### Herald Report of School Board Dist. 17 Hicksville

By Shirley Smith

The Hicksville School Board presented a plaque to Harold Sternberger in recognition of his years of service to the community. Accepting the plaque from Board president, George Jackson, Mr. Sternberger stated that he had meant in his years on the Board to give, not to receive. The plaque is a certificate of appreciation presented to all outgoing Board members.

Mr. Leon Galloway, Administrative Assistant, reported on the Lay Help program which began in 1965. These part-time employees are hired to relieve teachers of some of their non-teaching duties (in accordance with the teachers' contract.) They assist with bus duty, lunch room duty and fire drills, supervision of recreation and study halls, and checking hall passes. The personnel are assigned to each school in proportion to the enrollment of that school. The principal of each school is responsible for interviewing and selecting those people who will work in his school—however, substitutes are assigned by Administration. The principal is also responsible for setting up the work load for the lay help and instructing them how to perform their duties. There are 65 persons employed as

lay help, each working under four hours a day (at \$1.90 per hour.) There is \$64,370 budgeted for this expenditure. As lay help are part-time employees, they receive no fringe benefits. Anyone interested in this type of work can apply through Mr. Galloway's office in the Administration Building, Division Ave.

Mr. Donald Abt, Superintendent, reported on the vandalism reporting system in our schools. Each school is equipped with a noise-detection alarm system monitored through the Buildings and Grounds office. If noises are heard in any of the buildings at night, they will register and the police can be notified which school is being broken into. This system has helped reduce the occurrence of vandalism a great deal, but the district is still plagued with broken windows. We, as taxpayers can help reduce vandalism even further. If you see such acts taking place, call WE 5-9025 immediately (before 3 p.m.) After school hours call WE 5-3436. Report what you see and at which school. You need not identify yourself or become involved further. But your call may help our district save money and school property.

**BEAUTIFICATION OF BROADWAY:** Oyster Bay Town Councilman A. Carl Grunewald, left, and Larry Roman, a concerned Hicksville resident working with Grunewald on a number of projects indigent to the Hicksville area, stand on a barren strip of land that divides Broadway in Hicksville. Grunewald said he is calling upon the State, which has jurisdiction of Broadway, to beautify the area with the planting of trees.

To Honor 50 Year

## Charles Wagner Post AL # 421 To Celebrate Legion's 50th Year

Advice has been received from the White House that President and Mrs. Nixon would be unable to attend the 50th Anniversary celebration of the American Legion at Charles Wagner Post on September 20.

The president was to be the honored guest at the Golden Anniversary

dinner-dance to be held in the Victory Room of Charles Wagner Post No. 421, 24 E. Nicolai St., Hicksville. According to Golden Anniversary Chairman Arthur Rutz, the message from the White House expressed the President's regrets and his wishes of an enjoyable evening for his fellow

legionnaires and guests.

To observe the founding of the American Legion in 1919 and the petition for an Hicksville American Legion Post in September, 1919, eleven, fifty-years members have been invited as guests of the post. They are John Harbes, Fred Turner, William Zwicker, Fred Habenicht, Jerry Becan, William McIntosh, Eric Lebaron, Edward Herfert, Martin Duerr, Frank Jung and Henry F. Brengel.

A cocktail hour at 7:00 PM will precede the dinner which is scheduled for 8:15 pm. Each person attending the affair will sign a souvenir guest register which is a sheet of American Legion issue commemorative stamps. This will be framed and placed in a conspicuous area of the post building as a remembrance of this historic occasion.

Perhaps the greatest novelty of the evening will be the complete lack of speeches, short of a few words by master of ceremonies, Past Commander Arthur Rutz.

Table reservations at \$25.00 per couple can be obtained by calling ticket chairman Allen S. Carpenter, P.C., at WE 5-4737.

Members of the committee are Richard Hockbrueckner, decorations, Joseph Slattery, dinner arrangements, Anthony F. Corrieri, guests, and Hugo F. Spadaro, finance.

A Golden Anniversary drawing will take place that evening and all members are requested to please return their drawing books before that time.

### Police Display Narcotics Bus

The Nassau County Police Department's Narcotics Display Bus will continue its tour of shopping centers and schools throughout the county.

The department's bus is fitted with displays and posters designed to inform the public of the dangers of drug abuse. Members of the Department staffing the bus will answer questions and advise individuals seeking additional information on drug abuse and cure facilities. Persons visiting the unit will also be given literature describing the problem.

The bus will appear in the following local areas:

(Continued on Page 5)

Mrs. Vera V. Galante, foreign language supervisor in the Hicksville Public Schools has been selected to serve as a moderator for the panel entitled "What's Your Problem?—FLES" at the 52nd Annual Meeting of the New York State Federation of Foreign Language Teachers. This meeting will be held on October 19-21, at the Concord Hotel, Kiamasha Lake, New York. The Federation, with a membership of more than 2000 foreign language teachers from all parts of the State, expects a large turnout for this meeting, the theme of which is to be "The Foreign Language Teacher: An Agent for Change in an Era of Transition."

Seen with Mrs. Galante are Russell Goldman and Susan Berezniak, tenth-year students in Mrs. Galante's widely-known language program.

### Trinity Church Begins Adult Discussion Group

On Monday, September 15, at 8:15 p.m. the Reverend John Krahn, assistant pastor of Trinity Lutheran Church, 40 West Nicolai Street in Hicksville, will begin a religious discussion group with an unusual methodology. Instead of a set agenda of Lutheran doctrines to be covered in preparation for membership at Trinity, Pastor Krahn intends to let the group set the agenda for discussion.

Pastor Krahn comments, "We expect to be dealing with adults who have questions and answers about concrete problems in real life, not some remote doctrinal statements. We feel that God speaks to people where they are, and we hope to get together with adults (people of high school age and older) to see how and where God is speaking to us today. If, at the end of the series of discussion, some or all of the participants decide that the Lutheran style of Christianity is something they want to be part of, we will welcome them into Trinity's full fellowship with open arms. There

are no hidden agendas, no strings attached, when the group begins. Anyone can come."

### Folk Concert

On Thursday, Sept. 18th at 8 p.m. the Hicksville Public Library will present Mr. Tom McLaughlin in a program of traditional and contemporary types of folk music. This program is unique in that most of the songs, both music and lyrics, are composed by the artist himself. It is further unique in that the artist is a sophomore in Hicksville Junior High School.

Tom has been active in groups and as a single performer for over two years. He is presently a member of a group which recently won the C.Y.O. Talent Show, and plans are in the works for a performance on a TV program on channel 21.

The public is invited to what promises to be a very interesting evening. The Hicksville Public Library is on Jerusalem Ave. one block south of Old Country Road.

### Kiwanians Hear LILCO

Members of the Hicksville Kiwanis heard Long Island Lighting Company's presentation "The Second Battle of Long Island" at the Milleridge Inn, Jericho, New York on Wednesday, September 10.

Mr. Andrew J. Sebald of Long Island Lighting Company presented this talk after which an interesting question and answer period took place.

This program is one of many community services made available by LILCO to interested organizations on Long Island.

