Herald Report School District 17 Hicksville

by Shirley Smith

Despite picketing by members of the Hicksville Federation of Teachers and deletion of several agenda items, Tuesday's School Board meeting went ahead as scheduled.

The H.F.T. was protesting the Board's recent dismissal of a non-tenure teacher at the Junior High. William Dean, president of the H.F.T., expressed some of the union's feelings to the Board on the "plight of the non-tenure teachers." He asked the School Board to investigate the method of evaluating teachers in our district - to ascertain whether they were being rated on petty or valid points. He also felt that non-tenure teachers should be granted a hearing before dismissal action is taken. He asked that a committee be appointed to study this whole matter. George Jackson, Board president, said his requests would be considered.

Discussion of Project PLAN, restoration of adequate lay help for schools and curriculum plans were agenda items postponed until another meeting. Mr. Jackson felt these discussions should not be held without the Superintendent. Mr. Abt was ill and could not attend Tuesday's meeting. Board members Harry Kershen and Thomas Muratore objected to the delay of discussion. They felt Administration should be prepared, even though the Superintendent was absent. William O'Donnell said he would prefer an executive session before these items were presented at a public meeting. Neil McCormack suggested closing the schools this Friday, because of absenteeism due to illness. However, Erwin Rozran, Administrative Assistant, didn't feel this was warranted. He said our attendance is comparable to other years, although it may be somewhat lower this month than normal. No action was taken on Mr. McCormack's suggestion - SCHOOL AS USUAL FRIDAY.

The procedure and criteria followed in reviewing this district's instructional materials, as prescribed in Board Policy 2.7, was the major topic of discussion Tuesday night. Administration adheres to Board policy, which states:

"The Superintendent of Schools will recommend to the Board of Education the textbooks, books, periodicals, pamphlets and audio visual materials for use in the district."

These recommendations are the product of various methods of suggestion and review:

1. Recommendations of

teachers and interest of students made known to supervisors or department heads

2. Department heads (or acting heads) review and recommend
3. Supervisors review and recommend
4. Librarians' recommendations

The Assistant Superintendent, Dr. John Cadden, is responsible to the Superintendent for the instructional program of the district and he makes the final recommendations for selection to the Superintendent.

The policy further states: "The primary decision for recommendation by the Superintendent shall be based on whether the material in question has educational value. Although an exact definition of educational value is not possible, primary consideration should be given to its value as a teaching tool and/or reference material."

Dr. Cadden states that in practice this criterion has been faithfully followed.

Accuracy of the material, its fairness of treating controversial and all other issues, and its objectivity are also given consideration before selection for use in the district. Consideration is given to writing and language art skills, even though this is not explicit in the policy.

Due to the controversy at recent Board meetings over selected texts and supplemental reading used in the district, Dr. Cadden said Administration would not object to a review committee, consisting of responsible, mature citizens of the community who would work with the professional staff (more staff on the committee than private citizens.) This committee could review texts and other materials if, after the material has been accepted, a controversy arises over its educational value. Mr. Muratore thinks that the district should have a screening committee. However, Mr. Kershen feels the buck should not be passed to the public: The decision of educational materials to be used in the district is the School Board's responsibility - and it is the responsibility of Administration to recommend the material to the Board.

Mr. Jackson directed Mr. Muratore to rewrite Policy 2.7 to incorporate his ideas of a review committee. This policy change will then be considered and a vote taken at the next Board meeting. Until then, the present policy will be adhered to.

Equal Time for Rebuttal Frank Wettereau Discusses Proposed Agway Garden Center

Exclusive to the Herald
By Nassau News Service

"I want my side of the story to be known," said Frank Wettereau, Newbridge Road farm and greenhouse operator, in discussing application of Agway to install a wholesale and retail garden center on his nearly three acre parcel of land and the objections voiced to the application by the Parish council of the Holy Family Church, which owns the property on three sides of him.

Mr. Wettereau has operated this business at this location since 1920, before the present zoning ordinance, and has continued to operate it under a "non-conforming use" in a residentially zoned area. The application for the garden center, presented to the Oyster Bay Zoning Board of Appeals on January 8th by attorney Ben Shepps, requests a "variance" to construct it as a supplement to its present non-conforming use. The Zoning Board requested further information about traffic, buffer zones and parking, and the matter is now on the holdover calendar for February 19th.

