Herald Report School District 17 Hicksville

by Shirley Smith

Concerned about the dress code for our secondary schools, parents, teachers, students and interested citizens overflowed the Conference Room in the Administration Building Wednesday night. The code, which was approved by the School Board September 30, was drawn up by a committee of three students, three parents, two teachers and one administrator from each of the district's two secondary schools. The committee devised a code last spring, after many hours of discussion and deliberation. The code was then mailed to the parents of Junior and Senior High School students. Families were asked to read, consider and discuss the regulations; to fill out a form and return it to the Administration Building. If they, as families, could reach agreement on the code, they were asked to check "approve," "disapprove" or "can not agree." Comments about the code could also be detailed on the form.

The main objection to the code seems to be the portion which prohibits girls from wearing slacks to class, except when permitted by the principal between December 1 and March 31 (on petition by the Student Council when warranted by cold or inclement weather.) After hearing statements of opposition to the dress code, the Board met in executive session to discuss the matter. Following this session, Mr. George Jackson, School Board president, reported that, in the Board's opinion, the code was "realistic and reasonable, lenient and legal." Means for suggesting changes are available through the Student Council. Therefore the code is one which should remain in effect. The Board will continually review and take into account any suggested changes.

Mrs. Iris Wolfson presented two letters to the Board requesting them to undertake the study of alleviating the overcrowding of our secondary schools. The letter, from a group of community-minded persons, offered suggestions and the help of these citizens in attempting to solve this problem in our district. Another letter from the League for Intelligent Financing of Education (L.I.F.E.) supported the request for a study and solution of overcrowding.

L.I.F.E. asked the Board to consider changing the school calendar to make February 23 a holiday, in observance of Washington's Birthday. Support was given to this by one of the Hicksville Boy Scout leaders. The Board will review this request.

Burns Avenue PTA requested that more adequate fencing be put up around the school area. The School Board has been visiting all district schools and is aware of this need at Burns Avenue. It will be considered during budget discussions.

A letter from Stackler-Frank reassured the Board that no plans are being made to re-open any of the blocked-off streets leading into Mid-Island Plaza. Those streets closed near Burns Avenue School will remain closed.

The Board approved the appointment of Robert D. Townsend to Elementary Assistant Principal. He is assigned to Fork Lane School. Mr. Townsend has been a 6th grade teacher at Burns Avenue for 11 years.

The Board approved, as policy, the establishment of the Community Relations Advisory Committee. The Committee is now a standing committee of the Board and will be continued each year, unless the policy is changed. The policy also establishes that the dissemination of an education newsletter will continue to be a function of the Committee.

Secretarial Schools Merge

With merger of The Berkeley Secretarial Schools and The Claremont Schools complete, interior and exterior renovations are under way at the Hicksville campus of Berkeley-Claremont, located at 99 North Broadway.

The Berkeley-Claremont School is adopting the program of the existing Berkeley School, located in New York City and White Plains, N.Y.; East Orange and Ridgewood, N.Y., and Pittsburgh, Pa.

Richard Crance, newly appointed director, has announced plans for installation of new equipment to assist in training secretaries to serve Long

Island's expanding business community.

The exterior surrounding the building has been newly landscaped and boasts of new lawn.

Mr. Crance has announced that plans are under way to install a multi-channel electronic dictation laboratory and to equip a charm studio with mirrors, special lighting and vanities.

Long Island guidance counselors, business educators and administrators received a preview of plans at an open house held at the school prior to a dinner at the Miller Ridge Inn, Hicksville. The school's program was described by Ernest

The Hicksville School Recreation Department announces the formation of a Dance Ensemble. It will be a performing company that joins the ranks of several other cultural recreation organizations. The Community Symphony Orchestra, The Recorder Consort, The Community Chorus and the various theatre groups have grown out of the talents of the people living in the community. The Boys Choir and the proposed Dance Ensemble will round out the recreation arts program for

this season. A joint project is in the planning stage.

Auditions for the Dance Ensemble will be held on succeeding Wednesdays, October 29th and November 5th beginning at 3:00 P.M. at the Junior High Auditorium. Interested applicants should call We 5-9000 ext. 200 and 201 to advise of their intentions to appear. Boys and girls of junior high and senior high age are invited. However, some ten and eleven year olds will be considered if they can qualify. In general, dancers

should have a minimum of four years training in ballet or modern dance. Dance clothes should be worn and individuals should bring their own records, tapes, or accompanists.

Rehearsal dates will be arranged after the ensemble is formed. Mrs. Jo Dodson, a leading local exponent of the dance will direct the ensemble. Mrs. Dodson has a wide background in Music and Dance as a student, performer and director. She is a graduate of the Julliard School of Music and Dance and has studied with major figures of ballet and modern dance. Many community concerts and recitals have been graced by her talents as a pianist, dancer, choreographer and director.

Hicksville Recreation is anxious to join the growing trend in the art of the Dance. Edward Vilella, Margot Fonteyn, Rudolph Nureyev and Martha Graham are becoming household name. Television, theatre, and the cinema continue to focus increased attention on Dance. The proposed Ensemble aims at providing opportunities for local young people to join that trend.

MICHAEL DINA of Hicksville (right) is congratulated by the Honorable Angelo Roncallo, Comptroller, County of Nassau, upon receiving a scholarship presented to him by the Columbia Assoc. of Nassau County Civil Service Employees, at their eight annual Scholarship Award Dinner, held at Leonard's recently.

Hicksville Baseball Association Awards Trophies At Dinner

The Hicksville Baseball Association held its annual awards dinner last Thursday evening at the Huntington Town House.

All boys on first and second place teams were guests of the Association and received trophies along with the sponsors of the teams. Guest speakers were Jerry Grote, all star catcher of the World Champion New York Mets, and Tommy Holmes former outfield star of the Brooklyn Dodgers. After the speeches Jerry Grote

and Tommy Holmes signed autographs and posed for pictures with all comers. A capacity crowd of 600 attended the dinner.

The Hicksville Baseball Association will have registration for the 1970 baseball season in January, watch for details in this paper.

The next meeting of the Hicksville Baseball Association will be held on Thursday evening at 8:30 P.M. November 20 at Levittown Hall.

HICKSVILLE JR. HIGH
ON ELECTION DAY

H.S.S. ROUNDTABLE CLUB INVITES CANDIDATES TO SPEAK: Mr. John Burke (L) Republican candidate for Supervisor of Town of Oyster Bay, and Mr. James Roumaniere (R) the Democratic candidate for the same office are seen with Richard Saroko, president of the Roundtable Club sponsored by Hicksville High School. The two gentlemen addressed the American History students at the high school this week and informed them of the workings of our town government and their plans for the town in the event they were elected to office. A question and answer period followed their talks.

Needlework Ingathering

The Hicksville Branch of the Needlework Guild of America has set the date of their annual Ingathering of articles for Thursday, November 13th at the American Legion Club House, 24 East Nicholas Street. The date was set at a meeting of the Directors held at the home of Mrs. Henry C. Bregel, president. Anyone interested in joining this worthy group may do so by donating two NEW articles of clothing or household items at the time of the Ingathering. These articles are then distributed to institutions, and needy cases in the community.

ROUNDUP OF LOCAL NEWS

Conservatives

The Town of Oyster Bay Conservative Party has planned a motorcade for Saturday, November 1 to introduce its candidates to the voters. The motorcade will leave from Massapequa and continue north, stopping at the Plainview Shopping Center on Woodbury Rd. and South Oyster Bay Rd. at 1:15 PM (Long Island Savings Bank parking lot).

Shoppers will meet candidates Michael N. Pettio, for Family Court Judge; Mario V. Colletuori, for Town Clerk; Philip B. Healy, Louis N. Orfan, and Lewis J. Yevoli for Councilman TOB.

The candidates will also be on hand to greet the shoppers at the Mid-Island Shopping Plaza in Hicksville. The motorcade is scheduled to be at the south end of the field at 2:50 PM.

30

Women's Clubs

The annual fund raising event of the Long Island Federation of Women's Clubs was held on Wednesday, October 29, at 12:00 noon, at Carl Hoppl's in Baldwin. The affair consisted of luncheon, fashions in fur, and a card party.

The general chairman was Mrs. Joseph Bean of Hicksville.

New Address

Bernard Rubin, Nassau Heart Association Memorial Gifts Chairman, reminds us that memorial contributions to the Heart Fund help support scientific research directed toward the conquest of heart disease. Contributions can be made to the Heart Association's new address at 365 Willis Ave., Mineola or by calling 741-5522.

NEEDS OF OUR
COMMUNITY SINCE 1946

I.C.C. Meeting

The Central Nassau Chapter B'Nai B'rith No. 639 announces its next general meeting on Wednesday, November 5th, 8:30 p.m. The program will commence promptly at 9:00 P.M. at the Israel Community Center on Hempstead Turnpike in Levittown.

Guest speaker will be Mr. George Nager, who is Vice-President of Youth Direction Council, Levittown, which is a federally financed family service and youth recreation organization. Mr. Nager, who is a practicing attorney, will speak on "HOW CAN THE COMMUNITY MOTHER ITS DELINQUENT-S?"

"The public is invited, and refreshments will be served," said a spokesman for this active chapter.

Tax Expert

Dutch Lane P.T.A. will have their meeting on Tuesday evening, Nov. 18, at 8:15 p.m. at the Dutch Lane Elementary School,

Levittown Pky and Stewart Ave. in Hicksville.

"We will have a guest speaker from the Department of Assessments who will discuss taxes and home assessments," said a spokesman for this active organization.

Oak Drive School

The Jamaica Avenue - Oak Drive P.T.A. will present a Country Fair on Saturday, November 1st, at the Oak Drive School in Plainview. The fair will take place from 10 A. M. to 4:00 p.m.

There will be movies for the children, a Silhouette Booth, Spin Art, a Cake Walk, a Fun House, Game Booths, and Refreshments. There will also be a White Elephant Sale. Admission is free, and everyone is welcome.

There will also be a cake sale sponsored by the Jamaica Avenue-Oak Drive P. T. A. at the Jamaica Avenue School on Election Day, November 4th, starting at 10:00 a.m.

Pen Women

Long Island Branch members of the National League of American Pen Women, Emily Waxberg, of Hicksville, Olga Hoebel, Hicksville, and Rose Wenck, Jericho, had several paintings on display and on loan to the Nassau County Dept. of Public Works at the Administration and Recreation Bldg., Eisenhower Park, East Meadow.

The paintings displayed were oils and water colors. The N.Y. State Art Show, a biennial exhibit, will take place at the First National Bank, in the new J.C. Penny Bldg., 53rd St. and Sixth Ave., N.Y.C., from Nov. 6 through 21. All Long Island Branch members who are artists are eligible to enter this show which will entitle winners to compete in the national show of the League at Salt Lake, City, Utah, in April.

Monte Belden, Oyster Bay Cove, is art chairman for the N.Y. State Art Show. She is a member of the L.I. Branch.

News

From Holy Family

Holy Family Church, HICKSVILLE, has commenced its Fund Raising Drive, climaxed by a Car Raffle. Mr. Charles Eibeler, Fund Chairman, has announced a goal of \$25,000.00 to help meet Parish expenses for 1969, brought about by the high inflationary spiral hitting the parochial school system. All parishioners are urged to take part in this most important fund drive.

