## Summer Swingtime Series

The Hicksville Recreation Department is sponsoring a free Summer Swingtime Series featuring a 27 member stage band lead by Mr. J. David Abt, Hicksville High School Band Director. The group has regular performances on Wednesday evenings, Dutch Lane School will be the setting for the next performance, 8/6/69. The concert begins at 8:30, admission is free—your only charge is to bring your folding chair.

The group has completed three performances. The first at the opening High School Dance. The next was on the Lee Avenue Mall. The band's regular following was of course on hand, but were soon joined by local residents who drifted 'in' charmed by the big band sound. The music is reminiscent of the Glenn Miller Sound and also borrows from the Doc Severenson style. The third indoors at East on 7/23/69.

The high school and college musicians include featured soloists, on trumpet, Ed Fuchs and Rudy De Palma; Peter Bernstein and Izzy Reinish are on sax and clarinet; Paul Hanau on trombone. Gary Hodges and Randy Saeger on the drums. The Stage Band also features Nancy Rosenwasser as vocalist.

James Beach has scheduled them for a special performance on Sunday, July 27 at 2 p.m. in the Boardwalk Music Shell.

Joseph F. Madden, Director of Recreation (l.) and Charles Arnold, Coordinator of Fine Arts (r.) planning the Summer Band Concerts presented by Hicksville Recreation.

**GERBILS AS PETS:** Children in primary grades express an interest in animals, particularly small pets. In order to capitalize on this interest for educational value, teachers will at times have in their classroom small animals that children may feed and care for. In this instance, GERBILS were selected because of their relative hardness, their harmlessness, and their ability to adapt to being handled by children.

# Summer Theatre Workshop To Present "Beat It, Beatnik"

On Thursday, July 31, at 8:15 p.m., the students in the Summer Theatre Workshop will present a short comedy entitled "Beat It, Beatnik" on the stage of the Junior High School. Admission is free.

The Workshop is part of a federally-funded summer program for children in all of the schools in Hicksville—both public and non-public. Students from St. Ignatius, Holy Family, Trinity Lutheran, Our Lady of Mercy, Lee Avenue, Dutch Lane, Burns Avenue, East Street and the Junior High School are all working together to make this a memorable production.

The students are expected to conduct themselves as if they were a part of a semi-professional Summer Stock Company. There are no stars. Everyone, cast included, must hammer nails, saw wood, paint, glue, make

posters, scrub, and sweep up.

"Beat It, Beatnik" was written by Anne Coulter Martins and concerns itself with the misadventures of two young girls who become involved in a battle of wits when one becomes engaged to a young man whom the other mistakenly thinks is a hippie. The trouble really starts when the younger girl enlists the aid of some of her friends in order to break up the romance. Needless to say, love triumphs, but not before a great deal of mistaken identity, hippie chants, bongo drums, and general mass confusion.

The cast and crew include: Anne Linton, Sal De Stefano, Rosemarie Jonassen, Mark Hogan, David Mayer, Audrey Pitonzo, Joanne Greiner, Florence Reimer, Laurie Kuhn, Marie Fantozzi, Janet Savino, John Morelli, Cheryl Hearn.

Carolyn Jensen, Jeffrey Hearn, Neil Singer, Patricia Tesoriere, John Schiefer, Patricia Walters, Darlene Spinek, Joanne Telasco, Stephanie Sill, Cathy Oltarzewski, and Cindy Pryor.

The play is being produced by Mr. Lawrence Redican who has enlisted the capable and skillful aid of high school student Robert Dubester, Assistant Production Manager and Director, Thomas McManus, Technical Director, and Joseph Egan, Artistic Director.

The Principal of the E.S.E.A. Title I Summer School is Dr. Manus Clancy who extends a most cordial invitation to all to attend the production. He also reminds us that those who arrive early will be able to leisurely view the student exhibit of the Art Workshop which will be on display in the lobby of the "T" wing.

