Council Of P.T.A. Units To Honor Mrs. Aaron Stein

The seventeen annual Founders Day Dinner of the Hicksville Council of P.T.A. units will be held on February 26, 7:30 pm, at the Holiday Manor, Hicksville Rd. Bethpage. The Dinner Chairman is Mrs. John McManus.

The Council is proud to announce that the honored guest this year is Mrs. Aaron Stein of 23 Jonathan Avenue, a well known community leader. Felice is known to many of us for her active community interest, but most of all she is known to all P.T.A. members for her dedication to work for the welfare of children and youth.

Hicksville resident for the past fifteen years, she has been continually active in many various capacities in P.T.A. To list only a few of her many services: She started out at East St. P.T.A. as a classroom mother, Ways and Means Chairman, and Delegate to the Council. During this time, she Co-chaired Spring Registration for Nassau Long Island District when Hicksville played host to the Spring Conference. In 1960 East St. P.T.A. honored Mrs. Stein with a Life Membership in P.T.A. for her consistent and valuable service to the children and school.

In Junior High, she served as Hospitality

Mrs. Aaron Stein

Chairman. The following year she was elected Corresponding Secretary of that unit. In her three years in Junior High School she was a member of many special committees, including Faculty Dinner's, Orientation Day Luncheons, Teachers Recognition Day etc.

In Senior High School once again she served as Delegate to Council and in 1964 she was elected President of that unit, she served in this capacity for two years.

On Council level Mrs. Stein served as a Program Chairman for two years, and following year she was elected Recording Secretary for the Council.

The Cycle completed, Felice once more returned to the school in which she started. From 1966 to 1968 she held the office of Vice-President, and was also Program Chairman. At this time, Felice became interested in the Pre-School Program and helped to organize this program in East St. This led to work on a District level as Pre-School Chairman for the Nassau L.I. District.

She also was a Den Mother, worked for Study Inc., helped prepare information on school budgets, supplied transportation for the blind.

She is now Assistant Director of the Nassau L.I. District P.T.A., she has held this position for the past three years, she is also at present legislation Chairman on the Hicksville Council for the Second year.

We hope that many will come to the Founders Day Dinner to share with Mrs. Stein this moment of Honor so well deserved. Tickets at \$5.00 each, may be purchased through the Council Delegates of individual units. The deadline for purchasing tickets is February 16. Each unit will also have honored guest from within the unit. There will be further announcement and more information available at later date.

News Round Up

President Nixon Answers Students Card Party

First graders in Woodland Avenue School's Project Plan recently wrote President Nixon, inviting him to attend their classroom in Washington, D.C. These students leave on January 25th for a four-day performance in Washington at the National Laboratory for the Advancement of Education meeting. Their classroom will be duplicated at the Washington Hilton, where they and their teachers Elayne Kabakoff and Beverly Steinhart will carry on learning as usual.

President Nixon's Staff Assistant replied, in part: "The President was pleased to receive your letter telling him you will be in Washington soon...although he would like very much to see you...the heavy demands of his official schedule do not give the President the opportunity for these meetings. He wants you to know he was nonetheless appreciative of your thoughtfulness in writing to him and that he hopes you will plan to tour the White House while you are here."

National L.L. Registration

The Hicksville Baseball Association will hold a registration for the National Little League and the Pony, Colt and Connie Mack Leagues at the Hicksville High School on Friday January 23 from 7 P.M. to 10 P.M. and Saturday January 24 from 10 A.M. to 2 P.M. in Cafeteria "A".

The Hicksville National Little League boundaries are the L.I.R.R. tracks on north, the west side of Jerusalem Ave. to the east. The school district lines to south and west.

Pony, Colt and Connie Mack Leagues are open to boys age 13 to 18 and covers all of Hicksville.

Little League tryouts begin March 14 you must be registered to be notified to tryout.

The Holy Family Church Rosary Altar Society will hold a Card Party on Monday, Feb. 2, at 8:30 P.M. in the School Cafeteria. Raffles, prizes, Tickets: \$1.50. Admission by paid ticket only. General meeting following Card Party. Tickets: A. Kruse 433-4737 or D. McDonnell 931-1396.

Womens Club Meets

The Womens Club of Hicksville held a meeting and art happening on January 12th at the home of Miss Leora and Helen Clinch, Hicksville. Mrs. Joseph Bean, president, conducted the business meeting.

After the meeting, the judges, Mrs. John Wenck, artist and art teacher, and Mrs. Mina Miller, ceramist, selected the winners of the art happening. Miss Leora Clinch won first award and Mrs. Olga Hoebel received second award.

Church Women To Meet

The annual meeting and luncheon of the East Nassau Council of Church Women United will be held on Friday, January 30, at the Bethpage United Methodist Church, 192 Broadway, Bethpage, from 11 A.M. to 2 P.M. Mrs. Roy Jones, Nassau County Chairman of Church Women United, will discuss the various activities of this organization. A sitter will be available. All interested churchwomen are urged to attend and acquaint themselves with this important ecumenical program.

AHRC To Meet

The next General Meeting of the Hicksville-Levittown - Wantagh Auxiliary of the Association for the Help of Retarded Children (AHRC) will be held on Monday, February 9, at Levittown Hall, 8:30 P.M. Open to the public. Refreshments will be served.

Lawyers Petition To Expand Broadway Office Building

A group of residents was present to hear, but not to object to the petition of Edward Blodnick and George Haber for a change of zone from Residence D to Business G, District for a property fronting on Broadway about 66 feet west of Lee Avenue.

Attorneys Blodnick and Haber are the contract tenants of the present building and property, now housing the offices of their firm, Kanter, Blodnick and Haber, as well as those of Dr. Richard W. Smith and other tenants. The original zoning on the property calls for Business G 100 feet deep from Broadway prior to its widening, which made the business area of property only 80 feet deep. The present petition requests that the entire property be zoned Business G to permit the erection of a one-story addition at the rear of the building.

This addition, according to the petitioners should be completed within two months, should the Town Board vote to approve the petition.

GOOD CITIZENS: Residents of Felice Crescent, Hicksville, were present at the Oyster Bay Town Board Meeting on Tuesday, January 20 to hear the petition of lawyers wishing to extend their building on Broadway near Lee Avenue. No objections were voiced to the petition by, left to right: Mr. Alfred Oliva, Mrs. Rose Klein, Mrs. Adele Averna, Mr. Herbert Klein and Mrs. Betty Oliva. (Photo by Nassau News Service)

Around Our Towns

By Lynda Noeth Sootti 796-1286

Congratulations to Diane Stachek of the Plainview-Old Bethpage 4-H Teen Girls Club. Diane was chosen as the winner of the Nassau County 4-H Apple Pie Contest and will repeat her blue ribbon demonstration at the New York State Horticultural Show, Kingston, New York on January 21st.

Sincere condolences to Mrs. Deomera Guinta of PLAINVIEW, on the recent death of her father, Felix Cincis of E. Islip.

Girl Scout Sr. Troop No. 19 of the United Methodist Church, Old Country Rd., HICKSVILLE, will hold a Snow Flake Folly Tea for their mothers at the church on Jan. 29.

Happy Birthday to Eugene Robert Bogart, son of Mr. and Mrs. Robert Bogart, JERICHO, who was 18 years old on Jan. 17. Eugene is in his freshman year at Southampton College.