The sparkling red 1970 Maverick will be made available for display after the Masses, and at all major shopping areas during the week-days. Mr. Eibeler stated that the winning ticket will be drawn on Thanksgiving Day, November 17th.

Cake Sale

The Mothers Auxiliary of St. Ignatius Loyola, Hicksville will hold their annual Cake Sale, Sunday Nov. 2 after all the masses, in the basement of the old school. Fresh bakery rolls will also be available at the sale.

**DEFEND YOUR FUTURE AND
THE SUBURBAN CHARACTER
OF OUR COMMUNITY
VOTE REPUBLICAN-ROW "A"
ON NOVEMBER 4th, 1969**

This year, if we were a democrat we would vote Row "A" all the way. Every democratic candidate has either evaded a direct answer on the High Rise problems which threaten our areas, or has said he is for them. He is, of course, quoting Mr. Nickerson's line. No one has given any thought at all to the fate of the low income people, who, if this high rise plan of the democrats is put across, will be forced to live with their families in a duplicate of high rise city ghettos. So, we repeat, whatever our reasons and there are many, certainly this year, there can be no question as to how to vote if we want to protect a semblance of our suburban community. Smaller problems can always be worked upon by community groups who are willing to approach our elected officials courteously but constantly throughout the years, and make their concerns for our community known. But right now election day is right around the corner... and, we repeat, this year whatever your political persuasion, vote Row "A" all the way and protect our communities from urban blight.

OBITUARIES

Vincent Braun

Vincent Braun Sr. of Hicksville died on Oct. 21. He is survived by his wife, Marion (nee Gebhardt); son, Vincent Jr.; daughters, Andrea Beverly Braun and Cynthia Zike; grandson, John Zike; mother, Catherine Braun; brothers, Fred and Raymond and one sister, Dolores. A Hicksville fireman for thirty-nine years, he served as fire chief from 1940 to 1943 and was on the district's board of fire commissioners for the past twenty years.

William Peters

William Peters of Hicksville died on Oct. 16. He is survived by his wife, Margaret; daughters, Linda, Karen, Nancy, Marianne, Lisa Peters and Joan Terek. He is also survived by one grandson, Richard Turek and his sister, Zena Busch.

Anna Munch

Anna Munch of Hicksville died on Oct. 23. She is survived by two sons, Francis J. and William; four daughters, Elizabeth Munch, Margaret Hogan, Helen Cliff and Ann Harrison. She is also survived by twenty-one grandchildren and thirty-four great-grandchildren.

Named Trustee

Walter Roberts, Jr., senior vice president of the Roslyn Savings Bank, has been appointed a trustee of the mutual savings institution, announced Floyd N. York, Roslyn's president.

Mr. Roberts joined the bank in 1960 as appraiser, was elected a vice president in 1965, and named senior vice president in 1968. He is in charge of mortgage investments and appraisals.

Before entering the banking profession, Mr. Roberts served many years as treasurer and director of a large building subcontracting firm in New York City. Later, he spent fourteen years in the real estate business in Manhasset. He attended Blair Academy, and Lehigh University.

The Roslyn Savings Bank has three offices: Roslyn, West Hempstead and Farmingdale, Long Island.

Four Amendments

This Election Day four amendments to the State Constitution, will require your decision when you vote.

AMENDMENT No. 1 - would permit the loan of State or municipal funds or credit for the construction of hospitals and related facilities. This amendment would make long term low interest loans available for the improvement and construction of non-profit and limited profit health facilities. We believe that there is an urgent need for more health facilities and recommend that you vote "YES" on Amendment No. One.

AMENDMENT No. 2 - would increase the borrowing power of the New York Job Development Authority from \$50 million to 150 million. This authority helps to create a healthy business climate in our State and to develop employment opportunities in depressed areas. We recommend that you vote "YES" on this Amendment also. Even if the costs are increased somewhat, it is wise to train people to be self sustaining and it is better to have taxpayers than permanent welfare recipients. We hope you vote "YES" on this one.

AMENDMENT No. 3 - would protect our natural environment by allowing the State to acquire new lands for conservation purposes. It should empower the Legislature to protect whatever lands are now appropriate and available. We say, please vote "YES", and we hope it is not too late.

AMENDMENT No. 4 - would require the State to count all residents in setting up districts, as done for Congressional districts. It would not exclude aliens, which then have to be counted separately. It really isn't a big deal, but, it is still a savings, so we'd say "YES"

**Town Board Sponsors
Employment Seminar**

Oyster Bay Town Councilman Frank J. Hynes said that the Town of Oyster Bay is sponsoring two free seminars which will explore the opportunities for temporary and or part-time employment for both students and adults in the Town of Oyster Bay.

Hynes said the first seminar will be held at the Community Center of the Syosset-Woodbury Community Park, 7800 Jericho Turnpike, Woodbury, on November 6, a Thursday. The seminar for adults will be from 10 A.M. to Noon. A special session for students, age 16 and up, will be conducted on the same day from 4 P.M. to 5 P.M.

There is a demand for part-time and temporary employees, particularly young college students, in the Town and Mrs. Edith Robinson, representing one of the largest personnel firms in the field of temporary personnel service, will discuss the market for limited employment. She will also conduct a question and answer period immediately following.

Further information may be obtained from Lois Manning, Supervisor of the Cultural Arts Division of the Town's Department of Recreation and Community Affairs. Her telephone No. is WA 1-5944.

**Pro Arte Symphony
Opens Fifth Season**

The pro Arte Symphony of Hofstra University opened its fifth season in the Hofstra Playhouse this Saturday (October 18) to a standing-room-only house and critical acclaim.

The second Pro Arte concert of the season will be presented at 9:00 p.m. on Saturday, November 8, in the Hofstra Playhouse. Highlighting the program will be the world premiere of Arthur Custer's Found Objects II. Also being presented is Anton Rubinstein's Piano Concerto No. 4 in D Minor, Opus 70 with pianist Raymond Lewenthal. In September Mr. Lewenthal recorded this Rubinstein concerto for Columbia Records in London with the London Symphony

under the direction of Dr. de Carvalho. Concluding the program will be the 1947 version of Igor Stravinsky's Petrouchka.

On Tuesday, November 4 the Pro Arte Symphony League will offer a pre-concert lecture at 8:00 P.M. in Room 111 of the Hofstra University Student Center on the Hempstead campus. Garbriel Fontrier will moderate the discussion. Admission is \$1.50 per person.

Tickets for the Pro Arte concert on November 8 may be obtained for \$4.50, \$5.50, \$6.50 and students \$2.25, \$2.75 and \$3.75 from the Hofstra Playhouse Box Office, (516) 560-3283.

INTEGRITY is the issue

INTEGRITY isn't agreeing to a political philosophy to gain endorsement and then rejecting it after it is too late for your name to be removed from the ballot.¹

INTEGRITY isn't paying off an engineer and a contractor for an incinerator that doesn't meet specifications.²

INTEGRITY isn't taking a position against the L.I. Sound Bridge and then raising a running mate, who consistently supports the bridge, to the key post of Party Vice-Chairman.³

INTEGRITY isn't claiming to have a relevant youth recreation program and then closing the parks when the teenager needs them most.⁴

INTEGRITY isn't approving zoning changes for gas stations, diners, and drive-ins for people with the right lawyers and the right connections.⁵

INTEGRITY isn't checking a youngster's parent's political registration rather than his qualifications or needs before giving him a summer job.⁶

INTEGRITY isn't choosing an unqualified unknown to head a ticket that is supposed to change 60 years of Republican drift.

INTEGRITY is the issue

ISN'T IT ABOUT TIME** you elected the team with **INTEGRITY?

VOTE ROW B ☆

FOR OYSTER BAY ON ☆

NOVEMBER 4th ☆

1. Burke renegs on Conservative platform—remains on Conservative line.
2. Designer Campbell and contractor Clayburn paid in full while incinerator inoperable.
3. Hynes favors bridge—named Vice Chairman Oyster Bay Republican Committee.
4. Tubay parks close at sundown—rare dances end at 10:00 p.m.
5. Former Republican leader turns \$30,000 loan into \$2,300,000 profit building apartment houses and shopping centers.
6. 92% of summer employees are sons and daughters of registered Republicans, many of whom were asked to make contributions before the jobs were forthcoming.

HAL CHRIST... HAS THAT EXTRA SOMETHING!

Hal Christ, seen here with his wife and family, represents the fourth generation of his family to take active part in the governmental life of Nassau County. His great-grandfather served when Nassau County was still part of Queens.

With that kind of heritage Hal Christ has a special commitment to enhancing, while still preserving, our suburban way of life.

In his year as a Town Councilman, he has demonstrated an unusual degree of involvement and a special knack for problem solving.

He is the kind of man for which the Town Board type of government was designed.

Hal Christ is a uniquely dedicated public servant. He has that EXTRA SOMETHING that we need to keep on the Town Board.

... Return Councilman
M. HALLSTED CHRIST an independent Republican

SPORTS

By
Howard J. Finnegan

John Johnston of Hicksville achieved the individual highpoint of the local athletic year when he carried the orange and black colors to victory in the Class A Cross-Country Division of the North Shore Athletic League at Eisenhower Park.

He negotiated the course in 12 minutes, 37 seconds turning back a bid by Great Neck South's Peter Hugo. It was a 2-second victory.

In the team standings Hicksville finished a painful second to Bethpage 77-79.

Defending champion Syosset was third with 99 points.

Coach Bob Hilsky's team come off an undefeated season. Johnston's first was followed by 14th, 17th, 22nd and 25th place finishes for Hicksville.

Winless Plainedge inflicted its bi-annual mordification on Hicksville as the Red Devils held the supposedly ready to roll orange & black to a 0-0 deadlock.

Eleven fumbles distinguished the contest which ruined any chance for a share of the 1969 Championship.

Ed O'Reilly reeled off a 63 sprint in the second period for the only Comet decided thrust of the day.

Hicksville lost the ball on the 8-yard line in the first period.

With two minutes to go an interception had the Comets on the Plainedge 15 on second down a double hand off directed towards a surprise pass resulted in a final fumble to shut off the chance.

This Saturday, with a 2:00 p.m. starting time - Hicksville draws Farmingdale in its annual alumni homecoming game.

Farmingdale is ranked sixth in Nassau County and has a powerhouse team. The Dalers are already the champions of the

Section One NSAL.

The two schools have been rivals for 35 years and Hicksville has dominated the series with 23 victories.

Five times Hicksville has defeated Farmingdale on the last day of the season to ruin undefeated seasons.

Following the contest the Hicksville Alumni will host the team, cheerleaders and band at its annual reception.

The outstanding player trophy will be presented as well as the homecoming gift.

Tickets, which include admission to the game and the reception, are on sale for alumni parents and friends at Holden's Stationery and the Hicksville Sweet Shop.

Our selection: Hicksville 21, Farmingdale 19.

The real Hicksville football player just doesn't lose to Farmingdale.

Bruce Cerone, who is defending national NAIA pass receiving champion, is listed fourth in the latest weekly stats.

He has caught 33 passes good for 666 yards and 8 touchdowns at the season's mid-way mark.

