Important Notice

The Hicksville Board of Education will hold their reorganization meeting on Tuesday, July 1st at 8 p.m. in the Board Room of the Division Avenue Administration Building.

Herald Report of School Board Dist. 17 Hicksville

By Shirley Smith

Farewells and welcomes were in order at Tuesday's meeting of the Hicksville School Board. Harold Sternberger expressed his appreciation for his past three years as a Board member and wished good luck to incoming trustee, Thomas Muratore. A welcome was also extended to the newly-hired Assistant Superintendent for Administration, Mr. Louis Blumberg. Mr. Blumberg will replace Mr. Charles Ahren, effective July 1, at an annual salary of \$26,000. Mr. Blumberg is presently Superintendent of the Levittown School District.

The matter of returning unfinished workbooks to the students was brought to the Board's attention. Some parents were requesting that they be allowed to have their children's workbooks at the end of the school year. District administrative policy states that no unfinished workbooks shall be returned to the students, but shall be disposed of at the end of the year. Parents may borrow textbooks from the schools, if they wish their children to do extra study during the summer. Superintendent Donald Abt will meet with concerned parents and discuss with them the administrative policy regarding workbooks, Friday morning, June 27.

Petitions to resubmit Proposition 3— for additional rooms at the Junior High—were submitted to the Board for their consideration. The 2000 names submitted were obtained by a number of Junior High students working with the Independent Citizens for the Children of the Junior High School. Cornelius McCormack, Board President, said the Board would need legal

advisement regarding the petitions and they would have to be studied. Harry Kershen said he had been contacted by Marvin Goldberg, former Board member, who offered his services and those of 35 other people to conduct a house-to-house survey to determine the taxpayers' feelings about another vote. Some members of the audience voiced opposition to the resubmission, calling it an insult to the Hicksville voters and another tax burden. They also felt that there was no need for the additional cafeteria space at this time.

The Board voted to raise the hourly pay scale for lay help, from \$1.75 to \$1.90. Lay help will still remain part-time employees.

The hiring of an additional math teacher for the remedial summer program was approved. There will be 510 students in the program this summer, 65 more than last year.

Approval was given to purchase new library books for the 1969-70 school year. Also, to purchase supplementary textbooks for science, language arts and social studies.

The Board set the following hours for the 1969-70 school year:

Kindergarten 8 to 10:30 (one special session at Old Country Rd. School only) 9:30 to 12:00 (at all schools) 1:00 to 3:30 (at all schools)

Grades 1 thru 3 9:30 to 3:30
Grades 4 thru 6 8:20 to 2:50
Grades 7 thru 9 7:45 to 2:15
Grades 10 thru 12 8:15 to 2:45

Harold Sternberger moved that the Community Relations Advisory Committee be given \$250 for the purpose of publishing six issues of Community Education News during the 1969-70 school year. The motion passed.

P.O. Dedication Postponed

Hicksville Postmaster Ralph Cascardo reports that, due to construction problems, the dedication of our new Post Office, which was scheduled for this Sunday, June 29, will have to be postponed.

D.A. Discusses Narcotics

On Monday, June 16 racket-busting Nassau District Attorney William Cahn discussed the growing problem of narcotics addiction to an audience of parents in Hicksville Senior High School.

Mr. Cahn first discussed the overall problem of juvenile delinquency from 3 points of view: that of a law enforcement officer, of a father, and of a son. He stated that "to find a solution you must find the cause." "The basis of delinquency is the lack of respect for authority which starts in the home. We must recognize the rights of children - and the problems of children. When parents seek help it does not mean a transfer of parental responsibility. To gain the love of our children we have gone too far overboard by saying "yes." We can't gain respect of children by being pals. There are not enough childhood joys left to enjoy, therefore they turn to mature items. This provides a weakness, therefore the search for new horizons - NARCOTICS."

The DA was emphatic when he said, "There is no cure for narcotics addiction - it's a one way street with no return." "The addict doesn't live, he only exists. Addiction is contagious. Each addict is responsible for four more addicts. You can recognize heroin addicts by their yellow coloring, watery eyes, running nose, rotting teeth, tics, stomach disorder, and body odor."

"Can more be done?" asked the DA? "Emphatically YES, but apathy, lack of interest, and a 'not my child' attitude restricts law enforcement officers. (New York State has 51 percent of the country's addicts. This is due to the greatest amount of narcotics filtering in through the port of New York.) The high cost of narcotics and its ever increasing need by addicts leads to crime."

A unique group of Deputy Educators Against Narcotics (DEAN), was started by Mr. Cahn a few years ago to enlist the aid of school children - who join voluntarily - in the fight against narcotics through education. "It's not hard to join the present 3000 members," said the DA, "all you have to do is ask."

"We must teach with truth," said Mr. Cahn, "and in addition

to that there are other important ways for parents to help: carry out your duties and responsibilities as parents; teach respect by showing respect; follow and live your faith as a family unit; give information, and cooperate with the

authorities."

Before responding to questions from the audience, District Attorney Cahn concluded with this quotation: "We have learned to fly like bird; swim like fish, then let's hope we may walk the earth like men."

THE REV. ROLAND J. PEREZ, S.T.M. who became Pastor of St. Stephen's Evangelical Lutheran Church, Hicksville on June 16.

Pastor Perez is a 1954 graduate of Long Island University with a B.S. degree. In 1963 he received a Bachelor of Divinity degree from Philadelphia Seminary and was ordained. He has served two other Long Island Churches, and this past month received a Masters degree in Sacred Theology from Philadelphia Seminary.

Together with his wife, the former Miss Edna Weber, and his four children, Elaine, Lynette, John, and infant Janet, he will live in the Parsonage on Monroe Avenue. Elaine and John will attend Hicksville Public Schools in September.

Niss Resa Freedman, daughter of Mr. and Mrs. Herbert Freedman, of 18 Jefferson St., HICKSVILLE, recently graduated cum laude from Stoney Brook University. Miss Freedman, a 1966 graduate of Hicksville High School, has accepted a position in the West Hempstead School system in the foreign language department.

Congratulations to Mr. and Mrs. James Halpin, of JERICHO, on the birth of their daughter, Jane Elizabeth, at Huntington Hospital.

