Predominantly Fact-finding

Volume One of Hicksville Planning Study Available

The first volume of the planning study for the redevelopment of the Hicksville business center has been released for public scrutiny.

Several hundred copies of the study, entitled "Hicksville: A

Framework For The Future", were deposited at the Hicksville Public Library today, according to a statement released by the Hicksville Citizens' Advisory Committee for Transportation and Development, which was

created in 1968 by the Oyster Bay Town Board to undertake the study.

Commenting on the report's release, Kingsley Kelly, Chairman of the Committee, said, "This first report is predominantly fact-finding and is preparatory to the second part of our study wherein we will be making specific recommendations to the Town Board for the redevelopment of the Broadway-Newbridge Road area."

Councilman A. Carl Grunewald, who is the liaison between the Town Board and the Hicksville Advisory Committee said that a further report is expected "approximately at the beginning of April." Grunewald said that, with the completion of the reports, the Committee's duties would be ended and the Town Board would then review and act on the recommendations. The study is being prepared for the Committee by the staff of the Nassau County Planning Commission.

"We were primarily motivated by the loss of property resulting from the recent widening of Broadway and relocation of Newbridge Road," said Kelly. "We are anxious to get some good revenue-producing property back on the tax rolls." Grunewald noted that the Hicksville Long Island Rail Road Station was the busiest of any on Long Island. "The railroad plans to make the station a major transportation hub," he said. "Now is the ideal time to revitalize the whole downtown area that centers on the station."

Persons interested in perusing volume one of the study, which contains background material, may obtain a copy at the Hicksville Public Library, 169 Jerusalem Avenue.

Hicksville Public Schools Assist Non-English-Speaking Students

SPECIAL PROGRAM: Left to right, Ida Negron, Foreign Language Supervisor Vera Galante, Guidance Counselor J. Alboum, Hector Ortega, and Carmen Negron.

Superintendent of Hicksville Schools Donald F. Abt announced the inception of a special program of assistance to non-English-speaking students. "Although the matter has not yet assumed serious proportions," Mr. Abt said, "faced with rising enrollments of non-English-speaking students (32 elementary, 3 Junior High, 4 Senior High as of 10-2-69), we are taking steps to confront the situation before it becomes a major problem." Under the direction of District Supervisor of Foreign Languages, Vera Galante materials are being as-

sembled and procedure developed to assist students to acquire the English language skills they need in order to benefit from regular educational programs. Through a multidisciplinary approach involving classroom teachers, speech teachers, guidance counselors, and others, special assistance is available at all grade levels.

Mrs. Gaglante has already issued an informational memorandum to teachers who have non-English-speaking students in their classes to acquaint them with characteristics and problems peculiar to such students.

WE 115-1400

Dear Friends:

The Five talented young HHS musicians who were selected to represent Hicksville and play at the New York State School Music Association Conference, have costs totaling around \$400.00, which various groups and individuals in the community are helping to raise. The Student Council and the HHS Parent Teacher Association helped and we understand that the goal is nearly reached. If you would like to contribute to this worthwhile fund, contact Mr. Gauss at HHS, Division Ave, Hicksville, NY 11801. We are all very proud of these young people.

And speaking of our talented students, the work of four Hicksville students appears in the fall issue of SCRUTINIZE, a magazine published by Nassau County libraries. Featured are poems by Robin Jacobson and Deborah Sue Kaufman and book reviews by Joanne Kleiner and Laurie Hunt.

NOTES ON HICKSVILLE: Mark your calendars for Dec. 13th when the trial of the Dairy Store located on the corner of Division Ave. and Old Country Road, is finally (?) scheduled to come up..... also, we bring you the news that a new traffic survey is being made of traffic conditions in the Rotary and Jeanson Places and Nevada Avenue area, because of additional traffic in the Klein's area. It is not possible for the Rotary and Jeanson exits to be closed, due to easements given at the time the Plaza was built. But let's hope that the new survey will come up with some alternate suggestions.

