Junior High PTA To Hold Drug Symposium Feb. 9

The public is invited to attend a symposium sponsored by the Hicksville Junior High School PTA. Feelings there is no parent in our nation who can afford to be less informed than his children about drugs, the program promises to offer insight and knowledge about a problem that is insidiously spreading among us.

Mr. John Imhof, pioneer in the drug education field and presently the Drug Education Coordinator for the Lynbrook School System will conduct the program in the Junior High

Auditorium February 9, at 8:00 P.M.

Mr. Imhof will bring his unique and considerable knowledge of children and drugs together with the father of a former addict who will add his knowledge from personal experience.

"We promise that this is not just another Drug Program. We know that the impact of this program is so profound, that we feel obligated to share this opportunity with the entire community," said Mrs. Robert Oldenborg, PTA Program Chairman.

H.H.S. Forming Chapter American Field Service

Hicksville High School has formed a student chapter of American Field Service, an international scholarship organization, under the auspices of Mr. James Jones, Assistant Principal, and Mr. Charles Arnold, Choral Director. The adult chapter has also been formed, but is still looking for people interested in international student exchange. The students are carefully selected by the AFS international committee on the basis of scholarship, personality, and ability to give and take on a cultural basis. They come from all over the world, and represent the languages and cultural differences of some seventy

countries. These carefully selected seniors come to live with a private family in the community for one school year, and attend the local high school.

The next meeting of the adult chapter will be held on February 10, at 8:00 p.m. at the home of Mrs. Eli Greenstein, acting President, 90 Ketcham Road, in Hicksville. This meeting is most important, since during the month of July, for one weekend, the town of Hicksville has been selected to be a "host town" for a busload of forty foreign students who have completed this past year in the United States in the area of Western Pennsylvania and Upstate New York.

Founders Day Dinner

The seventeen annual Founders Day Dinner of the Hicksville Council of PTA units will be held on February 26, 7:30 p.m., at the Holiday Manor, Hicksville Rd. Bethpage. The Dinner Chairman is Mrs. John McManus. The Toastmaster is Mr. Robert Whearty, Principal of Dutch Lane School. The Honored Guest of the Hicksville Council is Mrs. Aaron Stein, well known to our community for her consistent and valuable service to children and youth. Each unit will also have honored guest from within the unit. The guest list is as follows:

Holy Family Area Affected

Local Residents Opposed To Proposed Agway Center

A proposal of Agway, Inc. to establish a garden supply center in an area of Hicksville zoned only for residential purposes was strongly opposed at an open meeting of the Holy Family Parish Council held last week. The grounds for such opposition were further set forth this past Monday evening at the first meeting of an ad hoc committee established to discuss the matter and to plan action.

The parcel of approximately 3 acres, with 435.62 feet frontage on Newbridge Road is now owned by Frank Wettreanu, who has a small farm and greenhouse on the property and sometimes operates a roadside vegetable stand to sell his produce. The property is surrounded on three sides by property of the Holy Family church and elementary school. Present use of the property is permitted even though not in conformance with the town zoning requirements since it pre-dates the adoption of the Building Zone Ordinance of the Town of Oyster Bay, which

was adopted in 1929.

Application was made on behalf of the present owner for a "use variance" to construct and maintain a garden supply center "as supplement to an existing non conforming use". The applicant's position is that the property has been used for the cultivation and sale of vegetables and flowers for over 40 years, and that the intention of the prospective purchaser is to demolish the old and shabby buildings now there and to construct "an attractive building and new greenhouse" to replace the three that are there. Mr. Wettreanu indicated that the application was made due to "practical difficulty and unnecessary hardship".

The plans filed by the applicant show that a 27,000 square foot warehouse and depressed truck area is to be placed nearest to the southeast corner of the property, with a smaller retail store and greenhouse to be on the side of the property nearest Newbridge Road. Plans are for parking

facilities for 310 cars. The plans show that the warehouse would come within 15 feet of the church property and that the depressed truck area would be directly west of the school building.

After a hearing on January 8th, by the Board of Zoning Appeals in Oyster Bay the matter was placed on a reserve calendar to afford the applicant to submit further documents, with request made that a plan by a landscape architect be submitted and a plan showing traffic plan and layout of parking also be submitted.

The Nassau County Planning Commission had reviewed the matter and had adopted a Resolution recommending disapproval of the application on the grounds that:

a) approval would establish an adverse pattern of commercial development.

b) the area is primarily residential, and the proposed use would adversely affect those

Overwhelming Response To Lee Ave Citizens Appeal

Exclusive to the Herald
By Nassau News Service

The Hicksville High School Auditorium was bursting at the seams on Tuesday night with an estimated 500 jamming the 400-seat room for the meeting of the ad hoc citizen's committee called SPOT (Society to Preserve our Town) organized to combat the downzoning of a nearly 7-acre parcel of land on Lee Avenue to E-1 Apartment House district for the purpose of constructing garden apartments. The public hearing is scheduled for 10 A.M. on February 17 at Town Hall in Oyster Bay.

Emil Immesberger, chairman of the committee, of 14 Farm Lane, said he was "greatly overwhelmed" and that the response was "beyond my expectations."

Officers of SPOT in addition to Mr. Immesberger are: Tom Kosta, of Brook Street, vice chairman; Anthony Cannizzaro,

of Farm Lane, Treasurer; Mrs. Mary Kosta, recording secretary; and Mrs. Lee Dell Hughes, corresponding secretary.

Speaking at the meeting in addition to Mr. Immesberger were Lawrence Wolfson, an attorney, of Barry Drive, Mr. Joseph Giordano, of Marshall Lane, Westbury, was introduced to the committee as legal counsel. Councilman Lewis J. Yevoli, of Old Bethpage, was present to answer questions on subjects dealing with zoning.

Mr. Immesberger emphasized that an attempt to present all sides of the question had been made in an effort to squelch rumors regarding the downzoning petition. He said that he had been in touch with Charles J. Cronin, of South Farmingdale, attorney for Jerry Spiegel Associates, petitioner, to invite him to the meeting and requested from him an architect's rendering of the proposed apartments and a plot plan. Mr. Cronin

sent the plot plan, but decided not to attend.