The Holy Family Parish Council had held meetings and promulgated several objections to the proposed garden center, as reported. In countering these objections, Mr. Wettereau said that business would be the best development of his land, since there are no houses adjacent to him and a sump across Newbridge Road. He objected to reports that he was leaving due to "practical difficulty and hardship," saying he owns his place "free and clear" and has no creditors. He is, in fact, planning to start a smaller greenhouse operation in East Quogue, Long Island, because he said he didn't want to "work so hard any

more."

Undesirable for Residences
Mr. Wettereau considers the proximity of the church and 1200-pupil school a liability which would make houses "unsalable" on this property. Not only is the noise of children quite loud during the day, he said, but also he has had trouble with vandalism, with 18 panes of glass broken at once in the greenhouse and a crop of tomatoes trampled. His fence, he said, had been smashed down.

This hearing is set for 8 p.m. on Feb. 19, Town Hall in Oyster Bay.

Further rebuttal by Mr. Wettereau included:

- a) that there would be no truck traffic on Sunday to the proposed garden center, since Sunday business would be retail only;
- b) that fertilizer does not emit an odor which would disturb school personnel or pupils, since

it is always bagged, and that even five and tens sold fertilizer.

c) that an ample buffer zone and fencing was being planned by Agway, and that parking for 300 cars would be more than sufficient.

d) regarding children walking to school, Mr. Wettereau made his own observation on February 9 of 23 children who walked north past his property to Hicksville High School and of only five who walked south to Holy Family School. On a rainy day, he said, no children pass by.

Born, Bred in Hicksville
Born in a residence at the corner of Nicholai and Division Avenues, Mr. Wettereau is a graduate of Hicksville High School. His family first settled in Hicksville in 1867 and for some time ran a bakery at the corner of James Street and Broadway. The tale of hazardous deliveries of bread during the blizzard of 1888 has been handed down from father to son.

Before Evening Hearing

Spiegel Assoc. Withdraws Bid For Lee Avenue Garden Apts.

Exclusive to the Herald
By Nassau News Service

The petition of Jerry Spiegel Associates to construct a 112-unit garden apartment complex on Lee Avenue was withdrawn Wednesday by a letter from Charles J. Cronin, of Cronin & Nicosia, South Farmingdale, attorney for the petitioner.

The letter, addressed to the Town Board of Oyster Bay stated: "After conferring with my client at length I have been authorized to withdraw the application without prejudice so that we may revise our plans and submit at a later time an application which we feel may be more acceptable to the residents of the area."

The withdrawal came after a communication from Oyster Bay Town Clerk William (Bud) O'Keefe to residents in the 300-foot radius of the subject property informing that the Oyster Bay Town Board Meeting

on February 17 would be continued at 8 P.M. that evening, pursuant to a resolution passed "October 24, 1967." The 1967 resolution is evidently to the effect that public hearing times can be changed if a sufficient number of persons sign a petition requesting this change. SPOT (Society to Preserve our Town), an association of citizens organized to combat the Lee Avenue garden apartment petition, had dispatched such a petition after a massive gathering of 500 persons at Hicksville High School on February 3rd.

Emil Immesberger, a resident of Farm Lane, Hicksville, and chairman of SPOT, said: "SPOT has been informed that Jerry Spiegel will withdraw his petition for a change of zone on Lee Avenue, reserving the right to submit a revised application. We understand that the Town Board has been informed by letter that Mr. Spiegel will take this action."

We have not as yet received a copy of it. We do not know what the amended application will contain; however SPOT will remain on the alert for further developments."

Mr. O'Keefe's communication, while dated Feb. 5, was postmarked Feb. 10, Mr. Immesberger said.

Mr. Immesberger was reached by telephone for his statement during a meeting of SPOT's executive committee being held on Wednesday evening.

Sen. Goodell's Aides Attend Hicksville's Project Plan

Miss Alice Tetelman and Miss Patricia Kuiper, legislative assistants in the field of education to Senator Goodell, attended Hicksville's Project Plan demonstration at the Washington Hilton recently. In correspondence with administrators in Hicksville, Goodell's aides said: "We both found it thoroughly fascinating

and extremely well executed. We found ourselves talking about the concept for a long time after the demonstration, and we agreed that the individualized instruction that Project Plan encourages is the optimum in education. . . . The State of New York and especially the town of Hicksville can be proud of your pioneering achievements."

 eadache. This is understandable,
 and I might add that students
 on't particularly enjoy this way
 raising money either. But it is
 ow time that some com-
 ensation for this void be
 ranged, because student
 ctivities are slowly becoming
 orse and worse. In my school,
 tudents are continually forced to
 sponsor fund-raising activities in
 order to finance any project. And
 somehow, dances, movies, ticket
 sales to some production, and
 beer mug sales are inadequate.
 ent activities should
 be the regular educational
 am and provide new ex-
 es for students. Fund-
 g activities do neither. For
 mple, a great Kennedy Week

 ufficient unless extremely high

 but the higher the prices are
 forced to rise, the lower the at-
 tendance at the activities.