The ex-Hicksville High School All-Met end vitally needs to repeat to gain attention from scouts to get a crack at the professional game after June graduation.

He plays for Emporia State Teachers in Kansas.

More and more the name of Hicksville's All American Scholastic end figures in Army's rebuilding program.

He was prominent in the Cadets awakening passing game as the Black Nights swamped Boston College, 39-6, last week-end.

He caught an early touchdown pass to get the West Point attack rolling.

WINNERS of the B'nai Brith ESSAY CONTEST are here presented with their awards by A. Albert Glass, Principal of H.J.H.S. Jonathan Greene's first prize is a \$25.00 bond; Joan Weldon's 2nd prize, a letter of commendation; Donna Altanen received an honorable mention. Behind these fine writers are seen the two teachers who organized this contest: Mrs. Barbara Drayer and Mr. Sam Corona.

THE MIDISLAND HERALD
PRESENTS

THE FIRST ANNUAL HICKSVILLE SUPPLEMENT

OCTOBER 1969 - 1970

DEAR REV. HICKS:

You wouldn't know your town...it's grown so! It's busy streets bustling with traffic and shoppers...its beautiful schools, both public and private, filled to capacity with this generation of young people struggling with the problems of modern education, along with their earnest teachers and parents...its lovely churches, old and new, where our present day residents seek guidance and inspiration...the streets of the town that bears your name and honors your memory are filled with attractive homes, large and small, as far as the eye can see...and these homes are occupied by our present day residents, striving to bring up their families, balance their budgets...and also to

help our town, HICKSVILLE, to keep growing better...and better...and better.

And that's the reason for this supplement, Rev. Hicks, and all you fine present day Hicksvillians. It's our FIRST ANNUAL, and while we have done our best, there may be a few omissions or errors. We hope that we can all work together to make our SECOND ANNUAL SUPPLEMENT better. But more important, during the coming organizational year, it is our hope that, with a clearer understanding of many community goals, we may work together to help achieve them. Hicksville is a community with a proud past and a challenging present. Its future is up to all of us.

SHEILA H. NOETH.

Trinity Lutheran School

Trinity Lutheran School is operated by the congregation of Trinity Lutheran Church. It is an educational institution that is Christian in concept, Lutheran in tradition, and non-sectarian in enrollment.

Education is a responsibility shared by home and school. As learning is a constant process, there must be cooperation between home and school as teachers complement the role of the parents in the total development of the child.

Trinity Lutheran School operates under an absolute Private School Charter issued by the New York State Board of Regents.

Extra-curricular activities are offered after school to the students. These activities include sports activities, band, choir, publishing the school newspaper, and the photography club. In addition, Trinity Lutheran Church also sponsors a Boys' Club, Girls' Club, and Scouting program.

Call the school office, 931-2211. The principal, pastor, or a teacher will be ready to give you additional information. For more detailed information and a tour of our facilities, an appointment can be made.

All parents living within our community are invited to join Trinity's Parent-Teacher-Friends Association (PTFA). Parents with children enrolled in Trinity Lutheran School are encouraged to become members and to actively participate in the organization. The PTFA promotes communication and understanding between home and school while participating in service projects benefiting the educational program.

TRINITY NURSERY SCHOOL
The nursery school is conducted by Trinity to assist parents in the guidance of young children. The home is the most formative influence in the child's

life. However, each home is part of the larger family of the community and of God's world.

Trinity Nursery School offers two half-day sessions for three-year-old children per week and three half-day sessions for four-year-old children. These are provided either morning or afternoon.

Trinity Nursery School meets the New York State requirements for nursery school education. In order to give maximum attention to each child, a ratio of one teacher to a group of 8-10 children is maintained. An enlarged program is being planned for the 1970-71 school year. For information call the school office, 931-2211.

TRINITY LUTHERAN SUNDAY SCHOOL

Trinity Lutheran Sunday School stands as one part-time agency of Trinity Lutheran Church in providing Christian education and worship for the children of our congregation as well as all other children attending our classes whose parents may not be of our congregation. The Sunday School stands as supplemental to Trinity Lutheran School in bringing Christian education to children.

Trinity Lutheran Sunday School is part of Trinity Lutheran Church and as such functions as an agency to help achieve the goals of the church. Other agencies of our congregation also share the responsibility of ministering to the saints and extending the gospel.

Sunday School sessions correspond with church service times of 8:30 a.m., 9:45 a.m., and 11:15 a.m. There is nursery child care for children under three years of age. There is Christian instruction for children three years old through to young adults in the 12th grade. Enrollment can be made any Sunday morning. Call 931-2211 for more information.

The Board of Education consists of seven elected members who serve a term of three years. The public meeting are held on the second and last Tuesday of each month at 8 p.m. in the Board Room located in the Administration building, Division Avenue, Hicksville, New York.

The first meeting of the month is conceived with the educational needs of the children and the community. The second meeting of the month is the business meeting where all the financial transactions conceiving the district are discussed and acted upon.

The public is invited and encouraged to attend all the public meetings of the Board of Education. All communications should be addressed to the Board of Education for discussion and action to be taken at the regular public meeting or the taxpayer may address the Board in the public session portion of the agenda at the last meeting of the month.

The Board is a policy making body and therefore requests the attendance, interest and communication of all the residents of Hicksville so that our educational system can continue to improve and thereby benefit all our students and the Community.

Hicksville Board of Education 1969-1970: left to right seated: Mr. William J. O'Donnell, Sect.; George A. Jackson, Pres.;

Thomas F. Nagle, Vice President; back row: G. Thomas Muratore, Cornelius J. McCormack absent; John J. McManus jr., Harry Kershen

Goals For 1969-1970 Hicksville Public Schools

Major goals for the Hicksville Public Schools during 1969-1970 devolve about two basic considerations: curriculum (education) and its support (finance).

In simple terms, a curriculum is nothing less than a guide or pattern of study whose purpose is to provide teacher and learner with a common path over which both may travel with some sense of direction toward a common goal. The support necessary for this exciting adventure, money, has over the past few years been in decreasing supply and so presents the district with difficulties.

Let us examine first what goals have been proposed for curriculum and then inquire into the financial situation in order to ascertain how these goals may be realized.

CURRICULAR GOALS

A three pronged approach toward curriculum revision in the Hicksville Public Schools is presently underway in 1969-1970. The origin of this massive curriculum re-development program was generated by three separate reports on the district's educational program written over a period of four years.

The first of these reports was titled "A Survey Of The Educational Program of the Hicksville Schools," known popularly as "The Flanagan Report". It was completed by the American Institute for Research in the Behavioral Sciences (AIR) and submitted to the Board of Education on February 25, 1968. The direct outgrowth of the survey was the inauguration in this district of Project PLAN, a nationally acclaimed innovative approach to teaching, partially underwritten by Westinghouse, and presently conducted in the Woodland Avenue School, the Junior High School and the Senior High School. The purpose of this new mode of teaching is to make education an individual experience by fostering a spirit of personal responsibility and inquiry in each student employing behavior goals for motivation. One of the aims for 1969-1970 will be to enlarge the scope of this remarkable project among more elementary grades.

The second report which served to fuel this curriculum redevelopment plan was the Cooperative Review Service Report submitted to the Board on December 9, 1968. This searching scrutiny was cooperatively developed by school personnel and the New York State Education Department. It encompassed the entire range of education in District 17, from kindergarten to the twelfth grade. Boiled down to its essentials, the report recommended greater coherence in the district wide curriculum in both elementary and secondary levels and a more sequential development of the educational program from kindergarten through the Senior High School. Apart from the recommendations for more service areas and instructional resource spaces in the secondary schools, the main thrust of this report was directed toward the establishment of written curriculum guides in those subjects where none exist or in reexamining and revising the curricula presently in force. In brief, it urged the design of a curriculum specifically for Hicksville students with the state guidelines employed as a compass.

The second and third prongs of the curriculum re-development plan also derive from this study. The second prong involves an across-the-board restructuring of the K-4 curriculum in the basic common branch subjects whose present footings repose either in

state guidelines or in basic texts unmodified by any specific reference to Hicksville's special needs. The third prong of the curriculum re-development plan is aimed at five specific areas: library instruction, art, health education (K-12), homemaking (7-12), and physical education (K-12).

While the two reports to which reference is made above were devoted to an inquiry into Hicksville's entire educational programs K-12, the third report, that of the Visiting Committee of the Commission on Secondary Schools, was necessarily restricted to Hicksville High School. This last report was submitted on July 16, 1969.

The essential message of this report stressed the desirability of tying together for greater coherence such liberal studies as art, music, literature, dramatics, and social studies. In brief, it suggested the institution of a new and lively Humanities Program for the high school.

Throughout the reports one may read references to the need for a more dynamic methodology which encourages a dialogue for

Supt. of Schools
Donald Abi

learning, an interchange of ideas and concepts rather than a reliance upon learning methods undisturbed by conversation.

Such a curriculum re-development program as may be envisaged from the foregoing remarks necessarily will not be accomplished in one year or two. This program calls for a three to four year schedule depending upon its intensity and depth.

Involved in this exciting enterprise will be students, teachers and administrators, the Board of Education and the community. In the final analysis, a school district's curriculum reflects the community's aspirations. In Hicksville, those aspirations are very high.

The goals for 1969-1970 are clear.

FINANCIAL GOALS

Like any household, those who operate the public school system are feeling the "dollar crunch" every time they must go to the market place to buy the thousands of items which are required to keep the schools in daily operation. Whether it be safety pins for the Home Economics Clothing class, groceries for the school cafeterias, or steel beams for a maintenance and repair job, the price tags are up substantially

from a year ago.

Every service which the school buys, such as transporting thousands of children, painting and plastering a wall, or repairing an electrical or instructional gadget, must be paid for in inflated dollar costs. The principal ingredient of school costs, which is pay for teachers and staffs, has been jolted upward by a series of contract settlements which not only gave teachers substantial wage boosts, but also placed many controls on the use of teacher time. Teachers now have the right to duty-free lunch periods, fringe benefits, class preparation time, and reasonable work loads or restricted maximum class sizes. All these have resulted in skyrocketing costs for school services, in the same manner as costs have advanced in the private labor sector.

The school cost problem has been compounded by cuts of over a million dollars in district school aid from the state. For example, Hicksville has lost \$185,000 in size correction aid, \$119,000 in high tax aid, and over \$300,000 in general aid. Because of rising assessed valuation, and a decreased average daily attendance, the district state aid support ratio has plummeted from 55.4 percent down to 50.6 percent. Transportation reimbursement has been cut from 90 percent to 50.6 percent, and will drop further as the state aid ration declines. Building and other special aids have all been cut. In actual dollars, the Governor's reputed 5 percent aid cut, plus formula changes, has resulted in about a 16 percent cut in Hicksville's state support. Local school officials have brought these problems to the attention of our local legislators, and a concentrated effort will be made to obtain some local tax relief in the next Legislative session.

Despite the difficult financial situation, and perhaps because of it, school leaders are carefully reviewing educational programs to insure that taxpayers get maximum return for their tax dollars. School Board members and top staff are visiting every school building to get first hand information about needed educational facilities and programs, and to insure that maximal effective use is made of limited resources which can be made available. A child's education cannot wait upon favorable economic conditions. Therefore, both educational and business practices of the school system are being "sharpened up" by review and surveillance to give maximal educational benefit. Equipment inventories are being examined; an efficient repair and replacement cycle will be established, and a long range facilities maintenance repair and replacement program will be proposed.