It was my pleasure to be present at the Hicksville Republican Club meeting last Friday where next years slate of officers were nominated. Angie Sotallaro picked a winner and Sadie Hurley won the \$50.00 attendance prize. By the way, send get well cards to Mrs. Sylvia Matthews presently convalescing at Syosset Hospital. Mr. Matthews has been very active in the AHRC and the Republican Club.

NEXT WEEK we celebrate Thanksgiving Day. I have many things to be thankful for.....and right on top of the list is the fact that now I live in Hicksville.

It is a town of which we can all be proud and can work together to see that Hicksville's future is as good as its past.

Best wishes for a Happy Thanksgiving to you all.

SHEILA H. NOETH.

Master Charge Card Comes To LI National

Master Charge, the credit card that has achieved phenomenal popularity throughout the world, is soon to be introduced in its ten banking offices by Long Island National Bank. According to William E. Koutensky, President, Master Charge is the growingest credit card in the world. Currently being used for its unexcelled convenience by millions of people, it is honored by more than 20,000 business establishments in the New York area alone and by 500,000 shops throughout the nation and the world. Why another credit card? Mr. Koutensky said "We have

spent considerable time researching various credit card programs and the answer may be summed up in two words, popularity and convenience. Customers like it; merchants like it; banks like it. More than 1000 banks have lined up solidly behind it, and more are signing up for it every day.

A Long Island National Master Charge will mean one card, one bill, one check to the card holder.

Mr. Koutensky noted that Master Charge Card holders will be able to charge everything from restaurant bills, to rent-a-cars,

Ramblin' Rose

By Rosemary Walsh

My, oh my did we ever have a game last Saturday (28-6). The boys played hard, performed well, but those of us in the stands really fought a hard battle with the elements. Man it was cold and I mean cold, parts of me didn't move for at least 2 hours later. But a fan is a fan and one must suffer these impositions. (Isn't that right, Howard, John, Army, Betty Santo, Chris, Nick, Joe et al). All in all we had fun as always and 'Hot Chocolate' never tasted so good.

Earlier in the day as always I was busy with our recreation program, but I also had the

pleasure of attending a meeting of the Gregory Museum, Inc., (as an advisor). These are really dedicated people attempting to conserve, preserve, and therefore deserve much credit. If one has never visited the museum located at 207 Cottage Boulevard, you should by all means call for an appointment and avail yourself of this pleasure. It is to my mind (I know, small) inconceivable that two people, Anne and Gardiner, could have accomplished, collected and housed so much under one roof. (All the time I've been following kids' footballs,

basketballs, tennis racquets, hockey pucks, dances, chorus, orchestras and all I have is a large collection of programs with such fond memories.)

You know I just glanced at the calendar and realize that I might not get to ramble with you until after the "Big Feast". Thanksgiving is upon us—sorrowfully I shall have only part of my family at home (which is true for many of you I am sure). My Navy son and his Thai bride will be in Hawaii and my daughter and her husband in Kentucky and my folks in

The above group of Girl Scouts made a huge doll house for the Suffolk State Hospital. This project was supervised by "Grandpa" Carlson and has taken many weeks of work; wallpapering, carpeting and making scale furniture and drapes to complete the interior.

Mrs. Leonard Bussa is the leader of Junior Troop 134 which meets at the Burns Avenue School. She is to be congratulated for this worthy service project.

Girl Scout News

"To 'God and My Country'"

True to the Girl Scout Promise, five Mid Island Council Girl Scout troops (Brownies 23, 85, Juniors 515, 284, Cadettes 551) attended a recent Investiture and Rededication ceremony at 9:00 a.m. Mass at St. Ignatius Loyola Church in Hicksville.

Father Charles Guarino, Moderator, celebrated Mass and distributed Holy Communion under both species to recipients of religious awards. The Ave Maria Award was presented to Juniors Jeanne Acker, Bernadette Froese, Tracy Ann Haas, Maureen Hess, Mary Teresa Jensen, Ellen McDermott, Theresa McGee, Catherine Mensching, Mary Ann Miller, Carleen Murphy, Margaret Sharon O'Connell, Patricia Vaughan, Agnes Weippert, and Susan Wisbauer.