I would like to join a small,
 unhesid group who have been
 asking for student activities to be
 subsidized for several years now.
 I appeal to the Plainview-Old
 Bethpage community to support
 a request that \$5000 be allotted in
 the 1970-71 budget for each high
 school's student activities.
 Considering the size of this year's

 reasonable.

Flag Day Bill

A bill to have flag day, June 14th, declared a State
 Holiday has been introduced into both our State Senate
 and Assembly, as follows: in the Senate it is Bill
 Number S 5978, and was introduced by State Sen. John
 Caemmerer. . . in the Assembly it is Bill Number A
 761 and was introduced by Assemblymen Martin
 Ginsberg and Joseph Reilly. This excellent step for-
 ward was originated in the Hicksville Republican Club
 by William Gaborow, sponsored by the Club, and
 followed up by Mr. Gaborow with letters to hundreds of
 our elected officials, not only in New York State but
 throughout our Country, for it is his hope that not only
 will New York State lead the way in this patriotic
 direction, but that our Country will do likewise.

May we suggest that you write to the sponsors of this
 bill in Albany, NY 12224 and urge that this bill be
 brought out of committee and placed before the
 legislature for its approval.

We believe that Mr. Gaborow and all those who are
 working hard to have the day dedicated to the flag of
 our country being made an official holiday, deserve the
 active backing of all who live here and enjoy its
 freedoms and privileges.

School Board Report

(Continued from Page 1)

cepted Administration's recommendations for the award of contracts to low bidders for fire safety work to be done in the district. These contracts were awarded to Sentry Security Corporation, Lake Hiawatha, N.J. for general construction work and to D & E Electric, Inc., Rockville Centre, N.Y. for electrical work. The architect did warn the Board that there may be a hardship with the contract for general work, but because this low bid is such a bargain for the district (this bid was 50 percent lower than all others), it could not be passed up.

Approval was also given for the transfer of unused construction funds (from previous fire safety construction and the revamping of Senior and Junior High science rooms - \$8,423.19) to help pay for the currently approved fire safety work. This work is necessary to implement the fire safety inspector's recommendations.

Tom Costa of SPOT (Society to Preserve our Town) asked the School Board to support opposition to the downzoning of property on Lee Avenue. The downzoning is requested by Jerry Spiegel Associates for the purpose of constructing a 112-unit garden apartment (20 one-bedroom apartments and 80 two-

bedroom apartments.)

Mr. Costa's organization - and many other Hicksville citizens - feel these apartments would add to the traffic problem on Lee Ave. and bring more children into the district, thus creating hardship for our schools.

There is also the issue of spot zoning. Lawrence Wolfson urged the Board to decide now to take a stand against this downzoning - not on all downzoning.

After much discussion, Mr. Jackson said the Board of Education will ask the Town Board to postpone its hearing on this matter - now set for Tuesday, Feb. 17, 8 P.M., Town Hall. In the meantime, the Board will try to get more information. If postponement is not granted, Board members will be individually polled as to their decision, pro or con, on the downzoning. A School Board representative will attend the Town meeting to voice the Board's opinion. The School Board will also keep in touch with Mr. Costa.

(The last four paragraphs are published "for your information." However, this particular issue is settled for the moment, as Mr. Spiegel has withdrawn his application. See story on page one for details.)

IMPORTANT! Budget discussions scheduled!

PLAINVIEW SPORTS

Plainview High School's 1970 Basketball Team has been described as the best group of shooters on Long Island. Their two forwards, Captain John O'Reilly, 6 feet 4 inches and Larry Summer, 6 feet five inches are averaging well over 20 points per game. Both of these players are in the top ten scorers on Long Island, making Plainview the only team with two such shooters on the Island.

Rounding out the team, Captain Joe Green five feet 11 inches always scores in double figures while providing a hustling boost to Plainview's zone defense. Six feet Merrill Hughes' excellent ball control and play-making is an essential part of Plainview's game. Versatile Robert Krieger, six feet 2 inches, can play the backcourt and is strong enough to double up front at the center position. The bench is extremely deep with big Richard Hall, six feet 8 inches, and some fine underclassmen Jerry Hoffman, Thomas Malone and George Keckeisen. Plainview has already notched a Playoff berth in North Shore II and Coach Simmons' only problem now is getting his players up for the games of lesser importance until the playoffs.

