Mrs. Peter Botto, chairman of the newly-formed Hicksville Chapter of FLP (for lower prices) announced today that a boycott rally is scheduled for Friday evening, Aug. 22, from 7 to 9 p.m. in the supermarket area of Mid Island Plaza.

"We urge everyone who is interested in helping to bring meat prices down to come to this rally, whether or not she can picket.

There are so many other ways that she can help us to make this first one of our goals, successful," Mrs. Botto said.

"First of all, boycotting meat must be done in numbers, to be effective, so that alone is high on the list of effective participation. Then, telephoning and giving out flyers in one's home area is also important, as well as recruiting others to

become active FLP members and meat boycotters," she concluded enthusiastically. Mrs. Botto who lives at 5 Chatham Court in Hicksville may be reached at 433-4731 for further details.

Mrs. Ross De Lorenzo of Levittown, a charter FLP member said that the success of the Hicksville Chapter of FLP is

## Leukemia Society Progress Report

HICKSVILLE - A three-prolonged attack - research, education, and patient-aid - is being waged by the Leukemia Society of America, Inc. to control Leukemia, according to the Society's Progress Report issued here today, by the Long Island Chapter of the Society.

In the President's message, Dr. John J. Kenny said that the Society is sharing in the biomedical revolution now taking place in research centers, universities and hospitals throughout the world. To date the Society has spent more than \$3,500,000 to support 192 researchers both here and abroad, the report said. It pointed out that the Society supports individuals rather than projects, allowing the researcher to be free to consider the attack on Leukemia as broadly as he sees fit.

The Progress Report reflects that more than fifty chapters of the Society conduct Patient-Aid Programs providing drugs for the care, treatment, and or control of Leukemia, laboratory fees, laboratory and service charges for blood transfusion and transportation of patients to and from treatment centers for those whose resources cannot meet the heavy financial burden imposed by the disease. In addition, referrals to existing sources of aid in the community are

provided for all patients. "The Long Island Chapter is now aiding Leukemia patients who live locally" said Mr. John Schueler, Chapter President and Senior Vice President of the National Bank of North America, West Hempstead.

In addition to the Progress Report and Perspectives, the Long Island Chapter's Public Education and Information Committee headed by John Rieger, President of WLIR, with George W. Drance as Co-Chairman, will supply upon request, the following education literature: A fact sheet on the Leukemia Society of America, Inc.; a Patient-Aid Program leaflet; a guide to Parents of Leukemia Children; "A Consultation with Dr. Damashek" brochure and a book - "Closing In".

The Leukemia Society of America, Inc., founded in 1949, is national voluntary health agency which concentrates all of its efforts on the problem of Leukemia, its control, and eventual eradication. It is supported by contributions from individuals, foundations, industry, clubs and organizations.

The Long Island Chapter is located at 265-Old Country Road, Hicksville, Long Island, 11801. The telephone number is 938-3900.

Laura B. Viterise is the Executive Director.

### If You Have A Problem

How Hicksville and its surrounding areas develop is as important to us at the MID ISLAND HERALD as it is to all of you. So, we invite you to write us about any local problems, large or small, so that we can work together with you to have them eliminated. We know our elected officials are working to do the same things. And we feel that if they know that all of us are interested, even determined, they will be glad to know they can count on us. All to often they hear only the negative point of view. We're all dedicated to making Hicksville and its surrounding areas a better place to live, to work and to bring up the children.

In the meantime, thanks for your letters and numerous telephone calls regarding the violations of the dairy store on the corner of Old Country Rd. and Division Ave. We have turned them over to the authorities and after Sept 3rd, when these violations have to be corrected, we'll bring you the facts on this Hicksville problem and we'll plan our future actions on this based on what our authorities plan to do.

### A Stop Light Needed

An interested Hicksvillian phoned to tell us that eight years ago a stop light was promised for the intersection of Kingston Avenue and Newbridge Road, in back of the Hicksville High School. It is still needed as it is a dangerous intersection. How about it, Commissioner Looney and our Town officials. Can you do something to correct this community problem?

