### Herald Report School District 17 Hicksville by Shirley Smith

George Jackson, School Board president, announced at Tuesday's meeting that he does not intend to run for re-election. His term expires June 30. Mr. Jackson has served on the Board nine years.

Thomas Muratore questioned the amount (\$4500) being paid for school physicals. This amount includes both sports physicals and those required for entrance into school each fall. This \$4500 does not include all physicals provided by the district—only those during the last two months. The district pays \$1.50 for each physical. Neil McCormack said that parents should be made aware of how much the district expends each year for these physicals and should be encouraged to see their own family doctor. The physical provided by the district is not as thorough an exam as that done by your own doctor. Sports physicals, on the other hand, must be provided by the district—each participant must be examined prior to taking part in each sport. These exams run into a lot of money—we can save the district money by seeing that our children are examined by our family physicians.

Mr. McCormack questioned whether the supervisor of sports events (one in charge of setting up for the event, etc.) should be paid more than those teachers assigned to the event to insure crowd control. Board policy sets the following rates per event:  
Supervisor—\$15.00  
Teacher (for crowd control)—\$7.50  
Operator of P.A. system—\$10.00

Photographer—\$12.50

On the subject of recommended new textbooks for the Home Ec. Department, Mr. Muratore said he was still trying to check them out. He moved that this item be tabled until Feb. 10. Harry Kersen asked the Board members if they were objecting to Administration's methods of selecting books. He stated that he didn't think the Board should set itself up as a censor. Mr. Jackson asked Administration to inform the Board what methods of selection are used. This report will be on the agenda for Feb. 10. Mr. Muratore's motion to table acceptance of the recommended Home Ec. texts passed, with Mr. Kersen voting no.

A liaison committee to meet with district employees and discuss problems (other than negotiation items) was appointed. Neil McCormack is chairman, John McManus and Thomas Muratore are members. Reports will be forthcoming from this committee.

The next Board meeting is Tuesday, Feb. 10 at 8 p.m., in the Administration Building.

The night before, Monday, Feb. 9, the Jr. High PTA is sponsoring a program on drugs, "Youth in a Drug-Oriented World." The program will be presented by Mr. John Imhoff, pioneer in Drug Education and drug information coordinator for the Lynbrook schools. We recommend that you attend. We should all be aware of how to handle this problem. Remember: Monday, Feb. 9, 8 P.M., Jr. High Auditorium.

**TRAVELING LION** Leo's symbol of the Lions Club visits County Executive Eugene H. Nickerson who recently proclaimed January 18-24, 1970 as Lions Club Week in Nassau County. Shown with the County Executive are: (l. to r.) Jack W. Weber, District Governor of 20 K2, of 34 Adelphi Avenue, Hicksville; Philip D. Shane, Secretary of Oceanside Lions Club, of 3337 Oceanside Road, Oceanside and David L. Hughes, Communications Chairman, of 229 Newbridge Avenue, East Meadow.

## Meeting February 3rd

# Opposition Gathering To Lee Ave. Garden Apts.

Exclusive to the Herald  
By Nassau News Service

A potentially powerful opposition is gathering in Hicksville to the petition of Jerry Spiegel Associates for a change of zone from Residence D to E-1 Apartment House District for a 6.924-acre parcel of land on Lee Avenue south of Ninth Street and facing the intersections of Linden and Farm with Lee. The petition will be heard at the Town of Oyster Bay Public Hearings at 10 A.M. at Town Hall on February 17.

A public notice on the hearing, according to law, will be published in local papers and sent to residents within a 300-foot radius of the subject property no less than 10 days prior to the hearing.

Jerry Spiegel Associates is the contract vendee of the property, fee owner of which is Giese Florists. The petition on file with the Town Clerk's office states that Jerry Spiegel plans to erect a 112-unit garden apartment on the property with parking for 160 cars. Of these units, 16 are

planned to be efficiency apartments; 62 one-bedroom; and 34 2-bedroom.

A communication in the file from the Town Department of Building and Zoning states that this number of units is over the maximum allowed by the code, which is 16 per acre according to Louis Hanak, Deputy Director of the Department. The full total of seven acres would be required for 112 units. Letters of opposition from residents of Lee Avenue, Rising Lane, Cottage Road and Sunnyfield Road were also contained in the Town Clerk's file.

### Citizens Uniting

Mr. Emil Immesberger, with his wife, Doris, of 15 Farm Lane, are organizers of the opposition, which they hope will include all of Hicksville. After two preliminary meetings at their home on January 23 and 24, a general meeting has been scheduled for all interested citizens at the Hicksville Junior High School Auditorium for February 3rd at 8:00 P.M. Petitions opposing the downzoning are now circulating

throughout Hicksville, according to Mrs. Immesberger, except for a small northern area which she hopes to have covered soon.