Cadette Eileen Sommers received the Regina Coeli Award which she earned as a Junior.

Many prominent guests from Mid Island Council were present as well as Mrs. M. Eaton, Pres., Rosary Altar Society which sponsors the troops. All enjoyed Father Charles' homily in which he said "It's never too early to start loving God and Country", as he looked down at the many

cheerful, energetic, beaming faces of the Brownies.

Following the ceremonies everyone joined together in the new cafeteria to enjoy the "Coffee Hour".

Troop 256, GSA Volunteer Aid

Thirty three members of Girl Scout Troop no. 256 of Hicksville proved their concern for their neighbors' health by volunteering for the TB and RD Christmas Seal Campaign.

The girls and their leader, Mrs. A. Wenner of So. Farmingdale, spent 115 hours at the office of the Nassau Tuberculosis and Respiratory Disease Association in Roslyn last Saturday to help prepare Christmas Seals for mailing.

The TB Association uses Christmas Seal contributions to continue the fight against tuberculosis, still a stubborn and difficult disease, and to foster programs leading to the control of other respiratory diseases - ranging all the way from influenza to the potentially fatal emphysema.

Individuals and organizations interested in "volunteering for health" are encouraged to call the Association at 621-2100 to offer their services.

There were 1,563,649 foreign visitors to the United States last year. While the increase was 5.3 percent over the previous year, it was the smallest rise in seven years.

SCHOOL TAXES: Solomon Newborn (left), Receiver of Taxes for the Town of Oyster Bay, receives Long Island Lighting Company's \$1,314,000 check in payment of the first half of LILCO's 1969-70 school taxes. Total school taxes to be paid by LILCO in the Town for all of 1969-70 are expected to amount to more than \$2.6 million. Delivering the check for Nassau and Suffolk's largest taxpayer is Lawrence Fitzgerald, Manager of LILCO's Levittown District Office.

M.V. News

Albany - Motor Vehicle Commissioner Vincent L. Tofany said today that his Department is beginning its heavy registration renewal period this month and urged all motorists to renew early by mail through their local issuing offices.

"The October-to-March period each year is a busy time for us," the Commissioner said. "However, the fact that we will be processing thousands of registrations need not mean inconvenience and wasted time for the customer if he follows a few simple guidelines."

Commissioner Tofany asked that motorists renew by mail immediately upon receiving their punch card applications. The deadline for mail renewals is the 20th of each month. Those who do not receive their punch card applications by the 10th of the month, he said, should go directly to their local issuing office so that their renewals may be processed in time.

The Commissioner urged motorists, who wish to save time in having their registrations processed in person, to avoid certain periods when offices may be congested. He said the busy days are Mondays and Fridays and the busiest time of day is usually during the lunch period from 12 noon to 2 p.m.

Ten Pin Talk

by Henry Dockswell

This was the 10th week of our 18 week First Half and the teams are so closely bunched that we defy anyone to make even a stab at who will finish 1st or 9th. Only 8½ pts. separate the 1st and the 9th place teams.

The league leader for the past two weeks was dethroned, but good. The Sid Holtzmanns couldn't stand the rarified air at the top of the hill. Last week they lost a 6-5 squeaker to the 12th place Mill Goldbergs but held onto the top spot. This week the 10th place Murray Kowlowitz plastered a shutout on the Holtzmanns and forced them down into a 3 way tie for 2nd.

The new league leaders are the Lee Geyers. They eked out a 6-5 victory over the Bernie Kaplans and they now lead the pack by 3 points. The other contenders, in that 3 way tie for 2nd, are the Irv Simes' and the Julie Gershens. Cap't. Simes smacked a timely double, a 215 and a 202 to lead his men to a 7-4 win over the Lew Marks' (Lew rapped a 203 in the last game to avert a shutout) and the Gershens, led by Irv Hershkovitz's 223, blanked the Norm Neys, 11-0.