## Gregory Museum At Mineral Show

The Gregory Museum, 207 Cottage Boulevard, Hicksville, was the only museum invited to the second International Gem & Mineral Show held recently at the Washington Hilton Hotel in Washington, D. C.

Over 10,000 people viewed The Gregory Museum's three cases of jewelry made in the museum, and its three cases of mineral specimens. They also watched the demonstrations of faceting, photomicrography and ultraviolet light in observing micro fluorescent specimens under the microscope were also of much interest to the visitors.

Gilbert George a member of the museum's staff, faceted the new rare gem stone Tanzanite. This new gem stone featured in the May 9th issue of "Life" magazine, has more brilliance than a diamond—it is a very expensive and rare stone.

Gardiner Gregory, Director of The Gregory Museum, gave two illustrated lectures—one "Making A Cabochon", and the other "Mineral Hunting In The West." He also served on a panel of experts which discussed "When is a mineral a gem, and when is a mineral not a gem".

## BOCES To Give High School Equivalency Tests

The Board of Cooperative Educational Services has made arrangements with the New York State Education Department to offer high school equivalency tests to residents of Nassau County. The first tests to be given under the direction of the BOCES, which replaces Sewanhaka High School as the testing agency, are scheduled for July.

Satisfactory scores on the tests establish eligibility to receive New York State High School Equivalency Diplomas. Such diplomas qualify for certain types of employment, promotion in industry, and entrance into some colleges in New York State. Many Long Island firms and employment agencies, and the Nassau County Civil Service Commission accept the diploma as satisfying educational requirements.

Recently County Executive Eugene Nickerson, wrote to the acting commissioner of education suggesting that the Civil Service Commission be named the testing agency. The BOCES, which conducts special and occupational education programs for residents of the county's fifty-six school districts and reports to the state education department, was selected.

The tests will be given initially at two places - the BOCES school at 280 Duffy Avenue in Hicksville and the Cleveland Avenue School in Freeport. It is planned to give the tests on a semi-monthly basis during the coming year, and it is hoped, as the BOCES regional occupational education centers become established, that tests may be given in five convenient locations.

Charles La Freniere has been named chief examiner for the Cleveland Avenue School and John Moore chief examiner at Duffy Avenue. Persons interested in the tests may write to the BOCES High School Equivalency Testing Center, 125 Jericho Turnpike, Jericho 11753, or call 997-8700, extension 102.

Costs of administering the tests are paid by the State Education Department. Applicants for the examination pay a fee of \$6.00.

## TRIBUTE TO THE MIND OF MAN

### An Historic Achievement

Realms of information has been brought to all of us through our daily newspapers, TV and radio about our moon landing. And, just as each of you reacted in your own way to this historic contribution to civilization, so did all of us at THE HERALD...we are all so proud of the great team effort which made this successful trip possible...we are proud of the courage of the three men (and those before them) who risked their lives to accomplish this landing...and we are proud to be American...for we know that our Country does all this, not only for ourselves, but for humanity.

## LETTERS TO THE EDITOR

Dear Editor:

Just a few lines if you care to insert. It seems the village must be prospering, since I was forced to move due to high taxes. Am I correct it passed on the first ballot, sure it pleases some who benefit; if not directly--indirectly. Am referring to the school budget, which we old-timers are not against, when it comes to essential education items, but, as I stated before, school budgets could be cut. I see the last budget increases it's staff, etc.

I know that it sounds crazy, but the younger generation cannot be blamed alone, for the dope habit, which results in the tragic accidents we read about. And, which, I blame on such acts as the inside destruction of the court house and my former home. It is my belief that the children have too little home upbringing. And, no matter of what denomination many dads may have, instead of attending church, they will wait to get on some golf course, and not spend a few minutes to hear the word of God. Yes, golf is a clean game etc, but a great many play it to the detriment of family life: and is it any wonder without a good family life, there is such an increase in the dope habit.