It is evident his players can get up for the big games by their victories over top-ranked Carle Place and powerful Great Neck North. Plainview's offensive juggernaut was so keened up one game against Garden City that they scored 112 points, 7 shy of a North Shore record.

On the 6th of February, the

Conservative Club To Hold Forum

The Mid Island Conservative Club will hold a forum to discuss the demands by the National Association for the Advancement of Colored People on the Town of Oyster Bay to set aside a major part of the currently open land for low-income housing.

Guest Panelists at the forum will be Mr. William R. Morris, National Director of Housing for the NAACP; Mr. Neil Gold, a director of the Suburban Action Institute; and the Honorable Philip Healey and Lewis Yevoli, both Councilmen for the Town of Oyster Bay.

The meeting will be held at the Knights of Columbus Hall, Heitz Place in Hicksville on Thursday evening, February 19, at 8:30 P.M. Because of the widespread interest in this issue, the meeting will be open to the public.

Conservative Club Chairman, John O'Leary, has stated, "Although the present zoning regulations in the town meet the needs of the town residents, it is incumbent on all responsible organizations to allow open and frank discussion of any issue confronting the town."

"The town zoning regulations are indeed, restrictive, but I don't believe they can be considered discriminatory. The majority of the taxpayers of the town welcome anyone desiring to move to our community but balk at the prospect of the importation of slums from the city. If the NAACP plans, the details of which have not been disclosed, have merit within the context of the overall town development, they will withstand the rigors of public scrutiny; in which case the citizens of our town should and would consider the proposals on these merits."

"In any case, we welcome the opportunity to fully air all sides of this question which will affect not only the town of Oyster Bay but every suburban community across the nation."

Plainview Swim Team traveled to Greenwich, Connecticut to meet their old rival, St. Mary's. The Swim Team kept its unbeaten string of 27 wins alive by pulling out the last relay to win the meet 53 to 42. The last relay composed of Steve Mattutal, Randy Schlegel, Richard Johnson and Kevin Priestly did their best time for a dual meet.

It was also the first time all year that Plainview's divers (Rick Gelb and Brian August) hit all their dives to take a one, two in the scoring.

The Plainview-Old Bethpage High School Swim Team is now 10 and 0 for the season. The next big home meet will be February 20th at 7 p.m. against West Islip.

MISS LYNNE SUTTER graduated as a Dental Assistant on February 5.

Miss Sutter is the daughter of Mr. and Mrs. Daniel H. Sutter of Hicksville, and a 1969 graduate of L. I. Lutheran High School.

Wisdom For Today

St. Luke, Chap 6
Verses 36-38

36: Be ye therefore merciful, as your Father also is merciful.

37: Judge not, and ye shall not be judged: condemn not, and ye shall not be condemned: forgive and ye shall be forgiven:

38: Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again.

John W. Lambert Honored By K of C

Past Grand Knight, John W. Lambert, was honored by his fellow Knights and friends at the 4th Annual Past Grand Knights Testimonial Dinner-Dance of the Joseph F. Lamb Council, held on Saturday Night, February 7th, at the Holiday Inn in Plainview. Dinner was preceded by a cocktail hour. The large crowd in attendance enjoyed fine food and danced to the lively music of Tony Calico and his orchestra.

Seated on the dais with P.G.K. John W. Lambert and his wife, Ginny, were the following dignitaries: Frank J. McEnerney, Past Grand Knight Daniel J. Bradley, Council-11 - Present District Deputy 11th N.Y. District and his wife, Gertrude; Steve Korber, former District Deputy 11th N.Y. District-Present State Auxiliary Membership Chairman; Edward Duchnowski, Past Grand Knight Joseph Gorman Council-former District Deputy 11th N.Y. District and his wife, Kay; The Reverend James F. Fraser, Chaplain of the Joseph F. Lamb Council; Luke V. Farley, Grand Knight of the Joseph F. Lamb Council and his wife, Kay.

The following gifts were presented by the Joseph F. Lamb Council to P.G.K. Lambert: a beautiful pocket watch and chain, P.G.K. Jewel and a P.G.K. Plaque. A Certificate of Commendation from State Deputy, Wallace J. Stevenson, was also presented to the Guest of Honor.

This gala affair is held annually by the Joseph F. Lamb Council to honor the Grand Knight of the preceding year. It has always been one of the outstanding events of the Columbian Year for the Council.