Gennaro Cuomo, 3 Fourth Dr., PLAINVIEW, and Brian Jeffrey Bender, 11 Ardis Lane, PLAINVIEW, have been appointed to the Air Force Academy, Colorado Springs, according to Congressman James R. Grover, Jr. of Babylon.

Congratulations to Andrea Oddo whose engagement to Barry S. Block of Old Westbury, was announced by her parents Mr. and Mrs. Andrew Oddo of JERICHO.

Kathleen Margaret McCauley, daughter of Mr. and Mrs. Francis L. McCauley of PLAINVIEW, became the bride of Jeffrey Lawrence Giordano, son of Mr. and Mrs. Jos. Giordano of Merrick on June 7.

Congratulations to Philip Goldman, father of Glenn Soler and Sybil Wolfson of PLAINVIEW, who will celebrate his 76th birthday on July 3rd. Mr. Goldman, a World War I veteran, really is the spirit of '76 according to his daughter.

Send get-well cards to Mrs. John McGovern, (wife of the popular principle of East St. School), of 16 Sky Lane, Levittown, who is now at home after surgery and well on the road to recovery.

Mr. and Mrs. Oliver Heelgerson and friends and all of us send congratulations to Mr. and Mrs. Charles Baumgardner of HICKSVILLE, on the occasion of their sixty-fourth wedding anniversary. We wish you everything that can make for a continued happiness and, above all, good health. We are glad you both are home and doing nicely.

Eugene Bogart, son of Mr. and Mrs. Robert Bogart of 30 21st., Jericho, was guest of honor at a graduation party held at his home on Saturday, July 21. Among the guests present were, his maternal grandmother, Mrs. Martha Martino, of HICKSVILLE; his aunt and uncle, Mr. and Mrs. George Barr,

of Mineola; Mr. and Mrs. Graham Snedicker, and children, Glenn and Lynne Ann, of JERICHO; Mr. and Mrs. Salvatore Spina, of JERICHO; and his cousins, Mr. and Mrs. Anthony Scotti and children, Evalyn, Mariann, Anthony, and Lauren, of Levittown. Many of his friends were also there to help with the celebration. Gene graduated Sunday, July 22 from JERICHO H.S.

Leadership was the theme of the New York State 4-H Laboratory held June 20-25 in Cortland, N.Y. Among the Nassau County delegates present were Judy Chanin, 73 Erolic Farm Rd., HICKSVILLE, and Steven Rubinstein, 14 Brook Path, PLAINVIEW.

Coach Les Wallack, of Rutgers University, elated over his team's 7-1 record and its New Jersey and Metropolitan Championship titles, awarded a total of 38 letters recently. Ron Morvillo, of HICKSVILLE, was among the four New York residents to receive a letter.

Congratulations to the Ladies Auxiliary of the HICKSVILLE Fire Department, who won third place at Lindenhurst, June 7, and third place at Greenport, June 14.

The Young Artists Chamber Symphony Orchestra, conducted by Salvatore Signorelli, of 3 Adams St., HICKSVILLE, will present two "Picnic Pops" concerts, outdoors, on the lawn of the Old Westbury Gardens (the estate of the late Mr. and Mrs. J. S. Phipps) as special family treats this summer.

The dates are July 9 and 23 (rain dates, July 10 and 24). Both concerts will begin at 7 p.m. with a special invitation to those who wish to pack picnic suppers and blankets to spread out on the lawn. The gates will be open at 6 p.m. Adult contributions will be \$1.00, with children under 16 admitted free.

Congratulations Jo Ann Marie Shea, daughter of Mr. and Mrs. John Shea, 53 Haverford Road, HICKSVILLE, who has accepted an elementary teaching position in the Norwich City Schools for September 1969.

Jo-Ann, a graduate of Queen of the Rosary Academy, majored in the elementary education program, and received a bachelor's degree recently at the Oneonta College, State University.

Her college activities include membership in the Debate Club, Gamma Sigma Sigma service sorority, and Resident Assistant in her dormitory.

Congratulations to Gary Goldberg of 8 Belmont Place who received the AMERICAN LEGION AWARD for Distinguished Achievement in Scholarship, Leadership, Service and Patriotism, in addition to the award for Excellence in French and Leaders Club, at the moving up exercises of the Burns Avenue School. Recently, Gary earned the Presidential Award for Physical Fitness and an Award for Track and Field, having broken the school's 50 yard dash record. Gary, a member of the Burns Avenue Basketball Team, is the son of Marvin and Louise Goldberg, well-known Hicksville residents.

THE REV. RICHARD G. KROGMANN, son of Mr. and Mrs. August B. Krogmann of Centre Street, Hicksville, was recently installed as Pastor of First Lutheran Church in Lafayette, Louisiana by Dr. Philip Wahlberg, President of the Texas - Louisiana Synod of the Lutheran Church in America. A reception was tendered Pastor and Mrs. Krogmann (the former Patricia Stokely of Oak Ridge, Tennessee) immediately following the installation.

Pastor Krogmann, formerly graduated from Hicksville High School and Wittenberg University in Springfield, Ohio, was graduated this month with a Master of Divinity from Lutheran Theological Southern Seminary in Columbia, South Carolina. Prior to his ordination he interned at Trinity Lutheran Church at Hickory, North Carolina. The service of ordination took place at St. John's Lutheran Church in Clinton, South Carolina, prior to his going to First Lutheran Church.

The graduation, ordination and installation of the Reverend Krogmann were attended by Pastor Krogmann's family, all residents of Hicksville.

THE ENDLESS VACATION

You've been driving home all day, and you feel it's cooler on the Sahara and quieter at a Green Bay game. The kids are tired. The fussing in the back seat gets more annoying with every mile. Give up? Then consider a Thermo King auto air conditioner.

It cools faster than a factory system and it costs far less! You ride quiet with windows up, in air washed clean of dust and pollen.

For economy you can switch your Thermo King to your next car. That's important, because once you've had a Thermo King-cooled vacation, you'll never want to try the other kind again.

The Valedictorian Speech Of Irene Pick, HHS--June 1969

Mr. Busch, Mr. Ahl, members of the board; faculty, parents, guests and fellow students --

Graduation is a time most of you have no doubt been awaiting with mixed emotions.

The weeks before have been spent reminiscing, and making plans to keep in touch with close friends; yet somehow talk of the future always managed to creep into the conversations.