"True economy" has many facets beyond merely not spending money. Good maintenance and preservation of school plant can often be a very wise investment. By a long range program planning and budgetary control system, the Board of Education hopes to establish a method of choosing wise alternative spending plans, with maximum economy, while at the same time providing a good educational program. Good schools are a wise community investment, and make for good communities. Hicksville plans to continue to have good schools.

Despite the financial difficulties presently besetting education in New York State, Hicksville will continue to maintain an effort to support quality education. Such an attitude augurs well for the future.

Hicksville Public Library

The Public Library will spend the next year both expanding existing services and repairing the damage caused by successive budget defeats during 1965-68. Many titles that were needed, were not purchased in the past few years. We hope with a much improved budget to acquire some of these titles and keep abreast of current needs. The Hicksville Library is a strong library. We are one of the 20 largest libraries in New York State with over 150,000 volumes and we purchase (with a normal budget) some 30 percent of the new non-fiction published each year. Your library staff will, finances permitting, maintain the reputation of this library as one of the outstanding public libraries in Nassau. The collection will also be improved in non-book areas with the addition of a number of periodical titles and phonograph records. The budget has been increased in all of these

categories. We are again operating with a full schedule of hours 10 to 9 daily and 10 to 5 Saturday. With the approval of the budget the library will resume special programs, which are free to the public, and we are adding some additional personnel on a part-time basis to provide improved reference and reader's advisory services. The Fine Arts Committee, under the direction of Mr. Paul Rudoff, is arranging a series of free concerts. The dates which have been confirmed are listed below. Among the special programs will be some outstanding lectures, films, dramatic readings and poetry recitals. From time-to-time authorities in the field of arts, travel and business may be invited to speak. Art classes for children and instruction in flower bead making will be offered, announcements to be made later. All of the traditional programs for children including story hours, special films and

class visits etc. will be continued. Special projects and programs for children may be offered throughout the year.

The library will expand its direct communications to the community with a series of mailings to every householder in the district. A brochure outlining all of our services will be sent very shortly and there will be several other leaflets or newsletters explaining the purposes, programs or functions of the library.

Don't overlook the facilities of the public library when planning programs and activities for your organization. We can supply room for meetings or programs if they are open to the general public, or we may provide films, musical recordings or materials for discussion.

Should you want to plan your program around the library, staff members are always available for book talks or information concerning library services.

IN OUR LIBRARY: Meeting facilities are available to local civic and cultural groups. (Photo by Charbonnet).

Hicksville Library Board

The Hicksville Public Library Board, which meets every third Wednesday, at 8 p.m. at the Library, consists of President Elery Bean, and members Kenneth Jones, Abraham Fishman, Joseph McCarthy, Ruth Aaron and Library Director Kenneth Barnes.

"Help Beautify Long Island"

A History Of The Hicksville Post Office

The Hicksville Post Office was established in 1855.

Following are the Postmasters who served our community and the year in which they were appointed: David Sammis-1855, E.H. DeLanguillette-1857, David Sammis-1861, Henry Bannih-1863, E.H. De Languillette-1865, Ernest Liebke-1869, William C. Miller-1885, Ernest Liebke-1890, Henry J. Nicholas-1894, John G. Wickler-1897, August Hauser-1902, Samuel H. Poole-1904, John Puvogel-1913, John C. Banschbach-1922, William G. Mollitor-1934, Harry C. Cotier-1955, Irene L. Murphy-1961, Ralph G. Cascardo-1966.

There are no known significant facts concerning the growth of the office between the date of its establishment and the post war building boom of the early 20's. In 1926 city delivery service was established with three carriers serving the entire community. At that time two rural routes also served the outlying areas including communities known as East Meadow, Island Trees, (now Levittown) Plainview, and parts of Woodbury, Syosset, Jericho, Westbury, Bethpage and Farmingdale.

In 1938 experimental airmail flights were made between the Aviation Country Club on Jerusalem Avenue and Floyd Bennett Field.

Again in 1947 experimental helicopter flights carried mail between Hicksville and New York City airports.

In 1944 Hicksville was raised from a Second to a First Class office. In the years following World War II there was a tremendous increase in both population and industry in our

community and our postal facilities were never adequate to handle this growth.

After occupying various stores in the village through the years, the first Post Office Building was erected at 94 North Broadway in 1950. At the time of occupancy, the building was inadequate in size and other buildings were leased in order to process the ever increasing volume of mail. Branch Post Offices were established in Levittown in 1949 (now an independent office), Plainview in 1955 and Old Bethpage in 1964. A finance Station was opened in Gertz Department Store in 1956.

In 1961 the Post Office Department designated Hicksville as a Sectional Center to serve ten surrounding post offices with mail. 1965 brought a change in the Sectional Section concept and our associate offices were increased from ten to seventy-seven. Due to the increase in volume of mail handled it was now necessary to lease two buildings on Engineers Drive with floor space totaling approximately 73,000 square feet. At the present time there are 1,197 employees in our postal complex and our annual gross postal revenue exceeds \$12,000,000.

The Hicksville, New York Post Office ranks 69th in size among the over 32,000 post offices throughout the country and serves 1 1/2 million residents.

DID YOU KNOW?

The United States Post Office Processes more mail than the combined countries of Germany, Great Britain, Japan, France, Italy, India, U.S.S.R., Brazil, Canada,

THE HICKSVILLE POST OFFICE on West John St. is open Monday thru Friday 8 a.m. - 5 p.m., Saturday 9 a.m. - 12 noon.

Switzerland, Netherlands, Belgium, Spain and Australia.

The United States Postal employee has the highest mail handling productivity. The Department uses fewer employees, in proportion to volume, and area covered, than any other nation.

If we were to load our present annual volume of mail onto boxcars, it would more than fill a train stretching from Boston to San Francisco.

Postmaster Ralph Cascardo urges all patrons to use their ZIP code on all mail to insure accuracy of distribution and delivery. The ZIP code is needed in order to determine the

rate of postage for parcel post mailings.

Mail early and take advantage of our daylight dispatches. Mail dispatched early in the day makes better airline and train connections.

Postmaster Cascardo stated that in conjunction with the (NIMS) nationwide improved mail service program Hicksville has an established mail users council. The purpose of the council is to keep mailers informed of Postal Service changes effecting their businesses.

In order to appreciate the magnitude of postal operations we will conduct group tours of our huge sectional center facility.

These are scheduled by Mr. Vincent E. Hannigan, Customer Relations Representative, who may be reached at 433-7300.

The new Hicksville Sectional Center Facility is mechanized to efficiently process present mail volumes, but designed to house additional mechanization or other equipment should future volumes demand. Present mechanization consists of non-preferential sacked mail and originating loose parcel transport conveyors. This equipment is designed to transport sacks and loose parcels from the receiving docks on the first floor to the

DID YOU KNOW THAT ... YOU HAVE A SAVINGS ACCOUNT IN BALTIMORE?"

If you have not checked the accuracy of your Social Security Account in Baltimore within the past three years (it is your responsibility, not the government's), consider this: In one of the seven regions of the U.S., Internal Revenue Service, 12,000,000 income Tax Returns were filed in 1967; one million of these tax returns contained errors, of which one-half (500,000) were erroneous Social Security account numbers.

Remember, the time in which corrections can be made is limited by law to three years, 3 months and 15 days after the period covered by the report.

For additional information and a special form necessary to audit your Social Security Account Call or Write.

Hicksville Fire Department

HICKSVILLE FIRE DEPARTMENT MEETINGS: Department meetings are held the 2nd Monday of each month at 8 P.M. at the East Marie Street FIRE HOUSE.

ANNUAL ELECTION: April
OFFICERS: Chief: Clifford G. Davis, 82 Bethpage Road; 1st Assistant Chief: Melvin Voorhies, 179 East Marie Street; 2nd Assistant Chief: Martin Donlon, 81 Woodbine Drive N.; 3rd Assistant Chief: Louis A. Mertz, 15 Briggs Street; Recording Secretary: Emil Immesberger, Jr., 15 Farm Lane; Corresponding Secretary: Owen Magee, 16 Marvin Avenue; Financial Secretary: William Stahley, 13 Elm Street and Treasurer: Fred Hasbrouck, 53 Lantern Road.

VOLUNTEER & EXEMPT FIREMEN'S BENEVOLENT ASSOCIATION of Hicksville, Hicksville, New York

MEETINGS: Regular meetings held 4th Monday of July, October, January, April
ANNUAL ELECTION: July

OFFICERS: President Sherwood Heidel, 12 Meade Avenue, WE 1-5727; 1st Vice President John Bergin, 69 Vincent Road OV 1-2356; 2nd Vice President Fred Hasbrouck, 53 Lantern Road, PY 6-4145; Secretary Joseph Janca, 9 Miller Circle; Financial Secretary William Stahley, 13 Elm Street; Treasurer Maynard Glenn Munch, 207 1st Street.

TRUSTEES MEETINGS: 4th Monday each month
PERMANENT MEMBERSHIP: Limited to members or past members of the Hicksville Fire Department who have served a minimum of five years active service as a volunteer fireman.

PURPOSE: The organization was formed in 1939 to aid firemen injured in the line of duty and or the families of these firemen. It also has been able to provide a limited amount of insurance for its membership.

Organized fire protection began in Hicksville over 100 years ago. The Hicksville Fire Department objective has always been and still is, the preservation and protection of life and property from and during fires that occur in the Hicksville Fire District.

Membership in the department is limited to volunteers who undergo extensive training and drill to bring to our community a more efficient and effective fire fighting organization. The Volunteer Firemen give freely of themselves in all ways and risk their lives in the performances of their duties to guard all, day and night from the dangers of fires and disasters. During the past year the Hicksville Fire Department answered 853 appeals for aid. Fire accounted for 661 of these calls, the ambulance service 123 and request for oxygen 69. 20 injuries were sustained by firemen in the line of duty.

To become a member of the Hicksville Fire Department a person must be a resident of the fire district for at least two years and be between 21 and 40 years of age. He must obtain an application from a member of the Department who will propose the candidate for membership to their company. After acceptance a candidate must

pass a one year probationary period during which he receives firematic training and a basic first aid course. During this year he must attend 3/4 of his company and department meetings and 3/4 of all fire school drills and classes held. For his first five years of membership he will also have to respond to a minimum of 25 percent of all sounded alarms. With all of these requirements, one might ponder the reasons for joining, for the Department is far from a social organization. We can only tell you that serving, working together and protecting others in our community seems to provide a type of en-

joyment and comradeship that will not be found outside the Department.

On December 7th The Bureau of Fire Prevention and the Hicksville Fire Department will hold an open house to dramatize fire safety. Santa Claus will be on hand to greet the children and exhibitions promoting fire safety will be available for all to view.

Hicksville Fire Dept. Commissioners

Chairman of the Board: Harold Manaskie, Commissioner: August Jud; Commissioner: John MacDonald; Commissioner: James Taxter and Commissioner: Vincent Braun (deceased).