In addition, Mr. Immesberger has composed a letter which is planned for distribution this week within a 4-block radius of the subject property announcing the formation of the organization "Society to Preserve our Town (SPOT)," giving facts on the petition, and stating reasons for opposition.

These reasons include parking and traffic congestion on Lee Avenue which provides the only ingress and egress to the subject property and which Mr. Immesberger believes is not wide enough to accommodate the traffic. Other objections include concern for children walking to the Lee Avenue School, and the fact that all other houses in the area are single family dwellings.

The letter absolves Giese Florist from any criticism in the matter. Mrs. Immesberger said that she has received about 60 telephone calls per day since the initial meeting on January 23.

## Fairchild Withdraws Jericho Petition

The petition of Fairchild Camera & Instrument Corporation to "release certain covenants and restrictions and to cancel the declaration imposing said restrictions" for a parcel of land on Robbins Lane bounded by the Northport Board of the Long Island Railroad was withdrawn Tuesday before its scheduled

hearing by the Oyster Bay Town board.

A telephone check with the Fairchild public relations office in Syosset revealed that the order came from Fairchild's corporate headquarters in Mountainview, California, directed by Frederic Hoar, corporate Public Relations

Director. A staff member said that an opposing petition have been received from local residents, and it was presumed that in the face of the opposition, the petition was withdrawn.

There was no official reason given and no mention of re-submission of the petition.

## PERSERVERENCE

**PERSERVERENCE DOES PAY OFF** - Barry Lebowitz of the Hicksville High School is congratulated by American Legion Post Department Vice-Commander Albert H. Woessner, contest judge, on his victory in the Nassau County finals of the Legion's Oratorical Contest. Looking on are James Braxell of the Hicksville Social Studies faculty, a judge for the contest held at the Hempstead Post and runners-up, Lawrence Schwartz of Long Beach Senior High and Deirdre Basken of H. Frank Carey High School, Franklin Square, competing for the last two years, under the sponsorship of the Charles Wagner Post 421. Mr. Lebowitz was adjudged the winner by Judge Michael Pettito of the Family Court, Councilman George Murphy of Hempstead Township. Mrs. Kay Marzke, Past President of the New York State American Legion Auxiliary. The County oratorical champion will deliver his address again in the Legion District Finals at Walt Whitman High School on February 3.

**WINNERS** in the American Legion Oratorical Contest all did an excellent job in the semi-finals which were held on Wednesday evening at the Charles H. Wagner AL Post in Hicksville. In the left hand picture Legion Commander George Durante congratulates first place winner Barry Lebowitz of Hicksville High School, while third place winner Gerard Koch of Holy Trinity and Mr. Louis Marzke, speech moderator at Holy Trinity look on. In the right hand picture, first place winner Barry Lebowitz is congratulated by the three judges, Herald publisher Sheila H. Noth, Anthony Corri and Hugo Spadaro. The winner will go forward to the finals which will be held next week in Hempstead. Mr. Richard Evers of the Post chaired the meeting.

## Promotion Of Plainview Man

Oyster Bay Town Supervisor John W. Burke cited a background that includes a "quarter of a century of experience" as a key factor in his appointment of a Plainview man, Murray Weingarten, to the important position of Deputy Comptroller in the Town of Oyster Bay.

Burke said the fact that Weingarten, 56, has been employed by the Town of Oyster Bay for 13 years following 12 years with the City of New York, was an instrumental factor in making this decision. Weingarten has most recently been working for Town Comptroller Joseph W. Macedonio as Chief Accountant where he has compiled an impressive record.

Married, with one son and two daughters, Weingarten is a graduate of City College of New York. He lives at 11 Main Parkway.

## In response to NAACP Proposal Planning Commission Says Deal With Specific Parcels, Not Blanket Rezoning

Exclusive to the Herald  
By Nassau News Service

The Nassau County Planning Commission, in a statement issued Tuesday in response to the petition of the National Association for the Advancement of Colored People, recommended that the NAACP request rezoning of specific parcels now controlled by the organization for development of low and middle income groups rather than a blanket rezoning of roughly 50 per cent of the vacant land in the Town of Oyster Bay, as proposed.

The basis for this decision, according to the Planning Commission, is its belief that the "effect of rezoning on a blanket basis... will have an effect opposite to that which the NAACP wishes. For example, 'owners and developers of land rezoned from single residential to multiple housing almost certainly would opt to build apartments for more profitable high rentals, rather than low rental units. Land now available for low or middle income housing would disappear from the market, piece by piece.'"