A petition was prepared at the meeting for presentation to the Town Board requesting that the time of the public hearing be changed from 10 A.M. to 8 P.M. on February 17th, and that the place be changed from Town Hall, Oyster Bay, to Hicksville High School.

In raising money to challenge the petition, it was suggested that \$10. would be a suitable contribution for each interested family, but that more or less could be given if wished. There was no lack in enthusiasm in donating the funds. Some planned to send their checks at a later date to Treasurer Anthony Cannizzaro, of 10 Farm Lane. Giese Absolved

Mr. Immesberger absolved Mr. Giese, of Giese Florists, fee owner of the 6.924-acre subject parcel, of which Jerry Spiegel Associates is the contract vendee. He stated that Mr. Giese had every right to sell and that he wished sell because of lack of help in his wholesale florists business. By the same token, Mr. Immesberger said, the citizens had an equal right to combat downzoning.

Jerry Spiegel Associates proposes to erect 112-unit garden apartment, with rents planned at the \$200. to \$300. per month range, according to Mr. Immesberger. Planned are 16 efficiency apartments, 62 one-bedroom apartments and 34 two-bedroom apartments. Parking will be provided for 160 cars.

After the meeting, Mr. Immesberger said he felt it was a "huge success." He added "We have indicated our aims would be to make every effort to combat downzoning in Hicksville and may also assist in its improvement. Mr. Immesberger is Assistant Manager of the New York Stock Exchange.

Spring Concerts Set For Hicksville Library

On Sunday afternoon, February 8, at 3:00 p.m. the Hicksville Public Library will present the first of its Spring Music Series Concerts. Phil Evans will appear as guest artist in a piano concert.

Mr. Evans, who studied in Florence under Pietro Scarpini and Luigi Dallapiccola on a Fulbright Scholarship, is on the faculty of the Manhattan School of Music. He holds a Bachelor of Music degree from Michigan State University and Bachelor of Science and Master of Science degrees from the Juilliard School

of Music in New York.

The program will include three "Preludes" by Debussy; Beethoven's 'Sonata in f minor opus 57'; Schumann's 'Fantasy opus 17' and Liszt's 'Transcendental Etude in f minor'.

The three remaining programs of the series will be March 1, the Naomi Drucker Trio, March 22, Beverly Norris in a vocal concert, and April 12, Barbara Kuperberg in a piano concert. All the Library concerts are held in the auditorium at 3:00 p.m. on Sunday afternoons. The public is always welcome to attend the Music series.

Burke Says NC Planning Commission Should Resign

Oyster Bay Supervisor John W. Burke today called for the immediate resignation of the 5-member Nassau County Planning Commission for suppressing a staff report on the NAACP zoning demands before the Town and issuing its own report that ignored the findings of the staff study.

Burke, brandishing a copy of the secret report that was disclosed by two daily newspapers, told reporters at a crowded press conference, "It is shocking to learn that the Commissioners, who supposedly offered some sound advice on the fine art of zoning, have dealt instead with the fine art of expediency and compromise."

Burke accused the Planning Commission of having "sold out the people of the Town of Oyster Bay." He added, "They have sold out the people of Nassau County. They have sold out the cause of proper and professional plan-

ning. Their effectiveness terminated with the termination of their credibility."

"I, therefore, call upon each and every member of the Nassau County Planning Commission to resign immediately."

Burke said that the Commission had quashed a report delivered to it by its professional planning director, John C. Burdis, whom he described as a "highly respected" professional planner. He said the report contained detailed information refuting the contention of the NAACP and others that the Town had "deliberately" followed an exclusionary policy of large-lot zoning to exclude minority groups and the poor.

Burke issued a statement contrasting parts of the Planning Commission's report with relevant comments on the same items in the Burdis study. "The comparison indicates," said Burke, "that the members of the Nassau County Planning Commission failed to disclose the research of their professional planners and chose instead for some unexplainable reason to disregard the planning staff's facts, findings and conclusions."

"We can assume that the purpose of this suppression was to support, rather than correct or reject, the NAACP position," said Burke.

Burke commented, "One could speculate about their motives. But I charge each and every member of the Nassau County Planning Commission who had knowledge of the staff report and chose to remain silent about it with imprudence, lack of candor and bad faith. That does upset me."

Burke pointed out that the Burdis study refutes the NAACP contention that Oyster Bay governments have "designed" the Town's zoning policy to exclude low- and moderate-income persons and minority groups. Burke quoted the Burdis study as saying, "We find there has been no real activity in the residential category that would make this statement valid." Commenting on the NAACP demand for the rezoning of 50 per cent of all remaining vacant Town land, he noted further that the Burdis report said "There does not seem to be any reasoning behind the selection of 20 per cent of the vacant land for apartments and 30 per cent for 1/2-acre or higher single family densities." Burke added, "In fact, on page eight of his study, in noting that over 70 per cent of the Town's residential land is zoned for 1/4-acre or less, (Burdis) says, 'This to some degree, solves the 30 per cent demand.'"

Burke said that there was no mention in the Planning Commission's report of Burdis' finding that 8,500 school children would be added to the Syosset-Woodbury School District if the NAACP proposal were enacted. He said that the Burdis study projects a \$8.7 million deficit for the school district if such action were taken. Burke added that the area's total property tax in 1967, according to Burdis, was \$6.9 million.

Burke also pointed out that the Burdis report commended the Town for good planning in providing for a balanced tax base. He quoted the Burdis study as saying, "The Town of Oyster Bay has taken considerable zoning actions along these lines... a good planning principle. A Town should be praised for providing a balanced tax base that is properly located."

Burke concluded, "Having the statistics purporting to show the inadequacy of housing efforts in Oyster Bay and other Towns, the commissioners have chosen to ignore them. This is incredibly short-sighted."

Warren Doolittle Appointed To Oyster Bay Town Board

On Feb. 3 Warren M. Doolittle, a 46-year-old Hicksville attorney, was appointed by the Oyster Bay Town Board to fill the vacancy on the Board that was created by the untimely death of A. Carl Grunewald early in January.

Doolittle was sworn in by District Court Judge Francis Donovan prior to the public hearings scheduled for the day. He then joined his fellow Board members as a participant in a three-hour public hearing session.