If you take the time to look back to this past year, I think you'll find that it was one of the most important years of your life. You've probably commented on the changes you've noticed in yourself and those around you. Perhaps you're just more aware than you were last year. More likely, it's a little of both.

It could be that the word "awareness" will make the difference between a dull future and a bright one.

Once you become aware of yourself and your capabilities you become aware of the world around you--and more interested in the role you can play in that world. It's then that you realize what tremendous opportunities await you.

Many of you who plan to attend college in September may already have a career in mind; those of you who have a job lined up, or who are entering the armed services may think that my words now don't concern you at all. I think they do. Valedictorian speech

Wilson D. Wallis, in his book, *Culture and Progress*, reduced the period of mans existence on earth to a time yardstick of one hour. The scale begins with the first appearance of man, and ends in 1930, when the book was published.

The Old Stone Culture took up 55 minutes of the total hour. The remaining 5 minutes of

man's history were divided as follows:

1. Five minutes ago, he embarked upon the neolithic culture--the cultivation of plants, domestication of animals and making of pottery.
2. Three and one half minutes ago, he began to work with copper.
3. Two and one half minutes ago -- to mold bronze.
4. Two minutes ago -- he learned to smelt iron.
5. One quarter minute ago -- he learned to print.
6. Five seconds ago, the industrial revolution began.
7. Three and one third seconds ago, he learned to apply electricity.
8. He has had the automobile for less than one second.

One could carry this still further; one one hundredth of a second ago, the computer age began (1944).

Now consider the rate at which man will continue to progress: Today we have computers that can see, hear, read, speak, translate, answer telephoned questions, take dictation and even design complex structures.

Who knows what computers will be capable of in the future? The advent of the relatively new field of bio-medical engineering may enable a man suffering from an incurable disease to be quick-frozen and stored until a cure has been discovered.

There is no reason to doubt that damaged, vital organs of the body will someday be replaced by man-made parts.

What does all this mean? It means that man will never stop striving to make his life a little more pleasant. This desire to improve existing conditions will always produce change.

What you become in our society will depend largely on your

Mr. Raymond R. Busch, principal of Hicksville Senior High School, is happy to announce that many students have won awards, grants, medals, and honors in the fields of mathematics, science, foreign languages, and general academic and vocational achievement. Following is a partial listing:

Mathematics

Jeffrey Newcorn, senior, was a silver medal winner in the Long Island Math Fair. His project was the Logical Paradox, a problem that was a concern to mathematicians and philosophers for years. He explored the foundation of the problem and offered a solution. Jeffrey has also been awarded a National Science Foundation grant to attend the University of New Hampshire for six weeks this summer. He is one of forty-eight students selected from national competition.

Barry Lebowitz, junior was a mathematics medal winner at the Long Island Math Fair. Barry's project was entitled, "Perception of the Universe Through Non-Euclidian Geometry and Relativity," and he examined the relationship between Einstein's Theory of Relativity and Euclid's Geometry.

Steve Brechner, president of the Hicksville High School Mathematics Club, finished in fifth place in a math meet that had 650 students participating. He will receive a trophy for excellent performance and a gold pin for solving at least twelve problems correctly in competition.

Foreign Languages

Latin students won outstanding honors at the Eighth Annual Latin Contest of the Nassau-Suffolk Classical Society held recently. Their sponsoring Latin teacher was Miss Lauretta Biasi. A bronze cup awarded to winning teams of three first-year Latin students was tied for by Hicksville and East Meadow High Schools. Andrea Rapazzo, Susan Schindelman, and Jonathan Tillem were on the Hicksville team.

A tie between Hicksville and Roslyn High Schools resulted in the competition for the silver cup on the intermediate level. Amy Aaron, Marc Drier, and Peter Travis were the three successful students from Hicksville. Gold medals for highest individual scores in the advanced levels were won by the two students entered, William Greenhouse and Edward Rosenblatt.

Irene Pick
German Award

Irene A. Pick and Susan H. Vooris, seniors, won awards in German and Spanish respectively, at Hofstra University. Miss Vooris received second prize on Long Island for her poem in Spanish. Originality, pronunciation, expression, and delivery were factors used in selecting winners from among students from twenty high schools. Miss Pick won third prize on Long Island from among 32 students of German IV in the national contest sponsored by the American Association of Teachers of German in the special category of students of German parentage.

Science

Ellen Sternberger, sophomore, has received a National Foundation Science Scholarship. She will be studying in the Student Science Training Program in Mathematics. She was accepted for a scholarship at Utah State

University, San Diego State College, and University of California at Berkeley. Miss Sternberger has chosen to study at San Diego State College. Among the courses she will take are Foundations of Geometry, Introductory Logic and Set Theory, and Computer Programming.

Nat'l. Honor Society
Chester L. Robbins, has been selected by the Scholarship Board of the National Association of Secondary School Principals, as an alternate recipient of a National Honor Society Scholarship. As an alternate, Chester qualifies for a possible stipend and is entitled to the right of being a National Honor Society Scholar. He thus brings great honor to himself and to his school.

Ramblin' Rose

by Rosemary Walsh

Hi, how are you all enjoying this lovely summer weather? Mighty wet isn't it. As I told you last week we were very busy getting ready for the big party - and the guests were all go - I best tell my guests where and when. The most important people (the rest of you forgive me) are my little ones. Now Mommys, listen closely, here's how we start. On July 1st we will have registration day at each Playground for all youngsters first through sixth grade (parochial and private school included, of course). The Playgrounds are located at Burns Avenue, Dutch Lane, East

Street, Fork Lane, Junior High School (this is for the Lee Avenue gang, their school building is used for regular summer school), Old Country Road, Woodland Avenue. At Willet Avenue we have a special program for Kindergarten through 3rd grade (including those entering Kindergarten this year). It is suggested, however, you may choose, that each child go to the school nearest his home, except for Willet Avenue, where all K-3 are invited. Each day on the playgrounds we will have games, arts and crafts, story hour, movies and of course at least once a week a trip. In order for the first week's trips to get under

way, they start Monday, July 7, you will need to sign up by Thursday, July 3. The trips scheduled thus far are Monday, July 7, Adventureland for Junior High and Willet Avenue, and Swimming Instruction at Canguague Pool for Dutch Lane and Fork Lane; full information on time of departure and return will be on the ticket when purchased. Mothers (or Dads) please note that the ticket received by the child is also an identification tag and must be worn the day of trip. It contains on one side all the important data about the destination etc. and on the reverse, which should be showing, space for the

youngsters name, address, etc. - We've never lost anyone and we never intend to and this system is the best. On any cancellations if the trip is made we can refund any admission fees but we cannot refund the fare, (obviously that seat goes empty but we must pay for it.) Now let me see, on Tuesday Old Country and Burns Avenue will go swimming and East Street and Woodland will go to New York City to board the Circle Line for the trip around Manhattan Island. On Wednesday Junior High and Willet Avenue will go swimming, then on Thursday Dutch and Fork Lane will go to Rye Playland. Once again, get the youngsters down to registration, the posters, flyers and final information will be up in the schools from Registration Day on. Ask the leaders, they'll be happy to help you or if you feel you'd like to call old Ramblin' I dream these things up so I can answer your