Mr. and Mrs. Harry Rosenberg of Montreal, Canada, have announced the engagement of their daughter, Myra, to Airman 1. C. Stanley J. Coren of OLD BETHPAGE.

Miss Rosenberg is in her senior year at Sir George William University, Montreal.

Airman Coren, the son of Mr. and Mrs. Ira Coren, attended Cooper Union and the N.Y. Institute of Technology. At present, he is serving a tour of duty in Thailand.

Mr. and Mrs. Anthony R. Morello of PLAINVIEW, have announced the engagement of their daughter, Diane, to Michael Dorfman, also of PLAINVIEW.

Mr. and Mrs. Francis I. Griffin of HICKSVILLE, have announced the recent engagement of their daughters, Veronica and Mary Ann. Veronica has become engaged to Joseph Gilligan of Little Neck and Mary Ann has become engaged to Peter Mularchuk of HICKSVILLE.

Mr. and Mrs. Morris Jaffe of JERICHO have announced the engagement of their daughter, Barbara Ellen, to Harvey Stuart Taub of Riverdale.

Announcement has been made by Mr. and Mrs. Gerald Salk of Oceanside, of the marriage of their daughter, Barbara Ann, to Arnold M. Miller, son of Mr. and Mrs. Sidney Miller of PLAINVIEW.

Loretta Cappadona of OLD BETHPAGE has recently

become engaged to Kenneth MacIntyre of Oyster Bay.

Barbara Ellen Yberg, daughter of Mr. and Mrs. Rune E. Yberg, of 29 Linden Blvd., HICKSVILLE, became the bride of Arthur F. Noeth, on Sat., Jan. 17 at St. Ignatius R.C. Church, Hicksville. Father Harrer, pastor of the Church officiated at the ceremony.

The bride is a graduate of Hicksville H.S. and is presently employed as a secretary.

Mr. Noeth is the son of the late Eyalyn M. and Fred J. Noeth (Herald publisher), and maternal grandson of Mrs. Martha Martino, 69 East St., HICKSVILLE. He served a tour of duty with the Army in Vietnam and is employed by Piling and Co., Manhattan.

Following the ceremony, a reception was held at the American Legion Hall, Nicholai St., Hicksville.

Auto Regulations

INSPECTION
Automobiles must be inspected once a year. The month of inspection is indicated by a punch hole in the inspection sticker on the car's windshield (the same month each year). Refer to Section 301 Vehicle and Traffic Law.

DRINKING IN CARS
The drinking of alcoholic beverages in a motor vehicle operated on the public highway is prohibited. This applies to both the driver and his passengers. But it does not apply to passengers in a bus or any other vehicle operated pursuant to a certificate or permit issued by the public service commission or interstate commerce commission. Refer to Section 1227 Vehicle and Traffic Law.

Testimonial Dinner

Joseph F. Lamb Council No. 5723, Knights of Columbus, Plainview, will hold their 4th Annual Past Grand Knight's Testimonial Dinner-Dance on Saturday Evening, February 7th, 8:30 P.M., at the Holiday Inn, Sunnyside Blvd. and Fairchild Ave., in Plainview. This Testimonial Dinner is being held in honor of Past Grand Knight, John W. Lambert, who has done an outstanding job for the Council.

A cocktail hour, starting at 8:30 P.M., will precede the dinner. Tickets are \$25.00 per couple and can be obtained by contacting Brother Anthony Speranza - Tel. No. 931-3272. This gala affair has always been one of the outstanding events of the columbian Year for the Joseph F. Lamb Council.

EIGHT GRADER Louis Stellato recently received notice that his poem, **PEOPLE**, will be published in the National High School Poetry Press, an annual anthology. Seen with Louis are his English teacher, Samuel Corona and Principal Albert Glass.

Louis' winning poem reads:

People love,
People care,
Why must people always dare?
People like,
People hate,
Why must people challenge fate?
People do,
People will,
Why must people always kill?
People laugh
People cry,
Why must people always die.

NEWLYWEDS: Judy Fowler was married to Jack T. Woodworth of Hicksville, on December 7, 1969, in St. Ignatius Church in Hicksville. The bride is the daughter of Mr. and Mrs. Harvey Fowler. Her husband is the son of Mr. and Mrs. Jack D. Woodworth. (Photo by Charbonnet)

St. Margaret's in Plainview Has New Vicar

Effective December 1st, the Reverend Stephen J. Jecko became the Vicar of the Church of St. Margaret (Episcopal) on Washington Avenue in Plainview. Reverend Jecko was formerly Curate at Christ Church in Binghamton.

Under Reverend Jecko's direction, the parish organizations hope to continue many activities which have been popular in Plainview in past months, such as the Auction, and an Annual Fashion Show handled by the ladies of the parish.

On February 7th, the Couples Club of the parish will be holding a Mardi Grah at the Church. The festivities will be enhanced by the wearing of costumes for this event.

LETTERS TO THE EDITOR

Dear Editor:
On Tuesday, January 13th I attended a Town of Oyster Bay Board Hearing. The agenda had scheduled four hearings of which the one in which I was in attendance for number 3. As the hearings at Town Hall start at 10 a.m. I was there at that time not knowing how fast the two before mine would go.

From 10 a.m. until after 4 p.m. I and other interested citizens waited for our hearing. Finally at 4:10 after 6 hours. Our hearing came up.

In addressing the Town Board I prefaced my remarks concerning the subject hearing by stating that the Board should be concerned over the inefficiency in scheduling their public hearings. When citizens have to wait over 6 hours for the hearing to come up, no wonder citizens and taxpayers have become apathetic and will not attend these important hearings. I implored them (the board) to make an attempt to correct this serious situation.

The second hearing of that day

concerned a Jericho Office building and the citizenry did a commendable job in coming out and voicing their opposition. This hearing took over 4 hours. The Town Clerk read into the minutes that he was the recipient of over 500 letters opposing said application. This alone indicated to the Board that this particular hearing would be time consuming.

I requested the Board to try to give time slots to each hearing, i.e. if there are four hearings scheduled for a day, time allot them 10 a.m. 12 a.m. 2 p.m. and 4 p.m. (always scheduling the one which is most controversial last).

I can understand that the agenda of the hearings are published weeks in advance by public notice. However the actual schedule of the agenda, the order in which they are heard, this is done a week prior to the actual hearing date. At this time dependent on communications received on each hearing a determination could be made in an attempt to offer some type of a time schedule.

The citizens could then call the

Town Clerks office (and public notice could so state) to be advised approximately what time their particular subject is scheduled for. If a hearing does not take the full 2 hours allotted the Board could retire in executive session for discussion until the next timed hearing. Even if a hearing were to go over the 2 hour limit (as the Board states they must listen to all concerned citizens and rightly so) at least the next hearing will be in an acceptable amount of time especially as regards morning or afternoon. And any and all known controversial hearings would be scheduled last.

This way citizens would not have to be confronted with the necessity of having to sit through hearings possibly 6 hours or more before theirs come up. So many people have been subjected to this in the past. It is a very serious problem, and we hope a sensible solution to this problem may be worked out.