And speaking as an oldsters, what benefit is night golfing, ice skating in summer, many duplications such as Nassau police traffic reports which can be received on N.Y. stations.

It is my belief and as the stock market shows, we are in a race to head off a recession. But does any one care? The politician raises his salary! I don't believe school boards or fire commissioners work for nothing, especially in these days. And what politician cares for the citizen? I am referring to both major parties--they raise themselves in salaries and position and the devil with the voter. And, they wonder why so little interest at election time.

I don't like the Nixon administration, and can't understand why, like Johnson, he is interfering into other's affairs. He should visit Russia--also for the peoples of the world don't want war. Especially in these days of the Bomb. It is sad to think what's to befall those, say in the 6-year age group and to think with the gases--and the world considers itself human.

Albert Kasten  
S. Hempstead, N.Y.

## READ THE LEGALS

## Dear Friends

Dear Friends:

THERE WILL BE A HEARING, of the Board of Oyster Bay Township at the Town Hall on Tuesday, July 28 on Fences necessary around on-ground swimming pools, as a safety measure. The hearing starts at 10 a.m. Most of the youngsters who have lost their lives in our new, above-ground pools, have been under six years of age. Apparently the construction of these pools is now so strong that it is possible for youngsters to climb up over the top, even when the ladders are removed. So, it would seem reasonable to have the law regarding fences cover this type of pool, as well as the in-ground pool. Why not go to this hearing and express your opinion regarding this proposed safety measure? If the life of even one child is in jeopardy... it's one too many!

WE ALL OWE A THANK YOU to Hicksville resident Alfred Kunze of 11 Ash Lane, who is waging a one-man battle to beautify Levittown Parkway. Here are two pictures taken by Mr. Kunze, showing the conditions existing there today. The benches can (and we hope WILL) be repaired by our Highway Department... however, soda cans and other debris belong in the litter basket and that is up to all of us... let's cooperate and make our Town neat, clean and beautiful!

MITCHEL FIELD DOES NOT NEED HOUSING: Contrary to the full-page editorial run by the daily that claims that it IS Long Island. Planning FOURTEEN story low-income housing at Mitchel may benefit big builders... but it will never... and I mean never... be anything but a ghetto for those who will be forced to live in these future ghettos of Nassau (if we permit them to be built). One of the greatest detriments to New York City and many other cities in our Country, are huge housing developments where, it has been proved that conditions are now so run down that they are the slums of today. Not only are conditions... run down... and life and limb are constantly in danger. Even the elevators are unsafe to ride in. Then, here in Nassau... why, should we DUPLICATE what has already proven to be unsafe unsound and slum-life in our cities. Let us fight with all the strength we can muster, against such a cruel plan to exploit our low-income citizens... and to ruin Nassau's over-all plans which certainly do not call for future ghettos. We believe that where necessary our low income housing should be spread out throughout the county, according to each communities needs... not in high-rise ghettos, but in smaller units so that our low income residents are not subjected to fear-ridden, run down ghetto type apartments.

I cannot urge all of you too strongly... write or telephone your elected representatives... and state your wishes in this matter... Let's continue our fight against this tremendous drive to duplicate the errors of our city planning.

Mitchel Field DOES NOT NEED HOUSING... and it does NOT need future ghettos and it does NOT need endless traffic jams... but, let's be realistic... if Nassau County needs housing, let's plan it intelligently... on a County-wide basis.

Write and phone your representatives.  
IN CLOSING, along with all of you, we prayed, during this past week, for the safe return of our brave astronauts. Now that they have returned, we can all breathe a sigh of relief, and join with our entire nation and world in congratulating the entire team who has made this historic step forward possible. Until next week, do your very best.

CONGRATULATIONS: to Realtor Fran Schultz, who celebrated her second anniversary at her attractive Plainview office, last Friday. May you have many more such celebrations, Fran... and, by the way, where are those pictures?