Letter To The Editor

Dear Mrs. Noeth,
- May I congratulate you on the recent successful library budget campaign. In my opinion, it would not have been possible to win the vote without the assistance of the various organizations, youthful volunteers and those individuals who endorsed the library budget publicly and made telephone calls. I hope you will continue to maintain your interest in good library service.
- You may rest assured that your library will resume normal book purchasing, opening hours and other services as soon as the new budget goes into effect in July.
Sincerely,
Kenneth S. Barnes

questions even in my sleep. I do think my gang is going to have a ball this summer. I know I am. I'll just ramble along.

SEVERAL FOURTH GRADES at East Street School have been raising silk worms as a science project. The eggs from which the caterpillars hatched were supplied by a 4th grade teacher, Mrs. Pearce. The children are now waiting eagerly for the moths to emerge from the silk cocoons spun by the caterpillars.

Other Hicksville elementary school classes are participating in the project of raising the *Bombyx mori* silkworms. The projects were started several years ago with eggs furnished by The Gregory Museum. The *Bombyx mori* moth is the only silk spinner that passes through the four stages of metamorphosis during the school year giving children a chance to observe this wonder of nature. This moth is the species used in the orient for the silk spun by its caterpillars. (from left to right) Karen Ribars, Kathleen Mize, Peter Sluder and Scott Tyson.

Dear Graduates:

Now that you have completed another phase of your continuing education we'd like to give you several brief ideas for your consideration.

The word education is derived from the Latin, "e-ducare", or, "to lead out". While knowledge or facts may be stuffed into the individual mind, true education (and wisdom) must come from within you. For, as the Latin derivation makes clear, education is the process of helping to stimulate your mind so that what is within you can be "led out" and be put to constructive use by you in your life-your home, your church, your community and your country.

Think about this for a moment, because the key word is YOU - and what you decide to do, not only with your long-range goals, but with each day of your life.

Our wish for every one of you is not that your life will necessarily be an easy one; for you and I know that this seldom happens, but that you will continue your education, whether it be

in one of our fine universities or at your future job which we hope you learn to perform well and with pride. For in truth, your education NEVER ends, and each day is a challenge to you to build on your past successes and learn by your past failures so that you can achieve your goals and enjoy your daily life going forward toward whatever is best for you and your world.

One more wish for all of you. We hope that you always question everything you hear, read or see, not beligerantly and not that you won't be wrong at times, but for your own sake and for the sake of our world to which you can contribute so much some day. As the philosophers of old say in many different languages - "Your mind is like a muscle - it should be exercised daily!"

In conclusion, best wishes to you all for an education and a learning process that never ends and a life that is pleasant and productive.

Sincerely,
Sheila Noeth

BOCES Girls Find Key To Jobs

"WE COULD USE FIFTEEN MORE just like them," said Mrs. Dolores O'Connell, supervisor of the key punch operations at the Service Bureau Corporation, in Garden City's Roosevelt Field industrial area.

The "them" she talks about are fifteen girls from the Data Processing program at the BOCES Tech and Trade Training Center in Westbury. The girls are graduating from their local high schools this month.

Asked how many of them she would employ after graduation, for full time work, Mrs. O'Connell said, "I think we'll hire all of them." Asked why, she answered, "The come to work and they work hard. They're serious about it, but happy doing it. They welcome responsibility, and they're absolutely dependable. THEIR APPEARANCE AND ATTITUDE ARE JUST FINE. I think they're outstanding in this day and age. They're a credit to themselves and their schools."

The girls and their home high schools are Camille Adamo, Hicksville; Maria Barraco and Deana Caracappa of Valley Stream Central; Regina DeCarolis, Southside; Ida Greco, Valley Stream South; Ann Marie Jerek, Bethpage; Doreen MacFarlane, Plainview-Old Bethpage; Lorraine Manzollilo, Mineola; Joan Montgomery, Bethpage; Angela Noll, Hicksville; Tina Perez, Westbury; Charleen Phillips, Malverne; Jeanne Sherdel, Valley Stream Central; and Mary Vilimas, John F. Kennedy in Plainview. Under the BOCES cooperative work-experience program, they spend half the school day learning on the job, the other half completing the required courses at their local schools. They're paid to learn.

Free heating survey can solve your heating problems.

"Gas is cleaner—in fact, it's better in every way. But as a housewife, I really appreciate it most because it takes less work to keep my house clean."

Discover how surprisingly little it costs to convert to modern gas heat. Your family will appreciate the difference. Gas heat is clean. Gas heat is dependable (no deliveries—it's piped directly into your home). Gas heat is economical. It has been selected by many of your neighbors.

Our man in your area, Joe McCarthy

Joe McCarthy has been helping Long Island Families with their heating problems for 3 years. He can give you the facts on clean, dependable, economical heat for your home. Of course, there's no obligation. Call Joe McCarthy at HT 4-1300. Next winter you'll be glad you did.

New Father Bowls '300'

Celebrating his father's day gift of a new baby boy, John Baierlein, Jr., 22, from Hicksville bowled his first "300" game at North Levittown Lanes last night in the Tuesday doubles classic.

John is the anchor man for the Island Trees Bowling team. He comes from a very enthusiastic bowling family of two brothers, and started at the ripe old age of ten.

A two year intermission in Viet Nam interrupted his bowling. Returning safely, he resumed his civilian life by recently marrying and on father's day became the proud father of a baby boy.

Banks May Merge

The Long Island Trust Company, Garden City, N.Y. and Bank of Westbury Trust Company, Westbury, N.Y., announced today that the Boards of Directors of both banks have reached an agreement in principle to merge the two banks.