Herb Brody, for the 2nd week in a row, blasted a 242, except that this time he added a 208 for a 632 series, just 7 pins short of breaking this season's Hi Series

record. His bombing brought an 11-0 win to his team and they rose from 9th to 5th, only five points behind the leader.

This week's heartbreak goes to the Milt Hoffmans. Cap't. Mill banged a 202 and a 216 and teammate Murray Sussman cracked a 204 but they were up against the Herb Brodys and this week Herb's big gun Bernie Schmierer, was back so the Hoffmans were sunk.

At this point Herb Brody leads the race for Most 200 Games with 8 but right behind him are Irv Simes, Fred Rothman and Buddy Flanders with 7. Buddy is leading for Hi Average with 187 and Herb is hot on his heels with a 186.

Here are the others that bowled up a storm: Ralph Diamond 221, Bernie Kaplan and Henry Dockswell 211 each, Sid Holtzman 210. Hy Shapiro who almost single-handedly beat the Sid Sachs' "Markers" with a 205 and a 206, and Bill Kellerman with a 203.

Last Monday night we heard that Dave Altman had suffered a heart attack. We have since spoken to Dave's wife, Sylvia, and found that Dave is in Syosset Hospital. He did have what appeared to be a minor heart attack but the doctors say that he is coming along fine. Get well quickly Dave!

Leaves Collection Program Outlined

If the accumulations of fallen leaves in the streets of our community have not been picked up by the time this issue is printed, here is the program outlined by the Town Highway Department to cover the situation.

Right now the Department is operating at full capacity and there are no set schedules. However, a day or two before the work crews move into our area with their vacuum machines and other equipment, a white sign with green leaf will be conspicuously posted at the following locations: Broadway and Birchwood Park Drive; Merry Lane and Jericho Turnpike; Birchwood Park Drive and Robbins Lane. Only those piles of leaves which are in the streets will be collected in this manner.

The Town Sanitation Department, of course, will continue to pick up leaves which are placed in garbage cans, plastic bags or other containers and brought out to the curb. On regular garbage collection days, up to four units of leaves will be collected in addition to garbage. On rubbish collection day, up to eight units of leaves will be picked up in addition to garbage.

chwood Park Drive; Merry Lane and Jericho Turnpike; Birchwood Park Drive and Robbins Lane. Only those piles of leaves which are in the streets will be collected in this manner.

Plastic Garbage Bags Proving Successful

Town Councilman Ralph Diamond has notified the Villager that the plastic garbage bag experiment being concentrated by the Town in the Jericho area has been successful up to this point. Diamond further revealed that the sale of these bags will continue at Marine Midland Grace Trust Co., 366 North Broadway, National Bank of North America, 479 Jericho-Hicksville Road, Dollar Savings Bank, 301 North Broadway and Jericho Meat Market, 441 Hicksville Road.

The convenience of the plastic bags, as compared to the garbage can disposal, has met with favorable comments of all the users of the Town plastic bags. Those using the plastic bags indicate they have no fault with its usage and find its many advantages have convinced them that this program should be continued on a town-wide basis.

At this stage, no problems have arisen in the Sanitation Department, nor in its disposal at the Town incinerator. Councilman Diamond expressed the opinion that, based upon the preliminary reports of the Jericho experiment, he has no doubt the remaining experiment will prove successful.

More Facts About Syosset Bond Issue

Syosset voters will be asked to approve a \$7.9 million dollar bond issue for school expansion on Tuesday, November 25. Approval of this bond issue would provide Syosset children with the necessary classroom space and facilities needed to ease overcrowding in the district's elementary and secondary schools.

Dr. Edward J. Murphy, Superintendent of Schools, stated that the cost of this building program for the first year is estimated at 37 cents per hundred dollars of assessed valuation and would decline thereafter. The tax increase on a home assessed at \$5,000 would be approximately \$18.86 for the first year, which is about \$1.58 per month. For a home assessed at \$10,000, the cost would be \$37.73 for the first year, which comes to \$3.15 per month.