Sincerely,  
Sheila H. Noeth

Jim Von Hagen led the National Little League to a win over the International Little League last Saturday July 19. Von Hagen allowed three hits while striking out seventeen batters in a contest that went seven innings. Figliovolo of the International Little League had a no hitter going until the seventh inning when Von Hagen won his own ball game by hitting one over the right field fence to win the game one to nothing.

Hicksville Pony All Stars were victors last weekend in the first wedge of Tournament play by winning three games.

Hicksville defeated Levittown Saturday in a well pitched game by Steve Conte who allowed one hit while striking out 15 batters. Hicksville scored the winning run in the seventh when Richie Janowsky tripled and Tom Bergin singled him home.

Levittown was eliminated when they lost to Farmingdale Saturday afternoon. Hicksville met Farmingdale in a double header on Sunday. Hicksville won the first game 7 to 4 behind a fine pitched game by Bob Mackey. Bob Daub homered to lead the attack. Hicksville won the second game 15 to 5 in a display of hitting power. Steve Conte sparked the attack by getting five for five. Highlights of the game were homers by Bob Daub, Steve Conte and a 350 foot blast by Charlie Broussard. Steve Tedesco pitched the first half and was relieved by Greg Bennett.

The Pony Tournament continues this Friday night and double headers on Saturday and Sunday at McClaren Field, Levittown.

## Ramblin' Rose

by Rosemary Walsh

The "Moon Space Show" caused one to think about people who serve. "The Moon Men", God Bless Them, served the highest level of risk and deserve the epitome of adulation. But as I watched I reflected on others who serve and have served. Then, this morning word came to us about another who served also with fervor, gentility, and skills—we all knew him as "Wally" Collins. Always ready, willing and able. He often said, "Just show me what you want and give me the chance to do it." And he did! In our experience he always made good his word. More than that he was there to witness the event! Concerts, sports events, budget hearings, Memorial Day, you name it, Wally lived his community. Most people see the players and performers but few see the gang make the lines, paint the goal posts, arrange the stage and do the myriad of other tasks so necessary.

Today, tomorrow and yesterday others have served in many capacities—trustees, clerks, teacher, groundsman, administrators, citizens, you name it—there's not enough space in 52 editions just to cite names. An edition alone would be required to cover these groups and our beloved Fred would commend a single edition. when we score (and I might say we usually do). But, dear quiet Jean just types away amid this constant confusion, wondering how she ever met this crew. Three cheers for her tranquility.

Forgive me if the spotlight is turned on recreation and those who serve in that category. Jerry Zettler and Herb Johnson come to mind immediately, as does George Winsor, as initiators of the movement. Current and recent board members have supported the movements and continue to do so all along the line. They shall remain unmentioned but not unheralded at this time. For example, we met Dave Ryan the other day.

He is now retired from the Nassau County Police Department. His service to the Hicksville Police Boys Club is incalculable. And realizing that it was 12 years ago when we began to coordinate this entire program, not only with P.B.C. but for all groups, one felt a little old but very proud.

So much for history—today there were dozens of teen volunteers out on the playgrounds serving youngsters barely 3 years their junior. Little League volunteers have also been out there this summer along with church group leaders. There's

no space for winter recreation now.

Another quiet influence in an office of utter turmoil is our own secretary, Jean Sawyer. It is expected that the Director of Recreation, his Assistant, and the Coordinators have untiring, nerveless bodies, smile when all is going rough and laugh heartily

Remember last week I told you of our "Day of Champions", well they were out in droves—chess, checkers, golf—and at Willet a costume day for the wee ones. But the most amazing contest of all was the cake bake—would you believe even 1st and 2nd graders tried. All around town there were cakes by the dozens. (I saw a few leaders with green faces and queasy stomachs from the cake tasting.) But I do believe the most unusual was a castle built of cake by Roberta Frey, Patti Di Lallo and Cindy Zimmerman, wish I had gotten a picture but old scoop can't be all places at once. This week brings "Carnival day", we have regular booths (all legal) try your luck etc. but no side show. Well I must be ramblin' See ya.