Joan M. Cable
Bethpage

Dear Friends

A DELUXE BUS SERVICE TO MANHATTAN? The Jerusalem Ave. Bus Line has filed an application with the PSC for a deluxe bus service to Manhattan, which would offer guaranteed seats, card tables, coffee and newspapers as well as new, air-conditioned busses with reclining seats! George Semke, the line's president said that the proposed service will operate Mondays through Fridays, leaving Nassau County every 20 to 30 minutes between the hours of 6:50 a. m. and 8 a. m. The service will begin at May's Dept. Store in Levittown with another stop at Eisenhower Park. Return service will be provided between 4:30 p.m. and 6 p.m. from the east side of Manhattan. One of the major purposes of this proposed bus service is to convert present auto drivers to comfortable bus service and to help to relieve traffic congestion on highways into Manhattan. Proposed fares run in the neighborhood of \$1.75 one way. The initial hearing on this proposed service took place on Wednesday, and was adjourned until Feb. 9th. It sounds like an excellent idea to us. More on this later.

AND SPEAKING of items that are in the "more on this later" category, at the Jan 19 meeting of the Board of Education of the Plainview-Old Bethpage CSD 4, tabled for further consideration was the matter of a kiln for Kennedy High School, action on the request for continuation of summer program by the Plainview Old Bethpage Summer Day Camp Program, and action on a special report on vandalism from the Supt. of buildings and Grounds.

WE ARE SURE that you've been reading in our daily newspapers, some of the details of who is in the running as far as the appointment to take the place of the late Carl Grunewald on the Town of Oyster Bay Board. At the moment it seems to be between Stephen Scaring of August Lane, Hicksville, and William Buckman who is well known to all in Hicksville and who is presently serving as a Jones Institute trustee. The decision is up to the Town Board, at this point. Whatever their decision, voters will be making their choice on the matter in Nov.

ONCE AGAIN we extend an invitation to all who are interested in the formation of a permanent Hicksville Community Council to attend a meeting to consider this important step, scheduled for Feb 5th, Thursday evening at 8 p.m. at the Hicksville Library. Letters are going out this week to the presidents of all local organizations but whether or not you are connected with organizations, if you are interested in Hicksville's future and are willing to work toward this constructively, come on down and join us.

UNTIL NEXT WEEK, do your best.
Sincerely,
SHEILA H. NOETH

Traffic Safety

Nassau Police Commissioner Francis B. Looney today announced more than 6,000 people visited the county police Traffic Safety Trailer since it started September 15 touring shopping centers, schools and industrial areas in the county.

The trailer, staffed by members of the department's Traffic Safety Division, carries a reactometer for testing drivers' brake reaction time, an animated display of vehicles on roadways, static displays of accident situations, a model of the Safety Town which will soon be built in Eisenhower Park and other safety displays and literature.

Persons using the equipment and taking the tests will not be asked to identify themselves.

At each stop, the trailer will be open from 9:00 A.M. to 6:00 P.M. Stops during February include:
February 2, Monday, Times Square Store, Levittown.
February 3, Tuesday, Sears, Hicksville.
February 14, Saturday, Mays, Levittown.
February 18, Wednesday, Mid-Island Shopping Plaza, Hicksville.
February 19, Thursday, Modells, East Meadow.
February 20, Friday, Sears, Hicksville.
February 21, Saturday, Great Eastern, East Meadow.

To Honor Cong. Wolff

Cong. Lester L. Wolff, Representative of Nassau County's Third Congressional District, will be guest of honor at a testimonial breakfast on Sunday, February 8 at the Country Club Restaurant on the Lake. The event will be the annual breakfast meeting of the Anti-Defamation League Appeal's Lake Success Division. The testimonial, at which Cong. Wolff will receive the ADL Torch of Liberty Award, was announced by Mark M. Hart, division chairman.

OBITUARIES

JOSEPHINE McDONOUGH
Josephine McDonough (nee Kunz) died Jan. 12. She was the wife of the late Michael. She was the devoted mother of Michael J., Patrick J., and Barbara Ann McDonough. Fond sister of Catherine Thomas and Edward Kunz.

Ramblin' Rose

By Rosemary Walsh

Here I am back from our third Ski Trip and you know I'm becoming an expert—oh no, not in skiing—in bus riding, rock music, getting accustomed to odors of salami, chocolate bars, potato chips at 7 A.M. (this takes a lot of doing) and most of all built in earplugs. Everyone seems to enjoy it but what I can't understand is when we arrive home I'm the only one who looks exhausted (not looks, is) must be age or something. Say, I saw where our Hicksville celebrities, the Brooklyn Bridge, was on TV on the Hollywood Palace the other

night again. Sure wish them continued success—looks like they're climbing all the time. Here's the latest scoop on our Ice Hockey Club. The North Stars tied Chaminade 4-4. John Selink scored two goals and Frank Effinger and Ed Klein got one each. I've told you before about our Recorder Consort (the group we took to Oneonta to perform) and they also had a full page spread in a major daily—well the invitations for them to perform all over are pouring in—between them and our Boys' Choir (along

with the skiers) I'll become a veritable booking agent. By the way, while I think of it someone asked me who was in the choir. I really thought I named them before, remember they range from Elementary through Senior High students—here they are: Thomas Gavin, John Arbucci, Stuart Reiter, Greg Haesler, Nicholas Stamos, Paul Incalcaterra, Robert Jones, Warren Seigel, Jeffrey Kuller, Gordon Farrell, Frank Mola, Mark Kreditor, Charles Stephen, James O'Leary, James Pennedorf, Peter Ciarelli, James

Tobay Building Goes On Apace

The bitter cold did little to affect the rate of construction in the Town of Oyster Bay in December, according to a statement issued by Councilman Lewis J. Yevoli. Yevoli, a new member on the Town Board, said that the Town Building Department based the cost estimates on the 101 permits issued in December. He said \$1,972,239 worth of construction was authorized. "The bulk of this estimated Bennett, Paul Cecere, Jeffrey Goldstein, George Mangano, Paul Curcio, Steve Bogach, John Neidecker, James O'Donnell, Kenneth Shepski, James Gibney, David Kaufman. Well with all these activities and bookings I must ramble off

figure was attributed to 17 commercial permits amounting to \$1,075,928," said Yevoli. Yevoli also said that the Town Building Department, despite adverse weather and holidays, had made 1,193 building inspections. Home Furnishing Tour The Rosary Altar Society Home Furnishings Tour will take place Tuesday, January 27th at the Georgetown Manor, Route 110, Farmingdale. Cars will leave Our Lady of Mercy Parking Lot on South Oyster Bay Road at 9:10 a.m. and return at 12:15 p.m. Tickets are on sale for \$1.00. Call Nancy Schmidtman for further information at WE 1-4809.

HICKSVILLE LIBRARY NOTES

Are you a student trying to plan your future? A housewife who wants to work? Has the career you've already embarked on gone blah, so that now you're looking for a change?

At the Hicksville Public Library we're ready to give you a hand with all these problems. With at least two hundred books on career planning and vocational guidance in our collection, we're ready to help you with information on careers in fields ranging all the way from accounting to world affairs, and as diverse as education and conservation, aviation and personnel administration.

For high school students who want to work after graduation, we have Reilly's Career Planning for High School Students (YA 371.425 R), and Splaver's Your Career If You're Not Going to College (YA 371.435 S).

For the college student, the Library offers Reilly's Life Planning for College Students (YA 371.42 R), and Peter Sandman's The Unabashed Career Guide (YA 331.702 S).

For young people on the go, we offer Paradis' Jobs to Take You Places - Here and Abroad (YA 331.115 P).

