W.C. Fields Opens Series

Hicksville Public Library

Summer Film Festival

William Claude Dukenfield is coming to the Hicksville Public Library! In case this fact does not create interest, may we go on to say that this is the real name of W. C. Fields. Good old W. C. is coming to the Hicksville Public Library Wednesday, July 16th at 8 o'clock.

Bulbous nose, grating voice, cantankerous disposition, mordant wit, blustering manner - these are unlikely ingredients for popularity, but they are what people remember most fondly about W. C. Fields. The

audiences loved the unlovable Fields emphatically because they understood that in his funny, twisted implacable way, he was eternally fighting the same enemies they were. For whatever reason, people did love him, and the Fields films still play to capacity houses today. The Fields name is still a household word.

After a fabulous career in vaudeville and musical comedy, W. C. Fields devoted the last two decades of his life to the making of motion pictures. The world of W. C. Fields

was a planet all of its own. For him, inanimate objects seemed to have a life and will all their own. He made the best of a bad business: what is easy for us - picking up a bag of golf clubs or moving a chair - was horribly difficult for him. Small children, suspenders, dress shirts, ties, cigar boxes, bass fiddles, telephones, foods - all were his sworn enemies. He moved through the world with a feeling of wariness for his surroundings and a hastily assumed air of nonchalance, confident that he would in the end, prevail.

Wednesday evening four W. C. Fields short films will be presented - THE BARBER SHOP, THE PHARMACIST, THE DENTIST, and THE FATAL GLASS OF BEER. Come and see this wry old gentleman. There is no charge.

This is the first film in the Hicksville Public Library Summer Film Festival For Young Adults.

The following films will be shown on the dates below:

SPORTS

By

Howard J. Finnegan

Mr. Adam Tomani has been named Athletic Director at Hicksville High School.

The local St. Ignatius family is extremely proud that John Dooley of West Marie Street has been named the Director of Athletics at St. Pius X in Uniondale.

John is a product of St. Ignatius Grade School, St. Luminie's High School and St. John's University. He has been a long and faithful worker with St. Ignatius court teams and his many friends are popping their seams over the appointment.

The designation of such a young man to such high position in a diocesan high school is great recognition of his credentials.

His many supporters, and it has been acknowledged on high coaching levels, that his work in developing Tom Riker in his early basketball experience with the St. Ignatius team was ex-

ceptional.

Riker is the Hicksville lad who gained all-American high school honors at St. Dominic's and was the target for more than one hundred colleges across the country.

Frank McGuire at South Carolina was the successful coach who gained Riker's services. SC is building to get a shot at the national championship and established a good background for the move last season.

Riker played on the Carolina freshman team last year and set new scoring and rebounding records for the school. He will be on the varsity roster in his coming sophomore year.

John will be very busy himself next winter since in addition to overseeing the entire Pius X program he will be head basketball coach at the school.

HHS Graduates In U.S. Military Academies

This year four Hicksville High School graduates were appointed to United States Military Academies.

Peter Penta, son of Mr. and Mrs. Peter Penta of 3 Dawn Lane entered the United States Air Force Academy at Colorado Springs, Colorado on June 23, 1969. While a student in Hicksville, Peter participated in the Phy-Chem-Bi club, the Ski club, and Chess club. He was also a member of a local C.A.P. group and an Eagle Scout with Troop 172.

Also inducted into the U.S.A.F. Academy was William Jabour, son of Mrs. Arline Jabour of 56 Walter Avenue. In addition to being a member of the National Honor Society and other school clubs, Bill is the holder of a private pilots license earned at a nearby airport in his free time.

Taking the oath of office at the U.S. Naval Academy, Annapolis, on Monday, June 30th were James Powell Gruber, son of Mr. and Mrs. James Gruber of 16 Alpine Lane, and William Sanderson, son of Mr. and Mrs. Robert Sanderson of 54 Field Avenue.

Both Midshipmen were active while at Hicksville High School. James was a member of the Concert and Marching Bands and belonged to the Radio, Photo, and Yearbook clubs. Bill Sanderson was a member of the Track Cross Country and Softball teams and a National Honor Society student.

It is interesting to note that Annapolis had 20,000 boys apply from all parts of the United States, 6,000 nominated and 1,300 appointed.

The two boys sworn into the Air Force Academy were members of a class of 1,397 chosen from the entire country.

Ramblin' Rose

Well, how did you enjoy the brochure? Did you find plenty of things to keep you and yours recreated? If you need further information or suggestions please feel free to call us at WE5-9000 ext. 400 or 401. As we scout around town and see the youngsters really having a ball (even playing it) sorta makes one a little teary eyed to think that they had to miss two of these wonderful fun-packed summers. We've plenty more room for everyone so if you've friends who haven't taken advantage as yet please spread the word or if they'd like a copy of the

brochure, call, we've more.

By the way, joy of joys, we've finally received our \$15,000 check from the Town of Oyster Bay. Recreation will receive this money each year from now on, on a matching basis. Boy was Plainedge lucky - I see (by another paper) that they received \$42,000 for development of a baseball field.