# The Villager

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

Organizational, community and general interest news should be submitted typewritten or printed, double-spaced, in duplicate. Either drop off or mail to Editor, 13 Millpond Street, Jericho. Deadline for insertion - Monday noon. Telephone WE 8-7965.

## The Editor Becomes Acquainted With Art

The voice on the other end of the telephone, last Saturday morning, said, "Come on over - it will take you a half-hour to go over the place." It was turning out to be a cloudy day, too cool for the beach or pool, and therefore seemed like the ideal time to accept the invitation. Your editor went over in the afternoon and found everything so fascinating that the "half-hour" turned out to be a two hour visit.

The voice belonged to Leo Gillary; the place was the Gillary Gallery which Leo operates with his wife, Sylvia, in their home at 62 Maiden Lane, East Birchwood. All forms of painting and sculpture are on display in practically every room, nook and cranny of the house, which was originally a Savoy model, but has been enlarged by the addition of a large wing to one side of the building (see photo). Even the backyard has been shaped to fit the mood of the gallery with pieces of sculpture adorning the artistically laid-out patio.

The paintings on view at Gillary Gallery are mainly contemporary and reflect the work of local, national and international artists. A number of their exhibitors have won awards given by art organizations in this country as well as abroad.

Leo, incidentally, is a sculptor while Sylvia teaches piano. Up until 9 years ago, Leo was in the fabric business in New York City but now devotes full-time to the Gallery. The Gillarys have lived in Birchwood since the community was first established.

Visitors are enthusiastically welcomed to the Gillary Gallery whether singly, in pairs, in groups or with organizations. As Leo mentioned, "We like to feel that, by going through our Gallery, those people with a little or no knowledge of the arts will acquire a solid introduction to the arts and sculpture and be able to differentiate, for instance, between graphic art, oil paintings,

pastels and water colors. They will also be able to survey the glassware which we have on exhibition, especially the collection of "Tiffany" glass, something which is not readily available in most of the other art galleries."

Sylvia pointed out that many groups, clubs and organizations have held regular meetings and showings at the Gallery which, sometimes supplemented by a light luncheon or tea and a tour of the premises, have resulted in something very unique. Several times a year, the Gillarys also hold music recitals, mainly to give aspiring musical artists an opportunity to appear before a knowledgeable and receptive audience.

Some of the organizations which have taken advantage of the Gillary's offer to make such use of their premises include B'Nai B'rith, various chapters of Hadassah, Long Island Philharmonic, Friends of Hofstra, Women for Brandeis, Cancer Care, Democratic Party, Republican Party and Liberal

Party.

Showing and recitals have generally averaged from 300 to 500 people with the largest turnout amounting to 800 who attended an all day affair at the Gallery.

A few years ago, an enterprising wine company conducted a wine tasting amid the artistic surroundings. The tasting made a big impression on the audience, and seems to have made a lasting impression on the Gillarys. This last thought is brought out because Leo, ecologically said, "In addition to cases of many different types of fine wines, they also brought in 70 lbs. of imported cheeses. Can you imagine that?"

Those interested in taking a tour through the Gallery, whether merely browsing, seeking knowledge, for the purpose of acquiring a piece of art, or for making arrangements for future group meetings or showings, are requested to telephone either Sylvia or Leo Gillary at Ov 1-2015.

## BCA To Sponsor Charter Flight

Where would you like to go? The Corta del Sol for Christmas and New Year's? A three day "Cruise to Nowhere" next July 4th? Caesars Palace? The Bahamas? Jamaica?

BCA as a recognized organization can arrange and offer to its members vacations at group rates. So why not?

All it takes is 25-35 couples (or bring the kids) who want to go to the same place at the same time. BCA can coordinate and take care of the arrangements.