And for the housewife who would like a part-time career at home, we have Lowrie's Sew and Make Money (646 L), and Lewis'

From Kitchen to Career (331.4L). And for women who want to leave housework behind (hopefully!), there is Frances Maule's Executive Careers for Women (396.5 M).

Want to earn while you learn? Look up Robert Liston's On the Job Training and Where to Get It (331.863 L).

The job you have isn't good enough? Try Austin Marshall's How to Get A Better Job (371.425 M).

Would you like to know what Long Island offers by way of vocational education? The Reference Department has on hand a complete and detailed list of every vocational course given in Nassau and Suffolk counties, and will be happy to help you use it.

In addition to books, the Library also has an Occupational File (near the Young Adult Desk) which offers pamphlet material giving background information on careers and opportunities in over three hundred fields of endeavor.

And, if you've reached that happy stage where career planning is now behind you, the Library can still help you out with Joseph Buckley's Retirement Handbook (301.435 B), or Sidney Margolius' Your Personal Guide to Successful Retirement (301.435 M)!

4-H Club News

The Plainview 4H Girls Leaders Council will hold its Officers Training Workshop on Friday, January 23rd at 7:30 p.m. at the Pasadena Elementary School in Plainview. This is one of the most important functions of the 4H year. Officers and club members will learn how to conduct better meetings and will be taught the duties of their offices and will receive their officer's pins. Other highlights will include the awarding of community service certificates, a report on club activities by club presidents, and a model business meeting. After the Officer Training Session there will be slides shown and the guest speaker will be David Miller, National 4H Club Congress Winner. There will be a Sing-A-Long by the Plainview 4H Teen Girls, and the program will be closed with the candle lighting ceremony. Mrs. Muriel Rehl is Chairman of the Officers Training Program.

Americanism

"Americanism" will be the theme at the next social meeting of the Joseph F. Lamb Council No. 5723, Knights of Columbus, Plainview, N.Y. The meeting will be held at the American Legion Hall, Plainview, on Thursday evening, January 29, at 8:30 P.M.

Two guest speakers will be in attendance. The first speaker, Arthur Roniger, from the American Legion Post of Massapequa, will speak on Americanism, especially pertaining to the respect due the American flag and the college rebellion. He will also show films in conjunction with his topic. The second speaker will be Murray Loesch, 3rd Vice Commander, Americanism Officer, from the Grumman Ex-Servicemen's Club, whose topic will be Americanism in general.

This subject "Americanism" is of extreme importance today, when patriotism - or the lack of it - is often in question. Cordially invited are members of the Plainview American Legion Post as well as the wives of the Brother Knights of the Joseph F. Lamb Council.

Sisterhood To Meet

A meeting of the Hicksville Jewish Center Sisterhood will be held on Wednesday January 28, at 8:30 at the Temple on Jerusalem Ave. and Maglie Dr. Ex-convicts who are members of the Fortune Society will speak. This is an open meeting for husbands, friends and young adults over 18. Refreshments will be served.

Hadassah News

The Plainview Chapter of Hadassah is having a Mr. and Mrs. Study Group on Saturday, January 24th at 8:30 p.m. at the Central Park Road School, Gerhart Road in Plainview. The subject will include the legal, theological and medical ramifications of the concept of abortion. The speakers will be Rabbi Julius Goldberg and Assemblyman Martin Ginsberg. Dr. Gerard Levi will be present serving as medical counsel to the panel. R.S.V.P. Carol Davis 938-4616. All are welcome to attend.

The Tobay Chapter of Hadassah will hold a Mr. and Mrs. Study Group at the home of Mrs. Alice Entin on Sunday, January 25th at 8:00 p.m. Guest speakers are invited who will show films and artifacts of their stay at an Indian Reservation. R.S.V.P. 822-2930.

Hawaii levied the first individual income tax in 1901—long before it became a state.

Newport All Stars Play Plainview

George Wein, Newport Jazz Festival promoter, brings five talented jazz musicians to the Plainview-Old Bethpage High School, Southern Parkway, Plainview, on Saturday, January 24. The All Stars will be taking a night off from their regular duties in the Persian Room of New York's Plaza Hotel.

The All Stars will present a history of jazz in music featuring Max Kaminsky on the trumpet, ably supported by long time jazzmen Sal Pace, clarinet; Bob Haggart Jr., bass, and George Wein at the piano.

Ex Farmingdale Band Director Marshall Brown handles the slide trombone backed up by Willy Wyman on the drums.

For a lively evening at modest cost call WE 8-0077 for ticket information. Tickets are \$3.00 for adults and \$1.50 for students.

This non-profit venture is presented by the Plainview-Old Bethpage Public Library as a community service in cooperation with the New York State Council on the Arts.

Why wives should talk with our family banker.

Running a family these days is almost as complicated as running a business. That's why the wife, as general manager, often needs expert advice in money matters.

We have just the man to give it. Ed Crowe. He'll help you with financial problems concerning your family or home.

He'll explain the various types of checking and savings accounts available at Marine Midland. And tell you which is best suited for you. A joint account. Separate personal accounts. Or a special household account.

He'll show you how to have money automatically transferred from checking to savings accounts to save you extra trips to the bank.

He'll show you how to keep your husband's business account and money records from getting mixed up with family money and records. Something you'll appreciate at tax-return time.

He'll explain the advantages of the Marine Midland Master Charge card.

Drop in soon and have a talk with Ed Crowe at our Jericho office—366 North Broadway. Or give him a call at 681-9800.

And there's nothing that says your husband can't come with you. Our family banker would like to meet him, too.

MARINE MIDLAND GRACE TRUST COMPANY OF NEW YORK

Nassau Office—366 North Broadway, Jericho, Tel. 681-9800 Member FDIC

JOSEPH E. DAILEY: Security National Bank has announced the promotion of Joseph E. Dailey to Assistant Vice President in the Banking Division. Mr. Dailey is officer in charge of the Bank's Massapequa office.

Mr. Dailey is a member of the Knights of Columbus and past director of the Plainview-Bethpage Lions Club.

He resides in Hicksville with his wife, Virginia, and their three children.

Syosset Board Asks Repeal Of Sections Of The Education Law

A statement requesting repeal of Sections 11 through 19 of Chapter 183 of the Education Law and supporting a proposal to increase state aid to at least \$900 per pupil for operating expense was read by Dr. Edward J. Murphy, Superintendent of Schools, on behalf of the Syosset Board of Education to a joint committee of New York State legislators, meeting at Uniondale High School on Friday morning, January 16, 1970.

Dr. Murphy pointed out to the legislators that the Governor's proposals for state aid to education would amount to approximately \$200,000 less for Syosset in 1970-71. This decrease in state aid, coupled with an increase in mandated costs plus expected increases resulting from negotiated contracts with employee units, will cause a considerable increase in taxes paid by already overburdened Syosset residents. In addition to requesting the state to assume a greater share of the cost of education, Dr. Murphy also urged the legislators to recognize their primary obligation of financing the public schools before consideration is given to aid for private or parochial schools.

The full text of the statement read by Dr. Murphy is reprinted below:

The members of the Syosset Board of Education are gravely concerned about the decreases in state aid which have come about through the passage of Chapter 183 of the Education Law of 1969. We are including in this statement for consideration by the members of the Joint

Legislation Committee facts and figures summarizing the effect of Chapter 183, as well as the effect of any further increase in the school budget upon the Syosset school district.