As noted, the NAACP proposal calls for a rezoning of a "minimum of 20 per cent of the vacant residentially-zoned land" in the town by multi-family housing at moderate densities of 10 to 20 units an acre; a rezoning of a minimum of 30 per cent of the vacant single family-zoned land for lot sizes of one-half and one-quarter acre, or less; to repeal the provisions of the Town's zoning ordinance as they apply to two-family dwellings and garden apartments as a special exception by the Town Board, after a public hearing."

The Planning commission states that its study was made in the light of past reports on housing needs within the County one in 1963 showing that population groups served by apartments would increase by 100 percent by 1970; one in 1969 showing drastic housing shortages; a recent report by the Organization for Social and Technical Innovation calling on municipalities within Nassau County to develop low and middle-income housing and a report by Hortense Gabel entitled "Economic Conditions, Employment and Housing," making specific recommendations for coping with the housing problem.

The Commission also took into account proposals which the commission says it supports, by the County Executive to establish a State Zoning Board of Appeals with power to over-ride local zoning. Mr. Nickerson also proposed reimbursement of local communities, school districts and tax districts by the State for taxes abated in order to make low and middle income housing possible.

Another consideration is that the Nassau-Suffolk Regional

Planning Board is about to make public a proposed master plan for the future development of the two counties, which is expected to allocate to the various municipalities suggest shares of low and middle income housing by type and location.

In another recommendation, the statement said: "The Nassau County Planning commission demands that the Urban Development Corporation use the powers granted to it and come into communities to construct the type of housing needed, and to stop spending its efforts and

money in development 'new towns' that will not solve the current housing problem."

While the report emphasizes that "the need (for housing) is great and the need is urgent," it also states that the "determination of locations for housing is to be made with the relationships and requirements for transportation, health and other services, the protection of our environment, and other matters conducive to the general welfare, and an improved quality of life for everybody, regardless of race or economic status."

## LETTER TO EDITOR

Dear Mrs. Noeth:

I understand that there is a hearing scheduled for the down zoning of industrial property on Feb. 17 thereabouts. The property on Lee Avenue is to be down zoned to allow for the building of low-middle income apartment houses.

As a taxpayer I object to the building of these apartment houses. These apartments will lead to additional taxes since additional schools will need to be built.

Furthermore, it was my intention (when I moved here only two years ago) to live in a one-family housing area. If the area in question is to be rezoned at all it should be done in accordance with the surrounding area. That is, additional one-family residences.

An apartment housing area would ruin the appearance of the neighborhood and contribute to parking problems. Also, shopping facilities which are more than crowded now.

Lastly, since I have discussed this matter with other members of the Hicksville community I am sure that there are many people who feel the same way I do.

It is my intention to make you aware of the feelings of the community.

Thank you.

Yours truly,

(Mrs.) Theresa N. Kay

Editors Note: Thank you for your courteous letter and approach to this problem. You will gain further information by reading our story on page one of this issue of THE HERALD and by attending the hearing which is on Feb. 17th and by expressing your opinion by letter to the Town Board in Oyster Bay. One thing, however, which you will note in the legal notice which covers this hearing, IT IS NOT SUBSIDIZED APARTMENT HOUSE BUILDING, which low income implies, but garden apartments to rent at whatever garden apartment rentals are going for in these days where everything, including rentals are inflationary. THE HERALD will print factual information plus architects renderings if they are available, before the Feb. 17th hearing. And we are sure that those at Town Hall will help you if you have further questions.

## Dear Friends

OBJECTING to petitions to rezone, when handled in an adult, intelligent manner in accordance with the law, is part of our way of life and justly so. As you can see by reading our story on page one, most of the Hicksville residents are handling their objections in this manner. Sad to say, there is always an exception to prove the rule. Late last Friday night, some of Mr. Giese's greenhouse windows were deliberately broken by rocks, and over \$10,000 worth of azalias destroyed. When will we learn to disagree without violence and law breaking?

THE HICKSVILLE COMMUNITY COUNCIL meeting, which we have mentioned to you for the past two weeks, is scheduled for Thursday, Feb. 5th at 8 p.m. in the Hicksville Library. We hope that those who are concerned about the future development of Hicksville will be present so that we can plan together to accomplish this in a constructive, orderly, yet ever vigilant fashion. NEVER HAS THIS BEEN MORE IMPORTANT THAN AT THE PRESENT TIME. Wise guidance now will insure the best possible Hicksville in the future and this is better than crying over the "spilt milk" of a poorly planned community in the future. This takes work by Hicksville residents and leaders who are willing to give the time, first to inform themselves and then to act accordingly. We are willing to do our share and we hope to see many of you on Feb 5th.