Each Friday on the playgrounds we have Special Event Day, this week it will be "Parade-on-Wheels" so if you see a lot of very colorful bicycles, carriages, wagons, etc. around town you'll know why. Speaking of around

the town, our Summer Concert Band (that glorious Glenn Miller style) will be giving concerts in the evening at 8 P.M. at the various elementary schools. The first will be held at Lee Avenue on the front mall, July 16, everyone invited - Gram, Grampa, Moms, Dads, Aunts, Uncles and the kiddies too. No charge just bring along your own folding chair.

For the Teenagers, at the same time over in the High School we will be holding the weekly dance. (That's for the Rock group.)

The Children's Theatre is a very cute sight to see. They are

PARK POSSIBILITIES: Gerard Trotta of Hicksville, Superintendent of Parks for the Town of Oyster Bay, discusses improvement possibilities at a planned recreation area on Iowa Avenue in Plainedge with two members of the Tobay Town Board. Joining Trotta are Board Majority Leader Edmund A. Ocker (center) and Councilman Frank J. Hynes. The Town Board recently passed a resolution calling for the authorization of \$42,000 to improve the site. Immediate plans call for a ballfield and appropriate fencing.

Fiction And Fact

by Dottie Mills

Are your children going to be home this summer? Why not send them over to the Jericho Public Library to join the Apollo Adventurers Summer Reading Club? The program is for children who have completed grades one through six.

Youngsters in Grades one through three will read a minimum of one book per week for a summer total of eight books and will tell the stories of the books read to either Mrs. Miller or Janet Meyers. The oral reports will be heard Mondays, Tuesdays, Thursdays and Fridays, from eleven to three. Youngsters in Grades four

through six will read a total of ten books in the eight week period and they will write brief reviews and hand them in to Mrs. Miller.

At the conclusion of the program, all those children who have completed their readings will be entitled to attend a magic show on August 26th at 2:30 P.M. The place for the show will be announced at a later date. The children will also receive certificates of completion at that time.

Since the Club has already started, hurry over now and pick up a registration card and set of rules for a summer of delightful reading.

TOWN SPEED LIMIT 30

TIMELY SIGN: Reacting to complaints about speeding traffic from local residents, Oyster Bay Town Councilman Ralph Diamond moved quickly to reduce the speed limit on South Marginal Rd., Jericho, to 30 miles per hour. Diamond was present last week when the Tobay Sign Department installed the new traffic signs. Looking on are Mark Sloane, 11, of 448 So. Marginal Rd., and Ann Cucco of 442 So. Marginal Rd.

Scott Truatch of 21 Chenango Drive, Jericho, won't be able to vote this fall for either of the two men standing behind him as he swings at a pitch, but the catcher (GOP candidate for Oyster Bay Town Supervisor John W. Burke) and umpire (Councilman M. Hallsted Christ) would willingly trade that vote for another smile from Scott. Christ and Burke joined in a softball game at a picnic for handicapped children held by the Town's Recreation Department at the Syosset-Woodbury Community Park.

Reminder To BCA Officials

All Birchwood Civic Association Officers and Directors are requested to be at the Town & Country Diner by 8:45 P.M. for the regular monthly meeting scheduled for Tuesday, July 15th.

If unable to attend, please notify President Don Becker beforehand (681-3069), or contact any other fellow officer.

Roslyn Bank Assets Gain 11%

Assets of Roslyn Savings Bank have gained \$23,438,000 in the past year to reach a new high of \$220,324,000, announced Ernest G. Blaich, Chairman of the Board of Trustees of this Long Island mutual savings institution.

This represents a growth rate of over 11 per cent since June 30, 1968. Dividends paid to depositors between that date and June 30, 1969 totaled \$9,497,200. These dividends represent payments at the current rate of 5 per cent on regular and school savings accounts for the four quarterly periods, together with dividends on Day of Deposit to Day of Withdrawal accounts at 4 3/4 per cent. This adds up to more than 74 per cent of the bank's gross earnings of \$12,788,500. Depositors were further benefitted by the addition to Surplus and Reserves during the year of \$1,662,500, or 13 per cent of gross income.

Yes, speaking of sights and events around town - don't be too amazed if you see young people perched in unusual places, walking around like roving reporters, taking snapshots here, there and everywhere - it's only our movie makers setting their stage for the big production. So if they come up for a chat especially to you folks who remember Our Town when - why not take a little time and talk to them, you might be a future James Stewart or Rosalind Russell. baseball team clung to its Eastern Division lead by sweeping Plainview in a doubleheader 11-2 and 6-1.

These wins followed last week's split with powerful Westbury. That was the highlight of the season since Westbury is comprised of the same personnel which won the Babe Ruth National championship two years ago.

Gary Jackson extended his shutout innings to twenty before he allowed a harmless sixth inning run. In the second game Steve Marlow set the visitors down without any trouble as the Hicksville bats exploded.