### Let's Go Housewives

The now famous meat boycott has spread to Hicksville where it's first Chapter is now being formed and a meat boycott rally planned for tomorrow night (Friday, Aug. 22) from 7 to 9 p.m. in the supermarket area of the Mid Island Shopping Plaza. There is no doubt that meat prices head the list of the current cost of living rise. It is absolutely unrealistic to expect salaries to keep pace. Husbands and wives alike can see the impossibility of paying these inflated prices. So, join the meat boycotters...join the FLP organization, Hicksville Chapter and do whatever you can to protest...and to help bring down these prices. It's better to have meatless meals now before even higher prices force you to do so! (see story on page one and more menus on page 6.)

#### MEAT BOYCOTT (Continued from Page 1)

tremendously important because it is the first branch of FLP which undoubtedly will spread county-wide as women from communities as far apart as Merrick and Syosset are already planning to establish active chapters in their areas, with more to be heard from later. She also said that in Levittown where the meat boycott

started, meat sales were down 35 percent according to a publication called Supermarket News... and that after the boycott had only been in effect for one week. It is expected that the percentage will go higher for the next two weeks as active recruitment is going on each day in Levittown, she concluded.

**STUDENT ACTIVITIES** at Hicksville Senior High School will be slowing down after this final week of summer school, but hammers, saws, and paint brushes will be working at a feverish rate right up until the final day before school opens, and in some areas work will be going on after the start of school on September 3rd.

Since July 1st, 297 eligible students drawn from all local schools have been given driver education, and 1144 students have attended make-up classes in most academic areas. While the 1441 students have been pursuing their studies, workmen have been making repairs and changes throughout the building.

Approximately two thirds of the seats in the auditorium have been reupholstered and one third have been completely refinished.

Two classrooms that had been used by seven guidance counselors have been restored to their original purpose; two foreign rooms have been given new ceilings and new lighting fixtures; the former vocational area has been

reorganized and equipped to take care of the increased enrollment in the industrial arts subjects, and in general, the building is being cleaned and readied for the fall term.

In addition to the classroom use and repair activity, the building was used by the recreation department for a great many of their activities. Due to the construction jobs at the junior high school the children who would have ordinarily used that site for the summer playground were moved to the grounds of the senior high. The HSH was used as a departure point for all major teen trips; for rehearsals of the stage band; for the summer chorus, and the Title 1 film production; for afternoon tennis and golf practice; and for a family activity center in the evenings. Teen dances were held weekly and a physical fitness program was in session every evening.

Hicksville Senior High School was the hub, the focal point, and the home of most community activities this summer.

## Down Memory Lane

# LIBRARY NOTES

Currently there are 117 books in print about the Kennedy family. Every facet of the political and personal life of the late President has been explored. In a 11 American history no family has been capable of generating such public interest about their personal lives. The latest and perhaps the ultimate revelation about the Kennedy's is now being serialized in a magazine and will shortly be published as a book. It is called "My Boss, Jackie Kennedy" and is written by her former personal secretary. Besides the flawless reporting of conversations 12 years old, between Jackie, the President and Mrs. Gallagher, the secretary, the book reveals details about Mrs. Kennedy's finances that is remarkable. For example, did you know that Jackie's ex-

penditures for 1962 were \$121,461.61? This is the sort of information that makes one hardly able to wait until the next episode is published. Admittedly someone out there must like this mixture of gossip, amateur psychoanalysis, and general trivia since the market never seems to run dry and the books keep on appearing. Jack Kennedy is the subject of 88 titles in Books In Print, some of which are the serious memoirs of his cabinet members or top political aides. There are also a few attempts to analyze objectively his effectiveness as Senator or President. A surprising number of these books however, deal with his life at school, college and in the Service and his family life or his personality. Many have been written by personal friends, teachers or servants and have very little to recommend them. The only public figure to compare with Kennedy in interest in FDR who is the subject of 52 books still in print. Truman and Hoover, on the other hand, are the subject of 26 books between them. Very little has been published about President Johnson and none of these are of the hero worship type that characterize the Kennedy and FDR books. It seems that a U.S. to inspire