Hicksville Police Department

NEW SECOND PRECINCT BUILDING: on the corner of Jericho Tpke. and Crossways Park Drive is commanded by Inspector George Morgan. In the lower picture, one can see the building behind the headquarters which is used for storage and light repair and maintenance plus a car wash. They may be reached at 364-0500, and they serve residents located north of Old Country Rd.

THE EIGHTH PRECINCT, under the command of Inspector Ernest Pucllo protects our areas located south of Old Country Road. The telephone number is OV 1-8800.

ART FORMS

DIRECTOR: Mr. Mark Dodson

MEETING PLACE: Hicksville Public Library
 Phone: PY 6-9871

ASSOCIATION FOR THE HELP OF RETARDED CHILDREN: Levittown-Hicksville-Wantagh Auxiliary
MEETS: Second Monday of each month September through June, Levittown Hall, 8:30 P.M.

GOALS: To help the mentally retarded person reach his fullest potential as a respected individual and become a self-sustaining member of (1) his family, and (2) the community. We hope, through our employment program, to make him a contributing member of society, rather than permit him to become a social and tax burden to his fellow citizens. We aim: (1) To educate the community to the abilities and needs of the retarded and (2) To seek public support of our efforts through fund-raising and membership.

FOR FURTHER INFORMATION: Mrs. Elmer B. King, PY 6-4042.

OFFICERS: President, Mrs. Elmer B. King, PY 6-4042; Publicity Chairman, Kay Ramsteck, SU 1-1322.
MAJOR SPECIAL EVENTS: Annual Teen Drive, spring of 1970.

COLUMBIAN SQUIRES

MEETS: Wednesday, 7:30 PM, Knights of Columbus Hall

ELECTIONS: June
GOALS: The Columbian Squires have the spiritual, physical, social, civic and cultural development of boys between the ages of 13 and 17 as its goals. This year we hope to achieve these goals by playing a larger roll in our community.

FOR FURTHER INFORMATION: Call Paul Bartow, WE 1-3193.

OFFICERS: President Paul Bartow, 93 Bethpage Rd., Hicks., WE 5-3193; Vice Pres., Kevin Blaser, 51 Briggs St., Hicks., WE 5-4731; Sec., John Knipper, 51 Eighth St., Hicks., GE 3-3073; Treas., Frank Randazzo, 9 Alvancrest Dr., Hicks., GE 3-8275.

EASTERN STAR, EMERA CHAPTER NO. 676

WORTHY MATRON: Mrs. Phebe Klein
 Phone: WE 5-0035

EAST HICKSVILLE TAXPAYERS CIVIC ASSOCIATION

MEETS: Second Tues. each month, fall through spring, as needed.

GOALS: We act as "watchdogs" when the East Hicksville area is about to have roads that lead to nowhere widened, areas placed aside for parks down-zoned for other reasons, or land being misused, etc. We

take action to keep an eye on the Town of Oyster Bay elected officials that the public be served.

FOR FURTHER INFORMATION: Ben Marrone, GE 3-1734.

OFFICERS: President P.N. DeNino, 3 Elm St., Hicksville, WE 1-3567; Sec.-Treasurer, Ben Marrone, 292 Plainview Rd., Hicksville, GE 3-1734; Acting Vice President Bill Krantz, 49 South Gate Rd., Hicksville.

EAST STREET PARENT-TEACHER ASSOCIATION

MEETS: Second thursday of each month, 8:15 PM, East Street School.

EXECUTIVE BOARD: Meets third Monday of each month except December.

ELECTIONS: April of each year.

GOALS: Our goal this year is to inform more people how strong P.T.A. is for the good. We would also like to change our "image" - we are not just "koffee-klatches."

FOR FURTHER INFORMATION: Mrs. Paul Shirrman, 11 Robert St., Hicksville, GE 3-6286.

OFFICERS: School Principal, Mr. John McGovern; Pres., Mrs. Robert Weiss, 83 Elm St., Hicka., WE 5-5970; Vice Pres., Mrs. Paul Shirrman, 3 Jonathan Ave., Hicks., GE 3-6286; Rec. Redeemer Lutheran Goals

Our goal for the coming year is to be an active participant in the Community life of Hicksville and to play an active role in solving our Communities' needs.

Specifically our efforts will be directed in two channels. One is participation in the Hicksville-Plainview ecumenical Council. Our greatest effectiveness in the Community is achieved by an integrated action on the part of all the Churches.

The second channel is one in which we have put a great deal of effort. It is to provide for the housing needs of our Senior Citizens. We are working toward the Construction of a Retirement Center which will be located in the Town of Oyster Bay.

Our Goal is to properly plan and construct a Retirement Community which will enable the elderly to:

1. Conserve health and maintain self direction and mastery of their environment.
2. Minimize sensory and energy losses.
3. Enjoy serenity and security.
4. Enhance mobility.
5. Have services and opportunities available, accessible and usable.
6. Have someone who is interested and concerned.
7. Have a "say" about matters that concern their lives.
8. Avoid institutionalization.
9. Live in a home that provides ease of maintenance, safety, comfort, ease of entry and egress.
10. Live in an environment where they can find new friends, new goals, utilize old skills and develop new; pursue personal interests in recreation, education and culture.
11. Be given the supportive and preventative services necessary:
 - (a) Counseling and help with family, financial and personal problems.
 - (b) Nutrition, physical checkups, therapy and other health needs.
 - (c) Housekeeping and home aids.
 - (d) Legal Assistance.
12. Spiritual Care and Concern.

Such a Center would contain three types of housing units. There would be apartments specifically designed for the older person who can still live completely independent. There would be apartments with cleaning services, food service, and laundry services for those who would find these services helpful. There would be hotel type units. These units would have a living-room bedroom combination and all the basic services would be provided. These accommodations would be for those citizens who are well but no longer capable of cooking or carrying out other tasks.

In order to complete this Complex there would be nursing care and other related facilities. In addition to the housing there would be Community facilities such as: Meeting Rooms, Hobby Rooms, Recreation Areas for use by residents and members of the extended Community.

This may seem like a dream but it is a real possibility. Our Town Board is aware of this great need and wants to meet this need. Our State and Federal Government has developed programs which enable Communities to Construct such Retirement Centers.

Many Communities have accomplished the building of such Retirement Centers that are within the financial reach of its Citizens. It is our conviction that our Community can and must do this for her citizens.

Our goal is to be able to say in the next year's supplement that the planning for such a Retirement Center has become a reality.

Trinity Lutheran Church

Trinity Lutheran Church, 40 West Nicholas Street, Hicksville, is the oldest church in the community, organized in 1850 and has been serving the community for 119 years.

At the present time the Parish is enlarging its facilities to prepare for a "Growing Hicksville". The Expansion Program costs approximately \$600,000.00.

Worship services at present are being conducted in the Gymnasium Auditorium of the

Parochial School each Sunday at 8:30 - 9:45 - 11:15 a.m. Special Services, Thanksgiving, Advent, Christmas, Lent, etc., as announced.

The Pastor of Trinity, the Reverend Edward H. Stammel, has served the Parish for twenty-eight years. He is assisted by the Reverend John H. Krahn who graduated from Concordia Seminary, Saint Louis, Missouri. Vicar Richard Koehnke rounds out the Pastoral Team that ministers to the Parish.

The congregation is associated

with The Lutheran Church-Missouri Synod which sponsors "The Lutheran Hour" on Radio and "This Is The Life" on T.V.

The congregation, a democratic group, has its own lay officers as follows: Mr. Louis Dettloff, President; Mr. Fred Trinklein, Vice President; Mr. Alexander Innes, Treasurer; Mr. David Webster, Corresponding Secretary; Mr. James Allen, Recording Secretary; Mr. Siegfried Widder; Mr. Henry Ebel; Mr. Robert Enderle and Mr. Harold Steinfeld.

Recreation And The Arts

Recreation is not all fun and games it is fun and the arts too! Music, dance, drama, film making, poetry, as well as arts and crafts are part of the recreation program.

Through the splendid cooperation of the School Music Department we have launched more than several highly successful music groups. The Symphony Orchestra and the Community Chorus are now in their ninth season. It all began with Gian Carlo Menotti's "The Telephone" and proceeded through "The Messiah" and on to "Carmina Burana". Many other successes intervened. There have also been the Madrigal Singers (now a part of the curriculum). The Recorder Consort and now

the Boys' Choir, our latest embryo contingent.

Mark your calendars--December 7th will bring Prokofiev's "Romeo and Juliet Suite", Beethoven's "Eroica Symphony" and Rossini's "Overture to the Barber of Seville"--all at the High School Auditorium. The Recorder Consort has not yet announced a local performance due to a concert tour at the State University at Oneonta. The Boy's Choir is still auditioning and will announce plans later.

Another new group being formed is a dance ensemble. Teen boys and girls who have a background in the various forms of dance are invited to join this group. Details about any of the

new activities or any of the others may be obtained at WE 5-9000 Ext. 200

A film making company was formed last summer. Their film is now being processed and should be available for showing shortly. Again, those interested in joining the new company should contact the number above.

A poetry festival will take place at the public library on January 14th, 1970 at 3 P.M. Professional and amateur poets will read. This will be a joint venture involving the English Department, the Reading Department plus the Hicksville Public Library and Recreation.

Arts and crafts are a regular part of the Saturday morning playground.

Community Use of School Facilities

The Recreation Department is responsible for community use of all school facilities.

Well over 200 community groups, associations or organizations now have permission to use our school buildings and grounds, such as Parent Teacher Associations in each school, 36 Boy Scout Troops, 50 Cub Packs, 27 Girl Scout organizations, etc. Some of them meet only occasionally, but many require facilities every week. The processing of new groups, the collecting of applications, the scheduling of approved groups,

and coordination with the regular school day is the first part of the task. The next part of the job is to open communications with custodial staffs. Finally, we have supervision, schedule modifications, and the reconciliation of complaints. This encompasses ten school buildings and acres of grounds that are in use across the full calendar year.

The third aspect of our School Recreation Department involves consultation with "out-of-school" community groups. A great

Our Chamber of Commerce Plans

The Hicksville Chamber of Commerce has long realized that its area is recognized as the center, potentially, of a fast moving colossal expansion now taking place on LI. The growth of Commerce & Industry in our vicinity, bringing with the inevitable increase in population, will necessitate more office space, more housing, more retail & service firms, more recreation facilities.

Because of this increase it has been forecast that the next 10-15 year era will bring into Nassau-Suffolk another 1 million people. Such an influx, according to projection estimates, would require approximately 300,000 new housing units, which in turn produces a requisite for 400,000 jobs. The demand for office capacity in this same period projection could exceed 1 million sq. ft.

Hicksville will and must expand with this movement and build beyond its present limitations. This requires intensive planning. Changes in ordinance, rezoning and the cooperation, to the fullest extent of govt agencies, local or this movement and build beyond its present limitations. This requires intensive planning, changes in ordinance, rezoning and the cooperation, to the fullest extent of govt agencies, local organizations and property owners within and without the hamlet. The Chamber of Commerce will utilize all its efforts and resources to this end.

During the past year the Chamber has been working in conjunction with the Hicksville Citizens Advisory Committee, appointed by the Town Bd. to study and plan for the redevelopment of Downtown Hicksville. With the assistance of the Nassau Co. Planning Commission the first report is ready and will be released very shortly.