Recently, we have read the newspaper accounts of the Governor's State of the State message in which he has announced an increase from \$760 per pupil to \$900 per pupil in operating expenses. While the Governor refers to taking a step toward creating a 50-50 sharing of the state and the locality with regard to education costs, he did not spell this out as of yet. While we are pleased at the increase in the operating expense as called for by the Board of Regents, it still does not approach the \$1,050 recommended by the New York State School Boards Association, which is a more realistic figure for the cost of educating a child.

We are very concerned that the Governor has not indicated his support of returning the state aid which was reduced by the enactment of Chapter 183 last year. The specific areas of loss include transportation, BOCES aid and size-correction aid. For the Syosset Public Schools this means a loss of more than 20 percent of their basic state aid or approximately, \$720,000. While the Governor's proposed state aid increase in the operating expense may appear to be an overall increase, we know, and we are sure you know, that there is for most school districts, a serious net decrease compared to the existing state aid found in the \$760 ceiling per pupil. The state's share will be reduced from 49 percent to 46 percent. With this

increase from \$760 to \$900, and if Chapter 183 of the Education Law of 1969 remains in effect, the Syosset School District will receive approximately \$200,000 less state aid during the 1970-71 school year. This decrease in the state's share of the support of education comes at a time when mandated costs, which boards of education have little or no control over, are increasing annual budgets at a rate of 6 percent. The state aid reductions plus the increased mandated costs will raise the tax rate for Syosset residents in excess of \$1.00 before negotiations with employee units are completed for the 1970-71 year. Negotiations, as required by state law, will further increase the tax burden on residents of the Syosset community.

There is no question that if Chapter 183, Sections 11 through 19, are not repealed, there will be a disastrous effect at the time budgets are voted on locally in school districts in May of 1970. 137 budgets were defeated last year in New York State. 47 budgets were defeated on Long Island. It is our considered opinion that there will be many more if there is no major assistance in meeting school costs through increased state aid.

We would further urge the Legislation Committee to recognize their primary obligation to finance the public schools before any consideration is given to private or parochial school aid as the Governor has indicated in his message. We cannot emphasize strongly enough the first and foremost obligation to provide a complete program of public education.

Finally, we have read the statement of the Governor and the legislative leaders who say that they will ask for no increases in taxes this year to support the total spending plan. We must remind the members of the Joint Legislation Committee that the effect of such action by the Governor and the legislative body will, in the final analysis, result in an increase in school taxes which have only one source, the real property tax at the local level. While we share the Governor's opinion that the federal government should take a larger role in supporting public education, we feel that the state must also exercise its responsibility since it has a broader taxing power than the locality. We urge your support for increased aid by repealing Sections 11 through 19 of Chapter 183 and by increasing state aid to at least \$900 per pupil for operating expense. The demonstrated quality of public education in Nassau County and throughout New York State will continue only if the Governor and the legislature provide these necessary funds.

Respectfully submitted, Simeon A. Wittenberg, President Board of Education Edward J. Murphy, Superintendent of Schools

Problems May Suspend 1970 Little League Baseball In Jericho

A printed notice entitled, "Help Save The Jericho Little League," was passed out early this week to all boys in the Jericho School System between the ages of 8 and 13 years old. (Those who will be 8 years of age before April 30, 1970 and those who will be 13 before August 30, 1970.) The notice heralded an "important" meeting scheduled for tonight (Thursday, January 22nd) at 8 P.M. at the Cantiague School. Only parents and guardians of potential Little Leaguers were invited to attend the session.

There have been rumors cir-

Stand Up For Israel

Day Slated Jan. 25th

Area wide rally as part of the "Stand Up For Israel Day" will be held on January 25 at 2 P.M. at Temple Or Elohim, 18 Tobie Lane, Jericho. The recent blurring of American policy in the Middle East and the move to keep Israel at arms length from its only friend among the great powers - United States - has produced wide dismay among the friends of Israel in the community.

The following speakers will address the rally. They include: Ted Sorenson, Howard Samuels, Ed Speno, Paul O'Dwyer. The following congregations are co-sponsors of the rally: North Shore, Cantiague, Jericho Jewish Center, Temple Or Elohim, Plainview Jewish Center, Bethpage Jewish Center, Midway, East Nassau and Hicksville Jewish Center.

The object of the rally is to turn out a large write-in to the Senators and Congressmen as well as the President in regard to this policy. Telegrams will also be available. The entire community is invited to show its solidarity on this issue.

Scholar Visits Cantiague School

Lorenz Graham, esteemed folk singer specializing in American lore, visited the Cantiague and Williams schools. A member of Jericho School's Scholars in Residence Program, Mr. Graham spent several hours at each school. He performed a variety of folk tunes, told stories and conversed warmly with students.

Included in Mr. Graham's repertoire were original folk songs stressing the theme of brotherhood. He told students that he had been a school psychologist, but that friends convinced him to enter show business. His good friend Harry Belafonte gave Mr. Graham his first guitar. Visiting schools and communicating with pupils allows Lorenz Graham to combine the best of both careers.

The column, "Ten Pin Talk", will return in next week's edition of The Villager with a summary of the results in the BCA Bowling League, covering this past Monday and next Monday.

culating recently of problems which, if not solved, could force the suspension of Little League activity in Jericho for the 1970 Baseball Season.

Last year, the Little League, which operated under the auspices of the Jericho Athletic Association, consisted of a division of Farm teams, two Minor League divisions (A and B), a Major League division and, for the first time in its history, a Pony League.

5 From Jericho High Selected By NY Tech

New York Institute of Technology has selected five Jericho High School students for its course, "Fundamentals of Data Processing Systems," being presented at the college's Computer Learning Center in Jericho. The students, accepted following their fine performance during an intensive seven hour testing period, are: Herbert Gellman, Vincent Celenza, Nina Rubin, Paul Klein, and Ken Weber.

In addition to the students, Rudolph Cesarini, Jericho High School Chemistry teacher, will also be enrolled in the program.

The course will allow each participant to progress at his own rate, and will include a survey of the data processing field. Each student will interact directly with the computer via a keyboard-cathode ray tube terminal, in keeping with the program's goal of identifying relationships of human interaction with a computer.

Fairchild Seeks To Rescind Covenants

Irate citizens are organizing committees and preparing petitions and letters to the Town Board of Oyster Bay protesting an application by Fairchild Camera & Instrument Corp. to rescind certain covenants and restrictions affecting the land adjacent to their homes. On January 27, at 10:00 A.M., a hearing will be held at Town Hall on this application of Fairchild to rescind covenants which restricted the use of certain land owned by it.

The residents of Birchwood Park, a development of one-family homes in Jericho, fear that Fairchild or a purchaser from it, will construct industrial buildings, which would lower the values of their homes and create

hazardous traffic conditions. The homeowners claim that they relied on the original covenants, over 20 years old, restricting Fairchild's use of its property, which had the effect of keeping the only industrial building on its property far removed from the adjacent homes. If the present application is granted, the homeowners believe more industrial buildings would be built near their homes.

They feel this is a continuous process by industrial companies seeking to increase profits at the expense of the residential community. Birchwood residents are attempting to stop this process. They state that they have a big fight ahead of them and they plan to be ready for it.

"Guys And Dolls" At Jericho High School

Nathan Detroit, Sky Masterson, Adelaide and the wonderfully wild Damon Runyon characters will appear in the full-length production of the Broadway classic, "Guys and Dolls."