Plainview-Old Bethpage High School News

By Andy Kagan and Adam Strum

Senior Follies are bigger and better than ever this year. Included are clever commercials as well as "take-offs" on teachers. The first performance is Saturday, February 7th. The show will be featured again on Saturday, February 14th. Tickets are \$2.00 or \$1.50 with the Student Association card.

This week is Senior Week at Plainview High. Besides Follies the Seniors have many other activities in which to participate. There will be a Bum's Day, Green and White Day, Dress-up Day and Reverse Day. Without a doubt, it will be quite a week.

On February 6th Plainview's wrestling team was successful in defeating Great Neck North. The wrestling team is tied for second place with Bethpage. This is Plainview's best team ever in the school's history. Both Steve Lammer and Dennis Brittel are undefeated.

Plainview High's basketball team, which as two of the top ten scorers on Long Island, pushed into second place with a thrilling one point victory over Great Neck North. John O'Reilly and

Larry Summer will make their assault on first place Bethpage next week.

On February 9, 10, and 12 the Student Association held workshops for all representatives. The purpose was to explain to the representatives specifically what their responsibilities are. It is hoped that they will keep their respective classes well informed of the progress of the S.A. meetings. A further goal is to encourage the students to send more resolutions to the S.A. for their consideration and action.

The Plainview High Chapter of D. E. C. A. (Distributive Education Clubs of America) is very proud to announce that six of its members are finalists in the Nassau County elimination contest to determine the outstanding Distributive Education students in Nassau County. They are: Dorothy Shumelda, Job Interview (Girls); Karen Fichtelmann, Job Interview (Girls); James Parks, Merchandise Math; Carol Metzler, DECA Sweetheart; Bill Shultz, Job Interview (Boys);

Ramblin' Rose

By Rosemary Walsh

You may not know it but Hicksville Schools has the only school district symphony orchestra (sponsored by the Recreation Department) in this part of the country. For all we know it may be the only one around. Whatever the accurate statistics are there is one sure thing—this group is unique.

As far back as 1957 our very skilled and enterprising director of music—Mr. Charles Gouse—put

together an adult concert band. This group was the forerunner of the symphony orchestra. By 1962 it grew from a chamber group of about 20 pieces to a full 75 piece contingent.

All kinds of musicians can be found seriously rehearsing each Thursday evening. The ages vary from 16 to the senior citizen and the musical background is just as comprehensive.

Sam Mure was at the first rehearsal back there more than a decade ago and has held down the first violin honors ever since.

Peter Horvath started as a high school student and now serves as assistant conductor and principal violinist. We have seen and heard soloist Judith Alstadter, who debuts at Tully Hall at Lincoln Center, and Sonia Gezarlian, a member of the Long Island Baroque Association, perform with this orchestra. Ex-member Ross Shub is concert master and assistant conductor at the Pasadena Symphony.

Daniel Smith, solo bassoonist who will play the Weber Concerto with the orchestra in April, has played with professional organizations ranging from Mitch Miller to the New York

Philharmonic.

Val and Ruth Lagueux (of the faculty) are regulars as are Sylvia and Walter Phillips. Publisher Walter Van Allen, attorney John Best, orthodontist Jerome Kessler, homemaker Virginia Heckel typify others making creative use of their leisure by performing with the contingent.

All of it would be impossible without the indomitable efforts of Charles Gouse. His musical background includes Hofstra 1952 and masters degree in 1953. Serving as Supervisor of Instrumental Music here in Hicksville, and associate at Hofstra, he has also kept his performance experience current. A professional trumpeter he has played with the Master Virtuos of New York, the Pro-Art Symphony, and the Bach Aria Group. He has conducted the professional chamber orchestra, Orchestra da Camera, and has been guest conductor of educational organizations throughout the State.

Our orchestra has not taken the easy road. They have exposed themselves to a large bulk of masterpieces of symphonic literature. The last big one was Carmina Burana and in rehearsal is the Sacred Service. Backing the orchestra is our Community Chorus directed by Mr. William Goleeke. Look for a full coverage on this marvelous group in the near future.

Russian Underground Poetry To Be Presented At Library

The right to dissent will be explored in a new poetry dramalogue focusing on the underground Russian poets. Entitled "Press For Freedom," it will be presented by Laurie James and Ann White at Hicksville Public Library on February 19 at 8:00 p.m. The program, which has been written and compiled by Laurie James, reflects the struggle for justice and the yearning for freedom of

expression among young Soviet writers today. Included in the dramalogue are translations of revolutionary poems which have been suppressed by the Soviet Union. Many of the poets whose work is represented are now exiled or serving prison sentences: Yuri Galanskov, Yosif Brodsky, Vladimir Batshev, Yevgeni Kushev, and others. There is no admission charge.

counted. Hicksville has not won a major sport championship in three years.