According to Frederick Hainfeld, Jr., Chairman of the Board of the Long Island Trust Company, and Arthur F. Chapman, Chairman of the Board of Bank of Westbury, the two banks are in the concluding stages of negotiations leading to an exchange of Long Island Trust Company stock for that of Bank of Westbury. Details of the offer will be made public at a later date.

Bank of Westbury, with four offices in Nassau County, had total assets of \$41,797,504 on December 31, 1968. The Long Island Trust Company, with 21 offices in Nassau and Suffolk counties, reported total assets of \$280,546,757 at the end of 1968.

SPORTS

By

Howard J. Finnegan

The Hicksville High School Alumni Association will tender its own personal testimonial to Athletic Director, Louis Millevoite, for four decades of service to the school and Community at its Homecoming Dance and Dinner, Saturday, October 18th.

An additional one hundred seats have been secured for the night at Carl Hopp's beautiful Westbury Manor.

Alumni and friends of Hicksville High will surely gobble up all available tickets. More than a hundred reservations have already been made. The association, through any member of the Board of Directors, will take priority reservations. That means your name on the list will hold a ticket until September 1 when notification for complete payment will be sent out.

This is the first time that the Association had designated a special night for an individual. There is bound to be a disappointment since Lou has won many friends in scholastic club and community circles in his athletic associations. But room to accommodate all of them just could not be found so the Alumni undertook to give its own show of appreciation.

It has been a long time since Lou kicked that field goal forty-four years ago to beat Westbury and give Hicksville its first football victory. The recollections that his association with the high school and Field Club will evoke will add warmth and flavor to next year's grid season.

Incidentally it was through the good offices of Bill Geyer, Alumni Board member and a team mate of Lou on that first Hicksville varsity, that the Association was able to obtain additional room at the Westbury Manor on an important Saturday night.

The Sunday games at the High School featuring the Hicksville Connie Mack Club are very worthwhile. The team got off to a 6-0 start and the season holds much promise for it.

Robert Miltenberg, Ex-Hicksville Lacrosse standout, has graduated from Adelphi University and will be on the staff of the Holy Trinity Diocesan High School on Newbridge Road, Hicksville.

Bob gained valuable experiences as a member of the Adelphi Lacrosse varsity and

should Holy Trinity add the sport in the future he will be able to lend a strong hand in its organization.

The contest of the Hicksville Astro Motor Lodge to unseat the World Champion County Sports as Slow Pitch softball kings is reaching for the fireworks.

In a week-end meeting at Jones Beach more than 5,000 crowded the stands to see the two clubs split. Hicksville won the first contest 9-6 and the defending champs came back for a 14-8 victory in the nightcap.

A climatic meeting in the first half of the Nassau County open League is carded for July 11 at Cantigue Park, Hicksville. The two clubs will meet that night in a double header.

Just where all the fans will be accommodated is question. The North Stands have been eliminated this year and there is a lack of concern for the spectators. The area around the remaining stands is shoddy with either dust or water pockets.

There are not any more attendants to see that persons are seated and do not stand behind the cage to block the others view.

Hicksville fans can see the latest edition to County Sports play in right field. He is Steve Dushnick who played at Hicksville in basketball and baseball. He was a major cog in the basketball success of Post College two seasons ago. He was the one that demolished Hofstra University in the annual big game for Post.

He has taken up the softball game. His main attribute is defensive fielding and throwing. He will be on hand when the National champs try to nail down local authority on the 11th.

John Hanifan, that young gentleman who used to split the uprisings for the football team at St. Dominic's in Oyster Bay, has completed his college career at St. Mary's of the Plain's in Kansas.

He graduated President of his class and was on the basketball team that ignited the school's now red hot interest in the game. St. Mary's has progressed to be one of the major small college teams in the Nation and even had a member of its squad on the U.S. Olympic team that won in Mexico City last fall.

Jack will be on the faculty at the new Diocesan School in Huntington come this fall.

New Appointments

Nassau Police Commissioner Francis B. Looney today appointed 137 patrolmen, 4 policewomen and 3 cadettes to the Department in a ceremony at Police Headquarters, Mineola.

After the swearing-in, the newly appointed members of the department began an extensive training course at the county police Training Center, Mineola. Upon the completion of the 14 week course, they will assume their full duties.

Among the new Patrolmen are: John B. Baitz of Hicksville, Vincent Cacace of Hicksville, William J. Chystrun of Levittown, Steve C. Galenskas of Levittown, James W. Marshall of Hicksville, Richard E. Morrison of Hicksville, Robert C. Pagano of Levittown, Patrolmen Charles R. Roby of Hicksville, Robert J. Sheppard of Levittown and James J. Silvestri of Levittown.

Dear Friends:

Business With The DMV?

One of the keys by which the Department of Motor Vehicles links drivers and vehicle owners with their records is their birth dates. So, if you have personal business to conduct with the Department, you should include your date of birth in your correspondence. Duplication of first and last names is frequent, even with a middle initial, but in 99 out of 100 cases the birth dates are different for each individual.

Your Responsibility

The New York State Department of Motor vehicles points out that it is each individual's responsibility to renew his driver's license or automobile registration on time. The Department mails punch card applications to the driver's or owner's home address at least a month ahead of the expiration date, but cannot assume responsibility if they do not arrive.

If the application does not arrive by the middle of the month of expiration, the driver or owner should contact the nearest motor vehicle issuing office.

4-H Summer Program

The attached is the 1969 4-H Summer Program which will be conducted weekly in different locations in Nassau County. 4-H projects offered in each Summer Center are based on the program needs and desires of the respective areas.

The program will be carried out by trained 4-H staff members with voluntary assistance from 4-H leaders.

COMMUTING CONFAB: William J. Ronan, second from left, the Chairman of the Metropolitan Transportation Authority, was in Oyster Bay Town this week as part of a publicity program for the Long Island Rail Road, but the Tobay Town Board used his visit to publicize some problems facing LIRR users. Tobay Councilman A. Carl Grunewald of Hicksville, left, Majority Leader Edmund A. Ocker of Plainview, (next to Dr. Ronan) and Frank J. Hynes of Farmingdale seized the opportunity to discuss the problems facing their commuting constituents when a special train Ronan was waiting for arrived 45 minutes late.