Let's get the show on the road. Talk it over with your friends and neighbors (BCA members only). Then call any BCA Board Member or Don Becker and give us your ideas. The sooner we hear from you, the sooner we can

formulate some concrete proposals and the closer we come to a good time at a very reasonable price.

## BCA Bowlers To Nevele In 70

by Henry Dockswell

The BCA Men's Winter Bowling League has just completed arrangements to spend its 1970 June weekend at the Nevele. Irv Simes, current President of the league, reported that the weekend of June 5, 6, & 7 of 1970 is all set. After a 2 year absence from the Nevele (mostly because of pressure from some quarters for a change) the league is back to the place where, it is agreed, the best time was had by almost everybody.

Many other resorts were investigated and explored but none of them fulfilled as many of the needed requirements of the league as did the Nevele. We have been assured of 60 rooms of

equal accommodations (30 in the New Tower and 30 in the Golden Gate) and more rooms if need be.

Once again the league earnestly requests that everyone pitch in to make the weekend a most enjoyable one. Some innovations have been instituted but more are desired. Let's hear from everyone who has an idea or a suggestion for improvement. Many of us enjoy the weekend but there are those of us who do not. We would like to hear what more there is that we can do to make everyone come and be glad they did.

Drop a card to Irv Simes, The Villager or me. Or call one of us. We'll be glad to hear from you.

## Canned Pears In Popular Baked Salad

Baked salads are a popular choice for a guest luncheon. This delicious Hot Pear Seafood Salad is certain to become a favorite and one you'll want to serve often when entertaining. Easy on the hostess, the salad can be assembled in advance, then popped into the oven when the guests arrive. Complete your menu with assorted relishes and hot fluffy biscuits. Lemon-filled meringues would be a perfect choice for dessert.

Tiny pink shrimp are combined with crisp celery, green onion and green pepper. Sliced water chestnuts add extra crispness and a touch of curry imparts a special flavor to the mayonnaise dressing. Canned Bartlett pears, sparkling with a glaze of French dressing, are the base for the salad. Delicately flavored and bursting with juicy, they are a perfect complement to the shrimp mixture.

### Baked Pear Seafood Salad

2 (1 lb.) cans Bartlett pear halves  
 1/4 cup French dressing  
 1/2 pound small shrimp  
 1 cup finely chopped celery  
 2 tablespoons finely sliced green onion  
 3 tablespoons chopped green pepper  
 1/2 cup sliced water chestnuts  
 1/2 cup mayonnaise  
 1/2 teaspoon salt  
 1 teaspoon white pepper  
 1/2 teaspoon curry powder

Drain pear halves. Marinate in French dressing 1 hour. Combine shrimp, celery, green onion, green pepper and water chestnuts. Add mayonnaise and seasonings and blend thoroughly. Remove pears from marinade. In each individual ramekin or baking dish place 2 pear halves. Spoon shrimp salad in the center. Bake in a 350-degree oven 20 to 25 minutes. Makes 6 servings.

THE RELATIVELY NEW WING added to the Gillary Gallery, located in the residence of Leo and Sylvia Gillary of 62 Maiden Lane, Jericho.

The article, which accompnys this photo, describes the recent visit to the Gallery by the Editor of The Villager.

## "South Pacific"

The Rodgers and Hammerstein perennial "SOUTH PACIFIC", as produced by Guy Lombardo at the Jones Beach Theatre on an island stage, is as exciting, fresh and alive today as when it made its spectacular splash on Broadway nearly twenty years ago since which time it has been family entertainment as sparkling as the stars shining overhead. "SOUTH PACIFIC" is now well into its second season at the 8200-seat beach theatre. Last year many people were disappointed when they were late in ordering tickets. Because of popular demand the show was brought back for a second year. A situation similar to that of last year appears to be developing. If tickets are not ordered now or very soon, there again will be many disappointments. The same has been true of this great

musical wherever it has played on the road, even last Spring when it was produced in Mexico City before overflow crowds. And it is not surprising. The cast is superb. Jerome Hines as Emile de Becque, the romantic planter, is at his operatic best; Nancy Dussault, as Lieutenant Nellie Forbush, is personality plus; Jerry Lester, as Sergeant Billis, is a real wheeler-dealer, and Martha Larrimore as Bloddy Mary teaches him a few lessons in salesmanship. Of course Nolan Van Way-Lieutenant Cable-the frustrated lover of a beautiful Tonkinese girl, adds to the show with his highly pleasing voice. "SOUTH PACIFIC" is indestructible. It will be around many years, but not always in a laagoon-setting of the kind afforded at Jones Beach.