**FAMILY AFFAIR** - The recent promotion to lieutenant colonel of George R. Maida of the U.S. Army Military Police Corps became a real family affair as wife, Angela, and the three children share in pinning on the silver oak leaf insignia of the new rank. The happy kinds are from left) Gerald,

12; Steven, 14; and Janice, 9. Colonel Maida is assigned as the Provost Marshal of the U.S. Army Corps of Engineer's North Atlantic Division, with offices in New York City. The Maidas reside at 445 Division Avenue, Hicksville, Long Island, New York.

## Operation VFW

William M. Gouse, Jr. Post No. 3211  
by Eddie Klebing

**BULLETIN BOARD**  
BINGO - Thursday evenings. Members who would like to participate in this Post project can do so by contacting either Commander Harry Wurth of Frank Blesi. The request for help does not come from the commander or the chairman alone

but from those members participating in the game religiously every week. Even only ONE HOUR of your Thursday evening will be greatly appreciated by the tired members.

**AMERICANISM CALENDAR**  
September 14, 1814 - Francis

Scott Key wrote the Star Spangled Banner  
September 17, 1787 - The United States Constitution was approved

**INCIDENTAL INTELLIGENCE**  
The veterans population has passed the 70,000 mark raising the ledger count to the highest peak in history. The average of the veteran population is also increasing.

Broken down by wars the average age of veterans are:  
Spanish American War (approx. 6,000) average 90.3 years

World War I (1,647,000) 74.7 years

World War II (14,592,000) 49.7 years

Korean Conflict (5,847,000) 40 years

Vietnam Era Vets (3,169,000) 26.2 years

For all veterans, the average age is 44.3 years.

**A.P.O. WARNING**  
Be sure the correct five digit A.P.O. number appears on that letter or package to a serviceman overseas, or warns the Army Postal Service, the mail will be returned to the sender. It is estimated that Army postal operations in Seattle is returning about 1,000 letters a month because of an APO or an incorrect APO number. New York and San Francisco figures run a little higher.

## Our Armed Forces

EFFORT HOME ON THE SOLDIER AWAY FROM HOME

Pvt. Richard F. Bell, has just completed basic training at Camp Gordon, Ga. and is assigned to communication school at the same base, for which he enlisted last April. His brother, Sp5, James M. Bell, who is assigned to the office of the Commander, Long Binh, Vietnam, has his order to return home after a year and is expected about Oct. 28. Both are the sons of Mr. and Mrs. J. M. Bell, 179 6th St., HICKSVILLE.

Seaman Apprentice Andrew H. Kahn, USCG, son of Mr. and Mrs. Marvin L. Kahn of 34 Forsythia Lane, JERICHO, graduated from recruit training at the Coast Guard Training Center, Cape May, N.J.

Seaman Apprentice Vincent P. Cascone, USCG, son of Mr. and Mrs. Harry Cascone of 33 Spector Lane, PLAINVIEW, graduated from recruit training at the Coast Guard Training Center, Cape May, N.J.

Army Sergeant Marc A. Flashberg, 20, son of Mr. and Mrs. Irwin Flashberg, 24 Warren Place, PLAINVIEW, was assigned Aug. 9 to the 1st Infantry Division in Vietnam as a squad leader.

Specialist Four, Edward M. Rayn, 21, son of Mr. and Mrs. Edward A. Ryan, 5 Woodbine Drive, HICKSVILLE, received the Army Commendation Medal Aug. 10 while serving with the 4th Infantry Division near Pleiku, Vietnam.

Spec. 4 Ryan earned the award for meritorious service as a supply clerk with Headquarters Company, 1st Battalion of the

division's 69th Armor.

Army Specialist Four Stephen A. Seide, 20, son of Mr. and Mrs. Maurice M. Seide, 66 Universe Drive, LEVITTOWN, was assigned Aug. 9 to the 23rd Artillery Group in Vietnam, as a clerk.

Seaman James T. Cozzie, USN, son of Mr. and Mrs. Howard Cozzie of 85 Linden Ave., BETHPAGE, is serving aboard the aircraft carrier USS Bennington homeported in Long Beach, Calif.

The Bennington is an anti-submarine warfare aircraft carrier. It is currently operating off the California coast in preparation for its 12th deployment to the Far East.

Warrant Officer Candidate Barry M. Boeshore, 22, son of Mr. and Mrs. Richard J. Boeshore, 6 Hunter Lane, LEVITTOWN, completed a helicopter pilot course July 18 at the Army Primary Helicopter School, Ft. Wolters, Tex.

Second Lieutenant Philip J. Pignataro, son of Mr. and Mrs. Vincent Pignataro of 131 E. Marie St., HICKSVILLE, has been awarded U. S. Air Force silver pilot wings upon graduation at Laredo AFB, Tex.

Lieutenant Pignataro is being assigned to Barksdale AFB, La., for flying duty with a unit of the Strategic Air Command.

The lieutenant, a 1963 graduate of Chaminade High School, Mineola, received his B.S. degree and his commission in 1968 upon graduation from the U. S. Air Force Academy.

His wife is the former Penelope P. Brown.

## Local Resident Receives Promotion

Frank W. Gwiazda, of Hicksville, New York, has been promoted to the position of Senior Professional Representative Hospital in New York City for Merck Sharp & Dohme, the Pennsylvania-based pharmaceutical firm announced today.

The new position reflects Mr. Gwiazda's "consistently outstanding performance," the company said.

Before his appointment, Mr. Gwiazda served as a Professional Representative Hospital. He has been with the firm for 19 years and is a graduate of St. Francis College where he received a B.S. degree.

Mr. Gwiazda resides with his wife and four children at 26 Glenbrook Road in Hicksville.

## Commuters' Opinion

August 28, 1969  
Mr. William J. Roman  
Metropolitan Transportation Authority

1700 Broadway  
New York City, New York  
Dear Mr. Roman:

On August 5 there was a circular handed out at the Hicksville station which called for a public meeting to be held at the Gardiner City Hotel for the purpose of letting the commuter be heard regarding the deplorable situation which has existed on the Long Island Railroad for the past two years. Ironically these two years represent the time that the Metropolitan Transportation Authority has been the governing body for this railroad.

I chose to attend this meeting and volunteered to make a statement on my own behalf, not as a member of any of the commuter groups. I feel that after 37 years service in transportation with a major shipping company, specifically as Manager of the Scheduling and Operations Dept., I have more than adequate insight into management's various problems and labor's reluctance to cooperate. On the basis of this experience, I stated my position that railroad men trained in the field should be the managerial custodians of the railroad, and that labor should have an extensive training proviso requirement before any member can be employed as a railroad worker.

During the course of the meeting I learned that no spare parts have been purchased for the past two years to cover breakdowns and deficiencies in the present rolling stock. I cannot but question the competence of the individual or individuals who made such a decision. This disclosure is just one of the things that make us, the commuters, feel that the management of the Long Island Railroad has taken the attitude, "The public be damned."