Hicksville taxpayers have never held back. Their support for athletics was clearly demonstrated by the 7,000 petition over a holiday week-end three years ago. But ever since pruners have held back the program.

Elimination of additional competitive teams on the Junior High level which would place Hicksville on the same basis as the teams it is required to compete with in league play is already accomplished.

Hicksville's Junior Varsity avenged its only loss of the season by gliding past Herricks 88-74.

Combined with a rout of Farmingdale the Orange and Black now has a glittering season record of 13 victories as against one loss.

The young Comets had waited almost two months to get a second crack at Herricks.

Bob Malaby engineered the defeat of the Garden City Park team as threw in 22 points coincident with floor direction. Once again the attack of Coach Ron Quartini was well balanced.

This time Mark Willey supported Malaby closely with 19 points. When Herricks set out to pursue him Rich Moeller responded and he wound up with 17 points. Brian Pinelli supplied strong backbone with 13 points.

In a game where all points counted Tom Quinn had 7, Pete Gaffney and John Ebbecke each had two, Bob Weiss had 3 and Charlie Westerman had a bucket.

In the Farmingdale court Hicksville swept to an easy wind. Moeller had 14 points, Malaby 11, Pinelli 9 and Quinn and Willy had 7.

FOR THE RESIDENTS AT BIRCHWOOD PARK AT JERICHO

Organizational, community and general interest news should be submitted typewritten or printed, double-spaced, in duplicate. Either drop off or mail to Editor, 13 Millpond Street, Jericho. Deadline for insertion - Monday noon. Telephone WE 8-1985

RUSSIAN FOOD. Robin Jaffe (right) holds a plate of Selyodka (chopped herring and eggs) while South Woods Junior High School principal Howard Pierson and home economics teacher Mrs. Marie Smiley sample Feroshki (meat-filled pastry) on tray held by Lori Levits. Home economics students at the Syosset school prepared 30 different Russian dishes for faculty members and fellow students for a monthly international cuisine day at the school. The class has also prepared national dishes of many other nations during the school year.

JERICHO FIRE BELL

WRITTEN MONTHLY BY THE MEMBERS OF THE JERICHO VOLUNTEER FIRE DEPARTMENT IN THE INTEREST OF FURTHERING COMMUNITY RELATIONS.

After much deliberation and a careful survey, the Jericho Fire Department is now making available an additional method of reaching the Fire Department in time of emergency. In the past, the only method of calling was through the telephone operator...now there is a direct telephone number to the Fire Department dispatcher. If you need the Jericho Fire Department for an emergency or fire, you can now call 931-0898 or still contact the telephone operator. Remember to give the nature of the emergency, the address, and your name and telephone number. All Jericho Fire District residents will receive a letter detailing this procedure and containing a new emergency telephone sticker. Also in the letter will be details pertaining to a new invalid file maintained by the Jericho Fire Department, listing those residents who require special care in the event of fire in their home.

Just a reminder to all residents to keep fire hydrants clear of snow in front of their homes. From time to time the Fire Department experiences problems with hydrants being hidden from view or buried in snow drifts. Please take an extra few minutes to help your self and your neighbors...clear your hydrants as soon as possible. In addition, if you notice any fire hydrants that are leaking, damaged, or missing caps, please report this to the Jericho

Fire Department by calling WE 1-3546.

In a recent referendum, the taxpayers of our Fire District authorized the purchase of two new 1250 gallon fire pumps. These pumps have been ordered from Mack Five Apparatus Company and should be in service for your protection prior to Labor Day. These two new pumps and a 75 foot aerial platform already on order will provide Jericho with some of the finest fire fighting equipment available.

The Department has newly formed Trident Engine Company Number Three. This third fire company and the existing Engine Company and Ladder Company are once again seeking the support of the community in asking for residents to become members of the Jericho Fire Department. Those residents between 18 and 45 years of age who would like further information on memberships should contact the membership committee, through the Fire Department dispatcher.

With the advent of cold weather and many people driving with their windows closed and heater on, it is difficult to hear the sirens of approaching emergency vehicles. Please be alert to the warning signals of fire engines, police cars and ambulances. Pull over, and give them the right of way...they are proceeding to answer a call for help.