Town Supervisor John W. Burke, addressing a gathering of 100 friends and public officials, including Hempstead Town Presiding Supervisor Ralph G. Caso, told of Doolittle's extensive background in community projects serving Hicksville where Doolittle has resided the last 15 years. "The brilliant record Mr. Doolittle compiled in 13 years with the Nassau County District Attorney's office -- where he rose to the position of Chief Trial Attorney -- is already well known," Burke said.

Caso, who also addressed the gathering, said he was delighted to be present at the installation of a man of Doolittle's character and ability. "I have been an elected official for 18 years," Caso told the new Councilman, "and one of the most rewarding experiences this service has given me is the opportunity to work with men of ability, integrity and dedication. I know you will fit into this group and I look forward to working with you in the future."

Caso also took the opportunity to praise Supervisor Burke, who serves with Caso on the Nassau County Board of Supervisors. "As Vice Chairman of the Board of Supervisors and as that body's Majority Leader, I would like to tell the people of Oyster Bay that John Burke has been a 'shot in the arm' to all of us," Caso said. "I am sure he will provide the

leadership Oyster Bay needs in the years ahead."

Judge Donovan cited his long association with Doolittle, both at the community level and from his vantage point as a jurist. "As a judge, I always knew that when Warren Doolittle was trying a case it would always be well prepared. I am sure Warren will put this dedication toward hard work to good use as a member of the Board," Donovan concluded.

Doolittle accepted the appointment with brief remarks in which he thanked various members of the Hicksville community which supported him and the members of his family, particularly Lois, his wife of 23 years. Two of Doolittle's three children, Deborah, 17, a senior at Hicksville High School, and Richard, a 9th-grader at Hicksville Junior High, were present at the installation ceremonies. A third child, Jeffrey, 20, is a sophomore at

William and Mary College.

The new Councilman said he looked forward to participating actively in the future of the Town. "No one could possibly replace Carl Grunewald who served the Town Board so well for seven-and-a-half years, but I will make every endeavor to carry on until we reach the high goals Grunewald had set for this Town," Doolittle said.

Doolittle is a graduate of St. John's University (Brooklyn) and St. John's Law School. He was admitted to the bar in June, 1949, and did trial work for an insurance carrier for seven years before joining the District Attorney's staff.

The highly-regarded Hicksville resident is a member of the Nassau County Bar Association, National District Attorneys' Association and New York State District Attorneys' Association.

The Hicksville community also knows Mr. Doolittle as the

founder and First President of the Allied Community Civic Association and for his active participation in charity drives which include the Tri-Parkway District Boy Scout Drive, Levittown-Hicksville Area Cerebral Palsy Drive and the Red Cross.

Doolittle is also a member of the Hicksville Baseball Association (Little League) and founded the Hicksville Athletic Dads' Association which is connected with Hicksville High School. He is a former vestryman of the Holy Trinity Episcopal Church, Hicksville.

Oyster Bay Town Board OK's Incinerator Improvements

Oyster Bay Supervisor John W. Burke today announced Town Board approval of \$5 million in bonds to finance the installation of mandated air pollution controls in Town incinerators and to upgrade plant operating efficiency as part of the Town overall pollution control program.

Supervisor Burke said a substantial portion of the money is

earmarked for the installation of the most modern, sophisticated air pollution controls and instrumentation in Town plants 1 and 2. "Almost half of these funds," Burke said, "will cover the acquisition and installation of air pollution control devices necessary to meet the standards set by a new Nassau County Anti-Pollution Law."

Burke noted that the Town's

two incinerators were constructed before the County had an air pollution regulation. The incinerators were constructed in conformance with State Regulations covering air pollution control which are less rigid than the County's. The remaining funds of the bond issue will be used for necessary

Dear Friends

As you will read on page 3, our newly-appointed Town Councilman is Warren Doolittle of Hicksville. Although at the present time we have not had the pleasure of meeting Mr. Doolittle, we extend to him best wishes for success as a member of our Town Board. We are sure he is aware of the tremendous challenges facing all of us in the Town of Oyster Bay, and in the Hicksville area and we are equally sure with his background, Mr. Doolittle will be a welcome addition to our closest governing body.

It is good to know that, although Giese Florists are not planning to keep their greenhouses and acreage, they still plan to remain in business in Hicksville.

If you haven't already done so, why not pick up a copy of volume one of the planning study for the redevelopment of the Hicksville business center at the Hicksville Library. As we mentioned in our lead article of Nov. 20, it is entitled "Hicksville: A framework For the Future". It is primarily fact-finding, and will be followed by a volume on recommendations sometime this Spring.

It is a matter of record that in the forties, in District 27, West Hempstead, I led the fight for higher salaries for teachers, in the days when their salaries were disgraceful. At the same time, I served for six years on Dist. 27 Board of Education, and helped to make the salary schedules of those days realistic so that we could attract good teachers into our system. I tell you this because I want you to know my opinion is based on some experience. My opinion in the public controversy between the Teachers Association and our Dist. 17 Board of Education on the matter of the dismissal of a non-tenure teacher, is completely with the Board.

Bear in mind that you have elected these residents to our Board of Education to represent you and to see that you receive the best possible quality education for your children and young people commensurate with the dollars you are willing to spend. Bear in mind that there is a teacher shortage and that certainly no teacher will be let go if she is capable, or even willing to learn. . . and bear in mind law does not make it necessary to make these reasons public, which is also fair to the teacher who will be changing positions anyway. The point is that we all know, as does the teacher involved, that there are reasons for this dismissal. And we all know that our administration and our Board are acting for the good of the district, which means, for quality education. The Teachers Associations, on all levels, should address themselves to the many sensible, real problems which face them and not to attempting to make a mountain out of an earnest attempt, within the law, to keep the quality of our children's education on as high a level as possible. Remember, the teacher in question WAS NOT FIRED WITHOUT CAUSE, as the L.I. American Federation of Teachers Council states publicly. Her contract, was not renewed at the time of its termination, for reasons which by law DO NOT HAVE TO BE MADE PUBLIC. I give our Board a complete vote of confidence in this matter. . . because I, too, am for quality education. Also I hope the young lady in question learns by her mistakes which are none of my affair.

Tonight, as you know, will be the first meeting to explore the possibility of a Hicksville Community Council. We will bring you a full report next week, until then, stay well.