I also cited other examples which lead me to believe that the railroad has the above attitude. The 5:50 PM train from Jamaica to Farmingdale has been on time 4 nights since Jan. 1, 1969. The delays on the other nights ranged anywhere from 5 minutes to 1 1/2 hours. Perhaps if some of you gentlemen in the executive or managerial staff came to Hicksville and saw the number of wives, many with young children, waiting in their cars in all kinds of weather to pick up their husbands, you would take this deplorable situation, for which you are solely responsible, seriously. Perhaps a look at the conditions which exist on the 5:50 PM train from a commuters point of view might put a dent in your executive armor. This train made up in the Jamaica yard comes into Jamaica empty. Yet every night for the past 2 years a statement

has been made over the Public Address System that the Farmingdale train is being delayed in the yard due to mechanical trouble. In the summer the train comes into the station blasting hot presumably after having laid in the yard all day. There are no windows open, no fans going and no light on. (As a very small aside would it be possible to put 100 watt bulbs in the sockets rather than the 25 watt bulbs presently used?). In the winter this same train comes into the station at Jamaica with no heat or lights. Half the time we have to plead with the conductors to turn on the lights and in most cases their primary objective is to look at all the tickets before giving any service. Ninety eight percent of the passengers that board this train at Jamaica are destined for Hicksville. Despite the fact that there are enumerable standees, the commuters must be content with this train stopping at both Mineola and Carle Place to disembark a handful of passengers. I believe the only logical and practical thing to do is to make this train an express to Hicksville. After having reviewed the railroads past years' schedules, I believe a major change in all schedules should be undertaken as no consideration has been given to the population changes which have occurred in Nassau and Suffolk Counties since 1950. Your schedules are antiquated to say the least.

Perhaps one of the sorest points with the commuters is the fact that though you claim to be running in the red as far as revenue and expenses are concerned, you still can in good conscience allow reduced transportation to be given to N.Y.C. Firemen, N.Y.C. Police, N.Y.C. Transit Authority, Port Authority. Despite these rebates you demand payment of station maintenance fees amounting to close to 9 million dollars from N.Y.C. Nassau County and Suffolk County. Check your records! You will find that the above mentioned people being offered reduced fares amounts to approximately a quarter of a million dollars per month loss in revenue for the railroad. We, the commuters strongly resent being taxed indirectly to supply the 9 million dollars mentioned above, when the select group of people enjoying this privilege are earning as much or more per year than the average rider of your railroad.

I would also like to add my personal account of conditions on the railroad following the first accident at Penn Station. My son was one of the victims of this accident. When he finally was extricated from the train, he called me at the office for the purpose of me meeting him and accompanying him home as he was frankly in shock and afraid to get back on a Long Island Railroad train. I advised him to

meet me at Track 17. I arrived at Penn Station at Track 17 at approximately 4:50 PM. I was not able to spot him in the crowd of many thousands. Noting that no one was allowed on Track 17, I waited on line under instructions of one of your police officers for the purpose of having an announcement made for him to meet me at the information booth. I was told by the information booth that I would have to get permission from the Stationmaster. I then proceeded to the Stationmaster's office and was barred from entering as this room was filled with both New York City and Long Island Railroad policemen. I finally was able to talk with a young chap and he tried to get the announcement made for me. He came back, however, with the reply that they have never—and I underline the word never—made any announcement for a purpose such as this. They couldn't care less that my boy was waiting somewhere in the station in a condition of shock. Fortunately, my son was taken home by another concerned commuter, after and understand this clearly—he had waited for me on TRACK 17, the track which I was barred entrance after assurances no one was there. Incidentally the following evening, while waiting for a train to go home, clear as a bell over the Public Address System came a request for one of the passengers to come to the information booth. I proceeded to the information booth to find out what this gentleman was going to be told, and found it was a routine message for him to call his office.

Here's another gripe and evidence of complete incompetence. There are two escalators located at the Hicksville Station. They took seven months to install and have operated since installation less than 30 per cent of the time when service is required. I have inquired and found out that these escalators are under the jurisdiction of the Dept. of Public Works of the town of Oyster Bay and are specifically assigned to the Parks Dept. for supervision and maintenance. The original recommendations by the Houghton Escalator Co. was for these escalators to be installed in an enclosed area as they foresaw outdoor installation bringing problems of freeze up and dirt, rain and snow causing non-performance. Why didn't the engineers take these factors into consideration before installation? Why should they? Instead the engineering staff of Oyster Bay disregarded the recommendations of the Houghton Co. and as was predicted many thousands of people are deprived of proper service by the escalators. I would venture to say that three fourths of the people who use this station blame the Long Island Railroad. I think the town fathers should take a hard look at remedying this deplorable situation before another winter is upon us. There are many elderly people subjected to using long flights of stairs and no doubt many people with heart conditions.

Finally, this is one last example of the Long Island Railroad's incompetent and discourteous help. I have been taking the 7:15 at Hicksville, and it met up with one of the new air-conditioned trains last Wednesday, August 13 at the Jamaica Station. I rode in the first car. The air-conditioning was not working in this car and the conductor, when we got to the Woodside Station, after having looked at only half the tickets, said he was going into the second car because he couldn't stand the heat in the first car. A fellow traveler of mine, a woman, on arrival at Penn Station went up to the same conductor and asked

## Catholic Schools Face Crisis

Today, throughout the state, the Superintendents of the diocesan school systems are conducting press conferences to bring to the attention of the people the serious problems which are facing the Catholic schools during this coming year and what the consequences may be if no solutions to these problems are found.

Just this past June 48 Catholic schools in New York State either closed down entirely or were forced to phase out certain grades. It seems inevitable that there will be further cutbacks of a more dramatic nature this coming June unless the financial problems are solved.

The Diocese of Rockville Centre did not close schools this year. The financial pressures, however, are becoming so acute that it is difficult to predict what next June will hold. If we are forced to close schools next June the consequences to us, to the public school system, and to the taxpayers could be tragic.

What would happen, for

example, if we were forced to close our three elementary schools in Hicksville. Only two years ago we had to house one of Hicksville's elementary schools in our Holy Trinity Diocesan High School because the public school building had been condemned. Could Hicksville absorb the pupils of three elementary schools?

Consider also the consequences to the Sewanaka Central High School District if we were forced to phase out grades 7 and 8 in the Catholic schools within that district. It is my understanding that in that district there is a high school built for 1,000 students which now houses 1,500. Could they easily absorb another several hundred?

We cite these as just two examples, not as a scare tactic but to emphasize the reality of what could happen if our problems are not resolved.

If school taxes are high now, what would they be like if we

## Rosh Hashanah Message

Rabbi Maurice W. Eisendrath

As we marvel at this era's unprecedented scientific advancements, so awesomely highlighted this summer by the landing of men upon the moon, we must at the same time take sad cognizance of humankind's growing retreat into the primordial darkness of hatred, fear, violence and suspicion.

The Jewish New Year is a sacred period when Jews everywhere turn to the synagogue for self-assessment and recommitment to the ethical principles of Judaism. It is to be hoped that our new prayers for peace, love and personal fulfillment will imbue within us a firm dedication to strive for an end to human suffering and conflict. The rewards of science and personal affluence can be truly enjoyed only if the links of brotherhood are made indestructible and all-encompassing, and such bonds can be forged only through the practice of justice, kindness and mutuality of respect.

Let us vow, as we pray on this solemn holy day, to give true substance to our utterances of the formulated promises of our prayer books, for unless we translate our moral pledges into meaningful and continuing action we are likely to find that the paths to peace, love and contentment are forever lost to us.