Sincerely,  
SHEILA H. NOETH

## Roslyn Bank Assets Up

Assets of The Roslyn Savings Bank increased \$19,750,000 in the past year to reach a new high of \$227,496,000, announced Floyd N. York, president of this Long Island mutual savings institution.

This represents a growth rate of over 9.5 percent since December 31, 1968. Dividends paid to depositors between that date and December 31, 1969 totaled \$9,978,000, or 73 percent of the bank's gross earnings of \$13,667,500. Depositors were further benefited by the addition to Surplus and Reserves during the year of \$1,908,000, or 14 percent of gross income. The dividends for 1969 were paid on the basis of 5 percent on regular savings and 4 1/2 percent on Day-of-Deposit to Day-of-Withdrawal accounts.

In addition to these savings accounts, Roslyn now offers Savings Investment Certificates as high as 6 percent per annum for periods of two years. Roslyn accounts are now insured to \$20,000 by the Federal Deposit Insurance Corporation.

Mortgage, student and other loans gained 11.4 percent to reach \$177,236,000.

The Roslyn Savings Bank maintains three offices: Roslyn, Farmingdale and West Hempstead.

## Ramblin' Rose

By Rosemary Walsh

This past weekend brought to mind that I've been keeping you posted on my ramblings all about—but one part of ye olde recreation office I've been neglecting is the community use of school facilities.

Through the cooperation of the Buildings and Grounds Department we really had a lot of successful programs. In addition to our usual weekend activities that include teen center, cub packs, boy scouts, girl scouts, church and P.B.C. affiliated basketball, Nautical Cadets and special programs on Friday evening. Comes Saturday we have the morning elementary centers and teen sports program and the children's theatre (which is rehearsing the Wizard of Oz). In the afternoon the basketball leagues once again move into every available gymnasium facility in the district. This Friday evening and Saturday also had the added hosting of two little League Registrations one of whom had Ed Kranepool as their guest. On other Saturdays we also have special fund raising games, dances. Sunday are usually quiet except when we have concerts by the Symphony Orchestra, the Chorus or the Recorder and of course the Sking.

Monday through Thursday brings out many of these same groups plus many others. They move in immediately after school. Elementary intramurals, cub packs, brownies, scouts, campfire girls, pre-schoolers, the Hellenic Association, film workshop, boys' choir, recorder rehearsals and others fill the gymnasiums, class rooms, auditoriums and all available square footage. This happens along with regular school club and athletic activities.

A small quiet ascends from about 5 P.M. to 7 P.M. It is not an absolute quiet, some programs are still humming on. At about 7 P.M. it all starts up again. In comes adult education and regular school extended activities such as varsity games, play rehearsals, and P.T.A.

### Plainview-Old Bethpage High School News

Mid-term week is over now, but it should take at least another week before things settle down to normal again. The school term is half over and, for the seniors, the high school "home stretch" is in sight.

On Friday, January 23, both Plainview's varsity and junior varsity basketball teams were successful in defeating Great Neck South. Star for the varsity team was John O'Reilly.

On the same day, Plainview's swim team vanquished Westbury 86-9. Kevin Priestly broke both the league and pool back stroke records by posting a time of 56.0 for the 100 yards. Coach Charles Schlegel says that this is his best team yet. Plainview is undefeated this season and is looking for its 9th consecutive championship in its division.

On Jan. 10, Plainview High School held its first "Open House Program" from 8:00 to 10:30 p.m. About four hundred and fifty students spent this Saturday night enjoying one or more of the various activities: swimming, basketball, volleyball, dancing, full length movie, "Coffee House," etc. Admission was free. The students had a great time and the event was a success.

meetings. The recreationers also come back for more basketball, floor hockey, orchestra and choral rehearsals, special meetings and other unanticipated happenings. This continues right up to 11 P.M. At that time I am sure the custodians say a silent prayer of thanksgiving as they lock the doors and steal away for

a few hours of rest.

It's a big package and requires a lot of cooperation and communication. Volunteers who accept responsibility, custodial personnel, and recreation leaders and office must all pull together to make it all fit. And that's not ramblin' it's more scramblin', loves ya.....

## Joyce Road School Presents Concert

This week the Junior Chorus (Level 4) and the Advanced Band will be performing for the parents and for the boys and girls of the Joyce Road School. The performances will take place on Tuesday and Wednesday at 9:45 a.m. and also on Wednesday evening at 8:15 p.m. The Advanced Band is directed by Mr. Robert Keating and the Junior Chorus by Miss Carol Eshelman.