Ramblin' Rose

By Rosemary Walsh

Well, this past weekend Hicksville Recreation had a real busy time. This included the Mommas and the Poppas as well as the kiddies and the skiers. First we had our preliminaries in the Elementary Boys Basketball Tournament and before I give the scores and the winners, I'll give you a hint, a certain enthusiastic Principal (namely John McGovern) is wearing a great big grin, so guess which school was one of the winners. You're right—how did you guess. East Street beat Woodland by a score of 18-16, it was a real squeaker. However, we had no doubt they

would make it because their coach Bob Hilsky had to keep his job, after all his boss was keeping his own side rules. Woodland did play very well and as you can judge from the score they are coached by Don Skupinsky. In the opening game Fork Lane, coached by Greg Pisani, won 31-8 over Burns Avenue, coached by Steve Amodeo. In the final game Dutch Lane, coached by Marty Cohen, beat Old Country, coached by Gerry Saul, 24-12. Lee Avenue who is coached by Joe Solosky drew a Bye for this week since they won the Christmas Tournament. I

mentioned the adults earlier, well they were among the most enthusiastic spectators I've ever seen, even the Knicks fans couldn't have out-rooted them. This week we have Lee Avenue playing Fork at 12:30; East vs Dutch at 1:20 P.M. in the Girls Gym of the Senior High School if you're looking for some fun and excitement come on over and watch these little 4-5-6 graders play, they are really cute and accurate. By the way each of these teams has their own adorable cheerleaders, they're worth coming out to see too.

HICKSVILLE RECREATIONS' Boys Choirs performed on the steps of New York's City Hall recently. Their vigor and enthusiasm here typifies recreational activities in Hicksville.

Wisdom For Today

PSALM 121

I will lift up mine eyes unto the hills, from whence cometh my help.

My help cometh from the LORD, which made heaven and earth.

He will not suffer thy foot to be moved: He that keepeth thee will not slumber.

Behold, He that keepeth Israel shall neither slumber nor sleep.

The LORD is thy keeper: the LORD is thy shade upon thy right hand.

The sun shall not smite thee by day, nor the moon by night.

The LORD shall preserve thee from all evil: He shall preserve thy soul.

The LORD shall preserve thy going out and thy coming in from this time forth, and even for evermore.

NEWS ROUND - UP

Dog Licenses

Oyster Bay Town Clerk William S. (Bud) O'Keefe today issued a reminder for all dog owners in the Town to obtain their 1970 licenses now in order to avoid fines.

O'Keefe said his office was required by the New York State Department of Agriculture and Market Law to advise the Nassau County Police Department of the names of all dog owners delinquent in obtaining or renewing licenses for their pets. O'Keefe said a penalty of \$10 would be imposed on delinquent owners.

If you have neglected obtaining a license, O'Keefe suggests obtaining an application which is available at the Town Clerk's office, Town Hall, Oyster Bay, or at the Town Hall Annex, 65 Broadway, Hicksville. Fees are \$2.25 for males and spayed females and \$5.25 for unspayed females.

HICKSVILLE LIBRARY NOTES

The public library budget for 1970-1971 is being prepared by the library staff and Board of Trustees and preliminary discussion will begin at the monthly Board meeting of February 18.

A public library like other public agencies must base its budget on the objectives of the institution. Keeping these objectives always in mind, the budget requests are simply the tools to implement the goals of the library. For example, the book budget is based on the stated policy of the library to purchase materials of maximum usefulness to all the citizens of the District. This means that we conceive of the library as fun-

damentally an educational and informational center designed to serve all taxpayers in their business, education, daily lives, or cultural and recreational activities and provide a source of information on political and social problems. In other words, to make the library "relevant" in the best sense of the word. This is not a simple program, but a fairly ambitious one. It means the library is much more than a friendly neighborhood source of best sellers or detective stories, although these materials are not neglected. It means the library, when it prepares the book budget must, based on past experience and knowledge of community needs, anticipate adding at least

Rabbi To Speak

Sisterhood, Temple Beth Elohim, 926 Round Swamp Road, Old Bethpage, regular meeting, Monday, February 9, at the Temple at 8:30 P.M. Guest speaker, Rabbi Louis Stein. His topic, "Israel as a factor in Jewish-Christian relations." A lively discussion to follow. All are invited to attend.

12,000 new volumes, including about 20 percent of the new non-fiction published each year and several copies of each significant work of fiction. All estimates must take into consideration new programs or directions, replacement of individual titles, filling in gaps in the collection, economic, educational and social trends and issues, and, of course, inflation. Book prices rise 6-9 percent a year along with hamburger, with many of the most popular and useful books in the fields of biography and history rising much faster than that. To offset this is the increasing usefulness of paperbacks that are now making significant titles available in some quantity. These are less expensive, but less durable.

All of these factors and many more are considered when carefully preparing a budget based on a firm set of objectives and policies.

Shutterbugs! Come see the exhibit of photographs from the Mid-Island Camera Club now on view at the Library through the close of this week. On display are some of the best efforts of this local group of serious amateurs who extend an invitation to other interested photographers to join them at one of their meetings. They meet regularly at the Plainview Old Bethpage Public Library on the first, third and fourth Wednesdays of the month at 8:30 p.m. Among their activities, the club sponsors field trips and photographic clinics.

Notice how easy it is to find best sellers at Plainview Old Bethpage Public Library? Wanting to satisfy the demands of patrons for popular new books,

the Library obtains multiple copies of all the big ones. They are available to borrowers at no charge for one week. Continuous effort is made to anticipate what the public will want. It must be working, considering the pleased expressions of borrowers as they pick them off the shelves saying, "This is just what I was looking for."

The Library staff also works with book discussion groups in the community. When informed far enough in advance, the Library may be able to secure sufficient copies of titles selected for discussion for a limited time.

The next adult movie with showings at 7:00 p.m. and 9:15 p.m. will be "Soldier in the Rain," on Friday, February 6th.

Ten Pin Talk

By Henry Dockswell

It was "Bombs Away" last Monday night at Syosset Lanes. For the second time in three weeks the BCA Bowling Bombers equalled their highest production of the season for 200 games. 17 men stepped to the line and 22 times they were right on target. Four of the guys fashioned doubles and two of the four went over 600 in their series!