Dr. Murphy emphasized that this building program, of itself, would not require additional staffing. The new construction would provide space for programs and staff that are in existence now. He further stated that the building program would provide proper space for both children and teachers who are currently using converted shower rooms and storage closets, portable and temporary classrooms in basement areas.

Daughter Born To Dr. & Mrs. Goldberg

Dr. and Mrs. Perry J. Goldberg are the proud parents of a daughter, Sari Denise, born on Saturday, November 8th.

Dr. Goldberg is the son of Max and Doris Goldberg of Bounty Lane. He graduated from Carle Place High School (this was prior to the building of Jericho High School); graduated from Hofstra University and, then, in June, 1968, graduated from the New York University School of Dentistry.

Jericho PTSA Holds Continental Breakfast

"We believe in full communication. The more people who know more about our schools, the better our schools will be." With this objective in mind, David Nydick, Superintendent of Schools, introduced Jericho's administrators who presented important aspects of the total educational program to a cross section of the community.

Approximately seventy residents attended the PTSA "Continental Breakfast" held at the Senior High Cafeteria on November 4. Mrs. Mary Caputo, President of the PTSA Council, presided at the congenial gathering.

Mr. Nydick's remarks included a description of the district's "broad range of specialized services at all levels. In addition to special classes, tutoring programs, speech, reading and psychological services, we have in cooperation with other districts, services, we have in cooperation with districts, services for the deaf, blind, cerebral palsied and others who may not be able to manage a regular class situation. There are an unlimited number of vocational programs for high school students, as well as a strong academic program. Individual needs are our interest. Obviously, each child can and should have his particular needs met through his regular teachers and/or by some of our specialized services."

John Bolles, Principal of the George A. Jackson School, described the many exciting projects currently conducted at the four elementary schools. Mr. Bolles cited the use of live, closed-circuit television, the recent airplane tracking experiment conducted by four teachers at Cantiague and Williams, and the weather station as examples of new elementary activities. He discussed the on-going tutorial programs, media centers at each school, after-school help, and the special adjustment classes at the Robert Seaman School. Mr. Bolles further reminded the audience of the upcoming PTSA sponsored Mental Health workshops and discussion groups. He defined the teacher aide program in cafeterias and playgrounds as providing "the most coverage of any district I know." Two examples of the Board of Education's community groups were given: the Reporting to Parents Committee and the Citizens Advisory Committee on Elementary School Housing.

Arthur Rathje, Principal of Jericho Junior High School, portrayed the Junior High as "alive, vital, vibrant ... a responsive school. Mr. Rathje identified the Team Teaching approach as one which is "cutting new paths in all academic areas, with greater interest to both students and teachers." He discussed school efforts which encourage students to "explore and participate in a constructive program," ad-

mitting that certain learning areas will be "controversial and will make adolescents examine ideas critically."

Senior High Principal Robert Manheimer pointed to the PTSA, the Student Council and the Student-Faculty Committee as examples of joint involvement. He added the "unique new offerings which allow students in the twelfth grade to choose from twenty electives" and the many extra-curricular programs which have built greater student participation. Mr. Manheimer concluded with the wish that "all of us could have been as involved as our students are."

Mrs. Joan Levine, District Director for Nassau County PTA, lauded the group for its programs and for the cooperation she observed in the district-wide approach to improved school-community relations.

Informal discussions followed the presentations by the PTSA and school administrators.

HIGH STYLE

by Arturo's

For beautifully defined mouth: outline lips with sharpened, light-brown eye-liner ... then dot in lipstick.

In 1979's beauty shops first appeared ... largely due to Marcel wave originated by French hairdresser Marcel Grateau ... before that, hairdressers visited clients at home.

You'll look narrow-hipped if you carry a small handbag and hold it above the waistline ... handbag dangling below waist gives illusion of width.

Beware nighttime rollers! - you can lose hair (as well as sleep). Instead, keep set by combing hair into lines of your style, using 8 or 10 big clips to hold ... Tie on chiffon scarf ... Zzzzzz.