Among the songs presented by the Chorus will be Selections

from "Oliver" by Lionel Bart, "All Through the Night" a Welsh Lullaby, "The Irish I Am" and other music from the British Isles.

The Advanced Band will play, among other selections, "By the Time I Get to Phoenix" by J. Webb, "Skip to my Lou Cha Cha" by R. Stein and "Scarborough Fair" by H. Leonard.

### • Up to double the mileage

With the belt placed directly under the tread to prevent squirm, you get a substantial increase in mileage... up to 100% over some conventional bias tires.

### • Unbeatable traction

Belted construction keeps the tread elements open on the road surface (unlike conventional bias tires) thereby providing excellent traction on both wet and dry pavement.

### • Raised white letter styling

Modern, smooth sidewall design with raised white letters enhances the appearance of your car.

### • Easy handling

The strong belts hold the tread firmly against the road, providing easier cornering and better all around handling on curves at turnpike speeds.

# The Villager

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

Organizational, community and general interest news should be submitted typewritten or printed, double-spaced, in duplicate. Either drop off or mail to Editor, 13 Millpond Street, Jericho. Deadline for insertion Monday noon. Telephone WE 8-1965.

## Petition Withdrawn By Fairchild Camera

The Fairchild Camera & Instrument Corp. announced this week that it is withdrawing its petition to rescind certain covenants and restrictions on land it owns adjacent to Robbins Lane and Birchwood Park Drive. Although this withdrawal is not permanent and the application may be renewed at a future time, Fairchild has stated that it would not present any petition for such a change before conferring with the residents of Birchwood Park who would be affected by such changes.

It is certain that this withdrawal is due largely to the sustained efforts of many homeowners in Birchwood, many indirectly affected as well as

many more directly affected by the proposed changes, in opposition to this application by Fairchild. The rapid formation of a Jericho-Syosset Citizens Committee; the writing of many letters to responsible town officials and others; the signing of petitions opposing the changes; numerous telephone calls to residents to attend the hearing which was scheduled for January 27th at Town Hall; all these played a role in Fairchild's decision to withdraw its application at this time.

The Steering Committee of the Jericho-Syosset Citizens Committee wishes to thank everyone who gave of their time as well as pocketbook in this cause.

## Jericho Little League Will Operate In 1970

A meeting held Thursday night, January 22nd, at the Cantigue School achieved the results originally sought by officials of the Jericho Athletic Association when fliers were issued last week asking the community to "Help Save the Jericho Little League." Sig Levine and Elliott Marion, outgoing President and Vice President respectively, conducted the meeting which drew a satisfying turnout of parents and guardians of potential Little Leaguers, including a surprisingly large number of mothers.

Most of the problems, which might have forced the league to shut-down operations in 1970, were solved when the required number of volunteers were secured to form the nucleus of administrative personnel to serve under incoming President

Bob Brunner. These officials will now devote their time and efforts toward player registration, formation of league divisions and game schedules, recruitment of sponsors, purchase of equipment, procurement of umpires, and the myriad of paper work required to properly operate a chartered Little League in Jericho.

In 1969, over 400 boys participated in league play; officials foresee at least that many for this season. Registration of players will probably start next week.

## Ten Pin Talk

by

Henry Dockswell

Last week we were unable to do Ten Pin Talk and it turned out to be the meeziest session of the entire year, 22 games of 200 or better were fired, the largest production of the year, and the first triple was fashioned by our leading bowler Buddy Flanders. Four other men threw doubles and this hasn't happened in the last 2 1/2 years.

Buddy plastered the pins with a vengeance. He was probably still steamed up about Sunday night (he complained bitterly that the Sunday night mixed league was starting too late, and he was right) but he waited a day before venting his wrath. He started with a 201, leaped to a 236 and steamrollered to a 245 and a 682 series. His name is not listed on the sheet for Hi Series because he holds the record for Best Average with a very pretty 189.

Murray Sussman was the best of the doubles men. He cracked a 239, a 216 and a 189 for a 644 series. If Buddy should slip from the Best Average seat he will claim the Hi Series with his 682 but until then it belongs to Murray. Unless of course one of the other guys goes on a tear. Leo Geyer 202 and 214, Lew Marks 201 and 206 and Dave Dembart 203, 201 rounded out the doubles foursome.

We also had the biggest game of the year. Herb Brody (this week minus his beard) boomed a 256 and took over the Hi Game spot from Phil Wasserman and his 255.

This week the league was more subdued and mannerly. There was one dainty double thrown by Burt Benjamin (he threw one last week too, a 214) and he beamed

January is here and with it comes your annual B.C.A. Membership dues bill. Your response to this might be "Why should I continue to support this organization?" We think there are many good reasons for your continued support.