public curiosity should (a) have a large and colorful family, (b) possessed of the mysterious quality called charisma that inspires love, loyalty and hate in unusual degree. (c) be touched with tragedy. If this is true and the imagination is captured, then almost any associate, advisor, secretary, doorman or White House nannie can find a willing ghostwriter to help prepare the manuscript and find a publisher. OF CURRENT INTEREST NEWFIELD, JACK. Robert Kennedy. One of the good books about the Senator. Newfield of the Village Voice traveled and talked extensively with RFK during the last turbulent and tragic days of his life. An intimate portrait of a dad and misunderstood political man who was not what he seemed to be. WILLIAMS, TED. My Time At Bat. One of the very best of the baseball biographies, by one of the best hitters. Williams, who was a fascinating personality, tells of his career as a ballplayer (a success) and his career as a public figure (a failure). He presents a convincing indictment of Boston sportswriters who fought with him throughout his career.

Hicksville's Gary Jackson tried desperately to aid Elmont's quest for the National Connie Mack League Championship at Farmington, New Mexico.

It ended suddenly as a rash of balk calls frustrated the Eastern entries at very critical times.

Jackson, who was picked up by Elmont after the Metropolitan tourney, had a big hour in the opening round of the tourney.

He was called upon in the seventh inning to put the fire of the defending champions from Cincinnati, Ohio out. He averted the defeat and participated in the Elmont rally in the eighth frame.

With the bases loaded he coolly waited out the Ohio pitcher and forced in the winning run on a base on balls.

On Sunday he was rushed in when a Springfield, Ill. rally threatened to sweep the Long Island entry to an immediate defeat. With the score tied 2-2 he set the side down but suffered a stunning reverse in the next inning.

The umpire called a balk on him with the bases loaded and forced in the third and winning marker. Jackson held on to his composure and got the side out. Elmont however could not get a baserunner in the last of the frame and it was over.

The fate of the balk befell Elmont on Tuesday night when hurler Bill Bisterfeld was charged in the third inning. It led to one run and rattled Bisterfeld to the degree that he served up a home run ball to the next batter and undefeated Bellflower-Compton, California had all that it needed to win 2-0.

As Elmont flew back east the California entry, Nashville, Tenn. and Seattle, Washington remained in the tourney.

At that Jackson has the distinct honor of being the first Hicksville player to compete in a baseball National championship.

The Long Island Connie Mack playoffs get underway at Hicksville Sunday morning at 11:00 a.m. Syosset faces Hicksville in the first round contest. The Hicksville-Sutter

team takes the best regular season record into the series.

Hicksville's best friend of baseball, sponsor Fred Sutter, is hoping that the boys have a good series so that their spirits can be redeemed after the loss to Islip in the playoffs.

Fred firmly believes that the Hicksville crew should have been out in New Mexico this past week.

Athletic Director Amado Tomaini has asked us to repeat the dates of the athletic physicals for this fall prospective athletes at Hicksville High.

Football physicals will be held for all players on Wednesday, August 27 from 9 a.m. to noon. All other sports will have physicals on Thursday, August 28 during the same hours.

We were very pleased to hear that the Herald, with its report on how the community is rooting for Chris Coletta, has reached Louisville, Kentucky.

Chris has been smacking the ball on the nose for the league leading Colonel. However the opposition has been spearing the shots and his average has slipped a bit. .317 is nothing to sneer at however. He has resumed his position in the outfield and his arm is fine.

Those Hicksville fans with powerful radios might get a kick out of hearing the on the spot play by play report of Chris in a Louisville contest. On August 30, 31 and September 1 the Rochester-Louisville showdown games will be carried on Rochester station 1180 on the dial.

When the news of the 1969 Six-Pitch World Championship series starts to crackle over the late night wires this Thursday the community name of Hicksville will have an important standing. The Hicksville Astor Motor Lodge won the Eastern Regional at Smithtown over the week end it took a two out, two on Homer by Steve Shurina to defeat the Wantagh Hotel, 12-11.

With the dramatic victory came the right to represent the Region at the tourney in Palma, Ohio.

The event will run through Labor Day.