Generally, shopping centers tend to divert trade away from the traditional business dist, usually located around a RR station, so it has been in Hicksville. But it appears that the ultimate land use in Downtown Hicksville will be a combination of transportation facilities, office structures, diversified types of apt units, service and retail outlets. This type of planned development can contribute more to the basic tax burden than to school costs. Also, it is entirely feasible without encroaching on existing residential neighborhoods.

Because of its geographical location, the convergence of main arterial hwy's into its center, the junction of branch lines at the RR station, from which the new fast service to NYC will originate, downtown Hicksville, in the opinion of the Chamber, has what it takes, to become the outstanding suburban community.

The Chamber of Commerce is also planning a beautification program which will incorporate, not only the Downtown section with its own landscaping and small parks for rest and relaxation, but the entire Hicksville dist. Continuous effort to do away with the constant accumulation of litter, with the assistance of the Town sanitation people, propety owners, service clubs and students, this can be accomplished to make and keep Hicksville a better, cleaner community in which to live and work.

Recently the Chamber initiated the formation of a Council or Federation of Chambers of Commerce in the Town of Oyster Bay. The idea was accepted as worthwhile by a majority of the Chambers. A current effort is now under way to broaden the scope of members to include all Chambers in Nassau Co. Preliminary talks have been held and an organizational meeting

will be scheduled early in Nov. The Hicksville Chamber will lend its whole-hearted support to this movement. Many other work programs are planned by committees in the Chamber and an active year of service to the community is anticipated.

The Hicksville Chamber of Commerce is presently composed of 27 directors, including 4 officers, an executive committee, 8 sub-committees and the Executive Director, as follows: Pres. PETER FALLON (VP LI Nat'l Bank), VP KINGSLEY KELLY (pres, Seaman & Eisemann), Secy KENNETH BARNES (dir Hicksville Public Library), teas SALLY SUSSMAN (pres Greater NY Air Conditioning)

Directors, the above & Peter Amoroso (Central Fed'l Savings & Loan), Leland Badler (atty), Henry C. Crowe (retired), Lou Cesta (Dalton Funeral Home), Edw. R. Crowe (Marine Midland Grace Trust), Lawrence Fitzgerald (LI Lighting), Franklin Frank (Stackler & Frank), Irwin Goldman (Goldman Bros), Fred Hawkins (Grumman Aircraft Engineering), Fred Herman

(Retired), Pierre Charbonnet (Photographer), Douglas Lock (Bankers Trust), Larry McCaffrey (McCaffrey Ins Agency), Edw Morris (atty), Barbara Daly (Long Island Trust), Aaron Rochman (atty), Lawrence Scaleria (Architect), Geo Blaurock (NY Telephone), Moe Schneur (Gertz Dept Store), Lou Siegler (Office Supply Centers), Thomas Sweeney (Nat'l Bank N. America), A. Carl Grunewald (Councilman TOBAY), Edgar Sweet (Dollar Savings Bank), exec dir Stanley Turner.

The Chamber of Commerce welcomes applications for membership from interested firms, organizations financial or commercial, professional people, and all interested persons who wish to participate in the planning and development for a better community of Hicksville.

HICKSVILLE
WILL GAIN
OR LOSE
THIS YEAR
BY YOUR ACTIONS.

Growth Of Hicksville

By Bud O'Keefe

Some three hundred years ago Roger Williams purchased land from the Indians on Long Island. Part of this purchase was later named Hicksville, probably after Valentine Hicks who was related to the famous Quaker preacher Elias Hicks. Much of the land remained unsettled during the early years of the seventeenth and eighteenth centuries. As a matter of fact, a census of the entire Township of Oyster Bay in 1835 showed a total of 5,083 people. Compare this to the 1969 census of 362,888 of which Hicksville claims 52,482 residents.

Farming became a thriving occupation and it was not long before Hicksville became one of the leading centers of the potato industry. But farms gave way to houses. The population boom that followed World War II saw Hicksville develop at a rapid pace. Today, it is a well balanced community having diversified industry, suitable business and excellent shopping facilities. In spite of this development, the atmosphere remains suburban.

Famous for its annual Labor Day Parade and Firemen's Tournament, Jones Institute, Cantiague Rock and the old Court House. Today Hicksville is on the threshold of becoming the cynosure of the Town of Oyster Bay.

The Gregory Museum

The philosophy of The Gregory Museum, chartered as a non-profit educational corporation in 1966, is "To create an awareness of, and an active interest in the beauty and value of nature in both young and old, and to provide facilities for this purpose".

The displays in The Gregory Museum located at 207 Cottage Boulevard, Hicksville, consist of the following:

1. More than 5000 rock and mineral specimens
2. Fossils and Indian artifacts
3. Jewelry made from rocks and minerals produced in the museum's lapidary shop
4. Fluorescent minerals
5. More than 5000 specimens of butterflies and moths

As of October 8, 1969, 18,858 children and adults have been given educational tours through the museum. 290 school classes and 71 scout groups are included in the above total.

The Gregory Museum has produced 20 sets of tape-narrated color slides

Gardiner Gregory

on rocks and minerals, wild flowers, and insects. These slide sets have been shown to 688 organizations in 42 states, Canada, and Europe. Over 30,000 people have seen these slide sets.

The Gregory Museum has been a pioneer in many aspects of the earth sciences. It is basically a teaching-research-display museum with the emphasis on teaching.

The Museum gives instruction to limited numbers of children and adults in geology, mineralogy, and the lapidary arts. Numbers are limited because of lack

School classes and youth organizations are among the biggest users of The Gregory Museum

of space and instructors. It has had 82 articles published in 6 different magazines.

Both Mr. and Mrs. Gregory lecture to schools and other organizations on Long Island and elsewhere. Displays of rocks and minerals and butterflies and moths are put, by the Gregorlys, into schools and libraries on Long Island.

Each year the museum participates in mineral shows in a number of states. The Gregory Museum is the only

museum that actively participates in the International Gem and Mineral Show held in Washington, D.C.

The Gregory Museum has established a wild flower preserve in Sandown, New Hampshire. Each year The Gregory Museum raises the Saturniidae moths and furnishes cocoons to schools on Long Island. Each year it furnishes eggs of the Bombyx Mori moth for school classes to raise.

Since the facilities of the

museum are limited and many groups can't be accommodated, the museum hopes eventually to move to larger quarters. It is hoped that an agreement can be worked out with the Town of Oyster Bay officials to use the old Hicksville Town Hall at Heitz Place. If an agreement is reached, it will take the efforts of many people to raise the money necessary to renovate and convert the building to a museum. Money will be needed for

(Continued on page 25)

HICKSVILLE POST OFFICE

(Continued from page 13)

appropriate processing units on this floor and the second floor.

Twenty-eight vehicles can be emptied simultaneously which lead to sack sorting machines which are capable of processing a total of 3,000 sacks per hour. Four runouts lead directly to terminal trailers and mail for associate offices is sent to three sawtooth sack separation platforms. The sack sorting machine

system comprises 4,281 feet of belting with an average speed of 80 feet per minute.

In 1970 we will be equipped with a 6 unit console letter sorting machine capable of sorting 21,600 letters per hour. Additionally, we will receive a Mark II Facer Cancellor Machine which automatically edges, cancels and stacks mail at the rate of 30,000 pieces per hour.

American Education Week Nov. 9-15

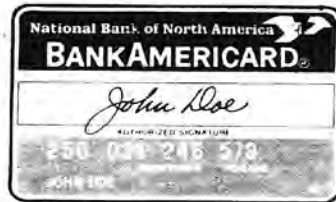

American Education Week is sponsored jointly by the National Education Association, the American Legion, the United States Office of Education and the National Congress of Parents and Teachers. At its inception in 1921, there were approximately 25 million students being served by 870 thousand teachers in this country. Today, the number of students and teachers have both more than doubled. Cooperation between school and community, important then, has become ever more important with each passing year. Indeed, the demand for ever greater participation by the public increases daily.

Without the full cooperation and informed participation of the public, the task of the schools in today's society becomes virtually impossible. Occasions like American Education Week are one of the relatively few opportunities we have to inform the public and to drive home to laymen and professionals alike the importance of the contribution education makes to the strength of America, and the solution of our problems.

This year's theme for American Education Week is "Better Education... Our Job!" We hope that each community will organize its own citizens' committee to plan, organize, and publicize its observance of American Education Week. It should be the purpose of this committee to bring citizens into the schools, make the educational programs clear to the public, and make them aware of the problems facing the schools and the need to develop still better schools.

Local schools will provide various opportunities for public visitation and each school will notify its own community. It is hoped that this occasion will promote greater understanding between communities and schools.

You'll get all the credit in the world for carrying this little card around.

Soon, BankAmericard will be the one card to carry when you don't want to carry more than one.

It covers just about everything your other credit cards cover: store purchases, hotels, airlines, rent a cars, restaurants.

And it covers things your present cards don't cover. Many dentists now honor it. Plus auctioneers, exterminators, masseurs, blacksmiths and many more.

In ten years, BankAmericard has become the most accepted credit card in the world.

Which makes us proud to announce that soon North America will make this important card available at any one of

our over 90 offices throughout the area. It's another new convenience we'll be adding to the long list our depositors now enjoy.

And your North America BankAmericard is twice as valuable because you get our Check Guarantee Card printed right on the back. With it your North America checks (up to \$100) will be accepted at thousands of stores all over, at banks in all 50 states and, of course, at more than 90 North America offices. You can even get cash on Saturdays at many of our Saturday banking offices. And if you lose your BankAmericard there's nothing to worry about. Just call to tell us your card is lost, give us your card number and it

won't cost you a cent.

With BankAmericard, you'll get one bill each month, write one check each month, for all the purchases and services you now charge separately.

And when you're short of cash, a cardholder can get up to \$150 in any of thousands of banks across the country or overseas.

Your BankAmericard is free. There are no membership fees, no annual dues. And there are no hidden charges for you to pay.

Look for the BankAmericard decal in over 550,000 places throughout the country and the world.

You'll get all the credit in the world for doing it.

LIFE IN HICKSVILLE (League for Intelligent Financing of Education in Hicksville.)

MEETS: Scheduled according to needs.
GOALS: It is the intention of this organization to contribute to the progress of the family and community, as well as the school, through the intelligent financing of education in Hicksville. This is to be accomplished by striving for goals that reflect the true majority opinion, while the minority opinion is to be accounted for, and respected. It is to be noted that each area (family, school and community) is an integral part of our society, and a proper balance is essential. At no time shall any of these areas be neglected, added to, or subtracted from, unless careful consideration is given whereby this delicate balance is not disturbed. To help achieve these goals we will continue to help educate the parents and taxpayers

via meaningful and accurate information for mutual benefit.

Beautification Committee

The Regional Beautification Committee of Hicksville was created by the Town of Oyster Bay early in 1968. The committee members are: Mrs. Emil Szendy; Mrs. Marion Rothenberg; Mr. Louis Grossman and Chairman Kenneth S. Barnes.