There is, of course, the regular list of benefits which B.C.A. Members continue to enjoy: Our excellent contracts with fuel oil suppliers-participating members not only get low priced, high quality service, a very low priced "full coverage" contract, but also have their annual dues paid by the oil company; A great Spring Dinner Dance, heavily subsidized by the Civic Association; The Villager; The Men's Bowling League; Support of your local Blood Bank; and through your Board of Directors and its committees, your interests are actively presented to the School Districts, Library, Districts, and other regulatory agencies which affect the quality of life in our community.

However, we feel that this year, and in the years immediately to come, there is another even more important

all over as he led the Mill Hoffmans to an 11-0 victory over the Bernie Kaplans and 1st place for his teammates.

Best game of the night was thrown by Silent Phil Roggen who gingerly tossed a 222. His Captain, Red Karbel, joined him with a 203 and the two of them led the Karbels to an 11-0 win over the hapless Sid Sachs'. The Karbels went from 13th to a tie for 4th while the Sachs' fell into the cellar.

Here are the repeaters, guys that threw good ones in each of the last 2 weeks: Herb Brody a 211 this week, Buddy Flanders a 203, Bill Kellerman a 208 last week and a 202 this time and Mel Corwin a 209 last week and a 202 as his latest.

The following broke through that 200 barrier at least once in these past two sessions: Lou Viadim 241 (this is a big game but overshadowed unfortunately by the other show-offs), Bernie Grill 223, Jerry Leigh 212, Les Shauman (need any beds) 207, Norm Ney and Sid Lang 206 each, Ed Roseman 204, Fred Rothman 203, Irv Simes 202, Fred Switzman, Sid Simon and Charlie Smith 201 apiece and Hy Shapiro 200.

reason for you to participate in your Local Civic Association. The pressures for change of our environment continue to mount. And it is through an active and aggressive Civic Association that you, as an independent homeowner, can best resist those pressures which would have an adverse effect on our community as a place to live and raise your children. We do not wish to imply that all change is necessarily bad. Your Civic Association has actively supported changes, such as the First National City Bank Office Complex to the Northwest of Jericho Turnpike and Broadway, when these changes offered the community advantages which heavily outweighed the loss of suburban character which occurred. However, changes such as the conversion of the Jericho Country Club property to a major office center, the removal of the restrictive covenants on the Fairchild Camera property, the construction of an office building on Broadway at North Marginal Road, offer heavy deterioration of our community environment with but small benefit, and, hence, have been vigorously opposed by B.C.A. and other

neighboring Civic Associations.

The attempts to downzone, both within the immediate vicinity of our homes and elsewhere in our school districts, will continue at a fast pace and with increasing vigor in 1970. With your continued support, B.C.A. will continue to oppose those changes which would make "The Village of Birchwood Park" a less desirable place to live and, conversely, we will work in concert with those groups who propose constructive changes to improve life for all the residents of Jericho-Syosset.

B. C.A. dues, fifteen years after the formation of B.C.A., remain at \$5.00 per home. While the price in dollars of membership has not gone up, we do ask more of you. Sending in your check is no longer enough. We ask that members, who do not wish to participate to the extent of Board or Committee Membership, give us at least 10 minutes of your time once a year. With this 10 minutes and your conviction that B.C.A. is worth supporting, we ask that you convince a neighbor who is not now a member that B.C.A. deserves the support of every homeowner in Birchwood Park!

## Parents To Assist In New Reading Program

Making reading instruction more meaningful to students is the goal of a new project in which several parents are assisting Mrs. Harriet Libstag, reading teachers for the Cantigue and Jackson schools.

In an effort to aid children overcome reading difficulties both in school and at home, Mrs. Libstag is working with four parent committees to prepare sets of materials which will strengthen youngsters' understandings.

Mrs. Lila Rosenberg, Mrs. Esther Mohr, Mrs. Anne Cincinnati, Mrs. Jackie Bergman, Mrs. Janice Strell and Mrs. Judy Baker have been willingly preparing the assortment of materials designed to aid pupils in better seeing, hearing, touching and tracing.

One parent group is taping social studies units and supplementary books, in order to assist pupils in hearing information, thus improving vocabulary and understanding ideas. Another group is making sandpaper letters which help children feel letter forms in order to improve spelling, penmanship and reading. Sets of alphabet cards produced in script and block letters, are also being used by students. A fourth group of parents is preparing sets of corrugated stencils, including geometric shapes and letters, which students can trace and group for improved skills.

Mrs. Izza Birnbaum, Mrs. Florence Gould and Mrs. Ronnie Barr are other mothers who have volunteered to assist Mrs. Libstag.