## THE STAFF of the HERALD

## Catholic Schools Face Crisis

(Continued from Page 3)

were forced to close down a substantial number of our institutions? Not only would the public school have to absorb our children, but they would have to construct new buildings to house them because we would have to use our buildings for catechetical centers.

What has brought these pressures upon our system? The first reason is the smaller number of religious teachers. Consequently, we have had to hire an increasing number of lay teachers. For the first time in our history, we will have more lay teachers than religious in our school system. The salaries we

pay them, while lower than those of the public schools, are the highest in New York State among Catholic schools.

The second reason for our problems is the inflationary costs which have hit all areas. Let me cite the situation of our four diocesan high schools. Last year the students paid a tuition of \$250 per year. With that as a major source of income we suffered a cash deficit of \$897,000.

This year, we raised the tuition to \$350 a year hoping to cut our deficit but we had to hire more lay teachers and prices rose. On

(Continued on Page 11)

## LETTERS TO THE EDITOR

"Letters To The Editor" must be signed and contain the writer's name and address, even though, at your request THE HERALD will withhold this information.

Dear Mrs. Noeth,

Through the years one by one of our beloved American traditions have been toned-down, by-passed or completely obliterated. Now it would seem that the Hicksville Board of Education wants to by-pass the birthday of the Father of Our Country. George Washington, by not observing his birthday.

It has been a national custom to observe national holidays which fall on Sunday on the following Monday. However, it seems that February 22, 1970 is to be shunted off, according to the published school calendar.

I hereby request the Board of Education to reconsider their action and reinstate observance of this important national holiday on February 23, 1970.

I am certain that many interested citizens of our community share in my feeling.

Sincerely,  
An Interested Citizen

Dear Mrs. Noeth,

I agree with Mr. Johnson's observation that various backgrounds of laymen-trustees, surely, are to be considered assets to our district. However, after objectively and indelibly noting the actual practices of our Boards of Education, it becomes obvious that even if our trustees were so gifted as to cover all fields of outside specialization, they would be contributing relatively nothing. UNLESS THEY PRIMARILY REPRESENTED THE PARENTS AND TAXPAYERS!

It is most difficult to conceive what may have prompted Mr. Johnson's suggestion that Mr. Kershen resign from the Board of Education at this time! Especially, since Mr. Kershen's 3 year record is a clear rebuttal of the premise that "No Professional Educator can vote in the best interests of the community."

Specifically, our first-hand knowledge of Mr. Kershen's record reveals that not only did he imaginatively, and courageously, use his educational background toward the advancement of the district, but his profession, as well!

How many men are known to us whether on the Board of Education, or otherwise, that exercise unselfish dedication, principle, and conviction to the point that they dare publicly criticize their fellow colleagues deserving criticism?

Knowing the weaknesses of men (& women) that have existed throughout the years, how many people with backbone have we seen in our lifetimes who would risk currying favors, or scorn, and or reprisals of their fellow-man? Mr. Kershen has amply demonstrated this highest quality!

While he may not have been the PERFECT trustee in the past (And who was?), he has displayed another remarkable and rare quality among men - the ability to acknowledge mistakes of the past and dutifully building upon them toward the benefit of all.

And, certainly, the 62 per cent majority voters must have seen some advantage in re-seating Mr. Kershen on the Board!!

On the contrary, I sincerely believe that Mr. Kershen should, instead, be showered with praise and congratulations in his recent

appointment to the State Education Dept. Heaven knows how desperately we can use good men in that Dept. as well!

I must, therefore, conclude that because of Mr. Johnson's conspicuous absence from regular Board of Education meetings over the past 3 years, HE MUST HAVE BEEN ILL-ADVISED!!

Respectfully,  
Charles Fetta, President  
"Life In Hicksville"

Dear Mrs. Noeth,

I have read the letter sent to you by Mr. Herbert Johnson, which calls for the resignation of Mr. Harry Kershen from the School Board. Mr. Johnson has a very valid point. In the past several weeks, Mr. Kershen was unable to attend because his newly appointed job conflicts

with his job as a trustee on the Hicksville Board of Education. As a result of being absent at the last few meetings, his absence has destroyed the voting balance. There are now only six votes being cast which could result in a tie. If this were to happen, the issue being voted upon would go down to defeat. This benefits the opposition of the issue, and it is a handcuff to the supporters of the measure.

Mr. Johnson is in an ideal position to evaluate this issue, as he was a past Board member.

The best decision Mr. Kershen could make which he himself, and the community would benefit most by would be his decision to resign.

### Model Airplanes

Registration will be held at the PBC Clubhouse, for boys 9 to 18 on Tuesday, Sept. 16, at 7 p.m. and also every Tuesday thereafter at the same time.

## Jericho Fire Dept. Annual Fund Drive

The following letter was sent last week by the Jericho Volunteer Fire Department to residents of the Jericho Fire District. All are urged to participate.

Dear Neighbor:

The members of the Jericho Volunteer Fire Department would like to thank the community for its support during the past year.

Once again, we are initiating our Annual Fund Drive and are hoping that you will continue to be as generous now as you have been in previous years.

1968 proved to be the busiest year in the history of the Jericho Volunteer Fire Department. We answered 319 calls for assistance from the community; including, fires, rescues, auto accidents,

and other emergencies. Now, we the Jericho Volunteer Fire Department are calling you, the community, for your assistance. Won't you please answer our call. All contributions received go to the Volunteer Firemen's Fund. No member of the Jericho Volunteer Fire Department receives any compensation either in the form of money or tax reimbursement for his time or efforts.

We are always ready to serve the community in any way possible. You call...we answer. Now we are calling - won't you answer with your contribution.

## Desenex<sup>®</sup> ATHLETE'S FOOT Treatment OFTEN PRESCRIBED & RECOMMENDED BY DOCTORS

Now  
Special  
Low  
Prices

solves Athlete's Foot problems. Guaranteed.\*

The prevention of infectious Athlete's Foot is almost as important as its treatment: its spreading irritation, blisters and maddening itch can mean real trouble.

The answer is **DESENX**, often prescribed and recommended by doctors. It works where others often fail. The treatment (undecylenic acid) is so dependable, it is now a standard Athlete's Foot Treatment used by the U.S. Armed Forces!

**DESENX** relieves itch, promotes rapid healing with clinical results doctors describe as "dramatic," "immediate." Ask your doctor or foot specialist.

\*Guaranteed to work, or maker will refund money.

## LIBRARY NOTES

Books have occupied a special place in American life. There has been the implicit thought that people can be trusted with books. It is with this idea in mind that public libraries have not hedged their wares with the safeguards against stealing or mutilation that are characteristic of markets that sell cabbages or automobiles. It is the idea that people can be trusted and that books should be made AVAILABLE, the more available the better.

This is the key then, availability over safeguards, based on trust. What happens then if the concept of trust breaks

down? Safeguards over availability?

More safeguards may result from a decision by the library and the community. But, regardless of decisions, there is an inevitable loss of availability of books to the extent that trust becomes an unworkable premise.