The Senior Class of Jericho High School will present the long run hit. The prize winning play, written by Abe Burrows, include such Frank Loesser songs as "A Woman In Love," "Luck Be A Lady," "If I Were a Bell," and "Guys and Dolls."

Senior Ruth Nerken is directing the production, with musical direction by fellow student

Debbie Morway. The cast includes Cathy Cevoli, Mark Stengel, Steve Doris and Janice Genna. The Senior Class has exhibited much pride and enthusiasm in organizing and preparing the fun-filled production.

"Guys and Dolls" will be presented on Friday, February 6 and Saturday, February 7 at 8:15 p.m. in the Jericho High School Auditorium. Admission is \$2.00. Tickets will be available at the door. For further information contact Ruth Nerken at MA 6-2729.

HIGH STYLE

by Arturo's

Does his frown on lots of make-up? Go subtle; pale taupe eye-shadow, brown mascara on lashes. Darken eyebrows softly with angled brush dipped in eyeshadow. He'll never know!

To slenderize a heavy jaw, stroke dark blusher over heavy area, wear dangling triangular earrings or big disc earrings.

The Greeks used sage as a base for a pungent-smelling hair pomade.

To tease hair without breaking it, use small brush for longer hair; use comb or teasing comb for short hair.

When buying perfume, don't rush... be sure to try it on inner part of your wrist first to see how it smells on your skin... body chemistry changes the scent from person to person.

The Moon And Your Calendar

Man has reached the moon — the same moon that's been around for centuries, dominating the heavens by night and influencing man's way of life.

For instance, the Babylonian Calendar, one of the earliest on record, was based entirely on the moon. Since the actual duration of a moon month is approximately 29½ days, the Babylonians alternated months of 29 and 30 days. Because the calculation of the lunar year was shorter than the sun year, after a few years winter was arriving in the spring — so the Babylonians added a 13th month every two or three years to keep winter in its proper place!

If you think 13 months a year is strange, one of the earliest Roman calendars was probably the most bizarre in history. The calendar consisted of 10 months, beginning in March and ending the December. The period between December and March was considered of little importance because during those bleak winter months there was little activity.

The Romans finally decided not to ignore the winter months, and added January and February to fill the gap. However, man was not satisfied with simply having his calendar tell him the date.

Ancient calendars were often used as decorations in temples, and a famous Aztec calendar tells of the world's creation and destruction. Today's calendars have taken note of these earlier calendars and up-dated them — adding such information as recipes, household hints and first aid information.

If your home is average, you probably have a calendar in the kitchen, and in all likelihood this calendar was a gift, perhaps, from your grocery or pharmacy. Business concerns give away innumerable calendars each year. For instance, last year pharmacists alone gave away between eight and nine million St. Joseph Family Almanac Calendars, the most asked for and widely distributed calendar in the world.

But where do we go from here? We've been to the moon — so maybe the next calendar will be a "Space-Age Calendar" for use not only on the Earth, but also on the moon and all the planets!

BY JANE ASHLEY
Refrigerator Dessert
Try this quick pineapple desert. It's prepared in minutes. The refrigerator does the work.

- Pineapple Dessert**
- 1 (1-pound 4-ounce) can crushed pineapple
 - 2 tablespoons corn starch
 - 1 (7 ¼-ounce) package vanilla wafer
 - 2 tablespoons orange juice
 - ½ pint heavy cream, whipped
- Line bottom and sides of 1 (9 x 5 x 3-inch) loaf pan with household foil. Gradually add pineapple to corn starch in saucepan. Stirring constantly, bring to full boil and boil 1 minute. Place a single layer of wafers in bottom of pan; sprinkle lightly with orange juice, then top with pineapple mixture. Repeat, alternating layers and ending with wafers. Chill at least 3 hours. Unmold, lifting out by edges of foil. Peel off foil. Spread top and sides with whipped cream. Slice. Makes 8 servings.

SKI-SLANTS

BY STEVE SHERLOCK
International Demonstrator — American Technique MOUNT SNOW

Would you believe, Mount Snow, Vt., is named for Reuben Snow, a local farmer? Sounds like a Peter DeVries story line? Actually, it's the work of quick-witted Walt Schoenknecht, the hyper-active architect of Mount Snow since its beginnings 15 years ago.

The area has gotten a reputation as a playground for the swingles, not undeservedly for apres ski diversions abound aplenty, but the mountain is something special and more and more skiers are discovering it.

To the northeast, in North Conway, N. H., 18 inches of snow fell over two days — the steady hour-after-hour snow under lowering temperatures that builds up good base on trails and slopes. It was the first good snow of the season, and Tom Mackhoney, a skiing sidekick, suggested we run down to Mount Snow ahead of the crowds and see what new thrills Schoenknecht & Co. had concocted for their visitors. We called ahead for the snow report and heard "Come on down, the skiing's great." From general manager John Christie. We got on the road in a hurry.

Mount Snow is situated between Bennington and Brattleboro in southern Vermont and overlooks the gateway to much of the state's skiing — Route 100. It's one of the most accessible major ski areas to the great southern New York-Connecticut megalopolis. Two hundred miles from New York City and you've got over 40 trails — 80 miles of skiing — serviced by more than a dozen lifts.

We drove into the area in early afternoon under a light dusting of snow. It was Friday and the advance guard for the legions of skiers who would arrive that evening were already pulling up in their cars at the numerous lodges and guest houses. We went directly to the 5-story base lodge's parking field, parked and got at our equipment. We were eager to test our new Elastomat step-in bindings under good hard skiing, and nothing would better serve us than attacking Mount Snow's north face trails. We boarded the gondola, and in minutes arrived at the mountain's 3600-foot peak. The wind was out of the north, driving the snow sharply into our faces and over our gleaming red and silver Fischer Aliu Steel skis.

We took Jaws of Death as narrow and twisting an expert trail as you'll find in the east. Tom went first and immediately vanished in the swirling snow, and the first turn.

Swirling snow and a sun peering in and out of afternoon clouds calls for a versatile set of goggles. I had Uvex' Downhill 2600 model with its single, all-weather green-gold lens. I adjusted them and chased down the trail after Tom. We worked close to the stands of evergreens where the snow was unpacked and powder-fresh. We skied hard—because we wanted to test our bindings and because this narrow trail, with its sharp drops called for all our skills. We were pleased with the Elastomats, which took the bumps and shocks like no other step-ins.

We ran the PDP and Challenger trails, and then tried the main mountain trails leading into a wide powder-packed snowfield called Snowdance. At the season's outset, it's a fine slope for advanced skiers to regain last year's form. (On the long traverses, practice the up and down movements of unweighting, exaggerate the body movements of arms, shoulders, knees and ankles — try to recapture the confident feeling of form for the challenges ahead.)

For our last run in the afternoon's fading light, we moved over to the newly opened south face of the mountain. The area is named Sunbrook and it offers 4 advanced intermediate trails. We skied Beartrap, which has pitches as sharp as 30 degrees, and enjoyed it thoroughly. "Great stuff here," when that mid-winter wind howls on the north face, guess where all the hotshots will be skiing."

Steve Sherlock, last year a demonstrator of the American Technique for the U. S. National Team at the 8th Interski at Aspen, Colo., reports on his visits to 6 top light U. S. ski areas — 3 East, 3 West. Steve calls it Operation Ski America.