## Jericho Students To Perform At Festival

Jericho High School's Music Department is pleased to announce that sixteen Jericho students have been selected to perform at the 1970 Junior High Music Festival to be held on February 6th and 7th at the John F. Kennedy High School in Bellmore, N.Y. This annual All-Country Festival is sponsored by the Nassau Music Educators Association.

Jericho's representatives are: Instrumentalists: Janet Dwozkin - flute, Robert Goldberg - drums, Marc Mussman - baritone horn, Linda Levinson - violin, Jacalyn Slinger - violin, Rita Krausser - cello, Keith Lerner - string base and Amy Korsen - string bass. Chorus Members: Liba Fiedler, Karen McBride, Marilyn Blanc, Lori Levine, Jonathan Hirsch, Mark Schachner, Alan Morrow and Glen Senk.

## Resident Engaged

Shirley and Nat Warren of Flower Lane announce the engagement of their son, Mickey, to Phyllis Lynn Paltrowitz of Elmira, New York. Phyllis has finished her undergraduate work at Boston University in 3 1/2 years and is now taking credits towards her masters in special education. She is a member of Phi Sigma Sigma sorority.

Mickey, salutatorian of Syosset High's class of 1965, is a graduate of the Massachusetts Institute of

Technology, having completed his work in 3 1/2 years. He has gone on for his masters, and is presently pursuing his doctoral program at MIT as a National Science Foundation Fellow. Mickey has been involved in many extra-curricular activities. In addition to being editor of the school newspaper, The Tech, he is also a member of Alpha Epsilon Phi, having been Master of the fraternity last year.

A June marriage is planned.

## HIGH STYLE

by Arturo's

A manicure lasts longer if you use cushions of fingers to pick things up . . . a knuckle to push elevator buttons . . . a nailfile to unfasten jewelry clasps.

During the Renaissance, brunettes went blonde with a bleach that included sediments of sour wine, lime, saltpeter and saffron.

Fade out late night eye-puffs by brushing white on the shadow cast by the puff (not on puff itself). Then brush puff with a little darker foundation.

Tense? Unwind beautifully by slowly rubbing down shoulders, arms, legs with lubricating cream to untense muscles; get into warm bath and you'll dreamily relax in minutes.

New trick that builds conditioner into your shampoo: add half cupful of baby oil to the shampoo. Hair comes out shiny, soft, manageable.

## Expand Zip Code Sorting

The Post Office Department will expand mechanized ZIP Code sorting this year, Postmaster General Winton M. Blount announced today.

The use of ZIP Code for mechanized letter sorting has proved successful in Milwaukee and will be used in Detroit, Houston, Philadelphia, Los Angeles, Long Beach, Chicago, Dayton and Oakland, the Postmaster General said.

ZIP Coded keyboards will be installed on the big letter sorting machines in those cities. The letter sorting machine enables 12 clerks to sort up to 36,000 letters an hour. However, without the ZIP Coded keyboards, the clerks have had to memorize sorting schemes.

As a result not all of the 277 destination bins in the letter sorting machine were utilized. With a computer doing the

memorizing, all 277 bins can be used.

The ZIP Coded keyboard has 10 keys, one for each of numerals 0 through 9 plus piggyback keys that contains the first three digits of commonly used ZIP Codes. The operator merely needs to look at the ZIP Code on the letter as it is flashed by in order to key it to the proper destination bin. Under the old system, the operators had to be extensively trained to know which bin to key to.

High usage of the ZIP Code in

addresses is one reason for the expanded program. Further mechanizing of Mr. ZIP will be implemented as the public increases its use of the five digit code.

The Milwaukee experiment has shown that the error rate for ZIP Code mechanized sorting is significantly lower than for conventional machine sorting. Further, many of the 25 percent of the non-ZIP Coded letters are being sorted as the operators use their own knowledge of the Code to key the letters.

In Detroit, four of the letter sorting machines will be given ZIP'd keyboards, while two machines will be so equipped in Houston, Philadelphia, Los Angeles, Chicago, and Oakland. Dayton and Long Beach will have one machine with the ZIP Code keyboard. The Oakland machines will be located in its new facility which will open shortly. The Long Beach machine will be installed later this year.

All of the other machines are already installed and operating and need only be converted.

Hicksville High found two allies at MacArthur and put them both to use as it retained some hope to salvage the 1970 basketball campaign with a 64-55 victory.

Rich Miracola was rediscovered in the left hand corner and before the host Generals could reorganize against him he zipped in 14 points in the first period.

That flourish sprung Hicksville to a 22-9 advantage at the quarter. The Orange and Black repulsed all attempts to erode the lead by employing skill at foul line under pressure.