The Hicksville Public Library, together with most public libraries, is faced with the problem of progressive decimation of its book stock through mutilation and theft. It is ironic that this should coincide with a time when people are becoming more educated, more enlightened, more industrious students and pursuers of knowledge and ideas.

To ascribe the most charitable possible of motives to the book destroyers, perhaps some of them are under a misunderstanding.

Many people who are avid readers, whether for information, for ideas or just for pleasure, as opposed to fine booklovers and others who prize books for themselves, opine that a book should be used, not

cherished. A book should be worked over, marginal notes passed, underlined. Anything and everything should be done to that book that contributes to the extraction of its knowledge and wisdom from its pages and its absorption into the reader's mind.

We live in a sani-wrap civilization. Dig out the meat and throw away the wrapper. Books are for USE, not decoration.

A not unlaudable, if also a not uncontested opinion, if you can afford it in your own PRIVATE library. Relatively inexpensive paper backs make it more possible to afford it.

But PRIVATE library is the key. Again speaking charitably, too many people, and progressively more, carry over this concept to PUBLIC books in the PUBLIC library.

To be a taxpayer, or the ward of a taxpayer who has contributed his financial mite to the library's book collection, does not give one the right to treat even one book as his exclusive and private property. A public library contains a collection of books purchased by the community to be used IN COMMON and not one to a customer.

Undoubtedly much theft and mutilation of books is committed thoughtlessly, if selfishly. There should be greater awareness that it is one's community and ultimately oneself that is being cheated by this sabotage of the public trust.

## Dear Friends:

JERRY SPIEGEL ASSOCIATES has just signed its first tenant at the new 60,000-foot industrial facility now nearing completion on Bloomingdale Road, off North Broadway in Hicksville. The tenant is Kallimar, Inc. a subsidiary of Fox Stanley Corp. dealing in photographic equipment, who will take possession of 6,000 square feet sometime this month. This multi-tenancy, three quarters of a million dollar building is Mr. Spiegel's third such development, which include a 12,000 square foot facility on Kuhl Avenue in Hicksville and a 47,000 foot structure on Robbins Lane in Syosset. FLP, that rapidly-growing consumer organization that started just a few weeks ago in Levittown, is still gaining national headlines... and new chapters, as we reported when a new FLP Chapter started right here in Hicksville. All the members are working hard, boycotting meat, and signing up new members to aid in this worthwhile cause. Twelve new chapters are now in the process of being formed. Their views are long range. "We in FLP are concerned about creating a community of shoppers who are aware of the power of united consumers, armed with facts," said FLP organizer Levittown housewife Mickey DeLorenzo. "Our meetings are concerned with learning facts, not just from speakers, but also from surveys. One of our research fact sheets show that the net return of invested capital of super markets is higher than that of United States Steel, or of Standard Oil of New Jersey! This is something for our members to think about and to act upon," she concluded. If you would like more information about this rapidly expanding consumer group you may phone Mrs. DeLorenzo at 731-0475.

Until next week, do your very best.

Sincerely,  
Sheila H. Noeth

**SUGGESTIONS FOR PUBLICITY CHAIRMEN:** Your job on your organization team is to bring to the attention of the community, the story of your organization's meetings and other activities. Here are a few "DOS and DON'Ts", that will help you do an effective job with a minimum of effort and a fair amount of success. The job you have accepted for this year is, needless to say, an important one. Success will help to bring your group not only a better understanding and acceptance in the community but also prospective members who will read of your meetings and activities and will want to join you.

**RULE ONE:** Do find out the news deadline of each newspaper you plan to ask to use your news releases, and, of course, observe this deadline at all times. THE HERALD news copy deadline is Wednesday at noon.

**RULE TWO:** a well-prepared news release is always typed, double space, on one side only, of full size 8 1/2 x 11 paper. Your organization's name, your full name and phone number should appear on the top. Then, drop down 6 or 8 spaces and start your release, double space, of course and only on one side. Please do NOT use all caps at all. Some people use all caps throughout... some use all caps on some words for emphasis. In any case, the editor only has to change copy turned in this way, so please, don't do this.

**RULE THREE:** a well-prepared news release is accurate and contains the answers to the following questions regarding the meeting or affair about which you are writing "Who, why, what, when, where and how". If you plan to write your news release in the first person, please state the full name and title of the person who is making this quote... (Example) "We urge all members to come and bring their friends to this gala dinner and installation," said Mrs. John Jones, president of the N Street PTA.

**RULE FOUR:** clear, glossy pictures may also be submitted. Here again, on a full-size piece of typing paper, write the caption which should give the full name and title of each person in the picture, and a sentence or two explaining what they are doing. On this copy also, your organization's name, your name and phone number should appear on the top of the page.

**RULE FIVE:** be understanding. Even though editors do appreciate your cooperation, there are times, through either space limitations or human error, when your news releases may be omitted. However, at THE BEACON, if you do your job, you will find that at least 75 percent of your news releases will appear.

**RULE SIX:** Keep a scrapbook of all news releases and pictures that you get into print with the date and name of the newspaper in which it was printed. At the end of your term of office, when you turn this tangible evidence of your year's labor in to your organization, it will be, not only an impressive record of a job well done, but also a helpful guide to next year's publicity chairman.

SUCCESS IN YOUR NEW JOB.

Sheila Hoegl Noeth  
Editor and Publisher

(Continued on Page 11)

## Oyster Bay Sets Two Fall Tours For Sen. Citizens

The Town of Oyster Bay's Senior Citizens Travel Club has scheduled two tours to Lake George and the Adirondack Mountains to take advantage of nature's "Fall Foliage" spectacle. Oyster Bay Town Councilman M. Hallsted Christ said the tours are open to all senior citizens in the Town of Oyster Bay. Tour A departs Monday, September 22, and returns Wednesday, September 24. Tour B leaves Monday, October 13 and returns Wednesday, October 15.

Each trip will be made by special charter buses and the twin-occupancy fee of \$58.75 includes seven meals, a boat ride on Lake George, planned activities and all tips and gratuities; \$75.75 will be charged for those requesting single occupancy rooms.

Christ said the cruise of Lake George is the highlight of the trip as the boat weaves more than 35 miles through picturesque islands.

The Councilman added that a special tour of the Adirondack Museum at Blue Mt. Lake, about 50 miles from Lake George, is also scheduled. The overnight accommodations are at Fort William Henry which commands a view of much of the Lake.

Residents interested in the trip should contact the Senior Citizens Division of the Town's Department of Recreation and Community Activities at 921-5770.

Paul Sweitzer helps Mr. Gregory of The Gregory Museum clean out the caterpillar droppings from the nets of caterpillars being raised at The Gregory Museum Wild Flower Preserve in Danville, New Hampshire, this summer.

Over 300 caterpillars of the Saturniidae moths (the giant silkworm moths) variety polyphemus and cercropia, were raised to cocoons this summer by The Gregory Museum, 207 Cottage Boulevard, Hicksville, New York. These cocoons will be distributed to interested teachers in the Hicksville school system and elsewhere, so that their children can watch the moths hatch from the cocoons next spring.

The caterpillars were raised in ten foot long nets covering their food plants—branches of oak and maple leaves. These nets protected the caterpillars from their natural enemies, birds, hornets and other insects.