Reminder to BCA Officials

All Birchwood Civic Association Officers and Directors are requested to be at the Town & Country Diner by 8:45 P.M. for the regular monthly meeting scheduled for Tuesday, February 17th.

If unable to attend, please notify President Don Becker beforehand (681-3069), or contact any other fellow officer.

Ten Pin Talk

By Henry Dockswell

This column is getting harder and harder to write. If you think it's easy to light-heartedly report on the joyful goings on of the BCA Monday Night Men's Bowling League you're out of your mind. When I sit down all I can think of is curse words. This is the 4th week of our Glorious Second Half and the team of the Hapless Sid Sachs' have taken 1 game (3 pts). Three times in a row we've had our teeth bashed in. Either you guys let us win or get a new Ten Pin Talker.

Every team that has bowled us has shot up at least 5 or 6 places in the standings and this week the Irv Simes' were no exception. They were in 9th place when we started but they clobbered us and rose to a tie for 3rd. It mattered not that Sid Sachs threw a 211 and your reporter a 214. Irv Simes rolled a 204 and with the rest of his crew heartlessly piling it on they shut us out. This was Irv's 14th good one and he created a 4-way tie in the race for Most 200 Games. Leo Geyer, Buddy Flanders and Herb Brody also have 14.

Three men fashioned doubles this week. Lou Vladem cracked a 208 and a 204 for 607 series, Sam Springer wrapped a 219 and a 202 for a 603 series and Sy Schoestack threw a 209 and a 200.

Of the three, only Sam's efforts were in a winning cause. The Leo Geysers, with Sam leading the way, whipped the Sid Holtmans 8-3 despite Sy's two good ones and even though Cap't Holtzman also contributed a 283 in the rubber game the Geysers pulled it out. They remained in 1st place but they now share the lead with the Hy Shapiros who jumped all the way from 7th when they whitewashed the Bill Kellersmans.

Lou Vladem's team, the Low Marks', lost to the Norm Meys 7-4 and they dropped three notches to 7th. Norm Mey managed to sneak in a good one when he came through with a 207.

Murray Kowolwitz threw the big one Monday night. In the second game he boomed a 240, his best game of the year, and he led his men to a 9½ - 1½ win over the Mill Goldbergs. The Kowolwitzs rose to 5th and they are only 3½ pts behind the leaders.

Milt Hoffman with a 216 and Gil Stein with a 209 closed out the individual scoring.

Syosset Seniors Eye 1969 Class Average

If they are to beat the average of their predecessor class, 638 of the 712 members of the Syosset High School senior class will have to gain admission to colleges and universities when they graduate in June.

Academically, the Class of 1970 is equal to the task, according to guidance director Edward T. Augustine, who is in charge of a nine member guidance staff assisting students in furthering their vocational and educational objectives. A number of acceptances have been received, although the bulk of notifications from colleges and universities is still to come.

According to a class profile of students who graduated last June, 88 percent went on to further schooling. Mr. Augustine noted that 70 percent of the Class of 1969 are attending four-year

Interfaith Service Set For Fri. Feb. 20

INTERFAITH SERVICE AND PULPIT DIALOGUE WILL BE HELD AT TEMPLE OR ELOHIM, FRIDAY NIGHT, FEBRUARY 20th, AT SABBATH SERVICES. To commemorate Brotherhood Week, Temple Or Elohim will host, at their regular Sabbath Services community Protestant and Catholic congregations. They will come together in worship and to hear their respective religious leaders engage in pulpit dialogue on the theme, "THE CHURCH AND SYNAGOGUE FACE THE CRISIS OF THE 70's".

Such common areas of concern, racism, dope addiction, crime and the growth of atheism and secularism, the generation gap and the mechanization of man will be some of the issues that the clergymen will discuss. Father Kane of St. Paul the Apostle Catholic Church, Pastor Robert Guthrie of All Saints of Brookville, Rev. Allan Carvalho of Wesley Methodist Church and Rabbi Roe of Temple Or Elohim will participate.

Time permitting, at the coffee hour questions from the congregation will be entertained. The public is cordially invited. Services begin at 8:45 P. M.

Administrators Hold Language Workshops

Robert Perna and Paul Hall, Administrative Assistants to Superintendent of Schools David Nydick, recently conducted Language Arts Workshops for Jericho teachers.

The in-service courses, held after school hours, were attended by twenty-four staff members interested in improving the teaching of writing skills.