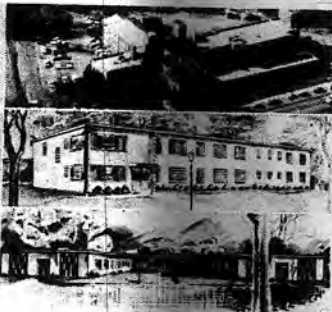

Complete Hospital Care

For the first time, four hospitals, each serving a different medical need, are coordinated under one administration, in one private hospital center. Fully accredited, Brunswick serves nearly 600 patients in an aggregate of 20 buildings on forty beautifully landscaped acres.

GENERAL HOSPITAL for medicine, surgery, obstetrics and psychiatry. Mentally ill patients can be admitted to special pavilions under Blue Cross or other insurance plans.

PSYCHIATRIC HOSPITAL for the mentally and emotionally ill, for the alcoholic and drug addict. An individual therapy program is designed for each patient by one of our fully-qualified resident psychiatrists.

NURSING HOME for the geriatric convalescent, cardiac and diabetic patient. In addition to 24-hour skilled nursing care, the services of a resident physician are available.

NOW... a new hospital of physical medicine and rehabilitation for extended illness.

CHRONIC CARE HOSPITAL staffed by specially trained physicians and rehabilitative nursing personnel; designed exclusively for the long-term, restorative treatment of the chronically-ill and physically disabled. Most Major Medical insurance plans will cover patients admitted to this hospital.

Facilities and Treatments include:
1. Swimming pool and Hubbard tanks for hydrotherapy.
2. Gymnasium for physiotherapy.
3. Daily living activities program and crafts.
4. Speech therapy program, 5. Inhalation therapy.

In last week's issue of the Villager you saw the photos of the winners of this past seasons BCA Men's Winter Bowling League and of the outgoing and incoming Presidents. Now we give you a report of the changes for next year decided upon by the league membership and the Executive Committee.

First we'll go to the changes that have to do with next season's bowling:

1. No more Overall Champion based on an accumulation of points in both the First and Second Halves. The winner of the First Half and the winner of the Second Half will have a one game playoff on the last night of the season to decide the championship. Overall 2nd and 3rd are eliminated.

2. No more class B. Every bowler will have an 80 percent handicap from a base of 200 and trophies will be awarded in the two categories of Scratch and Handicap. A bowler will still be allowed to win only one individual prize except for Most 200 Games and Most Improved Bowler.

3. Dues will be \$6.00 per week.

4. The list of people waiting to bowl will be strictly adhered to in replacing a bowler who leaves.

5. Any bowler who drops out because of sickness or some other unavoidable reason will have preference to rejoin the following season.

6. During the last 4 weeks in each of the First and Second Halves individual money prizes will be given out in various categories to increase the interest of the bowlers not on contending teams.

Once again it was announced that the last week's payment of \$6.00 was the Registration Fee for each bowler for the following season. Anyone not intending to bowl with the league the following season would get back the \$6.00.

After a lengthy discussion on instituting a new point scoring system the Executive Committee voted to retain the 11 point system.

Pertaining to our end of season June weekend the following was decided upon:

1. The first weekend in June, following the Decoration Day weekend, would be the one chosen whenever possible.

2. There will be a lottery, involving all the couples attending the weekend, for one couple to win the cost of the weekend. Probably during the cocktail hour on Saturday night some lucky couple will see their name picked out of a hat and they will be richer by the cost of the weekend. This should stimulate a greater interest in the weekend.

3. Couples not attending the weekend will get back 80 percent of the cost of the fixed expenses of both the weekend and the league.

Last, but by no means least, an appeal was made for any and all suggestions on how to further enhance the weekend. It was hoped that all those who were not attending the weekend would come forward with ideas on how to make it attractive enough so that they too would attend. All such suggestions can be submitted in writing to any league officer or to the Villager, its editor, or Ten Pin Talk.

Softball Champs

Van Wyck Jr. High School (No. 217) of Queens won the New York City Softball Championship in the Jr. High Division last week by defeating Jr. High School No. 113 by a score of 3-2. Leo Geyer of 53 Mellow Lane, Jericho, coached the victors to their city crown.

Geyer is a physical education teacher and his team, previously winners of the Queens Championship, won 11 out of 12 games. In addition to being very active in local athletic circles in Jericho, Geyer is also active in civic affairs of the community. He is currently serving his second year as Chairman of the Board of the Birchwood Civic Association, after having been President of that organization for two terms.

President's Corner

By Don Becker

Your BCA board met Tuesday, June 17th, and one of the fullest and most interesting meetings we have had in quite a while ensued. I will only attempt to outline some of the highlights of the evening.

Mr. Hy York, Mrs. Ruth Lang, and Mrs. Florence Irving Jericho Library trustees, along with Miss Dottie Mills, Head Librarian, were our guests. The history of progress (or lack of it) in constructing the permanent library building was reviewed by members of the Library Board. BCA board members asked many questions and received detailed answers. After our guests left,

discussion on the subject continued. It was the general opinion of the BCA board members that the Library trustees can benefit from BCA help. Several of our committees will initiate action in this direction.

The other major topic of the evening was the Jericho School Budget. Flyers, telephone squad, posters, et al, were to be used to inform the community of BCA's endorsement of the budget and to impress the community with the importance of voting on Wednesday, June 25th.

Space limitations force me to leave mention of other business for the next corner.

Jericho High School Graduates Class of 270

The Jericho High School graduation with approximately 270 graduates was held on Sunday, June 22 in the front oval of the school between 4:00 - 6:00 p.m.

Mr. David Nydick, Superintendent of Schools, spoke on the theme, "Challenge to Graduates of 1969." Mr. Hal-Curtis Felsher, President of the Board of Education, addressed the graduates and awarded the diplomas. Mr. Robert Manheimer presented the Class

of 1969. The Senior High Band performed the "Overture for Band" and the Senior High School Chorus sang "Alleluia."

The valedictorian was Harvey Morrison and the salutatorian was Scott Storm.

Members of the Clergy participated. Rabbi Stanley Sheinhart, of the Jericho Jewish Center, delivered the invocation, and Reverend Charles Harrah, of the Dutch Reform Church delivered the Benediction.