Steve Sherlock

OLD WIVES' TALE

There's a persistent myth that hair can turn white overnight. Science has never validated a single occurrence. Shock, high fever or sudden illness can cause the hair roots to lose their ability to produce color pigment. But the color change is gradual and only as hair grows out. Gray hair can be as fashionable as ever when you use special shampoos, tints or home permanents specially designed for silver curls.

RATE OF GROWTH

Although you may think your hair grows like a weed, the average head of hair grows at the rate of ½ inch per month. That is why continuous curl can be achieved with only two home permanents a year.

TAMING FLY-AWAY LOCKS

Winter-weary or over-bleached hair needs special conditioning before facing the hot summer sun. After shampooing, mix a tablespoon of Extra Conditioning Tame with a cup of warm water. Pour slowly through hair, then rinse with warm water.

From LeeWards Design Center

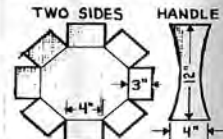

Decorated Burlap Bag

Here's an interesting handicraft project that is easy, fast and most rewarding.

You may even have most of the materials needed in your workbasket. And you can use left over pieces of old knitting yarn for decorative touches.

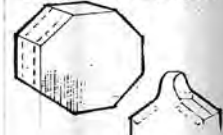

We have made a most useful and attractive carry-all bag out of burlap. You can use any color or grade of burlap you like, or can substitute some other strong fabric such as tapestry or mohair.

Cut out two pieces of fabric in the shape shown. And

also cut out the piece for the handle.

Put the two side pieces

together by overlapping the tabs. We glued ours, but you

can stitch them together if you prefer.

This can be done by hand, or by turning the bag inside out, on your machine.

Then attach the handle, again by either stitching or gluing. If you glue, be sure that all yarn ends are well covered so that there are no loose ends.

Decorate the sides of your bag with colorful yarn in

circlets, fleurets or even initials. I used scraps of shocking pink, bright orange and bright olive for these touches and it is most attractive.

You can also use ribbon straw for your decorative effects. Most handicraft stores have this material.

If your scrap basket does not have all the items needed, you'll find them, and a lot more, including complete kits, in the catalog put out by LeeWards, the art needlework center of General Mills.

They'll be glad to send you a copy without charge. Just send your name and address to LeeWards, Dept. DF, 840 N. State St., Elgin, Ill. 60120.

GERMAN SWEET CHOCOLATE CAKE

1 package (4 oz.) Baker's German's Sweet Chocolate

- 1 cup butter or margarine - 2 cups sugar
- 4 egg yolks, unbeaten - 1 teaspoon vanilla
- 2½ cups sifted Swiss Down Cake Flour
- ½ teaspoon salt - 1 teaspoon baking soda
- 1 cup buttermilk - 4 egg whites, stiffly beaten

Melt chocolate in boiling water. Cool. Cream butter and sugar until fluffy. Add egg yolks, one at a time, and beat well each. Add melted chocolate and vanilla. Mix well.

Sift together flour, salt, and soda. Add alternately with buttermilk to chocolate mixture, beating after each addition until smooth. Fold in beaten egg whites. Pour into three 8- or 9-inch layer pans, lined on bottom with paper. Bake at 350° for 30 to 40 minutes. Cool. Frost tops only.

COCONUT-PECAN FROSTING

Combine 1 cup evaporated milk, 1 cup sugar, 3 egg yolks, ½ cup butter or margarine, 1 teaspoon vanilla. Cook and stir over medium heat until thickened — about 12 minutes. Add 1½ cups Baker's® Angel Flake® Coconut and 1 cup chopped pecans. Beat until thick enough to spread. Makes 2½ cups.

GERMAN SWEET CHOCOLATE CAKE SQUARE

1 package (4 oz.) Baker's German's Sweet Chocolate

- 1½ cups sifted Swiss Down Cake Flour
- 1 cup sugar - ½ teaspoon baking soda
- ½ teaspoon Calumet® Baking Powder - ½ teaspoon salt
- ½ cup butter or margarine - ¾ cup buttermilk
- 1 teaspoon vanilla - 2 eggs

Melt chocolate over low heat. Cool. Sift flour with sugar, baking powder, and salt.

Stir butter to soften. Add flour mixture, half of the buttermilk, and the vanilla. Mix to dampen flour; then beat 2 minutes at medium speed of electric mixer or 300 vigorous strokes by hand, scraping bowl occasionally.

Add melted chocolate, eggs, and remaining buttermilk. Beat 1 minute longer or 150 strokes. Bake in 8-inch square pan, which has been lined on bottom with paper, at 350° for about 40 minutes, or until cake tester inserted into center comes out clean. Cool in pan 15 minutes; then turn out and cool on rack. Frost as desired.

COCONUT-TOPPED BROWNIES

- 1 package (4 oz.) Baker's German's Sweet Chocolate - ½ cup butter
- ½ cup sifted all-purpose flour - ½ teaspoon Calumet® Baking Powder
- ½ teaspoon salt - 2 eggs - ½ cup sugar
- ½ cup chopped nuts - 1 teaspoon vanilla - 2 tablespoons cream
- 1½ cups Baker's® Angel Flake® Coconut - ½ cup packed brown sugar

Melt chocolate and butter; cool. Sift flour, baking powder, and salt. Beat eggs; gradually beat in sugar. Add chocolate. Mix in flour; then nuts and vanilla. Spread in greased 8-inch square pan. Mix cream, coconut, and brown sugar. Spread over dough. Bake at 350° for 25 to 30 minutes. Makes 20.

SPORTS

By
Howard J. Finnegan

The fortunes of Hicksville High's wrestling team have been on the upswing after a sputtering start.

After a 32-20 decision over very strong Levittown Division, the Orange and Black crushed Syosset, 40-10, before a full house on the mats of the vanquished.

In the win with authority at Syosset the following were victors for Hicksville:

- 100-pound Mitch Hersch 12-0
 - 109-pound Bruce Herschfield by a pin in 4:58
 - 117-pound John Mackin 4-3
 - 132-pound Tony Defendis 12-4
 - 139-pound Lou Chiodo by a pin 2:54
 - 145-pound Greg Reilly by a pin in 1:53
 - 157-pound Kirk Jurgelevich 10-0
 - 167-pound Tony Giacomagion by a pin in 2:55
 - 187-pound Alex Yanotti 3-1
- The next league match for Hicksville's wrestlers will be this Friday afternoon at home against MacArthur at 4:00 p.m.

Hicksville's varsity basketball team suffered a 74-59 defeat at Syosset and then dropped from

playoff contention as Clarke High upset the Orange 57-51 at home, Tuesday night.

In both the disappointing showing at Syosset and the stinging reversal by Clarke and Comets were lead-footed and off in shooting. The season record is now 6 wins and 4 losses.

If the Orange is to show signs of recovery it will have to come immediately. A travel date at MacArthur this Friday night is pivotal. A loss means the season could spiral into one of total wreckage. A win over the very good Generals would foster hope that the campaign could yet meet with some success.

Our Selection: MacArthur 58, Hicksville 55.

With a nice touch of class the Hicksville Junior Varsity basketball team moves along smartly.

A 63-34 win over Clarke moved the season record to 9 wins and 1 loss but it was the 59-47 victory over Syosset three days before that looms important.