By

Howard J. Finnegan

Frank Antun's Old Country Manor became the surprise entry in the Nassau County ASA open Slo-Pitch championship eliminations.

Far from fence busters the Old Country crew none-the-less placed enough hits to gain the finals in the winners bracket.

And it was none other than Hicksville High Freshman baseball coach Bob Hilsky who pitched a skillful game in the semi-final to upset the powerful De Nunzio outfit, 4-2.

De Nunzio travels in the more elite company of County Sports and Hicksville Astros and the crowd waited and waited for its awesome bats to unload.

Hilsky repeatedly stuffed the expected charge back into the mouth of the cannon. He let the hitters extend the tape measure as far as they wanted but with a one foot exception. That was the last one from the outfield fences. This allowed his outfielders to spear five potential long blows.

On lesser but more troublesome shots he got two tumbling catches by his left-fielder Joe Grassa to stave off rallies.

Two Hicksville men in the De Nunzio outfield, Ron Boiley and Bob Murcer, made outstanding catches to keep Old Country Manor from breaking away.

Boiley is easily one of the best defensive outfielders in the County and his throwing arm produces a swift and accurate return to the infield.

It would be impossible to believe that he could be left off the All Star team.

Catcher Perry Richmond and outfielder-pitcher George Fillipone are also Hicksville representatives on the De Nunzio club. They carry very respected and potent bats but somehow Hilsky never let them put it altogether.

Even a switch from Cantiaque could not deter the Hicksville Banquet house as the Old Country crew bested Mode Lounge of Glen Cove, 9-2, at Jones Beach.

Rain has played havoc with the tournament schedule but it appears at press time that the finals will find Old Country Manor at Cantiaque to-night (Friday).

Hicksville's Connie Mack team worked its record to 10 wins and 2 losses Sunday. Roslyn had to forfeit the first contest at Hicksville and in the second game Gary Jackson continued to mow the opposition down, 9-0.

He struck out some 17 batters in registering his fourth victory in a row. Three have been shutouts and the other he relinquished a single harmless late inning tally.

The runs poured over on hits by Don Cook, Bob Rogers and Ed Ieda.

Interest in football just cannot be kept under wraps. Fans all over are talking about it already. For those Hicksville buffs we are going to stimulate your interest in Hicksville's past record and you see how you do.

# Freeport Auto Races Three Nights A Week

Now that the action at the near-by Freeport Auto Races is going full steam ahead—three nights a week—several of the tracks top drivers find that their schedules are even tougher than they had expected. The reason? A number of the better Freeport driving stars are running in both the Modified and the Bomber classes. That means that these "double-duty" drivers see action on Tuesday with the Bombers, and Friday and Saturday in both classes! Starting time, each of the three racing nights, is 8:00 p.m.

This business of driving in two different classes has opponents, however, as well as proponents. Inwood's Ed DeAngelo says, "The competition is so close in the Modified class, I couldn't dare take a chance and try to field a Bomber car, too. My Modified gets all my attention." On the other side of the coin, there's Lynbrook's "Cookie" Visconti, who says, "My Bomber drives are fun, but they're tough, too. So many of the Bomber

drivers are capable of winning on any given night, that I almost feel more sure of a win in the Modifieds." Dick Holahan of Cold Spring Harbor expresses it differently. "I just love to race. If Freeport had seven classes, I think I probably would have

seven different cars."