## L.I. National Cash Dividends

The Board of Directors of Long Island National Bank has announced a cash dividend of 20 cents a share plus a 2 1/2 percent stock dividend to shareholders of record on September 15, 1969. The two dividends are payable October 1, 1969. The cash dividend of 10 cents represents an increase over the dividend paid a year ago. Long Island National Bank, with assets in excess of \$115,000,000, services the Nassau-

Suffolk area of Long Island with a system of 10 full service branches.

## Around Town

Mr. and Mrs. Norman Smitman of PLAINVIEW, announce the recent marriage of their daughter, Barbara Rae, to Donald Edward Jaclin, son of Mr. and Mrs. Leonard Jaclin of Brooklyn.

# The Villager

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICO

Organizational, community and general interest news should be submitted typewritten or printed, double-spaced, in duplicate. Editor drop off or mail to Editor, 13 Millpond Street, Jericho. Deadline for insertion Monday noon. Telephone WE 8-1965.

## FROM THE EDITOR:

As the years go by, taxes pile up and bills pile up. Today, we live in a world of paper and practically every bill is paid by check. If a bill is overlooked and not paid, there is always a follow-up bill or notice pointing up the delinquency. No doubt, at one time or another, you have received polite notices such as, "Just a friendly reminder that your account is past due." "Your usual promptness in the settlement of your account will be appreciated." "Have you forgotten to send your remittance covering this past due account?"

Bringing this more into perspective, last week, the Birchwood Civic Association had occasion to send follow-up notices to an unusually large amount of members who had not sent in their 1969 dues. We all realize that payment of our or-

ganization's nominal dues is something that can be easily overlooked, especially as one year follows the next and we find it difficult to remember if the last check sent to the B.C.A. was for this year's dues or last year's dues.

The Birchwood Civic Association, which was organized and operating even before the first brick was set down in East Birchwood, must retain its regular members and continually enroll new members in order to keep functioning and serving our community. Therefore, we urge those, who have been delinquent up to now, to send your \$5.00 check to the Financial Secretary, Harry Seaton of 41 Bounty Lane. If you prefer, you can hand it to any officer or director of the B.C.A. Your cooperation will be greatly appreciated.

## Ten Pin Talk

By Henry Dockswell

Bowling in our BCA Mixed Leagues with our wives is great fun but somehow it doesn't have that tang and oomph that our Men's League has.

This was somewhat borne out by the games that some of the men threw. "Take Alex 'Doc' Urban for instance. He bowled with wife Jemma in our Summer Mixed League and in 13 weeks he didn't get a 200 game. As a newcomer to the Men's League he made a grand entrance and knocked off a 201 the very first night.

Then came Harry Lemberg. Like most of us, 200's do not come that easily to Harry but he started off by banging out a 221.

Al Minoff of Summer League

fame) racked up a 231 and he is now tied with Julie Gershen who in addition to his 231 got a 200 and a 199 for a pretty 630 series.

Sid Holtzman, who's been complaining of a sore elbow, fired a 228 and almost led his team to a sweep of the Sid Sachs' Sachs just barely warded off the shutout when he threw a 210 in the last game to salvage a 4 pointer for his men.

Leo Geyer's crew were the only ones to score a shutout. Cap't Leo rapped a 211 in his third try and his gang are the first ones to claim undisputed possession of 1st place.

The Herb Brodys were the team that really exploded. Cap't Herb threw a 200 to open the series in a quiet sort of way and the full continued through the second game. But in that third game while Brody maintained his quiet, his teammates broke loose. Sid Lang cracked a 209, Hal Goldenberg curved a 203 and Jerry Leight lefty his way cross alley to a 201. This was a big game. They totaled 899 for Hi Team Game and amassed a 2510 for Hi Team Series. Their opposition, the Hy Shapiros, stole one game though to avoid a shutout.

Here are the rest of the men who started the season as a season should be started: Ralph Diamond 201, Bernie Kaplan 201, Sid Simon 200 and Jerry Gold 200.

## Meeting Prepares Teachers For School Re-Opening

More effective understanding was the theme as the 1969-70 school year began on September 2 with an Orientation Program for all Jericho teachers. A general faculty meeting was held in the Jericho High School Auditorium, Howard Jankowitz, President of the Board of Education, greeted the staff and urged teachers "to find a common ground of understanding with all students" in establishing strong communication.

Rudolph Cesarini, President of the Jericho Teachers Association welcomed his colleagues. Mr. Cesarini mentioned a Jericho Teachers Conference Day, to be conducted by J.T.A., which will prove to be relevant to Jericho's needs.

Also addressing the teachers were Robert Manheimer, President of the Jericho Administrators Association, and Mrs. Mary Caputo, President of the Jericho P.T.A. Council. Mr. Manheimer pledged "continued

A modified family life program on a districtwide Kindergarten through sixth grade basis will start in the Syosset Public Schools in December 1969, it was announced by Superintendent of Schools, Dr. Edward J. Murphy. Conferences on this program for concerned parents will be held at each elementary school. After the school conferences, parents wishing to have their children excused from instruction specifically related to human reproduction, may initiate such exemption through the school principal's office.

This program has been prepared during the past three years by the professional staff of Central School District No. 2 with a community advisory committee and has been classroom tested in all Kindergarten and 1st grade classes and on a limited basis in other grades throughout the district during the past year. Modifications of this program have resulted from the evaluation study conducted by the professional staff and reviewed by the Superintendent with the Board of Education. The changes consist largely of shifting the grade level at which certain areas of the curriculum are to be introduced and the elimination of certain topics and materials.

Prior to the start of classroom instruction in December, intensive inservice training of teachers will be conducted. A booklet describing the goals and content of the program will be distributed to parents and conference meetings will be held in each elementary school so that all parents may have complete information about the curriculum and materials at each grade level.

Respecting the many divergent personal views held by parents with regard to the small part of the program which deals with human reproduction, procedures are being drawn up which will allow a parent to exempt his child from this specific phase of instruction. Fewer than five hours and not more than ten in the

entire school year are devoted to the study of human reproduction. Pupils exempted from this part of the family life program will be scheduled for an appropriate alternate education activity provided at the time such a lesson will be conducted.

## Syosset Adult Education Program Opens Sept. 29

Mr. Dominick Cullire of Bayville Newly-appointed Adult Education Director for Central School District No. 2 announced that except for four courses, registration and the initial classes for the fall '69 Adult Education Program will begin Monday, September 29, 8:00 p.m. to 10:00 p.m. at Syosset High School unless otherwise specified in the brochure.

The four exceptions are:

1. Advanced Piloting will register September 16. This course considers in greater depth all the topics covered in elementary piloting. It will also include tide and current tables, course plotting, etc. A unit of the Manhasset Bay Power Squadron will offer this most useful course. A prerequisite of seamanship is required.
2. Elementary Piloting will register September 18. This course will offer this free course to the boating public including anyone sixteen years of age and older. Instruction will cover: rules of the road, small boat handling, basic seamanship, aids to navigation, government requirements, safety afloat.