This excellence with the free throws resulted in a 22 for 24 mark on the night and blocked the Generals second half drive.

In its four previous losing outings Hicksville completely collapsed at the foul stripe. The Comets missed on the one and one from four to five times in the last two minutes in those losses.

The Hicksville record is now 7 wins and 4 defeats on the season. In league play the mark is 3 and 2.

The strong board work of Center Don Massey kept MacArthur at bay for a long time

but with 1:24 remaining the Generals closed to 58-54. With the showdown at hand all the night's good work was saved as Rich Berg popped in four straight foul shots and Massey canned two more.

The pivotal test of 1970 for the Comet Varsity basketball team comes this Friday night at Plainedge. The Red Devils have the best team in history and are assured playoff competition. Hicksville will have to be at its sharpest to stay in the race.

Our Selection: Hicksville 71, Plainedge 68.

Tuesday Afternoon at Herricks game time is 4:30 p.m. Our Selection: Hicksville 67, Herricks 54.

Hicksville High's Jay Vee rolled to a 70-35 victory on the MacArthur boards at Wantagh. It was victory number ten for coach Ron Quartrini's boys against a lone loss.

STUDENTS Russell Rauf and Frank Pace receive daily individual help in their PROJECT PLAN English class from Michael Brebeny, their teacher. PROJECT PLAN 1st. graders from Woodland Ave. School have spent the week in Washington, D.C. as guest of the National Laboratory for the Advancement of Education.

The 8th grade girls volleyball team of Hicksville finished a winning season defeating Elmont, Port Washington, and Clarke. All the girls did a fine job. Congratulations!

Top l-r Carol Buchman, Heidi Hodgman, Nancy Braemer, Fern Drillings, Laurie Hirsh. Bottom l-r Carolyn Barber, Lois Arnone, Joan Shikowitz, Janice Weller, Shelley Oates.

The seventh grade volleyball team at Hicksville Junior High started their first season off winning 2 of their games against Clarke and Elmont. The girls all worked very hard. An outstanding job was done by Jill Harvey and Janet Travis.

Top l-r: Janet Travis, Nancy Stiehler, Linda Meddis, Janet Petersen, Carla Sepanski, Coleen Fox. Bottom l-r: Pam Bart, Carolyn Peinisl, Karen Jablonski, Sue Hirsh, Jill Harvey.

## LWV To Discuss Zoning

A discussion on the recent zoning proposals for the Town of Oyster Bay will be held on Wednesday evening, February 4th at 8:30 p.m., at The Holy Trinity Episcopal Church, Old Country Road and corner of Jerusalem Ave., Hicksville.

The League of Women Voters of the Town of Oyster Bay invites the public to attend.

## To Exchange Students

On February 3rd, Plainview-Old Bethpage Jr. High School is exchanging a cross-cut of twelve ninth grade students who represent a broad spectrum of interests, abilities, etc. They will be exchanging places and following the schedules of twelve ninth grade students of Jericho Jr. High School who will in turn have sent students here.

This is done with the purpose of attempting to find the concerns, issues and problems that ninth grade students face in a neighboring district in order to learn how a neighboring school may have solved similar problems.

## Women's Republican Club Installs

Republican leader Jerry Trotta installed the Board of Directors, officers and then the president (his sister) of the Center Island Womens Republican Club at their regular meeting held last Wednesday at the Old Country Manor in Hicksville.

Mrs. Angela Sotallaro was installed for her second term as president, Nancy Trotta as vice-president, Ann Dietrich, treasurer, Helen Marcantonio, recording secretary, Lydia Zeberovich, corresponding secretary, Mary Mageean, financial secretary and Carol Malm, sgt.-at-arms. Installed on the Executive Board were Bea Jeanson, Emily Miller, Martha Corcoran, June Caporale, Helen Kunz, Dorothea Spadaro, Ruth Hanneman, Helen Alonge, Belle Malm, Marge Myerhoff, Hannah Gray, Marie Maglietta. A delicious buffet followed, with cakes, baked and decorated especially for the occasion.

## Manetto Hill P.T.A. Presents What Is Dance?

The Manetto Hill School P. T. A. presented another in its series of cultural programs for the children. The audience of youngsters from kindergarten through third year sat enchanted by the smooth and graceful dancing of the Nassau County Dance Association in their one hour program entitled, "What is Dance?"

The varied program included a much lauded and applauded circus presentation, all in music and dance, called "Under the Big Top."

"The program was thoroughly enjoyed and enjoyable, so much so that more cultural events of this type are being planned for the Manetto Hill Primary School," said a spokesman for the P.T.A.