The team that created the most havoc for their opponents were the First Half Champs, the Leo Geyers. They greeted the Sid Sachs' very sweetly and courteously and then proceeded to annihilate them. Les Goldstein cracked a 219 and a 204 and Cap't. Leo fired a 209 and a 212 for 609 series. When the smoke cleared away the Sachs' lay deeper in the cellar in ruins and the Geyers, by dint of this 11-0 victory, rose from 8th to undisputed possession of 1st place. The marks of the beating are still visible even though they bought us coffee.

High man on the totem pole was a guy that we fondly call "Crazy Louie". We thought of that name last year when Lew Marks went on a tear and for about 5 or 6 weeks he racked up so many 200 games we thought he was nuts. It looks like he might be at it again. Two weeks ago he threw a double and this week he blazed a 207 and a 240 for a 615 series. The opposing Cap't., Julie Gershen, tossed a 214 but it was in a losing cause. The Marks' won 8-3 and moved into a 3 way tie for 4th.

Irv Simes was the last man to

throw a double but his efforts weren't enough to bring a victory to his men. Cap't. Irv heaved a 213 and a 200 but the Red Karbels, led by Marv Kahn's 210, trimmed them 7-4. The Simes dropped to 8th and the Karbels (they finished last in the First Half) rose to the 3 way tie for 4th.

The 1st place Milt Hoffmans got whacked out of the top spot even though Burt Benjamin rolled a 214 and Murray Sussman banged a 209. The Murray Kowlowitzs downed them 8-3 when Fred Switzman came up with a 202 in the rubber game to clinch the series. The Hoffmans had to settle for being part of that 3 way tie for 4th while the Kowlowitzs advanced 2 places to 8th.

The Herb Brodys and the Bill Sussmans started the evening in a tie for 2nd and they ended up the same way. The Brodys, led by Sid Lang's 211, beat the Bill Kellermans 7-4 and the Bill Sussmans did the same to the Bernie Kaplans when Buddy Flanders threw a clutch 213 in the rubber game to keep pace.

We must not let go unnoticed the 230 game that was thrown by Murray "Tiny" Gittelman. Murray hasn't been getting his share of them so maybe this Ten Pin Talk "kiss of death" will work in reverse. Go get 'em Tiny.

Here are the others that rounded out the 200 club last week: Sid Holzman 217, Ralph Diamond 211, Dave Dembart 208, Sid Simon 205 and Norm Ney 203.

Orchestra seats available at \$11.00 each. For information and tickets, please telephone Mrs. Morton Mann at OV 5-1584.

WHO STARTED DAYLIGHT SAVING TIME?

Benjamin Franklin originally proposed the idea in 1784 but Englishman John Willett actually instituted the plan of putting clocks one hour ahead to "save daylight" in England in 1907.

"STAND UP FOR ISRAEL" RALLY AT TEMPLE OR-ELOHIM. Sunday, January 25th, saw almost 1,000 people attend. Over 1,000 pieces of mail and telegrams were sent to the nation's capital, to the President, Congressmen and Senators. Ralph Case, Hempstead Town Supervisor is shown addressing the crowd in the Sanctuary of the Temple in Jericho. To Case's left is Ted Sorensen, Howard Samuels and Rabbi Rubenstein (Midway Jewish Center). Rose (Temple Or-Elohim) and Goldberg (Plainview Jewish Center).

Jericho Student Named Homemaker Of Tomorrow

Senior Elizabeth Bernstein, on the basis of her score in the homemaking knowledge and attitude test taken by senior girls Dec. 2, is Jericho High School's 1970 Betty Crocker Homemaker of Tomorrow. In addition to receiving a specially designed silver charm from General Mills, sponsor of the annual homemaking education program, Elizabeth Bernstein is now eligible for one of 102 college scholarships totaling \$110,000.

From school winners in the state, a State Homemaker of Tomorrow and runner-up will be selected within the next few weeks. The state winner will be awarded a \$1,500 scholarship and the runner-up a \$500 educational grant.

This spring, the 51 Homemakers of Tomorrow representing every state and the District of Columbia, each accompanied by a school advisor, will join for an expense-paid educational tour of Washington, D.C., and Colonial Williamsburg, Va. Climax of the tour will be an announcement of the 1970 Betty

Crocker. All American Homemaker of Tomorrow. Selected from the 51 finalists on the basis of original test scores and personal observation and interviews during the tour, she will be awarded an increase in her scholarship to \$5,000. Second, third and fourth ranking Homemakers of Tomorrow in the nation will also be chosen, and will receive scholarship increases to \$4,000, \$3,000 and \$2,000, respectively.

During its 16 year history, more than seven million young women have participated in the program and scholarship awards, with this year's grants, will total over \$1,700,000.

Speaker on Vietnam At Temple Or-Elohim

At the Oneg Shabbat, Friday night, February 13th, Temple Or-Elohim, Jericho, will be proud to present Mr. Stephen Jacobs who will speak on what really is going on in Vietnam. Mr. Jacobs spent over a year on a tour of duty in Vietnam and worked closely in a psychiatric section in the field. He has some interesting thoughts on the Mei Lai atrocities. He will also discuss the capacity of the South Vietnamese to defend themselves and the general posture of the South Vietnamese

people. Mr. Jacobs will also present slides which he took during his tour of duty. Rabbi Rose will speak briefly at services on the theme, "Portrait of a Preacher" touching on the values of some of the great itinerant preachers who discoursed in Eastern Europe during the 18th and 19th centuries. The public is cordially invited to attend and there will be a question and answer period. Services begin at 8:45 P.M.

Registry Slated For Scholarship Program

Jericho High School students who expect to complete their secondary school requirements and to enter college in 1971 can register now to participate in the 1970-71 National Merit Scholarship Program. Principal Robert Manheimer announced today.

The first step for all students who wish to enter the nationwide Merit Scholarship competition is to take the National Merit Scholarship Qualifying Test (NMQST). The test will be given in the school at 8:00 a.m., Saturday February 14, 1970.

Taking the NMQST is also the first step for students who wish to participate in other scholarship programs administered by the National Merit Scholarship Corporation (NMSC).

NMQST participants pay a \$2.50 test fee.