## Cancer Care Stages Art & Antique Market

The Jericho Chapter of Cancer Care, Inc. wishes to announce that art and antique dealers are welcome at the Fourth annual art, antique and flea market sponsored by Nassau-Suffolk Chapters of Cancer Care, Inc. at Arnold Constable's parking field, Northern Boulevard, Manhasset, Sunday, September 28, (rain date October 19). Space for dealers (3 car lengths) \$17. Last year \$200 attended. For information, call Mona Bachman - WA 1-0538.

charts and use of the compass.

## Barry Sachs Married

Dr. and Mrs. Sidney H. Sachs (we know them as Sid and Ellie) shed some happy tears last Sunday afternoon when their oldest son Barrett Edwin was married. Barry was wed to Dawn Jody Eichel of Sheephead Bay, Brooklyn and the wedding held at the St. Regis Hotel was an elegant affair. Barry is attending C.W. Post College here on the island and Dawn is a student at Brooklyn College.

The newlyweds are honeymooning on the island of Jamaica and we all wish them happiness and long life.

## HIGH STYLE

by Arturo's

Like an artist, use color cleverly. A green dress - will bring out the pink in your face wearing blue will make your tan look tanner.

The kind-to-hands way to remove carbon paper smudges or paint: rub oil into hands and brush off with soft cloth.

What's elegance? In hair, it's the cut, the line. The hair stylist cuts the shape into the hair. Watch as your hair is set, so you can copy it at home.

Catherine de Medici and other 16th century Venetians bleached their hair by soaking it in soda and drying it in the sun.

Exercise eye muscles to prevent sagging and minimize eye bags. Like this - slowly close eyes lightly, relax. Ten times. It exercises the orbicularis oculi (the muscle that circles the eye and covers eyelids).

Arturo's Coiffeurs

# Complete Hospital Care

For the first time, four hospitals, each serving a different medical need, are coordinated under one administration, in one private hospital center. Fully accredited, Brunswick serves nearly 600 patients in an aggregate of 20 buildings on forty beautifully landscaped acres.

**GENERAL HOSPITAL** for medicine, surgery, obstetrics and psychiatry. Mentally ill patients can be admitted to special pavilions under Blue Cross or other insurance plans.

**PSYCHIATRIC HOSPITAL** for the mentally and emotionally ill, for the alcoholic and drug addictive. An individual therapy program is designed for each patient by one of our fully-qualified resident psychiatrists.

**NURSING HOME** for the geriatric convalescent, cardiac and diabetic patient. In addition to 24-hour skilled nursing care, the services of a resident physician are available.

**NOW**... a new hospital of physical medicine and rehabilitation for extended illness.

**CHRONIC CARE HOSPITAL** staffed by specially trained physicians and rehabilitative nursing personnel; designed exclusively for the long-term, restorative treatment of the chronically-ill and physically disabled. Most Major Medical insurance plans will cover patients admitted to this hospital.

**Facilities and Treatments Include:**

1. Swimming pool and Hubbard tanks for hydrotherapy.
2. Gymnasium for physiotherapy.
3. Daily living activities program and crafts.
4. Speech therapy program. 5. Inhalation therapy.

## Commuter's Opinion

(Continued from Page 3)

him if he was going to report the  
non-working air-conditioning  
system in car number one. His  
reply, which I think was out of  
order, was: "Yes lady, I will.  
How soon would you like it  
fixed?"

Another obvious antiquated  
operation is the present practice  
of using hand signals (which is an  
1875 carry-over) to dispatch a  
train. In most cases the engineer  
is past the end of the station and  
has no visibility of trainmen or  
their hand signals. There is en-  
tirely too much time wasted  
trying to get the trains dispatched  
from the station after loading.  
During this entire time the Public  
Address announcer is pleading  
with the trains to leave.

I could go on and write a book  
which could probably make a  
good motion picture depicting  
sadness, frustration and humor. I  
do expect an answer to the  
questions asked regarding the  
improvement of service, the  
rebates afforded a select group,  
etc.

Very truly yours,  
C. J. McCormack

## SPORTS

By

Howard J. Finnegan

Hicksville fans will have more than a passing interest in the second game of the Long Island Bulls, New York Giants affiliate, at Hofstra College, this Friday night.

It will be the second football conference game of the Bulls this season. Local fans among the expected capacity of 9,000 will be watching the defensive tackle work of Vince Hannigan.

The 250-pound tackle was a star athlete in both Football and baseball at Hicksville High. He graduated in the class of 1963.

When the Bulls issued a call for the prospective candidates this summer, Vince went out and won a berth on the defensive club.

In the league opener against Bridgeport, defending champion and New York Jets Taxi team, the defense did its work very well. It was impossible to flag down a field goal in the last 26 seconds in a resulting 3-0 defeat.

The Bulls hope to get the offense working on the Astro-Turf and crack the win column.

The Hicksville Alumni Association wishes to impress upon all that a very limited number of tickets are left for the testimonial to former athletic Director Louis Millevolte, at The Westbury Manor on October 18th. Once those few remaining reservations are taken there will be no chance of getting more people into the Banquet room.

The biggest block of tickets were taken by the members of the football team of 1942. That was Lou's first year as football coach and it was the first undefeated team in the history of the school.

Hicksville High School Athletic Director Adamo Tomaini has announced new coaching assignments for interscholastic athletics in the school.

Mr. John Polono has been appointed Varsity Tennis coach commencing with this fall's campaign.

Mr. Fred Healy is the new Junior High baseball coach. He comes with active Minor League baseball experience acquired while he was obtaining his education.

The Junior Varsity basketball assignment went to Mr. Nick Monfredo. Mr. Ken Kingsley will continue to act as Varsity coach Buddy Brian's assistant.

The designation of John "Jay" McAuley as assistant Junior Varsity Football coach and Junior High basketball coach brings a familiar sporting family name to the staff. Jay played football for two years at Boston College and then completed his education at St. John's University.

Junior High Lacrosse will be handled by Mr. Howard Schaak next spring.

Mr. Tomaini also announced that because of special tests two football games will have a 2:00 p.m. starting time instead of 1:30 p.m. this fall. The Plainedge game on October 25th and the Homecoming Game against Farmingdale on November the 1st are the ones.

Coach Henry Renn has made

Effective last January 1, every mechanically propelled boat or one designed to be propelled by oars and less than 26 feet in length carrying two or more passengers must have a capacity plate permanently affixed if manufactured or offered for sale in New York State.

his selections and cuts for the 1969 Hicksville High Varsity Soccer team.

Awarded berths on the ability demonstrated in practice were: Steve Woodcheke, Larry Blauvelt, Ed Camera, Walter Weller, Robert Blumenthal, Don Chapin, Mark Winerib, Jeff Davis, Van Sokol, Adam Geslak, Joe Gervasi, Phil Hellenstin, William Jakobek, Ed Kahn and Dean Lewis.

Also: Matt Tedesco, Ira Reinisch, Kevin Patterson, Gary Nuccio, Henry Marano.

### Catholic Schools Face Crisis

(Continued from Page 4)

the budgets submitted by our four principals, the operating cash deficit for this year will be \$1,055,000. If we were to complete all the construction planned, the deficit would be increased another \$600,000 - 700,000. Consequently, the principals have been asked to curtail their budgets substantially. I hope they can do it since they can't cut back in salaries.