BCA Award To Kenneth Schechter

The annual Birchwood Civic Association Award for outstanding service to the community by a graduating senior in Jericho High School was given to Kenneth Schechter of 151 Birchwood Park Drive. Mr. Manheimer, Principal of Jericho High School, presented the plaque at the Awards Assembly on June 20.

The Awards Committee of the High School selected Kenneth for this honor because, in addition to his position as President of the Student Council and member of the Student-Faculty Committee, he actively participated in the following community activities: food and clothing drives for hospitals and disadvantaged children; discussion group at the Jericho Jewish Center; Young Citizens for the Re-Election of Lester Wolff; Interfaith Council discussions on Drug Abuse; Town of Oyster Bay Youth Activities Program; operation of sound truck in support of the school budget.

It is hoped that the B.C.A. plaque will serve as a reminder of his past good deeds, and as an incentive for future ones.

Congratulations and good luck, Kenny Schechter!

HIGH STYLE

by Arturo's

For super face cleaning: cream face before exercising (gymnastics? ... cream vacuuming?) ... cream penetrates deeper when you perspire. Tissue off, splash on iced cologne.

Hands attract the eye because they move. Valuable home equipment for between manicures: lemon or peroxide to remove stains and a piece of pumice to smooth away ragged edges (dip in water and rub across).

In 18th century Europe, ladies of the court bathed in a bath perfumed with crushed strawberries and raspberries... and had an after-bath sponging with perfumed milk.

Use models' trick to set make-up after applying: dampen a cotton puff with cold water and pat all over your face.

To make your eye whites look whiter, wear a tinge of green eye shadow... it emphasizes the blue in eye-whites, thereby giving illusion of more whiteness.

Tribute To A Friend

By Runhild E. Wessell

Gertrude Wetterauer was one of the founders of the Hicksville Classroom Teachers Association and for years one of its outstanding leaders, working first as a committee chairman and then as president. It was largely due to her efforts that the association was from its inception strong and independent and that it continued so.

She was tireless in prompting the Long Island Social Studies Council and for two years organized a series of tours of historical places on Long Island and in New York City for interested teachers.

She always had a fund of original ideas and the drive and energy to carry them to completion.

During the War she was active in Civil Defense and was chairman of the Servicemen's Center on Herzog Place that provided entertainment for service men stationed nearby and that served as a meeting place for them and the young people of the community.

In May, 1948, she was chairman of a week-long celebration of the 300th anniversary of Hicksville, an affair that drew support from the churches, civic and fraternal organizations and the schools. She initiated and carried out the plans. The highlight was a pageant depicting the history of Hicksville put on by the High School on the afternoon of May 20 of that year. Every pupil and teacher had a part in it. The celebration drew national attention to Hicksville and soon after, expressions, such as, "east

of Hicksville" and "west of Hicksville" occurred in the news. Miss Wetterauer put Hicksville on the map.

TOB Approves Jericho Offices Construction

Jericho-Oyster Bay Town Councilman Ralph Diamond announced today the Town had approved applications from K.N.K. Associates and Jerlon Associates for construction of two office buildings in Jericho.

Jerlon's request for a change of zone from Residence C to Business F at a site north of the Long Island Expressway on Broadway was granted and a building with an approximate assessed value of \$320,000 will be constructed.

K.N.K., which applied for a special permit use for an office building on Brush Hollow Road, will have an approximate assessment of \$250,000 when the job is completed.

"The Town Board has inserted many protective covenants in the resolutions approving these applications," Diamond said. "These restrictions will protect residents in the matter of traffic patterns, assure sufficient parking and limit height of the buildings as well as provide for beautification plans.

"In addition, these buildings will provide many new jobs for local residents and servicing businesses as well as reduce the tax rate."

Diamond said preliminary estimates indicate the two buildings, when completed, will bring in approximately \$89,000 annually in tax dollars, more than half of which will go toward the Jericho School District.

Plans For "The Fourth"

The County and Abraham and Straus are teaming up for the twelfth consecutive year in presenting a traditional Independence Day celebration at Eisenhower Park, Public Works Commissioner Herbert J. Simins announced today (June 20). The day-long festival includes a wide variety of events and culminates in one of the metropolitan area's most impressive fireworks displays.

"This is a day for family fun and serious reflection upon the true meaning of the Declaration of Independence," Simins said. "Our annual collaboration with A & S provides the people of Nassau with an opportunity to enjoy the festivities without losing sight of the significance of July 4, 1776."

The schedule of events is as follows:

- 10:45 AM Flag Raising
- Welcome Robert R. Gamble, Deputy Commissioner, D.P.W.
- Speakers Eugene H. Nickerson, County Executive Jennings H. Dennis, Abraham & Straus, Hempstead
- Albert Sarro, County Commander, N.C. American Legion
- 11:00 AM PATRIOTIC CONTEST PARADE - Individual contestants in historic costume, and group representatives of various Nassau County youth organizations in colorful dress will parade promptly at 11 AM.
- 12:30 PM SENIOR LITTLE LEAGUE CHAMPIONSHIP BALL GAME - Garden City South, Diamond "C"
- 1:00 PM STAN MUSIAL LEAGUE EXHIBITION GAME - Diamond "A"
- 1:00 PM MODEL AIRPLANE FLYING EXHIBITION - The L. I. Association of Model Airplane Clubs, Inc. present U-Control plane aerobatics in the Meadow area. Also launching of balloons containing A & S gift certificates.
- 1:30 PM EAST MEADOW LITTLE LEAGUE ALL-STAR GAME - Field "D"
- 2:00 PM AMERICAN PANORAMA - A colorful field show of Youth Organizations, Fire, drum and bugle corps, twirlers and others will demonstrate their skills at the Roller Rink.

Jericho Passes Reduced Budget

Almost 3,000 residents of Jericho came out and voted in a reduced budget for Jericho School District 15 on Wednesday, June 25th. 1,772 voted for and 955 voted against this budget which was presented for the third time. A spokesman for the district said that this budget vote had brought out the largest number of voters in the district's annals.

The budget passed last night is \$6,948,315, which establishes a tax rate of \$9.25 per \$100 of assessed valuation. It raises the tax rate by 97 cents.

Library News

Hicksville youngsters - and their parents - will be glad to know that the always popular Summer Art Classes, which were not held last year, are being scheduled again for this July, thanks to the passage of this year's Annual Library Budget.