Mr. Hall's program, "Improvement of Writing Skills," concentrated on a structured approach to expository writing. Staff members participated in developing ways of assisting pupils in building main ideas, time sequence and topic sentences. Emphasis was placed on new techniques to help students who have difficulties in organizing their thoughts.

Mr. Hall and Mr. Perna, both former Language Arts instructors, found the workshops to be an opportunity for teachers to share ideas and plan dynamic approaches.

Budget Review Panel To Meet Feb. 19th

The Jericho Board of Education, in its continuing program to encourage interested citizens and organizations to participate in the affairs of the Jericho Public Schools, invites the public to serve on the Budget Review Panel.

If interested in assisting in this valuable service to the district, please contact Robert Perna, Administrative Assistant to the Superintendent, at 681-4100, Ext. 51, for further details, materials and schedule of meetings.

The Budget Review Panel will meet in public sessions with the Board to assist in the development of the proposed 1970-71 school budget.

Study sessions will enable representatives from each community organization, as well as all interested individuals, to review budget proposals prior to Board adoption.

Study sessions will be conducted during February and March, with meetings tentatively scheduled for Thursday evenings. The first meeting will be held Thursday, February 19th, 9 P.M., in the High School Library.

As is Jericho's tradition, panel members will receive materials prior to meetings and will have opportunity for open discussion on all budget areas. Members of the Budget Review Panel are thus in a position to share information with their neighbors and community groups.

colleges and universities, 17 percent are attending associate degree schools, and one percent are enrolled in other schools.

HIGH STYLE

by Arturos

For gleaming, well-conditioned hair, ask for a warm (not hot) shampoo, and warm (not hot) hairdryer.

Give yourself big "take-natural" eyes by coating lashes with lighter mascara, then adding darker mascara at outer edge of eye only.

To remedy dull and brittle hair, comb glycerin through it before visiting your beautician...the glycerin absorbs moisture from the air.

Popular ancient Roman face mask treatment was slathering the skin with ground wet leaves, honey, rye flour, donkey's milk.

For a more perfect bosom: rest fingertips on top of refrigerator; sink down; pull yourself back up with fingertips. The best exercise for pectoral muscles.

A LOOK INTO THE FUTURE

Fluidics, a relatively new technology, may help to move the mail in the near future, postal research and development experts believe.

Fluidics, is the use of fluids, normally air, to perform logic functions, convey information, and to transport and control the movement of items. In experimental R & D contracts, mail has been transported, diverted, counted, stacked, and singulated (fed individually from a stack) by the use of air.

Postal experts believe that fluidics can be used on both letter mail and parcel post.

Fluidics is so new that the word is found in few dictionaries. Wide application of the science dates back less than a dozen years. Simply stated, it takes advantage of the fact that streams of air and other fluids will react in predictable manners.

Thus, just as a liquid clings to the wall of a glass as it is being poured, so a stream of air will cling to a wall or smooth surface. This clinging effect coupled with the effects of atmospheric pressure will cause an item to ride on the stream of air. Atmospheric pressure actually forces the item to the stream.

The switching or interrupting of streams, sending them into other channels, can serve as logic for diverting, counting and controlling purposes. Thus, an envelope interrupting a stream of

air can be counted in transit as it passes the fluidic element.

The advantages of fluidics for moving mail include the fact that fluidic devices are void of moving parts. This minimizes maintenance requirements as well as damage to mail. One of the main drawbacks to mechanized mail handling is that paper is susceptible to damage by the necessary belts, chains, wheels, etc., associated with the equipment.

However, where fluidic techniques are used, damage is kept to a minimum. The simplicity of fluidics also keeps initial expenditures low.

It is also believed that fluidic techniques can be used to move and direct parcel post, with pallets containing packages riding on streams of air. A fluidic letter sorting machine is another possibility.

Dear Friends

(Continued from Page 20)

American Field Service, Hicksville Chapter, MOST IMPORTANT OF ALL, the first Thursday evening of every month has been designed official meeting night of the HICKSVILLE COMMUNITY COUNCIL . . . at our Library at 8:30 sharp. So, why not join this date down on your calendar and join us? At the next meeting, as well as speakers on important local problems and projects, the pro-tem committee will bringback suggested constitution, by laws and a slate of officers for your consideration.

Until next week, may we wish you all a happy Valentine's Day. We hope that you will all be encouraged to continue giving your love and concern to our town, which, with all its problems is still one of the greatest places in which to live, and to bring up our children . . . it just needs a lot of wise guidance, group thinking and understanding from all of us, to keep growing in the right direction.