The financial pinch is also being felt at the parish school level. In 35 of the parishes which have schools the ordinary income

decreased last year over the previous year. In the majority of other parishes the per cent of increase in school expenditures exceeded the per cent of increase in income.

How are these problems to be solved? The Catholic Superintendents of the State will take the following steps:

1. Launch an education campaign to inform the people and the legislators of our situation.
2. Make an even greater appeal to our people for more sacrifice.
3. Ask the New York State Board of Regents for a crash study of the situation.
4. Seek meaningful and constitutional legislative assistance.

We know full well that legislation in this area will be opposed by many on the grounds of separation of Church and State. At the same time we are confident that legislation which is constitutional can be developed. In other states with constitutional prohibitions similar to Article XI, Sec. 3 of our State Constitution, solutions have been found. I refer to Rhode Island, Pennsylvania, Ohio and Connecticut.

In view of the United States Supreme Court decision in the recent textbook case I am more than hopeful that a satisfactory solution can be achieved.

Others will oppose such legislation on different grounds. Thus "Newsday" in an editorial on August 23 stated, "There simply isn't enough money available now for public education. Every school district has felt the pinch of the recent cutback in education funds by the Legislature. Any further diversion of already scarce funds would weaken public schools without substantially improving

parochial schools." I think that reasoning completely misses the mark of reality. On Long Island the Catholic schools are educating 88,000 students. If we use \$1,000 per year for per pupil costs, the Catholic schools during the past year have relieved the taxpayers of an \$88,000,000 tax bill. In one way you can look upon this as an 88 million dollar subsidy of the public schools. And that tax relief has been going on for years.

Parents of nonpublic school children are seeking aid and that costs money but the amount is not where near what it would cost if substantial numbers of our children had to be provided for in the public school system.

We realize that public schools also need assistance. It is my hope that both public and non-public education can get together in seeking assistance from the Legislature, assistance that will benefit all children.

Having trouble getting car insurance? Appalled by the high rates you must pay?

We have the answer! Through Kemper Insurance, we can offer you the best protection available today... and at a reasonable cost.

Even if you have less than one year driving experience or have a car with you away at school, if your record is good, we want to insure you.

For details, phone or stop by the one agency where you can say "car insurance" and still be welcomed with a smile instead of a frown.

### DEAR FRIENDS

(Continued on Page 7)

AS WE GO TO PRESS the Dairy store on the corner of Old Country Road and Division Avenue in Hicksville, will be answering the seven violations brought against it by the Town of Oyster Bay Building Dept. And we will discuss this community problem with you next week. Let us hope that it will be solved to everyone's satisfaction in the near future.

SECOND PRECINCT STATIONHOUSE is now officially open in a new colonial type precinct headquarters located on Jericho Tpke and Crossways Park Drive in Woodbury. As you are all aware, this Precinct was located for many years on North Broadway north of Mid Island Plaza. The precinct efficiently covers police activity in Hicksville, Jericho, Syosset, Woodbury, East Norwich, Oyster Bay, Bayville, Lattingtown and Locust Valley. Save some time on Saturday, Sept 20, for between 10 a.m. and 4 p.m. there will be an Open House at the new Second Precinct and the public is cordially invited to tour the new facility.

## AROUND TOWN

Congratulations to Mr. and Mrs. Martin Feely of 313 Richard Ave., HICKSVILLE, upon the birth of their daughter, Erin, who arrived at Mercy Hospital on Wednesday, August 20.

Just returned home from a pleasant vacation in Glen Falls are Mr. and Mrs. John McManus, of Lehigh Lane, HICKSVILLE.

Mr. and Mrs. Anthony R. Parechini of Bethpage, announce

the marriage of their daughter, Joanne Marie, to Thomas David Hesbach, of HICKSVILLE. He is the son of Mrs. and Mrs. Albert Hesbach.

Get well wishes go to Mrs. Doris Gentile, who is recovering from a broken arm. Doris and her husband, Joe (Gentile Fuel Oil), hosted a swim party recently at their summer home in Bayville. Everybody had a good time.

## EVEN IF YOU'RE NOT INTERESTED IN AZALEA AND RHODODENDRON CULTURE...

you'll find many other courses in our evening program of Continuing Education that will fit perfectly into your personal or career building fields of interest or study. Write for complete course listings and detailed information.

CLASSES BEGIN SEPTEMBER 23  
Registration: Mon, Tues, and Wed; Sept. 15, 16, 17; 5:30-8 p.m.

## Ramblin' Rose

By Rosemary Walsh

The name of the game these days is planning. Developing a recreation program for a community involves many considerations. We cannot (or would not) just pick up what was last year's program no more than we would serve Sunday's "leftovers" through Wednesday. Yet, we know that some of our traditional programs are still popular and we know about those that are old hat (remember the "hootenanny"—it was great in its time).

On the drawing boards are some ideas and some items past the idea stage. During the next few weeks we will be juggling activities and trying to balance

budgets. Old favorites, such as Teen Center at the Junior High and Saturday Play Centers at the elementary schools, are in the plans. Some new ones are being considered—a civic boys' choir, a dance ensemble, an elementary soccer tournament, winter Children's Theatre, a film workshop, home crafts for fifth and sixth girls, wrestling for fifth and sixth boys, and gymnastics for both are some examples. It takes time to shuffle them all about. Word will be forthcoming as soon as we do.

Meanwhile—all those cards and letters pour in from you folks out there. Our community use permit books are being filled with

schedules of scout meetings, P.T.A. programs, clubs, civic associations, and many others. As usual our vast army of volunteers are planning a full calendar of leisure events for the community. Bud Robinson of Kiwanis has once again asked the aid of the Ol' Recreation Department for the Kids Day on September 27th at Cantiague from 9 A.M. to noon. Here we go again into the wonderland of nights and weekends of community leisure fun and games.

Right now, outside my office windows, I can hear and see the "Comets" getting ready for the upcoming "gridiron" season. The voices of coaches Grantham,

Bryan, and Umbria can be heard over the grunts of our formidable footballers. Off in a distance Coach Renn is training our soccer team for another successful season. And—My Amazin Mets are winning (and still will hope)! Round and round the track we watch Coach Hilsky's cross country boys and they look good—and far out there on the courts is the Tennis Team under Coach Allum Poon.

People have been dropping in to report back for duty and to give us their ideas. Some of the old grads have stopped by to say hello and to tell us about their doings. Ira Smilheimer and Bob Dubester have stopped by to tell us of the availability of their band, "The Separate Peace". They are working their way through college so if you need music give us a call.

We are happy to hear from one

and all about suggestions and ideas—please call us, I shall ramble off on that note—

Belated Happy Anniversary to Mr. and Mrs. Robert Bogart, 30 21st St., JERICHO, who celebrated their anniversary Sept. 8.

Congratulations to Mr. and Mrs. August B. Krogman, of Center St., HICKSVILLE, whose first grandchild, David Bruce Krogman, Jr., made his arrival Sept. 1, at Mercy Hospital. Proud parents are David and Priscilla Krogman. David Jr. weighed 7 lbs.

Mr. and Mrs. John Hoosack of HICKSVILLE, announce the engagement of their daughter, Karan Ann, to Richard Charles Lulenski of Garden City Park.