The classes this summer will be taught by Mrs. Irene Ziolkowski, whose work is well known in this area. A native of Hungary, Mrs. Ziolkowski has been in the United States for the past ten years, and for the past six years has taught art classes at St. Ignatius in Hicksville, and at Holy Child in Old Westbury.

Four sessions of the classes will be held during the month of July, and the children will have the opportunity to register for one of the four different groups. These will be held on either Tuesdays or Wednesdays, either from 10:30 a.m. to 12 noon, or from 2 to 3:30 p.m., with the first classes being held on July 8th and running through to July 30th. Each group will be made up of 25 young artists, and registration, which will begin on June 30th at 10 a.m., will necessarily be limited to the first 100 to apply. In order to qualify, children must be residents of Hicksville, and must be five years of age, or older.

A registration fee of \$2.00, to cover the cost of materials, will be payable at the time of registration.

ability to adapt to this inevitable change.

To those of you sitting here today, I can give only a few words of advice: no matter what your goal may be--be open-minded; be flexible. Be willing to look for a new way of doing something--but most of all be aware of what opportunities do exist.

You may have wanted to be a doctor or an engineer all your life, but remember this: before you complete your education, there will be many new branches of these and other fields that are as yet unknown.

The great Norwegian playwright, Ibsen, once said: "I hold that man is right who is most closely in league with the future."

MAUDE FRICKERT'S FAVORITE BARBECUE SAUCE

- 1 (8 oz.) can Hunt's Tomato Sauce
- 1/2 cup A.I. Sauce
- 1/3 cup Wesson Oil
- 1/3 cup firmly packed brown sugar
- 2 tbsp. vinegar

Combine all ingredients; mix well. Refrigerate until needed. Makes 2 cups. Good basic barbecue sauce for anything grilled.

For handy Maude Frickert barbecue apron, send \$2 plus A.I. neck label, with name, address and zip code, to: MAUDE FRICKERT AFROD, P.O. Box 758, Reidsville, N.C. 27320

Ask Dr. QUIZMEE ?????

"What are the lowest and highest zip code numbers?"
The lowest is 06001, assigned to Adjuntas, San Juan, Puerto Rico. The highest is 99950, assigned to Ketchikan, Alaska.

"When and where were the first Olympic Games held?"
Athens, Greece, was the site of the first modern Olympic Games in 1896. But the Olympic Games were actually a revival of the Olympian Games which originated in remote antiquity. The first official list of victors began in 776 B.C.

"What is a fulgurite and how is it formed?"
A fulgurite is a vertical tube with fused walls. It is formed in sand or rock by the passage of lightning. The Latin word for lightning is fulgur.

"What is the oldest known breed of dog?"
There's evidence that men kept dogs in prehistoric times. The oldest known breed is the saluki or Arabian gazelle hound which has been pure-bred for 4,000 years. Salukis have been clocked at speeds up to 43 miles per hour.

"What is a gamma ray?"
Gamma rays are one of the components of radioactive radiation. Unlike the alpha particles, which are positively charged, and the beta particles, which are negatively charged, gamma rays are uncharged. Gammas consist of electromagnetic radiation, similar to X-rays but of considerably greater energy.

"Where does the name 'Adam's Apple' come from?"
From the superstition that a piece of the forbidden fruit, picked by Eve in the Garden of Eden, stuck in Adam's throat, leaving a lump there.

"ALL-AMERICAN" SOUP
1 can (10½ ounces) condensed chicken with rice soup
1 soup can water
¾ cup cooked mixed vegetables
½ teaspoon poultry seasoning
Melba toast rounds spread with pimenton cheese spread

In saucepan, combine all ingredients except toast rounds. Heat, stirring now and then. Garnish each serving with a toast round. Makes 2 to 3 servings.

GOLDEN TOUCH OF HOSPITALITY BY JANE ASHLEY

ORANGE CRANBERRY HAM GLAZE

½ cup cranberry-orange relish
1 jar (10 oz.) orange marmalade
¼ teaspoon ground cloves

Blend ingredients; spread on scored, Cure/81 Ham for last ½ hour of baking. To garnish: use dollops of remaining cranberry-orange relish atop slices of fresh orange as shown.

A SUNSHINE BRUNCH

Dip crusty slices of French bread in French toast batter, soak well. Fry bread till golden, then top with pan-browned slices of juicy, meaty SPAM. Serve with Sunny Orange Syrup.

SUNNY ORANGE SYRUP

Mix 1 6-oz. can Concentrated Orange Juice from Florida, (thawed and undiluted) with 1½ cups of light Karo Corn Syrup (or maple syrup). Makes about two cups of syrup. Good on waffles or pancakes too.

SNACKS IN THE HOLIDAY MOOD!

For tempting, colorful Appetizer Balls use SPAM Spread alone or mix one 3-oz. can with 1 Tbsp. dry onion soup mix and 3 oz. cream cheese. Roll into tiny balls, chill. Then spear on toothpicks, frost with chopped nuts, parsley, pakrika or parmesan cheese. Chill until served.

Helpful Hints For Easy Entertaining

Quick-and-Easy Canapes
Blend 2 jars Gerber Junior Beef with 2 tablespoons softened butter and a dash of onion salt. Chill. Spread on crisp crackers or toast triangles and garnish with a slice of green olive.

Zesty Ham Dip
Combine 1 jar Gerber Strained Ham, 2 tablespoons crumbled blue cheese and 2 tablespoons sour cream. Chill thoroughly, then serve with a relish tray of carrot, celery and cucumber sticks or a bowl of crunchy potato chips.

Meaty Roll-Ups
Roll out one pastry stick and cut it into narrow strips. Using 2 jars of Gerber Meat Sticks, roll one stick in each pastry strip and seal. Bake at 425° for 15 minutes until brown and serve with a tangy mustard sauce or sweet and sour dip.

Stuffed Celery
Add 1 to 2 tablespoons Gerber High Protein Cereal to a jar of Gerber Junior Beef. Season lightly with onion salt, mustard and a teaspoon of mayonnaise. Spread on cleaned celery stalks and chill. Cut into ½ inch bite-size pieces.

If you're planning to serve loin of pork or roast duck, try this extra flavorful basting sauce: Mix 1 jar Junior Peach Cobbler with 2 tablespoons brown sugar, 1 tablespoon cider vinegar and ½ teaspoon all-spice.