How does this business of fielding more than one class of car work out? Well, both Visconti and Holahan have notched Main Event victories in each of the two classes.

# How to put a malicious caller in his place.

The penalty for making an obscene or harassing call (including those where the caller remains silent) can be as much as a year in jail and \$1,000 fine.

We've installed special equipment and set up an Annoyance Call Bureau to work with you and the police to catch offenders. Since this bureau was established, the police have made over 400 arrests, and 190 offenders have been convicted.

If you should ever receive a malicious or obscene phone call, the best thing to do is hang up immediately. The caller usually wants you to talk back or argue. If you don't give him that satisfaction, chances are you won't be bothered again.

But if the calls should persist, contact your telephone business office or, after hours, just dial Operator and the Annoyance Call Bureau will take it from there.

We believe your right of telephone privacy is important. We don't want to see it abused. And with your cooperation, we'll do our best to see that it isn't.

## Larsen Becomes PO Regional Director

Harold R. Larsen, former Executive of American Can Co. who has been named New York Postal Regional Director, said today he has been granted wide authority "to make changes and improve postal services for the people of this area."

The new New York Regional Directors said the Postmaster General's order giving him greater authority is a "historic departure from a policy of holding virtually all important authority in Washington. Now, regional managers will manage in fact as well as in name."

The New York Region includes 1,759 post offices in the state of New York, Puerto Rico and the Virgin Islands.

## Christmas Stamp

Postmaster General Winon M. Blount announced today the design of the 1969 Christmas postage stamp, according to Ralph Cascardi, Hicksville Postmaster.

The 6-cent stamp will be issued with first day ceremonies November 3 at Christmas, Florida. An enormous printing of 1.6 billion stamps has been ordered.

Reproduced on the stamp is a winter scene of bygone days by an unknown primitive artist. It is "Winter Sunday in Norway, Maine," an oil on canvas which was painted about 1870. The painting is the property of the New York State Historical Association, Cooperstown, New York.

The horizontal stamp captures the ruggedness of New England winters. There is a church and a cluster of houses. Before the church is a sleigh drawn by a team of horses. In the foreground are a man and woman arm-in-arm, walking through the gate of a rail fence. On a vertical panel, to the left, is "Christmas" in old English. On the opposite panel is "United States 6 cents" in sans serif.

This will be the third stamp to

come off the Huck press, although the nine-color capacity will not be utilized. Red, green and yellow will be applied from the first cylinder; a darker green and brown from the second. The selvage aside each stamp will contain a plate number and a slogan. "Use Zip Code" will be in brown; "Mail Early," in red. It will be issued in panes of fifty.

The stamp was designed by Stevan Dohanos of Westport, Connecticut. It was modeled by Leonard E. Buckley and engraved by Edward P. Archer (vignette) and Robert G. Culin, Sr. (lettering) of the Bureau of Engraving and Printing.

Collectors desiring first day cancellations may send addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the Postmaster, Christmas, Florida 32709. A close-fitting enclosure of postal card thickness should be placed in each envelope and the flap either turned in or sealed. The outside envelope should be endorsed "First Day Covers 6 cents Christmas Stamp." Orders for covers must not include requests for uncanceled stamps. Cover requests must be postmarked no later than November 3, 1969.

## RC Drivers Wanted

Volunteer drivers - both men and women - are urgently needed by the Motor Service of the Nassau County Chapter, American Red Cross.

A few hours of your time can mean so much to someone else - a physically handicapped or elderly person who needs transportation to a hospital or clinic - a veteran or a blind child who would so enjoy the thrill of an outing - a patient in a hospital desperately in need of blood - all of these people - plus many more - who telephone for transportation depend on the Red Cross and the Red Cross depends on the volunteers of the Motor Service.

Can you spare a few hours each week to help someone else? If so, become a member of this very necessary team - its a very rewarding service. Call the Office of Volunteers, Nassau County Chapter, American Red Cross - 747-3500.