## Tobay Gulls

The Tobay Gulls, an ice hockey team composed of youths from throughout the Town of Oyster Bay, defeated the Long Island Athletic Club, 4-3, in a summer hockey game at Cantiague Park, Hicksville.

The Township was well represented by the play of three youngsters in particular—Chris Fisher of Massapequa, John Fennel of HICKSVILLE and Bill Anderson of Syosset. Fisher, with

assists from Fennel and Anderson, netted two goals.

The Gulls, who are entering the Junior Metropolitan Ice Hockey League this year, will be holding tryouts at Skateland, New Hyde Park, each Saturday in September. Any boy from the Town of Oyster Bay who is 15 years or older and interested in trying out, is advised to call the Town Recreation offices at 921-5875 for a time schedule.

## Date Changed For Eisenhower Park Ceremony

The date for the renaming of Nassau County Park (Salisbury) to Dwight D. Eisenhower Memorial Park has been changed from September 7th to October 13th, the holiday Monday following Columbus Day, it was decided at a meeting of the Eisenhower Memorial Park Committee recently John W. Wylder, Chairman, announced.

"Many of those invited to participate," declared Wylder, "find the October 13th date more acceptable in their calendars so it was the unanimous decision of the committee that we should change the date to make it as convenient as possible."

"President Nixon, Mrs. Eisenhower and members of the Eisenhower family have all been invited to attend and we expect the renaming of the park in memory of our 34th President will be a most auspicious occasion."

It was reported by Congressman Wylder at the meeting that the West Point Glee Club would not start rehearsals until September 1st and Major General S.W. Koster Superintendent of West Point wrote, "The Cadet Glee Club will be better prepared to participate in a manner befitting the occasion at a later date."

The United States Military Academy band will also be available for the October 13th ceremony.

## MORE MEATLESS RECIPES

Two very delicious recipes found in cookbooks by a F.L.P. supporter.

### Tuna Casserole

- 1 med. cauliflower
- 1 cup carrots
- 1 can (7 oz.) Tuna, flaked
- 1 can Cream of Celery soup, undiluted
- Dash Nutmeg
- 2 tbs. onions
- 2 tbs. butter
- 2 tbs. milk

Break cauliflower into smaller flowers and cook with carrots until tender. Meanwhile, saute onions in butter and add soup, nutmeg, milk and tuna. Spread cauliflower and carrots in a 1 1/2 qt. casserole and top with liquid mixture. Add 1/2 cup cracker crumbs and cook 40 minutes at 350 degrees.

### Shrimp Casserole

- 1/2 lb. Shrimp (canned, frozen or fresh)
- 2 cups cooked rice
- 2 tablespoons green pepper chopped
- 2 tablespoons onions chopped
- 1 can Cream of Mushroom soup (undiluted)
- 1/2 cup diced Cheddar Cheese
- 2 tablespoons melted oleo or butter
- 1/2 teaspoon Worcestershire sauce.

Combine all ingredients in 1 1/2 qt. casserole and cook 40 minutes at 375 degrees. Served with biscuits and a salad, it's great! Next week, I'll have more if anyone is interested.

## Local Service Station Awards

Two Oyster Bay area service stations and their operators were recently nominated from a field of approximately 2,100 to receive the oil industry's most coveted award for community consciousness—the "Service Station of the Year" award.

The nominees are Messrs. Sprague and Powell, South County Service Center (Sun 011), 501 Old Country Rd., PLAINVIEW; and S. Stiglic, Steve's Shell Service, Woodbury and Bethpage Rds., HICKSVILLE.

Since May 1, when the contest began its ninth season, these dealers have distinguished themselves by keeping their stations "especially clean and

attractive" according to the guidelines established by the New York State Petroleum Council.

The finalists will be judged by an outside firm and will be among 64 first and second place winners from the eastern New York area. The dealers will also be eligible for six grand awards.

Final awards will be made at a banquet Oct. 30, at the Hilton Inn in Tarrytown.

