after bathing - that's when skin is most susceptible to moisture recovery.

You'll have a satiny, groomed look if you: brush eyebrows to soften the line... brush excess powder out of hairline... brush hair daily to brush out dust, hair spray, loose flakes, add glass.

Arabian women in early centuries outlined their eyes with black kohl whose ingredients included real pearls and the wings of a bat.

No wigblock. Pin wiglet or fall to dish towel (from underneath), sit down, tie towel snugly around your knee... set hair on this exceptionally sturdy kneeblock!

Cathedral College Preparatory Seminary, both in Brooklyn. He pursued theological studies at St. Vincent's College, Latrobe, Pennsylvania, and the Canisium, the Jesuit seminary associated with the University of Innsbruck, Austria, where he was ordained on March 25, 1928.

Following his return to America, Father Schwebius was assigned as assistant pastor to Our Lady of the Miraculous Medal Parish, Ridgewood, where he remained for the next twenty-five years. The late Most Rev. Thomas E. Molloy, Bishop of Brooklyn, appointed him to establish the new Hicksville parish on September 23, 1953. At that time the congregation worshipped in a tiny barn on the northeast corner of South Oyster Bay and Old Country Roads, Plainview. During his pastorate, Father Schwebius built a church, school, and convent.

On the occasion of his 40th anniversary in March of 1968, Father Schwebius reminisced about his early years in Hicksville: "I was shown a dot on the map and told to 'build something'. We spent the first four years in a barn, but today we have a complete plant, including a school and convent. The people have been wonderful to me. A priest may be very involved with the material side of a parish, helping it to develop, but the great consolation comes in the spiritual side of life, bringing souls closer to God. And God has been very good to me, giving me such good souls to work with."

Father Schwebius's body laid in state in Our Lady of Mercy

Church until 10:30 on Tuesday when the Divine Office was chanted and a Pontifical Mass of the Resurrection was celebrated at 11 A.M. with the Most Rev. Walter P. Kellenberg, D.D., Bishop of the Diocese of Rockville Centre, as principal celebrant.

The concelebrants were Rev. Anthony J. Ryder, Pastor, St. Frances Cabrini Brooklyn; Rev. James F. Bradley, Pastor, Maria Regina, Seaford; Rev. Daniel J. Polieron, Pastor, St. Paul's, Jericho; Rt. Rev. Msgr. Sylvester J. Ronaghan, Pastor, Our Lady of Miraculous Medal, Brooklyn; Rev. Charles J. Jessberger, Pastor, St. Thomas the Apostle Woodhaven; Rev. Charles F. McGowan, Assistant Pastor, Our Lady of Mercy, Hicksville. Father Jessberger will also give the homily.

Burial was in St. John's Cemetery, Middle Village. Father Schwebius is survived by a half-sister, Arne Schwebius of Woodhaven, N.Y.

Photography Awards

Photography awards were presented to two students of Trinity Lutheran School, Hicksville, in the nationwide Junior Scholastic Photography contest. Hank Rossi won a third prize in the pictures of animals division and Lee Rogers won an honor award in the scenes division. Both boys are from Hicksville. Lee Roger's picture

entitled "Northeast" was printed in the Junior Scholastic Magazine, read by Junior High students throughout the country. Both boys are eighth grade students and belong to the camera club of the school.

In this club the students receive instruction in the technique of photography, develop their own film, and print their own pictures.