When his NMQST scores are reported, each participating

student will receive a handbook to help him understand his scores and compare his test performance with that of other high school students across the country. The handbook, which contains information about making college choices and financing a college education, is furnished as a part of reporting the student's test results.

The highest-scoring students in each state will be named Merit Program Semifinalists and will be eligible for Merit Scholarship consideration.

In 1969 Jericho High School had a semifinalist and 16 commended students.

Plainview-Old Bethpage High School News

By Andy Kagan and Adam Strum

Last week at Plainview was testing week as students took various tests required. There were many happy seniors missing from the testing ranks though. They were the proud recipients of exemptions from certain tests due to their receiving a final grade sufficiently high to excuse them.

Plainview's seniors have set the dates for their Follies for Saturday, February 7th and Saturday, February 14th at 8:00 p.m. in the School Auditorium. This year's Follies are extremely funny and such celebrities as Ed Sullivan, Jerry Lewis, and the one and only Elvis Presley will be impersonated by assorted Seniors and will be entertaining. Don't miss it.

The Nassau County Mathematics League (consisting of 61 high schools) has just released its midyear standings. Our school's Mathlete Team is

now 5th among these 61 schools and is only 6 points out of first place - indicating a very close race among the top teams. High scorer for Plainview is Howard French, who is now among the top ten students out of the 515 who are taking part this year. The remaining members of the team are: Seniors: Ronald Cohen, Jeff Pliskin, and Mike Linn; and Juniors: Andrew Borson and Richard Fritzon.

On Friday, January 30th, Plainview's basketball team won its 3rd victory in a row by crushing Garden City 112-78. Larry Summer was high scorer with 30 points. This is the largest score ever compiled by Plainview.

During the month of January, the United Nations Club held a pizza sale. The net profit was \$350.00. This money will be used to send 14 delegates from Plainview High School to the

North American Invitational United Nations Council meeting to be held in Washington, D.C. on February 18th through 21st.

The 14 delegates will represent Belgium and its sub-committees in the General Assembly. They will also represent Uruguay at the ECOSOC (the Economic and Social Council.) The delegates will be accompanied by the two advisors to the U.N. Club, Mrs. Carlson and Mrs. LeMay.

The English Department has embarked on a revised program for Senior English. Each Senior may choose two "special interest" courses for the second half of their twelfth grade. These courses include: Modern Poetry, Effective Reading, Humor and Satire, Mythology, T.V. and the Media, and Argument and Reasoning. This ambitious program should be challenging and successful.

preventive maintenance procedures including the rehabilitation of the furnace refractories in plant No. 1. Additional funds will be used for the installation of air-cooled silicone carbide walls in plant No. 2 to prevent waste with high glass content from adhering to wall refractories which lower operating efficiency and reduce burning capability.

Supervisor Burke pointed out that during his election campaign he called upon the Town "to declare a temporary suspension of heavy financial commitments in our solid waste management program until we have the benefit of expert guidance from Federal and State agencies concerned with this serious problem."

"The evidence is now in," Burke said, "and we have reports from the U.S. Bureau of Solid Waste Management and the New York State Pure Waters Authority which tell us we must go ahead with these improvements. I am satisfied that the necessary rehabilitation and installation of new air pollution controls in these plants will be a major step forward in helping to solve the Town's solid waste problems."

Burke cautioned, however, that the disposition of solid waste is a mounting problem across the country. "The nature of garbage continues to change and contribute heavily to the pollution of our environment," he declared. "I see the long range solution to this problem only if we attack it on a regional basis with the full support and cooperation of the Federal and State Governments," Burke said.

He noted that President Nixon in his recent address to the nation placed heavy emphasis on pollution and environmental control, requesting the Congress to appropriate \$10 billion to help municipalities combat their solid waste disposal problems. Burke said, "I hope the Congress will act with dispatch so that Federal funds can be made available to large municipalities, such as the Town of Oyster Bay, which are struggling to meet the heavy financial drain on their resources to fight pollution and garbage disposal." Burke said he had recently been in touch with Federal officials on this matter and would continue his efforts to get essential Federal and State help to help develop an effective solid waste management program in the Town.

At Fork Lane

The February 10th meeting of the Fork Lane Parent Teacher Association is scheduled to begin at 8:30 p.m. in the school cafeteria.

"There will be a round table discussion on 'Censorship Today'," said Mrs. Sandra Nickerson, the PTA's publicity chairman, "with Father Donovan, Father Cianella and Rabbi Sattlow as guest speakers."

"As usual, delicious refreshments will be served following the meeting," she concluded.

CONDITION YOUR HAIR FOR BETTER HANDLING

Got the hate-my-hair-and-can't-do-anything-with-it blues? If so, don't blow your cool, baby, for instant help is as close as your neighborhood store.

The hateful hair syndrome is usually caused by cold, windy winters and steam heated homes and offices. The most common symptom is completely unmanageable hair that refuses to stay in place or hold a wave. Hand-in-hand with this ailment is dry, brittle, straw-like hair.

If this seems to be your problem, what you probably need is a good, rich protein conditioner applied after shampooing to wet hair.

Toni's Protein Conditioner is an easy-flowing creme in a tube that gives hair more body and manageability, plus the

feel of added strength and thickness. It's the perfect home beauty treatment because it takes only seconds to make your hair come alive again.

After shampooing, simply pat out excess moisture with a towel. Apply the conditioner. Comb through the hair to distribute it evenly, then rinse with lukewarm water and set as usual.

Once your hair is in shape again, try a new post-winter hair style for an added banish-the-blues treatment. You'll find it easy to create an attractive look that will stay in place between shampoos. And if summer sun starts to make your hair dry all over again, remember that an easy protein conditioner treatment will return it to normal.

FEBRUARY IS THE CHERRY MONTH

A bright cherry sauce in the month of February couldn't be more appropriate. Celebrate George Washington's birthday or commemorate National Cherry Month with this sauce. Serve it on all types of cakes, puddings or ice cream.