## Back To School

This week and next we are officially saying goodbye to summer and welcoming our school population back—happy, tanned and ready to work (we hope). Hicksville bus schedules start this week and will be completed in next week's issue. Our library bookmobile schedule is printed for you this week so that you may take even greater advantage of library services. But, don't be alarmed, summer isn't quite over yet, so check page 6 for more end-of-summer entertainment and recreation events.

Then in Sept. when you do go back to school, you'll have enjoyed Summer '69, every sunny and rainy minute of it!

THE CENSUS and Attendance Office under the direction of Mr. Mainard Chittenden, is housed in the Administration Annex on Newbridge Road along with the Transportation office. The work of this office goes on throughout the summer, being particularly

busy issuing working papers at this time of year.

In addition to issuing approximately 1500 working papers, all new entrants are registered here, census records are compiled and kept, academic records for transfer students in

elementary through junior high school are stored, and all district mailings are sent from this office.

Shown here are Mrs. Ida Buckstein (seated) and Mrs. Martha Reinhardt, checking some of their voluminous records.

## Student Loans

In spite of the tight money situation, Michael J. Burke, President of The Lincoln Savings Bank has committed additional funds of the bank for student loans... so that as many worthy students as possible can continue their education.

Loans are available at The Lincoln for anyone attending or planning to attend college, vocational or nursing schools. Qualifying freshmen and sophomores can borrow up to

\$1,000 a year, with higher amounts available for juniors, seniors and graduate students. Students are not liable for interest payments while attending school. Interest and repayment of the loan begin only after the student has completed his education.

The loans are offered in cooperation with the New York Higher Education Assistance Corporation, an agency of the State of New York.

SCHOOL OFFICIALLY opens on September 3rd., but Miss Jones who works in Mr. Galloway's office at the Hicksville Administration Building, has been involved in the collecting, ordering, sorting and disbursing of text books throughout the entire summer.

The New York State Textbook Law - effective as of September 1, 1960, states that the home school district may provide textbooks for students attending non-public schools up to the amount of \$10.00 per student. Since 1964 the Hicksville school district has provided each year, ap-

proximately 8500 books to 1200 students attending 37 non-public schools.

Shown here are (L. to R.) Thomas McGunnagle, Patricia Lang and Janet Lang, all students of St. Dominic's High School, receiving their books from Miss Jones.

WHILE APPROXIMATELY 8500 students are still on vacation, or working, or traveling, or otherwise spending their remaining summer days, Mrs. Sybilla Caesar, Supervisor of Transportation, and Mrs. Rita Sullivan, are busy preparing for their bussing to and from school starting on Wednesday, September 3rd.

Shown here are Mrs. Sullivan and Mrs. Caesar looking over the more than 62 bus schedules they have been working on for the past two months.

Mr.

Kramer has also served as past president of the Plainview-Old Bethpage Administrators Association. In recommending Mr. Kramer, Dr. Savitt stated Mr. Kramer was selected for this position on the basis of the unusual and imaginative leadership he rendered in heading up a number of innovative programs in the Plainview Schools that have been praised by State and National authorities. Mr. Kramer replaces Dr. Daniel J. Healy who had served in this capacity for the past four years. Dr. Healy was recently appointed Superintendent of Schools in East Irondequoit, New York.

Mr. Herbert Levine, Mr. Levine has been appointed Principal of the Howard B. Mattlin Junior High School. He has served as Assistant Junior High School Principal in the district since 1963. Prior to his arrival in Plainview, Mr. Levine served as building administrator for six years in another Long Island Community. In recommending Mr. Levine for the position, Dr. Savitt stated Mr. Levine brings to this position lengthy experience as a building administrator and he has served most effectively for us an educational leader at the junior high school level. Mr. Levine replaces Dr. William Goldstein who served as Principal of the Howard B. Mattlin Junior High School since 1966. Dr. Goldstein resigned to accept the position of Principal of Trumbull High School in Trumbull, Connecticut.

The appointments of Mr. Kramer and Mr. Levine are effective as of August 16.