The objectives of the Committee are to improve the physical environment of Hicksville by working to clean-up and landscape some of the shopping centers, vacant lots, parking lots and public land such as the Kennedy Memorial area near the Long Island Railroad. Plans are being developed for a long range beautification program beginning with a clean-up

campaign about December 1st. The success of projects such as these described depends extensively on the cooperation of service clubs, schools, youth organizations and interested individuals. We hope that many of our residents will participate in our clean-up drive and maintain an interest in the future beautification of the area. With the support of the Town of Oyster Bay, we can accomplish a great deal working together. We have a small number of volunteers assisting the Committee in the clean-up project. If you are interested in this project or future plans please call Kenneth S. Barnes, Chairman, at WE 1-1419.

Citizens Advisory Committee For Transportation and Development

In June of 1968 the Oyster Bay Town Board appointed the following Hicksville residents to a Citizens Advisory Committee for Transportation and Development:

Kingsley Kelly, Henry Brengel, Harold Holden, Thomas Braun, Pierre Charbonnet, Gerard Trotta, Lewis Siegler, Edward Morris, Louis Yevoli and Richard DiLeo. The first nine men were appointed by the Town Board and the last three by Supervisor Petito.

At that time New York State was concluding the widening of Newbridge Road and Broadway.

Nassau County had just completed the widening of Old Country Road in our town and in addition, the MTA had mentioned plans to make Hicksville an express stop on the LIRR shortening by almost 20 minutes the commuting time to New York City.

This is closer than ever to becoming a reality, at the present time.

"Properly planned," Councilman Grunewald explained, "with the help of this Hicksville Advisory (to the Town Board) Committee, we must act early to prevent the possibility of any honky-tonk type of development. Also we will have to make plans for off-street parking where needed."

AT BOB-KEN FORD: Enjoying a short break between selling those GREAT cars, (l to r) Mike Shudoe, sales, Irv Roth, sales, Jerry Carna, sales, Kea Gilkes, owner, James White, office manager, Len Fanelli, sales manager and Bill Culy, sales.

USE OF SCHOOLS

(Continued from page 18)

number of men and women devote countless volunteer hours in many recreation activities in Hicksville, such as Little League, Police Boys Club, Senior Citizen Groups, etc. The department provides professional guidance to these volunteers in developing their own recreation opportunities, use of school facilities and consultation services is readily available from Mr. Joseph F. Madden, Director of Recreation or Mrs. Rosemary Walsh, Recreation Assistant, Administration Building, Division Avenue or call WE 5-9000 extension 200-201.

THE GREGORY MUSEUM

(Continued from page 21)

staff and operation and maintenance costs on a yearly basis.

The Gregory Museum would preserve the external structure of the Town Hall to maintain its historical significance.

Tours through the museum are by appointment.

"Recently completed and proposed road widenings in Hicksville together with plans of the MTA will be changing the face of Hicksville," stated Councilman Carl Grunewald, "We want to make sure that any changes are acceptable to the community. We won't allow Hicksville to become another Jamaica!"

POST NOTES

MEMBERSHIP continues to grow at each meeting. This week we welcome into our ranks: George M. Bode of 3 Marvin Avenue in Hicksville and Anthony L. Gior of 11 Albattross Road in Levittown. Mr. Gior is presently serving in Vietnam.
What was hoped to be a short meeting by some members, so they could get home early to see the N.Y. Giants and Dallas Cowboys football game, turned out to be just the opposite. In addition the regular business on hand we had three guests visit us that evening. These gentlemen were: Deputy Inspector Engels from Nassau County Council; Mr. Robert S. French of Hicksville High School who discussed locally controlled scholarships and awards with the members and Mr. Joseph Maier of the firm DiNigris and Maier who showed and explained to us plans for a new building. All that, in addition to the monthly mailing of packages to our local young men in Vietnam and Korea, contributed to a lengthy evening.
Result: Some eager football fans missed the beginning of a very interesting football game.
However, the final result shows fifty one fruit cakes on their way overseas to our young men in the Far East.

FOURTH ESTATE CLIPPINGS

The Chicago Tribune discloses that 11.4 million veterans have studied under the GI Bill. Among them are prominent administration officials, senators, congressmen, governors, noted jurists and an astronaut (Neil Armstrong). Under the bill, Neil Armstrong studied at Purdue and did graduate work at Southern California. Thirty four out of fifty governors are veterans, 16 of whom have taken advantage of the bill. The Altoona Mirror tells of the possible veto by the President of a Senate committee bill which would boost veterans educational benefits averaging 46 per cent. President Nixon would like to see his own approval for 13 per cent go into effect. The Harrisburg Evening News front page the story of the Pennsylvania Vietnam bonus checks that went into the mail last week to all Vietnam veterans in that state. The initial mailing included 10,267 checks although it is estimated that 38,000 more Keystone states will qualify. The money comes from a 28 million dollar veterans bonus bond issue approved by the voters last November.

Ramblin' Rose

By Rosemary Waish

In deference to the supplement where you can read all about Recreation shall ramble briefly from up here in Oneonta. Well—we finally made it. And the most hazardous part of the entire trip was squeezing luggage through subway turnstiles and onto the trains.

We were warmly greeted by the faculty of the University's Music Department. Everyone is comfortably housed and enjoying campus life.

All classes, demonstrations, and concerts are being received with tremendous awe and enthusiasm. This is apparently a most unique musical aggregation. The comments and praises all around us bear this out. Of

course much of this is due to the fine work of the students and the two members of our outstanding Music Department, Mr. Burakoff and Mr. Gates. We in Hicksville should be most proud and appreciative of

the performance and behavior of these youngsters both musically and personally. I know I'm beaming as is the good boss.

See ya at the game—hope we do better next Saturday. Love

WOULD HE HAVE TAKEN CONSERVATIVE PARTY ENDORSEMENT?

Defeat Democratic Defectors
for Town Council VOTE ROW "E"

a paid political advertisement of the
Voters Independent Party
Vincent B. Frontero, Chairman
Leonard Green, Vice Chairman
David Weinblatt, Treasurer

OUR DEMOCRATIC PARTY IS BEING BETRAYED...

WOULD THEY HAVE TAKEN CONSERVATIVE ENDORSEMENT ?

THE LONG ISLAND PRESS AGREES:

The Press normally does not endorse town candidates below the level of supervisor, but Oyster Bay politics are exceptional this year.

The Press supports Democrat Eugene J. McMahon and Republicans Frank J. Hynes and M. Hallsted Christ for the three councilmanic seats. All are fine men, running without Conservative endorsement. We hope they will continue to play for one team only.

The Press also backs William B. O'Keefe for reelection to the office of town clerk, which he has held for eight years. Mr. O'Keefe is a knowledgeable, industrious public official who deserves to be returned to office.

The two-party system is undergoing a period of trial in Oyster Bay. But Republicans and Democrats alike must realize that discipline - and not just victory - is necessary for a party to survive. We question the wisdom of wooing Conservative support avidly - when the result may ultimately be the loss of control to a small faction.

This is politics in the European style of coalition government, when the minority holds the whip-hand over the majority - and this is not democracy. It takes two to make a deal, and men of both parties, in their desire to be elected, have abdicated some of their responsibilities. It is a dangerous game the politicians are playing - and the most likely losers are the voters.

FROM LONG ISLAND PRESS, WEDNESDAY, OCTOBER 22, 1969

Democrats, proud of their party's tradition of progressive liberalism, are understandably angry over what has happened in Oyster Bay in this election.

Two Democratic candidates - Orfan and Yevoli - sought and accepted the nomination of the Conservative Party.

Before last June's primary, Manny Zimmer and other leaders, of the New Democratic Coalition warned that Orfan and Yevoli would sell-out to the Conservatives. And it happened, just as predicted. Both NDC and regular Democrats were left out in the cold.

The Conservative Party and its extremist reactionary platform represent the opposite of what the Democratic Party of Franklin D. Roosevelt, John and Robert Kennedy stood for. It represents the opposite of what Nickerson-type Democrats have fought for here in Nassau County.

•The Conservatives want to block increased State aid for our hard-pressed suburban school districts.

•The Conservatives want local government to pick up the total cost of the welfare burden.

•The Conservatives want to halt public support of senior citizen housing and recreation.

•The Conservatives oppose any change in the abortion law.

•The Conservatives want to give tax credits to those going to private and parochial schools.

•The Conservatives are against registration of hand guns.

•The Conservatives want to repeal Medicaid.

•The Conservatives are flagrantly appealing to the hard core, John Birch and George Wallace kind of racist.

This is the platform Orfan and Yevoli are pledged to uphold!

That is why the Voters Independent Party (VIP) was organized. We decided the only way to teach the leaders of the Democratic Party to withhold nomina-

tion of Conservatives was to defeat Orfan and Yevoli. Our only course was to back moderate Republicans who the Conservatives oppose.

That is why we are backing Hal Christ and Frank Hynes for Oyster Bay Town Councilmen, William B. O'Keefe for town Clerk. Because we are amateurs and had no party organization, they helped us get our petitions signed. BUT VIP policy and the grass roots VIP campaigning has been accomplished by Democrats... both NDC and regular Democrats who want to make sure that never again will their party be betrayed in Oyster Bay.

We have been successful thus far. We have captured Row "E" on the voting machine so that Democrats and liberal independents have a place to clearly register their protest against Democratic Party defectors.

Vote Row "E" on Election Day. Honor the memory of FDR, John and Robert Kennedy in a way the Democratic Party of Oyster Bay will never forget.

officers:

VINCENT B. FRONTERO - chairman
LEONARD GREEN - vice chairman
DAVID WEINBLATT - treasurer

All officers of the VIP are enrolled Democrats; Mr. Frontero is former Democratic candidate for the State Senate from Oyster Bay.

New And Much Improved Oil Agreement For BCA

By Mike Hauptman
 BCA Oil Committee Chairman

Your Civic Association is pleased to announce a new and vastly improved oil purchase and service agreement for its members. The agreement is with Erstein Oil & Utilities, Inc. of Amityville, a firm with over 20 years experience in the industry. Full details are being mailed to all our members along with an application blank.

Our new contract provides all the features currently available to us plus some valued new additions, which are:

1. A free 5 year Service Contract providing much broader coverage than ever before.
2. An optional Boiler Coverage Rider at a greatly reduced price for BCA members. This cost is 1/3 of the price under our present contract and can provide a saving of \$95.00 over the next 5 years. The cost is \$9.50 per year.

3. A special 1/2 cent discount for our members on all oil purchased.
4. An efficiency test of your heating plant.
5. A firm with modern, sophisticated equipment and computerized automatic deliveries.
6. A 2 per cent cash discount for payment within 10 days.
7. Payment of your Civic Association dues of \$5.00 per year as long as you continue with Erstein.
8. Available service 24 hours a day, 7 days a week with radio dispatched vehicles.

As you can see, there are many new improvements offered to us in this agreement, and for this reason we have deemed it advisable to enter this new contract rather than renew our present one.

Public Hearing Set For Bond Proposal

Acting on reports from two Citizens Advisory Committees and the recommendations of the school administration, the Syosset Board of Education has passed a resolution calling for a \$7.9 million bond issue for the construction of a new elementary school and expansion or alteration of all elementary and secondary schools in the district.

In a unanimous vote of the members present at the October 15 meeting, the Board voiced the need for voter approval of a \$7,929,803 bond issue to meet the needs of current educational programs and future student

enrollment. Voter approval would represent a cost of approximately 37 cents per \$100 of assessed valuation. An information meeting on the proposal has been scheduled for WEDNESDAY, NOVEMBER 19, prior to actual voting on TUESDAY, NOVEMBER 25.