Syosset has had to power for the past four seasons and this is the first time that a Hicksville team has demonstrated that it

TRAVEL NOTES

BY CHARLES A. AUGLIERA
of Diners Fugazy Travel

THE VAST MAJORITY of travellers, wishing to spend a vacation on an island in the Caribbean area, make their arrangements for flights and hotels, pack a bag and, in this wondrous age of high speed jet air travel are off and away in the morning. In the early afternoon the giant jet softly touches down on the island of their choice. It's like flying on a magic carpet, from winter to summer in just a matter of hours.

THE VACATIONER is greeted by warm temperatures, lush green hills, a variety of beautiful flowers, palm trees and fruits not be seen growing here. This can be found on most of the many islands scattered throughout the clear blue waters of the Caribbean Sea. There are many hotels and they offer the guest a wide variety of accommodations. Some are located on clean white sandy beaches and offer swimming in the sea. Others not on the beach-front have excellent pool swimming. Many of the islands have the finest of golf courses to be found anywhere in the world, challenge even the best of golfers. There is dancing, snorkeling, sailing, water skiing, etc. Most hotels are air-conditioned and the choice of meals is quite tempting. The guest does not have any problem finding a menu to suit his taste.

Many of the islands are shopping havens and the women vacationers, as well as themen, will find the shelves stocked with a wide selection of items from all over the globe at prices well below those obtainable back home. After an enjoyable vacation the return to ones home city is accomplished with the same degree of swiftness.

THERE IS a second group of travellers who choose a different type of travel for their vacations. The last luxurious way left to those who wish to move at a slower pace is, steamship cruising.

WHEN ONE steps aboard a cruise ship he enters an entirely different world of living. Everything is available to the cruise passenger, comfortable cabins, entertainment, dance lessons, movies, masquerades, group games, shuffleboard, even ping pong. You can dance with your favorite partner to beautiful music till the wee hours of the morning. Enjoy the finest selection of food to be had anywhere and plenty of it. Swimming? Yes, in an on deck pool or one located inside on a lower deck. You don't wish to be so active? Well, just stretch out on your deck chair and relax, enjoy the Sun or take a nap. You can even choose a good book from

the ships library, it's up to you.

THERE IS a large number of cruise ships, sailing from the port of New York during every month of the year. They offer a wide variety of accommodations in various price ranges to suit everyone's taste. No matter on what deck the passenger's cabin is located he has the full run of the ship from top to bottom. With very few exceptions every cruise passenger travels in the first class category. The price is according to location, with or without a bath, upper and lower beds or, two lower beds. Inside cabins are less expensive than outside cabins. After one or two days at sea the passengers become like as one big happy family and are friendly and congenial. Every night is like New Year's Eve. The usual stay at each island is about ten hours duration. This allows ample time for one to shop and sightsee with plenty of time to spare.

WHY NOT try this last luxurious way to vacation next time? Make your plans far enough in advance as cruise reservations usually fill fast and early. When you really want to unwind, stop in and see your favorite travel agent. He will be happy to make all the arrangements for you and, remember, there is no charge for his services.

Plainview - Old Bethpage Chamber of Commerce, Inc.

PRESIDENT JULES BENDER
SEC. MANAGER CHARLES A. VOORHIES

Big Brother Needs to Diet

"This fiscal year the U. S. Government must pay \$17,000,000,000 in interest on the public debt. In 1941 the total Federal Budget was only \$14,000,000,000. So it is costing Uncle Sam \$3,000,000,000 more to meet his simple interest obligations than it cost him to run the whole works just prior to World War II." Jenkins Lloyd Jones, president, Chamber of Commerce of the United States.

Population to Double by 2000

"It will be necessary to build a city the size of Jersey City or Tulsa every month for the next 30 years to house the urban population which will double from 140,000,000 to 280,000,000." Arch N. Booth, executive vice president, Chamber of Commerce of the United States.

Poverty Level Raised to \$3,000

The U. S. Labor Department has raised from \$3,300 to \$3,600 the level of annual income below which a city family of four is considered "poor" in qualifying a member as eligible for various government manpower programs for the "disadvantaged." For farm families, the level has been raised from \$2,300 to \$3,000.

Where Most Accidents Occur

Of 115,000 accidental deaths during 1968, 14,300 were job related, about half as many as the 28,500 caused in the home. Biggest killer: Motor vehicles, 55,200.

Fasten Your Seat Belts - Tighter

A new quarterly survey by the Census Bureau reveals: There were 70 million cars in use last July, an increase of four million in a year's time. Households with more than one car increased from 27 to 29 per cent.

Sees Unemployment Rise Essential

"I realize that some further rise in the level of unemployment, which is currently in the neighborhood of four per cent, cannot be avoided if we are to restore a reasonable degree of price stability." Andrew F. Brimmer, member of Federal Reserve Board and a Negro.

SPORTS

(Continued from Page 11)

may have the future capability of staying with coach Bill Aherns boys.

It was complete, unselfish, teamwork that glided the young Comets past Syosset.

All five starters scored in double figures for coach Ron Quartrini. Tom Quinn had 15, Bob Malaby 13, Brian Pinelli 11, Rich Moeller and Mark Willey had 10 each.

Malaby got the JV off early against Clarke and he wound up with 13 points. Quinn and Pinelli had 11 each and Mark Willey had 9. Pete Gaffney contributed 6. Rich Moeller and Paul Lindbloom had 3 and Bob Bischoff and Jim Seddon had 2 each.

Hicksville Junior High's 7th and 8th Grade basketball team left the Parkside Junior High court at Massapequa in Jubilant spirits.

The Junior High had held off a desperate Parkside rally and emerged a narrow but happy 39-37 winner.

It was the first victory of the season for the Jerusalem Avenue school.

With 12 and 11 points respectively, Kevin Baynes and Vinnie Miracola scored the bulk of points for Hicksville. However the floor work and critical scoring of Jim Wittenborg, Frank Nobile and Bill Kirsch figured soundly in the win.

Hicksville broke to a 12 point advantage in the fourth period and started to operate as if the contest was completely backed away. Massapequa took the nod, and started to chip away at the lead. It got down to 3 with two minutes remaining. Coach Jay McAuley used a time out to steady Hicksville and the Blue finished in command.

DRIVE CAREFULLY

CARD PARTY: Chairladies Alberta Festa and Pat Costello discuss plans for the upcoming St. Pius X Rosary Society Card Party, "Fly Me to the Moon." The Date - January 29 at the school Auditorium. Prizes Galore will be the booty, including a Holiday Weekend for Two.

What color is a telephone call?

The color may be blue, orange, green, brown or slate. Or it may be one of these used in combination with white, red, black, yellow or violet.

When you make a telephone call, it travels over a brightly colored pair of wires. The color doesn't affect your phone calls. But it sure makes life a lot easier for the men who install your phones. You see, the wires run from your house to a cable. And through the cable to your telephone central office. This cable may contain as many as 900 different wire pairs.

Imagine the job an installer or cable splicer would have picking out your particular pair of wires if they were all the same color! But with all the different color combinations, the job is easier and installation goes faster.

So when you see a cable splicer or installer at work, you'll know one thing about him for sure. He's not color-blind! You should also know that he's part of the biggest cable-placing program in New York Telephone history.

Last year, we added some 10.6 billion conductor feet of wire, all kinds of wire, in metropolitan New York. We're planning on another 12.5 billion conductor feet this year.

All this cable won't change the color of anyone's phone calls. But it will help make sure that your calls go through as quickly and speedily as possible. That's our service responsibility, and we're doing our best to deliver.

We know... we care... we're working