Catcher Joe McNicholas provided the big crash with a duplicate of the mammoth homerun that he hit over the centerfield backstop in his high school campaign.

Sustaining the attack were five hits in eight at bats each for Ed Ieda and Bob Rogers.

The Hicksville Astros continue to gain national headlines. The club won its own Fourth of July Invitational Slow Pitch Open softball tournament. The team went undefeated and turned back the aspiring York, Pa., team in the finale 3-2 at St. Raphael's Field in East Meadow.

Hicksville fans have a great

Hicksville was the sight over the fourth of a Twenty team Industrial Softball Tourney sponsored by the Long Island Lighting Company. The clubs came from a number of surrounding states and provided plenty of free action for fans at Canticque Park.

The Bethpage Bombers were invited at the last minute to complete the field and proceeded to tear it up. Comprised of young post high school players the Bombers lost the first game and came on to win four straight on Saturday to set the fans on fire.

In the finals, on Sunday, of the losers bracket they upset the host LIACO team, 6-0 and won the first game of the finals from the Providence, Rhode Island, Post Office 5-3. The push ran out in the last game and Providence won the title.

Playing for the Bombers were Hicksville's Joe Sarno, who pitched a 9-7 win over Chase Manhattan Bank.

Dental Emergencies

Nassau Police Commissioner Francis B. Looney advised residents that Nassau Police can help them locate a dentist when an emergency dental problem occurs after the close of office hours.

Persons suffering from an emergency dental problem which must be attended to immediately,

can call their local county police precinct for assistance in locating a dentist who will treat them.

Police take the name, address, and telephone number of the person calling, and a general description of the dental emergency.

Within a short period of time, the person is notified by the precinct and given the name and address of the dentist and ad-

vised to go to his office immediately. Meanwhile, a patrolman is dispatched to the dentist's office to safeguard the arrival and departure of the dentist.

"This service," Looney emphasized, "is only for EMERGENCY dental problems which must be treated immediately because of the dental pain or injury experienced by the individual."

"Low Down"

FROM THE
Congressional
Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

A FISH STORY THAT SMELLS

Owners of U. S. tuna boats must be good fishermen to get TV newsmen to swallow their bait. When interviewed recently by TV newsmen, tuna fishermen appeared bewildered by the fact they were arrested for fishing in Ecuadorian waters.

TV newsmen should get the other side of this fish story. A well informed Senator J. W. Fulbright, has this to say, "... It is alleged that U. S. fishing boats carry seines which catch everything within a circle of 3,600 feet in circumference. The tuna are sorted out, and the rest of the fish, most of them dead by this time, are dumped back into the sea.

"If this is true, I do not blame Ecuador and Peru for being concerned about it.

"As a political matter, the United States is not going to accept a 200-mile limit, but the kind of wasteful fishing which has been described certainly points up the need for a conservation treaty among the United States, Ecuador, Peru, and other interested countries.

"(The Senator placed this editorial by the San Diego (Calif.) County Independent in the Record. Excerpts follow)

Tuna Boat Owners Fear Navy Escorts
Kiplinglike boomings in the halls of Congress to send gunboats to South America waters to protect fishing boats are heard with high amusement by tuna fishermen, a former member of that fraternity said this week. It is the last thing in the world they want, he claimed.

"This is the thing owners and captains fear most. They know Navy men would be so disgusted at the way huge purse seiners are cleaning out off-shore fishing grounds of Peru and Ecuador, that they would immediately make those methods public." Said Capt. Nemo, a name given him in this article

to protect him and his family from reprisals.

"I am sure the congressmen are protesting in good faith," he said, "but no one will tell them the real truth. They have run into a wall of lies."

He said a large number of million-dollar vessels carrying seines 600 fathoms in length are being built in West Coast shipyards.

"And that means a circle 3,600 feet in circumference. Everything within this circle," he said, "is caught, tuna, all kinds of other fish, sharks even small whales.

"Almost all of the creatures are smothered to death by the time they are dumped on deck," Nemo said.

"Then the tuna are sorted out, and the rest of the dead fish are dumped back into the sea," the former fisherman said. "It is any wonder that Peruvian and Ecuadorian seamen are furious when they sail through miles of water covered with the bodies of dead fish?"

"Put yourself in their place," Capt. Nemo said. "How would San Diegans like it if fleets of Russian purse seiners cleaned out everything that swims beyond the 12-mile limit, then dumped hundreds of tons of unwanted dead fish in the water? Well, we're the Russians to the Ecuadorians and Peruvians."

A GRASSROOTS COMMENT

The American public learns of the fines paid by U. S. tuna boat owners; not true. It doesn't cost the boat owners a cent. The American taxpayer foots the bill.

We quote Congressman Bob Wilson (Calif.) of San Diego County. "The boat owners actually paid the fines to Ecuador out of their pockets, (but) our Government will reimburse them under the provisions of the Fishermen's Protective Act."