Cherry Sauce

- 1 (1-pound, 4 ounce) can red sour cherries
- Water
- 1 tablespoon corn starch
- 1/4 teaspoon salt
- Almond extract
- Red food coloring

Drain cherries, reserving liquid. Add water to liquid to make 1 1/2 cups. Mix corn starch and salt in saucepan. Stir in cherry liquid. Cook over medium heat, stirring constantly, until mixture thickens and boils 3 minutes. Remove from heat. Stir in few drops almond extract and red food coloring. Cool. Stir in cherries. Serve. Makes about 2 1/2 cups.

GOLDEN TOUCH OF HOSPITALITY

BY JANE ASHLEY

Winter Pie Good Any Season

Take advantage of a snowy winter day to stay home and prepare this Snow Pie. Although its name implies it is strictly winter fare, the "snow" is actually cream cheese folded into a corn starch pudding.

Snow Pie

- 1 (9-inch) baked pie shell
- 1/2 cup sugar
- 3 tablespoons corn starch
- 2 cups milk
- 1 (3-ounce) package cream cheese, softened
- 1/2 teaspoon vanilla
- 1/4 teaspoon almond extract

Pecan halves

Mix sugar and corn starch. Stir in 1/2 cup of the milk; set aside. Bring remaining milk to boil in 2-quart saucepan over medium heat. Stir in sugar mixture. Cook, stirring constantly, until mixture comes to boil and boils 1 minute. Remove from heat. Add cream cheese; cover and let stand 5 minutes. Add vanilla and almond extract. Beat with rotary beater 1 minute. Pour into baked pie shell. Chill. Garnish with pecan halves and whipped cream.

Hats Off To Abe

February is a month of famous birthdays, among them that of Abraham Lincoln. In his honor we've created a special Stovepipe Hat centerpiece. This version of Lincoln's familiar high hat is made especially for kids - it's edible and party perfect. Puffed rice combined with melted marshmallows, chocolate and butter forms this tasty party treat. So when February 12 comes around this year, create a handsome Stovepipe Hat centerpiece. Then, from top to bottom, White House, it's hats off to Abe!

STOVEPIPE HAT

Makes one hat

- 3 cups puffed rice
- 7 cups miniature marshmallows
- One 6oz. pkg. (1 cup) semi-sweet chocolate pieces
- 3 tablespoons butter or margarine

Heat puffed rice in shallow baking pan in preheated moderate oven (350 F.) about 10 minutes. Pour into greased large bowl. Melt marshmallows, chocolate pieces and butter in saucepan over low heat, stirring occasionally until smooth.

Pour over puffed rice, stirring until evenly coated. With greased hands, shape 1/2 of the mixture to form a 7-inch flat circle. Shape the remaining mixture to form a 7-inch tall cylinder, approximately 5 inches in diameter. Place the cylinder on the circle to form a stovepipe hat.

Nutrition Experts Beef About American Diet

The average American is being nutritionally starved to sky, no matter what his income. That's the report of Jeannette Frank, nationally known nutritionist and food authority, who recently took part in the White House Conference on Health and Nutrition. "Too many people are eating high-calorie foods that are simply 'filling' without contributing to building and maintaining a healthy body," she states.

Miss Frank reports that leading food and medical authorities stress the importance of switching to non-fattening foods. "It applies particularly to heavily fattened meats, which too many housewives don't realize have a high level of cholesterol. That beautiful marbling on an expensive cut of meat means that it's higher in calories as well as in price," she says.

As the author of the new "Modern Meat Cookbook" and the director of the Jeannette Frank Test Kitchens at Adolph's, Ltd., the nutritionist explains, "Meat shoppers can help their families by buying and cooking the leaner, less expensive cuts of meat. And today they don't have to be stewed or pot roasted for hours to make them tender. Adolph's modern instant meat tenderizer and 15 minute meat marinade have made the leaner cuts the

HICKSVILLE HIGH'S basketball team is shown battling under the basket in these excellent photos by Mr. Pasley. Top left finds Joe Zuckerman going up for a two-pointer and to his right Rich Mircola (12) has the jump and the range for another Hicksville goal. Bottom left Sparkplug Rich Berg is high off the floor arching a one-hand push over the defense while Bottom Left the Comets meatticket, Don Massey, 24 goes after another rebound outstretching the pack a gain.

Hicksville High kept its bare breath of hope for a playoff berth alive at Garden City Park, Tuesday afternoon, as it pulled swiftly away from Herricks and rolled to an easy 81-63 victory.

The Comets were still reeling from a 55-44 reverse at Plainedge. That loss sunk their playoff fortunes as it made the league mark 3 and 3 for the first half race.

Hicksville had used a steady ball control to gain a 33-28 lead with three minutes left in the third period. The issued turned however as the Orange lost all composure.

Plainedge rattled off 16 straight points to the Comets lone foul shot. That brought the Red Devils their first basketball victory over Hicksville after 18 losses in a row.

Significant in the Plainedge loss was the illness of Rich Berg. He was used only sparingly late in the fourth period. The comets needed his ball direction, half a dozen scoring steals a game and his ability to drive for the basket.

His absence left a 12-15 point gap in the Hicksville scoring attack.

The sign of command against Herricks came early. In a wild scramble under the nets Joe Zuckerman grabbed the ball and firmly banged in the goal. This sign of determination carried the Comets the whole contest and at one point they lead 76-53.

Zuckerman and Berg each had 16 for the winners. Rich Mircola had 16 and the reliable Don Massey had 13.

The season mark is now 8 wins and 5 defeats.

The playoff quest continues at Farmingdale Friday night. Our selection is Hicksville 82, Farmingdale 64.

As we make the basketball tour for Hicksville's visiting dates we are impressed on just how pleased some schools are with the accomplishment of their graduated athletes.

Such clever innovations as the Alumni Wall in Herricks with the College banners and the names of those ex-Herricks students respectively attending and the photo gallery at Syosset are most interesting.

Such acknowledgements serve to stimulate and impress the present undergraduate athletes and does not submerge athletic and the required scholastic ability in intellectual snobbery.

All Schools at least have banners denoting their league and division championships except Hicksville.

However the Orange and Black can throw out its chest. It is rare in America that one high school will have two of its graduates selected in the pro draft in a given year.

Coach Jim Grantham and the other members of the coaching staff are smiling broadly since Ralph Sonntag of Maryland was selected by Vince Lombardi's Washington Redskins in the ninth round. Adding equal happiness is that the Minnesota Vikings chose Bruce Cerone of Emporia State Teachers, the nations leading small college pass catcher, in the

16th round.