Whittle your waist inches with Yoga "contraction" exercise: take deep breath pushing abdomen way out ... hold ... exhale completely pulling in abdomen tightly.

OUR NATION WITH HONOR

Presented by the Freedom Steering Committee of Nassau and Suffolk Counties last Sunday and dedicated to the support of President Nixon's stand on Vietnam and other administration policies, was a huge success.

Joining the thousands of patriotic Americans who attended the rally held at Eisenhower Park in opposition to the anti-war moratoriums presently being staged throughout the country, were members of the William M. Gouse Jr. Post, their families, the Ladies Auxiliary and Junior Girls Unit.

Support for the President was indicated by the cheers and applause given when the speakers mentioned his name or his administrative policies. Heading up the group of impressive speakers was Congressman John Wyder. He was followed by Ralph G. Caso, Supervisor, Town of Hempstead; Judge Steven Derounian, Justice of the Supreme Court and TV and radio personality, Ray Heatherton. A musical group called Sing Out Queens sang patriotic songs and was followed by more speakers.

Temperatures in the 30s and chilling winds soon turned the silent majority into a cold majority. But it didn't phase them too much. If the peaceniks can have a "lie-down in the rain and mud, a "stand-up" in the cold wasn't too much to ask for patriotic Americans.

Tobay Sanitation Division To Help In Leaf Collections

H. John Plock, Commissioner of the Town of Oyster Bay's Department of Public Works, said today (Sunday, 11-16) that orders have been issued to permit the Town's Sanitation Division to assist the Highway Department in collecting leaves.

"Since many residents have taken it upon themselves to purchase bags and package the leaves this year, the Sanitation Division has been asked to step in and include pickups of bagged leaves on its normal routes," Plock said.

So the work flow will not be interrupted, a maximum of four bags of leaves per household will be picked up on regular garbage days and as many as eight bags on rubbish collection days in the Town's two sanitation districts. Plock asked that residents cooperate by not setting out more than the maximum number of bags.

Plock said the Highway Department will continue to utilize 49 pieces of equipment for the pickup of normal unpacked or unfrozen leaves raked into the roadway.

RAMBLING ROSE (Continued from page 5)

Florida, but blessedly we are all well and I hope that is true for all of you. You know thinking of Thanksgiving brings my thoughts to the kitchen, planning, preparing, cooking, baking, serving (all very yummy) but a thought just occurred to me about women and men around this district who work hard at this every school day, I speak of our Cafeteria Personnel under the able direction of the very personable Meta Meares and her staff. Each day in spite of weather, deliveries, general equipment breakdowns and just plain old student gripes they turn out a nourishing appetizing menu. Granted it's not turkey, plum pudding, mince pie, etc., but it's there, hot, healthy and hardy. On this note I shall gobble off, do have a blessed feast—Love

HHS Musicians (Continued from page 1)

The students honored are: Bohdan Pekar, Peter Bernstein, Fred Sarstedt, Dina Burstein, Charles Giancola, Paul Smith and Anthony Cecere to play in the Nassau County Festival Band. Edward Fuchs, Anthony and Marie Signorelli, Susan Shapiro and Jeffrey Schlegel will play in the County Symphony Orchestra.

Post Office News

Hicksville Postmaster Ralph G. Cascardo advised all patrons that post offices will observe regular holiday schedules on Thanksgiving Day, Thursday, November 27. Mail will be picked up from deposit points on normal holiday schedules and processed for outgoing dispatch, but there will be no regular window or

delivery services.

Special delivery service will be available to all patrons of the Hicksville Postal District.

Hicksville Postmaster Ralph G. Cascardo requests that all residents of the Hicksville Postal District cooperate in making certain that their correct house numbers are

displayed prominently in front of their homes.

Postmaster Cascardo stressed the following:

1. Place the number on the outside but never on a door that is kept open. Above the mail box is preferable.
2. The use of plain, legible and easily located figures insures the prompt and proper mail delivery.
3. Avoid covering your house numbers with Christmas decorations.