## Explorers Club Maps Long Island

**MAPPING LONG ISLAND** are Larry Licht (on the left) and Joel Stern.

The Explorer's Club, participants ranging from eight to fourteen years, contributed a useful and lasting project to the Jericho Public Schools - a large wooden map of Long Island. An outgrowth of their activities and trips during the Summer Recreation Program, the map will locate, using a color-keyed lighting system, various areas on Long Island particularly suited for scientific investigation and

collection. An accompanying legend will identify sites for such studies as geology.

Supervised by Junior High teacher Emil Voigt, the Explorer's Club members intend to share their project by "loaning" the map to each district school, allowing students to add to the map as they take field experiences and further explore Long Island's resources.

## BCA Travel Club News

### Wada Ya Doing New Years?

In response to requests by several members, we are trying to arrange our first trip to solve that annual New Year's

problem. Also, as a second condition, the location has to be someplace that offers almost guaranteed warm weather. Remember last winter?

This is what we have come up with! The place - Caracas - right on the equator. Warm enough? The Hotel - the Macuta Sheridan. The dates - Fri. Dec. 26 to Sat. Jan. 3 (8 nights-9days). The price - airfare and ac-

commodstions withbreakfast and dinner - \$325 per person.

Now, what do you say? Who is interested? Time is obviously very short if we are to get any good deals for this New Year's.

If you want to go - might want to go - have any questions - have any other suggestions - call any BCA board member or DON BECKER, 681-3069. But really, you must do it now!

### Registration For New Members At Temple

Temple Or-Elohim, Jericho's reform congregation announces new member registration on Tuesday, August 26th and Wednesday, August 27th, at 8 p.m.

All are welcome at the first Family Sabbath Service on Friday, September 5th, at 8 p.m. Oneg Shabbat will follow, at which time there will be an informal discussion conducted by Rabbi Herbert Rose on the topic of Reform Judaism, its background and relevance today.

### Jericho Schools Re-Open Sept 3

The 1969-70 school year will begin on Wednesday, September 3, with a full-day program for secondary students and a half day program for elementary students.

All cafeterias will begin operations on Thursday, September 4.

Bus schedules, listing all transportation times, routes and stops, will be mailed to residents in the August issue of the Jericho School News.

## School Tax Rate Set

At the August 14th meeting of the Jericho Board of Education, the school tax rate for the first half of the 1969-1970 School Year was set at \$9.253 per hundred of assessed valuation, plus \$.111 for the library, making a total of \$9.364.

## Summer Rec Concludes

An Open House for parents and friends helped to successfully conclude the 1969 Jericho Summer Recreation Program. The Open House was combined with a Field Day, featuring such events as a Tin Can Relay, Potato on a Spoon Race, 60 Yard Dash, Suitcase Relay and an Egg Toss Contest.

Approximately 200 resident students participated in the six week program, conducted at the George A. Jackson School and the Junior High School. The three-hour morning sessions allowed youngsters to select a club activity of their choice Sportsman's Club, Explorers' Club, Performers' Club, Artists' Club or Kiddie Klubs for K-2.

Afternoon swimming, from 1:30 - 3:00, was held at the High School Pool, with almost 50 pupils engaged in instruction and free-swim.

A staff of eight regular Jericho teachers supervised activities, assisted by students who volunteered outstanding services as aides. The students - Elizabeth Rose, Arthur Gordon, Patricia Pela, Emma Cincinnati, Catherine Chia, Matthew Albanese, Andrea Cucco, Gwen Sylvan, Joel Stern and teacher-aides Patricia McDonald, Debbie Siegel and Larry Licht - were presented with "Certificates of Appreciation" on Open House Day.

by Arturo's

When you have expensive, fabulous-smelling bath powder, mix it with non-scented baby powder ... and you'll have twice as much!

Think you have lots of hair-pieces? Queen Elizabeth I had eighty wigs!

Quick hair-polishing and cleaning trick: wrap a thin cheesecloth around the bristles of your hairbrush and brush a hundred strokes.

For naturally graceful gestures while talking, lead with your wrist, keeping it relaxed. Try it right now - it's amazing!

Sparse eyebrows go soft and full this way: block in the bare spots with eye-shadow; then, using pointed brush and eyeliner, draw tiny hair lines atop the blocked-in sections. Gives illusion of real eyebrows.