Each former Hicksville star must prove his worth in the July camps but for the first time in history the Orange and Black has not one but two players in the Pro Draft.

The Hicksville Juniors Varsity basketball team posted its 11th win against a lone loss. It was a 54-36 win over Plainedge.

Rich Moeller had 14 points and Bob Malaby had 10. Malaby also had 10 assists in the contest and played an impressive floor game.

Hicksville fans who were expecting Malaby to carry the

Orange banner to court greatness as a varsity member are doomed to disappointment.

The Malaby family expects to move to Detroit this June according to the rumors tagging the Hicksville coaching staff.

Brian Pinelli and Tom Quinn each had nine points for the JV machine and Pete Gaffney locked in with 5 points.

Hicksville Freshman basketball suffered two staggering blows last week as both Thompson of Syosset and Bethpage defeated the Blue in Overtime tussels.

AT BROADWAY

Local Residents Opposed

(Continued from Page 1)

residences by reason of noise and traffic.

c) a garden supply center is an intensive use generating additional traffic on a state highway whose annual average daily traffic is now 15,700 vehicles.

d) the additional traffic will create a hazard in that it will conflict with the vehicles and pedestrians attending the church and pedestrians attending the schools.

The land is now in a "D" residential zone, calling for minimum lot area of 7,000 square feet. Approximately 18 houses could be built on the property if used for residential purposes. Further objections raised at the Holy Family Parish Council meetings, in addition to those set forth in the Nassau County Planning Commission Resolution were these:

e) any storage of fertilizer or manure in the warehouse on the premises could result in an intolerable situation with respect to use of the school for the education of young children or for use of the convent as living quarters for the Sisters who teach in the school. Given a wind from the west, any exhaust odors would head directly for the school and convent and given a north wind they would permeate the church. The convent is barely 50 yards from the warehouse site and the school only slightly further. The odors anticipated would seriously disrupt the ability of the school to function as such and hinder the education of the almost 1200

students in attendance.

f) the heavy trucking attendant upon the use of the warehouse as such (evidenced by the size of the warehouse and the planned 70 feet of depressed area for trucks) would create a serious traffic hazard on Sundays (the business is to be open 7 days a week) when 4,000 automobiles are driven to and from the church and on weekdays would endanger the lives of the young children who walk to and from Holy Family elementary school and the two high schools which are only a half mile from the premises in both directions along Newbridge Road.

g) Heavy anticipated traffic in and out of the proposed parking area would create a serious hazard and danger to the lives of the young children walking to and from Holy Family elementary school and the two high schools mentioned.

h) the nature of the proposed commercial establishment and the proposed 27,000 square foot warehouse is radically different from the present greenhouse and roadside vegetable stand usage, and is not really any "supplement to an existing use."

i) the nearness of the Church parking lot would induce customers to use it for parking when congestion occurs in the commercial lot, to the great hindrance of its use as a playground for the school children during recess and lunch hours and for the parking of

parishoners' automobiles during such hours as Masses are held.

j) additional pollution of the air, by noise and fumes, would occur as a result of the number of trucks and automobiles using the area so close to where the children now learn and play.

k) granting the application would destroy the residential character of the area.

l) great additional traffic is expected on Newbridge Road when Hicksville becomes a metropolitan traffic center as envisioned by the M.T.A., and together with heavy extra usage due to the Agway operation this would create an intolerable situation.

After examination of the record and consideration of all the factors involved, Holy Family Church is putting itself strongly in opposition to the application of the Parish Council, representing the Church and its parishoners, is being sent to the Zoning Board of Appeals and many of the parishoners have expressed a desire to attend any future hearing on the matter to express their opposition verbally and by their presence.

On The Campus

More than 70 of the finest secondary school instrumental music students in New York State have been selected as members of the four week School of Or-

chestral Studies. Among those local students selected are: Edward Fuchs, HICKSVILLE, trumpet; and Paul Smith, HICKSVILLE, tuba.

The Monmouth College Fighting Scots saw some of their toughest competition lately in the Carthage College Invitational Wrestling Tournament at Kenosha, Wis. Among the individuals who stood out for the Scots were once again, George Gilson, of JERICHO. Gilson dominated his weight division, and brought home the only individual championship for the Scots.

Bruce E. Rutkin of 529 So. Oyster Bay Rd., PLAINVIEW, has been accepted for admission in the Business Administration curriculum at Johnson and Wales Junior College of Business in Providence, R.I. He is a graduate of the Old Bethpage H.S.

Ron Boily of HICKSVILLE, is among the 22 seniors completing work for their degrees at Yankton College, Yankton, S. Dakota.

The Nassau County Association of Public School Adult Educators, whose school districts register over 50,000 adults each semester, will hold its 18th Annual Inservice Conference for Teachers of Adults at Hofstra University's student center from 9 a.m. to 12 noon on Sat., Jan. 31.

John M. Ash, director of adult education for the HICKSVILLE

School District and his staff of teachers plan to take part in the conference.

Nancy Russell of 47 Cornell Dr., PLAINVIEW, is one of 139 students from 49 different colleges and universities enrolled in Beaver College's London Semester Program established in cooperation with the City of London College. Miss Russell is a student at Skidmore College.

Sister James Edith, Sister Elizabeth Anne Logan, Sister Grace Angela Mullen and Michael E. Middaugh, and John Reddy, science teachers at Holy Trinity Diocesan High School, HICKSVILLE, and Irwin Stewart, PLAINVIEW, and Robert A. Dornemann of Mine La, science teachers at John F. Kennedy H.S. in PLAINVIEW, have been selected to participate in the 1970 Waldemar Spring Seminar in Biological Research Techniques for High School Teachers.

Dr. Barry Hurwich of PLAINVIEW, attended an all-day seminar at the Barbizon Plaza Hotel in New York City. The subject of the meeting was "Contact Lens Therapy and Optometric Care."

David Weiss of 23 Briar Lane, Jericho, was among students at The College of Insurance, New York City, selected to play on the college basketball team following tryouts.

The team will play in the Downtown Athletic Association League, with games scheduled at Public School No. 2 in lower Manhattan. The league series will culminate in a playoff between the top two teams on March 20.