The Board's action follows recommendations submitted in reports by two Citizens Advisory Committees which recently concluded separate and lengthy studies on inadequate facilities in Syosset's ten elementary and three secondary schools.

The \$7.9 million bond issue proposal involves each of the thirteen school buildings in the District, including the construction of a new elementary school in the Split Rock area and construction of an addition to the senior high school. The current Split Rock Elementary School would be renovated to provide space for district administrative offices, presently situated in the South Woods Junior High School and other buildings.

In addition to the public hearing on WEDNESDAY, NOVEMBER 19, general information hearings will be held according to the following schedule:

- November 5, South Grove
- November 6 - Village
- November 12 - Walt Whitman - Split Rock
- November 13 - Locust Grove - Berry Hill
- November 17 - Baylis
- November 18 - Willits
- November 20 - Robbins Lane - Summers

All meetings will begin at 8:30 p.m.

Members of the Board of Education and the school administration will be present at all meetings to provide information to the public. All Syosset residents are urged to attend one or more of these meetings so that they will have a more complete knowledge of what this building program means for the children in Syosset.

The following registration dates have been established:
 SATURDAY, NOVEMBER 15, 1969 - from 2:00 p.m. to 8:00 p.m.

Ten Pin Talk

by Henry Dockswell

A lot of raw meat must have been served at the dinner tables of our bowlers last Monday night. At least that's one explanation for some of the games that were ripped off.

Take Herb Brody for instance. He boomed his way to a 244 and right behind him were Lew Marks and Norm Ney with powerful 238's. Then from out of the blue came shy, quiet and retiring Herb Mahler with a 224.

Two other men came through with doubles. Fred Rothman smacked a 210 and a 220 for a very pretty 625 series and Dave Kaye was still buying good cards as he smacked a 206 and a 211. (You should have seen what he did to us in a poker game the previous night.)

The two doubles men each saw their teams go down to defeat. Freddy watched his teammates, the 1st place Julie Gersheins, lose a 7-4 decision to the 11th place Sid Simons mostly because Sid found a good way to recuperate—by bowling a 205 and a 562 series to lead his team to victory. Simon did admit though that he felt kind of tired when the night was over. Despite the loss the Gersheins remained on top.

Dave Kaye ruefully saw the Irv Simes' loss to the Ralph Diamonds by an 8-3 score despite Dave's fine showing. But look what they were up against. Firstly it was Herb Mahler's crazy 224 and then Capt. Ralph banged a 205 to clinch the win. The Diamonds rose from 9th to 6th but the Simes' fell two notches to 12th.

The 2nd place Herb Brodys were shaken up quite badly and somewhat unexpectedly. Their opponents, the last place Sid Sachs "Markers", weren't going too good and there was no reason to expect anything different to happen. But something did and Sy Cohen, Ed Petzholt and myself are still seeking the explanation. Sy cracked a 200, Ed fired a 200 and myself tossed a 201. If it weren't for Herb's 244 in the middle game we "Markers" would have had a shutout. The Brodys fell to 3rd and Sachs' "Markers" shot up out of the cellar to 17th place.

Two teams scored shutouts. The Lew Marks', by dint of Lew's 238 and Lou Vladimir's 213, blanked the Milt Goldbergs and the Milt Hoffmans, helped along by Capt. Mill's 200, blanked the Red Karbels. The Hoffmans climbed 5 places to 8th while the Karbels fell into the cellar.

Hy Shapiro with a 203 and Bill Kellerman with a 202 closed out the individual scoring for the night.

Cancer Care Meeting

The Jericho Chapter of Cancer Care will hold its monthly meeting at the Chase Manhattan Bank on Jericho Turnpike on Monday, November 3rd, 9 P.M. There will be a demonstration of American made toys and a toy sale with prices ranging from 99 cents to \$6.00.

WEDNESDAY, NOVEMBER 19, 1969 - from 1:00 p.m. to 9:00 p.m.

Voting on the bond issue will take place on TUESDAY, NOVEMBER 25, 1969 from 10:00 a.m. to 10:00 p.m.

Plastic Garbage Bag Experiment In Jericho

By Art Rosenthal

Jericho has been selected for the Town of Oyster Bay experiment in collecting garbage in plastic bags. Our Town Councilman Ralph Diamond, Chairman of the Town of Oyster Bay Beautification Committee has advised The Villager that the plastic bags are now available, as a public service, at Marine Midland Grace Trust Co., 366 North Broadway, National Bank of North America, 479 Jericho-Hicksville Road, Dollar Savings Bank, 301 North Broadway and Jericho Meat Market, 441 Hicksville Road.

The plastic bags are packaged in groups of twenty bags at the cost of \$1.00 per package. Only one package will be sold to a resident. No bag will be sold without the person identifying himself as a resident by his driving license, etc. The experiment will continue until the experiment supply has been sold out or sixty days, whichever comes first.

Councilman Diamond pointed out to your Editor that the Town would continue to pick up the refuse from garbage cans from

any Jericho resident who did not choose to join the plastic bag experiment. Each person using the plastic bags should put the plastic bag in his garbage can and deposit only the plastic bags at the curb on the normal garbage pick up days.

Councilman Diamond stated the following as being some of the advantages of the use of the plastic bags:

1. Residents will not have to be bothered with bringing the garbage cans back to the house.
2. It will beautify the streets because the cans will not remain out for long week-ends.
3. There will be no noise of the garbage men picking up the cans.
4. Greater rate of volume of garbage collected by our Town personnel.
5. No garbage cans without air tight covers which expose garbage to the open air.
6. Convenience of carrying out light plastic garbage bags rather than heavy metal or plastic garbage cans.
7. Cut down replacement of garbage cans and covers.

JERICHO FIRE BELL

WRITTEN MONTHLY BY THE MEMBERS OF THE JERICHO VOLUNTEER FIRE DEPARTMENT IN THE INTEREST OF FURTHERING COMMUNITY RELATIONS.

FALL FIRE PREVENTION

The first chill of the year is now upon us and outdoor living is a thing of the past. Once again we will be moving indoors for the winter. Now is the time to take a long look at those areas in your home that would prove to be potential fire hazards.

A good place to begin your home fire prevention inspection would be your garage. Discard those old paint cans and rags that you used this summer and get rid of any combustible material that may have accumulated in the past few months. You may even find room for your car now. Check your lawn mower and be sure to drain the gas tank. Discard any gasoline still left in your gas can; we hope that it's an approved type. If you are one of those lucky pool owners, be sure to discard any chlorine left over or make sure it is stored in an air tight metal container. Concentrated chlorine, when exposed to moisture, generates heat and could cause spontaneous combustion.

Once you are sure your garage will pass inspection, move indoors and check your heating system. Your oil burner should be checked for any leaks and accumulated carbon and grime. Have a qualified service man clean and adjust the entire unit for proper operation. Don't neglect your chimney either. Accumulated carbon in your flue could be a potential hazard. If you have gas heat be sure the unit is inspected periodically by LILCO for proper operation. If you detect any odor of gas call LILCO immediately. Any portable electric heaters should also be checked for proper operation

and connected to a circuit of ample amperage. Follow the manufacturer's instructions at all times.

Examine all electric cords on lamps and appliances for fraying, loose connections, cracking or exposed wires. Replace any damaged cords immediately.

If you plan to use your fire place, check the damper before you light the fire to be sure it is open. Use a glass of metal screen in front of the fireplace to prevent flying embers from starting a fire in the room. If you have a dry powder or carbon dioxide extinguisher, now is the time to check to see that it is fully charged. If you don't have a fire extinguisher, you can purchase one for a nominal sum at most auto or department stores. If you ever have need to use a fire extinguisher, be sure to also call the fire department and have them determine that all the fire has been extinguished.

Fire prevention should not be neglected. It is a full time job. Do it now!

AS ANOTHER COMMUNITY SERVICE THE JERICHO FIRE DEPARTMENT WILL ENDEAVOR TO ANSWER ANY QUESTIONS PERTAINING TO FIRE PREVENTION AND FIRE SAFETY.

Please address your questions by mail to:
 The Jericho Fire Department
 Broadway
 Jericho, New York 11753
 Att: Community Relations Committee

We will publish the answers to those questions of general interest.

It's O.K. to use an electric curling iron to make small curls . . . but carefully -- too much heat scorches hair, breaks it, and use a bit of conditioner first. It will keep hair from frizzing.

Another tip for a big, big lovely eye: instead of drawing line under eye (which can "close up" the eye) stipple tiny dots of eyeliner among lower lashes.

Weak fingernails? Use a clipper -- it makes a thicker edge, and the nail is less likely to chip or break.

In early centuries, Chinese women went to bed in a face mask made of tea, oil, rice flour . . . which they scraped off in the morning. Get a mini-facelift with 15 minutes on a slant board. Blood rushes up through arteries to face and neck. No slant board? Put ironing board against bed, lie down upside down.

"A simple 'yes' or 'no' to my proposal will suffice, Hendershot!"

K of C Awarded Open Workshop

Joseph F. Lamb Council No.
5723, Knights of Columbus,
Plainview, 11th New York
District, was awarded the "Star
Council Plaque" by the Supreme
Council of the Knights of
Columbus, New Haven, Con-
necticut. The plaque was
presented to Past Grand Knight,
John W. Lambert.

This award was given for ex-
ceptional achievements made by
the Joseph F. Lamb Council
during the 1968-69 Columbian
Year.

The League of Women Voters
of the Town of Oyster Bay is
holding an open workshop
meeting on our present electoral
college system. The discussion
will include the pro's and con's of
the various proposals for change
and bring up the question "should
the current system be
abolished?"

The meeting will be held on
Wed. eve. Nov. 5 at 8:30 P.M. at
the Plainview Library, Old
Country Road, Plainview.
Open to the public.

Complete Hospital Care

For the first time, four hospitals, each serving a different medical need, are coordinated under one administration, in one private hospital center. Fully accredited, Brunswick serves nearly 600 patients in an aggregate of 20 buildings on forty beautifully landscaped acres.

GENERAL HOSPITAL for medicine, surgery, obstetrics and psychiatry. Mentally ill patients can be admitted to special pavilions under Blue Cross or other insurance plans.

PSYCHIATRIC HOSPITAL for the mentally and emotionally ill, for the alcoholic and drug addictive. An individual therapy program is designed for each patient by one of our fully-qualified resident psychiatrists.

NURSING HOME for the geriatric convalescent, cardiac and diabetic patient. In addition to 24-hour skilled nursing care, the services of a resident physician are available.

NOW... a new hospital of physical medicine and rehabilitation for extended illness.

CHRONIC CARE HOSPITAL staffed by specially trained physicians and rehabilitative nursing personnel; designed exclusively for the long-term, restorative treatment of the chronically-ill and physically disabled. Most Major Medical insurance plans will cover patients admitted to this hospital.

Facilities and Treatments Include:
1. Swimming pool and Hubbard tanks for hydrotherapy.
2. Gymnasium for physiotherapy.
3. Daily living activities program and crafts.
4. Speech therapy program. 5. Inhalation therapy.
